HALDANE'S ADDRESS BEFORE BAR ASSOCIATION

VANCOUVER'S LABOR DAY PARADE A GREAT EVENT—BARRIEAU AND CROSS FIGHT A DRAW

SMITHERS THE NEXT TOWNSITE; LOTS TO BE AUCTIONED OFF

BANK THE FIRST FINANCIAL INSTITUTION TO ERECT PERMANENT QUARTERS THERE—FIRST SAWMILL RIPPING OUT BUILDING LUMBER.

Smithers, B. C., Aug. 30.—An imaginary spot on a map survey, next a dot on an engineer's blue print, then a tent of construction laborers and an incredibly short time a thriving western town throbbing with life—such is the history in the most railroad towns in Canadian West.

There are countless people in broad land who take immense delight in watching a baby from his first red faced, smiling day until he makes a toddling step, held up by friendly hands, and it seems a few months until this same youngster is strutting about in his first trousers.

Just this way people of northern British Columbia are viewing the division points of the Grand Trunk Pacific to the coast development of their first definite location of all-pledged cities and they are no end of satisfaction in the processes of growth.

Smithers is cutting its first stride this week with the erection of the Union Bank of Canada's new building on Main street, the first permanent building, and the population is filled with importance, in the same manner that members of the family stand in awe when the young child is able to stammer for the first time a few senseless, unconnected syllables.

For every city must have its beginning, just as everyone must begin life by sprawling on his back, helpless, weak, clamoring

for attention and facing, without doubt and hesitation, a future he does not understand.

Proud cities of the Canadian plains have had just this history. Those to come after will follow in the same way. Yesterday a wilderness, today a frontier settlement, tomorrow a city with all the term connotes—this is their history.

Never before have cities built so fast, nor so permanently, for the great elements of growth are waiting only for the railway. When it comes they spring into being in an astonishingly short time.

The tent city at Smithers, commonly called "Squattersville," will soon have entirely disappeared as this first permanent building is followed by scores of others. A sawmill with a capacity of 15,000 feet a day is ripping out lumber as fast as its steam engine can whirl the saw through the length of the cedar, fir and spruce logs. Train loads of construction materials are on their way in from the coast. Contractors are figuring like mad on other structures, mechanics are working overtime to make new records in the quick completion of buildings, the railroad forces are arranging the station grounds and sites for shops and round-houses, while everyone is busy from morn till night building the new town. Streets are being levelled and sidewalks built. Where there are stumps they are being dug out and the fires of clearing operations cloud the sun.

RUSSIAN COLONIZATION PLANS RETARDED BY REPRESENTATIONS

BOAT OF VLADIVOSTOK FLEET FOR THIS COAST SCHEDULED TO SAIL ON SEPTEMBER FIRST IN- STEAD OF IN JULY.

Vancouver, Aug. 30.—Prof. A. M. Goldstein, who has been conducting special enquiries in Canada on behalf of the Russian government in regard to agricultural and colonization is expected to arrive from the east tomorrow.

The inauguration of the proposed steamship line between Vladivostok and Vancouver has again been deferred, according to representatives of the Russian Volunteer Fleet, which has announced its intention of instituting a direct service between the port and Siberia. The latest news report that the first ship of the new service will leave Vladivostok on September 1st. It was originally stated that the line would be inaugurated in July.

According to information derived from reliable sources, considerable opposition against the bringing into this country of a large number of immigrants from Russia is being developed by members of the local Russian col-

ony on account of the large number of unemployed already here. It is said that an emissary was sent back on the Empress of India yesterday to discourage the immigration of Russians to this country.

SHOWED EXCEPTIONAL INTEREST IN RUPERT

One Member of Geological Party Spent His Entire Time in the City.

Among the visiting geologists who left for the north on Sunday night one of the most interested members as far as the city of Prince Rupert is concerned was H. M. Cadell of Linlithgow, Scotland. Foregoing the pleasure of the trips to the interior and to Granby, he spent every possible moment in the city and evinced unusual interest in every detail in connection with the development of the city. Just what this will mean for the city it is hard to forecast, but that he carried away with him a fund of information, regarding Prince Rupert that will result in further progress there can be little doubt.

Married at Fraser Lake.

Rev. William Sweetnam, who was ordained on Sunday as priest of St. Paul's Church at Fraser Lake, was married on the following day to Miss Vera Tearle Crowell of Dunkin, Que. Bishop Du Vernet officiated.

Hal Peck of Georgetown returned on the Princess Sophia yesterday afternoon from New Westminster, where he had been attending the golden wedding anniversary of his parents.

ANOTHER BIG BOAT

Canadian Pacific Gets a New Oriental Liner.

(Special to The Daily News) Vancouver, Sept. 2.—The new Canadian Pacific Oriental liner Empress of Asia arrived here for the first time yesterday. She is one of the largest in the service.

RIOTING IN DUBLIN

Hundreds of People Injured in Street Struggles.

(Special to The Daily News) Dublin, Sept. 2.—Hundreds were injured yesterday, at least thirty seriously, during the riots occasioned by the striking tram employees.

AERIAL SENSATION

Aviator Lands Safely After Machine Turns Turtle.

(Special to The Daily News) Juvisy, France, Sept. 2.—Aviator Pegoud caused a great sensation yesterday by dropping safely in a parachute from his damaged aeroplane. He was going at a terrific speed when the machine turned a somersault and he was thrown out.

WARDEN IS KILLED

Fell Two Hundred Feet at North Arm Inlet.

(Special to The Daily News) Vancouver, Sept. 2.—A warden employed by the British Columbia forest rangers accidentally fell from the mountainside at North Arm Inlet, in the vicinity of Indian River, yesterday and was killed. He fell two hundred feet.

THIRTY-SIX CASES ON POLICE DOCKET

Magistrate Agreed to a Stated Case in the Gambling Charges Five Fined \$20 and Costs.

There were no less than thirty-six cases on the police docket this morning and the presiding magistrate was unable to clear the docket before the noon adjournment. An afternoon session is therefore being held.

J. Bouzas, a Greek, was charged with keeping a gaming house and seventeen others were charged with gambling and being spectators. Bouzas and four of the accused, G. Colonedis, George Peinosis, George Lucas and Dominick Deliso, were each fined \$20 and costs. W. E. Williams, counsel for the accused, asked for a stated case on the ground that the men were simply playing a freeze-out game to see who would buy the coffee or cigars. This was agreed to by the magistrate. Several cases of drunks and vagrants came up this afternoon.

Comox Residents Fined.

Eight residents of Comox avenue were convicted in police court this morning on charges of keeping common bawdy houses. A fine of \$25 in each case was imposed. Following is a list of the penalized: Emma Davis, Ida Roberts, Marie Lama, Edna Wilson, Marie Roman, Josephine Rousseau, Albo Neill and Ruby Stein.

Funeral Today.

The remains of the late Phylpp Yoroshdrek, who was accidentally shot in the Austrian Hotel on Friday evening, will be interred at Fairview cemetery this afternoon. The funeral services will be conducted by Rev. F. W. Kerr at Hayner Bros. chapel at 4 o'clock.

E. H. Patterson, who is employed in the office of G. R. Naden Co., left on the Prince Rupert Monday morning on a holiday trip to Vancouver. He wore a very happy smile that aroused suspicions he was leaving on an exceptionally pleasant mission.

ANGLICAN CHURCH AT FRASER LAKE OPENED

Formal Opening of New Church in the Interior—New Priest Ordained.

Bishop Du Vernet, who is at present making an extended trip into the interior looking after the interests of the Caledonia mission, formally opened St. Paul's Church at Fraser Lake on Sunday. The services were of an interesting nature and special music was provided. In connection with the service the bishop also ordained Rev. William Sweetnam as priest. The latter will have charge of the new church. Following this important function there was a baptism service for Hubert Ridge.

MARRIED AT GEORGETOWN

R. S. Wright of This City Weds Miss Peck of Georgetown.

On Saturday evening last R. S. Wright, accountant in the office of Peck, Moore & Co., was united in marriage to Miss Ruth I. Peck, daughter of Mr. and Mrs. Hal Peck of Georgetown. The ceremony, which was of a very quiet nature owing to the recent death of the bride's brother, was performed by Dr. Large at the home of the bride's parents, only the immediate relatives being in attendance. Mr. and Mrs. Wright left for a honeymoon trip south on the Princess Mary on Sunday night. On their return they will take up their residence in the city.

ESSINGTON COUPLE MARRIED

Happy Event Celebrated in Prince Rupert Yesterday.

Kenneth Birchall, a popular member of the Provincial police at Port Essington, and Mrs. Grey of the same place were quietly united in marriage at St. Andrew's Church in this city at 3 o'clock yesterday afternoon. Rev. G. A. Rix performed the ceremony, Constable Pat Phillipson officiating as best man. Both bride and groom are well known residents of Essington, where they will make their home.

ST. ANDREW'S DANCE

Westholme Orchestra Engaged for Tomorrow Evening.

The executive of the St. Andrew's Society are expecting a very large attendance at the society's dance tomorrow evening and for this reason have engaged the Westholme orchestra for the occasion. The new ballroom of the society in the Kaen Island clubhouse, with its perfect dancing floor, is adding much to the popularity of these social entertainments.

GEOLOGISTS PRESENTED WITH SOUVENIRS

Granby Officials Entertain Them at Luncheon on Sunday—Are Pleased with Prospects.

The visiting geologists, who left for Granby Bay on the steamship Maquinna, returned Sunday evening delighted with the immense amount of work that has been done there by the Granby Consolidated Mining, Smelting & Power Co. All the visitors were presented with handsome souvenirs specially prepared at Granby for the occasion, and were entertained at luncheon on Sunday by the Granby officials.

Those who made the trip into the interior by special train on Saturday morning returned by the regular train on Sunday enthusiastic over the mineral wealth of the interior.

The Maquinna left for the north at 10 o'clock Sunday night with those on board who are continuing the trip to Dawson and Alaskan points. A few members of the party returned south on the Prince Rupert on Monday morning.

Southbound Passenger List.

Following is a partial list of the southbound passengers on the Prince Rupert on Monday morning: E. H. Patterson, Mr. and Mrs. Leon Carez, Paris, France; George G. Ailken, W. Fleet Robertson, J. GREATEST LEGAL GATHERING CONTINENT HAS EVER KNOWN

LORD HIGH CHANCELLOR OF ENGLAND DELIVERS AN EPOCH MAKING ADDRESS BEFORE AMERICAN BAR ASSOCIATION AT MONTREAL.

(Special to The Daily News) Montreal, Sept. 2.—This city and Canada yesterday gave a formal welcome to the most notable assemblage of legal lights ever gathered on the continent. Canada was signally honored by the American Bar Association, which, for the first time in its history, is holding its annual meeting on foreign soil. The gathering is unprecedented in another respect interesting to Canadians. For the first time the American Bar Association has present at its transactions the Lord Chancellor of England, Viscount Haldane, a jurist of great distinction, to contribute in person a paper to its proceedings.

The entry into the hall of Premier Borden, Viscount Haldane, ex-President Taft and the chief justice of the United States was the signal for an outburst of enthusiasm. Premier Borden, in formally welcoming to Canada the Lord High Chancellor and the members of the association, said: "We Canadians who are bound to the great Empire of which our country forms a part, rejoice that those ties between the two were never stronger than they are today. By like ties of kinship and the bonds of commercial intercourse, by the enjoyment of like institutions, by the possession of a common language and literature, by the inheritance of common liberties, duties and re-

sponsibilities of citizenship and the fact that we are confronted by common problems, as well as by the ties of comradeship and neighborliness, we are also united to the great United States, of which nation we have today so many distinguished representatives present in our city."

The chief justice of the United States introduced Lord Haldane, whose address was an epoch making one. In its legal erudition, its polished literary style, its ethical tone and its human touch—from all these points of view it produced a profound impression. The relationship of great nationalities was the keynote of the address, which, while it touched upon points of international law of the deepest interest—especially when it referred to the new international laws that events were formulating—was far more impressive in the needs for closer amity based upon a common humanity and its aspirations.

Former President Taft moved the resolution of thanks to Lord Haldane for his eloquent address, and expressed the high sense of honor felt by the American Bar Association.

The Hon. Charles J. Doherty, Canadian minister of justice, gave a reception to Lord Haldane in the evening, which was attended by former President Taft and leaders of both the American and Canadian bar.

CONSERVATIVE PICNIC WAS MARRED BY WET WEATHER

FOOTBALL MATCH WAS THE PRINCIPAL FEATURE OF DAY— BASEBALL GAME WAS CALLED OFF.

When the special train for Terrace pulled out yesterday morning for the Conservative picnic at Terrace there were some two hundred and fifty excursionists on board, a large number of whom took advantage of the cheap fare for a holiday outing and to witness the football and baseball games. Another special train from Hazelton to Terrace carried about one hundred and fifty, including those who took part in the athletic contests.

Unfortunately the weather was anything but favorable, rain falling heavily during a good portion of the day. In consequence, the baseball, one of the principal features of the day, had to be cancelled. The football match, which was played on a very wet and muddy field, resulted in a win for the Calties of Prince Rupert, the score being 1 to 0.

In the tug-of-war between Terrace and Prince Rupert the latter also came off victorious. A few speeches were delivered from the verandah of the hotel, but on account of the rain these were cut short. Among those who spoke were Hon. W. R. Ross, Minister of Lands, and H. S. Clements, M.P.

The return trip was made in excellent time, the excursion train reaching Prince Rupert shortly after ten o'clock last night. The run was made in slightly over three hours.

KILLED THREE DEER

Messrs. Carss and Wilson Broke All Records.

With the opening of the hunting season yesterday nearly every sportsman in the city took advantage of the holiday to indulge in his favorite recreation, the pursuit of the fleet footed deer. All day Saturday and Sunday parties could be seen with packs on their backs wending their way toward what they considered the most likely places to be ready for the first chance on Monday morning.

Probably the most successful of all the parties that went out was that composed of A. Carss senior and junior and H. P. Wilson, manager of the Royal Bank. They returned last evening with three fine deer, which they shot on the mountainside at the head of Tucks Inlet.

About 2 o'clock yesterday afternoon two men came in with a fine young buck, which they killed in the hills on the opposite side of the harbor from the city. Doc Orme, Alex. Young and Ed.

Mann returned from Woodworth Lake district yesterday afternoon, but they showed no signs of weariness from packing deer through the underbrush. One of them had a grouse tucked away in his vest pocket.

Judging from the general results, deer seem to be less plentiful than last year. Possibly the results are due to sportsmen being out of practice.

LAND PURCHASE NOTICES.

Land District—District of Coast, Range V. Notice that The Prince Rupert Electric Co., Limited, of Prince Rupert, B. C., intends to apply for permission to purchase 40 acres of land near the river, bounded as follows:

BIG BORE OF PORTLAND CANAL TUNNEL IS PROGRESSING WELL

NOW IN NEARLY TWO THOUSAND FEET AND WILL SHORTLY ENCOUNTER THE VEIN SERIES—STOCKS AFFECTED BY TUNNEL GO UP.

The big bore of the Portland Canal Tunnels, Limited, to tap the Glacier Creek vein series at depth was in a distance of 1,804 feet when measured up on the 21st inst. It is now in approximately 1,850 feet. Mining circles throughout the north are following with intense interest the work being carried out and it will be but a short period now before the tunnel encounters the vein series. Meanwhile there has been a steady buying movement of Portland Canals, Glacier Creek and other stocks that will be affected by the tunnel.

Donald G. Forbes, M. E., after spending a week here on behalf of the Provincial Mining department, left last Thursday for Jeddway to inspect the property of the Ikeda Mines, Ltd. While in this camp Mr. Forbes examined the Red Top mine and then spent four days in the Salmon River camp visiting the Missouri group, Bush property, Silver Tip and Indian. To The Miner he expressed himself as well pleased with what he had seen, and stated that the data collected was for use of the annual report of the mines department.—Portland Canal Miner.

In the Letter Box

Prince Rupert, B. C. August 30th, 1913.

The Editor:

Progress in this age of the world does not mean altogether the building of streets, sewers and water works, but the employment of ethics in these works and in making of laws to govern the public. The greatest exponent of progressive measures today is without doubt the present President of the United States, Woodrow Wilson. What constitutes present day progressiveness in public affairs? Open and frank debates on public issues. Open debates in parliaments and in city councils. Not the framing up of measures in secret and rushing them through in the open with a "whoop." Not in writing public letters signed "Advocate of Progress" and not signed by the writer's real name. What we most need in city affairs is not personal abuse, which detracts from the real issues, but open and frank debates both in public and in council. I do not believe that every faction in this city wishes to see our city grow and progress. I also believe that the men who have charge of city affairs are honorable men, but we all have our individual ideas as to how and where money should be spent for the betterment of our city. Now to open up the way, I ask you, Mr. Editor, or any other citizen, to discuss the following question: "Since the residents of Section One have enjoyed free sewerage and scavenger work since the inception of the city, and since the residents of all other sections were charged \$1.50 per month for the first year and 75 cents per month for the past two years, if you think the above just and fair explain why, and if you think it unfair what remedy would you propose?" There are many questions of this nature that can come up for future debate.

The Hand That Moves The Lever Saves 16.2-3 Per Cent. of Your Coal Bill

Here is the opportunity for the housewife to deal the high cost of living question a hard jolt without any effort on her part.

The way is to make sure that her new range is controlled by a Gurney Economizer, which will save 1 ton of coal in every 6 burned in an ordinary range.

The Economizer is to the stove what the control lever is to the engine or automobile. Without control neither is efficient.

With the Gurney Economizer it is possible to quickly vary the heat of the oven. Various foods require different temperatures. The Economizer keeps this desired temperature absolutely uniform.

It also means that when cooking is over, you may have a cool kitchen and still have your fire going—while you can have the fiercest heat in a few minutes by a slight pressure on the lever.

If you possess a Gurney-Oxford your advantages are innumerable. The Divided Flue means heat for every hole on the stove. The New Special Grate guards the lowest fire. The Broiler exposes every inch of the coals.

These features are exclusively "Gurney-Oxford."

It will furnish your kitchen handsomely—it will do your work adequately.

THE PRICE OF HOMAGE

ONCE when King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. Not a wheel in Sheffield turned for twenty-four hours. The primary object of this was to lift the pall of smoke that hovers over that wonderful steel-producing city, and to ensure, as far as man was able, a bright day and a blue sky for an auspicious occasion. It was Sheffield's expression of respect.

BUT the action was unique—it was unprecedented—it was unthought of that those hundreds of mighty furnaces, raging night and day, and those seething boilers, with quivering valves, should ever be allowed to cool. This extinguishing of fires cost Sheffield hundreds of thousands of dollars—the price of the effort to get back again to high-power efficiency.

SOME business men in Canada pay an unwitting homage, not to a king, but to a superstition—the superstition that hot weather justifies letting the fires of business energy go out. They stop Advertising in the Summer months. By paying homage to tradition, custom, superstition, they have allowed Summer to become their "dull" season. You know how dull it can be when you don't advertise. Do you know how brisk it can be made by Advertising? Do you realize how much momentum you now lose in the Summer that must be regained in the Fall?

DON'T LET YOUR ADVERTISING FIRES DIE OUT THIS SUMMER.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

FOOTBALL GAME WAS PRINCIPAL EVENT

Callies Proved Themselves Superior to Hazelton Team at Terrace Yesterday

As events worked out the football game at Terrace yesterday was the principal item in the programme of the Conservative picnic. The Callies took advantage of the excursion to play the Hazelton team at Terrace, and as the game at Hazelton on Dominion Day resulted in an unsatisfactory draw, a hard game was expected. The line up of the Callies was: Goal, W. A. Paterson; backs, W. Martin and J. Dick; half backs, J. H. Kelly, J. Currie and S. Currie; forwards, M. McClure, Jas. Stewart (capt.), A. Murray, Geo. Abbott and J. M. Campbell. Right from the start it was apparent to the impartial spectator that the Callies were the superior combination, all the finer points of the game being displayed by the lads from the "land of the heather."

During the first half hour there was certainly only one team in the game and that was not Hazelton. Try as they might the Callies' forwards could not get that ball between the posts of the desired haven. Murray, their dashing centre forward, it was, however, who did the trick, scoring off a ball from the left, and giving his team the lead after half an hour. Play after this began to deteriorate, due no doubt to the lack of training, and half time arrived with the score 1-0 in favor of the Callies. The game in the second half was a little more evenly contested, although the Callies seemed to be resting on their oars content with their solitary goal lead. Many good opportunities of increasing their score went begging. As it was no further scoring took place and the Callies retired winners of a hard, though certainly not fast, game.

Mr. Alex. Holmberg of Prince Rupert, made a very efficient referee.

For the Callies Martin and Dick made a fairly good rear division, although the former has been seen to better advantage many a time. In the intermediate line the palm must be given to Kelly, who certainly excelled himself, and was indeed the best of the twenty-two. The brothers Currie completed the best part of the team, both playing a good game. The forwards did not altogether hit it off well; had they all played to 2nd Avenue form it would not have been a question of winning, but by how many goals. Murray put in a serviceable afternoon's work and capped it with a well taken goal. Both inside men, Stewart and Abbott played well.

Of the Hazelton team the backs and goalkeeper were the best, the latter especially. The only regret, now that the game is played off, is that the Callies have now to return and continue playing on 2nd Avenue after having been privileged to play on a "real field."

OLD WHALER KARLUK DAMAGED IN NORTH

Ship Which Was Carrying Stefansson's Expedition Caught Between Ice Floes.

Nome, Alaska, Aug. 26.—The old whaler Karluk, which was taking Vilhjalmur Stefansson's Canadian polar exploration expedition into the Arctic, met with a serious accident in the ice off Point Barrow, the northernmost point of Alaska, and may have to unload her cargo, according to word received here yesterday from the revenue cutter Bear.
The extent of the accident to the Karluk is unknown, but it is reported that a large hole was stove in her hull.
The Stefansson expedition found unusual ice conditions at Barrow. The Karluk was caught between the floes and is drifting with the ice.
Aird Henton, a member of the crew, quit at Barrow and told the officers of the revenue cutter of the Karluk's plight.
Aboard the Karluk, of which Captain Robert Bartlett, who commanded Peary's polar ship Roosevelt as master, is Stefansson, commander-in-chief of the expedition, and eight of the fourteen scientists who make up his party.

Among the guests at the Prince Rupert Inn are Charles Talbot Baker and wife, who are en route to their home at Stewart. Mr. Baker is well known throughout the north and was married last week in Vancouver. His many friends here are entertaining the couple.
