CHAMBERLIN PLEASSED WITH TRIP THROUGH WEST

WON'T DO A THING TO THAW AT MATTEAWAN--MUST APPEAL TO PEOPLE ON HOME RULE

EDMONTON HAS A DISASTROUS ACCIDENT ON STREET RAILWAY

GRAND TRUNK PACIFIC FREIGHT CRASHED INTO STREET CAR AT RAILWAY JUNCTION--FIVE PERSONS WERE FRIGHTFULLY DISFIGURED.

(Special to The Daily News) Edmonton, Sept. 13.—One of the most disastrous accidents in connection with the Edmonton street railway that has ever happened in its history occurred at 6 o'clock last evening when a Grand Trunk Pacific freight train crashed into a street car as the latter was crossing at the railway junction on Alberta avenue. Five persons, including the motorman, were seriously injured and frightfully disfigured. Two of these were internally injured. The injured are:
Motorman Pasco.
Conductor Wentworth.
Mrs. Stephenson.
Mrs. Curley.
Mrs. Batt.
Two of the freight cars were toppled over by the force of the collision.

CHAMBERLIN TELLS THE RESULTS OF HIS TRIP THROUGH NORTHWEST

LINE AT FORT GEORGE BY BEGINNING OF YEAR AND RAILS CONNECTED THROUGH TO THE PACIFIC COAST EARLY NEXT SEASON.

(Special to The Daily News) Ottawa, Sept. 13.—President Chamberlin, of the Grand Trunk Pacific, last night made a statement in regard to conditions he found in the northwest during his recent trip of inspection over the National Transcontinental. "After leaving the transcontinental I went directly to the end of construction in British Columbia, some two hundred miles west of Winnipeg. Although the best season is on in British Columbia at the present time, work is progressing very rapidly and I hope to have the line at Fort George about the beginning of the New Year and rails connected through to the Pacific Coast early next season.
"I found conditions in the west much better than I expected. The grain crop is the best that has ever been produced in the northwest, and weather conditions have been perfect up to the present time, so that if they continue it will probably be not only the largest but the best quality of grain that has ever been harvested. This, I am sure, will do very much to relieve the financial depression which has been giving us uneasiness for the past year. Although my trip west was hurried it has been the most satisfactory that I have ever made into that country."

LORD LOREBURN'S ROUND TABLE CONFERENCE MAY BE ACCEPTED

PREMIER ASQUITH AND COMMITTEE TO DISCUSS SCHEME BUT INSISTS THAT CLAUSES SETTING UP OF IRISH GOVERNMENT MUST BE ACCEPTED

(Special to The Daily News) London, Sept. 13.—Lord Loreburn's warning in regard to the Irish Home Rule Bill has stirred the British people to a high tension of feeling. In this warning, which was published in the Times, his Lordship implores all serious men to unite their efforts to terminate this long, pernicious controversy which is fast leading towards unbridled violence, with the certainty of misery and insurrection and peril to business. He urges the immediate assembly of a round table conference of the leaders of all parties, presumably including nationalists and Ulstermen, in order to reach bedrock and learn what are the real stumbling blocks.
It is now definitely known that Premier Asquith and several members of the committee propose to discuss this scheme, but they will insist, however, that the clauses of the Home Rule Bill setting up Irish government must first be accepted before the former Lord Chancellor's proposed round table conference takes place.
The Globe, which especially represents the Unionist forwards declares that, failing Mr. Asquith's acceptance of a referendum "we are entitled to expect that the King, whom the constitution certainly does not regard as a mere majestic automaton, will obtain from his advisers the assurance at least, that the Home Rule Bill will be submitted to the judgment of the people before the King's soldiers are sent to shoot down his most faithful subjects in Ireland."
The Globe, which may be assumed to speak with inside knowledge, seems nervous lest even if Premier Asquith resigns, the Unionist leaders should refuse to accept, when asked to form a ministry in the teeth of the Radical-Labor-Nationalist majority in the House of Commons.
London, Sept. 13.—Mr. Arthur James Balfour, leader of the Opposition in the House of Commons, declares that the government must appeal to the people on the Home Rule Bill sooner or later.

(Special to The Daily News.)
Ottawa, Sept. 13.—The last Monday in October will probably be proclaimed as Thanksgiving Day, although the matter has not yet been definitely decided.

DELEGATION WAITS UPON GENERAL SUPT.

Continuance of the G. T. P. Inn Would Necessitate Large Expenditure and Delay.

Following the announcement that the Grand Trunk Pacific management had decided to close the Inn, a deputation from the council of the board of trade waited upon General Superintendent W. C. C. Mehan yesterday afternoon for the purpose of presenting to him the general desire on the part of the public to see the hotel maintained and to ask, if it was possible, that some action be taken toward that end. The delegation consisted of F. G. Dawson, A. J. Morris, D. Sutherland, G. R. Naden and Lee Baker.
In reply to the representation of the delegation, Mr. Mehan explained that the maintenance of the present hotel would necessitate the expenditure of at least \$15,000 for the erection of general offices for his staff, waiting rooms and additional building for the housing of the hotel staff, buildings which in a very few years would have to be done away with. To wait for the erection of such buildings, he said, would very materially interfere with the progress of the work on the new permanent hotel. He said that the whole matter had been very carefully considered by the management and that it had been decided that the only feasible plan was to close the Inn and use it for waiting and lunch rooms for the travelling public and general offices for his own staff. Upon asking the delegation if it would endorse a request to maintain the Inn in the face of the fact that the permanent improvements now under way and proposed for the immediate future would be materially held up, the matter was not further pressed.

MUST NOT START FIRES IN SECTION ONE

Police Will Make Example of First Violation of This Law.

A strict enforcement of the by-law prohibiting fires for burning rubbish in Section One was the announcement that Chief Vickers made to a News reporter this morning in the absence of a serious case on the docket. In future no permission will be given to start fires on the streets or in yards for purpose of disposing of rubbish. It must be removed the same as ordinary garbage. Chief Vickers says his staff has strict orders to report all violations of this bylaw and the first offender will be made an example to others.

POLLARDS WILL OPEN WITH "THE TOYMAKER"

This Splendid Attraction to Appear in Prince Rupert at Reasonable Prices.

N. V. Pearce, advance man for the Pollard Juvenile Opera Company, arrived in the city on the Prince Rupert to make preliminary arrangements for the engagement of the company, which opens at the Westholme Opera House next Saturday evening. The public will be glad to learn that this big attraction will be seen here at very reasonable prices. The company will open with "The ToyMaker."

DESTITUTE AMERICANS
(Special to The Daily News) Washington, Sept. 13.—The house of representatives last night adopted the senate resolution setting aside \$100,000 for the relief of destitute Americans in Mexico and their transportation to the United States.

WHEN SHERBROOKE CROWD GAVE WAY TO SENTIMENT AND CHEERED FOR HARRY THAW.

As Thaw left the courthouse in charge of the officers he was cheered by the crowd, some of whom shouted "Hurrah for Thaw" and "We'll give you justice, Harry." The people of Sherbrooke have since felt heartily ashamed of this exhibition, which was described in despatches all over the world.

MORE COAL SOON.

(Special to The Daily News.) Nanaimo, Sept. 13.—The miners are reported as going back to work in increasing numbers, especially at Ladysmith. The mine owners say all will be welcomed back but they still refuse to recognize the American Federation.

WILL VISIT THE NAAS

Mr. and Mrs. Cronyn Will Make Overland Trip.
Mr. and Mrs. Hume Cronyn of London, Ontario, were among the arrivals by the steamer Prince Rupert this morning. Mr. Cronyn, who is one of the officials of the Huron & Lake Erie Loan Co., is here for the purpose of inspecting a tract of land in the Naas Valley in which his company is interested. Mr. and Mrs. Cronyn left by this morning's train for Kitwangah, where they will spend a few days with Horace Du Verne, afterward proceeding over the old trail from there to the Naas.

REMAINS OF WILLIAM GAYNOR SHOWN UNPRECEDENTED HONOR

LYING IN STATE IN LIVERPOOL TOWN HALL ON THE CATAFALQUE UPON WHICH HAS RESTED BODIES OF BRITAIN'S MOST FAMOUS.

(Special to The Daily News) Liverpool, Sept. 13.—The body of William Gaynor, late mayor of New York, lay in state last night at the foot of the grand stairway in the town hall of Liverpool. This was an unprecedented honor to be paid to the death of the executive of the American metropolis, for never before has any body lain in state in the historic edifice.
Draped with the Stars and Stripes and the Union Jack, the casket rests on the catafalque brought here by express from Westminster Abbey, on which has reposed the bodies of Britain's most famous men and which was last used at the funeral of Lord Wolsley.

THAW MUST JOIN THE WORK GANG WHEN HE RE-ENTERS MATTEAWAN

SUPERINTENDENT SAYS ALL PRIVILEGES WILL BE TAKEN FROM FUGITIVE--MUST FOREGO HIS SUMPTUOUS ROOMS AND ALL HIS LUXURIES.

Colebrook, N. H., Sept. 13.—The protracted court battle denied Thaw in Canada by his sudden deportation promises to be waged in New Hampshire. Should extradition to the state of New York be granted, Thaw's counsel propose to carry the matter to the United States supreme court on a writ of habeas corpus.
New York, Sept. 12.—Dr. Simon Kieb, superintendent of the Matteawan criminal asylum, in talking over the deportation of Thaw from Canada and his rearrest in Vermont, was asked how the fugitive would be treated when returned to Matteawan. He said: "The gentleman will find a very different life awaiting him. He will be treated just the same as the most lowly and friendless man in the institution."
This means that Thaw will no longer be permitted to roam the streets of Fishkill Landing and Beacon City with a friendly guard loitering a hundred yards away.
He will not even be allowed the freedom of the institution, nor will he act as one of the employees, according to the superintendent.
No more delicacies will be received from his mother. His typewriter will be taken away from him and instead of the huge leather armchair, the library table and the red shaded lamp and oak bookcases, he will return to a room in ward five, containing a white iron cot, one pine table and a stiff backed chair.
Thaw's room at Matteawan is the most luxurious in the wards. The pictures with which the white walls of his room are decorated, indicate well his personality. One picture of which Thaw was especially fond, but which was removed to make room for a picture of Mrs. Mary Copley Thaw, was a copy of "Marguerite Au Sabat"—the work of a French painter, which won a

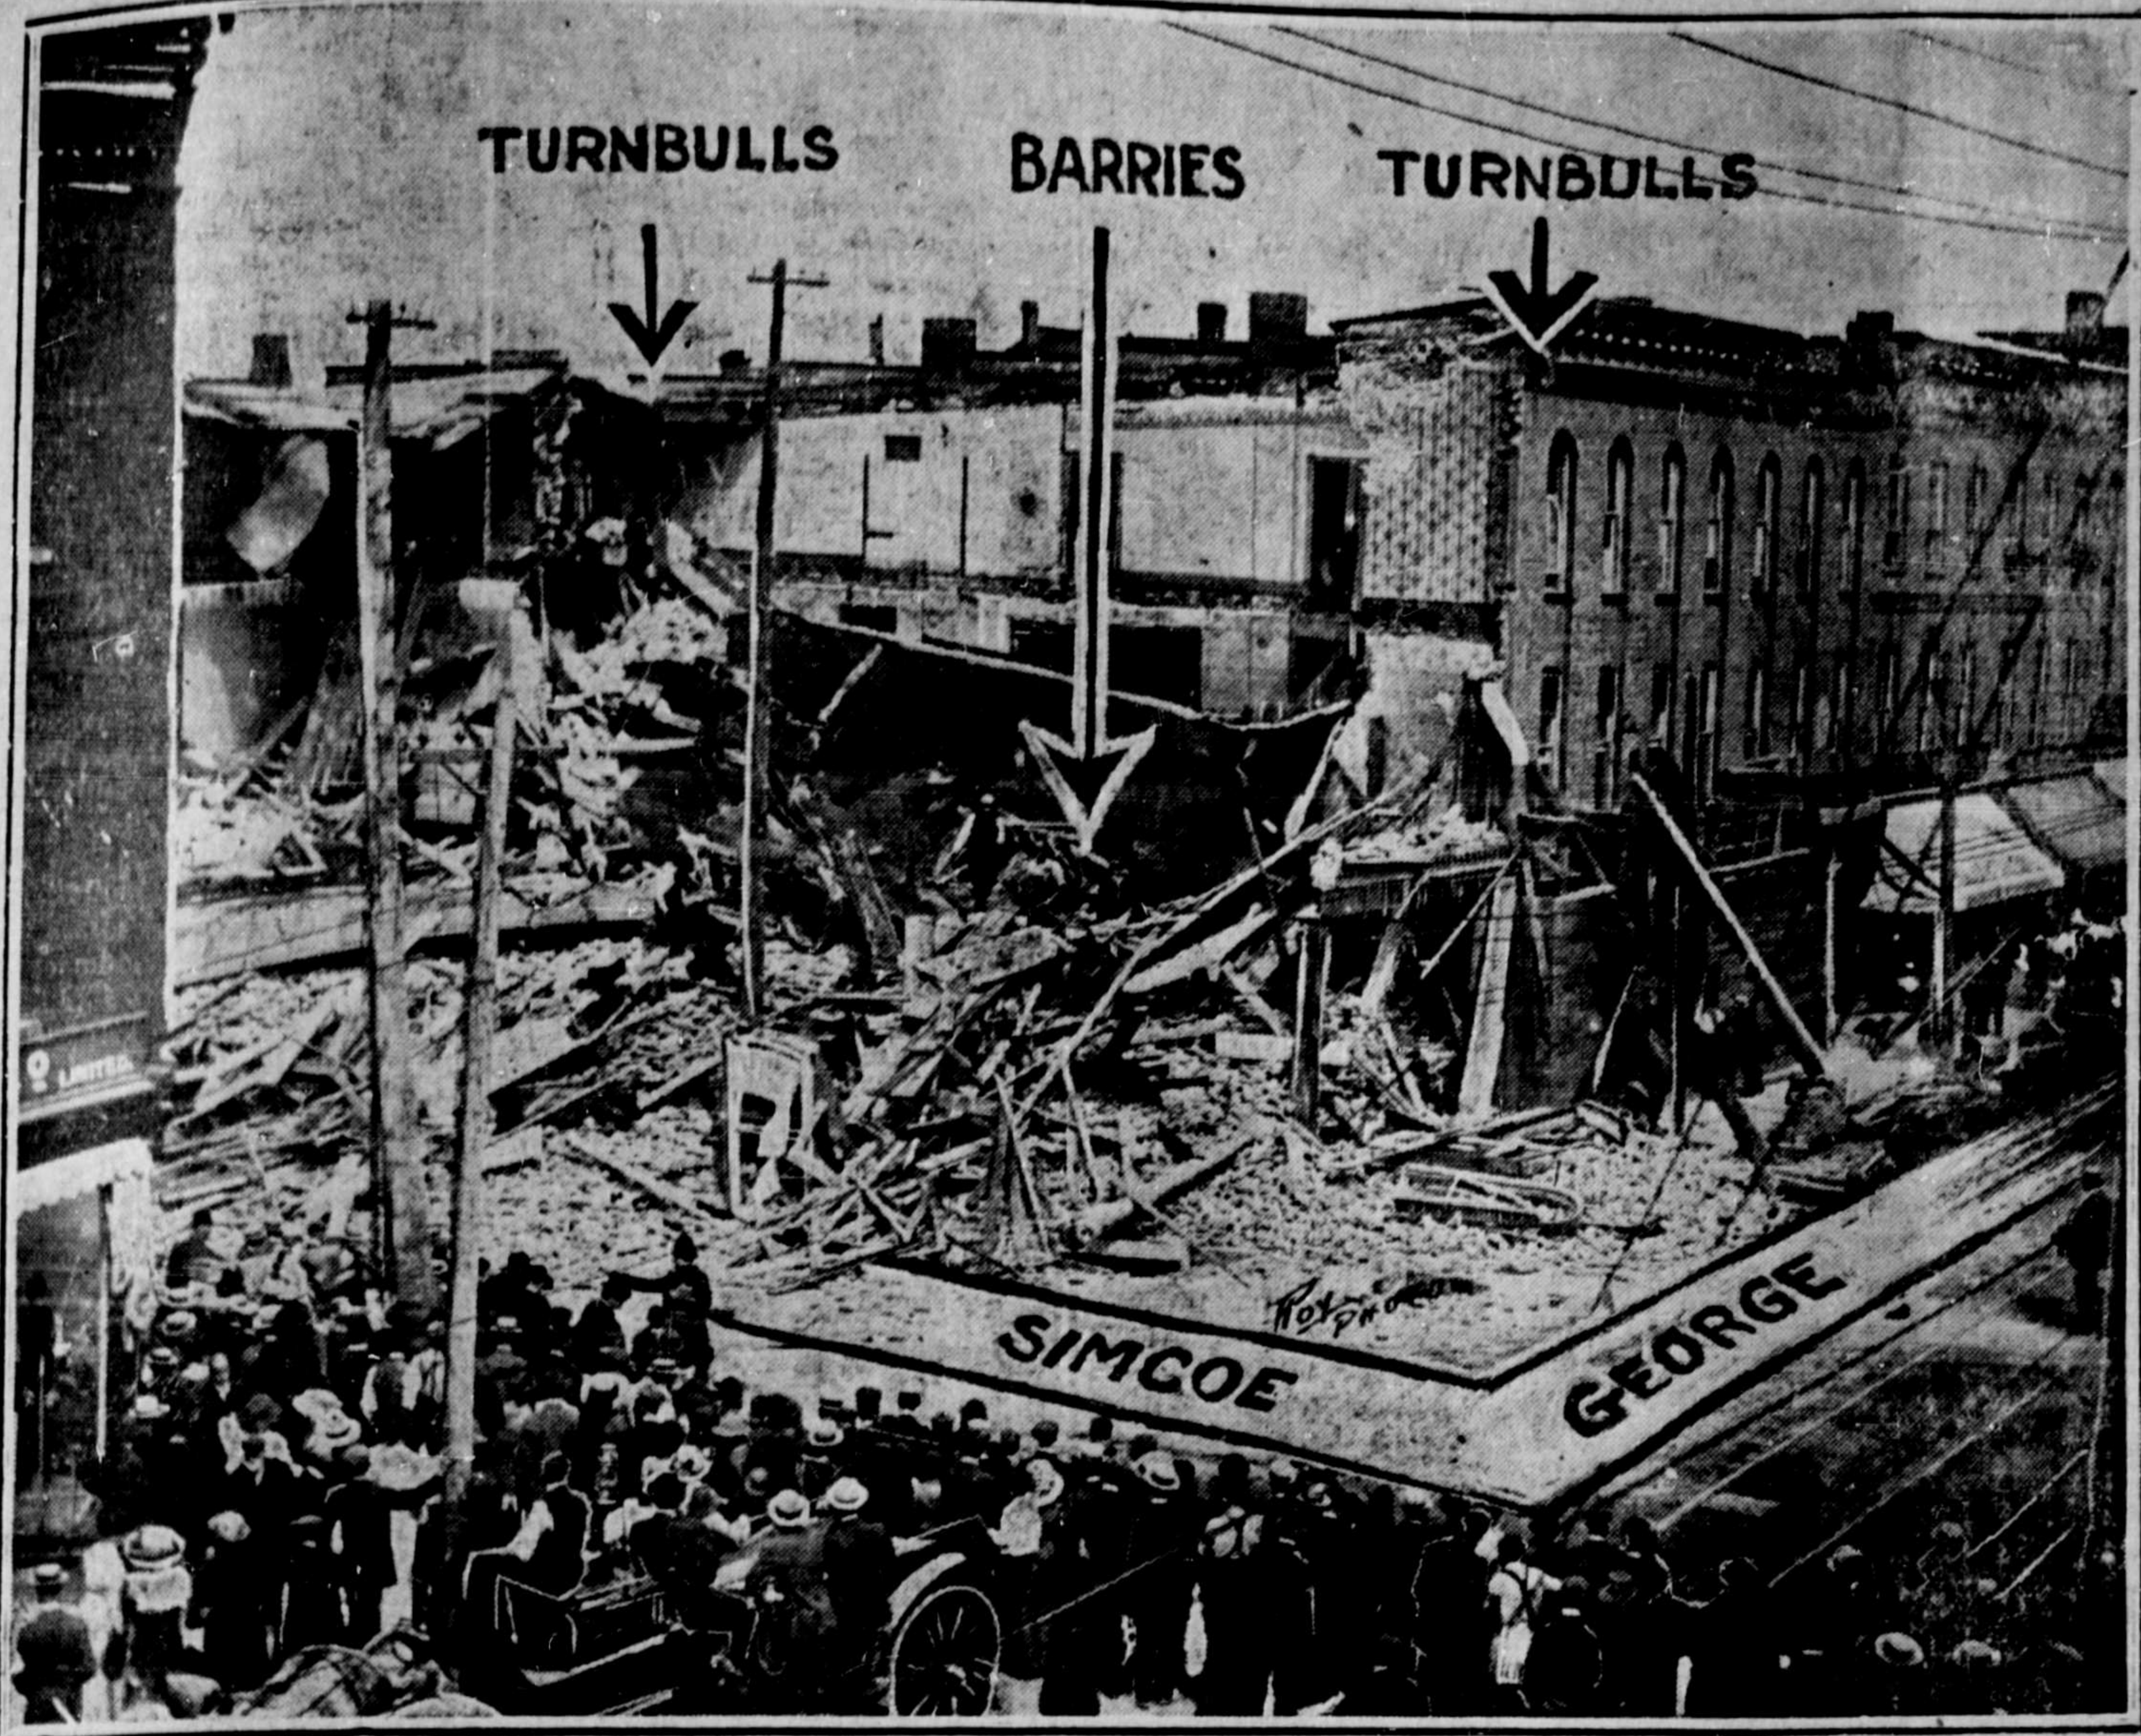

EFFECT ON CANADA OF CUT IN TARIFF OF THE UNITED STATES

TWO POINTS DISCUSSED AT OTTAWA--BEEF SLIGHTLY INCREASED TO CANADIAN CONSUMERS--REDUCTION ON FLOUR CUTS NO FIGURE.

Ottawa, Sept. 14.—Opinions differ in Ottawa as to the probable effect on the Canadian producer and consumer of the United States tariff.
At the Mathews-Laing head office the associate manager, in the absence of Mr. Gray, stated that removal of duty on Canadian goods means an increase of from 1 to 2 cents a pound in the price of beef to the Canadian consumer. The view is also expressed that if the wholesale houses are forced to raise beef prices a cent or two a pound there is really no telling what the retailer may in turn charge the consumer. It may mean even 3 or 4 cents a pound more for beef to the householder.
Mr. A. C. Soper, manager of the Ogilvie Flour Mills, stated that the reduction of the United States duty from 25 cents to 10 cents a bushel on wheat coming from Canada would have practically no effect here.
"As a matter of fact," said Mr. Soper, "the United States has had free wheat for years. The 25 cent duty was given as protection to the miller. Now the American miller uses Canadian wheat only to improve the quality of his export flour. None is used for domestic purposes. And in the export flour business the American miller is given a rebate of almost 24 cents on his original duty of 25 cents. The rebate

SCENE OF TURNBULL DEPARTMENTAL STORE DISASTER AT PETERBORO

This picture shows the complete ruin of the largest departmental store in Peterboro. It also wipes out a historic landmark known as the Barrie fur store, which had been incorporated into the Turnbull block. It was one of the greatest catastrophes ever known in the city of Peterboro, and the collapse of the building cost five lives.

LORD HALDANE MUCH PLEASED WITH RECEPTION IN MONTREAL

REPEATS HIS STATEMENT THAT HIS MESSAGE UPON INTERNATIONAL AMITY AND UNITY COULD NOT BE CONSIDERED A PRIVATE ONE.

London, Sept. 10.—Lord Haldane, accompanied by his sister and his secretary, Sir Muir MacKenzie, arrived aboard the Lusitania from New York this afternoon and proceeded to his city home. Lord Haldane, who appeared in the best of health and spirits, smilingly observed that now that he was home again his position as minister prevented him from giving any interviews. Nevertheless, he gave an account of the general impression which his brief visit to the United States and Canada made on him. He said:

"Our reception was of a most cordial nature and we met with nothing but almost overwhelming kindness and attention. Americans and Canadians seemed to vie with each other in this respect, but the most impressive feature of the visit was the remarkable unanimity at the great meeting in Montreal. After it was over a very distinguished American made the remark: 'We seem to be one people today,' and the statement was no exaggeration of the obvious sentiment of thousands who had assembled. The meeting was remarkable both as to numbers and the men who were there. The enthusiasm with which the King's message was received by Canadians and Americans alike was also very striking."

Lord Haldane had not seen any English expressions of opinion of his remarkable address on higher nationality delivered at Montreal,

and he learned with pleasure of the cordial welcome it received on this side of the Atlantic. In reply to a question as to whether the address to the American Bar Association was official, Lord Haldane said:

"I can only say that the speech delivered by a cabinet minister, in which he gives a message from the King, cannot be considered as of a private character."

Both Luckily Bad Shots.
Nantes, France, Sept. 8.—Alexander Gauthier, who as a French soldier in the war of 1870 fired the first shot of the hostilities, died here yesterday. His human target on that occasion was Count Zeppelin, the German inventor of the dirigible balloons. The two met a year ago and complimented each other on being such bad shots.

Name of New Gold Camp
Shushanna, Shushana, Chizana, Chisana and a few other "annas" have been applied to the new gold strike across the boundary from the head of the White river, but the newspapers are settling on "Chisana" and that name henceforth will be used in this paper until such time as popular usage decrees that some other name be applied. —Whitehorse Star.

Ticket of General Diaz.
Mexico City, Sept. 8.—The presidential ticket of General Felix Diaz was completed yesterday by the designation of Jose Luis Requena as candidate for the vice presidency at a meeting of the Felix Diaz party leaders. Senor Requena is a prominent lawyer, president of the chamber of mines of Mexico and chairman of the Felix Diaz party organization.

INTERIOR OF TURNBULL BUILDING AT PETERBORO
This diagram shows the arrangement of the old Barrie building at Peterboro before its collapse. An arch had been cut through the wall and the second floor was already occupied by the mantle department. It was the cutting through of this arch that weakened the building and thus caused the collapse and total wreck.

LATEST NEWS FROM MASSET

Mrs. Long, mother of Surveyor Long, and of F. Stanley Long, former manager of the Bank of B. N. A., Prince Rupert, arrived on the John last week. She stopped off at old Masset and was met there by her son. She will remain several weeks at the camp.

A party of geologists and a number of workmen are at Camp Robertson and the Wilson Camp at the headwaters of the Yakoun river. After thoroughly investigating the coal measures in the interior, it is the intention of the geologists to visit Masset Inlet and the West coast of Graham Island.

A party of surveyors are engaged in locating a road from Queen Charlotte City to Rennell Sound, under the direction of Mr. Kelly, B. C. L. S.

Hicks & Cauters have completed their new store front and the building now presents an imposing appearance.

Mr. J. Hammond left Thursday with C. deB. Green's survey party for Skidegate, where they will be engaged at work until the last of the year.

It is reported that a good seam of coal has been found at Wilson's camp on the Yakoun, but its extent and quality has not yet been determined. It is very encouraging, however, and it is believed that it is of good commercial value.

Felix Graham and many members of the drill crew at Wright's camp on the Yakoun came in Thursday owing to the shortness of drill material. They were advised the material was on the way from Vancouver and they returned to camp Friday.

A large quantity of No. 1, cedar shingles, which were piled near the old wharf and within a hundred yards of the Masset sawmill, caught fire Sunday afternoon from some unknown cause and but for the good work accomplished by volunteer firemen the whole pile would have been consumed. As it was about one-third of the stock was burned, entailing a loss of \$2,000, upon which there was no insurance. —Masset Leader.

BANKERS DECEIVED BY ADVANCE LETTERS

Buncoman Procures Large Sums with Neatness and Dispatch in Ontario.

Woodstock, Ont., Sept. 8.—A trick largely successful because of its simplicity and the neatness of its execution yesterday netted a man who gave the name of James Ray about \$17,500, those victimized being the Imperial Bank branches in the cities of Woodstock, Ingersoll, Brantford, Gait, Berlin and Lindsay. Other cities in which he operated may still be heard from to swell the big amount already known to have been procured.

Ray's plan was merely to send a letter purporting to come from the manager of the Union Bank at Kindersley, Saskatchewan, stating that a client, James Ray, was coming east to buy cattle and would present letters of introduction and a demand draft for between two and three thousand dollars, which would be all right.

The next day Ray arrived in this city, boldly presented the draft and credentials and received \$2,500. He had the attire of a typical rancher and had no difficulty in getting the money. At Galt he got \$2,500, at Guelph \$2,700, at Berlin \$2,500 and at Lindsay \$2,500.

May Make Paper Tires.
Experiments have recently been made in Europe looking to the utilization of paper in the manufacture of pneumatic tires, tests recently made having convinced the experimenters that paper has the strength of metal, the elasticity of rubber and a cheapness that is to be found in neither of these materials—all important qualities.

SALE OF LOTS AT PRINCE GEORGE BRITISH COLUMBIA

SITUATED at the confluence of the Fraser and Nechaco Rivers in Central British Columbia, 450 miles north-east of Vancouver, B.C., and 467 miles east of Prince Rupert, B.C., or midway between Prince Rupert and Edmonton, Alta., on the main line of the Grand Trunk Pacific Railway.

Q By reason of its central location, Prince George will be the natural distributing point for the extensive territory comprised in the Pacific Province of the Dominion, and it has therefore long been the expectation of the general public that upon the completion of the Grand Trunk Pacific Railway, Prince George will early become a large and important centre.

Q Having purchased what was known as the Fort George Indian Reserve No. 1 for the purpose of locating a townsite thereon, the Grand Trunk Pacific Development Company Limited has caused the same to be surveyed and plat'd and will offer lots in this townsite for sale by public auction at Vancouver, British Columbia, Wednesday September 17th, 1913, and at Edmonton, Alberta, Wednesday, September 24th, 1913.

Q The terms of this sale will be one-quarter cash and the balance payable in one, two and three years with six per cent interest. For further particulars and plans apply to:
