PRINCE ARTHUR TO BE NEXT GOVERNOR-GENERAL — HASKAMP'S CHARGES DISMISSED

COUNCIL MAINTAINS UNITED ATTITUDE AS TO CITY'S NEEDS

THE IMPORTANCE OF SEWER CONSTRUCTION WAS GENERALLY ADMITTED—RECOMMENDATIONS TO MR. ROSS ON SATURDAY.

The council seems pretty well fixed in the intention to show Mr. Ross, when he comes here, the urgency of some of the city's needs and to ask for the assistance of the Provincial government.

Alderman Bullock - Webster asked if anything further had been heard concerning the visit of Hon. Mr. Ross.

Mayor Pattullo replied that he had been advised by Mr. Manson that he would be here on Saturday, and was desirous of arranging an hour for the discussion of the city's needs.

Alderman Bullock - Webster thought that the council should meet during the week and have an opportunity to decide what recommendations should be made. The mayor proposed that the discussion should take place at once. This was agreed on.

"As I have already pointed out," said Mayor Pattullo, "Sir Richard McBride has shown every sympathy for the situation of Prince Rupert. He said to me: 'Now, what is it you want?' He murmured as to the high school, and said: 'Make a list of what you really need.'"

"Our success," said the mayor, depends on how much we impress Hon. Mr. Ross as to our needs. The essentials are sewers and water and the grading of Milton and McBride streets."

Alderman Bullock - Webster asked concerning the sewers.

"May not the construction of some of the outlets for the sewers be of great importance while others can wait stand over for a while, such as the Morse Creek outlet?"

The mayor thought that none could stand over in view of the great increase of population which would have taken place by the time the sewers were completed.

The city engineer, Mr. Mason, was asked to give his opinion. He said that if the money were got now it would take from a year and a half to two years to construct the sewers. They would then be very badly needed, as the city would be two or three times larger. If they were not constructed there would likely be such an outbreak of disease that the men who had obstructed work of construction would be branded as "wholesale murderers."

As to the Morse Creek outlet, that could be constructed at an expense of not more than \$6,000 or so at present, but in a year or so, when the railway had eleven tracks over there, it would be hard to estimate how much it would cost.

Alderman Kerr said he thought the sewers should be put first, then the questions of water and of the hydro-electric.

The importance of sewer construction was generally admitted by the different speakers.

THE TABLES TURNED

That the Evening Empire is ever ready to deceive its readers on public issues in order that its editor may be made to appear a great safe guard to the city's interests is too well known to require additional evidence. In one of its most recent attempts the Empire was itself a ready victim. Commenting on ex-Ald. Montgomery's letter of a few days ago in regard to the city advertising the Empire said: "If further proof were needed, it is supplied this very morning, when the gang's morning pap-fed suckling came out with nearly a column of advertising for which no competition was sought." As a matter of fact the advertising in question was neither ordered nor paid for by the city. The Empire should take a lesson from being so easily fooled and cease trying to fool others.

THE CITY TREASURER RESIGNS FROM POST

Debate in Council as to the Appointment of Successor to Mr. Vance.

The resignation of W. D. Vance from the positions of city treasurer and city accountant stirred up quite a storm in the council teapot again last evening. Alderman Bullock-Webster, as was to be expected, was again in the forefront of the battle.

Mr. Vance is leaving the city hall to enter the real estate business. The council accepted his resignation, to take effect September 6th, and granted him two weeks' pay in lieu of holidays.

E. D. Johnson, the city auditor, was recommended for the post of city treasurer.

Alderman Bullock - Webster, the would-be Sherlock Holmes of the council chamber, must have his say on this and deliver himself of his suspicions.

"I suspect," he said, "that the reason for Mr. Vance's resignation was that he felt that Mr. Johnson, while a good man, was being gradually pushed into his own position."

"I would propose that a city treasurer be advertised for and I would make a motion to the effect should be balloted on."

This motion was seconded by Alderman Maitland.

In amendment it was moved by Alderman McCaffery and seconded by Alderman Naden that the report be adopted as it stood (recommending Mr. Johnson).

Alderman Kerr inquired whether it was proposed to do away with the position of city auditor.

The mayor said that it was intended to have this work done by an outside chartered accountant. In order to promote unity in the financial affairs of the different departments, the city treasurer was to have general supervision over them.

The amendment recommending the adoption of the report was carried.

SUCCESS IN SIGHT.

Washington, Aug. 23.—A hard struggle, it developed today, is being waged by army engineers to keep the Panama railroad on top of an almost bottomless quagmire in what are known as the Barzos and Quebrancha bottoms in the Gatun River valley. Success, the reports indicated, is in sight after months of arduous work.

THAW IS LIKELY TO CONTINUE IN LIMELIGHT FOR MANY YEARS

GAYNOR AND GREEN, AFTERWARD GIVEN PENITENTIARY TERMS FOR SWINDLING UNITED STATES GOVERNMENT, FOUGHT THEIR CASE FROM CANADA.

(Special to The Daily News) Sherbrooke, Que., Aug. 26.—Advices from Ottawa are to the effect that it is believed by the authorities that Harry K. Thaw, the fugitive from the United States, will be able to remain in Canada until long after snow flies. There is the deepest interest taken in this international case and a big crowd of special correspondents from the leading newspapers both of the United States and Canada are here to watch it and are already wiring columns prophesying its probable outcome.

Thaw will probably never have a hearing on the habeas corpus writ procured by his counsel, as it is understood that when the hearing is called before the supreme court tomorrow the habeas corpus proceeding will be dropped. The latest proposal is

to have the writ withdrawn and permit Thaw to face trial on the defective charge on which he was committed to jail by Justice Dupuis at Coaticook. In this event Thaw would be sent before a magistrate and select the method of his trial, whether it should be by jury or by the court without jury.

Should he elect a trial by jury his case would not ordinarily come up before autumn, and a month or more of delay would consequently result. Whatever the verdict, many months, perhaps years, of litigation could follow in appeals of the verdict.

During the life of this litigation Thaw could remain in Canada, his lawyers believe, and they cite the case of Gaynor and Greene, who remained in Canada for years while their counsel fought legal proceedings to bring them back to the United States.

TWO DIVERGENT ACCOUNTS OF FIGHTING JOE'S LAST SHINDY

JOE MARTIN, M. P. FOR ST. PANCRAS, ENGLAND, IS BACK ON HIS NATIVE LAND—HE SPEAKS OF HIS LATEST EMBROIDERY.

Vancouver, Aug. 23.—Mr. Joseph Martin, M. P. for East St. Pancras, looking if anything younger than ever, dropped into town very quietly this morning. He came direct from London and will remain here until early in February. Mr. Martin, who is a guest at the Hotel Vancouver, received many warm greetings from old friends and supporters.

The visitors made light of the cabled reports respecting dissensions among his followers in East St. Pancras.

"The whole row was a personal matter with which I am not concerned," said Mr. Martin to a representative of the Province. "There were two factions in the St. Pancras association. They were divided in opinion and one faction blamed me for not interfering in this personal row. I refused. A new association, with a large element representing organized labor, has been formed. It is supporting me."

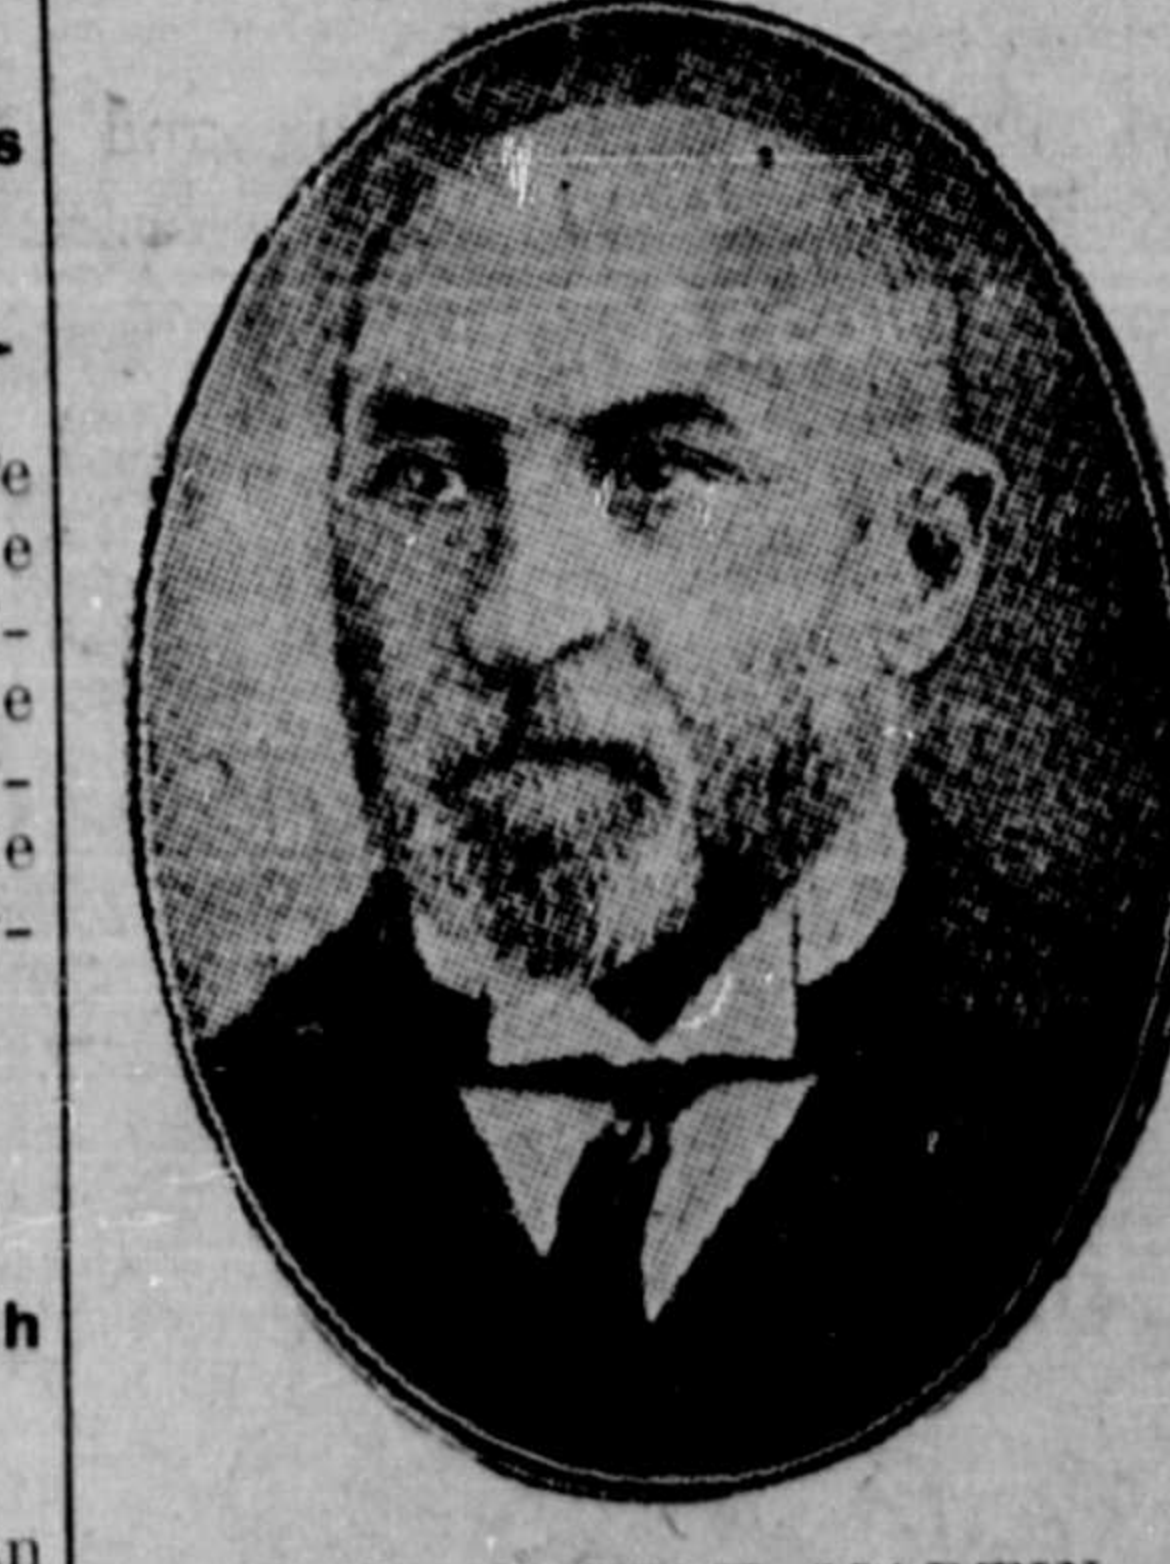

communicated him from the ranks of the faithful. They then asked Mr. Martin for his views, as he had declined to attend the gathering, presumably because he was not prepared to execute the act of contrition which is known as the "stomach crawl." He promptly replied by asking the association to clear out of his headquarters in Camden Town in view of his rights as landlord, and they had to do so summarily. The only retort they could think of was to hoot Mr. Martin as he retired.

Commenting on the political row the Daily Chronicle said: "The association will now seek new quarters, while Mr. Martin, who leaves on Saturday for Canada, where he will remain until February, proposes to close the High street premises and the Working Men's Institute in Somers Town for that period, and to employ two paid speakers in the constituency until his return."

"He has also suggested to his own supporters in the constituency that a Liberal and Labor association should be formed.

"The Liberal and Radical association is deciding to support itself by means of a levy. The usual four meetings a week will be continued regularly, and steps will at once be taken to secure a candidate more in sympathy with Radical politics and the present government."

"The whole row was a personal matter with which I am not concerned," said Mr. Martin to a representative of the Province. "There were two factions in the St. Pancras association. They were divided in opinion and one faction blamed me for not interfering in this personal row. I refused. A new association, with a large element representing organized labor, has been formed. It is supporting me."

HON. JOSEPH MARTIN

London newspapers devoted no little space to the dissensions among Mr. Martin's followers. During the Hanley election he spoke in favor of the Socialist candidate, but afterward expressed his regrets to his constituents and the incident was allowed to blow over. He voted against the government in the Marconi debate, because he considered that the speculating ministers should have expressed their regret. His constituency, or rather the executive council of his local Liberal and Radical association, met solemnly and ex-

THE CHARGES AGAINST HASKAMP DISMISSED

Charges Against Prince Rupert Man Will Probably Be Dismissed.

Los Angeles, Aug. 22.—Carol Mason, the 15-year-old moving picture actress, who after a mysterious disappearance from her home was located last week in a lodging house at Hawthorne, a suburb, was married today to Robert W. Burton, an automobile dealer of this city, who was arrested after the girl had told her story to the police.

Officers stated that the charges against Herman Haskamp, member of a wealthy family of Prince Rupert, B. C., and Dr. Royal H. Crist probably would be dismissed.

ANOTHER BIG CROWD OF GOLD SEEKERS LEAVE FOR SHUSHANA

ANY LOCAL MEN JOIN THROG GOING TO GOLD STRIKE ON THE MAY—EXCITEMENT OVER STRIKE STILL AT FEVER HEAT.

The steamship Princess May took northward another crowd of gold seekers yesterday evening. A large number of people bound for Shushana were on board when the steamer arrived here. This was swelled by the addition of half a score of men from Prince Rupert. Those leaving from here were: Robert J. Dunn, Tom Gunn, E. Kissick, F. L. Landes, J. Henry, Fred Coleman, W. J. Hamilton, E. E. Campbell, Mr. Carroll, H. Avison.

A further touch of northern romance was added to the scene by the fact that a string of malapropos dogs were on board, which had already seen service in Alaska and were now being taken to the new diggings.

A despatch from Dawson states that J. B. Glose, of Glose Bros., financial backers of the White Pass & Yukon Route, who left Skagway a week ago, crossed by train to Whitehorse and took the steamer Casco there for Crow Creek, landing 100 miles above that point, also took pack horses and in company with Trail Blazer Bill McAdam, left for the head of the White River to investigate the copper ground and the Shushana gold field. Glose last year investigated the Rainy Hollow copper district and the route from Haines. Several days ago his mining engineer, Burrell, left Whitehorse for the head of the White River to investigate the mines and the advisability of extending the railway from Whitehorse to the mines. This line would be about 270 miles long, with favorable grades and a rich tributary country.

Another despatch from Cordova says: "A special train left on Wednesday morning over the Copper River & Northwestern Railway with ninety-two stam-

peders and twenty-six horses for the Shushana. Another train left yesterday morning with a crowd from the Admiral Sampson, which arrived yesterday morning."

TO REPRESENT RUPERT AT MUNICIPAL UNION

Ald. Dybhavn and City Solicitor Peters Will Be Sent as Delegates.

Alderman Dybhavn and F. Peters, K. C., the city solicitor, will be sent to represent the city of Prince Rupert at the union of British Columbia municipalities. This was the decision of the city council at its meeting last evening. The resolve was not carried without considerable discussion.

Alderman Bullock - Webster asked why two people should be sent to represent the city instead of one. This doubled the expense, although this was, he admitted, not very great.

Alderman Naden pointed out that smaller places than Prince Rupert and at a greater distance from the place of meeting sent two representatives. It would not look well if Prince Rupert could not send two.

The mayor thought that in addition to the city solicitor one of the elected representatives of the citizens, such as Alderman Dybhavn, should be sent.

Alderman Kerr said that he had happened to be in Revelstoke last year when the representatives of the municipalities were meeting. He noticed then that all the municipalities were represented, excepting only Prince Rupert.

The motion was carried.

EXPENSE OF MISSION

Cost of Trip of Mayor and City Solicitor.

One of the first things to come up at the city council meeting last evening was the cost of the trip of the mayor and city solicitor on their financial mission. This totalled up to considerably less than \$4,000. It amounted, to be exact, to \$3,850. As \$4,000 had been set aside to cover this, \$150 was returned. This was approved without discussion.

THE "HONORABLE" COLONEL SAM.

The Prince Albert homestead scandal has come near having a competitor close to Montreal in the recent purchase by Colonel the Honorable Sam Hughes of a piece of land for the erection of a military training school.

This is the history of the deal. On May 27th, 1911, Major Rodden bought a property at Dorval for \$48,500, as an investment. Later on came the change of government, and the renewed talk of buying a site for the proposed military school.

Laborer attempts are being made to explain away this deal. It is claimed that the land is worth the money; that it could be sold today for more than was paid for it, and so on.

government. He purchases it, and a few days later sells it to the government at a profit of nearly \$100,000.

Could not the government have purchased the property through its own agent and saved the people this \$95,000? But what's the use! Could not the government have sold the Prince Albert \$375,000 "homestead" instead of giving it to a party friend for \$10?

THE SPENDING GOVERNMENT.

During the month of July Canada's national debt increased by \$6,529,104. During the fiscal year the treasury of Canada has paid out to Mackenzie & Mann about \$6,000,000 as instalment on the \$15,600,000 presented to the Canadian Northern Railway by way of subsidies last session.

The net debt of the Dominion at the end of July was \$298,069,678, as compared with \$291,540,573 at the end of June. Expenditure on ordinary accounts for the four months since the end of March totalled \$28,400,376 and on capital accounts \$13,014,270—the latter an increase of over \$9,000,000 as compared with last year.

There is no possibility of doubt that Mr. Borden is the head of the greatest spending government Canada has ever known. The time is not far distant when even the bounding revenues taken from the people will not suffice, and another loan will be necessary.

THE CONSERVATIVES WILL YET SUFFER BITTER RETRIBUTION

LAURIER DELIVERS STIRRING ADDRESS BEFORE ASSEMBLED THOUSANDS—VETERAN STATESMAN WAS IN FINE FETTER.

Montreal, Aug. 21.—"The Conservatives may put off an appeal to the people—they may delay from day to day, from week to week, from month to month—but the appeal must come; and the longer it is put off the more bitter will be the retribution, the more glorious the triumph and victory of the Liberals."

Thus epitomized is the call which permeated the utterances of all speakers at a monster demonstration organized at St. Hyacinthe last Saturday in honor of Hon. Sir Wilfrid Laurier, leader of the opposition. First thrown out by the leader himself, it was taken up and reiterated in varying form by all the speakers who followed.

Sir Wilfrid was in fine fettle and despite the overwhelming heat, he spoke upward of one hour and twenty minutes before a gathering of over 6,000 people on LaFramboise square. The audience comprised representatives from Montreal, Richelieu, St. John's, Shefford and other districts, special trains carrying the crowd to and from the meeting.

St. Hyacinthe was overrun with the incoming visitors, who came from every point of the province. The streets were festooned with flowers and bunting, special arches of greenery being thrown across at various points. In the latter, little girls dressed in gala attire sprinkled fresh cut flowers on the roadway as the Liberal chieftain passed.

Sir Wilfrid, who gave all evidences of having profited by his repose of the past few months, made a speech which was qualified by several of his followers and colleagues in the house as one of the most vigorous and eloquent in years.

While many of the younger men were "washed out" by the torrid temperature and had, in consequence, to plod with difficulty through an effort of twenty minutes or so, the veteran leader kept on for four times that space of time without any apparent fatigue.

There was something of the old resonant voice and graceful poise which were characteristic

of the Laurier of the old days. Sir Wilfrid dealt with the naval question, and in sarcasm dealt with what he stated to be the incongruous position of the Nationalist "patriot" who, falling down before the patronage trough, had been, he said, traitors to all their pre-election promises.

He made merry at the expense of the Conservative "extremist," whom he declared to be made up of the imperialists on the one side and the Nationalists on the other.

Sir Wilfrid also recalled the imperial conferences of 1902 and 1903, pointing out that the course which he had followed therein had been to fight for the preservation of the autonomy of the country. This course, he said, had been sanctioned by the Canadian parliament without a dissenting voice.

As to the naval question, said Sir Wilfrid, though the Nationalists had begged to have only twenty of their number elected, promising in that event they would soon have the "damned" question settled, it was now a more burning question than ever before.

Sir Wilfrid also scored the closure as a death blow at the constitutional liberty of the people by the Conservatives, whom he qualified as the party of the privileged classes, as opposed to the masses.

He averred that the whole policy of the Conservatives tended toward bringing Canada back to the days of seventy-five years ago, when everything in the matter of government was directed from the highbrows of Downing street.

Division 12, Miss Moore.

Until the recovery of Miss Moore, Miss Taylor, who has been teaching division 12.

Pupils who wish to enter the receiving classes (i. e., beginners) must be enrolled on or before September 5th. The next opportunity will be in January, 1914.

The annual series of monthly tests, which are designed to fit pupils for the entrance examination, will commence early in September. Distinct success in these will enable the parents to judge what chances for success their children may have. A much closer scrutiny of the monthly reports than is given at present would help the principal in his work.

CANNED CORN KILLS

Klondiker Falls Victim to Effects of Meal

Windsor, Aug. 21.—Word was received here of the death from ptomaine poisoning at his home in Essex, of William J. Johnson, 75 years old, a pioneer farmer of this country.

Johnson was one of the Essex county men who reached the Yukon gold fields in 1898, after a hard three year trip from Edmonton. He remained in the gold country nine years, when he returned home to engage in farming. It is believed death was due to his having partaken rather freely of canned corn.

IN THE SUPREME COURT

Cases to Be Heard Here During Coming Session.

The following cases will come up for trial at the session of the Supreme Court here, commencing September 3rd: Beatty vs. Beatty, Garde vs. Minor, Johnson vs. Flewin et al., Patmore vs. Humble, Breckenridge vs. G. T. P. Development Company, Ltd., Stephens vs. Morita et al., Westholme Lumber Company, Ltd., vs. B. C. Fisheries, Ltd. It is expected that the most interesting case will be that of Garde vs. Minor, which will undergo jury trial. The case of C. J. Hastings vs. Mary Ellen Jones, which was to come up in the Supreme Court, has been settled out of court.

THE WEATHER.

The weather report at 5 o'clock this morning read: Barometer, 29.808; maximum temperature, 62; minimum temperature, 55; precipitation, .98 inch.

Many a man has collected the money on the supposition that he possessed good judgment, when, as a matter of fact, he merely made a good guess.

INSANE AVIATOR WAS THE CAUSE OF ALARM

The Watchman on Palace at St. Petersburg Terrified When He Tried to Climb the Wall

St. Petersburg, Aug. 24.—The alarm bells of the Winter Palace were set ringing the other day by a terrified watchman who found himself in a fight with a man forcing himself in and demanding to see the Emperor who was at that time at the Peterhof palace. The man was overpowered and found to be Otochkin, one of the earliest and best of Russian aviators who has recently come down in the world. For three nights before he had slept under the sky and had scarcely eaten. For the present he is treated as a lunatic. The incident was kept secret for two days until it was clear there was no political side to it. It served, however, as a dramatic rehearsal of the entire system of alarms, armed guards and secret protection which is set to work immediately if any stranger attempts to force his way into any of the Czar's residences.

Cheese Factory Destroyed.

Kingston, Aug. 23.—The Model Cheese Factory at Inverly was last night totally destroyed by fire. Hiram Day of Kingston, cheesemaker, with his wife and two children, had a narrow escape, and he had to take them from an upstairs window.

Charlton Selects Counsel.

Rome, Aug. 23.—Porter Charlton, who is being brought here from America to stand trial for the alleged murder of his wife at Lake Como three years ago, will have Onorovelo Camera, former minister of finance, as his chief counsel.

TO GET SEISMOGRAPH

Government to Place One in Prince Rupert.

As soon as the constant blasting has ceased a seismograph will be placed in Prince Rupert by the government, says Mr. F. Napier Denison, of the meteorological office at Victoria, who is at present here on a tour of inspection. The seismograph would be put under the charge of F. M. Dowling, the local observer of weather conditions. It may be installed here next year.

From the War

The Excelsior relates the following story from the Chatalja lines: The Bulgarians were attacking the lines. A regiment hitherto held in reserve was about to be sent to what appeared certain death. "Your regiment is the first in the world," said General Savoff to the Colonel in command of the regiment. "General," replied the colonel gravely, "it will also be the first in the next world."

It takes a lot of faith to enable a man to order scrambled eggs in a cheap restaurant.

GEOLOGISTS COMING ON SATURDAY NEXT

They Will Proceed by Special Train to Moricetown—What Entertainment?

A special meeting of the board of trade has been called for this afternoon to decide what shall be done in the matter of receiving the excursion of geologists who will arrive here on Saturday morning by the steamship Maquinna.

A number of the geologists will proceed to Moricetown in a special train at 9 o'clock Saturday morning, returning Sunday evening. During the brief time they are here some effort will be made, it is expected, to show them over the town in automobiles and to impress upon them the importance of Prince Rupert as the seaport for a big mining country.

ENGINEER RETURNS

Work on Post Office Site to Commence.

As G. B. Hull, the local engineer of the public works department, has returned from the south, the work of excavation on the site for the new post office will commence at once. Mr. Hull intends to call for tenders for the purchase and removal of the two buildings which are at present on the site. As soon as this has been done the work of excavating will commence.

Mr. Hull also reports that the plans are at present being drawn up for the erection of sheds at the Digby Island quarantine station, where detained passengers may be kept.

Weight Guessing Contest

The five bags of Quaker flour, displayed in grocery store windows in this city for the past two weeks as prizes to those guessing nearest to their exact weights, were weighed yesterday by G. W. Nickerson. It was found that the following were the winners: At Stalker & Wells', Mrs. Pillsbury; at McGill & Robertson's, Mrs. W. Manson; at Mussallum's, divided between Mrs. Crossley and Mrs. McLellan; at Miller-Phillips Co., divided between Mrs. Conant and Geo. McDonnell; at Cavanallia & Hanan's, Mrs. J. J. Anderson. The exact weights are published in an announcement on page 4.

"We Sell Nothing But the Best"

Your
WEEKLY LETTER
Home

How difficult it is, sometimes, to carry out your good intention of writing a letter every week to your relatives or friends back home or in the particular locality in which you lived before you settled in Northern British Columbia. A good way out of the difficulty is to order the "Weekly News" to be sent to them. It gives all the news of Prince Rupert a district.

You will accomplish a twofold purpose by doing so. Not only will you be sending a weekly letter home, but you will be contributing in no small means to the advertising abroad of Prince Rupert and Northern B. C. Just think how a newspaper from Prince Rupert will be passed on by your faraway friend to some other person who will be interested in learning something of the wonderful opportunities of this pioneer land. Is it not your duty to do that much for your city? It would be money well invested.

The "Weekly News" posted to any place in Canada or the United Kingdom is only \$2.00 per year; to points in the United States, \$2.50 per year.

LET US HELP YOU TO A HOME OF YOUR OWN

YEAR after year you've been paying out hard-earned money to your landlord for rent. You've promised yourself a thousand times that you'd make the start to own your own home but haven't been able to see your way clear.

The C. H. I. C. PLAN SHOWS YOU THE WAY

It is the most convenient and practical home-owning plan before the people of Canada. In all sections, our contract holders have been enabled to purchase homes of their own—free themselves of the landlord burden.

Investigate the C. H. I. C. plan NOW. Call or phone our local office for particulars. You will be under no obligation.
