HUNDRED AND FIFTY ARRESTED FOR MURDER OF GRAND VIZIER

SCHEFKAT PASHA BURIED ON HISTORIC SPOT WHERE MANY OF HIS SOLDIERS FELL IN WAR OF EIGHTEEN-TEN.

(Special to The Daily News.)
Constantinople, June 14.—More than one hundred and fifty arrests have been made in connection with the assassination of Grand Vizier Mahmoud Schefkat Pasha, and excitement runs high. The funeral of the grand vizier was carried out with great pomp, most of the garrison participating. The whole route of funeral pageant was lined on either side with troops and police, fearing an outbreak. The burial was in the mausoleum situated on the Hill of Liberty, on the outskirts of the Turkish capital. On this hill many of the grand vizier's soldiers fell when he was leading them against Constantinople in April, 1910, when the old sultan, Abdul Hamid was deposed.

INDIAN LANDS COMMISSION IS TO START NORTH IN AUGUST

HAS BEEN INSPECTING RESERVES ON VANCOUVER ISLAND—IT INTENDS TO HOLD SESSIONS AT ALL POINTS

Mr. A. M. Tyson, Inspector of Indian Agencies, who is in town en route to Telegraph Creek, has received word that the Indian Lands Commission expects to start north about August 15th. The itinerary of the commission at present being arranged. It is at present visiting the reserves on Vancouver Island. It intends on its northern trip to start at Bella Bella and Bella Coula and to visit all the Indian villages. The commission did not come north earlier because of the fishing season. The commission intends to go up the Skeena and will take in parts of the Naas

and the Babine district, going as far as Moresettown. The object of the commission is to determine whether or not the Indians have an ample supply of land for their needs. The commissioners are:—Hon. Mr. Whitmore, chairman; Dr. McKenna and Mr. White, representing the Dominion Government, and Mr. Shaw and Mr. McDowell representing the province. It is accompanied by Mr. Bergeron, who will act as its secretary, and Mr. Young, a Toronto lawyer, who has been appointed by the Dominion Government for the special purpose of attending to the rights of the Indians.

HAZELTON COUNTRY EXCELLENT FOR RAISING SMALL FRUITS

DOMINION GOVERNMENT EXPERT SPEAKS OF HORTICULTURAL POSSIBILITIES AND TELLS OF PROGRESS MADE BY INDIANS OF PROVINCE.

"There is fine land, the very best of land, in the Hazelton country, but skillfully conducted experiments and a close observation of climate conditions will be necessary to determine the kind of fruit that can be grown there to the best advantage. For my own part, I think it is a splendid district for small fruits," declared Mr. Tom Wilson, of the Dominion Government Department of Agriculture, when interviewed by the "News" today. Mr. Wilson, though of the Department of Agriculture, has been during some years past acting for the Department of Indian Affairs. When that department decided that it needed an expert to inspect the orchards of the Indians, it chose Mr. Wilson, and he was accordingly loaned for the work by his own department. Mr. Wilson said the Indians in this part of the country had not yet done much in this direction, although something had been accomplished at Metlakatla. On Tuesday last he had superintended the planting of one hundred and fifty trees at Glenwood in the Hazelton district. Mr. Wilson regretted to say that in the whole of the neighboring country the plants had been eaten by cut worms. One settler had been obliged to plant his cabbage three times. "It is good land" said Mr. Wilson, "and can be used to greater advantage as the cultivators increase their knowledge of horticultural conditions in the district. There are, I think, too many forests for the most successful propagation of the larger fruits, but the conditions are ex-

cellent for the growth of such things as strawberries. The district is well situated too for markets. The berries could be shipped both east and west with advantage. "I do not think that the altitude has much to do with the growing of fruits. In Rossland and in the Kootenay Valley, where the altitude is much greater than in the Hazelton district, the larger fruits are raised most successfully. It would require a careful study of the climate and soils to decide to what this difference is due." "What progress have you found the Indians to be making?" Mr. Wilson?" asked the "News" reporter. "I am well satisfied that the work done by the Indians of this province shows them to be making rapid studies towards the front rank of civilization," replied the inspector. "The Indians of the Okanagan and Fraser valleys especially are developing rapidly in the pursuits of agriculture and horticulture. The Fraser Indians last year put in one of the best exhibits ever entered. Some of the Indians in that district not only grow fruit but pack it as well as the white men and have their names on the boxes, too. On the whole the Indians of the Province are making decided progress, particularly those who are far removed from towns." Economy in house furnishing is at Geo. D. Tite's, Third avenue. 128-1f

JAPAN SPENDS SOME MILLIONS ON STRENGTHENING HER ARMY

BUT PREMIER YAMOMOTO HOPES FOR AMICABLE SETTLEMENT WITH UNITED STATES—AMERICAN YACHT SEIZED.

(Special to The Daily News.)
Tokio, June 14.—An expenditure of sixteen million yen for army purposes was announced by the government yesterday, in a statement given to the native and anti-foreign press, in which Premier Yamomoto discussed also the California land question, expressing the hope of an amicable settlement. The American steel yacht Columbia was seized yesterday when she put in Wakayama, which is not an open port for

repairs. She was on the voyage from Nagasaki to Yokohama. She belongs to J. Harvey Ladew of the New York Yacht Club. She left for a cruise in Oriental waters in November, 1912. The detention of the vessel was probably brought about owing to her entering a port where there was no customs house or quarantine station. A similar course is taken by the authorities of any other country under like circumstances.

HOW OFFICER ARCHIBALD MET HIS DEATH IS TOLD IN COURT

Seymour Tells How Clarke, After Robbery of Mill, Finding Policeman Archibald Had Spotted Them Shot Him Dead Without Warning

(Special to The Daily News.)
Vancouver, June 14.—"Blackie" Seymour, one of the three men arrested in connection with the murder of Constable Archibald, told in the police court yesterday how the officer was done to death by the other two prisoners, Clarke and Davis. The three men were brought into court heavily guarded, the police intending to take no chances. This was shown by their extreme vigilance while the hearing lasted. All the trio plainly showed in their pale faces the effect of their confinement. They were present on a charge of vagrancy but this was speedily changed to the criminal offence of murder and the preliminary hearing on this charge proceeded with. Seymour's statement was remarkably complete, and during its recital Clarke was violently agitated, the convulsive twitching of the mouth and the nervous

movements of his fingers showing how he felt the strain. Seymour admitted that he was a highwayman, but there were witnesses to testify that he could not have been connected with the Archibald killing. He said that he went into an East End cabin with Hamilton, whose reputation is good. Hamilton went away on a northern cruise and during his absence Seymour took his friends Clarke and Davis in the cabin with him. He understood they were in the robbery business. On the night of the Archibald murder they separated and he did not return to the shack until long after midnight. Clarke and Davis had returned and they told him of killing the policeman. Clarke told him they had looted the Hasting mill and were coming away when they found the policeman had spotted them. They saw him hiding in the bushes and when he approached

them Clarke shot him down without warning. They took the policeman's revolver from him and then, "discovering that he was quite dead dragged the body further into the bushes. The policeman's revolver and electric search light they threw into the bushes at another spot. Information in regard to where the latter articles would be found was given by Seymour to the police the day previous, and the articles were found at the place he described and produced in court. There is a mass of evidence to be taken. The hearing goes on today and will probably be adjourned to Monday. Crown Prosecutor J. K. Kennedy has received information that the Californian prison from which Clarke is alleged to have escaped to come north is the Folsom state penitentiary in Salona county, where he was serving a term of twelve years' imprisonment for robberies.

NEW YORK LAWYERS ENTERTAINED AT A BANQUET GIVEN IN THEIR HONOR BY THE FEDERAL GOVERNMENT.

(Special to The Daily News.)
Montreal, June 14.—"Let us hope that so long as the St. Lawrence flows we shall be at peace with each other," was one of the welcoming phrases of Premier Borden to the New York state lawyers, at a banquet given in their honor last night by the federal government.

The length of this service does not exceed one hour. Strangers in the city are especially invited to attend.

The lawyers are holding their annual reunion here, and all the speeches made during the evening bore some reference to the century of peace between the two nations, which is to be fittingly celebrated next year. For instance James J. Hill, the veteran American railway mogul who was born in this country, said "whatever may be the fate of the movement among the nations in favor of peace, those whose

A telegram was received by the council from the Provincial Government, assenting to the issue of the municipal treasury certificates, which it is proposed to sell in London. This telegram came in response to one from

stated that the city would agree to meet its debt to the province, amounting to \$124,000, as a first charge on the certificates sold. The province had required this understanding before it would permit the sale. The council then put itself on record as agreeing to repay the moneys advanced by the government to the municipality in its embryonic period, out of the first sales of certificates that may be made under the consolidated issue now in prospect.

- The matter of securing new quarters was discussed but was referred to the new executive for further action.

FREDDY WELSH WINS

Given Decision Over the Clever San Francisco Youth.

(Special to The Daily News.)
Vancouver, June 14.—Freddie Welsh, British lightweight champion, and Ray Campbell, the clever young boxer of San Francisco, mixed it for a good fifteen rounds last night at Brighouse. Welsh entered the ring at slightly over 136 and Campbell at 135. They boxed the full fifteen rounds, through most of which they showed almost equal cleverness and remarkable speed, and in the end Referee Jimmy Hewitt gave the victory to the Britisher on points.

FIRST ELECTION TEST OF NAVAL POLICY

As stated in our telegraphic despatches yesterday, on South Bruce, East Middlesex and South Lanark in Ontario and Chateauguay in Quebec have been conferred the distinction of being the first constituencies in Canada to pronounce a verdict on the action of the several parties to the great naval contest which will sooner or later be forced on the Dominion of Canada. As Liberals in and out of parliament are eager to have a chance to appeal to the public opinion of the Dominion on this subject, there is but one course for them to pursue; make ready for the by-elections by selecting their strongest candidates, perfecting their organizations, and taking steps to have the naval issue, in all its aspects, put fairly and squarely before the electors.

As Chateauguay has been continuously Liberal since Confederation, and South Lanark Conservative for over forty years, it is natural that public interest should be focussed chiefly on South Bruce, in which the agricultural vote is overwhelming numerous and the urban vote proportionately limited. There is no more representative constituency and no more intelligent community in the Dominion than South Bruce, and as Mr. Donnelly has never, in the opinion of either his constituents or the Conservative workers, done anything to justify his appointment to the senate, the throwing open of this constituency looks very much like

a deliberate challenge to the electors for an expression of opinion on the naval issue.

It is a challenge that the Liberals of South Bruce will most undoubtedly gladly accept, working with a full sense of the responsibility for the honor of being the first constituency in Canada to pronounce a verdict on the action of the several parties to the great naval contest which will sooner or later be forced on the Dominion of Canada. As Liberals in and out of parliament are eager to have a chance to appeal to the public opinion of the Dominion on this subject, there is but one course for them to pursue; make ready for the by-elections by selecting their strongest candidates, perfecting their organizations, and taking steps to have the naval issue, in all its aspects, put fairly and squarely before the electors.

The Grand Trunk Pacific, a mighty enterprise of which the last government was proud, gets from this government a grudging loan of fifteen millions while the Canadian Northern gets a generous gift of fifteen millions.

Alfred Noyes, Tennyson's true successor, may now become Britain's poet laureate in name as well as in truth.

That six cents verdict and the "dee-lighted" way in which Col. Roosevelt received it should add not a little to his popularity. Roosevelt is a big man. Vindictiveness is a quality of littleness.

It is said that the Court of Roumania is shunned because it has grown dull and uninteresting. Ruskin says the English desire good society, not to enjoy it but to be seen in it. This may not be a sufficient attraction for the Roumanian Court.

SCENES WERE TAME AT OTTAWA COMPARED WITH OTHER HOUSES

THERE WAS BLOODSHED IN HUNGARIAN DIET BEFORE THE PREMIER RESIGNED—IN ROME THEY BANDIED THE WORD "LIAR."

Budapest, June 10.—The announcement in the chamber of deputies yesterday of the resignation of the Hungarian premier, Dr. Ladislaus von Lukacs and his cabinet was preceded by scenes of uproar and violence surpassing any yet witnessed in this turbulent house. The authorities anticipating trouble closed the approaches of the parliament building to the public by strong bodies of infantry and cavalry supported by a machine-gun and by detachments of police and gendarmes.

When Count Tizza, speaker of the chamber, and Premier Von Lukacs, entered the chamber they were greeted by the opposition with shouts, jeers and insulting epithets. After several unavailing attempts to obtain quiet, the speaker ordered the expulsion of several of the opposition deputies and summoned the parliamentary guard to eject them.

The appearance of the guard started pandemonium. One of the guard seized Deputy Lehr by the coat collar and called him offensive names.

"You scoundrel, this is indecent," exclaimed Count von Hedervary, the former premier, addressing Captain G. E. Gerec, the commander of the guard. Gerec drew his sabre and struck the count thrice on the head.

His face streaming with blood, he fell into the arms of a friend. Cries of "murder" resounded through the hall. The fury of the opposition deputies was almost uncontrollable until it was ascertained that the injuries of Count Khui von Hedervary were only superficial.

At length Herr Julius Just, the opposition leader, succeeded in quieting his followers, and the sitting, which in the meantime had been suspended was resumed.

Premier von Lukacs then announced the resignation of his cabinet, which was greeted with frantic outburst of jubilation by the opposition.

Rome, June 10.—The lie was passed in the chamber of deputies yesterday, the scenes were narrowly averted and the sitting had to be adjourned yesterday as a result of the tumult and disorder accompanying the debate of the graft charges.

At the end Deputy Ricardo Luzzato, who was gravely compromised in the report of the committee investigating the charges, tendered his resignation, which was accepted.

Signor Colainni started the debate by declaring that a false impression had gone abroad that the greater part of the funds for the construction of the palace had been misappropriated. As a matter of fact, while there had perhaps been some graft, it had not reached anywhere near the proportions generally believed, and there was hardly a civilized nation in which there had not been greater graft scandals.

The fireworks began when Signor Chiesa accused Signor Griffo of acting against the interests of the state. Griffo, his face flaming with rage, sprang to his feet.

"You are a liar!" he shouted and started toward Chiesa. Amid great tumult the men were quieted and the debate resumed. This was only for a few moments, however. When Signor Sonnino declared that the chamber could not form a proper judgment on the committee report, Chiesa again threw the chamber into disorder by shouting at the top of his voice: "Down with hypocrisy." The tumult became so great that it was necessary to suspend business.

When quiet had been restored Signor Estrema began to shout: "Down with the president," and used such language that President Marcora, enraged, started toward him. It was with difficulty he was restrained by Signor Montecani and Camerini. For the third time the sitting had to be suspended.

SECRET OF MYSTERIOUS POWER REVEALED AT LAST

How Prominent People Have Gained Wealth and Popularity.

Famous Hypnotist Perfects Simple Method that Enables Anyone to Control Thoughts and Acts of Others, Cure Disease and Habits Without Drugs, and Read the Secret Desires of People Though Thousands of Miles Away.

Wonderful Book Describing this Strange Force and a Character Delineation Post Free to all who Write at Once.

The National Institute of Sciences has appropriated \$25,000 toward a fund for the free distribution of Prof. Knowles' new book, "The Key to the Development of the Inner Forces." The book lays bare many astounding facts concerning the practices of Eastern Yogis, and explains a wonderful system for the development of Personal Magnetism, Hypnotic and Telepathic Powers, and the curing of disease and habits without drugs. The subject of practical character reading is also extensively dealt with, and the author describes a simple method of accurately reading the secret thoughts and desires of others though thousands of miles away. The almost endless stream of letters requesting copies of the book and character delineations indicate clearly the universal interest in Psychological and Occult Sciences.

"Rich and poor alike benefit by the teachings of this new system," says Prof. Knowles, "and the person who wishes to achieve greater success has but to apply the simple rules laid down." That many wealthy and prominent people owe their success to the power of Personal Influence there is not the slightest doubt, but the great mass of people have remained in utter ignorance of these phenomena. The National Institute of Sciences has therefore undertaken the somewhat arduous task of distributing broadcast, without regard for class or creed, the information heretofore possessed by the few. In addition to supplying the books free, each person who writes at once will also receive a character delineation of from 400 to 500 words as prepared by Prof. Knowles.

If you wish a copy of Prof. Knowles' book and a Character Delineation, simply copy the following verse in your own handwriting: "I want power of mind, Force and strength in my look. Please read my character And send me your book." Also send your full name and address (state whether Mr., Mrs. or Miss), write plainly and address your letter to: National Institute of Sciences, Dept. 1553, No. 258 Westminster Bridge-road, London, S. E., Eng. If you wish you may enclose 10 cents (stamps of your own country) to pay postage, etc.

PROMINENT FIGURES IN THE PRESBYTERIAN GENERAL ASSEMBLY

This year's assembly of the Presbyterians from all over the Dominion in Toronto is one of the largest ever held. More than four thousand delegates, each one of them wearing a bright red badge, are to be seen. They practically took possession of the city on Sunday, when their big parade was held. They are allowed to ride free on the street cars upon presenting their official badges.

SOCIAL, MORAL AND RELIGIOUS TOPICS OF GENERAL INTEREST

(Contributed by the Ministerial Association) NOTE—The "News" does not necessarily endorse all views that may be expressed in these contributions.

Lieut. Shackleton, the leader of a recent South Polar Expedition, has been delighting people in England with interesting and witty descriptions of the adventures of his party. One who has heard him call him a born speaker and leader of men. Among other things the explorer said "Hunger was the chief enemy and it was during these periods we learned that some power beyond our own guide our footsteps. If we acknowledge this—as we did—down among the ice, it is only fitting that we should remember it now when the same Power has brought us safely home through all these troubles and dangers."

Only One Place of Ease.

Henry Ward Beecher, when he received a letter from a lad asking him to find him an easy berth, replied "You cannot be an editor, do not try the law, do not think of the ministry; let alone all ships, shops and merchandise; abhor politics, don't practice medicine; be not a farmer or a mechanic, neither be a soldier of a sailor. Don't work. Don't study. Don't drink. None of these are easy. O my son you have come into a hard world. I know of only one place in it of ease and that is the grave."

Bishop Rowe, of Alaska, preaching to a congregation of miners leaned forward and said: "Men you're a lot of hypocrites." There were instantly signs of bristling anger. "Yes you are," he continued, "everyone of you is posing as a tough and not one of you is," and then the good Bishop launched into illustrations of the good he believes lies deep in the heart of every man.

A Valuable Possession.

"Knowledge without common sense" says Lee, "is folly; without method it is waste, without kindness it is fanaticism; without religion it is death." But with common sense it is wisdom, with method it is power; with charity it is beneficence, with re-

TREACHEROUS FRASER

Over One Hundred Drownings Expected During Coming Season.

A correspondent writes to the Fort George Herald that in all probability there have been twenty people drowned already this spring, who have found a grave in the Fraser. There are only seven really dangerous places on the Fraser between Tete Jaune Cache and Quesnel which are dangerous at all stages of water to inexperienced boatmen and frail craft, namely, Goat Rapids, Upper Grand Canyon, Lower Grand Canyon, Giscombe Rapids, Willow River Reef, Fort George Canyon and Cottonwood Canyon. The travel on the river has not rightly started. If anything like the present rate of drowning accidents—keeps on, there will be over one hundred people meet their death on the section of the river above referred to, not saying anything of the thousands of dollars worth of supplies and valuables.

Regular Mails for Dawson.

Although years have been spent in bringing it about, late Yukon mail contracts awarded show marked improvement in mail service over that of former times. The White Pass Company was the successful bidder in the matter of carrying the Whitehorse-Dewson and Carcross-Atlin mails for the coming year. But in the matter of the Whitehorse-Dawson mail the new contract stipulates that all the mail all the time must be transported. This means much for the Dawson people, who have hitherto suffered great inconvenience in securing other than first class mail during the closed seasons. Now, however, they will get their mail promptly, regardless of the season or of trail conditions.—Whitehorse Star.

FORTY MEN HANGED FOR CANNIBALISM

Chief Justice of the Gold Coast Brings the Startling News to England.

London, June 11.—Convicted of the practice of cannibalism and human sacrifices, forty members of the "Leopard Society," a secret organization, have been hanged in Sierra Leone, a British colony on the west coast of Africa.

Sir William Brandford Griffith, Chief Justice of the Gold Coast, who presided at the trials, arrived at Plymouth today. He declined to discuss the case, but fellow-travellers said that one hundred members of the dread society had been arrested and that forty of them had been hanged, while many were sentenced to deportation.

The "Leopard Society" has existed among the Mendi tribe and has long caused trouble to the government. All natives failing to conform to its rites or submit to its demands are subject to death or slavery.

BUILDING COLLAPSED ON PENDER STREET

One Man Killed and Five Seriously Injured by the Falling Walls of Concrete.

(Special to The Daily News.)
Vancouver, June 14.—One man was killed and five workmen seriously injured yesterday, by the collapse of a reinforced concrete apartment building under construction on Pender street. It is claimed that one of the beams bearing the upper floors gave way. Harry Anderson was instantly killed. Eleven victims were carried down with the tons of concrete, brick and timber, of whom five may not recover.

KAISER'S JUBILEE TO BE HELD TOMORROW

His Holiness the Pope Has Sent Felicitations—German Colleges Honor Emperor.

(Special to The Daily News.)
Berlin, June 14.—The Emperor William has commenced the celebration of his silver jubilee, and Sunday will see the completion of his twenty-five years on the German throne. The festivities in connection with it commenced yesterday. The Emperor reviewed the Imperial Automobile Club and the military corps.

Rome, June 14.—The Pope has written an autograph letter of felicitation to the German Emperor on the occasion of the 25th anniversary of the Emperor's reign. The letter will be presented by Cardinal Kopp.

King Victor Emmanuel has also sent a letter to the Emperor, in which he said that he hoped to renew his greetings shortly when returning with the Queen from a visit to the Swedish sovereigns.

Berlin, June 14.—"Dr. William 11," will be the title the Kaiser is entitled to wear after his forthcoming silver jubilee. The eleven great technological colleges of Germany purpose to honor the Emperor's services to the cause of science and industry by bestowing the honoris causa engineering degree upon him on the 25th anniversary of the beginning of his reign tomorrow.

The universities of the Empire are also planning to make the Emperor an honorary of all their faculties. The Kaiser is already a doctor of laws of Oxford.

ORDERED AWAY FROM GOVERNMENT WHARF

Owner of the "Alice B" Cannot Understand Harbormaster's Action.

W. J. Thomas, owner of the launch "Alice B," was this morning given orders by Harbormaster McCoskie to leave his berth at the Government wharf and not to tie up there any more, the Harbormaster acting under instructions from Mr. Beatty, manager of the wharf. Mr. Thomas says he is at a loss to understand why the orders were issued. He is, of course, greatly inconvenienced and is for the present at least cut off from telephone connection.

Mr. Beatty, when asked by the "News" for an explanation of the action, said that the orders were issued because Mr. Thomas did not conduct himself civilly around the wharf and had openly boasted that he could not be put away from the wharf. Mr. Beatty says he wanted to prove to Mr. Thomas that he could be put away.
