DRAGOONS CHARGE ON RIOTERS IN JOHANNESBURG

MANY CASUALTIES HAPPEN ON THE FOURTH—FRACAS AROUND FLAG OCCURS IN MOOSEJAW

BIG GERMAN FISH IMPORTER PAYING A VISIT TO RUPERT

HEAD OF THE LARGEST FISH IMPORTING COMPANIES OF EUROPE, WITH HEADQUARTERS AT BREMEN—MAY IMPORT FISH FROM HERE.

Among the passengers from Vancouver arriving on the Prince Rupert this morning was Mr. F. Hevenhuser, head of the largest fish importing firms of Germany, with headquarters at Bremen. His mission here is to make contacts for this season's catch, and he is accompanied by Mr. H. Josephs, manager of the company's cold storage plant at Astoria, Ore. The company has also a cold storage plant at Grangell.

The visitors see great possibilities in the ever widening market in Germany for fish from the Pacific coast. There is an especial demand on the continent of Europe for mild cured salmon and frozen fish. The Bremen company last year made several experimental shipments of frozen halibut and this business may be extended when better facilities for direct shipments will be provided after the opening of the Panama Canal.

CELEBRATION OF THE FOURTH WAS ATTENDED BY DISASTERS

AMERICAN FLAGS WERE CENTRE OF MOOSEJAW RIOT—TRAIN CRASHED INTO BUS AT PHILADELPHIA—FATAL MOTOR ACCIDENTS.

(Special to The Daily News.) Moosejaw, July 5.—Several attempts to display American flags here yesterday resulted in a free fight and a small riot. Fearing more serious trouble, the police prevented the parade of fifty Americans.

Philadelphia, July 5.—Death and injury put an end to the "Glorious Fourth's" celebration at the Quaker town last night. The Scranton Flyer, on the Philadelphia & Reading Railway, crashed into a wagon crowded with celebrators of the holiday, killing five and injuring three others.

Medford, Ore., July 5.—Don Adams was killed yesterday while driving a mile auto race, which was one of the features of the holiday. His car turned turtle and he was instantly killed.

MACKENZIE & MANN CONTRADICT RUMOR

That Canadian Northern and Its Branches May Be Acquired by Government.

(Special to The Daily News.) Winnipeg, July 5.—Both Sir William Mackenzie and Sir Donald Mann were interviewed last evening in regard to the report that the Canadian Northern would probably be acquired by the government, and both stated, in effect, that there was not a word of truth in the report.

The report in question was put out by the Canadian Associated Press upon what it had reason to believe was reliable authority, and a synopsis of it is published in the despatches of The Daily News yesterday. The full report deals with the details of the suggested transaction to the extent of two columns, and in the course of it says that while ministers who will remain in the capital do not credit the report that the government seriously contemplates taking over the Canadian Northern system, the story is not denied, and seems to have come from a well informed source. The rumor was mentioned in American newspapers as far back as two weeks ago, and several conferences between C. N. R. officials and members of the cabinet, combined with the hurried trip of the minister of finance to England, may have caused partial confirmation of the report.

Whatever move is on foot, it is certain that strenuous denials will come from the Mackenzie & Mann interests, and also from the government, for premature publication of the detailed plans for the acquisition of the railway would make the task of adjustment between such diverse interests difficult and perhaps impossible. The story of the proposed acquisition of the C. N. R. was published in several eastern papers Thursday, and also in New York financial papers.

Griffiths' Big Contract.

Montreal, July 1.—Norton Griffiths & Co., the Anglo-Canadian firm of engineers and contractors, have just secured their first big public contract from the Australian government which involves an expenditure of \$15,000,000 upon a large railway construction scheme. No details are forthcoming yet, but it is known that the work will employ a large number of hands for some years to come.

Brings In Fine Cattle.

L. McInnis, of the McInnis ranch in the Bulkley Valley, arrived this morning on the Prince Rupert with about ten head of new stock for his ranch. An opportunity having presented itself to sell all his butcherable stock at a good profit he did so, and immediately went outside to purchase a few head of improved stock, which he has the intention of adding to from time to time during the summer.

WESTHOLME THEATRE CROWDED LAST NIGHT

Miss Ethel Gray Showed Marked Talent in Some Pretty Dances—Will Appear Tonight.

Miss Ethel Gray, in a varied program of skirt, Oriental and Spanish dances, made a decided hit with the large audience that filled the Westholme Theatre last night. Miss Gray recently returned from Seattle, where she had been training under Prof. Douglas, son of ex-Alderman Douglas of this city, and her appearance last night was the first since her return. All her dances were executed with pleasing gracefulness of movement and throughout the program she showed marked improvement since her last appearance here. Each dance received well merited applause and there was sufficient variety in their character to maintain interest. Miss Gray appeared in a number of appropriate and pretty costumes. Her work last night was such as to demonstrate unusual talent as a dancer and the very evident improvement since her last appearance reflects much credit upon both herself and her tutor, Prof. Douglas.

RITCHIE DEFEATS RIVERS FOR LIGHTWEIGHT CHAMPIONSHIP

TWENTY ROUND BOUT ENDED IN ELEVENTH BY KNOCKOUT DELIVERED BY RITCHIE—BETTING TEN TO EIGHT ON THE CHAMPION

San Francisco, July 5.—The battle for the lightweight championship yesterday afternoon drew an immense crowd. The purse offered is said to have been the largest ever offered in California and this no doubt assisted the advertising. Willie Ritchie was the favorite, inasmuch as he was not only the holder of the title but was fighting in his own town. But the little Mexican had many supporters. The odds were ten to eight on Ritchie a couple of days ago and were maintained until the men met in the ring when even betting soon became the rule. The men stepped into the ring punctually at 1.30, each in the pink of condition. For the first two or three rounds of the 20-round bout both men appeared to be sparring cautiously when the little Mexican began to force the fighting and the fourth round was decidedly in his favor. Then Willie began to get in his best work, but the boxers seemed to be pretty evenly matched up in the middle of the eleventh when Ritchie managed to land the knockout and was given the decision. There was much interest in the measurements of the rival lightweights, which are here announced: Rivers. 22 years.... Age.... 21 years 5 ft. 7 in.... Height.... 5 ft. 5 in. 69 1/2 in.... Reach.... 68 1/2 in. 15 in.... Neck.... 15 1/2 in. 35 1/2 in.... Chest (nor)... 39 in. 37 in.... Chest (exp)... 42 in. 28 in.... Waist.... 30 in. 19 in.... Thigh.... 20 1/2 in. 13 1/2 in.... Calf.... 13 in. 8 1/2 in.... Ankle.... 8 in. 11 1/4 in.... Biceps.... 12 in. 10 in.... Forearm.... 10 1/4 in. 7 in.... Wrist.... 6 1/2 in. Los Angeles, July 5.—Leach Cross of New York, in the lightweight battle that took place here yesterday afternoon, knocked out Bud Anderson, of Vancouver, Wash., in the twelfth round of a hard contest.

ANARCHY IN JOHANNESBURG FOLLOWS STRIKE OF MINERS

BLOODY CONFLICTS OCCUR BETWEEN TROOPS AND RIOTERS—STRIKERS SEIZE POWER STATION AND LEAVE CITY IN DARKNESS.

(Special to The Daily News.) Johannesburg, July 5.—Anarchy prevails here as a result of a general strike in the gold mines. The authorities ordered the troops to fire on the brigade who applied torches to the Star newspaper offices and other buildings. The dragoons also charged, with the result that thirty rioters were taken to the hospital. The strikers seized the municipal power station and cut off the electric supply, leaving the whole city in darkness for hours. They were at last dislodged by the troops.

Ottawa, July 4.—Sir Wilfrid Laurier intends to tour Ontario and Quebec and address a series of meetings in each province before the next session of parliament opens. His residence at Arthursville is being enlarged and greatly improved this summer, and the Liberal leader hopes to spend quietly there a considerable part of the succeeding summers.

DAILY EDITION.

Saturday, July 5, 1913.

THE COAST RECEIVES
DESERVED ATTENTION.

The west, and particularly
the Pacific coast, appears to be
now attracting from the Do-
minion cabinet that attention
which it undoubtedly deserves.
Almost half of the ministry will
tour the west this summer,
and those who are coming have
important business at the
coast.

Colonel Sam Hughes, who is
already in the province, trav-
elling in company with Gen-
eral Sir Ian Hamilton, has been
making an inspection which it
is thought may result in the
giving of decidedly more en-
couragement to the militia
especially as regards service
corps and batteries. It is in
connection with his advocacy
of drill halls in the smaller
towns that we may expect Hon.
Colonel Hughes in Prince Rup-
ert.

The minister of labor, Hon.
T. W. Crothers, is now on his
way west to investigate into
the causes and circumstances
of the strike of coal miners
on Vancouver Island. He will
also study the general labor
situation, especially as regards
work on railway construction.

Others who plan to come
west shortly are Premier Bor-
den, Hon. Robert Rogers, Hon.
L. P. Pelletier, Hon. Louis
Coderre, Hon. Frank Cochrane
and Hon. J. D. Hazen. These
all intend to come to the coast.
News published yesterday, he

has evidently changed his
plans and gone to England.
The British Columbia member
of the cabinet, Hon. Martin
Hon. W. T. White, the minister
of finance, had also expected
to visit the coast, but, accord-
ing to the despatch which The
Furrell, minister of agricul-
ture, is one of those not com-
ing west. He is crossing the
Atlantic and will visit the
Ghent exhibition, in which he
will note especially the exhibit
of British Columbia fruit.

Of the other ministers who
are coming west the postmas-
ter general, Hon. L. P. Pelle-
tier, will consider the institu-
tion of more mail routes, es-
pecially in the rapidly develop-
ing districts in the interior.
He will also collect informa-
tion which may be of value to
him in making special provi-
sion in the new parcels post
act.

Hon. J. D. Hazen, the min-
ister of marine and fisheries,
will arrive at the coast in the
latter part of July to welcome
on behalf of the government
and people of Canada the
battleship New Zealand, the
gift of our sister dominion to
the imperial navy.

Hon. Louis Coderre, of the
department of mines, will
visit the Boundary and also
Texada Island and the Queen
Charlottes. When he is com-
ing as near it may be looked
upon as certain that he also
will visit Prince Rupert.

TO COMMEMORATE A CENTURY
OF PEACE BY LASTING SIGN

INTERNATIONAL ARCH TO BE ERECTED ON THE BOUNDARY
LINE OF THE UNITED STATES AND THE DOMINION
OF CANADA

Some time in the autumn of
next year Blain, the international
city, will figure largely in an in-
ternational event of more than
international importance. On
that occasion it will be a world
figure, for here will be the chief
celebration by the Canadian and
American peoples of the centenary
of peace between those two
great branches of the Anglo-
Saxon race.

There may be other celebra-
tions. But here alone it will be
marked by the dedication of a
huge, permanent peace arch,
resting on the soil of both coun-
tries and spanning the Pacific
Highway, to be joined upon the
line and opened to travel of two
nations on that day, a highway
linking together two peoples,
commemorating one hundred
years of peace, and the arch con-
stituting the bow of promise that
"no more shall the war cry ever"
these nations so closely link-
ed by ties of blood, tradition and
self-interest.

It is planned to set this arch
in the centre of an international
park, a mile square, just east
and north of Blaine. Congress-
man Wm. E. Humphrey is inter-
ested and is pushing the project
at Washington, while the British
Columbia members of the Do-
minion parliament are enthus-
iastically supporting the plan
before the Bureau at Ottawa,
with, it is declared, every indi-
cation of success, and that joint
action will be had creating an in-
ternational park which will be
established exactly on the border
where the arch will be erected
and through which the Pacific
Highway will pass.

This wholly unique celebra-
tion was, it is believed, first sug-

gested by Frank J. Mackenzie,
member of the British Columbia
Legislature for Delta, and thru
whose constituency some thirty
miles of the Pacific Highway
passes, and upon which he has
secured the expenditure of \$100,
000 and the promise of hard
paving through several miles of
timbered country, with the pros-
pect of making the road a con-
tinuously paved thoroughfare
from the 49th parallel to the
Dominion building at Vancouver.
The Canadian Auto clubs and
the Canadian Highway Associa-
tion took up the project with en-
thusiasm, agreed to co-operate
with the American organiza-
tions and passed it up to the so-
cieties this side of the line.

Through correspondence and
by wire, it has been arranged to
pass the whole proposition up to
the meeting of the Pacific High-
way Association, which meets in
Vancouver, August 11, 12 and 13.

This meeting will be attended
by Governor Lister of Washing-
ton, Governor West of Oregon,
and Governor Johnson of Cali-
fornia, while practically every
civic body in the coast cities will
send credential representatives
to the meet. Premier McBride of
British Columbia, Minister of
Public Works Thomas Taylor, J.
D. Taylor, M.P., H. H. Stevens,
M.P., and the Dominion Minister
of Public Works, will be present
on behalf of the Canadian Fed-
eral Government. Congressman
Humphrey will try to be there
and hopes to bring word that
the United States will co-operate
in the founding of the interna-
tional park, while the Canadian
ministers of state and interior
will carry the information that
Canada will work with the Uni-
ted States in founding a peace
park, marking the centenary of
peace.

At this convention definite
plans for the erection of the
peace arch and the joining of the
highway beneath it a year later
will be made. Then the work
will be commenced, work which
Blaine must do, but work that
Blaine will be proud to do, for
here, where the international
line touches the waters of the
Pacific, where the location of
this boundary brought the two
nations close to war far less
than a century ago, within a few
miles of where the pig that
brought two peoples at each
other's throats received its death
thrust, is the fitting place to
celebrate this anniversary and
to erect the pledge that no more
will the question of "Fifty-four
Forty" or the possession of an
island or so ever bring the two
great nations to the verge of
war.

And here will be exemplified
the truth that indeed the border
between the motherland's great
dependency and the American
States does not need fortifica-
tions and garrisons to keep the
people at peace by showing a
preparedness for war.

WOMEN ARE STEALING THE STYLE FROM MEN

Cuff Skirts, Turned Up at Bottom Like Trousers and with Slit, is Modish.

When Summer Stops the Swing

Most of us can remember the school lesson in the law of accumulated motion—momentum.

If you exert a pound of pressure against a man in a swing, you'll start him moving slowly "to and fro." If you continue to exert a pound of pressure against him every time the swing makes a trip, you'll soon have him going so high that he almost turns the whole circle.

Winning trade follows the same natural laws.

Advertisements are the force behind the swing of public favor. Each new advertisement increases the momentum. Finally, the accumulated force of these numerous impulses swings indifference to the buying point.

If you stop Advertising, you lose momentum.

The moral of which is:

Don't stop the business swing in Summer. Keep adding the pounds of Advertising pressure.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

That Ponsobny Smile

Sweetest Wedding of London Season Next Thursday.

London, July 1.—Definite announcement was made yesterday that the wedding of Lady Gwendith Ponsobny, well known in smart London society and court circles as the "girl of the Ponsobny smile," and the Hon. Wyndham Baring will take place July 10.

The bride is the daughter of the Earl and Countess Bessborough.

It is expected this marriage will prove one of the most important events of the social season. Besides being one of the loveliest girls in English society circles, Lady Ponsobny is a great favorite at court, where her charming piquancy won for her from the Duke of Connaught her non de plume, which King George and Queen Mary promptly took up.

The bridegroom-to-be is a son of the Earl of Craven and is immensely wealthy.
