PRICE FIVE CENTS

JAPANESE DEMANDING WAR WITH UNITED STATES

BULGARIANS DESTROYING TOWNS AND MURDERING NATIVES—BUSH FIRES IN CALIFORNIA

FURTHER EVIDENCE GIVEN BEFORE COAL COMMISSION

MANAGER OF THE WESTHOLME LUMBER COMPANY SAID NO PROFIT WAS MADE SELLING AT EIGHT DOLLARS AND FIFTY CENTS A TON.

The first witness who appeared this morning before the coal commission, W. E. Burns, was the manager of the Westholme Lumber Company. Mr. Albert said that his firm had the local agency for the Canadian Collieries. The agency was secured by contract but by an understanding through correspondence. The price which had been paid by the Westholme Lumber Company for Union Bay coal was \$5.00, for Ladysmith coal \$5.00, the cost of freight was from \$2.25 to \$2.50 per ton, according to quantity shipped. The company had its own wharf, but as there was from \$18,000 to \$20,000 invested in it a charge of about 50 cents per ton was added for wharfage. The capacity for bringing coal was from six to eight hundred tons. There was no covering for the coal. Fully 90 per cent. of the coal was screened. Most of it, in Mr. Albert's opinion, did not need screening. The company burned slack itself, in heating the Westholme Block and other buildings. It did its own delivery, which was estimated at \$1.25 a ton. We first sold coal at \$8.50 a ton," said Mr. Albert. "We sold this chiefly for an advertisement, although we hoped to make perhaps 25 cents a ton on the transaction. This last we did not do, but we did not lose any money. As we were making no profit, however, we changed to \$9.50. With an increase of 50 cents in the price of coal at the mines we made only 50 cents' profit with this charge. At present we are charging from \$9.50 to \$10.50, in the city, according to the distance of delivery. We are now getting Seattle coal, which costs us an additional 28 cents a ton, owing to extra cost of freight and duty."

H. B. Rochester, of Rochester & Monroe, was next called. Rochester & Monroe had been the agents of the Canadian Collieries from June 1908, to December, 1911, when the agency was taken over by the Westholme Lumber Company.

The price charged by the company had been \$11. It had, however, been found that with the difficulty of securing sufficient wharfage and the consequent moving around much of the coal deteriorated in quality. From the consequent loss by screening the business threatened to be unprofitable. It was then offered to the Lindsay Bros., who had formerly been carting it at \$1.50 per ton, and was accepted by them. Rochester & Monroe, however, continued to order the coal for Lindsay Bros. Commissioner Burns will resume his session at 2 o'clock this afternoon.

MEIGHEN UNOPOSED

New Attorney-General is to Have Walk-Over

(Special to The Daily News.)
Portage la Prairie, July 10.—The Liberals have definitely decided not to put any candidate in the field against Arthur Meighen, the newly appointed attorney-general. The election is on July 26th.

BUILDINGS BLOWN DOWN

Destructive Storms in Illinois, Wisconsin and Indiana.

(Special to The Daily News.)
Chicago, July 10.—Gales demolished buildings in three of the states and a dozen cities and towns in Northern Illinois, Wisconsin and Indiana were wrecked. Three were killed, according to the reports that have been received here so far.

GOVERNMENT SUSTAINED

Motion Against Welsh Disestablishment Defeated

(Special to The Daily News.)
London, July 10.—In the House of Commons last night the motion to reject the Welsh disestablishment bill was defeated by a vote of 347 to 224, and the bill then passed its third reading.

JOHANNESBURG STRIKE

Six Thousand Native Laborers Join the Strike

(Special to The Daily News.)
Johannesburg, July 10.—The strikers are every day growing in strength of numbers. Yesterday six thousand native black laborers, employed in three large gold mines, joined in the labor upheaval.

THE CHAMBER OF COMMERCE PARTY SHAKING GOLD PANS

GIVEN A GREAT RECEPTION AT DAWSON—VISIT THE CREEKS AND WITNESS GOLD PRODUCTION—DOWN THE YUKON TO FAIRBANKS.

Dawson, Y. T., July 7.—The Seattle Chamber of Commerce excursion left last night for Fairbanks on the steamers Yukon and Dawson, elated with their treatment here. The welcome consisted of a grand public reception in the Arctic Brotherhood Hall, then another reception at the governor's house with the presentation of a framed address to the visitors, and a trip by train and autos up the famous Bonanza Creek, where all panned gold in the old style from a claim on the site of the former town of Grand Forks. Later the visitors saw hydraulics tearing down Lovett and other hills and visited the interior dredges.

In the speeches Judge Kenneth Mackintosh said Seattle was a bankrupt city when the Klondyke strike occurred, and that any Seattle man would be an ingrate who would not call Dawson mother, because she poured lifeblood into the town and all other coast cities to the extent of many millions.

The total output of the Canadian Yukon to date is over \$150,000,000.

Seth Mann, representing President Wilson, said he was here to see, not speak, but he predicted that the marvelous scenic attractions, mines and agricultural resources would make this a magnificent empire. He said the Arctic Brotherhood motto, "No boundary line here," prevails among the wonderful people who are all one blood, one language and one purpose, and will spread through the English speaking world, with the two flags waving together in perpetual peace.

EVIDENCE SHOWS HOW COST OF COAL COULD BE REDUCED

J. H. Rogers Thinks Saving of Over One Dollar Per Ton Might Be Effected---How Cartage Firms Combined To Fix Rates

The most sensational features of the inquiry conducted here yesterday afternoon by Mr. W. E. Burns, the coal commissioner, were the statements made by Mr. James H. Rogers, of the firm of Rogers & Black, and by Mr. Roy Moore, of Moore Bros. Mr. Rogers declared that the cost of coal to the consumer was much increased by the present lack of proper wharfage facilities and also by the negligence of private individuals not providing receptacles for the coal, thus entailing a heavy waste of sacks. He also said that much difficulty had been experienced with teamsters.

Mr. Moore revealed the existence of an understanding among the local cartage firms to determine the charge for teaming. This understanding, he said, had existed since just before the awarding of the civic contracts last year.

PATTULLO RETURNING.

Acting Mayor Naden has received a cablegram from Mayor Pattullo in London stating that he will leave London for Montreal on July 19th, on the steamer Laurentic, of the White Star Dominion Line. No information is given in the despatch in regard to the success or non-success of his mission.

dependence on the subject of coal, but made some revelations of the conditions governing teamsters' rates here.

When asked by the commissioner how the rates had become fixed at \$11 for eight hours, Mr. Moore admitted that the representatives of the cartage companies had got together about a year ago and agreed upon the price which was then charged to the city and has since been maintained. He denied, however, that severe measures would be taken to punish a backslider, such as forcing him out of the business. At this Mr. Burns smiled slightly and passed on to the next witness.

S. E. Parker, of the Pacific Transfer Company, said that allowance was made in consideration of conveniences such as would enable the teamster to dump the coal in a receptacle, or to drive up an ally. This allowance was only made, however, in Section 1, and generally on the main street. The fact of a purchaser buying in large quantities would also be taken into account. The allowance made for these various advantages would be about 50 cents per ton.

J. H. Rogers, of Rogers & Black, said that he had been in the coal business here about four years. He and his partner were the sole agents in Prince Rupert for the Western Fuel Company.

Consumer Complains.
Mr. Director, the former merchant, next gave evidence. Mr. Director lives in Section 8, on Eleventh avenue. He said he had to pay \$12 a ton for coal delivered there. There was a good plank road all the way. All the teamster had to do was to store the coal in a box twenty-five feet from the street. Mr. Director's house was only thirty-five minutes' walk from the G. T. P. wharf. He estimated the distance as not more than three miles. He usually ordered his coal in lots of a ton at a time and frequently found so much dust in the bags that he suspected that little of the coal was screened.

Teaming Rates.
Mr. Roy Moore, of Moore Bros., then added little important evi-

They had no contract with the company, but an understanding existed that no other local dealers were to be admitted into the agency. The coal was purchased at the mines. It was mostly lump coal, being either household lump or steam coal. The initial cost of the lump coal was \$4.50 per ton. The freightage varied from \$2 to \$2.75 per ton, the lesser figure being charged only when the shipments were very large, say from 800 to 4,000 tons. The charge for wharfage at the G. T. P. wharf was 50 cents a ton.

Lack of Wharfage.

Mr. Rogers said that he had been thinking of getting his own wharf as he had found difficulty in getting space from the Grand Trunk Pacific for more than about 250 tons at most times. He had 750 tons on the wharf at present, as he had been under the necessity of getting a freighter unloaded immediately. In return, however, he had allowed the G. T. P. 90 tons of coal at cost price. If they could get waterfront for the erection of their own wharf, with proper facilities for handling the coal, protecting it from leakage and from the effects of the weather, Mr. Rogers thought that the firm of Rogers & Black could save 50 cents in the ton on the cost of coal to the consumer. When Mr. Burns asked whether the exposure of the coal to the damp atmosphere and rain would not cause it to become saturated with moisture and so to gain in weight, Mr. Rogers said this had less effect than might be expected. Not more than half of his coal was screened. He did not consider that most of the coal required screening. When a poor lot did come, however, it was screened.

Cost of Sacking.

Besides the loss incurred through insufficient wharfage facilities, Mr. Rogers thought that consumers incurred further loss owing to their own negligence in the matter of sacks. The sacks cost 10 cents in Vancouver, with 1 cent for freight and another cent for stamping. The sacks were only good for four trips or less because of the loss. Fifty per cent. of the consumers provided no proper accommodation.

GOOD FIND OF GOOD COAL ON MAIN LINE OF G. T. P.

BEST COAL FIELDS IN CANADA HAVE BEEN LOCATED IN NORTHERN ALBERTA—COAL TO BE SHIPPED VIA PRINCE RUPERT.

(Special to The Daily News.)
Ottawa, July 9.—Dr. Reinhardt, of Oakland, California, has located what is reported to be the best coal area in Western Canada at Sudbury, in very northern Alberta. These coal fields are located within forty miles of the main line of the G. T. P. It is said that the government has contracted for a large supply when the Panama Canal is completed. Large shipments will be sent there and to other countries, via Prince Rupert. The quality of the new coal is said to equal that of Pennsylvania coal.

PEOPLE ARE WARNED TO LEAVE THEIR HOMES

Population of Mill Valley Cannot Be Saved from Destruction by Bush Fires.

(Special to The Daily News.)
San Francisco, July 10.—The report from Mill Valley this morning states that the people have been warned to abandon their homes. The Mount Diablo bush fire, fanned by a powerful wind, is reported as sweeping through Blythedale Canyon and the town, which has 1,500 people. The country homes of the town, on the outskirts, are surrounded by fire and 2,000 soldiers and civilians, forming the fighting force, lost control of the fires. The town is doomed.

THREE TOWNS MENACED BY GREAT BUSH FIRES

Troops Are Called Out and Every Available Man in District to Fight Conflagration

(Special to The Daily News.)
San Francisco, July 10.—The troops have been called out to save the town of Mill Valley from destruction, and every available man in the district has been pressed into the service of reinforcing the militia. The bush fires are now within a mile of the town and because of the steady wind the efforts of back-firing have proved abortive. Fires are steadily eating their way through the towns of Larkspur and Corte Madera, which seem bound to be wholly destroyed.

RESIDENCE DESTROYED

Home of Soap Millionaire Is Burned to Ground.

(Special to The Daily News.)
London, July 10.—A suffragette is blamed for the destruction of the home of Sir W. H. Lever, the famous soap manufacturer. The loss exceeds \$100,000.

A LITTLE THING LIKE THAT

Hundred Millions Stir No Dust in Wall Street.

(Special to The Daily News.)
New York, July 10.—The resale of \$125,000,000 of July interest and dividend money has as far exercised little or no influence on the money market. Banks and other financial institutions as well as brokerage firms are circulating the country in an effort to stimulate a demand for high grade securities, chiefly bonds.

JAPANESE SCREAMING WILDLY FOR WAR WITH UNITED STATES

CABINET BITTERLY DENOUNCED IN MANY MASS MEETINGS AND CALLS FOR THEIR RESIGNATIONS—SECRETARY OF STATE BRYAN COMPLETES HIS REPLY.

(Special to The Daily News.)
Tokio, July 10.—The whole Japanese population seems to be actively engaged in fanning the flames of the war feeling against the United States. Mass meetings are being held all over the country, at which the cabinet is being unmercifully scored for not having settled the matter long before this. Resolutions are passed denouncing the cabinet and calling for their immediate resignation. The government decided at the beginning to put down these demonstrations, fearing they would interfere with the diplomatic relations with the United States while the subject of the California alien land law was still pending. But great difficulty has been experienced in breaking up these meetings, and popular feeling is now at so high a tension that the government is afraid to take stronger measures for fear that they might precipitate a civil war.

Reply of United States.
Washington, July 10.—Secretary of State Bryan has completed the state department's reply to the second and third notes received from the Japanese government protesting against the California alien land law. This reply is to be delivered to the Japanese ambassador in two days.

BANQUET GIVEN FOR CAMPBELL SWEENEY

Provincial Managers of Bank of Montreal Honor Their Superintendent.

Mr. J. M. Clancy, manager of the local branch of the Bank of Montreal, returned yesterday from Vancouver, where he had gone to attend a banquet given to Mr. Campbell Sweeney, the provincial superintendent of the bank. The managers of the various branches of the bank in British Columbia gathered in the Vancouver Club on Saturday evening last to tender this banquet to Mr. Sweeney on the occasion of the fiftieth anniversary of his joining the staff of the financial institution.

There was a good attendance at the banquet, the chair being occupied by Mr. G. D. Beymner, manager of the New Westminster branch, who was one of the two members of Mr. Sweeney's staff at the opening of the Vancouver branch twenty-six years ago. The chairman, on behalf of the other provincial bank managers in the service of the Bank of Montreal, presented the guest with a massive gold salver enclosed in a morocco leather case. The gift is an unusually valuable one, its diameter being eleven inches.

St. Andrew's Society

The regular meeting of the above Society will be held tomorrow night at 8 o'clock. A good attendance of members is requested.

MINISTER CROTHERS IS NOW IN NANAIMO

Will Investigate Causes of the Trouble and Labor to Adjust Matters.

(Special to The Daily News.)
Vancouver, July 10.—The Dominion minister of labor, Hon. T. W. Crothers, passed through this city yesterday, en route to the Nanaimo coal fields, where he will investigate the trouble in the hope of effecting a settlement in some way of the labor strike that is on there.

It is expected that the present week will witness the opening of negotiations looking to a settlement of the coal mines strike on Vancouver Island.

In the meantime the coal situation has been somewhat relieved in Vancouver, as Wellington coal, which is among the best that Vancouver Island produces, is now available.

THE COAL COMMISSION

The coal commission held a meeting this afternoon at 2 o'clock, but the proceedings only lasted about half an hour. Frank Kelly, of the Union Transfer Company, was the only witness, but M. Albert was recalled and asked a few questions.

EMPIRE PARTY

Ottawa, July 10.—An empire parliamentary party, including a large number of British M. P.'s, will arrive here on July 26. They will be welcomed by Premier Borden.

DAILY EDITION. Thursday, July 10, 1913.

A CELEBRATION OF OUR DEFEAT.

In consideration of the unpleasantness which frequently occur in connection with the celebration in this country of the Fourth of July, and which this year caused small rioting in more than one city, visitors from the great republic who are residing in the Dominion would do well to remember that while they are commemorating their own victory they are also making holiday over our defeat. A little use of tact would surely suggest that the festival should here be observed in a more private manner than has hitherto been the custom.

The Times in an editorial on Independence Day, referring to the fact that the celebration of the Fourth of July has become an Anglo-American festival, says:

"It has become one of the established functions of British life, and we who rarely commemorate the triumphs of our own history, make an annual point of joining with Americans and celebrating its greatest disaster. Such a spectacle as is seen twice a year in London of Englishmen eulogizing Washington's memory and honoring Independence Day, would be well nigh unimaginable anywhere else. One never, at any rate, heard of Austrians banding together to celebrate Kossuth's birthday, or of Cavour or Garibaldi being acclaimed in Vienna, or of Madrid celebrating the deeds and fame of Bolivar or of Pu-

laski being in any danger of becoming one of the national heroes of Russia. And probably there are few who stop to think what it signifies when Englishmen make a feast of July 4, and publicly venerate the name of Washington.

"It means, in the first instance, that they are celebrating the most tragic blunder in British history, and, in the second, that they are paying tribute to the memory of the man who brought Britain to her lowest depth of humiliation and impotence. It has come to be a sort of annual penance. Year after year this old and haughty nation dons the white sheet and through the mouths of some of her most eminent sons expresses open contrition for her share in the American revolution. If our mistake was great, we have, at least, amply sincerely and repeatedly admitted it. The man in the street, however, is quite unaware of anything penitential attaching to British participation in these anniversaries. It never occurs to him to question the tactfulness of Americans in celebrating their victory over Britain on British soil, or to suggest that they might reciprocate in kind and inaugurate in New York, say on Empire Day, an annual Anglo-American banquet in honor of the collapse of the American invasion of Canada, an event that, in the long run, may prove of little less moment to the world than the foundation of the United States."

HAZELTON MINING NOTES

P. J. Jennings has a gang of men busy on the trail from Rocher de Boule mine to the Highland Bay property, and he says that they can now get a pack train right up to their camp. The camp is at the tunnel site and some of the buildings are already up. The snow on the south slope is all gone and most of it is gone on the north slope. The prospect holes and the cuts have all been opened up and ready to start men on development work. Barney Halloran and Billy Thompson are beginning the trail from the government wagon road up Rocher de Boule mountain to the Rocher de Boule Wonder group, owned by the boys. They have several weeks' work ahead of them on the trail, but by the time they reach the property the snow will have disappeared and they can start in to work.

Colin Munro has been doing some work on the Daley West group on Rocher de Boule mountain and almost adjoining New Hazelton Heights. He has uncovered a vein and brought some fine samples to town with him. The ore is copper like most of the Rocher de Boule ore. During the coming summer there will be four groups working on this side of the mountain.

The Omineca Gold Mines, Ltd., of Vancouver, who have 16 leases on Quartz and Vital creeks in the Omineca district, and ten miles of dredging ground on Fall river, have decided to

undertake development on a large scale. R. D. Featherstone, M.E., Vancouver, is outfitting for a trip to the property. He is taking six men in with him this season to continue the prospecting which was started last year. Mr. Featherstone-haugh secured the ground for the company and he took out some very good samples last fall. He stated that the Omineca Gold Mines, Ltd., is preparing to put in a large plant next season and that this year he would complete the preliminary plans and have everything on the ground ready for it.

Col. R. G. Steele was in town over the holiday after his trip to the Hudson Mining Company property on Hudson Bay Mountain. During the past winter the company was reorganized and Mr. Steele, who is one of the largest stock holders, was elected vice-chairman and general manager. The company decided to complete the payment on the property at once and get the deeds. Mr. Steele has the money in Vancouver for the boys and on Thursday morning he took Lou Woods with him to the southern city and will get the rest of the boys together and complete the deal. The total payment is a little over a hundred thousand dollars. Three shifts are working in the tunnel and the surveyors are busy outside. There are about twenty men on the payroll now.—Omineca Herald.

CONFESSED GEM THEFT

Clerk Arrested and \$95,000 Worth of Jewelry Recovered.

New York, July 7.—William Beck, a clerk employed by the Fifth avenue jewelry firm of Udell & Ballou, and who fled shortly after the firm was robbed last week of \$28,000 worth of gems, was arrested today in New Jersey. He is said to have made a confession of his knowledge of the robbery. His arrest followed the recovery today of all the stolen gems in a valise at the Pennsylvania railroad station.

Another New Railway Town

Arrangements for the townsite of Stewart river, situated on Lot 822, are registered and the townsite will shortly be placed on the market. Plans for a contour map of the townsite at the mouth of Mud River are also complete and the map is being drawn. The townsite is to be called Chilaco.

Dundee Defeats Dixon.

Albuquerque, N. M., July 7.—Johnny Dundee of New York got the decision over Tommy Dixon of Kansas City at the end of a ten round fight here yesterday. Three knockdowns were scored by Dundee.

PITY THE EASTERN FAT MAN ON A HOT DAY.

Why does the poor man keep mopping his brow with such a wild, weird look upon his face? He does not look like a sheared lamb escaped from the Stock Exchange, or as if he was sobbing over the death of his wife's mother. No, he is simply pausing to take breath on the sunny side of East Ninety-eighth street and the thermometer has climbed to within two blocks of him.

VICTORIOUS RACING SLOOP "OWEN." This boat won the first race of the National Yacht Club by a quarter of a mile. It was designed by the famous George Owen of Boston and is owned by "Dutch" Grattan of Toronto.

VANCOUVER WILL NEVER AGAIN PLAY WITH SALMONBELLIES

EMPHATIC DECLARATION OF PRESIDENT CON JONES OF THE VANCOUVER CLUB—CONTEMPTUOUS OF PUBLIC RIGHTS SALMONBELLIES WALK OFF FIELD

Barney Goss writes in the Vancouver World a spirited account of last Saturday's game of lacrosse, which to everyone's disappointment proved to be no game at all. There are many lacrosse players in Prince Rupert and they have been anxiously telephoning the News for a report of this game, in regard to which there was not a word in our telegraphic despatches. Barney Goss writes: With a contemptuous disregard for the rights of the public, the Westminster Salmonbellies, in the presence of some 3,500 spectators gathered to witness a lacrosse contest, walked off the field at Hastings Park on Saturday afternoon, and refused to play a regularly scheduled game in the series between Vancouver and Westminster in the British Columbia Lacrosse Association.

The action of the Salmonbellies was based on the proceedings of an alleged meeting of the British Columbia Lacrosse Association held at New Westminster on Friday afternoon last. At that meeting there was present no one entitled to any official recognition except members of the Westminster Lacrosse Club. There most certainly was not present a legal quorum for the transaction of any business. Victoria was not represented; neither was Vancouver. Despite the irregularity of the action, however, the minority Westminster delegation constituted themselves the governing power in the association and proceeded to transact business in its name. One order of business taken up by the one-horse meeting was the consideration of a report of Referee Bob Dewar, who officiated in the game played in Victoria on Saturday, June 28, in which Dewar stated that players Ion and Griffith were guilty of unsportsmanlike actions in that game. Taking advantage of the opportunity here presented of weakening the Vancouver team so as to make a defeat for the Salmonbellies impossible, the Westminster delegates placed a

VERY NEAR A TRAGEDY

Another of Those Near Drownings Reported from Seal Cove.

Ole Crosby started from Seal Cove as captain of the gasoline launch Rainbow, shipping Walter Talbot as chief engineer. When some distance out the boat ran on a rock and Ole jumped overboard to push her off. But Walter thought it was a clear case of attempted suicide, owing to the fact that he is not showing because he lost his job. When he jumped to the rescue, Ole laughed and it seems unlikely that Walter will get a Carnegie medal for bravery.

When Summer Stops the Swing

Most of us can remember the school lesson in the law of accumulated motion—momentum.

If you exert a pound of pressure against a man in a swing, you'll start him moving slowly "to and fro." If you continue to exert a pound of pressure against him every time the swing makes a trip, you'll soon have him going so high that he almost turns the whole circle. If you stop pushing, the momentum will die out and the swing come to rest at "dead centre."

Winning trade follows the same natural laws.

Advertisements are the force behind the swing of public favor. Each new advertisement increases the momentum. Finally, the accumulated force of these numerous impulses swings indifference to the buying point.

If you stop Advertising, you lose momentum.

The moral of which is:

Don't stop the business swing in Summer. Keep adding the pounds of Advertising pressure.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 513 Lansden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

FARM LANDS

NORTH COAST LAND COMPANY, Limited PAID UP CAPITAL \$1,500,000.00 VANCOUVER, B.C.

LAND LEASE NOTICES.

Skeena Land District—District of Coast Range V. Take notice that I. Hume Babington, of Prince Rupert, B. C., occupation master mariner, intend to apply for permission to lease the following described land: Commencing at a post planted at the northwest corner of H. B. Babington's lease application on a small island in the Skeena River opposite Mile 45, thence southwesterly along shore 40 chains to southwest point of island, thence northerly along shore 40 chains to H. B. Babington's southwest corner, thence north about 40 chains to point of commencement, containing 100 acres more or less.

WATER NOTICE.

For a License to Take or Pen Back Water. Notice is hereby given that G. R. T. Sawle, of Prince Rupert, B. C., will apply for a license to store or pen back 20 acre feet of water from an unnamed creek, a stream flowing in an easterly direction and emptying into Goose Bay near Granby Bay Township. The water will be stored in a reservoir of 60,000 gallons capacity, built or to be built 1,000 feet from mouth of stream, and will be used for domestic purposes under a notice of application for a license to take and use water, posted herewith, on the land described as land adjoining west side of Granby Bay Township.

WATER ACT.

Notice of Application for the Approval of Works, and for Approval of Undertaking by Minister of Lands. Take notice that the PORT EDWARD TOWNSITE COMPANY, LIMITED, of Prince Rupert, in the Province of British Columbia, will apply to the Comptroller of Water Rights for the approval of the plans of the works to be constructed for the utilization of the water from Wolf Creek, Skeena District, for which application has been made by the company, and under which application Permit No. 107 has been issued by the Comptroller of Water Rights, granting permission to the said PORT EDWARD TOWNSITE COMPANY LIMITED to make surveys for construction of the works for diversion of two cubic feet per second from said Wolf Creek for Municipal Purposes.

CEREMONY OF THE LOCAL ODD FELLOWS

D. D. G. M. Douglas Officiates at the Half Yearly Installation of Officers.

Assisted by a number of past grands, District Deputy Grand Master A. Douglas, of the Prince Rupert Lodge, I. O. O. F., officiated on Tuesday evening at the installation of officers for the next six months. Those installed were:

- Past Grand—H. M. Daggart.
- Noble Grand—W. J. McKinley.
- Vice-Grand—C. G. Thorne.
- Rec. Sec.—W. G. Barrie.
- Fin. Sec.—A. R. Phillips.
- Treas.—S. M. Newton.
- Warden—F. Salter.
- Conductor—D. H. Yelf.
- Chap.—T. S. Steedman.
- R.S.N.G.—A. H. Allison.
- L.S.N.G.—A. J. Galland.
- R.S.V.G.—R. Gillis.
- L.S.V.G.—J. P. Reid.
- R.S.S.—Wm. Grant.
- L.S.S.—B. S. Self.
- I.G.—L. Sweder.
- O.G.—R. L. Moore.
- Finance Committee—A. Douglas, R. Gillis, C. G. Thorne.
- Property Committee—F. Salter, W. G. Barrie, T. S. Steedman.

Speeches and light refreshments brought the evening to a very pleasant conclusion, with the Oddfellows feeling like good fellows after all.

Farewell to Mr. McMaster.

A complimentary dinner was given at the Windsor Hotel last evening by Mr. J. C. Sheppard as a farewell to Mr. A. E. McMaster, who leaves on Monday next for Regina. About a dozen of his most intimate friends were invited. Mr. and Mrs. Wright excelled themselves both in the decoration of the table and in the preparation of the menu. Mr. Guttstein officiated at the piano.

EVIDENCE SHOWS HOW COST COULD BE REDUCED

(Continued from page 1)

tion for their coal and wanted it left standing in the sacks, which they did not return. In one day a teamster for Rogers & Black had picked up six hundred sacks around the back doors of houses.

As there were five sacks to a ton, this meant an expense of 60 cents a ton for sacking. Rogers & Black paid \$100 a month for sacks alone. All attempts to persuade customers into wiser ways had been unavailing. If people would, however, provide receptacles for the coal and allow the sacks to be dumped out, a saving of this 60 cents a ton might be effected.

The customary rate of \$11 a ton had been established by Rogers & Black four years ago and had since then been maintained. There had been no such reduction in the cost of teaming as to warrant a reduction in price. A good deal of trouble had been experienced with teamsters. Mr. Rogers suspected that shortage of weight when complained of might be due to non-delivery of part of the coal by the teamster.

NEW PASTOR WELCOMED AT METHODIST CHURCH

Rev. Mr. Dimmick Receives Cordial Greeting from His Congregation

The Methodist church was well filled last evening by people who came to welcome the Rev. Mr. Dimmick, the new minister, to his pastorate. The evening was spent very pleasantly with music and speeches and at the close light refreshments.

Rev. G. H. Raley presided and extended a welcome on behalf of the Methodist church to Mr. Dimmick. Mr. W. R. Macdonald, who has been occupying Rev. F. W. Kerr's pulpit during the latter's absence, was the cordial representative of the Presbyterians. He hoped church union was not so distant as it might seem to some. He heartily welcomed Mr. Dimmick, of whose labors he said a plentiful harvest stood in need. A greeting of the most friendly fashion was given by Captain Eva Stride of the Salvation Army. Capt. Stride herself has only been in Prince Rupert for a few weeks and welcomed Mr. Dimmick as a fellow new arrival. Rev. Mr. Dimmick replied to these welcomes in appropriate fashion.

The evening was further enlivened by an entertaining musical programme. Mrs. Henderson presided at the organ, while solos were given by Mr. Link, Mrs. O'Neill, Mrs. Munro, Mr. Waddell, Mr. Clapperton and Mr. Davey.

Further speeches of welcome were made on behalf of the official board of the church, of the Ladies' Aid and the Men's Own. William Manson, M. P. P., welcomed Rev. Mr. Dimmick on behalf of the Board and Sunday School. Mrs. W. H. Kergin spoke for the Ladies' Aid and Mr. Barrie for the Men's Own. Others who spoke were Dr. W. T. Kergin, A. H. Allison, W. Derry and O. H. Nelson. Light refreshments of coffee and sandwiches were served at the conclusion of the evening.

WILL SURVEY WATER POWER IN PROVINCE

Party Sent Out by Conservation Commission to Start Soon from Hazelton.

A survey of the water power of the interior is to be made for the Dominion conservation commission. One of the survey parties will shortly start out from Hazelton. It will be composed jointly of representatives of the Dominion and Provincial governments. Mr. A. V. White, consulting engineer to the conservation commission, is expected to arrive here on Saturday from Vancouver with other members of the party. Mr. G. H. Ferguson and Mr. B. Corbould of Toronto were the first members of the party to arrive. They went to Hazelton yesterday, where they will await the arrival of the half dozen other members of the survey. The party will come back this way in September or October.

LOCAL NEWS ITEMS
 Martin O'Reilly returned yesterday from Vancouver.
 Mrs. J. F. Ritchie is giving an "at home" this afternoon for Mrs. Agnew.
 Mrs. Youngman was one of those who returned yesterday on the Prince George.
 Mrs. J. H. Hilditch and son returned yesterday from an extended visit to the coast and Sound cities.
 A. G. Fallowfield, who has a pre-emption in the Queen Charlotte Islands, arrived here from Vancouver yesterday on the Prince George.
 Miss Burpee, a nurse of Vancouver, passed through this city yesterday on her way north to visit her sister, who is in charge of the hospital at Stewart.
 The local company of the Earl Grey's Own Rifles will send a corps to participate in the big shoot of the British Columbia Rifle Association, which is to be held in Vancouver from July 16 to 19.
 Mrs. S. P. McMordie will leave for the south tomorrow morning on route to her former home at Niagara Falls. She will be accompanied by her husband as far as Vancouver, where he will stay to take part in the B. C. rifle matches. Mrs. McMordie expects to stay for some months with her relatives in the east.
 Thomas Reynolds, assistant sales manager for the Quaker Oats Co., was among the arrivals by the steamer Prince George yesterday. His company has recently completed at Saskatoon one of the largest cereal plants in Western Canada, which is being operated to full capacity in order to keep up with the growing demand for their products. Mrs. Reynolds is also in the city with him.

THE CRUEL MAID.
 The butter had refused to come, And with an angry gleam In both her eyes, the dairy maid Got mad and whipped the cream.
 —Schnectady Star.

And when she found the punished cream Would neither scream nor beg, Elsewhere she turned her cruelty And beat a feeble egg.
 —Scranton Tribune.

And still on cruelty intent— The plot begins to thicken— When hunger's pangs began to gnaw, She smothered her a chicken.
 —Houston Post.

Her cruelty it knew no bounds; The day, we'll say, was murky; And after she had done the hen She basted a poor turkey.
 —Yonkers Statesman.

They caught her at another deed, Then took her off to jail; She called to her a noble steed And tried to bang its tail.
 —Youngstown Journal.

Escaping swiftly from the pen, She sought the fertile plain, And when her temper rose again She promptly threshed some grain.
 —Toronto Star.

By now the maid was waxing weary, And homeward turned her way, So wandering down dark lanes and dreary, At last she hit the hay.

THE WEATHER.
 The weather report at 5 o'clock this morning read: Barometer, 30.009; maximum temperature, 59; minimum temperature, 51; precipitation, 1.25 inches.

Punchod Stranger.
 A little family squabble among some Russians living at the back of the town engaged the attention of Magistrate Carss this morning. The head of the family had given what he called a shove and the recipient complained of as a punch to a woman who was visiting the house. For his somewhat too vigorous attentions he was fined \$5.
