

MEXICO HAS RECEIVED PRESIDENT WILSON'S ENVOY

LONDON MAGISTRATE CLASSES MILITANTS AS ANARCHISTS—FATAL SLIDE IN PANAMA CANAL

WILL ANNOUNCE RESULT OF HIS MISSION ON THURSDAY

MOVING TO REASONS WHICH HE WAS UNABLE TO DIVULGE, THE MAYOR COULD NOT MAKE ANNOUNCEMENT LAST EVENING.

The rear end of the council chamber in the city hall was packed last night with people who had come to hear the mayor announce the result of his mission. They were to find that their curiosity would not be satisfied until Thursday night.

Before opening the meeting the mayor made a short address to the council, expressing his pleasure at being once more in Prince Rupert, and complimenting the council on the manner in which business had been transacted during his absence.

Mayor Pattullo then spoke to the large gathering of citizens at the rear of the hall. As he was aware that many of these had assembled out of anxiety to hear the result of his mission to London, he would treat that matter before proceeding to general business.

He regretted that he was unable to make a report until the next sitting of the council for reasons which he was at present unable to divulge. A special meeting of the council would be summoned, however, for Thursday evening, when he hoped to make his report.

LAWN HILL FARMER ADVISES MORE GOVERNMENT ASSISTANCE

EDGAR ASHTON AND OTHERS GIVE EVIDENCE BEFORE THE AGRICULTURAL COMMISSION—SETTLERS NEED MORE AID.

During the latter part of yesterday morning's session of the agricultural commission evidence was given by Edgar Ashton of Lawn Hill, Queen Charlotte Islands. He said that he expressed not merely his own views but those of the farmers whom he represented and who had deputed him to represent them before the commission.

After describing farming conditions in his district the witness proceeded, at the request of the commissioners, to suggest steps which might be taken to improve conditions.

He said he felt that the government should see that occupants of the land fulfilled the required regulations. It should, too, he felt, aid the farmers that went on the land. Borrowing money at a low rate of interest, as was advocated in some places, would not, it was felt in his district, be a matter of great importance. The pre-emptor should be given a start not as a priority. The method employed in Australia might be followed.

Machinery should be purchased by the government and brought in for use of settlers. As the land was cleared the owners of the property should be given only an equity in it until the cost of clearing was paid off. In order to pay for the machinery the government might set aside two sections of land in the district. The land was worth \$1,000 for 160 acres. The plant would only

cost about \$1,500. The running expenses of the machinery would stand as a charge against the land.

The most approved type of ditching machinery should be employed in the muskeg areas and should be provided by the government. The witness felt that the government should take some steps to prevent people from making scattered settlements. If something was not done the settlers kept crowding back to new and scattered parts and the cost of building roads was excessive, as each wanted a road to his place. The government should confine settlers to nearby areas and provide roads also.

The witness thought that the building of roads would be simplified if the streams were cleared of the many years' accumulation of fallen timber, which, in more than one instance, had diverted their courses. Another feature in connection with the clearing of the streams would be that the fish would be allowed to get upstream and there would be salmon streams in many cases where they did not now exist.

The government, in Mr. Ashton's opinion, should give more information relative to the work done by the pre-emptors and should state who were complying with all the requirements of the act. One settler should not be

TUNNEL BEING MADE BETWEEN THIS LIFE AND LIFE TO COME

BOUNDARY BETWEEN THE TWO STATES WEARING SO THIN THAT PICKS OF WORKERS CAN BE HEARD ON THE OTHER SIDE.

London, Aug. 8.—The Daily Mail says that Sir Oliver Lodge has some surprise in store for the British Association in his presidential address, which will be delivered on September 10. Sir Oliver has already told the world that "the boundary between the two states, the known and the unknown life and death, is still substantial, but is wearing thin in places and excavators are engaged in boring a tunnel from opposite sides and we are beginning to hear now and again strokes from the pickaxes of our comrades on the other side."

"In a summary received from Sir Oliver of the argument of his forthcoming address," says the Daily Mail, "it surely is stirred

by his protest against comprehensive negative generalization and his insistence on a belief in the ultimate continuing of existence before and after death as essential to science."

This at least suggests that he has new evidence to offer and fresh tests to disclose, for all the evidence that has been produced in the past by him for a little band of physical researchers yields to scientific proof, of that larger life which is understood by "immortality." The vague scribbling and vacuous utterances of alleged "spooks," the quaint jigsaws, puzzles of cross-correspondence are not such proofs. The world must wait on tenterhooks for a whole month to discover the meaning of these mysterious intimations.

MARKET PLACE TO BE "GOVERNMENT PLACE"

Change in Names Is Made by the City Council—Two Lanes Cancelled.

The names Market Place and Market Square have been discarded and the localities known by those names will henceforth be called, respectively, Government Place and Government Square. A bylaw authorizing this change of names was passed by the city council last evening.

Alderman Naden said he would be glad to see the word "Place" dropped altogether, but as no body suggested another designation, Market Place became Government Place.

This action, in changing the names of these localities, was taken at the request of the Provincial government, made through the local member, William Manson. In the same connection the two lanes in the interior of this property, Block 46, Section 1, were cancelled.

BALKANS SUFFERING

Not War Funds but Food Funds Now Needed.

(Special to The Daily News.) London, Aug. 12.—The recent war in Southeastern Europe, which was ended by the signing of the treaty of Bucharest last week, has brought great suffering to the people of the Balkans, and aid is now needed to prevent large numbers of them dying from actual starvation.

AGAIN IN ERUPTION

Every Volcano in Aleutian Island Range Emitting Smoke.

(Special to The Daily News.) Seattle, Aug. 18.—From wireless reports it is known that Bogoslof Island, the famous freak volcanic island in the Behring Sea, is again in eruption; also that every volcano in the vast mountain range of Western Alaska from Behring Sea to the Aleutian Islands is emitting smoke or vapor. Probably this has some connection with the earthquake disturbances recently reported.

A CROWDED HOUSE AT THE WESTHOLME

Pictures and Music Were Both of Extra Interest—Same Bill Tonight.

Nearly every seat at the Westholme Theatre was occupied last night to welcome the return to the popular "movies." The "Beasts of the Jungle" proved a most entertaining, and at times amusing, feature. A little girl rides into the jungle on the back of a trained elephant and finally is lost. She sees a hut, and thinking she can be directed to her home, enters to find herself locked in with a trapped tiger. She makes friends with the ferocious beast and is eventually found by her districted parents stroking the tiger's head. The man eating lion scene is particularly amusing and thrilling.

The feature of the program was the orchestra selection "Liszt's Hungarian Rhapsodie No. 2," which was exceedingly well rendered. Popular ragtime selections were also much enjoyed. The program will be repeated tonight.

BIG RUN AT ALERT BAY

Over 13,000 Cases of Sockeye Have Been Packed.

According to reports from Alert Bay, the run of sockeye is nearly twice as large as that of any ordinary year. Up to date over 13,000 cases have been packed.

At Rivers Inlet the run is so poor that the large majority of the Indian fishermen are leaving.

Incorporation of Simla Company by Vancouver Law Firm.

(Special to The Daily News.) Ottawa, Aug. 12.—The incorporation of a steamship company under the name of the Simla Shipping Company is taken as lending color to the reports that British Columbia fears a Hindu invasion. The company is, under the charter applied for, authorized to charter ships and enter upon a general shipping business. The incorporation papers were drawn by a Vancouver law firm.

(Special to The Daily News.) Colon, Panama, Aug. 12.—Thirteen men were yesterday killed by an unexpected slide in the Porto Bello cut of the canal, which buried the steam shovel.

NAVAL CONTRIBUTION

Little Fiji Gives Her Mite to Imperial Defence.

(Special to The Daily News.) Suva, Fiji, Aug. 12.—The legislative council yesterday decided to grant aid to the imperial navy by a contribution of 4 per cent. of the revenues of the colonies. This will amount to about ten thousand dollars.

NO DISCUSSION OF PLANS FOR HOTEL

They Are Simply to Be Shown to Concourse of Business Men.

As many of the business men of the city have expressed a desire to see the plans of the new G. T. P. hotel, Mr. Mehan, general superintendent of the G. T. P., has intimated that he would be pleased to show the plans at a joint assembly of the city council and board of trade and of business men generally. There will be no discussion of the plans, as was intimated in another newspaper yesterday. It is simply a matter of showing and explaining them.

Mr. Mehan says that he would be glad to receive such a gathering in the offices of the G. T. P. if these were large enough for such a large assembly. As the meeting would be rather cramped, however, in these quarters it will have to be held elsewhere.

Duchess Is Improving.

London, Aug. 8.—Enquiry at Cowes shows the Duchess of Connaught much better, and there is every reason to believe her royal highness will be able to journey on the royal yacht to Sweden next week. Mayor Worthington made a statement that Sir Arbuthnot Lane, the famous physician, was summoned on Wednesday morning.

The ladies of the Presbyterian Church will hold a 10c tea at Mrs. Westenhaver's, Fifth avenue east, Wednesday, Aug. 13, from 3 to 5.

TO SECURE JAPANESE AID IN MEXICAN WAR

Nephew of Ex-President Porfirio Diaz Leaves Vancouver for Flowery Kingdom.

(Special to The Daily News.) Vancouver, Aug. 12.—General Felix Diaz of Mexico and his party arrived here last night, en route to Japan. The utmost secrecy was maintained by the general as to the nature of his mission to Japan, and he was kept closely surrounded by his secretaries and a staff of secret service men. The party was taken over the city to see the sights, but a close watch was kept upon the general, who refused to talk.

It is known, however, that the general has a mission from the Huerta government to secure the aid of Japan in the present Mexican war, and is authorized to offer the Japanese government certain valuable concessions and several large tracts of land in return for this aid. The deal has been on for some time and in anticipation of its being formally ratified Japan has already in Mexico nearly one hundred thousand well trained soldiers in disguise, ready to take up arms at the word of command.

ITALY WITHDRAWING

Begins to Look Bad for San Francisco Exposition.

(Special to The Daily News.) London, Aug. 12.—It is now considered extremely unlikely that Italy will be an exhibitor at the Panama exhibition, to be held in San Francisco in 1915, on account of the impoverished state of her national exchequer owing to the recent war with Turkey.

SIR DICK'S NEXT JOB

CITY ORDERS REMOVAL OF A. HANSON'S STORE

Man Who Sold Liquor to an Indian Girl Will Not Be Allowed Privilege.

A resolution of the police commission recommending that the property of Andrew Hanson, on the corner of Fifth avenue and McBride street, be immediately removed from city property was last night approved by the city council.

Hanson has been conducting a small store at this corner in a shack erected on the street. He has not been interfered with in the past as a good deal of sympathy was felt toward him on account of his crippled condition. When, however, he was recently found guilty of selling liquor to an Indian woman, and other complaints of a serious nature were made concerning his conduct, it was decided to take action against him. Accordingly his shack will be removed.

MINISTERS COMING WEST

Hon. R. Rogers and Hon. Dr. Roche on Their Way.

Ottawa, Aug. 8.—Hon. Dr. Roche, minister of the interior, has decided to leave Ottawa for Winnipeg on August 15th. The minister expects to spend several weeks in the west and will visit all the leading points in the three prairie provinces. He may extend his trip to British Columbia. Hon. Robert Rogers, minister of public works, will leave Winnipeg next Tuesday (today) for Vancouver.

MILITANT SUFFRAGETTES ARE NOW CLASSED AS ANARCHISTS

PREMIER ASQUITH, ON WHOSE RESIDENCE AN ATTACK WAS MADE, COMPLIMENTS NON-MILITANTS UPON THEIR PACIFIC METHODS.

(Special to The Daily News.) London, Aug. 12.—"You women are overstepping the bounds of lawlessness and becoming anarchists," said the Bow street magistrate yesterday while sentencing the militant suffragettes who made a fierce attack on the residence of Premier Asquith.

This attack was led by Sylvia Pankhurst and resulted in a street fight in which several people were badly injured. The magistrate fined Edith Billings \$10 or one month in jail and Kathleen Billings two months' imprisonment without the option of a fine. The previous day Premier Asquith had discussed woman suffrage with Mrs. Millicent, president of the National Union of Women's Suffrage Societies, and her non-militant colleagues. They met him in his official residence and urged him to bring in a government measure bestowing the franchise on women.

The premier complimented his visitors on their excellent methods, which, he said, were "a welcome contrast to the criminal proceedings" of the militant suffragettes. He, however, frankly declared that he had undergone no change of heart in the matter. "The final word on woman suffrage," said Mr. Asquith, "rests with the people of the United Kingdom. If the women are able to convince the people that such a change is desirable and beneficial, no combination in the world can prevent the attainment of their object."

MEXICO SHOWING A DIFFERENT FACE TO THE UNITED STATES

RECEIVES GOVERNOR LIND AS PRESIDENT WILSON'S PERSONAL REPRESENTATIVE AND COMPLIMENTS REASONABLENESS OF JUDGMENT OF UNITED STATES.

(Special to The Daily News.) Washington, Aug. 12.—Official circles are feeling a distinct relief by the new trend of events in the relation of this country with the troublesome conditions existing in Mexico. On Saturday Secretary of State Bryan received a message from Manuel Garza Adalpe, acting minister of foreign affairs of Mexico, declaring on behalf of President Huerta that the presence of John Lind would be undesirable in Mexico unless he brought recognition of the Huerta government. To this the United States secretary replied, asking that Mexico suspend its judgment until the receipt of President's Wilson's message, which would be presented by Mr. Lind.

Yesterday Mr. Bryan received a telegram from Mexico City in which the acting minister of foreign affairs announces the safe arrival of Governor Lind and declares great faith in the reasonableness of the judgment of the President of the United States and has been ranked as special adviser to the American embassy.

The administration now looks forward with confidence to a favorable reception of its efforts to suggest measures of peace and an ending of the struggles of the contending factions of Mexico so disastrous to commercial and industrial prosperity.

The day previous to Mr. Lind's arrival in Mexico City the Independent in an editorial article entitled "The Psychology of Wilson," says that the sending of John Lind to Mexico has been a blunder and was so recognized by the press of the United States. The Mexican newspapers, both those printed in English and those in Spanish, reflected the approval by Americans in the Mexican capital of Provisional President Huerta's stand.

It was regarded as probable that there would not be any outward demonstration of hostility against John Lind on his arrival, although there had been no abatement of the disapproval on the part of Mexicans to his coming.

London, Aug. 12.—The British government is nettled at the comments of the American press concerning Great Britain's recognition of Huerta as the president of Mexico, and declares that this comment is based upon a misconception of the facts. It also repudiates the insinuation that powerful influences were brought to bear to effect this official recognition.

MANY LIVES IN PERIL DURING INCENDIARIES AND ROBBERIES

CRIMINALS START CHAIN OF FIRES IN MINNESOTA CITY TO ATTRACT ATTENTION WHILE THEY ARRANGE FOR BIG HAUL.

Virginia, Minn., Aug. 7.—Incendiaries and robberies made a trip across the city after 2 o'clock in the morning and set fire to Mesburg & Lavicka's furniture store, with flats above, to the State Bank of Virginia, to the Duluth, Missabe & Northern depot and to Andrew Grande's warehouse.

The Mesburg block was gutted and occupants of three apartments had narrow escapes, having to grope their way out through smoke in their night clothes. Mr. and Mrs. Fred McKay were burned about the feet

in escaping through a rear window. Great excitement prevailed and threats are made that in case of the arrest of the criminals no quarter will be shown. Many lives were imperiled in living apartments over the store, the bank and the railroad depot. The theory is that the chain of fires was to attract attention while some greater job was to be pulled off. Special guards are placed at all banks, the post office and other places, while the criminals are still at large and suspected of not having completed the work they undertook.

A DESPICABLE PROCEEDING.

Not satisfied with the work done by his band of hired executioners, who for fifteen dollars a day and expenses, have been touring the country in a series of Judge Jeffrey's assizes and beheading every postmaster suspected of Liberal leanings, the Hon. Mr. Pelletier is contriving a new style of mental thumb screws.

In other words, instead of taking the trouble to find out whether any Liberal office holder has been guilty of anything which could be made a pretext for dismissal, Hon. M. Pelletier has hit upon an expedient to compel them to incriminate themselves.

The following documents explain the latest action taken by Mr. Pelletier:

Post Office Department of Canada.

"Ottawa, June 27, 1913. Sir: It is represented to this department that since your appointment as postmaster at you have taken an active part in federal and provincial elections.

"I am therefore directed to request that you will be good enough to say whether this is true.

"If the accusation is not well founded, I presume you will have no objection to sign the solemn declaration herewith enclosed, which should be attested before a justice of the peace.

"An early reply is requested. I am, sir, Your obedient servant. (Signed) HECTOR B. VERRET, Asst. Deputy Postmaster General."

The declaration reads: "Solemn declaration made by virtue of the act respecting extra judicial oaths. I, the undersigned, postmaster of do solemnly declare:

(1) That I was appointed postmaster in the year

(2) That since my appointment as postmaster I have taken no active part in federal or provincial elections. I have not canvassed or taken any voter to the polls, nor have I offered or given any money or liquor or represented any candidate at any polling division. I have not checked or verified any list of voters outside any polling station, neither did I take part in any committee or organization, or address any meeting in favor of any candidate, and I did not interrupt any speaker during the course of any meeting.

(3) All I did was to quietly cast my vote. And I make this solemn declaration, conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act.

SASKATOON IS IN FERMENT OVER FLAG WAVING INCIDENT

BUGLER OF FUSILIERS WHILE ON MARCH WRESTED FLAG FROM HANDS OF AMERICAN GIRL—HE CLAIMS STRONG PROVOCATION.

Saskatoon, Aug. 7.—The flag incident of Thursday evening, when Bugler Hill of the 105th Fusiliers snatched an American flag from a young lady in an automobile and trampled it underfoot, may have a far-reaching effect. Threats of resignation of the officers and men of the Fusiliers are still rife and the incident is the talk of the city.

Major Dulmage, who discharged Hill from the regiment, says that he ordered the bugler to apologize, but the latter refused, so he had no other course than to discharge him. He stated that he did not fear the disruption of the 105th regiment over the incident.

Bugler Hill stated in an interview: "The flag slapped me in the face no less than three times before I took any notice of it. I then broke ranks and threw it on the ground. I regarded the action as a deliberate insult to the uniform of the Fusiliers and would do the same thing over again if the occasion offered."

Bugler McMillan, who was next to Hill in the parade, corroborated everything the former said in regard to the flag hitting him in the face. Local officials of the Sons of England are angry in regard to the incident and a meeting will be called when deliberate action will be taken. Some of

the local officers state that they will take the whole affair to the imperial parliament before they will drop it.

It is understood that a round robin will be signed by many of the officers of the regiment demanding that Hill be reinstated. Officers of the regiment, interviewed tonight, declined to say definitely what would take place, but hinted at drastic action within a day or two unless Hill returns to the regiment. An attempt has been made in some quarters to settle the trouble by having Major Dulmage give Hill another chance to apologize, but

New Police Chief Makes Presence Felt in Fort George.

Fort George, B. C., Aug. 7.—Through the efforts of prominent women here and their representations to Hon. W. J. Bowser for a clean town immediate results have been attained. Boy with Broken Arm Saves Girl from Drowning.

Wilkesbarre, Pa., Aug. 7.—James Boland Jr., aged 17 years, with his right arm broken and in a sling, yesterday rescued Miss Anna Grady, aged 18, from Harvey's Lake after she had sunk several times.

Miss Grady, Miss Queen O'Malley and Miss Margaret O'Malley were bathing near the shore. Miss Margaret O'Malley and Miss Grady entered a canoe. After they had paddled a short time Miss O'Malley dived from the canoe and swam to shore. The canoe capsized with Miss Grady and she sank, being unable to swim.

Young Boland threw off his coat and entered the lake. When he reached the point where Miss Grady sank he dived and found the girl on the bottom. Seizing her hair he came to the surface and by heroic efforts managed to reach shore, where he fell exhausted.

C. P. R. AND UNION S. S. CO. NOW SERVE BELLA COOLA

Give Almost Direct Service to Prince Rupert—Rate of \$3.50 Per Ton on Vegetables.

Referring to the complaints of Bella Coola settlers in regard to freight rates and service between Bella Coola and Prince Rupert, voiced before the agricultural commission by Mr. Jacobsen, General Agent McNab, of the C. P. R., states that his company offers a rate of \$3.50 per ton, weight or measurement, on vegetables between these two points, protecting the rate that would apply with a direct service. The service seems to be a very good one, at least during the summer months. Shipments leave Bella Coola Friday via the Princess Beatrice southbound to Alert Bay, where they are taken care of in the sheds of the B. C. Packers and loaded on the Skagway boat Sunday afternoon, reaching Prince Rupert Monday morning. This rate is very much lower than by shipping via Vancouver. The Union Steamship Company also picks up freight at Bella Coola on Saturday, taking it to Namu on the Venture and transferring it there to the Chelohsir, which reaches Prince Rupert Tuesday. Mr. Rogers, the local agent, states that the freight rate is the sum of the local rates between Bella Coola and Namu and Namu and Prince Rupert. It is about equal, he thinks, to the Vancouver-Prince Rupert rate.

LAWN HILL FARMER ADVISES MORE GOVT. ASSISTANCE

(Continued from page 1)

expected to inform upon another for non-compliance with the rules. This matter should be looked after by land boards or pre-emption inspectors.

Mr. Ashton also advocated the placing of experimental areas in these parts, so that the possibilities of the land might be proved without a long delay.

C. Howe, another representative of the farmers on the Queen Charlotte Islands, was the first witness to give evidence in the afternoon. He described conditions in his district. His pre-emption is on the Nadu, where there is a great quantity of moss. He thought that the government should give a demonstration farm for this moss land, which was different to the other classes of soil met with.

O. P. Gill was the next witness. He represented the Tow Hill Farmers' Institute. For the farmers of his district, he said, what was most needed now was a road to Masset. If that were given them they would be in a position to compete with the south in the matter of produce.

Mr. Gill favored government loans to the farmers, but in this connection he would specify that the farmers show that they are able to do successful farming. He thought that it would be safe to lend to the extent of \$35 to \$45 an acre on cleared land. He also complained that the fire warden had not been quite lenient enough in the matter of allowing fires to be set out in summer, which was the only time they could do it.

Some fruit planting was being undertaken as an experiment.

The chairman, Mr. Campbell, who is himself a fruit grower, advised going slowly in that line in bottom land. He was not surprised to learn that the trees were growing very fast. He was afraid as to the bearing, however.

A short session of the commission was held this morning, when A. B. Davis of Porcher Island described conditions there. The only grievance of the Porcher Islanders was against the present mail service.

Mr. Sheppard, of Sheppard & Jones, said that much of the fruit shipped here from the Okanagan country was not properly inspected. If it had been sent to the United States it would not have been admitted into the country.

The commission may sit again this evening to take the evidence of E. M. Sandilands of Masset, who is expected to arrive here tonight.

QUEEN DISAPPROVES

Anti-Gambling Crusade Opens Hornets' Nest.

London, Aug. 7.—Queen Mary in her anti-gambling crusade has raised a hornets' nest, and nearly caused a general strike of servants of the royal household. For years it has been the custom of the servants to ballot for the right to accompany the King and Queen aboard the royal yacht at the Cowes regatta. This year the Queen selected the maids herself, declaring that she did not approve the previous methods of selection. So great a disturbance was caused among maids that the Queen cancelled her order and allowed the ballot to stand.
