This picture is a snapshot of His Royal Highness Albert, second son of King George, taken on the Richelieu and Ontario steamer Chippewa on her way from Toronto to Niagara. The Prince is in the centre and on the right and left are two midshipmen chums of H. R. H. from H. M. S. Cumberland. The Chippewa's passenger list included the sixty-nine naval cadets from the Cumberland, and they all went over to see the great cataract. Prince Albert said that he was enjoying his Canadian trip very much. He looks it in the picture. He remarked that he should like to see more of the country, including a baseball game and a
