COUNSEL FOR STATE OF NEW YORK DENIED RIGHT TO BE A

FOR OCTOBER TERM.

(Special to The Daily News)
Sherbrooke, Que., Aug. 28.—
Harry K. Thaw appeared in
Superior Court yesterday he
received an ovation from the
people of Sherbrooke, and there
was also cheering when Judge
Gensky made a ruling in
Thaw's favor. The court then
advised the spectators that a
decision of the cheering would
probably result in a jail sen-
tence.
Thaw's counsel scored vic-
tories on three points, the im-
portant one being that the New
York state authorities were de-
nied the right to be a party to the

Vancouver, Aug. 28.—Dr. D. D.

THE MISCREANT TO EARTH—PRISONER ONLY 19
YEARS OLD

Vancouver, Aug. 25.—Pockets
laden with booty, fear driving
him headlong, and a cocked re-
volver in his hand, Tom Grant
plunged from the back door
steps of the home of Mr. Steven
Maddison, at 11 o'clock last night
and was embraced by the wait-
ing arms of P. C. Galland. Drag-
ged into the light of the police
station by the hurrying patrol, a
youth of 19 stood revealed, the
name given above was duly in-
scribed on the police blotter, and
the prisoner was locked away to
await the course of the law.
While the officer who made the
arrest patrolled his beat on Bar-
clay Street last night, he noticed
that the darkened windows of
Mr. Maddison's house was faintly
illuminated at intervals and his
suspicions were excited. The
first pedestrian who chanced by
was hastily pressed into service
and asked to advance to the front
door and ring the bell. It was

THRILLING WAR SCENES

Greatest Films Ever Shown of
American Rebellion.

The evening at the Empress
Theatre is largely taken up by a
film in three parts called "Shen-
andoah," but there is not a mo-
ment that is not crammed with
thrilling battle movement. The
bombardment of Fort Sumpter at
the opening of the war is shown,
the escape from the horrors of
Libby prison at Richmond and
other episodes. One spectacular
scene is of a midnight combat,
and the terrible and awe-inspir-
ing battle of Winchester is
shown. To produce these films
over one thousand trained sol-
diers were employed, and the
scenery is that of the places
these battles made ever memor-
able.

street. The room taken is that
which was formerly occupied by
the One-Two-Three liquor store.
It will be fitted up immediately
for its new purpose.

Series of Very Enjoyable Domestic
Dramas.

A domestic drama of the
Southern States before the war,
which reminds one of F. Hopkin-
son Smith's "Colonel Carter of
Cartersville," is being shown at
the Westholme. There is the ex-
travagant son, the impoverished
southern gentleman and the de-
voted old time slaves who suc-
ceed the poverty of their old time mas-
ter. This is one of several do-
mestic dramas to be seen there
this evening, all of which are
wonderfully entertaining.

Eight monks of the orthodox
church, who were exiled from
Mount Athos because of their
heresy in regard to the divinity
of the name of Jesus, have ar-

voluntarily to farthest Siberia.
They declare many more of the
monks are going to Kamchatka.

the holy synod for persecuting
the monks.

The synod has not been moved
and now threatens to expel

PRESIDENT WILSON'S MESSAGE ON THE SITUATION IN MEXICO

MAKES IT CLEAR THAT THE HUERTA RULE MUST END BUT
ADVISES STRICT NEUTRALITY—ALL AMERICANS
WARNED TO LEAVE MEXICO.

(Special to The Daily News)
Washington, Aug. 28.—Presi-
dent Wilson in the senate yes-
terday personally delivered his
message to congress upon the
Mexican situation. This con-
tained all the recent correspon-
dence between the two govern-
ments, a special report on the
situation by Governor Lind and
outlined the policy of the United
States in the premises.
Huerta having failed to agree
to the peace proposals so far as
pledging himself not to be a can-
didate at the free election pro-
posed, President Wilson in his
address said that there should be
no armed intervention but a
strict neutrality observed, and
that the exportation of arms to
Mexico should be strictly forbid-
den. Under no circumstances
should there be any encourage-
ment given to any of the parti-
zans in the contest now distract-
ing Mexico.
President Wilson makes it clear
that the Huerta rule must cease,
and declares that the United
States can no longer sit idly by in
such a crisis as the present.
Washington, Aug. 28.—Presi-
dent Wilson last night sent out
despatches warning all Ameri-
cans to leave Mexico at once, at
the same time instructing the
American embassy and all the
consular representatives of the
United States in Mexico to notify
the officials and military author-
ities of Mexico that they will be
held strictly responsible for any
harm or injury to Americans or
their property.
Mexico City, Aug. 28.—Not un-
til late last night were any great
number of Mexican people aware
of the character of President
Wilson's message to congress,
and among those well informed
in regard to it it did not arouse
any great excitement.

MORE MYSTERY ATTACHING TO JAPANESE WHALING SCHOONER

VESSEL WAS GIVEN ITS CLEARANCE PAPERS BY CUSTOMS
AUTHORITIES BUT IS NOW DETAINED BY IM-
MIGRATION DEPARTMENT.

The mystery attaching to the
Japanese barque which is at
present tied up at the Govern-
ment wharf is far from clearing
up. It is, in fact, increasing.
It was expected that the barque
would leave port this morning on
her trip to the Fraser River for
salmon. The customs authori-
ties had given her the necessary
clearance papers and said that
they no longer had any reason
for detaining her. It appeared
that the troubles of the Japs were
at an end, and that they could
now proceed on their way.
But if the customs officials de-
clared themselves through with
their business with the Japs, the
immigration officer, Dr. Neil Mc-
Neill, did not. His department
is now holding her.
"I can say nothing further at
present than that the vessel is
being detained by our depart-
ment," said Dr. McNeill this
morning when plied by a repre-
sentative of The News with ques-
tions as to the why and where-
fore of the barque's detention.
It is generally understood that
this action was taken in response
to a telegram from the head-
quarters at Ottawa. Since the
immigration authorities are so
interested in the ship the old
question arises again: Did the
vessel smuggle any Orientals into
this country or Alaska?
The officers of the vessel will
know all about Prince Rupert be-
fore they get away. They are
taking their present opportunity
to see the town. In return, they
have been entertaining some of
our citizens. One who was
aboard the barque was delighted
with the reception accorded him
and greatly enjoyed the experi-
ence of eating dinner with chop
sticks.

THE "EMPIRE" THAT
REALLY NEEDS HELP.

Here is a bright sample of
good Conservative arguments
in favor of the British Colum-
bia government. It is culled
from the Prince Rupert "Em-
pire" in all its purity of dic-
tion and meaning: "If Sir Rich-
ard McBride were guilty of the
charges made, and published,
there would be very
great possibility of his down-
fall. That, however, is impro-
bable, on account of no one be-
lieving the gross slanders." To
argue further, if Sir Richard
could not be guilty because no
one believes the gross slanders
a man could walk across Cana-
da in two days because an
aeroplane does not resemble a
Pullman car—oh, shucks,
what's the use!—The Saturday
Sunset.

HON. GEORGE'S E. FOSTER'S
MISSION TO AUSTRALIA

An attempt has been made
by some Conservative journals
to apologize for the undoubted
failure of Hon. G. E. Foster's
mission to Australia. It is
naively explained that the Min-
ister of Trade and Commerce
did not actually go to Australia
to negotiate a reciprocity
treaty. He was engaged in a
great Imperialist mission. Hence
as an ardent Imperialist the
tour of Mr. Foster was a daz-
zling success. Did he not go
to Great Britain, to New Zea-
land, to Australia, to China,
to Japan and to Korea (omit-
ting Fiji), and has he not im-

proved in health and broaden-
ed in his outlook upon the
large affairs of this little
world? Has he not told us on
this coast that we are neglect-
ing a grand and manifest op-
portunity for the study of the
characteristics and the view-
point of Orientals? Doubtless
the Minister will prepare and
submit a report after he re-
turns to Ottawa. How, then,
the Conservative organs argue
can the great Imperial under-
taking of Hon. G. E. Foster be
said to be a failure? As a
matter of fact, none of the
Ministers from Mr. Borden
down (with one notable ex-
ception) considers that there
is any necessity for action. As
one of them has said, when
they came into power they
found everything so well ad-
justed and the machinery run-
ning so smoothly that there
was only one thing for them to
do; sit down comfortably and
watch the wheels go round.
Even the tariff was so nicely
balanced in all its bearings
that to attempt a readjustment
might bring disaster. And yet
it is not a singular thing that
just as soon as this careful,
cautious and inactive adminis-
tration came into power busi-
ness conditions in Canada be-
came unsettled?

Hon. "Bob" Rogers, it must
be admitted, is one active spirit
in the ministry. He believes in
doing things. And in every-
thing he does there is also
"something doing for the
boys."

CHILDREN CAUGHT AND SOLD
AS SLAVES IN PHILIPPINES

COMMISSIONER STATES THAT SLAVE OWNING AND PEONAGE
ARE GENERAL IN THE ISLANDS—CHILDREN
KIDNAPED FOR CHINA.

Washington, Aug. 25.—Slavery
in the full meaning of the word
exists throughout the Philippines,
even in the City of Manila, and
peonage is general in the islands,
according to a special report
Commissioner Dean Worcester
has made to the insular bureau.
It has not been received by the
war department, but copies are
in the hands of other officials.

Filipinos in parts of the island
commonly capture children and
sell them into slavery for profit.
Some are sent to China, where
they are dressed in the native
fashion. Some children have
been enticed from their homes by
slave agents on promises of
scholarships in schools and some
of those, in an instance which
Mr. Worcester reports in detail,
were sold and others farmed out
for money.

He cited the case of a 13-year-
old girl bought for some pigs and
a cloak. The supreme court of
the islands released the slave
trader on the ground that no
crime had been committed be-
cause no physical force had been
used. This one case, Mr. Wor-
cester says, has blocked other
slavery prosecutions. The Philip-
pine assembly has blocked laws
for the suppression of the traffic,
he says, because many of its
members come from provinces
where slavery flourishes. One of
his reports on the traffic, he says,
lies tabled in the Philippine as-
sembly.

Mr. Worcester declares he had
great difficulty in getting facts of
slave cases and intimates that
reports were withheld by the of-
ficers of the Philippine constabulary.
He cites the case of a
Philippine assemblyman caught
redhanded owning a slave girl in
Manila, and says:

"I could obtain conclusive evi-
dence of a hundred, a thousand,
ten thousand of them, but why
multiply cases? It is simply a
case of time and work."

He charges that Philippine as-

semblymen maintain peonage on
their own farms.

Washington, Aug. 25.—What-
ever is done by the United States
with respect to the Philippine
Islands is to be gauged by the
best interests of the people of the
archipelago and not by what
might be construed as selfish
purposes of the American gov-
ernment.

That is the view of President
Wilson and Francis Burton Har-
rison, newly appointed governor
general, take of the question of
Philippine independence, accord-
ing to information today at the
White House. The President be-
lieves the United States in the
profoundest sense is the trustee
of the Philippines, and to carry
out its trusteeship wisely is the
keynote of the policy of his ad-
ministration.

It was indicated at the White
House that while no proposal for
immediate independence was be-
ing now considered, a policy of
active preparation for granting
the independence with a few
years will be pursued by the
United States.

WELSH COMMENCES ON LIGHT TRAINING FOR BIG COMBAT

BRITISH CHAMPION'S ANKLE HAS RECOVERED FROM INJURY—BIG CONTRAST IN BUILD OF RITCHIE AND WELSH.

(Special to The Daily News)
Vancouver, Aug. 27.—Freddie Welsh, British lightweight champion, announced today that he would start light training immediately for his forthcoming battle here with Willie Ritchie, world's champion, scheduled for September 20th. Welsh has taken more than a week's complete rest and his injured ankle, which caused a postponement of the world's championship battle from Labor Day until September 20th, has healed with surprising rapidity.
Welsh was able to attend the Moy-Campbell bout in the same arena on Saturday afternoon, and was introduced from the ring with his rival, Champion Ritchie. Welsh used his ankle freely and it showed no traces of weakness. He will give it another week's complete rest and shortly after the Labor Day contest, in which Ritchie takes part, Welsh will start active training.
Ritchie is working hard for his two battles in Vancouver. He

has engaged both Frank Barrieau and Joe Bayley as his sparring partners, all working under the direction of Manager Harry Foley, who is handling the world's champion. Ritchie, brown as a berry, robust and devoting all his time to developing strength and a punch, is the type of the boxer pure and simple. Welsh, white as milk and fast as a flash, pays no attention to his punching power, but will work every minute to increase his already lightning like moves, and depends entirely on his boxing ability and ring generalship to wrest the title away from the American.
Welsh appears to know Ritchie's ring tactics, and believes that he can outpoint the champion just as easily as he did two years ago in Los Angeles. Ritchie, on the other hand, has increased punching powers and believes that after he lands a few of his terrific blows he will bring Welsh down to his own speed.

CHINAMAN TAKING THE OATH.

A peculiar scene is often enacted in the East End police courts of London, Eng. When a Chinaman takes the oath he breaks a plate and repeats: "May my soul be broken even as this plate if I do not tell the truth." A stock of this cheap crockery is kept for emergency.

LONDON EMBASSY
American Diplomat Leases Official Residence.

London, Aug. 25.—The American ambassador to the court of St. James, Walter H. Page, leased an official home today for three years. It is No. 5 Grosvenor Square and was selected after he had inspected many houses, most of which were offered at prohibitive prices.

The residence is a plain but substantial dwelling in the best section of London. Three doors away is the embassy recently purchased by the Japanese government, while the Italian embassy and the Chilean legation are in the same square.
The Dukes of Portland, Manchester and Somerset also possess town houses in Grosvenor Square.

OVERCAME SCRUPLES

British Parliamentarians Were All Vaccinated.

London, Aug. 25.—A Sydney cablegram says that news has been received to the effect that all visiting British members of parliament have overcome their scruples and been vaccinated, owing to an outbreak of small-pox. Unvaccinated members of the party had been threatened with quarantine. It is feared, however, that the Australian warships, Australia and Sydney, will not call at Sydney.

MONARCH MALLEABLE

The "Stay Satisfactory Range."

Why it is the Best Range Procurable

It stands to reason that the foundry of national reputation for its equipment of the most notable hotel, restaurant, and institutional kitchens throughout the Dominion, also makes the best range on the market for the home kitchen.

This Gurney-Oxford range is the result of over seventy years' experience and experimental study of improvements to benefit the woman who toils in the kitchen.

Even Baking

By means of a Divided Flue Strip, the heat is divided evenly over the top and down the back and sides of the oven. A pan of biscuits in the front and back of the oven will brown with perfect evenness without having to change their places many times during the baking. The two back lids of the range also receive an equal cooking heat that will boil two kettles at the same time.

CALL ON US—ASK FOR OUR NEW CATALOGUE, "STOVES AND RANGES"

Perfect Control

The entire range is controlled practically by one handle, called the Economizer. It turns around a series of six notches to determine the exact degree of heat required. Such control saves time, fuel and labor.

Saving of Fuel

Then again the special Reversible Grate saves coal bills by burning the coal to a fine white ash. No unburnt coal can lodge in the rounded corners of the firebox.

It's Sanitary Too

Its smooth, clean top is polished and requires no black lead.

The Gurney-Oxford is "different" from all other ranges—its exclusive devices make an irresistible appeal to every woman.

Your

WEEKLY LETTER

Home

How difficult it is, sometimes, to carry out your good intention of writing a letter every week to your relatives or friends back home or in the particular locality in which you lived before you settled in Northern British Columbia. A good way out of the difficulty is to order the "Weekly News" to be sent to them. It gives all the news of Prince Rupert and district.

You will accomplish a twofold purpose by doing so. Not only will you be sending a weekly letter home, but you will be contributing in no small means to the advertising abroad of Prince Rupert and Northern B. C. Just think how a newspaper from Prince Rupert will be passed on by your faraway friend to some other person who will be interested in learning something of the wonderful opportunities of this pioneer land. Is it not your duty to do that much for your city? It would be money well invested.

The "Weekly News" posted to any place in Canada or the United Kingdom is only \$2.00 per year; to points in the United States, \$2.50 per year.

LOCAL NEWS ITEMS.

The Pescawha, of the Atlin Fisheries, Ltd., sailed last night.

F. Napier Dennison, of the meteorological department, left for the south yesterday on the steamer Chelohsin.

J. M. Baird, formerly of the Bank of Commerce here, has been transferred to Victoria. He left for his new post yesterday on the steamer Chelohsin.

F. G. Lett, Alec Bonthron and wife, J. Dugan, George Innes, A. McLean, R. E. Van Der Byl, J. Perceval were among those who went south yesterday on the steamer Chelohsin.

R. I. Van Der Byl, manager of the Prince Rupert Auto Company, left for the south last night to purchase another new machine of the most modern make; his present equipment not being adequate for the growing demand for taxi service.

A number of friends of Rev. and Mrs. Laycock were entertained last evening by Major Gibson, with whom they are staying, in his apartments on Second avenue. Major Gibson is taking his guests out today in his yacht, the Nancy Jane. During the few days that Rev. and Mrs. Laycock are here, they hope to see many of their old friends, and will be much pleased if they call upon them.

A most delightful reception was given yesterday afternoon by Mrs. Steen at her home on 2nd Avenue, to the ladies of the Presbyterian church. A large number were present, including not only the older residents but also many of the more recent arrivals. Mrs. Holthy and Miss McTavish did the honors of the tea-table while Miss Phail, Miss McIntosh of Edmonton, and Mrs. F. W. Kerr served the refreshments. In one corner of the reception room a well-supplied table of home cooking was presided over by Mrs. Dawson and Mrs. McClymont. Mrs. Carmichael assisted Mrs. Steen in the reception of the guests. On entering, one could not but be struck with the profusion of flowers daintily arranged in all parts of the room. The instrumental music by Mrs. Anderson and a vocal solo by Mrs. O'Neil added very greatly to the pleasure of the afternoon. A very pretty landscape in water colors was painted for the occasion by Mr. Pearce and added considerably to the financial success of the afternoon. The Ladies' Aid, for whose benefit the reception was given, are deeply indebted to Mrs. Steen for the great success of the event.

FOR TORPEDOES

United States Government Places Big Order.

London, Aug. 25.—The Standard says that the United States government has given a large order for improved Whitehead torpedoes. The torpedoes are similar to those just supplied to the new Japanese cruiser Kongo, which have a range of from 10,000 to 12,000 yards, at a speed averaging forty knots.

MANY HONORS FOR HALDANE DURING HIS BRIEF VISIT HERE

McGILL UNIVERSITY WILL CONFER DEGREE ON HIM—TRIP TO WEST POINT TO REVIEW CADETS IS ALSO ON THE PROGRAM.

New York, Aug. 24.—Viscount Richard Burdon Haldane, lord high chancellor of Great Britain, will have a busy time during his coming five days' visit to the American continent. An inspection of the military academy at West Point, banquets in New York and Montreal, an address before the American Bar Association at Montreal and the acceptance of an honorary degree from McGill University are some of the events that will occupy his time.

Viscount Haldane left Liverpool on the Lusitania Saturday and is expected to come ashore in New York next Friday morning. The prime object of his visit is to deliver an address before the American Bar Association the afternoon of September 1st. His theme will be "Higher Nationality: a Study in Law and Ethics." Among his auditors will be former President Taft and scores of the most prominent men in the legal profession in the United States and Canada. Chief Justice White, of the United States Supreme Court, will introduce Viscount Haldane.

Shortly after he comes ashore Viscount Haldane will receive the newspaper men at his hotel for an interview. Later, with his sister, Miss Elizabeth Haldane, and Sir Kenneth Muir MacKenzie, clerk of the Crown, who accompanied him, the chancellor will go on a sightseeing tour, and in the evening attend a banquet at the Metropolitan Club, given by C. A. Severance.

Saturday morning the lord chancellor and his party will board J. P. Morgan's yacht, the Corsair, and sail for West Point, and, after a review of the cadets, will leave by train for Albany.

In the evening the party will proceed to Montreal, where Sunday morning will be spent in visiting places of interest and the evening at a dinner tendered by Frank B. Kellogg, president of the American Bar Association.

Monday morning the session of the association will begin, and before noon the Viscount will deliver his address. Afterward he will receive a degree from McGill. The chancellor and his party will proceed to New York and board the Lusitania Tuesday evening.

FULL SERVICE FOR TWO MONTHS MORE

G. T. P. Is Likely to Continue Its Semi-Weekly Steamship Service Late.

The semi-weekly service of the Grand Trunk Pacific Company's boats from the southern cities to Prince Rupert is likely to be maintained a month later this year than last, as the travel has been exceptionally heavy. It is improbable that the Prince Rupert will be withdrawn until after the beginning of November, judging from the information so far received by the officials of the company here and in Vancouver.

Toward the end of October, when northern travel slackens, the steamship Prince John, Captain Wearmouth, which is on the direct run from Vancouver to the Queen Charlotte Islands, will be converted into an oil burner. It is expected in this way to greatly increase the efficiency of this steamship, and by using less hold space for storage of fuel increase the vessel's cargo carrying capacity very materially.

Last year the company converted the Prince Albert, which alternates on the northern run with the Prince John. But by the time things were ready for the conversion of the Prince John that vessel was needed back on the run, and northern travel at that time began to pick up. It is understood that the Prince John will be the last of the G. T. P. fleet to be changed. It is not thought that the Henriette will be converted, as she is an old vessel.

SECRETARY OF PEACE ASSOCIATION COMING

To Get Co-operation of Western Provinces for Centennial Celebration.

The Canadian Peace Centenary Association is now reported to be actively at work organizing provincial committees and prosecuting its campaign for the coming celebration of one hundred years of peace between the British Empire and the United States.

The organizing secretary of the association, E. H. Scammell, has just returned from a brief visit to the maritime provinces, where the movement has been most cordially received. In New Brunswick, Nova Scotia and Prince Edward Island strong provincial committees are being formed, and there is every indication of a large and growing interest.

Mr. Scammell is now on his way to Manitoba, Saskatchewan, Alberta and British Columbia with a view to considerably enlarging the membership of the association and securing the active co-operation of the provincial governments and the leading professional and business men in the four western provinces. As this celebration will be more than a mere gathering and demonstration, it is desired to secure the assistance of the educational authorities, churches, national societies, women's organizations and labor unions.

In addition to the Canadian association there are two others at work, one in the United States and the other in Great Britain, both of which have extensive programs. Sir Edmund Walker is

BURGLAR LADEN WITH LOOT ARRESTED AT POINT OF GUN

(Continued from page 1)

darkness of the house which sent the burglar fleeing from threatened exposure through the rear door and into the expectant hands of the clever police officer who awaited him.

In the hands of the burglar was a revolver. As he sprang through the door onto the steps, the little stream of light from the officer's torch blinded him suddenly. "Throw up your hands or I shoot," said the thug with the wicked little gun gleaming in the light.

In a moment he staggered as the policeman's club descended with crushing force upon his head and when he was sufficiently recovered to show fight the handcuffs were about his wrists. The officer had utterly disregarded the threatening weapon, and the order to throw up his hands, and used his club with telling effect.

Mr. Maddison and his family were absent from the house during the burglar's visit and when they returned they found that every drawer, cupboard and receptacle in the house from cellar to garret was emptied on the floor. Lying on the kitchen floor Mr. Maddison found his silk hat.

The police have reason to believe that Grant may be the same man who so nearly shot Mr. McDaniels in a pistol duel across his bedroom recently when the latter was awakened by a searchlight dancing across his room.

San Diego, Cal., Aug. 25.—From E. They marched to Lake Maghore, where they seized and looted the power schooner Ida B., which was loaded with rice, sugar and coffee belonging to a construction camp. The lake is thirty miles from Mexicali.
