PRINCE RUPERT FAIR GROWING INTO A MONSTER EXPOSITION

APPLICATIONS FOR SPACE IN WHICH TO SHOW NEW SCIENTIFIC AND MECHANICAL DEVICES COMING IN FROM ALL PARTS.

Applications for space in the different departments of the Prince Rupert Exhibition to be held September 24 to 26th are being received daily by the management showing the vast interest that is now being centered on the forthcoming event. Points as far apart as Vancouver and At-
Fort George and the Queen Charlotte Islands will contribute to the product of the field, the orchard, the mine and the sea, besides manufactured articles of every kind and description. It is estimated that the exhibition grounds will have ample space for all exhibits, and the big auditorium building which will be used for the main industrial hall will be artistically arranged and decorated. At night the whole of the fair grounds will be lighted by myriads of incandescent lamps. Several attractive features will be staged during the three days of the exhibition, including day and night fireworks supplied by the Hitt Fireworks Company. These pyrotechnic spectacles will be the first of their kind seen in the north. The morning programme consists of twelve pieces of American and Japanese day-light fireworks, some of which will distribute over the city hundreds of souvenirs. The night programme consists of 56 pieces, including Hitt's celebrated Alaska-Yukon-Pacific Exposition success "The Electric Flashlight Screen."
Another amusement feature that will add greatly to the pleasure of all visitors to the fair will be the Pollard Opera Co., who have been specially engaged by the Westholme Theatre for the week of the Exhibition. This well-known Australian Juvenile Opera Company will present a repertoire including the master works of Gilbert & Sullivan. The management, through the assistance of sub-committees has arranged splendid cards of land sports, water sports and carnival horse racing, log chopping contest, besides an Indian band contest.
There will be music galore throughout the three days, as at least eight bands will be present for the fair.

THREE HUNDRED DOLLARS PER DAY FROM SHUSHANNA CLAIMS

CONSERVATIVE ESTIMATE OF DR. CAIRNS, THE NOTED GEOLOGIST—HAD THOUSAND POUNDS OF GRUB STOLEN.

Despatches from Dawson state that Dr. Cairns, the Canadian government geologist, and his party, who arrived from the Shushanna strike, brought more than a million pounds of gold with him. Dr. Cairns says that the district is about six by twelve miles in area, bounded by Johnson, Wilson and Bosa and Summit, within which most of the creeks are staked, the Bonanza, Coarse Money, Little Eldorado, Gold Run and Tootate. He says that labor is scarce because there are no supplies for the men who remain there.
The doctor continues that the great need is supplies, which should be placed within reach for winter hauling. There will be no winter mining, but plenty of work for claim owners, building cabins and cutting wood and lumber, and in freight.
Many stampereders are wandering about looking for claims to stake, but find that the ground has been all taken.
One thousand pounds of supplies which Dr. Cairns had were stolen from the caches along the upper White River, and the Mounted Police will open three posts along this route within the next few days. Dr. Cairns says that United States and Canadian officials positively should keep out everyone not going to the diggings with ample supplies, while the Dawson News urges the marshal and police to guard against toughs.
The doctor reports also that the discoverers are taking out three hundred dollars a day per man from Little Eldorado claims.

PAYMENT WAS DUE

Board of Works Did Not Recommend Advance.

Alderman Dybhavn, acting chairman of the board of works, takes exception to the manner in which The News reported yesterday the recommendation made by that body for the payment to S. P. McMordie of \$12,000 for grading work done in Section Two. The expression used yesterday was that "\$12,000 be advanced to S. P. McMordie on the grading work which had been done in Section Two." Alderman Dybhavn states that this amount was due for work done and that the recommendation is not for any advance. There was no intention in The News' report to intimate that this amount of money was not due to Mr. McMordie.

SCOTS DANCE TONIGHT

There Will be Doings in St. Andrew's Society Clubrooms

This is the night of nights when the Scottish born will dance the dances of the country of their adoption and Canadians and Americans will frisk about in the reels and strathspeys of the land of the heather. There will be a merry time. There always is when the St. Andrew's Society puts on an entertainment.

THE WEATHER.

The weather report at 5 o'clock this morning read: Barometer, 30.202; maximum temperature, 64; minimum temperature, 49.

PUBLIC MEETING

A public meeting will be held at the Empress Theatre on Wednesday evening at 8:30 o'clock for the purpose of discussing the financial affairs of the city.

I urgently request a large attendance in order that every citizen in the city may be thoroughly apprised of the situation.

T. D. PATTULLO, Mayor.

DOUKHOBORS PUT UP FIGHT WITH POLICE

Provincial Police Have to Relinquish Prisoner and Several Are Severely Injured.

(Special to The Daily News.) Grand Forks, B. C., Aug. 20.—The Provincial police and the local authorities started out yesterday to arrest a Doukhobor in connection with the suspicious death of a woman and on evidence given at the inquest. They made the arrest, but in a very short time had to relinquish him and flee before a storm of flying rocks and the pitchforks of a mob of fifty very mad Doukhobors.

DYNAMITE CAR EXPLODED

Rebels in Mexico City are Adopting New Tactics

(Special to The Daily News.) Mexico City, Aug. 20.—A car laden with dynamite was yesterday exploded on the street line at Tacabay, one of the suburbs of the capital. Over a hundred were killed and injured by the explosion.

Killed in Train Wreck.

(Special to The Daily News.) Fort Smith, Ark., Aug. 20.—Twenty persons were killed and many injured in the wreck of the northbound St. Louis-San Francisco passenger train last night.

RUPERT BANK MAN BRINGS BACK BRIDE

W. J. Smithers Was Wedded at Winnipeg to Miss Linda Robinson.

W. J. Smithers returned on Monday from the east, accompanied by his bride. The Vancouver Province gives the following account of his marriage and stay in Vancouver:
At St. Andrew's Presbyterian Church, Winnipeg, last Monday, Mr. W. J. Smithers of the Bank of British North America, Prince Rupert, was married to Miss Linda Robinson of Middlebrough, England, the ceremony being performed by Rev. Dr. Sinclair. The bride, who crossed the Atlantic and half the continent to keep her engagement, was accompanied by her father Mr. William Robinson, a prominent citizen of the Yorkshire city, who also gave her away. She looked charming in a gray travelling suit with hat to match and carried a beautiful bouquet of roses. Mr. and Mrs. Smithers arrived in Vancouver yesterday and are the house guests of Miss Clara Simmonds, 1243 Alberni street, who entertained in their honor last night. An enjoyable program of song, music and speech was carried out, those contributing including Mr. and Mrs. John Hope, Miss Bland, Mr. John Ricketts and Mr. George Simmonds. Mr. Smithers was in the Vancouver branch of the Bank of British North America until his transfer to Prince Rupert over a year ago. The guests paid tributes to his many good qualities and congratulated him on his marriage to an accomplished lady from his old home town in England.

PARTY OF SCIENTISTS COMING TO RUPERT

(Special to Daily News.) Vancouver, Aug. 20.—Two hundred of the geologists from the international congress, recently held at Toronto, will reach here on Monday in two special trains. They will start north to Prince Rupert at midnight on the steamship Maquinna. This is the new Canadian Pacific steamer that was launched last month. She has been specially chartered for the party and this will be her first trip to the north.

REPORTS ON LIGHT, TELEPHONE, WATER

Lighting and Telephone Departments Continue to Show Prosperity.

The report of the electric light department, presented at the last meeting of the city council, shows a deficit for the months of June and July of \$378. This deficit was owing to the large purchase of new material. The report for the seven months ending in July shows a good balance, \$1,188.

The following is the report for the seven months:
Costs\$28,357.44
Revenue 29,545.89
Net Earnings 1,188.75
Capital Account 6,700.02
Meter Account of 1912
To Be Deducted from
Capital Account 2,813.60

Capital Charges, 1913. \$3,886.42
The report of the telephone manager for the first six months of 1913 shows that the total income of the department was \$10,738.20, and the total expenditure \$8,587.65. The balance was, therefore, \$2,150.55.
The following are the estimated receipts and expenditures for 1913 of the light, telephone and water departments:

Light Department.
Estimated Receipts... \$52,300.00
Estimated Expenditure 52,063.15
Telephone Department.
Estimated Receipts... \$23,560.00
Estimated Expenditure 17,624.00
Water Department.
Estimated Receipts... \$20,500.00
Estimated Expenditure 20,434.00

HARRY THAW ARRESTED ON THE CANADIAN SIDE

Held on Request of American Officials as a Fugitive from Justice.

(Special to The Daily News.) Coaticook, Que., Aug. 20.—Harry Thaw arrived here yesterday in a powerful automobile. He was arrested by local officers at the request of American officials and is held as a fugitive from justice. The American officials have applied to Ottawa for extradition, but this cannot be done in the case, and the only recourse is to deport Thaw as an undesirable. It is expected that this course will be carried out this evening.

HUERTA BACKING DOWN

Now States That He Never Sent That Ultimatum.

(Special to The Daily News.) Washington, Aug. 20.—President Huerta of Mexico now denies sending any ultimatum to the government here, and states that Governor Lind has been cordially received.

SEVEN PERSONS DROWNED

Government Steamer Overturned in Mississippi River.

(Special to The Daily News.) Keokuk, Ia., Aug. 20.—Seven persons were drowned last night when the government steamer was overturned in the twenty foot channel of the Mississippi River.

Great Northern Wreck.

(Special to The Daily News.) St. Paul, Aug. 20.—The Oriental Limited of the Great Northern was wrecked at 11 o'clock last night near Grand Forks, North Dakota. Details are lacking.

SPORTS COMMITTEES FOR FAIR SELECTED

Committees are Named for Land and Water Sports, and Horse Races

Interest in both the land and water sports, as well as the horse racing events for the forthcoming fair has been stimulated by the announcement of several programmes covering the three days of the exhibition.

The land sports and children's races will be managed by a sub-committee composed of W. D. Vance, chairman, Fred Stork and C. H. Orme. All entries for athletic contests must be in hands of Chairman Vance not later than Saturday, September 20th.

The water carnival and contests will be in charge of H. S. Wallace, Vernon Gamble, A. E. Oakley and A. G. A. Vidler. Entries and information are to be obtained from Mr. Vidler, secretary of the Prince Rupert Rowing and Yacht club.
The horse races will be managed by a committee composed of A. J. Prudhomme, J. A. Dade and George Frizzell.

Launch Alice B for hire. Telephone Green 391, Davis' Float. 155-17

OVER ONE HUNDRED ARRESTED FOR NANAIMO STRIKE RIOTS

CROWN PROSECUTOR BELIEVES IT WILL TAKE SEVERAL WEEKS TO CLEAR THE DOCKET—JINGLEPOT MINE STARTED OPERATIONS TODAY.

(Special to The Daily News.) Nanaimo, Aug. 20.—The arrests in connection with the strike now number over a hundred and it is expected that during the day the rest of the warrants, which altogether number one hundred and forty-nine, will be served. These warrants were sworn out on charges of rioting, looting and arson.

Joseph Taylor, vice president of the Ladysmith local and a prominent leader in the strike at that point, was arrested Saturday night at Victoria, where he went as a delegate to a meeting of the B. C. Federation of Labor, of which he is also a vice president. It was thought by the authorities that he intended to escape the service of the warrant for his arrest, so instructions were telegraphed to Victoria for his apprehension. He had been apprised by wire of the order and endeavored to leave the train at Victoria West, where he was caught.

Over fifty government secret service men are employed in gathering evidence to be used in the trials of those arrested. Crown Prosecutor T. B. Shoebottom expects to be in a position to commence prosecuting the cases in three or four days. It is probable that a preliminary hearing will be given in each instance and Mr. Shoebottom anticipates that it will be several weeks before the docket is cleared.

ONLY PARTIAL LIST OF SAVED FROM STEAMSHIP DISASTER

NO WORD YET RECEIVED OF MISS WILSON—LIST OF SOME OF THOSE SAVED—J. F. PUGH REPORTED AMONG RESCUED.

No further news has as yet come in as to the number of Prince Rupert passengers lost on the State of California. A wire was sent by J. H. Rogers, the local agent of the Pacific Coast Steamship Company, inquiring for news of Miss Wilson, but no reply has yet been received.

Vancouver, Aug. 18.—The full list of the survivors of the State of California disaster has not yet been received. Among the known dead are:

MRS. NELLIE B. WARD, wife of Edward C. Ward of Seattle, assistant manager of the Pacific Coast Steamship Company;
drowned.
MISS LILLIE B. WARD, daughter of E. C. Ward; picked up on raft but died of exposure.
JOHN VANDERLASS,
MRS. JOHN VANDERLASS,
MISS RISDON,
Members of the crew dead:
FOURTH OFFICER I. ANDERSON.
WIRELESS OPERATOR D. C. PERKINS.
DECK OFFICER L. MEZZINI.
WAITER P. SMITH.
WAITER J. CLARK.
WAITER B. MADIGER.
Following is a partial list of

CANADIAN'S STORY OF FLIGHT FOR HIS LIFE FROM MEXICO

DR. E. R. FISHER IS NOW IN PRINCE RUPERT AFTER MANY EXCITING ADVENTURES IN THE REPUBLIC OF REVOLUTIONS.

"There will be no settlement in Mexico until there is foreign intervention, whether it is benevolent or by force of arms." Such is the opinion of a Canadian now in Prince Rupert who was one of the many who had to flee for life from the storm tossed republic.
Dr. E. R. Fisher, the brother of W. S. Fisher, local manager for C. D. Rand, was through some of the worst parts of the Mexican troubles, but eventually found things getting altogether too hot and made the best of his way to the frontier. Now, after not a few trying and hazardous experiences, he is once more back on British territory. He arrived in Prince Rupert this morning by the steamer Prince George.

Dr. Fisher went into Mexico last December as surgeon for the Parano-Durango Railway, a concern operated by American capital. He resided at kilometre 84, beyond Parral, in Chihuahua. This railway company was one of the many corporations that suffered from the turbulent state of the country. During one year it was the victim of no less than eighty-three raids from the rebels. The company recognized the impossibility of coping suc-

GERMAN AIRSHIP TO CARRY TWO HUNDRED PASSENGERS

This huge dirigible balloon, constructed by a competitor of Zeppelin, is the last word in aerial navigation. In a test made of it last week a record flight of 45 miles in fifty-five minutes was made, carrying eighteen passengers who were adventurous enough to make the trip. It has a capacity of two hundred passengers and crew, and will probably be put on a regular passenger schedule between Berlin and Stuttgart.

DAILY EDITION

Wednesday, Aug. 20, 1913

NOW IS THE TIME.

There has been much criticism of the policy followed by the mayor in his endeavor to dispose of the city's debentures. While he was away there were many discussions as to the wisdom of his having undertaken the trip to England. Since his return there have been further discussions as to the wisdom of the application to the Provincial government for its consent to guarantee the bonds.

The mayor has arranged for a public meeting this evening, when these questions, and any arising out of them, can be openly discussed and fully threshed out. It is his desire that the citizens may have no misunderstanding as to the present situation, and he has expressed his hope that all considerations of a political or personal nature will be put aside on the present occasion in order that the citizens may unite to further the interests of the municipality.

The question under consideration is certainly of the greatest importance to Prince Rupert, which is now about to enter, within another year, on the second and greatest stage of its development. The city is called upon to decide at what rate it deems it wisest to progress, and in doing so it has to consider not only its present but its future needs.

At the meeting this evening it behooves every man who

feels the responsibility of his citizenship, every man who possesses anything of a public spirit, to attend. There has been much criticism of the mayor in the street. Let his critics now appear in the hall. We have, most of us, heard their condemnations of the mayor's policy. Now let us hear them present the plans which they themselves deem would be best for the public interest. We want not carping but constructive criticism. The man must sink himself in the citizen.

FINE JOURNALISM THIS, EM?

The Evening Empire, which styles itself the paper that is "always reliable," published in its edition of yesterday nearly a column despatch regarding the sinking of the State of California supposed to be sent from Juneau, but an intelligent public is not likely to be gulled to the extent of believing the despatch to be a genuine one. The press telegraph rate from Juneau to Prince Rupert is 3 cents per word. Yesterday's despatch, therefore, cost the Empire just \$14.73. It is rather surprising under such conditions that the writer of the despatch did not give an anxious public some information regarding the number of lives that were lost and the safety or otherwise of Prince Rupert passengers. Of course that was an unfortunate oversight on his part.

KING FERDINAND PUT PATHOS IN ADDRESS

Says Bulgaria Was Pressed on All Sides by Her Treacherous Allies.

Sofia, Aug. 14.—King Ferdinand yesterday issued a pathetic address to the army. In it he thanked his soldiers for the bravery and devotion they displayed in the war against the "treacherous allies," and declared that their "efforts would have been crowned with success had not a series of political circumstances paralyzed our strength."

"Pressed on all sides," the address continued, "we were obliged to sign the treaty of Bucharest, our country not being in a condition to struggle against five neighbors. Exhausted and tired but not conquered, we had to for our glorious standards until better days. Tell your children and your grandchildren about the gallantry of the Bulgarian soldiers, and prepare them to complete one day the glorious work you began."

MOIRA TOWNSHIP WAS IN GRIP OF FLAMES

Conflagration Was Started by Children Who Were Playing With Matches.

Belleville, Ont., Aug. 14.—The northern part of Moira township is in the grip of a fierce fire. Children playing with matches set fire to a barn on the Carr homestead, in the fourth concession, and in a few minutes the building was reduced to ashes.

Fanned by a brisk wind the blaze took the fences and field, which were as dry as tinder. Aid was hurriedly summoned by telephone and soon many neighbors were on the scene to do what they could to check the flames. The flames soon swept on to the adjoining farm of Councillor Charles Holden.

There is no water in the immediate vicinity, except an inadequate supply provided by wells, and these were soon pumped dry. Milk wagons were then dispatched to Moira cheese factory, more than a mile away, where there is running water. This afternoon the flames were raging uncontrolled in every direction.

THE HONORABLE VICTORIA SACKVILLE WEST.

The young lady was engaged to wed Harold Nicholson, an attache of the British embassy at St. Petersburg, but Lady Sackville, her mother, became engaged in a will contest for an heritage of five million dollars and the young lady declared that she would never marry anybody while her mother's rights were under suspicion. The case was recently decided in Lady Sackville's favor, and Miss Victoria will now carry out the love romance to a happy ending.

BITTER POLITICAL FIGHT FOR GOVERNORSHIP OF NEW YORK

FEDERAL GOVERNMENT WILL BE FORCED BEFORE LONG TO EITHER RECOGNIZE THE IMPEACHED GOVERNOR SULZER OR THE LIEUTENANT GOVERNOR.

Albany, N. Y., Aug. 15.—Formal demand for the surrender of the executive chamber and offices, the privy seal and all books, papers, records and documents relating to the executive department was made on Governor William Sulzer this afternoon by Lieutenant Governor Martin H. Glynn.

Governor Sulzer refused to comply with the demand. Secretary of State Mitchell May returned from Saratoga this morning and called at the office of Lieutenant Governor Glynn before the latter's arrival

to recognize him as acting governor of the state.

A sensational report was current this morning that Governor Sulzer would seek the indictment for treason of Charles F. Murphy, leader of Tammany Hall, and organization leaders who commanded the anti-Sulzer forces in the battle for impeachment.

"There is nothing to it," asserted D. Cady Herrick, chief counsel for Sulzer.

Mrs. Sulzer still lay ill today, unable to see friends and with specialists in constant attendance at her bedside. She was improved when she awoke this morning from a refreshing sleep, but was still gravely ill.

Aaron J. Levy, majority leader of the assembly, who led the fight on the assembly floor for impeachment, is also suffering from a nervous breakdown. He is at a local hotel and was reported better this morning.

The impeachment of Governor Sulzer will not affect his salary cheque preliminary to or during the impeachment trial. He will continue to draw \$733 a month from the office of the comptroller during the remainder of his term unless convicted on the impeachment charges. Then, of course, his salary would stop.

The second day of the dual administration in New York state dawned on confusion in the capitol. A steel chain with a heavy padlock decorated the great seal; the privy seal lay under lock and key; the way to the executive chamber, William Sulzer's citadel, was bolted and barred, and from two offices the rival claimants to the governor's chair continued to exercise their functions. Control of the National Guard,

MARTIN H. GLYNN.

Managing editor of the Albany Times-Union and lieutenant governor of New York state, who would become governor should Governor Sulzer be displaced by the pending impeachment.

at the capitol. "I merely called to pay my respects," said Secretary May, "and to assure Mr. Glynn personally that I have 1-

access to the great seal, recognition by New York's secretary of state and by the governor of the neighboring state of New Jersey were prerogatives stripped from Governor Sulzer by Lieutenant Governor Glynn, who claims to be the acting chief executive. Possession of the privy seal, whose imprints validate all documents coming before the governor on affairs wholly within the state, and occupancy of the executive chambers remained with Sulzer.

Washington's Problem.

Washington, Aug. 15.—The federal government soon may be confronted with the problem of determining whom it will recognize as governor of New York.

Under the Dick law, by which the National Guard enjoys government aid, requisition for arms, ammunition, supplies and transportation must be approved by the governor. There is the possibility of this question coming up in connection with some militia manoeuvres at Peekskill, N. Y., in September. The war department, however, it is said, would not attempt the responsibility of deciding between Sulzer and Glynn, but would hold up New York's requisitions until the state legislature or courts decide the dispute.

The question might come up in a more pressing manner in an extradition case. Should some foreign government ask for a person in New York state, the federal government would be compelled to call on the governor and in that way recognize one of the contestants.

More Trouble for Sulzer.

Philadelphia, Aug. 15.—Following her assertion that she had not dropped her breach of promise case against Governor Sulzer, Miss Mignon Hopkins, the pretty cloak model, said yesterday that she was preparing to go to New York to institute proceedings against Mr. Sulzer.

After a man reads a newspaper joke that appeals to his sense of humor he is anxious to make an after dinner speech for the purpose of ringing it in.

CANADIAN'S STORY OF FLIGHT FOR HIS LIFE FROM MEXICO

(Continued from page 1)

cessfully with these armed bands of marauders and issued instructions to its employees of offer no resistance, as they would only get the worst of it. At least \$50,000 was lost by the company in this way.

Dr. Fisher was in the town of Parral at the time when the battle was fought there between the Federales and the Maderistas. Parral was held by the Federales, and the Maderistas laid siege to it. The Maderistas were almost successful when the Federales got some artillery reinforcements at the last moment. That turned the tide of battle and left the Federales in occupation of the town. During the fifty-six hours in which the battle raged, Dr. Fisher and the other Americans and Canadians in the town were confined within doors. One man did indeed venture into the streets, only to be hit by a stray bullet.

Dr. Fisher decided, as did most of the Canadians and Americans resident in Mexico, to leave the country. The life of an American—and all English speaking people were classed as Americans—was never safe.

As he was at this time suffering from a severe attack of rheumatic fever, Dr. Fisher went first to Santa Rosalia, where there are hot sulphur springs. When he arrived there he noticed some

young Americans who were going to the springs. He thought later of driving out to the springs with them, but on enquiry he found that they had already gone. Half an hour later he noticed a crowd gathering and some commotion. Walking over he inquired what was the matter. "A young man has been killed," was the reply. It was one of the Americans, shot through the back of the head as he was driving. His death had been so sudden that his friends who sat beside him did not know that he was hit till they saw the blood gushing from his mouth.

From Santa Rosalia Dr. Fisher managed to escape just in time to avoid being present during another battle, which commenced on the evening of the day of his flight. He had as a companion an American dentist.

They had a hard time getting to the border. He necessitated a nine days' wagon drive through the desert, the wagon being drawn by five mules. It had not been too easy to get supplies as food was scarce and the prices of everything were exorbitant. Sugar was sold at \$1.50 per pound. After once starting on the long drive across the desert, however, the chief trouble was to get water and to avoid bandits. It was no easy matter to get sufficient water for the five mules as well as for those in the wagon. The travellers did not entirely succeed in keeping out of the way of the rebels, as they met a desperate looking band of them at one ranch where they stopped. Dr.

Fisher and his companion would have fared ill had it not been for the number of other people of friendly dispositions who were present.

At last they reached the border, only to be arrested by the Mexican government authorities. Their troubles here, however, were not of long duration, and they succeeded in getting safely to American territory. Dr. Fisher, who was still suffering from rheumatism, went to the hospital at San Antonio, where he took time to recuperate before starting on his journey north.

He intends to reside in future in Western Canada, probably in Vancouver.

BROKE HIS LEG

In Darkness of Tunnel Man Was Hit by Car.

George Smith, who has been employed by Bates & Rogers on construction work at Mile 103, has been brought in to the hospital with a broken leg. Smith was at work in a tunnel when a car with cement was backed in, unknown to him. He did not see it in the dark and was knocked down, his leg being broken.

Alderman and Mrs. M. P. McCaffery returned this morning from the south. Alderman McCaffery spent some weeks visiting his mother in Maine, who has just recovered from a severe illness.

BIG SILVER STRIKE IN PRINCE RUPERT

"Gold Mine" Morrissey Again to the Fore—Great Rush to the Scene.

Prince Rupert has Shushanna beaten by a dozen laps in the race for excitement. There was a gold strike here many weeks ago in ex-Alderman Morrissey's lot, and now a silver strike has been made.

Yesterday a little girl ran into the Cash Market on Fulton street while ex-Alderman Morrissey was talking to the proprietor of the store, Mr. Thomas.

"Please, sir," the little one said, in great excitement, "some one has thrown a lot of money away. It is lying in bright silver pieces all over the roadway. It is over there; see, there!" She pointed with her finger.

Ex-Alderman Morrissey and Mr. Thomas, so the story goes, immediately ran in the direction pointed, and, sure enough, they found a lot of small change which had apparently been dropped by some absent minded poet or millionaire (for both are equally common in Prince Rupert).

It is not reported how they allotted the spoils, whether by arranging a duello in the style of the cavaliers of olden days or by holding a fight of fifteen rounds in Kegg-Shannon style. Perhaps they pursued the less romantic method of flipping a quarter and crying, "Heads or tails." But, at any rate, here endeth the story of the Prince Rupert silver strike. The find assayed two dollars in silver currency.

Skagway Pioneer Dead.

H. H. Draper, Skagway photographer and a pioneer resident of that town, died Tuesday of last week after a prolonged illness, although it was thought until shortly before his death that he would recover. He had closed out his business and expected to leave with his wife for Idaho in a few days. The immediate cause of death was heart disease.

The Sunday school of the First Baptist Church will hold their third annual picnic at Metlakatla on Thursday, August 21st. Launches will leave Government wharf at 1 o'clock sharp. Parents are asked to kindly provide luncheon. Transportation for scholars and parents free.

AMERICANS RECKLESS So Says Minister Hazen at Canadian Club Luncheon.

(Special to The Daily News.)
Vancouver, Aug. 20.—Speaking before the Canadian Club yesterday, Minister Hazen said that in regard to the deep fishing arrangement entered into by Canada with the United States the latter had entirely failed to live up to it, and that the reckless methods of the United States were in every way undesirable.

The Gurney-Oxford Attracts Madam To The Kitchen

THE GURNEY-OXFORD has a large following of fashionable cooks who dip into the culinary art simply for the pleasure they derive from trying dainty recipes previously not attempted. They are all most enthusiastic supporters of the Gurney-Oxford because it contains many exclusive devices that make a perfect cooking equipment.

Its oven is evenly heated in every corner to insure deliciously dainty cakes, golden brown biscuits, and light flaky pastry. A special Divided Flue carries the heat to every hole on the range. The top is perfectly smooth and clean, requiring no black lead polish.

But most important is the Economizer. It is a small lever that moves around a series of six notches giving the exact degree of heat required for any particular dish. The heat of the range can be shut off and the kitchen kept cool between meals by turning the lever to a certain number.

The fire is held at a low ebb on a special Reversible Grate until a baking oven is required. Then the necessary heat can be obtained quickly by simply turning the Economizer lever to another notch.

Such control as this enables many smart women to invent some very tempting dishes which they set triumphantly before their friends. It will pay you to investigate the Gurney-Oxford.
