BUSINESS MEN ARE URGED TO ASSIST FAIR TO THE UTMOST

PERCY GODENRATH, PUBLICITY AGENT OF THE EXHIBITION, EXPLAINS WHAT HAS ALREADY BEEN DONE AND WHAT REMAINS TO DO.

Before the meeting of the Board of Trade was formally opened yesterday evening, Percy Godenrath spoke to its members for a few minutes on the work of the Northern British Columbia Agricultural Association. Mr. Godenrath said that he had been surprised at the ignorance displayed by many as to the dates of the fair and as to the fair itself. He was anxious to give this knowledge and to let the business men know that he would visit them all shortly to raise further funds for the fair. In the neighborhood of \$8,000 was needed altogether.

He had found in the course of his canvass that people were asking when the fair would be held, the dates were September 24th to 26th. People were also asking where the fair would take place. It would be in the skating rink.

It was purposed to display chiefly exhibits of fisheries, min-

erals and vegetables. This was the first fair of any size or duration in Northern British Columbia. It was therefore up to Prince Rupert to make the fair a success. The officers of the fair had done splendid work. It was to be hoped that the business men would second their efforts. The offices of the association were now open. The furniture would be in on Saturday, when the fair would really commence.

The Licensed Vintners' Association had already contributed \$1,000. Mr. Godenrath believed that from \$2,500 to \$3,000 could be raised from the business men of the city. As the city would duplicate every dollar thus raised this would mean a contribution of \$6,000 to the funds.

Some private individuals were coming forward well. Alex. Prudhomme had given a silver cup valued at \$65, as well as \$75

FIRST BOY SCOUT TO BE KILLED WHILE IN ACTION.

A scout tragedy of an unusual character, probably the first death of a Canadian Boy Scout while on active service, was the accident that befell Victor Plant, aged 14, of Toronto. With other Boy Scouts he was climbing the Scarboro Cliffs on the north shore of Lake Ontario. While rounding a corner a large section of the cliff to which young Plant was clinging broke away. It rolled down, carrying the boy with it, breaking his neck and almost burying him head first in the clay at the base of the cliff.

TWO LEADING NATIONS WILL NOT EXHIBIT AT PANAMA FAIR

RUSSIA AND GREAT BRITAIN HAVE BOTH NOTIFIED THE U. S. GOVERNMENT THAT THEY WILL NOT BE OFFICIALLY REPRESENTED

(Special to The Daily News) St. Petersburg, Aug. 2.—The Russian Government has decided not to participate in the San Francisco Exposition officially, and yesterday notified the United States to that effect.

London, Aug. 2.—Great Britain has definitely decided against participation in the Panama Pacific exposition at San Francisco in 1915. Notification of this determination on the part of the British Government was conveyed officially to Washington this week, the despatch merely stating that Great Britain is not in a

position to participate. No reasons were given.

Both the British foreign office and Walter Hines Page, United States ambassador, decline to discuss the matter or to reveal the cause of this reversal of announcement made some time ago that Great Britain had decided to participate in the exposition.

It has been suggested for some time, however, that the dispute in regard to the Panama Canal tolls might possibly lead to this result and the present notification of nonparticipation is attributed to that cause.

CHINESE REVOLUTIONISTS ARE RESTING FOR REORGANIZATION

SOUTHERNERS PLANNING LONG, METHODICAL WAR—DR. SUN YAT SEN PETITIONS POWERS TO REFUSE FINANCIAL AID TO YUAN SHI KAI.

(Special to The Daily News.) Peking, Aug. 2.—An announcement from Canton that three divisions of Cantonese troops are preparing to march against the northern army is welcomed in Peking, the government officials saying they will anticipate the coming of these rebel troops and will thus be able to defeat them without risking the sacking, and perhaps burning, of Canton City and the disorganization of the northern trade.

Shanghai, Aug. 2.—Dr. Sun Yat Sen, one of the leaders of the southern revolution, declares at the reoccupation of Nanking

by government forces is only temporary and that they will soon be ousted. "The spirit of the southerners, he affirms, is undaunted, and they hope to renew the struggle as soon as arrangements with Kwang Tong and other southern provinces are completed.

London, Aug. 2.—A despatch to the Daily Telegraph from Peking says that admitting their failure in the present attempt to defeat the government, the southerners have reverted to a slower plan and have organized all the southern provinces for a long, methodical war.

ALLURING BIDS FOR PEACE CONFERENCE

Russian Government Denies That It Proposed to Take Warlike Steps Against Turkey.

(Special to The Daily News.) London, Aug. 2.—Alluring demands will be presented at the peace conference as to the proposed boundary, extending from Syrms River, running midway to Rumelia, and reaching the Aegean Sea, sixteen miles from Dedeagatch. This leaves the Bulgaria boundary line on the Aegean Sea less than thirty miles. If these terms are accepted, Bulgaria's issue from the two wars will be little larger than on entering, but she has abandoned a large territory to Roumania and in addition the allies maintain their demand for indemnity.

St. Petersburg, Aug. 2.—An official denial is given to the sensational rumor spread abroad that the Russian government had decided to take warlike steps against Turkey. It is stated that Russia has determined to avoid any action owing to the present trend of events in favor of an approachment with Austria.

COURT MARTIAL FOR ACCEPTING BRIBES

Seven Officers of German Ordnance Corps Are on Trial for Giving Information.

(Special to The Daily News.) Berlin, Aug. 2.—The greater part of the second day of the court martial which is trying the four lieutenants, the chief clerk and two non-commissioned officers of the ordnance corps on a charge of accepting bribes for giving information of pending government contracts for arms and ammunition was spent in hearing the testimony of a former Berlin agent of the Krupp Works named Brandt. The witness is to be detained in prison to appear later in the civil court on a charge of bribing.

From the Great Lakes to the Gulf of Mexico.

(Special to The Daily News.) Chicago, Aug. 2.—The first regular waterway service between the Great Lakes and the Gulf of Mexico will be inaugurated before September 1st, according to the plans announced by the Chicago Transportation Company. The service is to be both passenger and freight.

SPOILED CRICKET MATCH

Heavy Thunder Storm Interrupted the Great Game.

(Special to The Daily News.) New York, Aug. 2.—A violent thunder storm interrupted the first innings of the match between the All-New York fifteen and the Australian cricketers. The local players scored 118 and the Australians 118 in six wickets. Rain stopped the play at that stage.

REDUCED EXPRESS

(Special to The Daily News.) San Francisco, Aug. 2.—The State Railroad Commission has ordered reductions in the express rates of the Wells, Fargo Company amounting to \$750,000 from the present annual revenues of that company. Every rate of the company in this state has been devised by the commission on a ten mile zone basis, to be effective at the same time.

HOPEFUL FEELING FOR THE PEACE OF MEXICO

Washington Officials Regard the Situation More Optimistically—Aid for Americans.

(Special to The Daily News.) Washington, Aug. 2.—The developments in the Mexican situation are confined to efforts on the part of the administration to prevent unnecessary agitation over the revolution so far as the United States is concerned. The government is informed that both federalists and constitutionalists are complying with the desire of the American government for protection to foreigners and their property. A more hopeful feeling is manifested in official circles that the efforts of influential Mexicans will bring about peace by a successful combination of administration.

DETECTIVE DISCOVERS LONG SOUGHT 'FENCE'

Over a Quarter of a Million in Stolen Jewellery Recovered by the Police.

(Special to The Daily News.) Narragansett, R. I., Aug. 2.—Private detectives watching a residence in a suburb of Providence, found it to be the long sought fence for a gang of thieves. They obtained a quarter of a million dollars' worth of jewellery during twenty-four hours ending today. According to the theory of one of the four detective agencies engaged on the case, the man, or "fence," escaped surveillance, as the police had no positive evidence to proceed against him.

THE TUG CARRUTHERS SMASHES INTO WHARF

When Towing the Albert Meyer the Tug Ran Into Wharf at Digby Island.

The Albert Meyer seems to have some difficulty in starting for the Behring Sea. When that vessel started on its trip again last night, in tow of the Carruthers, it met with another mishap. In the darkness and fog the Carruthers crashed into the wharf at Digby Island, doing considerable damage to the wharf and to the Albert Meyer.

PECULIAR DROWNING

Farmer Slipped in While Filling Water Barrel.

(Special to The Daily News.) Belleville, Ont., Aug. 2.—J. A. Rutter, a farmer of Rossmore, was accidentally drowned in a peculiar manner yesterday. He had driven to a ledge of rock in the Bay of Quinte to get a barrel filled with water and the horse turned into deep water. Rutter was unable to swim and his body was found in five and a half feet of water.

ULSTER WILL FIGHT

To the Last Ditch Rather Than Accept Catholic Rule.

(Special to The Daily News.) Brandon, Man., Aug. 2.—Dr. William Patterson, Belfast, Ireland, addressed a big gathering last night on "Why Ulster Opposed Home Rule." He declared that loyal Ulstermen would die in the last ditch rather than accept home rule and be at the mercy of a Catholic majority.

LUNCHEON POSTPONED

It was announced that Minister of Marine Hazen had accepted the invitation of the Canadian Club to luncheon on Monday. It is now found, however, that he will be unable to accept owing to the arrangements that have been made and the itinerary of his trip to the Yukon, for which he leaves on the Sophia on Monday.

INHUMAN STEPMOTHER

Made Girl Strip and Lashed Her With a Whip.

(Special to The Daily News.) London, Ont., Aug. 2.—Mrs. Hattie Tail, found guilty of cruel treatment to 12-year-old Lillie Worth, her stepdaughter, admitted making the girl strip and giving her twenty-five lashes with a whip. The doctor testified that the child suffered terribly. The excuse was that the girl stole money and in other ways misbehaved. Lillie disappeared from home and was found wandering around the grounds at Port Stanley, feeding on the scraps left by picnickers.

CURRENCY BILL ENDED

After Five Weeks of Constant, Stormy Discussion.

(Special to The Daily News.) Washington, Aug. 2.—The currency bill was practically concluded last night by the Democrats of the house banking and currency committee, after five weeks of constant stormy discussion. The bill was ordered to be printed and on Monday the Democrats will take a formal vote recommending the measure to the Democratic caucus.

THE INCREASE
IN TAXATION.

Official figures for the financial
year ending March 31st, as
announced by the minister of
finance not long since, should
prove of interest to the people
who pay the bills. Hon. Mr.
White's statement is ingenu-
ous. The heavy increase in
capital and current expendi-
tures, he naively remarks, is
offset by expanding revenue.
"Expanding revenue" is Hon.
Mr. White's honeyed phrase
for increased taxation.

On consolidated fund—that
is, taxation—the revenue to-
talled \$168,600,000, compared
with \$136,108,217 the previous
year. This means that during
the twelve months the Borden
government took out of the
pockets of the taxpayers ex-
actly \$32,491,783 more than
they extracted in the first par-
tial year of his government,
when expenditures were still
kept down by the traditions of
the retiring Liberal govern-
ment.

The current expenditure was
\$112,000,000, as compared
with \$98,161,446 for the pre-
vious year. That is to say, the
government spent just \$13-
838,554 on ordinary accounts
more than in the previous year.
To this, however, must be add-

ed the expenditure on capital
and special accounts, amount-
ing to \$32,300,000, making a
total on these accounts of more
than \$144,000,000. This enor-
mous expenditure on capital
account is the more remarkable
because the spending on the
National Transcontinental
Railway construction was very
much reduced, as the road is
rapidly approaching comple-
tion.

If any ordinary business
man, with heavy liabilities (as
Canada has), should have a
year of unusual prosperity he
would use his surplus earnings
to wipe off his outstanding li-
abilities as far as possible. The
Borden government system is
to use the "expanded revenue"
for new expenditures of every
kind. Instead of reducing ex-
penditure and taxation in view
of the great financial stringen-
cy the government is heap-
ing extravagance upon tax-
ation, and trusting to luck to
hang on to power until they
leave a legacy of debt and un-
wise expenditure for their
successors. It will be fortun-
ate for the taxpayers if these
successors come before Hon.
Mr. Rogers and his spendthrift
friends complete their work.

OLD SOL SHINES FOR ALL BU T IS MERCIFUL TO RUPERT

IF AMERICANS WERE RUNNING
ENGLAND IT WOULD BE DONE

"TAY PAY" CRITICIZES GREAT BRITAIN FOR HER FAILURE
TO BUILD THE TUNNEL CONNECTING DOVER WITH
CALAIS

London, July 28—"If the Amer-
icans were running England,"
said T. P. O'Connor, M.P., re-
cently, "they would have built the
channel tunnel years ago."

In these days of airships and
electrification it is scarcely pos-
sible to understand the intense
opposition which so far has pre-
vented the construction of a sub-
way between England and France.

That a tunnel under the 20
miles of sea which separates
Dover from Calais could menace
the safety of the nation is barely
comprehensible. Yet this popu-
lar feeling has always been
strong enough to defeat either
powerful governments or strong
financial groups when they tried
to put the project through. Sev-
enty years ago Queen Victoria

started an agitation for the tun-
nel. Her lifelong failure to tri-
umph over this public prejudice
constitutes a remarkable index
to British obstinacy.

Arthur Fell, a member of par-
liament, points out that a tunnel
between France and England
would be invaluable to this coun-
try in time of war for the dis-
tribution of food supplies. The
British naval authorities at pres-
ent demand a force of at least
ten cruisers for the protection of
trade routes, so as to enable food
to enter the country during war
times without undue risk. These
cruisers would cost up to \$50-
000,000, or about half the cost of
building the tunnel, while they
would deteriorate in value shortly
after construction.

WHEN THE COLLEGE TEACHER
TRIED TO JUMP OVER THE MOON

A NEW FORM OF AERONAUTICS IS PRACTICED BY BRANDON
COLLEGE LECTURER—WAS YANKED INTO SKIES
BY BALLOON ROPE.

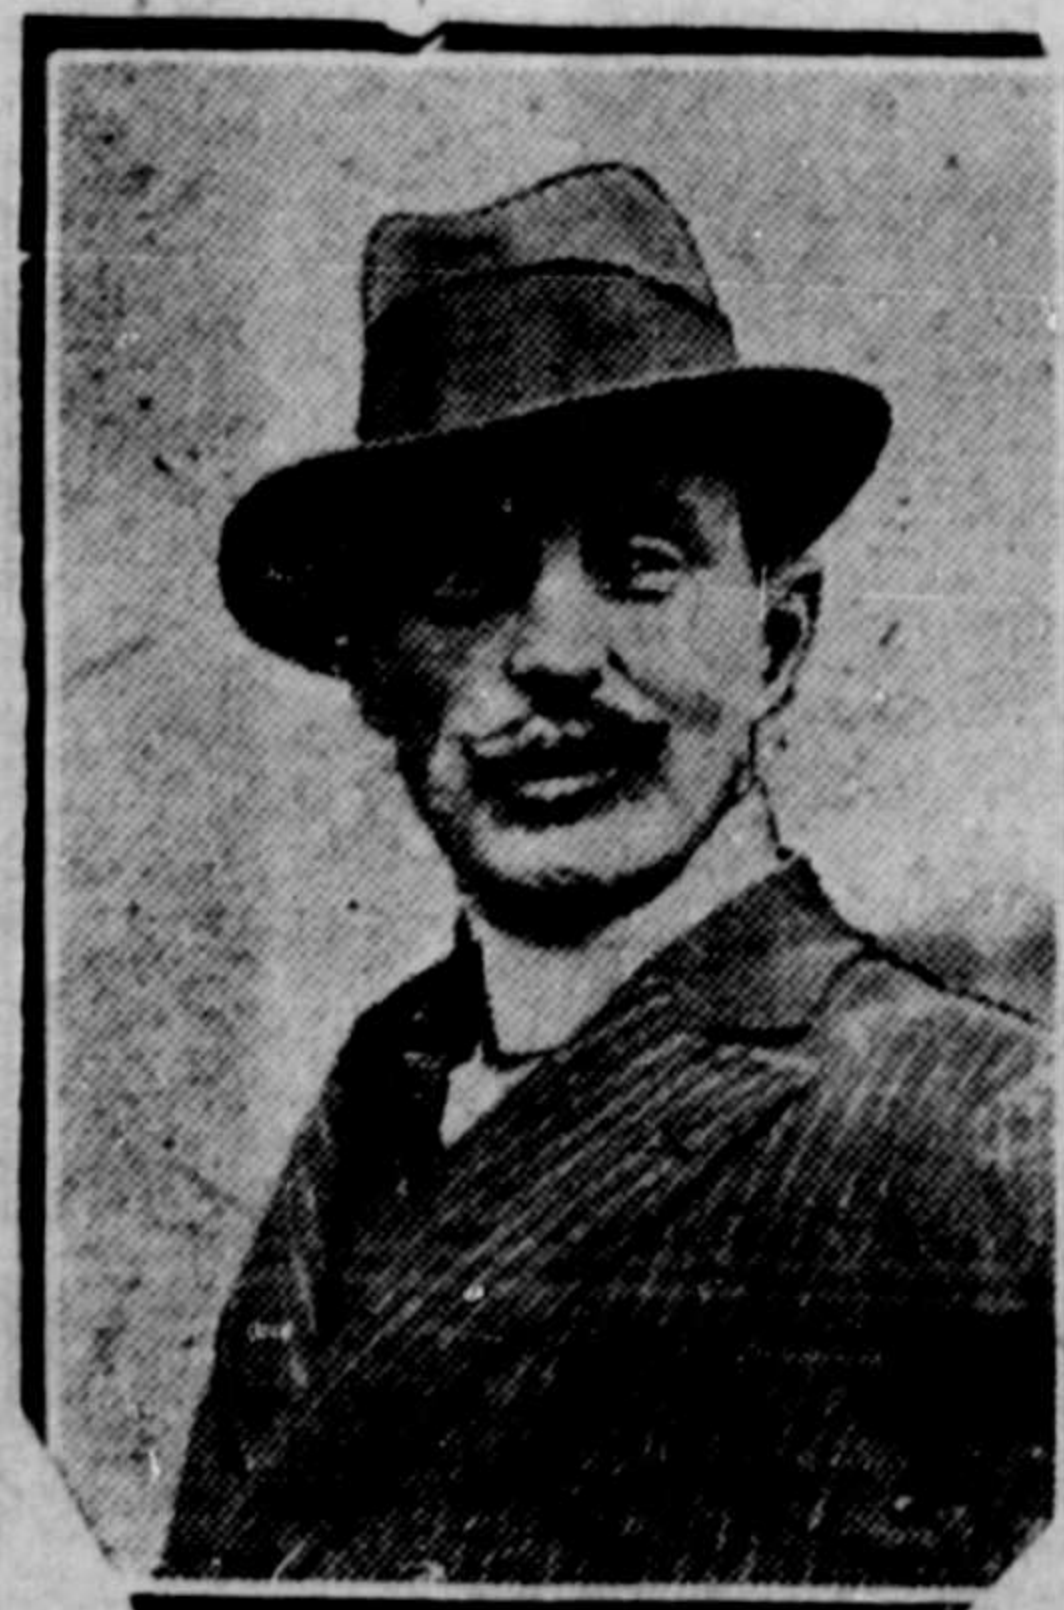

Brandon, Man., July 28.—On
the exhibition grounds tonight at
8:30 o'clock, while H. Levan was
making his nightly balloon ascent
with parachute descent, Mr.
John W. Mark, lecturer of Bran-
don College, who was assisting in
the inflation of the balloon,
became an unwilling sky navig-
ator.

He was holding the balloon and
when the order was given to let
go he did so along with the other
assistants, but a loose rope be-
came wrapped around his right
wrist and he shot up into the air
with the parachute and balloon.

Mr. Levan at once yelled to him
to hang on. They rose to a
height of 800 feet and only for
the clear headedness of Mr. Le-
van they would probably both
have been killed.

Mr. Mark luckily could not get
free although he tried to do so.
Finally the weight of the two
men brought them down about a
mile from the exhibition grounds.
The rope became entangled with

wires and held them. The para-
chute jumper freed himself from
his parachute, climbed up a rope
and cut Mr. Mark loose. They
fell 18 feet to the ground.

GO ON BIRTH STRIKE
TO COMPEL REFORM

Novel Idea in Prussian Politics
is Suggested by Socialist
of Note

Berlin, July 28th—A "birth
strike" as a means of bringing
about electoral reform in Prus-
sia is reported to be under dis-
cussion by a Socialist gathering,
which heard the idea recently
advanced by a speaker.

The father of the idea was Dr.
Alfred Bernstein, who declared
that most successful pressure
would be exerted on the govern-
ment if mothers would make
some such announcement as this:
"We will bring no children into
the world to become citizens of
this state unless better rights
of citizenship are accorded."

HAZELTON MINING NOTES

After prospecting for years in many camps, Henry Bretzins, a Sloacan miner, who started out from Hazelton, made his first big find a few hours after he began prospecting on the Cronin train, in the Babine range. Camping twenty-four miles from Moresettown, he started out to get a view of the top of the hill. Finding galena float, he traced it up for a short distance, discovering a ledge apparently five feet wide and exposed for a length of 750 feet. On the hanging wall was a streak of steel galena three inches wide, the same ore occurring in streaks and bunches throughout the vein. The lucky prospector staked four claims, calling the group the Debutante, and returned to Hazelton to record. He packed out a quantity of the surface ore, which is of excellent appearance and carries \$78 in lead and silver. In expectation of finding more mineral in the neighborhood, a number of prospectors have gone to the scene of the strike.

On the Ingineca group a tunnel has been started on the 10-foot vein. Ed Kohse, who came in on Monday, says the tunnel is already in fifteen feet and shows about four feet of quartz, with plenty of yellow copper and some gray copper. A crosscut will be driven to tap number one and number two veins at a depth of 100 feet.

On the Silver Creek group, situated just back of Smithers, the Hudson Bay Mining Co. is busily engaged in development, with forty men working under the management of Harry Carpenter. Col. R. G. Steele, superintendent of the property, is expected to return from the coast in a few days, accompanied by the directors of the company.

This concern, with one of the best prospective mining properties in the district, is likely to

TERRACE NEWS.

Terrace, July 27.—Mr. McMartin returned on Saturday's train. Many friends are glad to see him again, if only for a short visit.

The change of the end of steel to Moresettown siding makes a difference of over an hour in the arrival of westbound trains, which now reach Terrace at 2:40 p. m.

An interesting function was held at Kitsumkalum on Tuesday afternoon when Mrs. Marsh gave a tea for Mrs. Pettler. About twenty ladies were present, representing both Kitsumkalum and Terrace. The hostess received in a pretty gown of grey deiane. Mrs. Pettler wore pale blue silk and a black picture hat with white willow plume. The drawing room was tastefully decorated with a profusion of fragrant sweet peas and other locally grown flowers. Dainty refreshments were served by Miss Deacon, Miss Etanda Marsh and Miss Inez Ross of Kitsumkalum Lake. The guests included Mrs. Little, Mrs. Frank, Mrs. Kenney, Mrs. Orwig, Mrs. Giggley, Mrs. Creelman, Mrs. Stewart, Mrs. McKinnon, Mrs. Rudge, Mrs. Donald and the Misses Morrison, Donald and Sparks.

J. G. Carsley, of Montreal, arrived at Hazelton with R. G. Steele on Wednesday. They have gone up to Smithers.

J. O. Trethewey, the Cobalt man who is interested with Frank Martin in the White Heather group, visited the property last week. He expressed himself as well pleased, not only with the property in which he is interested, but also with others on Hudson Bay Mountain. A small crew is working on the White Heather at present, and larger operations are being planned. Frank Martin is preparing to make a shipment of ore, much of which carries native silver. The first shipment will probably be made to Trail—Omineca Miner.

THE PRICE OF HOMAGE

ONCE when King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. Not a wheel in Sheffield turned for twenty-four hours. The primary object of this was to lift the pall of smoke that hovers over that wonderful steel-producing city, and to ensure, as far as man was able, a bright day and a blue sky for an auspicious occasion. It was Sheffield's expression of respect.

BUT the action was unique—it was unprecedented—it was unthought of that those hundreds of mighty furnaces, raging night and day, and those seething boilers, with quivering valves, should ever be allowed to cool. This extinguishing of fires cost Sheffield hundreds of thousands of dollars—the price of the effort to get back again to high-power efficiency.

SOME business men in Canada pay an unwitting homage, not to a king, but to a superstition—the superstition that hot weather justifies letting the fires of business energy go out. They stop Advertising in the Summer months. By paying homage to tradition, custom, superstition, they have allowed Summer to become their "dull" season. You know how dull it can be when you don't advertise. Do you know how brisk it can be made by Advertising? Do you realize how much momentum you now lose in the Summer that must be regained in the Fall?

DON'T LET YOUR ADVERTISING FIRES DIE OUT THIS SUMMER.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 603 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.
