

ASQUITH DEPLORES CONDITIONS AMONG BALKANS

NICARAGUA MAY BECOME PROTECTORATE OF UNITED STATES—MRS PANKHURST ARRESTED

ASQUITH'S GUESTS FIND STRANGE CARDS IN THEIR SOUP PLATES

A LA SUFFRAGETTE—NOW WASN'T THAT A DAINTY DISH TO SET BEFORE THE KING?—CONSOMME OF "VOTES FOR WOMEN."

London, July 17.—With the season on the wane, it has been experienced at the Palace among the cooks and a thousand or more persons have been there daily since the court of the season was King George and Queen Mary. There are eighty cooks and it is necessary to put a special guard over them to circumvent their plans of the suffragettes to bring their cause to

the attention of Their Majesties, via the kitchen. Although it is denied, there is a story current in London that at a recent banquet when the guests finished eating their soup they found at the bottom of each plate a neat little circle of paper on which was printed the words "Votes for Women." Since every one in the kitchen disclaimed any knowledge of the matter, it was impossible to discharge any employee without turning off the entire force.

ASQUITH IS NOW FORGING AHEAD WITH HER MERCANTILE MARINE

ARE TWO HUNDRED AND THIRTY YARDS FOR SHIP BUILDING IN THE COUNTRY AND MANY LARGE VESSELS ARE UNDER CONSTRUCTION.

Japanese are forging ahead in the world of mercantile marine as indicated by figures which are authentic. There are at least twenty-four subsidized ship lines in that country flying the flag to almost every part of the world. It has been estimated that an extension to New York is on the cards, though definite information on the subject is to hand. But these subsidized lines are interesting, particularly in view of the opening of the Panama Canal, because it is certain the American flag will develop enormously. The Japanese will be in it. It is estimated that there are ship building yards in Japan, but junk construction is carried on in any of these. It is a separate industry, so to speak. No fewer than seventy steamers and one hundred forty-seven sailing vessels were turned off the stocks last representing nearly 40,000 tons. It is a big thing for a country so young in the big shipping trade, and points to a future worthy of consideration. The figures do not include the large steamers completed. The statistics were compiled at Nagasaki and Kobe. Large steamers have been built in the water, to say nothing of the ships of war built for the Japanese navy. The yards at the present time are working full time, indicating a desire on the part of the Japs to maintain their position as a naval power. They have not sent out of the country for a few years back. Occasionally they do send abroad, but not often. They are quick at picking up new ideas, and build to any design. Several of the companies are ready to lay down keels for large passenger liners for foreign service. The European lines are gradually coming more to the

front, and it is only a matter of time when the flag of Nippon will float from some of the biggest steamers trading between Yokohama and London. It is the aim of the companies to do this, and they are not easy to check when they set out to reach their goal. Up till recently Japan had 2,545 ocean going steamers, aggregating over a million tons, and as there is a law in existence now for the encouragement of local ship building, it is easy to predict an early advance on these figures.

BOTH CONTESTANTS ARE INTERVIEWED

What Seattle's Favorite and Rupert's Hope Have to Say of Coming Bout.

Lem Kegg and Eddie Shannon, who are to battle for the championship of Prince Rupert on Thursday night, both appear to be in the pink of condition and much interest is taken in seeing the men handle themselves with their boxing partners. As to their relative merits as judged from these practice bouts, the "fancy" is much divided in opinion, but there is no doubt the men are well matched and will give the public a good show for the money.

Eddie Shannon, Seattle's favorite, when interviewed this morning, said: "Being a stranger in a town is no new thing to me, and I know just how the local fans feel toward their local boy. But a great many of the boys know me by reputation, and some of them have seen me in action before, so I do not feel altogether a stranger.

"In regard to my coming contest with Kegg, I will say that I have trained conscientiously with my training partner, 'Cyclone' Scott, who has been handling Joe Bayley. I feel that with Kegg I will have my work cut out for me, and am therefore not leaving any stones unturned. However, I expect to win, most assuredly."

Lem Kegg, Prince Rupert's hope, said this morning: "Although I am not what you might call a soubriquet, I have made my home here for some time and am anxious to establish a record for myself in Prince Rupert. I can positively assure you that although I have engaged in thirty-eight boxing contests I am in as good a condition as I ever was, and it will not be my fault if I don't keep the money in Prince Rupert. Although the articles of agreement for my contest with Mr. Shannon call for 133 pounds in the ring, I expect to make 128 pounds. If I win this I want to meet Joe Bayley."

MRS. PANKHURST ONCE MORE UNDER ARREST

Another Wild Scene in Which Militants Used their Hatpins and Stabbed Several

(Special to The Daily News.) London, July 22.—Mrs. Pankhurst was again arrested yesterday and once more safely landed in Holloway jail. Through a dense crowd her captors managed to get their prisoner into a taxi, after which a big force of policemen closed in around the vehicle to stop the rush of the infuriated suffragettes screaming "Murderers," "Assassins," and so forth. Some of the women used their hatpins as weapons and several persons were badly hurt.

Upon arrival at Holloway jail Mrs. Pankhurst refused to descend from the taxi, so the police hauled her out and carried her into prison.

THE NEW COAL HOLE

That Three Hundred Tons Really Went Through Dock.

It turns out that there is no bunkum in the story of three hundred tons of coal breaking through the coal docks of the G. T. P., and if "the report was greatly exaggerated," as one official of the company said, why he must have heard even a bigger story than anybody else. Anyone going down to the dock can see for himself the huge gaping hole that was made when the timbers gave way and the coal plunged into the harbor. Those living near by who heard the racket about half past 7 o'clock on Friday evening imagined from the great roar which they heard that another huge blast had been shot off. But it was just coal, three hundred tons of perfectly good coal, rushing to bury itself in the harbor. And there it is likely to remain. Meanwhile the wharf still stands, with some coal on it, and nothing to show for the mishap but a big hole. Through that hole went about \$3,000 worth of coal.

FIFTH AVE. SHOWING STRONG

It is easily apparent to anyone that Fifth Avenue is now and will be for all time to come the best street in Section Six. This street is bound to carry the heaviest traffic, yet property is cheaper than on Sixth Avenue. We can offer for the next few days a Fifth Avenue lot for \$2,950, with a cash payment of \$950. Lots no better have sold for \$4,000. This is worth looking into. H. G. Helgerson, Ltd. Phone 96 G. Helgerson, Limited. Phone 96. 169-1f

The Evening Empire, which cannot be called even a "machine organ" nor the organ of a party, but only the organ of a sorehead and a disgruntled candidate for the mayoralty, devoted more than a column of space last night in a vain attempt to show its loyalty to the Conservative party. The motive which stirred this constant knocker of the city's best interests to such an unusual and unexpected burst of party loyalty was, no doubt, a desire to win the graces of the Conservative organizer, Dr. Scharschmidt, who was a visitor to Prince Rupert yesterday, in the hope of getting a slice of the government pap.

NICARAGUAN TREATY WITH UNITED STATES

President Wilson's Policy of Protection and Supervision Finding Senate Support

Washington, July 22.—Strong support has developed in the Senate for President Wilson's policy of granting protection and supervision by the United States over Nicaragua. An informal poll of the committee on foreign relations taken last night indicated that the treaty proposed by Secretary of State Bryan on Saturday, will be endorsed by a safe margin of votes and that it will come into the Senate with the backing of influential members of both political parties.

EXCITING SHOOTING

Three Men Tie at Bisley for Telegraph Cup.

(Special to The Daily News.) Bisley Camp, July 22.—An exciting shoot took place yesterday for the Telegraph cup. Three men tied for it—Corporal Gray, Captain Marchen and Private Dunner. All three made bullseyes, but at the fourth round Gray scored a fourth bulls-eye and won. The others got inners.

GOING AHEAD FAST

Ground Floor of New Hotel is Being Laid.

The work of excavation for the new Premier Hotel building on the corner of Second Avenue and Sixth Street is rapidly nearing completion. Work is already well under way on the construction of the ground floor. It has been decided not to use the permission granted by the city council for further excavations under the sidewalk. These excavations would have been made in order to secure reflected light in the basement by means of transoms in the sidewalks. It has been found less expensive, however, to build the basement windows so that they will catch the light of day directly.

ASQUITH SAYS THE BALKAN SPECTACLE IS DISHEARTENING AND REPELLANT

PREMIER ASQUITH DECLARES THE ALLIES ARE DRENCHING EACH OTHER'S TERRITORY WITH BLOOD WHILE TURKEY REAPS THE ADVANTAGE.

(Special to The Daily News.) Birmingham, Eng., July 22.—At the Chamber of Commerce banquet here last evening Prime Minister Asquith made a stirring address, much of which was devoted to the war in the Balkans. He characterized the spectacle presented by the Balkan states as being as disheartening and repellant. On the one hand, by their united efforts they had freed themselves from Turkish rule and were now drenching the

liberated territory with one another's blood; on the other hand, Turkey, disregarding the treaty of London, the ink of which was scarcely dry, was taking advantage of the existing differences between her late enemies to recover her lost territory. The situation was indeed disheartening, went on the Premier, but the powers were doing everything possible under the disadvantageous circumstances to bring about a peaceful conference.

POLICE PUZZLED BY A SERIES OF STRANGE ATTACKS ON GIRL

OFFICERS ARE BAFFLED BY ACTIONS OF A MYSTERIOUS ASSAILANT OF YOUNG COLORED WOMAN.

Los Angeles, July 19.—Another attack on Martha Walters, 20 years old, known to the police as "the girl of mystery," has completely baffled the department today. Miss Walters was found last evening, trussed and gagged and tied to a heavy sewing machine in her home. Nearby lay a drug of a peculiar odor. The furnishings of the room had been set afire. The girl was taken to a hospital and revived. An attempt was made to burn the Walters home on December 1st. Four weeks later the house was again fired and Miss Walters' brothers, Leonard and Leopold Walters, were burned to death. Four days after the second fire the girl was found unconscious

in the street in front of her home. She said she had been attacked by two men. On January 2nd Miss Walters visited the graves of her brothers at Forest Lawn cemetery. Later she was found in a clump of bushes near the graves, apparently badly beaten. She declared her assailant was a giant Mexican. While in bed from the shock of the last attack, a man, said by Miss Walters to have been the Mexican of the cemetery attack, appeared at her bedside, dragged her from the bed and beat her cruelly. The police have been unable to unravel the mystery and the girl claims to know no reason for the attacks.

HUMAN CHAIN RESCUED MAN FROM DROWNING AT NIAGARA

FOUR MEN FORMED CHAIN TO REACH MAN IN DIRE PERIL ON THE BRINK OF THE AMERICAN FALLS.

Niagara Falls, N. Y., July 19.—Truman Chapman, 22 years old, of Hamilton, Ont., was rescued from the brink of the American Falls last night by four men, one of whom took a desperate chance to reach him. Chapman was sitting on the iron railing just above Prospect Point and was seen to suddenly topple backward into the stream. At this point the current is swift and the pull toward the brink of the falls, fifteen feet away, almost irresistible. After striking the water Mr. Chapman's body lodged against

two projections of rock and this undoubtedly saved him from almost instant death. John Hughes and Thomas S. Winders of Niagara Falls, Thomas D. Thomas of Toronto and a fourth man who did not give his name leaped over the railing. The unidentified man waded several feet but did not reach Mr. Chapman. Twice the man at the end of the chain was swept from his feet, but he clung to his burden and the united efforts of the men nearest, who had better footing, finally swung the two of them out of the grasp of the current.

New G. T. P. Schedule.

A new passenger and freight schedule on the Grand Trunk Pacific out of Prince Rupert goes into effect on Sunday next. The new schedule provides for passenger and freight service through to Morrice town, twenty-four miles beyond New Hazelton. For passenger trains the time of departure from Prince Rupert remains unchanged. Morrice town will be reached at 7:15 p. m. On the return trip the passenger trains will arrive in Prince Rupert at 6:10 p. m. instead of 5 o'clock. There will be three way freights each week instead of two, as formerly, leaving Prince Rupert at 8 a. m. on Mondays, Wednesdays and Fridays.

25 Suits and Coats, this week only for \$15.75; regular price \$18.00 to \$27.00. See window at Demers. 1701f

STORM IS DELAYING STEFANSSON'S PARTY

Several Members of Party Waiting to Load Third Vessel of Expedition

Nome, July 22.—The southwest storm which began last night delayed the departure of Stefansson and his party, and had the storm held off twelve hours longer all the scientists would have joined the old whaler Karluk. Several of them were waiting here to complete the loading of the schooner Mary Sacha, the third vessel of the expedition.

ROUMANIA TAKES STEPS TO ACQUIRE NEW TERRITORY
Bulgaria, beaten at many points by the Greek and Serbian allies, has appealed to the powers to arrange peace. Meanwhile, Rumania has moved troops to occupy territory extending from Turukai to Baltechik on the Black Sea, and including the city of Silistria, as compensation for her neutrality in the late war with Turkey. The scene of the chief Bulgarian defeat at Guegheli is shown in the above map.

DAILY EDITION. Tuesday, July 22, 1913

THE PROSPECT FOR LUMBERMEN

A brief survey of the conditions affecting the lumber industry is given in the annual number of the Western Lumberman, which has recently come to hand. No feeling of despondency on account of the money stringency is expressed. On the contrary the Lumberman thinks that such temporary depressions may be, perhaps, blessings in disguise, since they serve as a check to the tendency towards an excessive precocity and put a brake upon the too rapid development which is apt to arise from a prolonged spell of uniform prosperity.

In spite of the inactivity which has prevailed in business circles during the past six months there has been considerable development in the lumber industry of the west during the year. At the coast and in the mountains new mills have been placed in operation and existing mills have undergone enlargement while in the Prairies many new retail yards and wholesale warehouses have opened for business. Almost all existing businesses, too, whether manufacturing, wholesale, or retail report increased trade—a condition brought about by the great increase in population—and state that the year's business has been good.

Future prospects are considered to be good. For one thing with a good crop, there will be an immediate betterment in all lines of business. Again in the lumber manufacturing circles prospects are excellent. The proposed alterations in the United States tariff should, if they go through, enable the Canadian manufacturers to enter the American market upon a basis of equality. The opening of the

Panama Canal, also, should do a great deal to stimulate the manufacturing industry of British Columbia by lessening the freight rates and the time of transportation between Western Canada and European ports.

There are, however, dangers which, though still distant, are beginning to threaten certain branches of the lumber industry. Chief among these is the competition which is creeping in owing to the cheapening of brick and brick construction. Other rivals to the lumberman are the makers of concrete, of metallic ceiling and metallic siding, of metallic and asbestos shingles and of the tiles which many of the brick plants recently established throughout the west are turning out.

To cope with their rivals the Western Lumberman advises the heads of the lumbering industry to advertise their wares vigorously. It does not think, however, that the threat of such extraneous competition is commensurate with the possibilities afforded by the prospects of a widening market.

THINK OF THIS, IN ULSTER!

The Londonderry and other Ulster towns rowdies for the last three years have been chalking on walls such legends as "Papist Ned," "Fenian Geordie." Outside admirers of Ulster loyalists, if there are any, may be surprised to learn that "Papist Ned" meant the late King Edward, "Fenian Geordie" our present King. The observance of constitutional procedure by the sovereign is thus stigmatized by the patriots of North Ireland who want to continue ruling that country.

HAZELTON MINING NOTES

Frank Brown and Bert McNaught have been on the Lead King, on Nine Mile Mountain, doing exploration work on the big King vein, which was discovered two summers ago by P. J. and Theodore Jennings and which was of so much interest at the time. The improved transportation will enable the owners to get busy.

Slats Webber came into town Monday from the Ingenica group with some fine specimens of ore taken from under the capping on Pyramid claim. The boys are making new discoveries every day, although the prospecting is slow on account of the slide rock and timber. They have a good trail to their property.

At the present time there is a good deal of prospecting around the Skeena Crossing side of the Roche de Boule Mountain in the vicinity of the Brian Boru.

Martin Kane has some fine looking ore on the Maid of Erin group on Four Mile Mountain, adjoining the Erie.

Tim Sexton, better known as Tracey, is in from the Hudson Bay Mountain with some nice looking rock from his claim, adjoining the White Heather group of Frank Martin and Joe Trethewey. It looks like the same character of ore and will likely run rich in silver.

P. J. Jennings and M. J. Burns left Tuesday morning for the Highland Boy group on Roche de Boule, where they will spend the next week or ten days. It is their intention to go up on Nine Mile Mountain as soon as they get back and look over the properties there with a view to further investments.

Reports this week from the Wild Rose mineral claim on the Roche de Boule, just behind the Great Ohio group, are very promising. The first of the

week Ferguson came in from the property with some fine samples of ore he took from the main vein. Ferguson was out for Fred Peterson, the owner of the Wild Rose.

At the Harris mines the boys are drifting to the north on the 185 foot level and also raising to the 100 foot level for air. The ore in the drift continues good and the boys are well satisfied. They are now stripping the vein at the north end and down the hill preparatory to starting the long tunnel on the vein.

On Wednesday afternoon the good news came from General Manager Haskins at the Silver Standard mine that they had broke into ore on the upper vein. The big crosscut tunnel from the main shaft was completed the latter part of the week and it opened up a strong vein three feet wide. The tunnel is 425 feet long and gives a depth of 350 feet on the upper vein.

Last week D. McLeod and Duke Harris made a trip to Silver Cup mine, on Nine Mile Mountain, for the purpose of looking over the property with a view of getting development work started again this summer. Mr. McLeod reported that they inspected Nos. 2 and 3 tunnels on the Cup claim as well as the workings on the Duke claim, farther down the hill. The No. 1 tunnel is still filled with snow. With the Nos. 2 and 3 he was more than pleased and states that they are in fine shape to begin taking out ore. The No. 3 gives them at least 700 feet of depth and the vein is strong and the ore high grade. Mr. McLeod is recommending to the company that work on the Silver Cup be resumed this summer. He is making a full report to the company and it is expected that the directors will act upon his recommendations.—Omineca Herald.

BELLA COOLA NOTES

The local farmers are busily engaged hauling potatoes to the wharf in readiness for shipment to Prince Rupert and other coast ports. Over forty tons were shipped on the Venture last week, consigned to Prince Rupert, and a like quantity will be ready for the same boat on her next call.

Bridge Foreman Keough and his gang are making preparations for the commencement of construction, which will be undertaken as soon as possible. The new bridge will be built immediately alongside the present one, thus necessitating very slight alteration to the present road.

Mrs. P. Noot comes from Victoria to pay a visit to Captain and Mrs. T. Thorson.

Miss Ellen Thorson returns home after an extended visit to her sister, Mrs. P. Noot, Victoria. Mr. and Mrs. Rolston have taken temporary residence in a beautifully situated summer camp on the Necleetsconny River, where Mrs. Rolston and some lady friends will spend a portion of the summer.

Mr. Roy Collard, who recently left Bella Coola to make his home in the Peace River country, writing to a reader of the Courier, says: "I am thoroughly satisfied with the country and have already taken up a homestead about twenty-two miles northwest of Peace River Crossing. It is a fine, parklike country, every quarter section containing from sixty to one hundred and twenty acres of open prairie."—Bella Coola Courier.

COMMERCE OF THE DOMINION WITH THE UNITED KINGDOM

NEW TRADE REPORT SHOWS GREAT DECLINE IN CANADIAN IMPORTATION OF BRITISH PRODUCTS—SALES NOT PUSHED ENOUGH.

London, July 17.—In the report of the trade commissioner for Canada, published by the Board of Trade recently, the commissioner asks if there is any reason why a train such as is utilized by the Canadian Manufacturers' Association, should not be used to exhibit British manufactures right through the Dominion, visiting the principal cities on a regular and published itinerary. Curiously enough, this suggestion has been made in several trade centres recently, particularly in Lancashire and Yorkshire, where the manufacturers feel they are not getting enough of the trade of Canada. Now that Mr. Hamilton Wickes has directed the attention of British manufacturers to the question, it is very probable that something will be done.

The report gives the British manufacturer serious food for thought. The sliding scale (downward) of British trade and the sliding scale (upward) of United States trade is shown in the following figures: From the year 1872 when they were 38.5 per cent. of the total, free imports from Great Britain have declined to 13.3 per cent. in 1912-13. Dutiable imports in the same comparison have declined from 66.6 per cent. to 23.9 per cent. During the same period free imports from the United States have increased from 53.4 per cent. to 69.8 per cent. and dutiable imports from 23.4 per cent. to 63.3 per cent. The commissioner says: "The decline in the proportion of imports from the United Kingdom, which has been gradual and consistent, is a serious matter. The trade so lost to that country has not been divided between a number of other countries, but has been almost entirely absorbed by the United States, as the figures of imports from the latter country clearly show."

Europe to buy (one retail Montreal firm alone claims to send over twelve at least once and some twice a year to the United Kingdom), and it is contended that had the British manufacturer half the energy or gone to the expense that the Canadian firms annually incur on behalf of their business the trade of the United Kingdom would occupy a far more commanding position than it does today. Failure to appreciate the desire of Canadian merchants to do business with principals and not with agents has resulted in business passing from the United Kingdom and going to the United States, so determined is the Canadian importer to trade only with the manufacturer. As is the rule with British blue books, the report proceeds by inference rather than by recommendation. From this standpoint it forms a serious indictment of British trade methods, and it is apparent that unless British manufacturers wake up they will lose the trade of the Dominion in even greater degree than is indicated in the statistics quoted.

FAUNAL ADVANTAGES. The birdie's home Is cool and nice Without screen doors Or fans or ice. —Youngstown Telegram. The rabbit in His burrow lies, And ne'er is roused By pesky flies. —Denver Republican. The polar bear On icebergs lurks Without a care For fireworks. —Seattle P.-I. That creature queer, The Bohunk, takes His cheese and beer Sans stomach aches. 25 Suits and Coats, this week only for \$15.75; regular price \$18.00 to \$27.00. See window at Demers. 4701f

STEWART NOTES.

Capt. John Irving spent the past week here. Jake Hawkins, one of the first to start a restaurant here, is in camp. E. A. Rolf, the lumberman, is back in Stewart, from a lengthy visit to Vancouver. Mrs. Henry Avison, Mrs. Jensen and her son Lorne, have returned to Prince Rupert after spending a week's outing here. Harry Smith, the pioneer merchant of the camp, after spending several months in California is back at his desk in the Big Store. Alderman Bullock-Webster of Prince Rupert, the manager of the Northern British Columbia Agricultural and Industrial Exhibition paid a flying visit to Stewart on Thursday in connection with the work of the September exhibition. Asst. Commissioner of Fisheries, John Pease Babcock, has returned to Victoria after an inspection of construction work that was undertaken at Meziadin Falls last winter, for the purposes of providing a more easy access to the lake by the spawning salmon. He was reticent regarding the work so far accomplished. —Portland Canal Miner. "Western Lumberman." The annual number of the "Western Lumberman" has just been received. It contains, among other interesting articles, a review of the conditions of the lumbering industry and a surmise as to its prospects under the title "Anticipation and Retrospection." There is an article on "The Effects of the Proposed U. S. Tariff," by T. F. Paterson of Vancouver. Another contribution, written by Ernest McGaffey, is entitled "Among the Big Trees of British Columbia." The effect of the Panama Canal on the timber industry and the possibilities of Vancouver Island and the coast of British Columbia are therein considered. Ample information, too, is given in numerous other articles as to the state of the lumbering industry on the coast and in the prairie provinces.

When Summer Stops the Swing

Most of us can remember the school lesson in the law of accumulated motion—momentum.

If you exert a pound of pressure against a man in a swing, you'll start him moving slowly "to and fro." If you continue to exert a pound of pressure against him every time the swing makes a trip, you'll soon have him going so high that he almost turns the whole circle. If you stop pushing, the momentum will die out and the swing come to rest at "dead centre."

Winning trade follows the same natural laws.

Advertisements are the force behind the swing of public favor. Each new advertisement increases the momentum. Finally, the accumulated force of these numerous impulses swings indifference to the buying point.

If you stop Advertising, you lose momentum.

The moral of which is: Don't stop the business swing in Summer. Keep adding the pounds of Advertising pressure.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 505 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

Williams, barrister at law, of the City of Prince Rupert, Province of British Columbia, intend to apply to the Chief Commissioner of Lands for a license to prospect for coal and petroleum over the following described lands on the west coast of Graham Island: Commencing from the post planted one mile south from the southeast corner of Coal Lease 7432, thence 80 chains south, thence 80 chains west, thence 80 chains north, thence 80 chains east to place of the beginning, containing 640 acres. W. E. WILLIAMS, Filippo Panvini, Agent. Located May 11th, 1913. Pub. July 7, 1913—Aug. 4, 1913.

NOTICE.

Estate of William Hyde, Tobaccoist and Fruit Merchant, Assigned. Notice is hereby given that tenders will be received for the purchase of the credits, assets and effects of the above named William Hyde, which said credits, assets and effects are situated at the premises formerly occupied by the said William Hyde, 607 Third Avenue, Prince Rupert. The assets of the assigned include the good will and effects of the City Messenger Service. All tenders must be in the hands of the undersigned not later than 12 o'clock noon of the 17th day of July, A. D. 1913. The highest any tender not necessarily accepted. Dated at Prince Rupert, B. C., July 8th, 1913. FREDERICK GEORGE DAWSON, Assignee.

NOTICE OF ASSIGNMENT.

The Creditors' Trust Deeds Act, and Assigning Acts. Notice is hereby given that William Hyde, carrying on business as a merchant at Third Avenue, Prince Rupert, in the Province of British Columbia, has by deed dated the 5th day of July, A. D. 1913, assigned all his credits and effects, which may be seized and sold under execution, and all his real estate to Frederick George Dawson, of the said City of Prince Rupert, merchant, for the purpose of satisfying ratably and proportionately and without preference or priority all his creditors; And notice is hereby given that a meeting of the creditors of the said William Hyde will be held at the office of Williams & Manson, Barristers, Helgerson Block, Prince Rupert, B. C., on Thursday, the 17th day of July, A. D. 1913, at the hour of 2:15 o'clock in the afternoon; And notice is hereby given that all persons having claims against the said William Hyde are required to forward particulars of same, duly verified by statutory declaration, to the said Frederick George Dawson, addressed to him at the said City of Prince Rupert, on or before the 30th day of July, A. D. 1913, and that all persons indebted to the said William Hyde are required to pay the amount due by them to the said Frederick George Dawson forthwith; And notice is hereby given that after the said 30th day of July, A. D. 1913, the assignee will proceed to distribute the assets of the estate among those parties who are entitled thereto, having regard only to the claims duly verified, of which he shall then have received notice, and will not be responsible for the assets or any part thereof, so distributed, to any person or persons of whose duly verified claim he shall not then have received notice. Dated this 8th day of July, A. D. 1913. WILLIAMS & MANSON, Solicitors for the Assignee, Frederick George Dawson.

BUSINESS WAS LIGHT AT COUNCIL MEETING

The Council Sat Down at 8 o'clock and Rose Within Ten Minutes.

There was no time wasted by the city council last night. The whole meeting, including the reading of minutes, occupied but ten minutes, from 8 o'clock till ten minutes after 8.

Alderman Bullock - Webster inquired of the acting mayor if there had been any other communication from Mayor Pattullo than the cable despatch, which simply signified the date of his return. Acting Mayor Naden stated that that was the only communication which had been received by the city from Mayor Pattullo.

A letter from the Knights of Pythias was read. In this there was a request made for permission to erect four statues in the cemetery, one at each corner of the society's lot, as distinguishing marks. The letter was referred to the cemetery committee.

The board of works reported that a letter had been sent to the Grand Trunk Pacific Railway requesting permission for the construction of a board walk from the end of Eighth avenue to the cold storage plant at Seal Cove.

Two New Atlantic Cables

Lisbon, July 18—Two new cables will connect the United States and England by way of the Azores. The contract was signed today between the Portuguese government and the European and Azores Telegraph Company.

Mr. Hayward, general manager of the Western Canada Power Company, who has been here inspecting the affairs of the Prince Rupert Hydro-Electric Company, returned to Vancouver yesterday morning.

PLUNGED INTO WATER WITH A HEAVY LOAD

Supposed Suicide Was Cooling His Drinks in Chilly Depths of Harbor.

A sensational story of attempted suicide met a sad end this morning in the police court when the hero of the tale was fined \$5 for drunkenness. J. S. Carlson was the man. He was seen yesterday evening shortly before sundown to go on the Government wharf, strip himself of coat and vest and boots and plunge into the water.

Once in the water he acted in a fashion which made it difficult to tell whether he really wanted to drown himself, as the onlookers supposed, or was only trying to cool down the heat caused by a heavy consumption of alcohol. He showed no intention of sinking himself in the water, but struck out vigorously. He was swimming toward the middle of the harbor when he was rescued by two launches sent out by Manager Beatty of the wharf and others who had witnessed his action.

When brought ashore the man showed a disposition to jump in again, but he was hauled off to the police cells and allowed to cool himself there instead of in the harbor. This morning he was simply fined as an ordinary drunk.

THRILLING MELODRAMA

Wild Life in Colorado Shown in "The Cowboy and the Lady."

A thrilling western melodrama, redolent of gun powder, "nose paint," sulphurous language and the other products of that fiery country known as the dry belt, was presented at the Westholme Theatre last evening by the Griffith Stock Company. "The Cowboy and the Lady" is a presentation of wild life in Colorado in the days when men went "heeled" to breakfast, used their forty-fives as lamp extinguishers and slept in their shaps. It holds the interest from start to finish, while some of the characters furnished the audience with abundant amusement. The acting of the play was good. "The Cowboy and the Lady" will be played again this evening.

Nicholl Hotel Opened.

The Nicholl Hotel, owned by Jens Anderson, is now running and everything is ready for the travelling public. The house is first class in every respect and the service is up to the minute. There is a fine bar in connection. Mr. Anderson is one of the real pioneers of the Skeena Valley and is very widely known.

LOCAL NEWS ITEMS

Pantorium Pioneer Cleaners. Phone 4.

Mrs. J. G. McNab arrived home yesterday evening by the Princess Sophia.

C. P. Judge of Vancouver, who arrived here recently, has taken a responsible position with the Rupert Marine Works.

Dr. Scharschmidt, Conservative organizer, left on the Princess Sophia last night for Atlin and Northern British Columbia points.

Daniel Corbin, president of the Spokane International Railway, was a passenger through here yesterday on the Princess Sophia for Skagway. He was accompanied by Mrs. Corbin.

Mr. Kissick, of the firm of Jensen & Kissick, real estate agents, has purchased his partner's interest in the business and will in future conduct it by himself.

E. F. Doyle, salesman with McCaffery & Gibbons for some time past, has severed his connection with that firm and has opened a real estate and insurance office for himself in the Smith Block.

The local riflemen who went to Vancouver to take part in the shoot of the Provincial Rifle Association are expected to arrive home by tomorrow's boat, the Prince George.

H. A. Philpot returned from the south yesterday evening by the Princess Sophia. His proposed trip to England in connection with the case of H. A. Philpot vs. F. S. Evans has been rendered unnecessary, as an agreement has been reached.

W. Marchant of Victoria, inspector of customs, was one of those going north last night on the Princess Sophia. He has gone to Dawson to inspect the customs offices there.

Dr. Bell-Irving of Vancouver, a well known cannery man, came from the south yesterday on the Princess Sophia and went to Ketchikan. Before returning to Vancouver he will visit the Naas and other canneries in which he is interested.

F. Pollard, instructor of public schools in Victoria, and Mrs. Pollard were passengers through here on the Princess Sophia yesterday. They were on their way to Skagway on the round trip.

The Messrs. Campbell, of the teaching staff of Victoria were passengers on the Princess Sophia last evening, making the round trip to Skagway and back.

A most successful dance was given by Mrs. Magnus Lofquist on Saturday evening in the rooms over the new store of the Prince Rupert Tent and Awning Company, of which Mr. Lofquist is the senior member. There were about a hundred and sixty at the dance, which proved a most enjoyable affair. The music was provided by the Westholme orchestra. Refreshments were served during the evening and a raffle was held for the benefit of the Scandinavian Society. The chief piece in the raffle was a cushion, which was won by A. Swanson. There were twenty smaller prizes, for which some two hundred tickets were taken. The proceeds were given to the building fund of the society.

ONE HUNDRED FOXES WERE TAKEN SOUTH

A valuable collection of young foxes, procured in the north country, went south on Saturday by the Princess May. The animals, which were taken in the neighborhood of Whitehorse, are being shipped south to add to the collections of fur bearing animals which are now kept in captivity. The foxes were of both the black and the silver varieties. They were over one hundred in number and were valued at over \$50,000. The death of one of them, which occurred on the way south, represented a loss of \$500.

Burial of Clifford Eiler.

The burial will take place today at Victoria of the body of Clifford Eiler, the brother of John Eiler of this city, one of the owners of the Prince Rupert Planing Mills, Ltd. Clifford Eiler met his death from drowning in a canoe accident at Shawigan Lake. The parents of the deceased will come here on Saturday to visit Mr. John Eiler. On account of the death the offices of the Prince Rupert Planing Mills, Ltd., have been closed today.
