### THREE MASTED WHALER NOW AT DIGBY ISLAND IS SUSPECTED OF SMUGGLING CHINESE

#### THE LIBERAL LEADER GIVES ROUSING CALL TO WORKERS

**BREWSTER, THE RECENTLY APPOINTED LEADER OF THE LIBERALS OF BRITISH COLUMBIA, GIVES WORD OF CHEER.**

A rousing call to the Liberals of the province and to all others who are interested in the establishment of good government in British Columbia has been issued by H. C. Brewster, leader of the party, in the form of a letter to the many associations of Liberals. Mr. Brewster says:

"The recent convention of the party, held at Revelstoke, conducted upon me the high honor of electing me leader of the Liberal party in the province. I accepted the honor and the responsibility with considerable diffidence, realizing that what would be expected of me in that office. But the responsibility, great as it is, appeals to me to be lightened by the spirit of enthusiasm and cooperation displayed, showing the party as a whole is ready to share with me the work of bringing to an end the period of administration by the McBride government in this province.

"The appeal of the Liberal party at the present time is not to the Liberals alone, but to good citizens of all parties interested in the welfare of British Columbia. I believe there is a widespread feeling of deep-rooted dissatisfaction with conditions prevailing in this province today, the task imposed upon the Liberal party is to convince the electorate that they have an organized party pledged to public service and ready to assume the

responsibilities of government, to which they can turn for relief. "While it is not my intention to attack individuals in a personal manner, it is my purpose to properly expose and attack measures and policies detrimental to provincial prosperity, and in this connection the ten years' record of the Conservative administration in this province must be shown in its true light.

"The record of the McBride government is well known to those who have taken the trouble to look into it. It has been a record of exploitation, waste, extravagance, centralization of power, over-riding of laws, toleration and protection of vice and, apparently, grafting as well. I believe public sentiment in the province is sound and wholesome at heart, and will readily respond when once thoroughly aroused to the crying need for a change.

"I believe we can truthfully assure the electors today that the Liberal party is well organized and equipped to wage successful warfare against the present intolerable conditions and to substitute, when called upon by the people, rule by the people in the interests of the people for rule by a political machine which uses the public revenues to perpetuate the power of the creators of that machine. I would convey to all a word of good cheer in the task which is before those who place the welfare of the province before mere party interests."

#### EDUCATIONAL SERVICE AT METHODIST CHURCH

**Stapleford Speaks of Church's Responsibility to New University.**

A special educational service was held at the Methodist Church yesterday evening. Rev. Dr. Stapleford of Vancouver, secretary for educational matters of the Methodist Church in British Columbia, preached on the responsibility of the church to the provincial university. He spoke of the plans of the government concerning the building of the university and how it had affected the churches to look after the moral welfare of the students. The Methodist and Presbyterian churches had combined to raise a sum of \$800,000 for the erection and endowment of a theological college and students' residence. Half of this money was to be raised by the Methodist church. Since last October the Methodists had raised \$235,000. They hoped to raise the remaining \$165,000 within the next year.

Dr. Stapleford has been staying here as the guest of Dr. Ker. He left this afternoon for Port Simpson. On Wednesday he will go to Hazelton and on Friday will return south on the Prince George.

#### POPULAR PASTOR HAS LEFT PRINCE RUPERT

**Rev. E. C. and Mrs. Burch Have Gone—Handsome Gift from Congregation.**

On behalf of the congregation of St. Andrew's (Anglican) Church a well filled purse was presented to Rev. E. C. Burch, the retiring pastor of that church. The presentation was made on Saturday evening at Bishop Du Vernet's house by a committee consisting of Messrs. C. C. Purdy, H. B. Cambie and W. E. Burritt. Rev. and Mrs. Burch left for the south this morning by the steamer Prince Rupert. Many of their friends assembled to say goodbye, expressing their deep regret that Mr. Burch, who is very popular with the congregation, should be obliged to leave, and hoping that he would soon recover his health.

Rev. and Mrs. Burch will proceed to Ottawa, where Mrs. Burch's parents reside. They will then arrange their further plans.

#### Geologists on Way West

Toronto, Aug. 14.—Many of the delegates who attended the international conference of geologists will leave tonight for the coast in three C. P. R. special trains.

#### DEKATLAH BRIDGE Structure Over Masset Inlet Is Nearing Completion

A crew of men under Charles Spence, road foreman, began work this week on the Dekatlah bridge, Graham Island. Driving of piles for this structure was completed weeks ago but the lumber for planking was unobtainable until recently. The girders are now being put in place, after which the planking will be laid. It is expected the bridge will be completed within three weeks.

#### BAYLEY AND LEM KEGG Former Champion to Meet Prince Rupert Boxer

It is just possible that Joe Bayley will meet Lem Kegg, the Montana lightweight, at Prince Rupert early next month. The northern promoters are anxious to secure Bayley's signature for a bout, and if the terms are acceptable, Bayley will meet Kegg. The latter is the boy who recently beat Eddie Shannon and is looked upon as a coming light-weight star. Bayley is now seeking another bout with Vaise for the Canadian lightweight title.—Vancouver World.

#### MOST FLOURISHING CITY IN PROVINCE

**Vancouver Merchant Pays Big  
Tribute to Condition of  
Prince Rupert.**

"In my opinion Prince Rupert is at present the most flourishing town in British Columbia," said E. W. Leeson, wholesale grocer of Vancouver, to The News. Mr. Leeson has just returned south after his first visit to Prince Rupert this year. He has been up here looking after his timber interests.

Mr. Leeson expressed great surprise at finding Prince Rupert in such a flourishing condition during a time of such general depression as the present. He thinks this prosperity must be in great measure due to the big pay roll here. On inquiring from different sources, he discovered that this amounted to no less than a quarter of a million dollars a month. The Grand Trunk Pacific alone pays out, he said, \$100,000 a month in wages here. Mr. Leeson made special remark on the fact that the city's present prosperity was not of the mushroom kind. Prince Rupert seemed to him to have settled down to a condition of stable progress, a thing which he was very glad to see.

The Sunday school of the First Baptist Church will hold their third annual picnic at Metlakatla on Thursday, August 21st. Launches will leave Government wharf at 1 o'clock sharp. Parents are asked to kindly provide luncheon. Transportation for scholars and parents free.

#### STUDY CONDITION IN OTHER COUNTRIES

**Agricultural Commissioners Left  
for South After Sessions  
in Interior.**

The members of the commission appointed by the Provincial government to inquire into and report on agricultural conditions returned yesterday from the interior and left this morning for Victoria. Sessions of the commission were held at Hazelton and Telkwa, at which much valuable information was received as to the condition of the country. The commissioners were much impressed with its agricultural possibilities.

It is the intention of the commissioners to now travel singly and investigate outside conditions. Mr. Kidston will go to California to inquire into conditions affecting the fruit raising industry. Mr. Duncan will go to the State of Washington for the same purpose. Mr. Shannon will go to Wisconsin to study agricultural organizations there, and Mr. Campbell will go to the prairie provinces to inquire into matters affecting the markets. Mr. Lucas has already gone to Australia, and Mr. Hayward, the chairman of the commission, to England.

#### MAN CHARGED WITH FORGING CHEQUES

**Two Foreigners in Court Are  
Accused of Stealing and  
Forging.**

San Waloff and Tasso Rudoff, two foreigners working up the line, were brought up in the police court this morning on the charges of stealing, forging and cashing cheques. The cheques belonged to D. Mylich. They were cashed last week at the Empress Hotel, being of a total value of \$350. Waloff and Rudoff were arrested on Thursday by Chief Vickers. Waloff is charged with the forging of Mylich's name, Rudoff with the stealing and cashing of the cheques. The case is adjourned till Thursday morning.

#### Immigrants for Peace River

Calgary, Aug. 16.—A train of three sections, loaded with European immigrants, arrived in Calgary tonight. Practically all will go into the Peace River country to take up homesteads.

#### VICTIM OF SAND SLIDE Services Over the Remains of Al- fred Anderson

(Special to The Daily News.) Anyox, Aug. 15th.—The funeral of the late Alfred Anderson took place from the First Church on Thursday evening. Rev. N. D. Patterson conducted the services at the church and afterwards at the grave.

The deceased was a native of Norway and was just in the prime of life. He was employed here as foreman at the dam for the Granby Co., and while working in the cut that is being made for the water pipe to the dam, he was killed by a land slide.

Mr. Anderson's genial presence and kindly disposition will be greatly missed by all those who knew him.

#### SMOKED FISH FOR TORONTO EXHIBIT

**William Shrubbsall Sent Two Hun-  
dred Pounds of Cured Fish  
to Big Fair.**

The Prince Rupert fishing industry, or rather one staple industry growing out of it, is to have one of the best kinds of advertising, and at the Toronto fair at that. The enterprising citizen who is doing this is a pioneer of the city and one of the few experts in handling fish—Mr. William Shrubbsall. He sent by the Dominion Express on the steamer Prince Rupert about two hundred pounds of smoked fish delicacies for exhibition at Toronto's great fair.

A number of prominent people were down at the Shrubbsall smoke house yesterday afternoon to see these dainties being put up, among them being A. T. Williams, dominion inspector of fisheries; J. M. Clancy, manager of the Bank of Montreal; T. H. Johnson, of the great importing and exporting fish curing establishment of Hull, England; George Nicholson, manufacturers' agent; Martin O'Reilly, R. Robertson, Mr. Sharp of Port Simpson and many others.

The fish to be exhibited were sampled and the curing pronounced to be excellent, and the dainty way in which the exhibits were put up was declared to be excellent. It is believed that this one exhibit at a point as important as Toronto will prove a surprise when it is known that the fish was cured and put up six hundred miles from a railway, and that a great and growing trade will result, cutting out some of that now done by Germany the Dominion.

#### MANY RUMORS ARE CIRCULATING CONCERNING JAPANESE VESSEL

**THREE MASTED SHIP FROM JAPAN IS NOW AT QUARANTINE  
STATION—VESSEL WAS SUSPECTED BY MANY  
OF BEING SMUGGLER.**

There have been many rumors floating around the town this morning concerning the Japanese vessel that is now lying off Digby Island. She is suspected by many of being the boat that landed the nine Japanese at Bella Coola and which was later the subject of a hot pursuit from government vessels. All kinds of yarns, in fact, have been told about the vessel since she arrived.

It appears, however, that she is simply an old whaler now being sent to New Westminster after salmon. She made the voyage from Japan in thirty-eight days, Port Simpson being her first port of call. She was notified by the government vessel William Joliffe on Saturday evening that she would have to put into the quarantine station for inspection. The captain of the Japanese vessel readily consented and put into the station at Digby Island. Her crew of twenty-one, all Japanese, were found to be all in good shape.

There are stories circulating that the vessel was employed to smuggle Chinese into the country, but there were no Chinese on board nor any sign of any.

The vessel, which is three masted, is now lying off Digby Island. The officers of the vessel, when interviewed for The News, said that they expected to take her south tomorrow afternoon, as they had received a cablegram from the owners asking them to proceed as soon as possible to New Westminster.

It was rumored that there was some irregularity about the ship's clearance papers from Yokohama, but these were found by the customs officers to be all right, except that they were in Japanese.

Several of the officers and crew of the vessel were walking around the city this morning, stretching their legs ashore after their long sea voyage. They were the subjects of much interest on the part of their compatriots.

#### MAD PHYSICIAN ATTEMPTS TO VIVISECT HIS PATIENT

**CINCINNATI DOCTOR WHO HAD PERFORMED MANY DIFFICULT  
OPERATIONS SUDDENLY BECOMES  
INSANE.**

Marietta, O., Aug. 14.—With the commitment to Longview asylum in Cincinnati today of Dr. William R. Dabney there has come to light one of the most remarkable chapters in medical history. Not until the crazed surgeon had undertaken to perform vivisection on a patient was it realized by the attendants in the operating room that madness was directing the arms and scalpel as it sought to uncover vital organs.

Dr. Dabney entered practice in Marietta about fifteen years ago. He made a specialty of eye, ear and throat operations. For several months previous to his mental collapse and the startling revelations of his condition, rarely a day passed that he did not perform two or three difficult operations.

It was the death on the operating table of an aged and wealthy farmer, Jacob F. Schaad, that brought Dr. Dabney's career to a climax. Schaad had a tumorous growth on his upper jaw. He consulted Dr. Dabney and was assured that a minor operation would remove the disfigurement. Besides Dr. Dabney and the nurse there were present when Schaad

lapsed into unconsciousness under the influence of anaesthetics Dr. C. B. Ballard and Dr. J. C. Penrose. As Dr. Dabney proceeded with the knife the two surgeons detected that there was something wrong and both began to remonstrate. Dr. Dabney became angry and ordered them from the room. When the two doctors had left, according to the story of the nurse who had remained trembling beside the unconscious patient, Dr. Dabney began to dissect the face and throat of the unconscious man. Both sides of the face were laid open and deep incisions were made in the throat. But the skill of the mad surgeon was shown in the dexterity with which he avoided inflicting a fatal wound on his living subject. How far the crazed surgeon would have proceeded with the dissection cannot be told, for the horrified nurse ran shrieking from the room. Her cries brought Doctors Ballard and Penrose with several of the hospital attendants to the rescue, and Dr. Dabney, by this time a raving maniac, brandishing his scalpel over the unconscious subject, was disarmed and subdued, but only after a desperate struggle.

#### FISH THAT WARELE

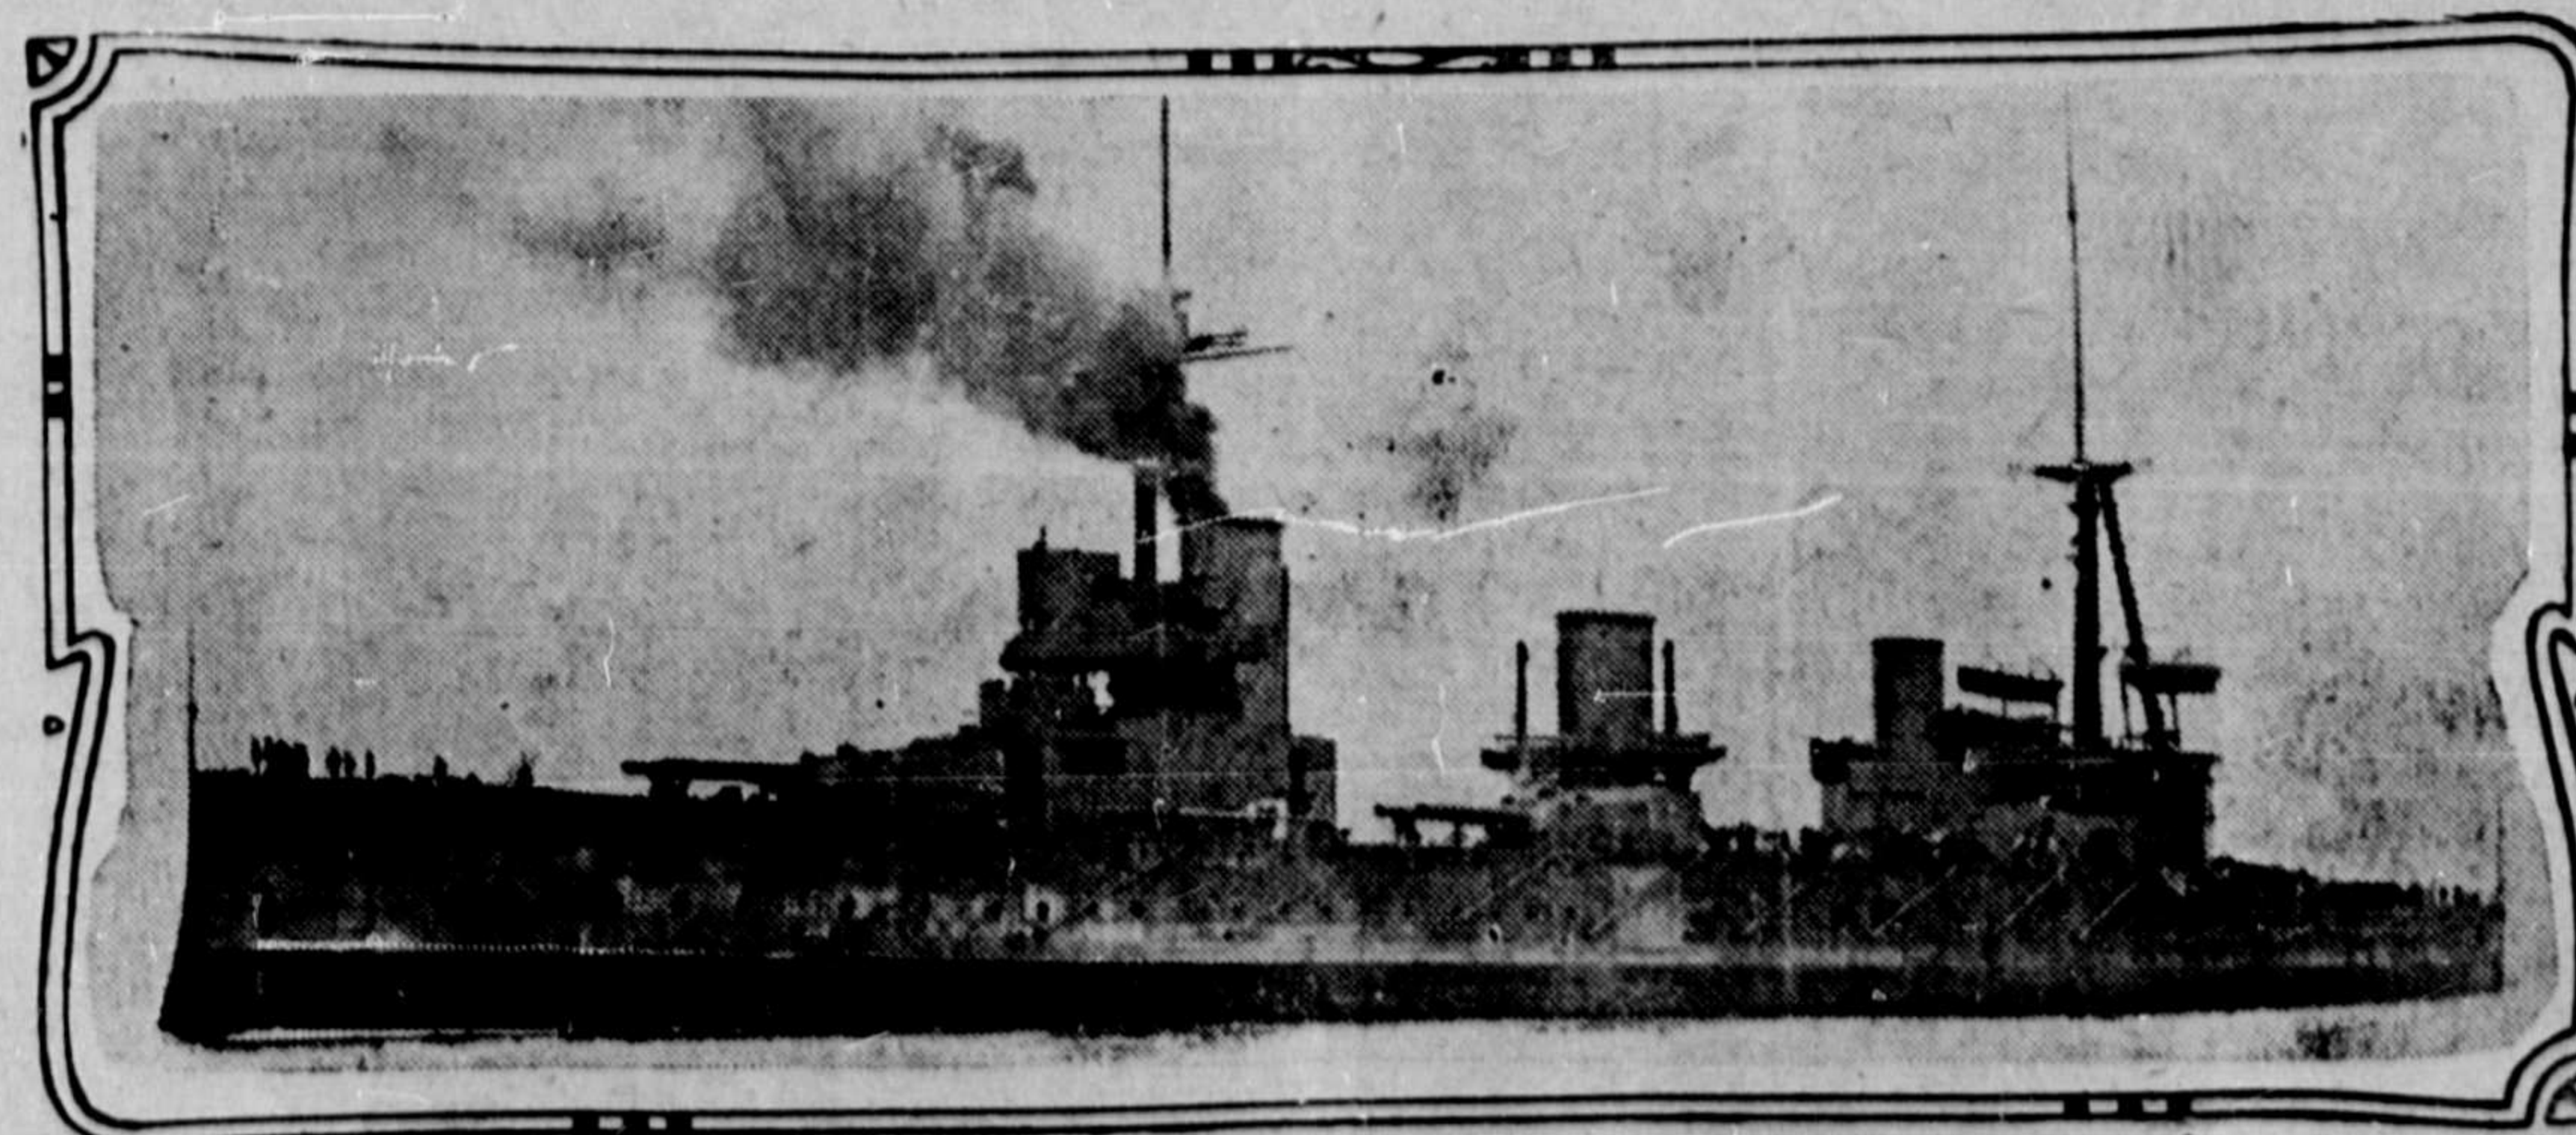

**Langara Fishermen Lulled to  
Sleep by Ragtime.**

H. L. Clayburg, the efficient teacher of the Indian school, came in from Naden Harbor Saturday and will resume his duties at Old Masset in a week or two. Mr. Clayburg has spent the summer alternately in fishing for salmon and teaching the young Haidas the King's English. He made good in both arts. He has visited many climes and seen many strange things, but the strangest of all, he says, was the school of singing fish that appeared this summer off Langara Island. The fish entertained the fishermen every night, lulling them to sleep with ragtime music, with an occasional classic. All efforts to capture the fish and ascertain the source of melody were futile. The Indians were awed by the unnatural occurrence, but considered it a good omen.—Masset Leader.

#### TO ENJOIN RAILWAY

**From Running on Main Street of  
Fort George.**

Vancouver, Aug. 16.—An injunction to prevent the Grand Trunk Pacific Railway from continuing its transcontinental lines along the main street of the townsite of Fort George was applied for, and was refused in Supreme Court chambers this morning by Mr. Justice Morrison. The Fort George Townsite Company were the applicants, and argued that the railway line coming where it does at present would do a great deal of damage to the townsite company's property. Owing to the fact that there was no one present to present the railway's side of the case his lordship decided to refuse the injunction until the railway has been notified and a defence put in.

### THE NEW POET LAUREATE.

The appointment of Dr. Robert Bridges to the position which was once graced by Tennyson has been a matter for much comment in Great Britain. When such well known authors as Kipling, Hardy and Noyes were in the running it was a great surprise that Dr. Bridges, who was, so to speak, a dark horse, carried off the prize.

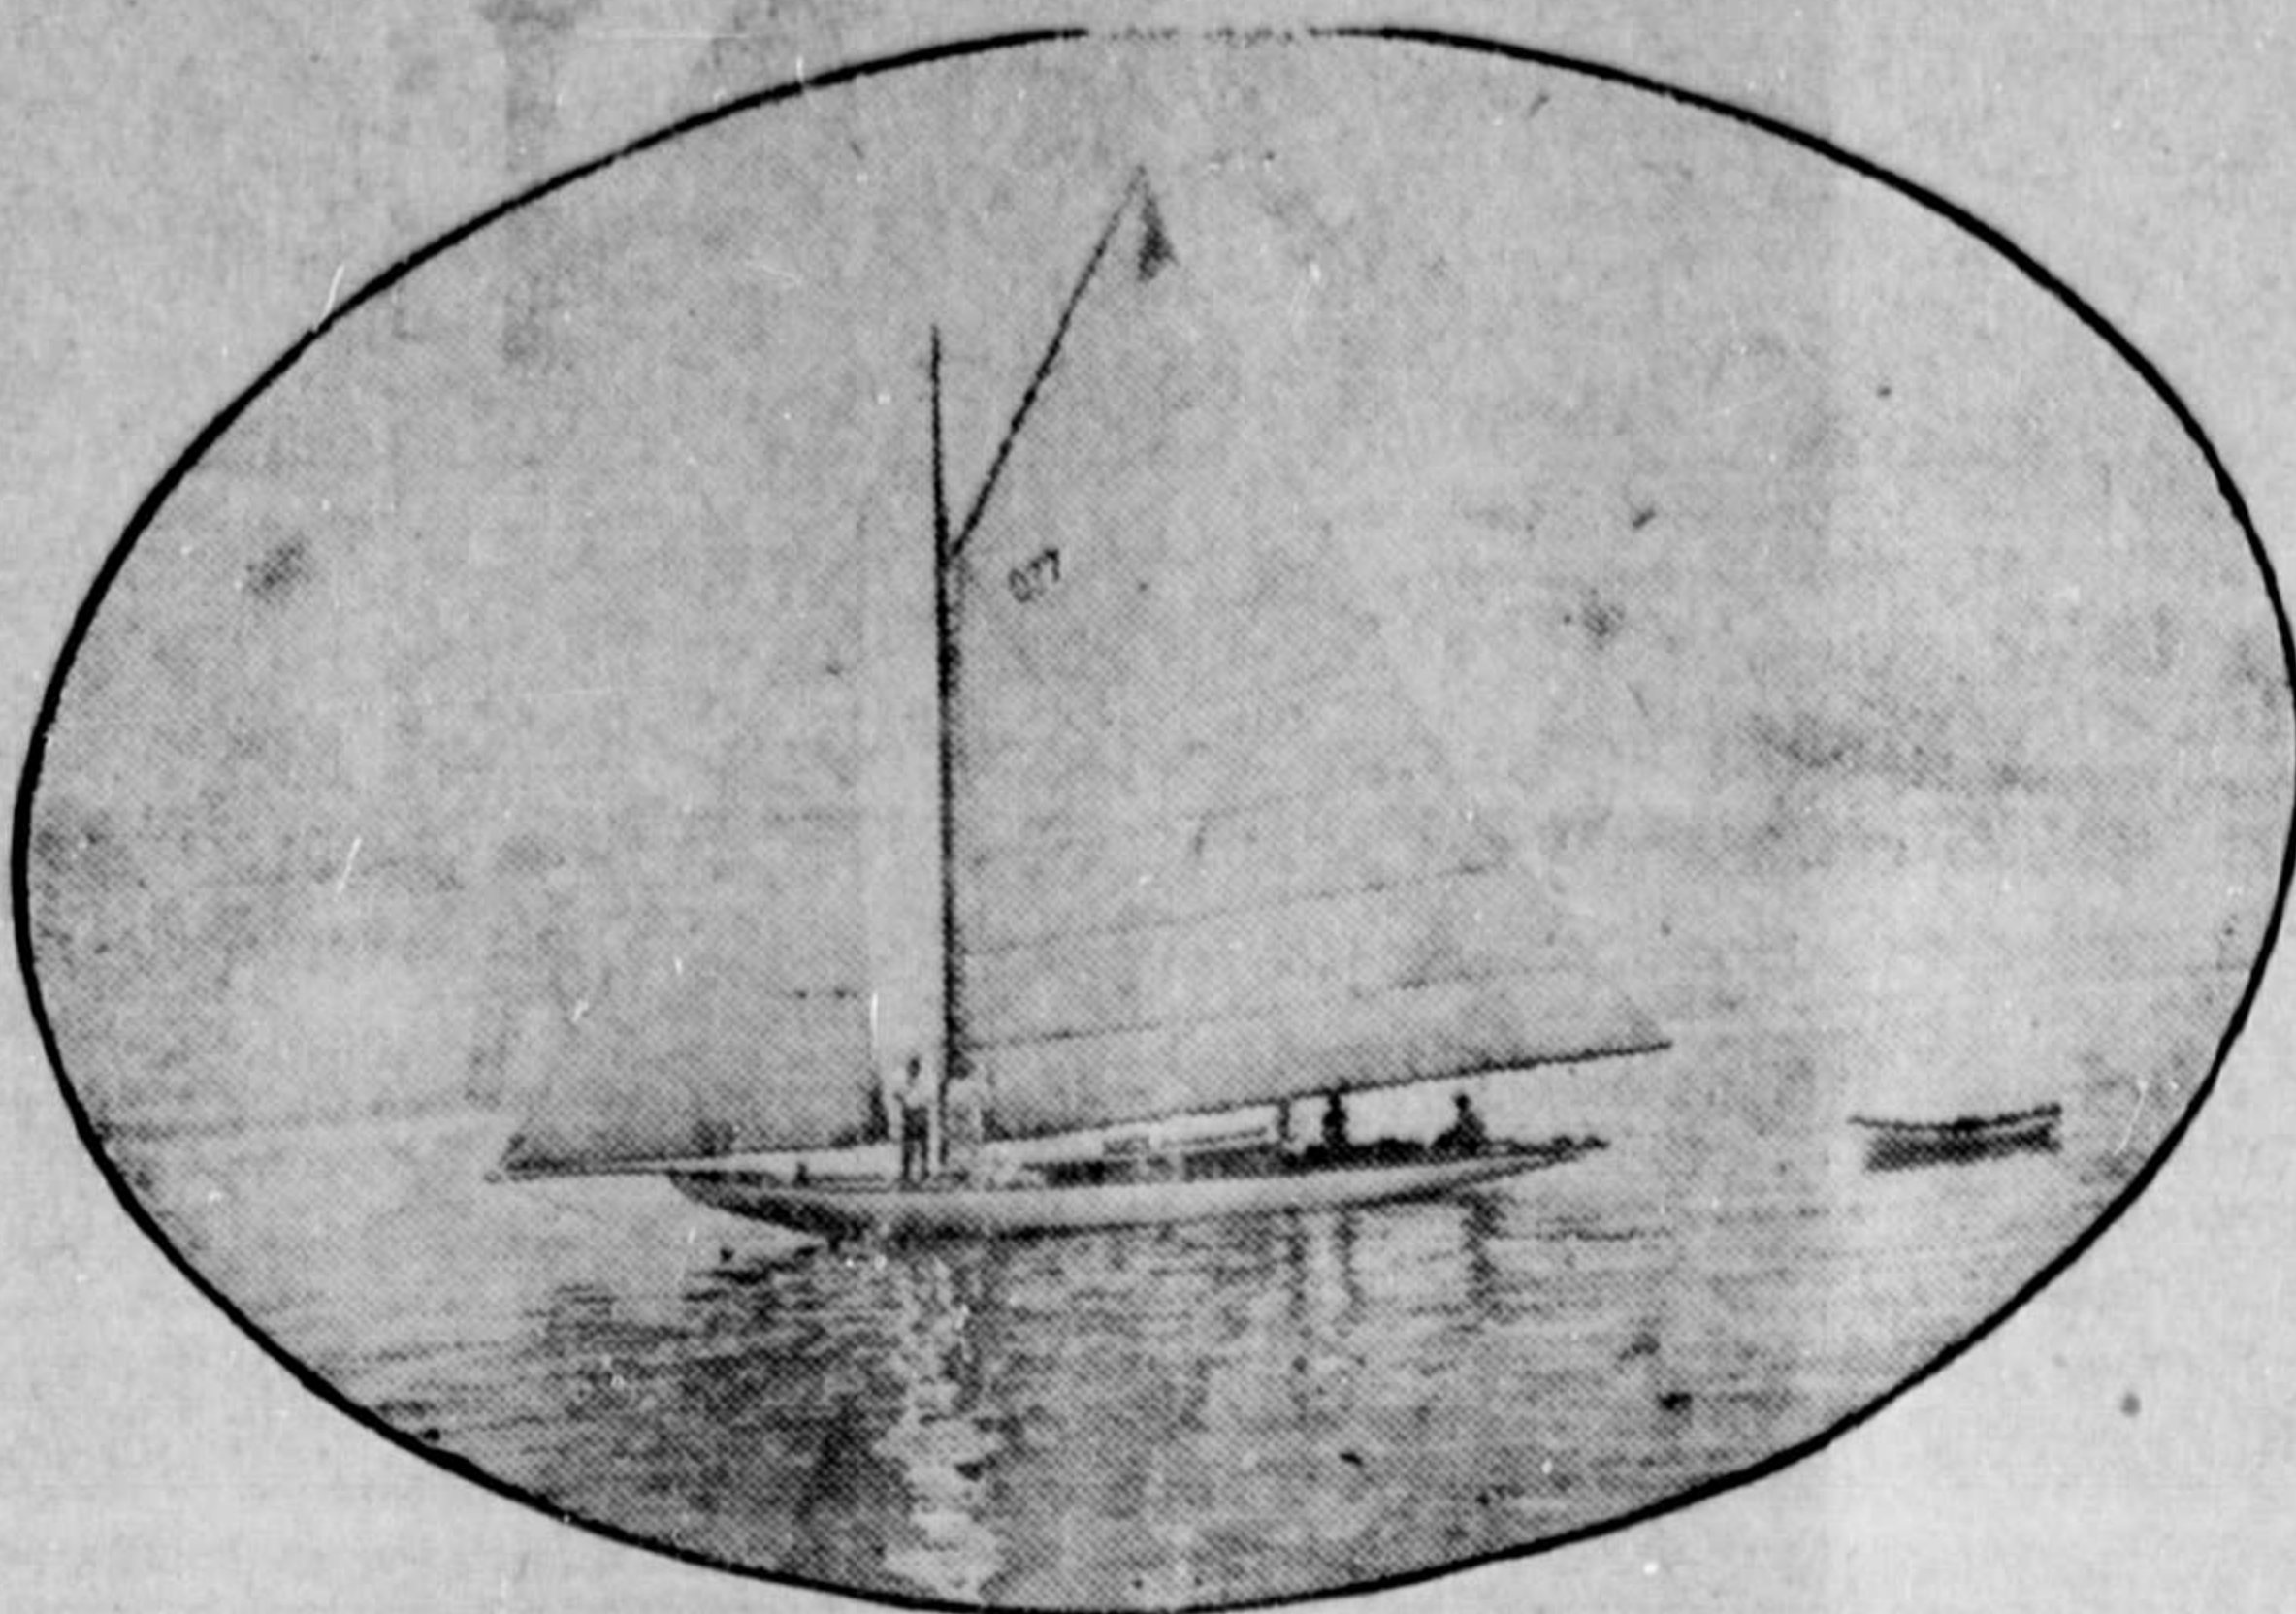

Dr. Bridges is a poet who is better known for the quality than the quantity of his verse. He is named by Arthur Symonds, the English literary critic, as "artistically the most faultless of living poets." But while his lyrical excellence is generally admitted, it is not allowed by all to be a sufficient reason to justify his appointment.

Clement Shorter, writing in the London Sphere, concedes to Dr. Bridges a place in the first rank of living lyric poets, and says that his only rival in this branch of art is W. B. Yeats. Mr. Shorter does not, however, altogether approve the choice. He writes:

"If the office of laureate is to be confined to a man— which, for reasons I have stated already, I know that it must, whether I agree with the idea or not—there cannot be a question but that Dr. Bridges has done the most perfect lyrical work among them, and I shall at least have the satisfaction that the first editions of all his books (which are in my possession) will be greatly enhanced in value by the appointment."

"But the post of poet laureate, now shorn of its trappings of office, its need for odes on state occasions and the like, which Dr. Bridges is no more likely to write than Mr. Yeats, should obviously be given to our greatest man of letters, to the man who is not only a fine poet and prose writer but also a great figure in English literature, which it cannot be pretended that Dr. Bridges is."

Mr. Shorter would have the selection of some such distinguished man of letters as Thomas Hardy for the laureateship, and probably he is right. Dr. Bridges is an improvement on Austin, but he is hardly a big enough man for the post.

### RACING SLOOP VERONA'S RACE WITH DEATH.

This famous sloop now lies at the bottom of Lake Ontario, it having been rammed by a huge floating log ten miles out in the lake. It made a race with death for the shore, with five men and two women on board, all bailing for their lives. They were rescued by a life saving crew eventually. The Verona was a championship winner last year. She is owned by Skipper Jacks, of the Toronto Yacht Club.

## FREDDIE WELSH AND WILLIE RITCHIE READY FOR THE FRAY

WELSH WILLING TO CONCEDE ALMOST ANYTHING, SO CERTAIN IS HE OF WINNING—AT BRIGHOUSE ON SEPTEMBER FIRST.

San Francisco, Aug. 12.—Willie Ritchie will return from his hunting trip in the Monterey hills Thursday and will leave for the north on Sunday to prepare for his September 1 fight in Vancouver with Freddie Welsh. Henry Hickey, the Oakland featherweight, and perhaps Frankie Edwards will accompany the champion. No hitch in the matter of weight and referee is expected. Eddie Graney is satisfactory to both men and he undoubtedly will be selected to referee.

Harry Foley, Ritchie's trainer, who left for Vancouver yesterday, refused to commit himself on the weight question, declaring he could tell better what his demands will be when he gets on

the ground and has a chance of sizing Welsh up.

"It's a part of the game, you know," he said. "If Welsh looks heavy we will make him do a light weight, and if he looks light we'll come in for a heavy weight. I expect no trouble, however. Welsh apparently is ready to concede almost anything, as he is convinced that he can beat Ritchie at any weight."

Ritchie has been heard from but once since he started on his hunting trip. As he made no mention of deer, the presumption is that he has killed none. He and his party are camping out in the woods outside of the line of communication. In his one message to Foley, Willie said that he was having a great time.

### WHARF AT STEWART WILL BE REPAIRED

The Wharf Proper Not to Be Enlarged but Freight Shed to Be Repainted.

A sum running between fifteen hundred and two thousand dollars is to be spent immediately on repairs and repainting at the government wharf. Resident Engineer G. B. Hull, of the public works department, spent a week in Stewart making a careful survey of the wharf and approach, and previous to his departure for Prince Rupert informed The Miner that the improvements would be undertaken at once. The work will be done under the foremanship of Frank Ryan and a dozen men will be required for the job. Some weeks since the department sent up D. Kean to make temporary repairs where the piling and supports had sunk in, pending instructions from Ottawa as to the amount set aside for the permanent improvements. The wharf proper will not be enlarged, but the freight shed will be painted.

While in the district Mr. Hull visited up the Salmon river and took in the Indian mine. He expressed himself as highly pleased with the wonderful showing of galena now being opened up and considers that the Indian has all the "earmarks" of a big producer of silver-lead ore. — Portland Canal Miner.

### ROAD EMPLOYEES ARE PAID OFF IN CASH

Government Agent McMullin Relieves the Cash Stringency at the Northern Seaport.

The local money stringency—the need for actual currency to transact business—has been largely overcome by the prompt action of Government Agent J. H. McMullin bringing to Stewart the sum of two thousand dollars to take up cheques issued to employees of the road superintendent's department. This was a step in the right direction and met with the instant approval of both the men and merchants generally. The Miner has always contended that with the withdrawal of local banking facilities that some means should be undertaken to have a certain amount of money held here for the purpose of cashing the pay cheques of those employed by the department. This has now been arranged and the shortage of actual money overcome. During the absence of Road Superintendent C. J. Gillingham pay cheques are being signed by Mining Recorder John Conway.—Portland Canal Miner.

### VERY YOUNG COUPLE

Bride Is Sixteen and Bridegroom Seventeen.

Telkwa, Aug. 2.—Patsy Jones, son of H. P. Jones, Glentanna, was married last week in Victoria to a young lady of that city, and they are due to arrive at Moricetown this evening. The father left Telkwa this morning to meet the youthful couple. Particulars of the wedding have not been learned as yet, but the ages of the couple, which are said to be 17 and 16, respectively, makes of it an event out of the ordinary.—Telkwa Tribune.

GILLINGHAM'S EXPERIENCES WHILE ON GROUNDHOG TRAIL

ROAD SUPERINTENDENT DENIES HIS PARTY WERE AT ONE TIME ABSOLUTELY WITHOUT FOOD, THOUGH RATIONS WERE RATHER LOW.

"You can state positively that there will be no delay in completing the building of the proposed Stewart-Groundhog pack trail, so that by next spring it will be possible to use the new route to the coal fields," was the welcome announcement made to The Miner by Road Superintendent C. J. Gillingham, who returned home this week after an absence of six weeks spent between Meziadin lake and the government telegraph line locating the main trail and in the construction of 25 miles of new trail from a point near Cabin Six into the northern part of the big anthracite coal basin. Accompanying Mr. Gillingham were George Thomas, Lester Rutherford and Robert Quinn. Gaunt and lean, the quartette show physical signs of their hard travel, but all are happy to be back in Stewart and have stories to tell of adventure and hardship such as comes to the lot of the pioneer trail blazer. The road superintendent denies emphatically that at any time their were absolutely without food, but their rations were pretty low on their arriving at the government telegraph cabin. The party left Stewart headed for the coal fields on June 28th, and after sixteen days of arduous travel reached the telegraph line between Cabins Six and Seven. They then augmented Phil McDonald's party in the construction of 25 miles of new trail starting on the telegraph line at the bridge near Cabin Six into the coal area and came out over the trail to Hazelton. Mr. Gillingham says that the route from Stewart will be up the Hanna river to the east fork of the Naas river, thence following that stream to the bridge near Cabin Six. He states that practically no elevations of importance are to be overcome after passing the Bear river divide and that the route finally selected will not only be more direct but have the advantage of an abundance of feed for pack horses.—Portland Canal Miner.

NOTES FROM STEWART.

Peter La France is back in town from Granby Bay.

Mrs. J. G. McLaren has returned to Vancouver.

Dr. Percy Scharschmidt, provincial organizer for the Conservative party, was here on the last boat.

Mrs. William Crawford has returned from Prince Rupert, where she took her little daughter for medical treatment.

Carl Swan has gone for a brief holiday to Seattle and may visit Granby Bay before returning home.

Peter Piombo, formerly chef at the Hotel Northern and now interested in a group of claims down the Portland Canal, is in town looking after the assessment work.

Among the Prince Rupertites who paid a flying visit here on the last boat were Alf. Morris and wife and F. F. Hannington, acting manager of the Canadian Bank of Commerce.

Complaint has been made to Government Agent J. H. McMullin of the looting by white men of the cabins at Maple Bay, which during the past few weeks have been stripped of windows, sashes, doors and even lumber being torn up from the floors of the residences.

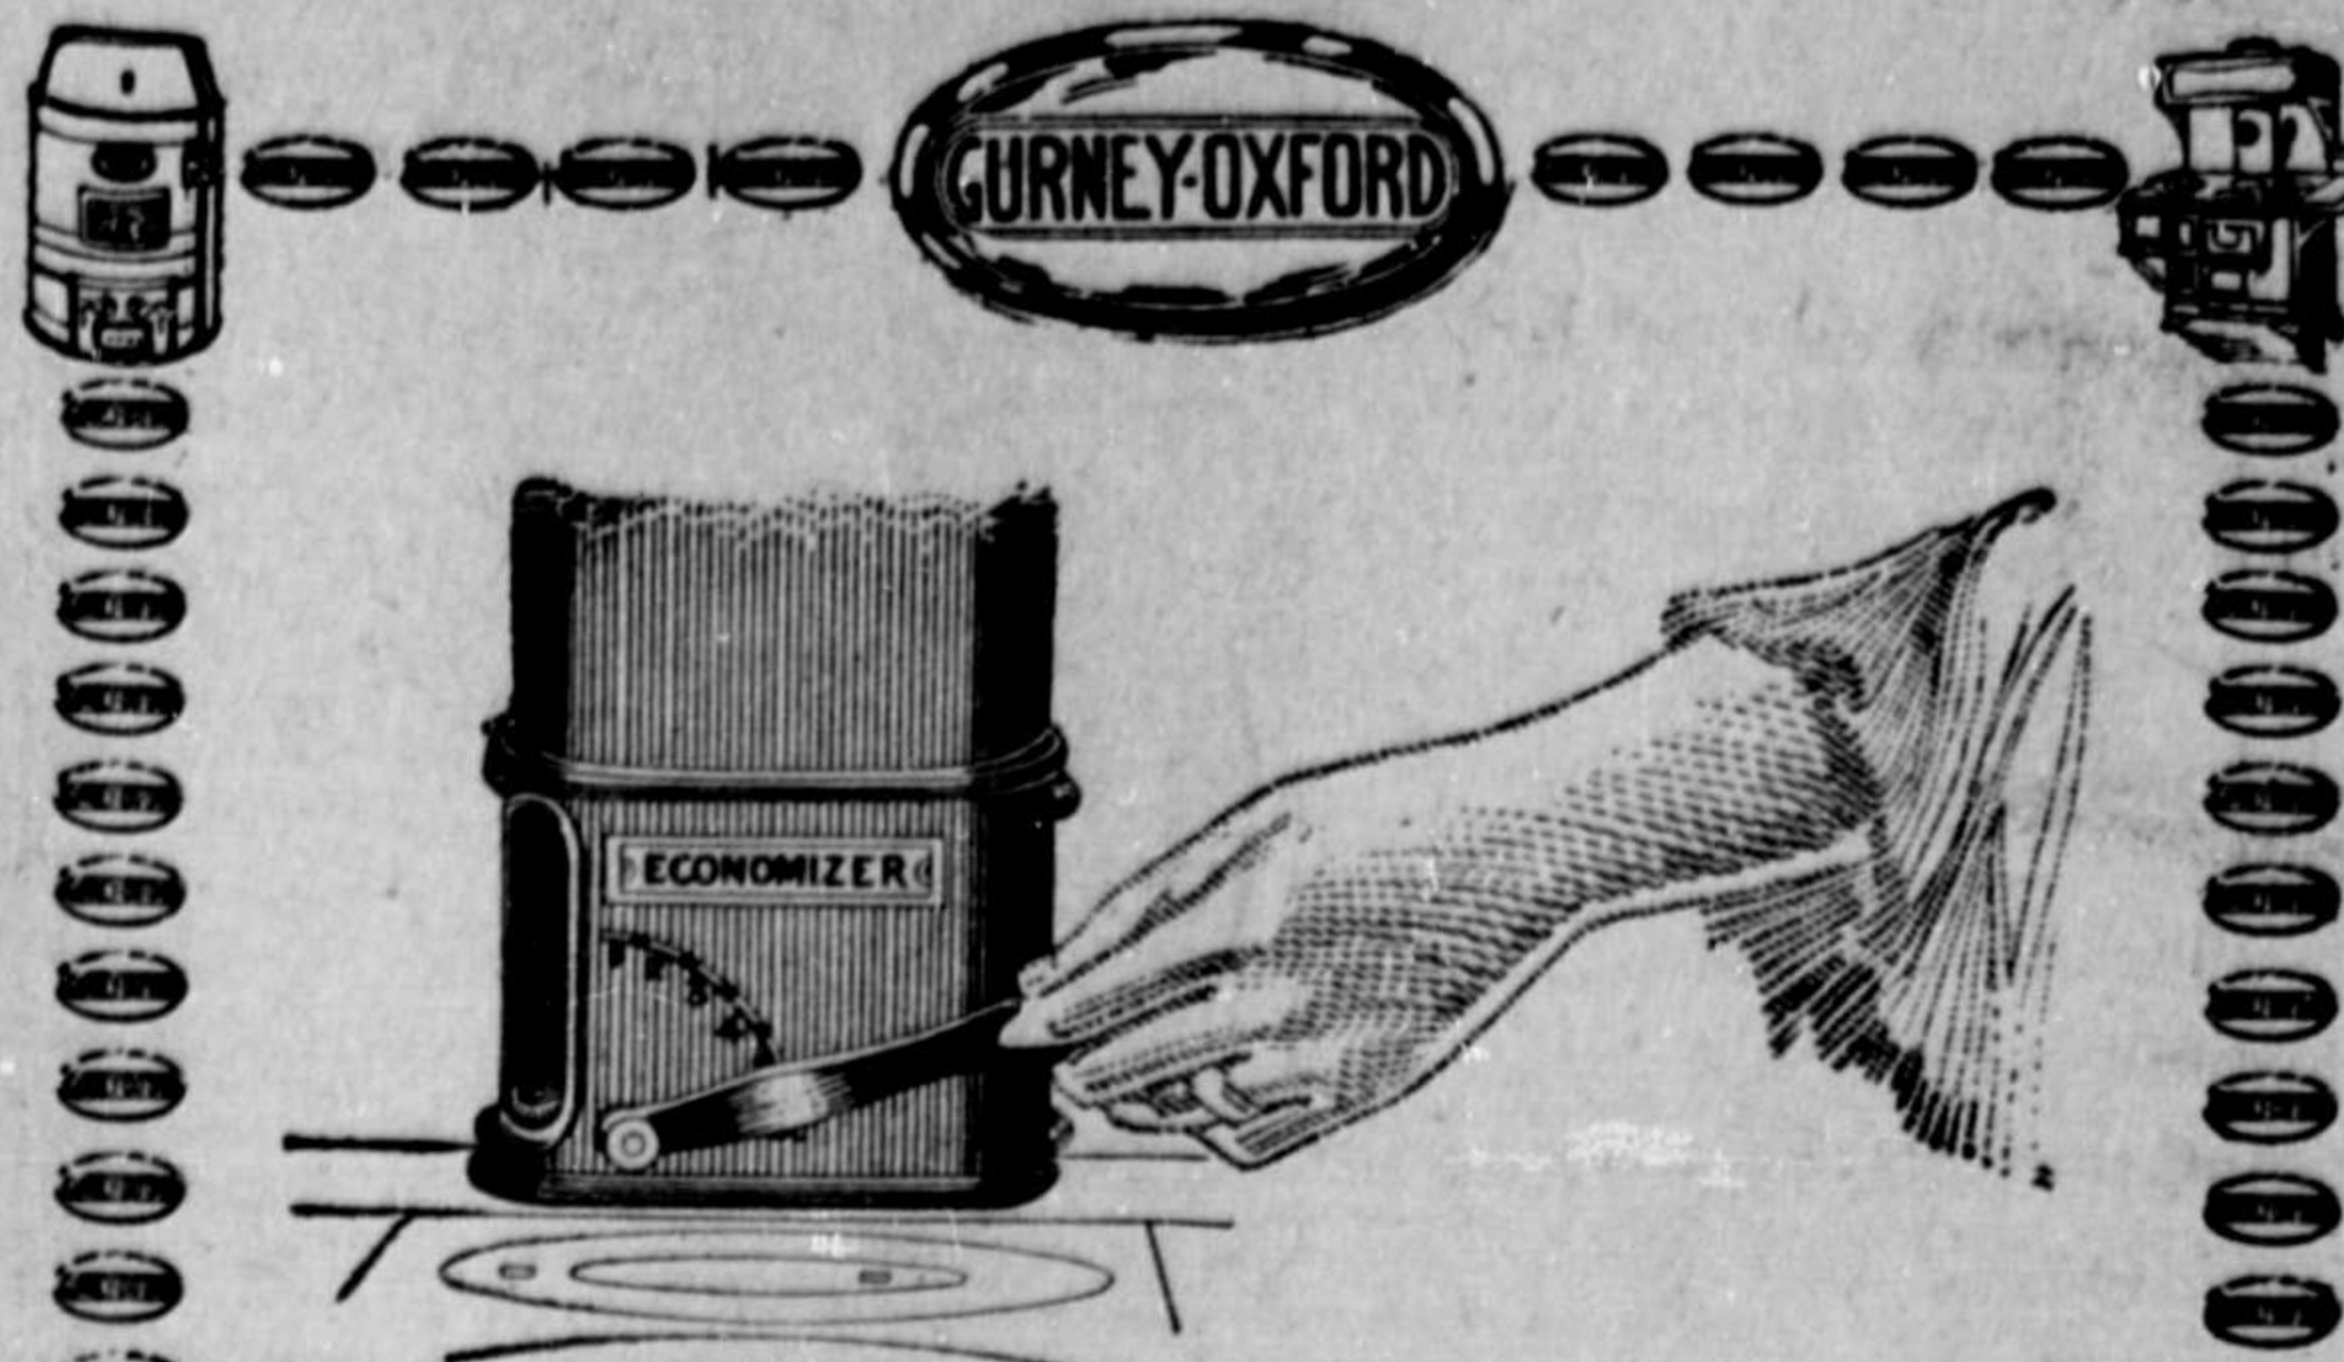

Mrs. Thomas Callaghan has gone to Granby Bay to join her husband. She was accompanied as far as Prince Rupert by Mrs. George Bruggy, who returned on the Thursday boat.

Deputy Attorney General J. B. McLeod was among the Victoria tourists who visited Stewart on the last boat.

J. Sweeney, proprietor of the Hotel Savoy, made famous for its "thirteen storeys of solid comfort," was here last week.—Portland Canal Miner.

Control Your Coal Expenditure

In the Gurney-Oxford range you will find more exclusive features, more essential improvements that appeal to the thrifty housewife than have ever before been found in any one kitchen range.

But most important of all is the Economizer.

This clever device for regulating the drafts saves 1 ton of coal in every 6 that you would burn in the ordinary range. It takes the smell of cooking out of the kitchen and sends it up the chimney. You know what that means.

The Economizer enables you to absolutely control the amount of coal you wish to consume and still have a perfect heat for cooking. It will enable you to keep your fire going while you go out shopping or visit your neighbor, and all that is necessary for you to do on your return is to press the small lever and you are assured of a hot fire in a very few moments.

A Gurney-Oxford stove is sanitary—no dirt can accumulate on its beautifully smooth surface.

Its top is polished steel which abolishes forever that dreadful operation—blackening the stove.

Of paramount interest also are the other remarkable and exclusive attachments—the Special Grate, the Divided Flue and the Broiler.

Every woman who knows owns a Gurney-Oxford.

Captain Stride and Lieutenant Belmont will arrive here again on Saturday.

### SOUNDS LIKE WILSON

Crabs That Climb Trees and Chase the Squirrels.

It is not generally known that Delkallah Bay is the habitat of the succulent crab. They are very numerous near the mouth of the bay and have a very fine flavor. Old timers like C. M. Wilson aver that on a sunny day they crawl up on the beach, form in platoons and engage in sham battles. Many of them climb adjacent trees and chase the squirrels for sport. A profitable industry may be worked up later in shipping them to Prince Rupert epicures.—Masset Leader.

Bridegroom Electrocutured. Winnipeg, Aug. 14.—Ed. Gibbs, an electrician, was electrocuted this afternoon under pathetic circumstances. Mr. Gibbs was only married on Friday and started work this morning with the City Light & Power Company as a patrolman. He had been in Winnipeg two years, coming from Scotland.

### TERRACE NOTES.

Terrace, August 17.—A splendid programme of instrumental music interspersed with recitations and an exhibition of sleight of hand was presented by the members of the Terrace Band on Saturday evening. Towards the latter end of May the members commenced their work under the able leadership of Mr. Just. The concert was a most pleasing exhibition of what they have accomplished. The band consists of fourteen pieces, mainly brass instruments. The following gentlemen took part: Mr. Just, bandmaster; Mr. Giggey, cornet; Mrs. E. T. Kenney, S. Kirkcaldy, Mrs. Pohle, B. Kenney, L. Morrison, J. Spitzel, W. Martin, Paul Lindblum, Jack Spitzel, M. Large, Mr. Gryden, and Mr. Cole, bass drum, assisted by Geo. Minchin, who gave a remarkable solo on the harmonica. Mr. Pearson recited some of Drummond's "Habitant" poems with great success.

The dance that followed was much enjoyed by all who took part in it. The band provided the music for this part of the evening's entertainment. The hall was decorated with gaily colored bunting and flags, and the platform with flowers. Great credit is due to Mrs. Kenney, Mrs. Firestones and Mrs. Large, and others who were responsible for this.

Mrs. Little returned from Rupert on Saturday.

Mr. Eby left on Thursday for Rupert and will be away some days on business.

The trial of the men who took part in the stabbing affray at Nicholl last week ended on Friday, the guilty parties being fined by the presiding magistrate.

Ballasting between here and Kitsumkalum is now being done by a road gang.

The work train has been for some days in the Terrace Sidings.

### NOTED PREACHER HERE

Dr. Dawson, Late of London, Came to See This Country.

Dr. Dawson, of Newark, N. J., and formerly of London, England, a lecturer and preacher of note, was in Prince Rupert last week. He came north to investigate the agricultural possibilities of the Queen Charlotte Islands, where he has considerable interests. He was highly satisfied with the result of his tour through this part of the province and expressed his opinion that there was sure to be a great future in store for a country so rich in potentialities.

It is no use running; to set out betimes is the main point.—La Fontaine.

### REDUCE FUEL BILLS

BETTER AND GET

Every householder in Prince Rupert who has plumbing in his house can save money by improved installation. Phone 489 and let me explain how, by my system, you can have

HOT WATER FOR THE BATH IN 20 MINUTES OR HOT DISHWATER IN 10 MINUTES

The reduction in your fuel bills will pay for the cost of the alterations in a short time and you will have greater satisfaction.

### NEWS FROM SMITHERS.

A road has been surveyed between the bridge site at Smithers and the main wagon road and work will probably commence this fall. This road will give a large number of ranchers between Glentanna and Canyon Creek access to the new town. It is expected that the bridge will also be constructed later on when the river reaches a lower stage.

Well known visitors for the week have been Rev. Mr. Kingston, H. E. Walker, representative for the department of agriculture; H. A. Bigelow, W. S. Henry, James Clayson, one of the old timers who has returned for good; James Kennedy, Joe Bourgon, Colonel R. G. Steele, J. M. Adams, A. E. Fawcett, Mike Gillespie.

Kelly, of local fame, emptied six shots from his Winchester in and around a party of six laborers engaged in extending the division yards on Friday morning, driving them off the mineral claim which partly occupies a small portion of the ground desired for additional yardage.

Harry Smith, of the firm of Smith & Eggleston, is making preparations for building a residence in Smithers.

Smith & Eggleston have announced that they will move their shop from Telkwa to Smithers within the next ten days.

While walking to Telkwa last week, Mrs. H. P. Jones was held by a large bear near Saley's ranch. A couple of men from the road gang rescued her.

The Methodists have secured a location at the corner of Queen street and Broadway, and will soon start the erection of a church. Rev. C. E. Batzold is formulating plans for a men's club in the new town, something on the lines of the Y. M. C. A.

There has been no word yet received from the department in regard to granting a post office at Smithers and the people of the town are caused considerable inconvenience in sending and receiving their mail.

E. J. Hill is preparing to open a livery business in the new town.—Telkwa Tribune.

### THE WOMEN'S FAULT

High Death Rate Is Blamed on Them.

London, Aug. 12.—The present high mortality in London, Mr. John Burns, president of the local government board, declared, is due to the fact that women increasingly are entering into all phases of commerce and industry and official and administrative life. "They themselves must realize," he said, "that as far as their offspring is concerned this fact is attended with considerable disadvantage to the community and to the race as a whole."

### THE ZORRA SANK OFF BANKS ISLAND

Crew, Stripped to Waist, Worked in Water for Hours to Save Cargo.

Two of the crew of the Zorra, of the Atlin Fisheries, Ltd., are now in town with a tale of disaster and heroism.

The Zorra, while anchored off Banks Island, ran foul of her anchor during the night and went on a reef. When the tide went out she was beached high and dry. The vessel, however, slipped from the reef into the water and sank by the stern. Her crew thereupon stripped to the waist and labored for over two hours in the cold water to recover the cargo of fish. Over fifteen thousand pounds were saved.

### AN INVESTIGATION OF ALASKA COAL FIELDS

United States Bureau of Mines Appoints Geologist Who Reported on Groundhog.

The United States Bureau of Mines is to be congratulated on the fact that it has appointed George Watkins Evans to conduct an investigation into the coal fields of Alaska. The reports on those fields are at present very indefinite and unsatisfactory, and there is no reliable data on which to estimate the prospective value of the Alaska coal field. Mr. Evans recently conducted an investigation of the Groundhog Mountain coal field for Vancouver interests and did the work thoroughly. There is no man better qualified for the important task which he has been entrusted, and his report will be awaited with interest.—Mining and Engineering Record.

### RIDEAU HALL REPAIRS

Government Residence Will be Ready in October

Ottawa, Aug. 16.—Rapid progress is being made with the improvements to Rideau Hall and it is now expected that the vice-regal residence will be in readiness for occupation again when the Duke and Duchess of Connaught return to Canada late in October.
