IS THIS HONEST?

The Evening Empire, which seems determined to pursue a policy of attempting in every way possible to damage the good reputation of this city, has for a long time past been casting frequent and quite unjustifiable slurs on the quality of the city's water supply. Its latest imputation is that the Shawatlans water is likely to become polluted by the presence therein of dead salmon.

While many things, otherwise unpleasant, must be accepted as the inevitable accompaniments of controversies concerning national or municipal politics, there comes a point where a line must be drawn. Opposition may be tolerated but never treason. And any man who seeks persistently to undermine the good reputation of his city should be branded by his fellow citizens as a traitor.

In few more serious ways can a city be more seriously damaged than by having the report circulated that its water is likely to prove a source of danger to the public health. Good water is a vital necessity, which every person of any intelligence will insist upon having. To say, then that a city has bad water is to give it the worst of advertisements.

To circulate a report of this nature without having any adequate foundation for it is to perform an action of the basest sort, worthy only of "yellow" journalism of the most deprayed type. Yet this is what the Evening Empire has done. It implied that the discolora-

TERRACE NOTES.

Terrace, Aug. 21-Mr and Mrs Bruce Fraser, who have been the guests of Mrs. T. Marsh, left on Sunday for the coast.

Arrivals on Wednesday's train included Mr. J. Manson, the road superintendent and Mr. Pearson.

Miss Brooks arrived on Wednesday and will be the guest of Mrs. Hazell for some weeks.

The Government road camp under the direction of Arthur Carr has moved from Semoquoits to Terrace, where work is now being done at the south side of the track.

A number of ladies of Terrace met on ednesday afternoon for a rifle shooting contest. This not only provided an enjoyable afternoon, but also gave an opportunity to meet and welcome Miss Brooks. The highest number of points was made by Mrs. Large, Miss Sparks being a close

Clothesmen from Paris Police Force.

Paris, Aug. 19 .- The prefect of police, as a result of an inquiry, has suspended eight plain clothesmen of the 52nd division. He has also censured and transferred Fauvel, whom he holds blameworthy of insufficient supervision. It is alleged that the policemen slipped pistols, knives and other stolen articles in the pockets of men they arrested.

H. Thumereau, a scene shifter at the Odeon, who was sentenced 2nd Street for carrying concealed weapons, declares that the knife found on him was placed in his pocket by a condemned to thirteen months' imprisonment for theft of a pocket book which was put in his

Watch for the Big Opening Announcement

The Big Three of Central British Columbia

British Columbia, we made a most careful and sysematic survey and investigation of this new territory. Aided by engineers, surveyors and the immense amount of data assembled, we were able to locate the sites of the future large cities and trade centres of this wonderful new country-Fort George and Hubert and New Hazelton. Fort George, the first of these new cities promoted and developed by us, needs no introduction-it is known throughout the

civilized world. Its success has been record-breaking-it is sure to develop into one of the big cities of British Columbia. Fort George conclusively demonstrated the accuracy of our judgment. Hubert, the second of these of the development and promotion of this new city will be the same organization, the same management and the same careful and systematic development, and a like amount of liberal advertising that placed Fort George in the front rank of the new

cities of Western Canada.

FACTS

ABOUT

NEW

CITY

HUBERT

The new city of Hubert is located in the heart of the Bulkley Valley at its widest part. It is on the main line of the Grand Trunk Pacific Railway, and is the centre of a large and proved agricultural district, surrounded by an enormous field of bituminous coal, a delightful climate and sure market for all products: three miles east of Aldermere; townsite now being cleared; roadways opened. It will have substantial population from the start. Watch for the big opening announcements. A few tracts of acreage adjoining townsite, suitable for subdivisional purposes, for sale.
