PORTS SPLENDID PROGRESS IN CONSTRUCTION OF G. T. P.

**CHAMBERLIN, BROTHER OF PRESIDENT OF THE ROAD,
TELLS OF GOOD WORK BEING DONE ON THE
WAY TO FORT GEORGE.**

(Special to The Daily News.)
Vancouver, July 17.—Splendid progress in construction work on the new Grand Trunk Pacific between New Hazelton and Fort George is being accomplished, according to Mr. F. E. Chamberlin, who has lately inspected that end of the line, and has been in Vancouver for a few days. Mr. Chamberlin is a brother of the president of the Grand Trunk Pacific and has had supervision of the construction of the new road through British Columbia during the last two years. The railway company, he says, will expend \$1,000,000 in improvements at the end of the line to facilitate the handling of the railway business at that division point, and eight miles of track and sidings will be laid in the Smithers yards.

A. E. Griffin, who has completed a twenty mile contract on the Grand Trunk Pacific along the south fork of the Fraser, and who was also in Vancouver recently, says he expects the rails from the east to reach Fort George by the end of the year. Mr. Griffin has just started work on a new contract of thirty miles, starting at a point twenty-five miles west of Fort George. He states that grading is in full swing in the last gap between Bulkley summit and Fort George.

"CHARITY BALL" IS SUCCESSFUL PLAY

**Crowded House Welcomes Return
of Griffith Stock Company
at Westholme.**

The crowded house which watched the presentation of "The Charity Ball" by the Griffith Stock Company yesterday evening at the Westholme Theatre was certainly not disappointed. They all felt that they had their money's worth from a good evening's entertainment. "The Charity Ball" is a drama concerned with Wall Street and with love making, high finance versus high feelings. The strain of the more serious moments is, however, relieved by the excellent comic acting of the Griffiths themselves. Lillian Griffith as Mrs. De Peyster, the widow, was excellent, while S. M. Griffith was a great funmaker as Peter Queney Knox, the judge whose love for Mrs. De Peyster shook for a while on a faulty pedestal. Richard Frazier as Richard Van Buren, the central character of the piece, acted his part with creditable skill, while little Miss Julia Fehr as Cain, a wife, was the favorite of the house. "The Charity Ball" will be presented again tonight. Tomorrow and Saturday the company will present the well known comedy, "Girls."

RUSSIAN WHEAT

**Great Increase in Production as
Against Last Year.**

(Special to The Daily News.)
Ottawa, July 17.—A cablegram received today from the International Agricultural Institute gives the official preliminary estimate of winter wheat in Russia, in Europe, as 277,683,000 bushels compared with 243,764,000 last year, winter rye 947,168,000 bushels, compared with 1,006,641,000.

HAS RESUMED RUN

**Prince Albert Again on Regular
Schedule to Charlottes.**

The steamer Prince Albert, of the G. T. P. coasting service, which has been for some time off the route while undergoing repairs, has resumed her regular schedule in conjunction with the Prince John on the Queen Charlotte run. The Prince Albert left here last evening for Masset.

The cost of the repairs to the Albert was expensive. It is estimated that the work cost \$35,000.

OUR FISHERIES VALUABLE

**Cabinet Minister at Last Awakes
to the Fact**

(Special to The Daily News.)
Winnipeg, July 17.—"The fisheries of British Columbia are even more valuable than those of Nova Scotia," said Minister Hazen last night, upon his arrival here en route to Prince Rupert. He says that great development of the fishing industry of Western Canada can with confidence be expected.

TROUBLE WITH MEXICO

**Ambassador Lane Is Summoned
Home for Conference**

(Special to The Daily News.)
Washington, July 17.—Mr. Lane, the United States ambassador to Mexico, has been summoned home for a conference on the Mexican situation, the relations between the two governments having become badly strained.

PRACTICE WHAT YOU PREACH, MR. MERCHANT

A short time since the "Daily News" published a letter written by "A Local Business Man" voicing a complaint of the merchants of this city in regard to the pernicious habit, followed by too many of our citizens, of sending to the large departmental stores for dry goods, groceries and merchandise of all descriptions. Now, Mr. Merchant and Mr. Business Man of every description, practice what you preach. There are in the City of Prince Rupert five job printing establishments, two at least of which are run in connection with newspaper offices which are exerting every possible influence to attract capital and industry to the city. These establishments merit your patronage in every possible way that they can cater to your wants. When you require anything in printed matter send your order in to one of the local offices rather than give it to an out-of-town printer who cares nothing for Prince Rupert more than what he can get out of it. Even though you may have to pay a little higher price to the local printer, do not forget that it is the local printer who is helping you to sell your goods at higher prices than merchants get in the eastern centres to an increasing number of customers.

THE LARGEST DOCK ON THE CONTINENT

**To Be Built Opposite Quebec at
a Cost of Nearly Three
Million Dollars.**

Ottawa, July 12.—Tenders for the largest dock in America, to be constructed at St. Joseph de Levis, opposite Quebec, have been considered by the department of public works for some time past, and it is expected that a contract will be awarded immediately. While nothing official can be ascertained, the successful bidder is said to be M. P. Davis, the big contractor, with headquarters in Montreal. The contract is said to be \$2,700,000. This is considerably below the estimate of the engineers, but Mr. Davis has the advantage of having an extensive plant and contracting equipment practically upon the ground. The firm was the contractor for the Quebec bridge superstructure and also for the Transcontinental Railway in the Quebec district. The dock is to be 1,250 feet long and 420 feet wide. It will be so built that two ships of the largest type now in operation on the St. Lawrence may be accommodated at once. It is of sufficient size to accommodate a ship of the magnitude of the Imperator. It is being constructed by the government.

BOXERS TRAINING

**Lightweights Can Be Seen Daily
in Workouts.**

Lem Kegg, the local lightweight who is preparing to box Eddie Shannon of Seattle on the 24th, is working out at 3 o'clock every afternoon in the Windsor gym with either Gordon Campbell or Kid Sherman as a sparring partner. Eddie Shannon works out at the same place at 8 o'clock in the evening with his trainer, Cyclone Scott.

PUBLICITY MAN

**Percy Godenrath Will Act as Such
for the Exhibition.**

Percy Godenrath of Stewart, editor of the Portland Canal Miner and member of the advisory board of the Prince Rupert exhibition, has been appointed to look after the publicity end of the exhibition. He is well qualified for the work both from past experience in publicity work in coast cities and from his present pursuit of the newspaper business.

BULGARIA'S TROUBLES

Whole Ministry Hand Resignations to King

(Special to The Daily News.)

London, July 17th.—According to a report from Sofia received this morning the Danoff ministry has resigned, on account of the attitude taken by the king in regard to the renewal of hostilities.

NO ELECTION AND NOT EVEN A FALL SESSION OF PARLIAMENT

**PREMIER BORDEN DETERMINED TO PRESENT THOSE THREE
BATTLESHIPS WITHOUT ASKING CANADA'S CON-
SENT—SIR WILFRED LAURIER BETTER.**

(Special to The Daily News.)
Ottawa, July 17.—The Evening Citizen says there is an impression prevailing in high political circles that there will be no fall session of parliament. It is believed that the redistribution bill will be brought down immediately after New Year, but in regard to this no definite announcement has been made.

Ottawa, July 17.—Sir Wilfrid Laurier, who has been suffering from a severe attack of bronchitis, was reported much better this morning and his physician says there is now no doubt of his complete recovery.

Ottawa, July 17.—Premier Borden's stay at St. Andrews,

N. B., is not altogether a holiday. He is reported as now being engaged in negotiations with the imperial authorities to present three warships to the mother country. The presence of Minister White in England lends color to this report. It is understood that three ships will be laid down under the naval act, to be paid for by Canada. Premier Borden's parting words to parliament at the close of the session were to the effect that Canada would pay for three war vessels when they were constructed. Ottawa, July 17.—Hon. Hugh Richardson, the veteran journalist, is dead. He was a native of the Island of Guernsey, and was the first publisher of the Canadian Hansard.

SMUGGLING CHINESE THROUGH DANGEROUS PASS IN ROCKIES

**WILD AND UNFREQUENTED PASSES OFFER EVERY FACILITY
FOR SMUGGLERS TO OUTWIT CUSTOMS OF-
FICERS ON THE BOUNDARY.**

Edmonton, July 14.—Dangerous passes in the Rocky Mountains are being used to smuggle Chinese from the Province of British Columbia into the States of Washington, Idaho and Montana, according to A. T. Lunney, connected with the immigration department of the State of Washington, who was in Edmonton on official business a few days ago.

These passes, Mr. Lunney said, are wild and unfrequented, and offer every facility for

smugglers to outwit the customs officials. He added that Chinese are taken in motor cars and landed within walking distance of a remote railway station on the American side at a certain price per head. The traffic was flourishing a few years ago, he continued, but was finally broken up. Now, however, the smugglers appear to have found a new means of continuing their work, and as a result many Orientals are going into the States.

ANGLICAN PICNIC

**It Was Held in Spite of Rain at
Metlakatla Bar**

The Anglican picnic, which was held yesterday, was a fair success despite the malevolence of the spirit of showers. The party left about 10 o'clock in the morning in a scow towed by the church mission boat, the North-ern Cross, and went to Metlakatla bar. The weather promised to be fine in the early part of the day, but later clouded up and the picnickers were obliged to eat their second meal in the rain. On the whole, the picnic was a success, however, although it was not found possible to hold the sports as had been intended. The party returned about 7 o'clock in the evening.

EXPERIMENTAL FARM FOR BULKLEY VALLEY

**Director of Dominion Govern-
ment Farms Will Shortly Pay
Visit to Prince Rupert.**

(Special to The Daily News.)
Vancouver, July 17.—It is learned here that the Dominion government has decided to establish an experimental farm somewhere along the Grand Trunk Pacific Railway between New Hazelton and Fort George. It is officially announced that Mr. Grisdale, director of government farms here, will go north to Prince Rupert soon to make a selection of the ground for the farm.

JOHN BULL WAKES UP

(Special to The Daily News.)
Washington, July 17.—Great Britain has served notice upon the United States that order must be preserved in Mexico. The British foreign office invokes the Monroe doctrine to show the responsibility of the United States in the matter. Great Britain has not recognized the Huerta government, while the United States tardily did so.

How Proctor Was Killed.

Victoria, July 12.—Seymour Clifford Macdonald, an electrician, was arrested tonight on a charge of manslaughter in connection with the death of Thomas G. Proctor. He was released on \$10,000 bail. Macdonald has confessed to running down Mr. Proctor with his automobile.

Mrs. John Flewin of Port Simpson is in the city, a guest at the G. T. P. Inn.

PORT SIMPSON MOURNS LOSS OF INDIAN GIRL

**One of the Brightest Pupils
the Crosby Home—Popu-
lar with All.**

Port Simpson, July 16.—Much sorrow is felt here over the death of Laura Pearl Legaie, the year-old daughter of Chief Legaie, which sad event took place at Tucks Inlet canyon on Monday at 6 o'clock from hemorrhage. Since the death of her mother three years ago she has been a pupil at the Crosby home here along with her sister who was regarded as exceptional bright and clever for her years. She was well liked by both Indians and whites. Besides her sister, she is survived by two brothers, living at Metlakatla. It is expected that the remains will be brought here for interment. Present they are at E. L. Herber's undertaking parlors in Prince Rupert until the final arrangements are made.

BRYAN FINDS IT OUT

ENGINEERS COMING

**Test Water Flow of Principal
Streams of Coast.**

(Special to The Daily News.)
Vancouver, July 17.—Engineers parties are leaving here in a motor launch to take the flow of water of the principal streams along the coast between Powell River and Prince Rupert.

EXCAVATIONS DELAYED

**Extra Work for Hotel Basement
Would Cost Heavily**

The builders of the new Premier Hotel have not yet decided whether they will use the permission granted to them by the City Council to make extra excavations on Sixth Street in order to provide good light for the basement of the hotel. Such further excavations would add the considerable sum of one thousand dollars to the cost of the building. They will not therefore be undertaken in a hurry, but word from the Vancouver architects in charge of the work will be waited for. This is expected tomorrow.

THE ENGLISH ATTITUDE
TO EMIGRATION.

A writer in the Spectator says some shrewd and pertinent things regarding the present panic caused by the tide of colonial emigration. While admitting the serious depletion of Scotland, he points out that a very different condition applies to England, where there is an enormous increase in the urban populations. Whatever is true of Scotland, in England and Wales emigration has not yet overtaken the natural increase in the population. Taking London as a typical example, this writer points out that the population of Greater London has increased by close upon a million within ten years, and that it is still growing. Thus, in the week ending May 17th there were 2,347 births in Greater London, as against 1,596 deaths. This means that in spite of the alleged declining birth rate there is an excess of 750 births over deaths in Greater London alone, and the same is true of nearly all the large towns. It comes to this, therefore, that instead of fearing emigration the question the people of England have to face is how to deal with the tremendous growth of their urban population. The population of England and Wales has been increasing by leaps and bounds since the beginning of the nineteenth century, and the increase has never been greater than during the first decade of the twentieth

century. The moral is, don't worry about emigration. There is land awaiting people in Canada and Australia, and it is important that these dominions should be peopled by Britishers. By all means try and solve the problem of getting people to return to the untilled acres of England, but the fact remains that if every one of those acres were under cultivation by as many people as it could support, England should still fail to overtake the present growth of her urban population.

A TOKEN OF
BONDAGE?

"At present," says Mme. Claire de Pratz in "France from Within," "many French women who have been educated in the public laicized schools refuse to wear this symbol of their bond (a wedding ring), so that there are many married women in France who wear no wedding ring at all—a terrible heresy indeed in the eyes of some Anglo-Saxons." The French wedding ring, the author adds, is generally made in two parts, the wife wearing one and the husband the other, both rings being blessed at the altar when there is a religious ceremony.

Should it be established that "Sunny Alberta" has a store of anthracite coal within her borders, the raising of No. 1 hard can be left to her more frigid neighbors to the east.

VETERAN ENGLISH CRICKETER
IN GAME FIFTY-FOUR YEARS

DR. W. G. GRACE WILL CELEBRATE HIS SIXTY-FIFTH BIRTHDAY THIS MONTH, BUT IS STILL IN THE GAME.

London, July 12.—Although he will be 65 this month, Dr. W. G. Grace is still keen on the great summer game, and can "gather them" in the best club cricket. He has already this season made a number of runs for Eltam, for whom he again turned out a week ago Saturday against Gravesend.

Dr. Grace played in his first recorded match 54 years ago, and when only 16 appeared for the Gentlemen against the Players. In first class matches he has played no fewer than 126 three figure innings—125 in England and one in Australia—and in all kinds of cricket he has hit as many as 217 hundreds, a feat which no other cricketer has approached. He has scored no fewer than 12 double centuries in first class matches, and in consecutive innings in 1876 he made 344, 177 and 318 not out.

In 1895, when within two months of his 47th year, "W. G." scored 1,000 runs as early as May 30. But perhaps the most remarkable performance of his career was at Gravesend in May, 1895, in a match between Kent and Gloucestershire. He was in the field while every ball was bowled, and scored 257 and 73 not out, his wonderful batting, coupled with Painter's unexpected success as a bowler in the second innings of Kent, giving Gloucestershire a brilliant victory.

Dr. Grace has also on seven occasions accomplished the double feat of scoring 1,000 runs and taking 100 wickets in one season, and the achievement is

all the more remarkable when it is remembered that during that period he played in more first class matches than in recent years.

It has been well and truly said that he is the greatest cricketer who ever played, and that we cannot hope to see his like again.

TO REPORT ON CANADA'S
GROWTH AND REQUIREMENTS

One of the most interesting things in connection with the manner in which Canada is forcing itself upon the attention of farsighted and worldwide commercial enterprises, evidence of which is becoming more frequent every day, is found in the fact that the world famous Guinness's Brewery has sent its special representative, Mr. Arthur T. Shand, to make the most careful investigation and exhaustive report of trade conditions and general development and prosperity of the people, particularly as relates to the ultimate effect and bearing it will have in all of its varied ramifications and aspects, commercially, socially and intrinsically. Mr. Shand is particularly well equipped for the present task, having been here on three different occasions, covering a period of fifteen years, and having by his experience in circling the world upon these missions of trade enlightenment acquired special knowledge of commercial conditions and their relative bearing. His special report in this case will be of much interest, both to his principals and to Canadians everywhere.

NO WOMEN LAWYERS IN ENGLAND FOR PRESENT

Miss Webb Has Entirely Failed in Her Action Against the Law Society.

London, July 12.—There will be no women solicitors in England at any rate for the present, Miss Webb having failed in her action against the Law Society. Justice Joyce, giving judgment today, said he did not doubt that before the legislation of 1843 women were disqualified by sex from becoming or practicing as solicitors or attorneys. There was no indication in subsequent legislation of any intention to alter the law on that point, and he was certain there was no intention of the legislature to do so.

Becker Trial Refused.

New York, July 12.—Charles Becker's application for a new trial on the charge of murdering the gambler Herman Rosenthal was denied today by Supreme Court Justice Goff. If relief comes to Becker now it must be through the higher courts. For months he has been in the death cell at Sing Sing.

Redmond Barry Dead.

London, July 12.—The Right Hon. Redmond Barry, lord chancellor of Ireland, died last night. Redmond Barry was born in 1866. He was solicitor general of Ireland from 1905-1909 and attorney general from 1909-1911.

JACK JOHNSON HAS ARRIVED IN PARIS

French Authorities Have Not Yet Decided Whether to Deport Him or Not.

Paris, July 14.—Jack Johnson, negro heavyweight prize fighter, accompanied by his wife and his nephew, arrived today in Paris. The pugilist drove to several hotels before he was able to find accommodation.

Johnson said he intended to make Paris his headquarters in the future, and that never on any account would he fight again in America. He added that he had arranged for several fights to take place in Europe in the autumn.

It is not generally believed here that Johnson will be deported from France, but the French authorities have not yet arrived at any permanent decision with regard to that status of the case.

PEOPLE WHO LIVE IN GLASS HOUSES

The joke has turned on the reporter for an evening paper which a couple of days ago poked some fun at the staff of one of its contemporaries who for several days were puzzled to discover the cause of most unpleasant odors in the office which turned out to be from decomposing fish caught by the office boy and hidden away by rats. The reporter, accompanied by another member of the staff, went fishing on a recent Sunday and during the day got some salmon eggs which they deposited in their pockets. On their return home they forgot to remove the eggs and for the last three or four days have been sniffing and wondering what caused the sniff. Things got so bad that a thorough investigation revealed the cause, the decaying eggs left in the pockets of their fishing coats.

TERMINUS OF NEW LINE

Saskatoon Becomes Terminal of C. P. R. Line from Calgary.

(Special to The Daily News.)

Saskatoon, July 17.—Saskatoon is about to become the terminus for a direct line from this city to Calgary via Milden and Empress to be built by the C. P. R. A despatch has been received to the effect that this route has been entered on the new C. P. R. maps just issued at Ottawa.

The new line of the C. P. R. will mean the tapping of a large territory south and west of Saskatoon, both in Saskatchewan and Alberta, and will increase the distributing territory of this city to a large extent. In addition to this it will mean that Saskatoon will become the grain centre for a large territory of land which heretofore has been depending upon other cities on the main line of the C. P. R. and C. N. R. Construction work on the new proposed line will be started next year.

When Summer Stops the Swing

Most of us can remember the school lesson in the law of accumulated motion—momentum.

If you exert a pound of pressure against a man in a swing, you'll start him moving slowly "to and fro." If you continue to exert a pound of pressure against him every time the swing makes a trip, you'll soon have him going so high that he almost turns the whole circle. If you stop pushing, the momentum will die out and the swing come to rest at "dead centre."

Winning trade follows the same natural laws.

Advertisements are the force behind the swing of public favor. Each new advertisement increases the momentum. Finally, the accumulated force of these numerous impulses swings indifference to the buying point.

If you stop Advertising, you lose momentum.

The moral of which is:

Don't stop the business swing in Summer.
Keep adding the pounds of Advertising pressure.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.
