DAWSON PROSPECTOR SAYS NEW CAMP IS CERTAIN TO PROVE A SUCCESS—MUCH CLAIM JUMPING—GENERAL SHORTAGE OF GRUB.

(Special to The Daily News.) Dawson, Sept. 18.—Fred Wann, an old time prospector, came in from Chisana last night and says the new camp is certain to be a success. Few claims are being worked, however, at present owing to the very general scarcity of grub. He says many claims are in dispute owing to jumping, and that there will be lots of litigation in the early spring. They came down the White River in the little White Pass steamer from Donjek, ninety miles, in four hours, the water being high and already showing indications of ice from tributary streams.

new Chisana gold fields was brought to the city yesterday by Messrs. Davis and John U. Nicholls, both old sourdoughs. The nuggets came from Discovery claim, one of the few in the camp that are being worked. Both consider the new camp worth while making another trip to, notwithstanding the hardships of travel, and will start early next year over the ice.

(John U. Nicholls is an old timer of Prince Rupert, coming here about the time of the first sale and acquiring several lots. For some years previously he ran a bottling works in Dawson with marked success.—Ed.)

OLD TIME MISSIONARY GONE TO HIS WELL EARNED REST

REV. ROBERT TOMLINSON, WHO HAD SPENT FORTY-SEVEN YEARS IN MISSIONARY ENDEAVOR, DIED LAST NIGHT AT MEANSKINISHT.

Bishop Du Vernet this morning received news of the death of Rev. Robert Tomlinson, which occurred at Meanskisht, one hundred and forty miles up the Skeena, at 10:30 last night. The deceased was appointed deacon of the Church of England by the Bishop of London on December 23, 1866, and left almost immediately for Metlakatla, B. C. For sixteen years he labored as a missionary of the Church Missionary Society at Metlakatla, Kinloch and in the Kispiox Valley. He then founded an industrial mission of his own at Meanskisht, where he has lived for nearly thirty years, with the exception of a brief interval when

he went to Alaska to assist Mr. William Duncan at New Metlakatla. He leaves behind him two sons and four daughters. Of the sons, Robert is stationed at Kispiox and Richard has a farm at Meanskisht. "He was a man of vigorous character and strong convictions," said Bishop Du Vernet this morning, "with a kindly heart and a quick intellect. After forty-six years spent in this northern country he will be greatly missed. He was educated at Trinity College, Dublin, taking a medical course. His wife was the sister of Archdeacon Woods of New Westminster."

SCANDINAVIAN BALL WAS A JOLLY EVENT

Over Seventy-five Couples Enjoyed One of Best Dances of the Season.

One of the jolliest dances so far this season was that given last evening in the St. Andrew's Society Hall (formerly Kaien Island gymnasium) under the auspices of the Scandinavian Society. About seventy-five couples were in attendance and all thoroughly enjoyed the excellent floor and the delightful music provided by the Westholme orchestra. Dainty refreshments were served at an appropriate hour.

Following is a partial list of those who enjoyed the festivities: Mr. and Mrs. S. Johnson, Mr. and Mrs. Holmquist, Mr. and Mrs. M. Langlo, A. Akerberg, Mr. and Mrs. Hellman, Mr. and Mrs. Evans, Mr. and Mrs. Anderson, Mrs. Frizzell, Mrs. La Velle, Mrs. Rogers, Miss Oleson, Miss Naslund, Miss Hardy, Miss Rorvik, Miss Peterson, Miss L. Sandberg, Miss A. Sandberg, Miss L. Anderson, Messrs. J. Oman, Norman, Osland, P. "PUNCH, PUNCH, PUNCH

"With Care, in the Presence of the Passengaire."

(Special to The Daily News.) Vancouver, Sept. 18.—Higher street car rates go into effect today and the announcement of the company is causing a vehement protest from all classes. Instead of six tickets for a quarter only five are now given.

PIONEER HANGED HIMSELF

Went Out to the Woodshed to Do the Cowardly Deed.

(Special to The Daily News.) Revelstoke, Sept. 18.—Jack Probyn, proprietor of the Savoy Ice Cream Parlors and one of the best known business men and old timers here, last night hung himself in his own woodshed. The body was found by his wife. No reasonable excuse for the deed has yet been assigned.

IMPROVISED BALCONY CRASHES INTO STREET

One Person Was Instantly Killed and Five Others Were Seriously Injured.

(Special to The Daily News.) Cleveland, Sept. 18.—Just as a section of the military parade in connection with the Perry celebration was passing last night an improvised balcony in front of a Chinese restaurant gave way, killing one person and seriously injuring five others.

BORDEN'S SPEECH IS PRAISED IN ENGLAND

Dominions Must Take Part in Policy of Empire if They Share Responsibilities.

(Special to The Daily News.) London, Sept. 18.—The Globe, a Unionist daily newspaper, in referring to Premier Borden's speech at Halifax, says, in part, that Mr. Borden feels that Canada cannot be content while she is lacking the fullest measure of imperial citizenship with the necessary corollary voice in the control of imperial policy. That demand, says the Globe, is a reasonable one, and one with which England should be proud to agree.

The Standard says Borden's argument is unanswerable, and that the dominions must take part in the policy of the Empire if they are to share its responsibilities.

UNALTERABLY OPPOSED TO LOWERING TARIFF

What Reciprocity Meant to This Country from Manufacturers' Point of View.

(Special to The Daily News.) Halifax, Sept. 18.—Mr. Gourley, the new president of the Manufacturers' Association, in his speech last night accepting that office said that Canada made no mistake in rejecting the reciprocity pact. He also announced that the association was unalterably opposed to any lowering of the tariff. He admitted that times were not as prosperous as they might be and said that Canada's persistent borrowing was the key to the financial situation.

FORT GEORGE LOTS BRING BIG PRICES

Highest Price Paid at Vancouver Sale Yesterday was \$10,200 for Corner Lot.

If the prices paid for Fort George property at the initial sale in Vancouver are any indication, the city at the junction of the Nechaco and Fraser rivers is destined to become one of the most important centres in British Columbia. Prices ranged from \$170 to \$10,200.

A local real estate agent who is attending the sale wired one of his clients here last night that property on Third avenue, supposed by many to be the principal business street, had gone so high that business men who are buying property for their own use decided to purchase on Seventh avenue instead.

Collart & Reynolds, local agents for Fort George property, this morning received the following advice from Mr. Collart as to prices paid yesterday. Mr. Collart is in attendance at the sale. Only the number of the block and highest price paid in that block are given in each case. Where two prices are given the highest is for corner lots and the lowest for inside.

- Block 2—\$2,000.
- Block 23—\$8,250.
- Block 25—\$3,000, \$1,400.
- Block 33—\$375.
- Block 43—\$4,300.
- Block 44—\$4,300.
- Block 45—\$3,000.
- Block 60—\$550.
- Block 66—\$500.
- Block 74—\$600.
- Block 106—\$275.
- Block 120—\$575.
- Block 130—\$3,500, \$2,100.
- Block 134—\$10,200, \$3,600.
- Block 151—\$1,250.
- Block 152—\$1,525.
- Block 155—\$6,200.
- Block 185—\$1,250.

- Block 310—\$270.
- Block 341—\$300.
- Block 340—\$240.

Special attention is drawn to the date of the Daughters of the Empire dance. Through a compositor's error it was announced for Tuesday evening. The dance will be held on Friday evening of this week.

CANADIAN DIVORCES

Marital Separation Becoming More Popular in Dominion

(Special to The Daily News.) Ottawa, Sept. 18.—Forty-two divorces were considered by the Senate during the last session, and since then already fifteen applications have been filed. This looks as if the record was going to be broken at next session.

TWO WHITE SLAVERS SENTENCED AND FINED

One Gets Two Years in the Penitentiary and the Other Gets Eighteen Months.

(Special to The Daily News.) San Francisco, Sept. 18.—M. J. Diggs, former state architect, and F. D. Caminetti, son of the United States commissioner of immigration, were brought up for sentence yesterday. The former was given two years in the penitentiary and the latter eighteen months for their violation of the Mann white slave act in eloping with two young girls to Reno. In addition to this they were fined, the first named \$2,000 and the latter \$1,500.

CONFESSED MURDERER WAS ALSO A ROBBER

Schmidt Stole Easter Offering at His Church and Also Robbed a Brother Divine.

(Special to The Daily News.) New York, Sept. 18.—Hans Schmidt, the priest who is being held as the self-confessed murderer of Anna Aumuller, now admits that he stole the Easter offering at his church, and also, by way of diversion, that he robbed a brother divine. It turns out that he posed as a philanthropist while engaged in passing counterfeit money.

The police are still hunting for the rest of the remains of the murdered girl. With a view to clearing the mystery surrounding the murder of 8-year-old Alma Kellner, whose mutilated body was found in quicklime in the basement of St. John's Catholic Church, in Louisville, two years and a half ago, the police sought today to obtain from Schmidt, the murderer of the Aumuller girl, some statement of what he might know of this march, 1910, Schmidt was a visitor in Louisville, not officially connected with any church there, but a guest at the home of Rev. Henry B. Waterman, rector of the Church of the Immaculate Conception. Alma Kellner disappeared on December 3, 1909. Her body was found nine months later. Joseph Wendling, janitor at St. John's Church, is now serving a life term in prison for the crime. Wendling stoutly denied his guilt and the jury did not consider the evidence sufficient to lodge against him a verdict of first degree murder.

CONFLICT BETWEEN CHINA AND JAPAN IS GROWING IMMINENT

CHINA DOING EVERYTHING POSSIBLE TO AVOID WAR, BUT JAPAN MAY INSIST UPON REMOVAL OF CHINA'S MOST POPULAR GENERAL.

(Special to The Daily News.) Tokio, Sept. 18.—China's note of acceptance of Japan's demands in connection with the killing of several Japanese at Nanking was received yesterday and is not deemed a sufficient answer. It is confined, thus far, to minor points, and is declared to be no answer to the real principles involved.

Berlin, Sept. 18.—A Shanghai despatch says that the Japanese-Chinese situation is becoming acute in Peking. It is believed there that the Japanese are acting with skilful tact to embroil China in warfare, and that in these tactics Japan is having that support from Russia which is rightfully due to the Chinese government. The latter is determined to do everything possible to avoid a conflict, but the danger lies in Japan's possible insistence upon the removal of General Chang Hu Sun, who was in command at Nanking at the time the Japanese were killed. The general is very popular and his removal for cause might start a second revolution against the republic, or an attempt to restore the ancient dynasty.

FEDERAL GOVERNMENT TO SPEND VAST SUMS ON PACIFIC PORTS

DRY DOCK FOR ESQUIMALT TO COST FROM THREE TO FOUR MILLIONS—BREAKWATER FOR VICTORIA AND OTHER IMPROVEMENTS.

Ottawa, Sept. 15.—The recent visit of Hon. Robert Rogers and Hon. J. D. Hazen to the Pacific Coast for the purpose of inspecting the shipping facilities of the British Columbia ports in carrying out the great national policy of transportation will undoubtedly result in a big shipbuilding industry.

Both ministers frankly state that the visit was a revelation to them, and they are anxious for speedy action so that British Columbia will be able to capture its share of the increased trade which is sure to follow the opening of the Panama Canal.

One feature of the national transportation policy of the government is the development of national harbors at all the great ports. This afternoon the cabinet let the contract for the development of Toronto harbor at an expenditure of over \$5,000,000 to the Canadian Stewart Company. The next big undertaking will be Victoria's. As a result of the conference of Hon. Mr. Rogers with his engineers this week, slight changes have been made on the plans of the breakwater and piers which will delay the calling for tenders for a few days. However, it is expected to have the contract let in time to allow of work being started this fall.

This will be followed by the contract for a huge dry dock at the adjoining harbor of Esquimalt. The purchasing agent of the department of public works has already left with orders to build works which will accommodate not only any warships but also the longest liners on the Pacific. The dry dock will cost some \$3,000,000 to \$4,000,000.

While no announcement can yet be made, it is understood that in conjunction with the dry dock there will be developed shipbuilding yards, which can build not only big ocean going steamers but also possibly cruisers and small naval craft, as proposed by Premier Borden.

PRESBYTERIAN "AT HOME" WAS SPLENDID SUCCESS

Yesterday afternoon a most enjoyable "at home" was given by the Misses Scott at their residence on Borden street. The unusually fine day helped to make it a most successful and largely attended event. The guests were received by Miss Scott and Mrs. F. W. Kerr. The refreshments were of the daintiest and were served by Miss Holby and Miss McKenzie, while Mrs. McClymont and Mrs. Dawson presided at the tea table. The home cooking corner was in charge of Mrs. Gamp and Mrs. J. A. Kirkpatrick, and contributed a considerable amount toward the funds of the Ladies' Aid Society of the Presbyterian Church, under whose auspices the "at home" was held. The program of the afternoon consisted of vocal selections by Mrs. C. L. Munro, Mrs. O'Neill, Miss Holby and Mrs. Jarvis McLeod, accompanied on the piano by Miss Froud, Mrs. Carpenter and Mrs. Walker. This is the third of the series of receptions arranged by the ladies of the church and was much enjoyed on account of the spirit of warmest sociability which prevailed. The success of it was entirely due to the gracious cordiality of the hostesses. The next "at home" will be held at the home of Mrs. Andrew Stewart.

C. W. Homer, provincial assessor, left by the ss. Prince George this morning on a business trip to Stewart.

CITY PUTTING ON EXHIBITION AIRS

Greenville Indian Band Sacrificing Time and Money for Good of Cause.

Although it is nearly a week before the formal opening of Prince Rupert's first exhibition, the city is already showing signs of more than ordinary activity. The arrival of the Greenville Indian band yesterday afternoon was but a forerunner of the crowds that may be expected to reach the city almost daily until the fair is over.

This band, which has been under the tuition of George Werner, of the Westholme orchestra since September 1st, consists of fifteen pieces. It has been practising daily with splendid progress. The organization is deserving of much credit, as it is taking part in the contest at great expense for the love of music and the good of the present cause. The officers are: President, Leonard Douglas; vice president, Peter Calder; secretary, Sam Gray; bandmaster, Silas Robinson; managing committee, Johnson Russ and Alfred McKay.

The band has taken up quarters at the Klondike Hotel, where it will stay until the fair is over.

MISTAKEN IDEA OF
PANAMA CANAL.

It is a very general error of
understanding that when the
Panama Canal is completed the
waters of the Atlantic will
meet and mingle with those of
the Pacific. They will not, un-
less they meet down at Cape
Horn. There has been a half
accepted theory that the waters
of the Pacific are on a higher
level than those of the Atlantic
on this side of the isthmus, and
several writers have said
that a swift current might flow
through the canal. The error
is easily discerned when one
thinks for a moment. The
canal is not on the water level,
but far above it, nearly 100
feet. On the Atlantic side the
canal has been cut some dis-
tance inland to where the
mountain begins to rise, and
there a great lock is built, and
when a ship enters it it is
raised up to the level of the
canal by means of river water,
not sea. Crossing the moun-
tain by canal and lake full of
fresh water, the ship is let
down into the salt water on
the Pacific side. The salt
waters do not meet, but are
almost as far apart as ever.

MEANNESS OF THE
DEEPEST DYE.

No longer will the dredge
Sir Wilfrid be seen at the port
of Toronto. By order of the
department of marine and
fisheries the name has been
painted out, and henceforth

the dredge will lack a name and
will be known simply by a
number. Now that the dredg-
ing contracts have fallen al-
most exclusively into the hands
of the friends of the govern-
ment the dredge Sir Wilfrid
will bear on its bows the leg-
end "P. W. D. No. 147."

The honor shown to the mor-
tal remains of Mayor Gaynor
of New York in the city of
Liverpool is one of those events,
the effects of which on popular
sentiment on both sides of the
Atlantic are deep and lasting.
It is a touch of nature that
makes closer the bonds of kin-
ship. Incidentally, also, it
shows that the dramatic in-
stinct still flourishes in the
British Isles.

Many of the Americans who
are being furnished free trans-
portation and subsistence to
take them out of Mexico com-
plain bitterly of the character
of the accommodations afforded
them. This alone is sufficient
to save them from any ques-
tion whether they are really
Americans or not.

The result of the legal battle
between Thaw and Jerome
forces is about the same as the
little session at Coaticook, a
"game of draw."

TURKEY'S NEW WARSHIP FOR
THE MEDITERRANEAN LAUNCHED

SUPERIOR TO ANY SHIP IN THE GREAT SEA EXCEPT ONE RE-
CENTLY LAUNCHED BY FRANCE—PORTE MAKING
UP LOST TIME.

London, Sept. 15.—In the
battleship Reshadieh, which has
just been launched by the Vickers
Company at Barrow, Turkey has
a vessel equal in size and speed
to any afloat for a Mediterranean
power. Except for the French
battleships recently launched, the
Reshadieh is superior to the lat-
est ships to take the water in the
Mediterranean, whether the com-
parison is made on the ground of
displacement, tonnage or gun
power. Hence the launching of
the vessel is an event of surpass-
ing interest and importance not
only for all who follow the progress
of the world's navies and the bal-
ance of the sea power.

The Reshadieh, begun in 1911,
but delayed in construction while
the Balkan war was in progress,
is due to be commissioned next
year. In displacement she re-
sembles the British battleships of
the King George V type, her ton-
nage being 23,000, as compared
with the 23,000 of the French
Bretagne, the 21,500 of the Italian
Doria and the 20,000 Austrian
Viribus Unitus. In full load
draught there will probably be
little difference between the
Reshadieh and the Bretagne, but
the former has a good margin
over the Italian and Austrian ves-
sels.

The significance of this is in-
creased when it is remembered
that no new armored vessel has
been launched for Turkey for
nearly thirty years. The Porte
seems now intent on making up
for lost time. The Reshadieh
has ten 13.5 inch guns in her
main battery. France is the only
other Mediterranean power with
a vessel afloat carrying guns of
this calibre. The Italian and

Austrian battleships have only 12
inch guns. So have the Russian
dreadnoughts in the Black Sea,
none of which, moreover, has yet
been launched.

Pending Settlement for Killing of
Japanese at Nanking Japan
Takes No Chances

Tokio, Sept. 15.—The Japanese
Government to-day despatched
two cruisers and several torpedo
boat destroyers to the Chinese
coast. Japan's demands in con-
nection with the recent fighting
at Nanking have been accepted
in principle by China, but pend-
ing their actual settlement and
the re-establishment of order the
Japanese Government feels that
the presence of increased naval
forces in Chinese waters is just-
ified.

The agreement deals also with
the question of Turkish customs

SALE OF LOTS
AT
PRINCE GEORGE
BRITISH COLUMBIA

SITUATED at the confluence of the Fraser and Nechaco Rivers in Central
British Columbia, 450 miles north-east of Vancouver, B.C., and 467 miles east
of Prince Rupert, B.C., or midway between Prince Rupert and Edmonton, Alta.,
on the main line of the Grand Trunk Pacific Railway.

By reason of its central location, Prince George will be the natural distrib-
uting point for the extensive territory comprised in the Pacific Province of the
Dominion, and it has therefore long been the expectation of the general public
that upon the completion of the Grand Trunk Pacific Railway, Prince George
will early become a large and important centre.

Having purchased what was known as the Fort George Indian Reserve No. 1
for the purpose of locating a townsite thereon, the Grand Trunk Pacific Develop-
ment Company Limited has caused the same to be surveyed and platted and will
offer lots in this townsite for sale by public auction at Vancouver, British
Columbia, Wednesday September 17th, 1913, and at Edmonton, Alberta, Wednes-
day, September 24th, 1913.

The terms of this sale will be one-quarter cash and the balance payable in
one, two and three years with six per cent interest. For further particulars and
plans apply to:

TURKISH TOBACCO FIELDS ARE ABOUT TO CHANGE OWNERSHIP

CONTEST BETWEEN BULGARIA AND GREECE FOR THE FINAL POSSESSION OF PORT OF KAWALLA IN SOUTHERN MANCHURIA.

The fields producing the best Turkish tobacco in the world, the kind that is sent to Constantinople for the consumption of the Sultan, and which is sold at the highest prices in the American market, are about to change ownership. For centuries they have belonged to Turkey; today the contest between Bulgaria and Greece for the final possession of the port of Kawalla, in Southern Manchuria, will decide their future owner.

CHINA CONSIDERS ULTIMATUM PRESENTED TO HER BY JAPAN

JAPANESE LEGATION SAYS DEMANDS REPRESENT MINIMUM TO WHICH CHINA MUST AGREE WITHOUT DELAY OR TAKE CONSEQUENCES

Pekin, Sept. 13.—President Yuan Shi Kai and his advisers have taken under consideration the demands made by the Chinese government, which are tantamount to an ultimatum, for the killing of three Japanese at Nanking, the maltreatment of a consular messenger, torture of a Japanese lieutenant at Hankow and the imprisonment for two days of a Japanese lieutenant at Shantung.

SLIDE AT PANAMA

May Materially Defer the Opening of the Canal.

Panama, Sept. 15.—A movement of the east bank of Culebra cut, north of Gold Hill, Saturday, cast 20,000 cubic yards of rock and earth into the Panama Canal. The debris extends across the cut for a depth of several feet. This slide will not affect the flooding of Culebra cut in October, because it can be removed readily by dredges, but it may indicate the beginning of a general movement of a similar nature at the south end of Gold Hill, where several million cubic yards of earth are in motion, and thus delay the opening to navigation.

STRAW HAT RIOTS START

Police Called In to Quell Big Disturbances in New York.

New York, Sept. 15.—Pandemonium broke loose and police reserves had to be called Saturday when on practically all thoroughfares of the lower East Side there were straw hat riots. Victims who thought straws were "called in" September 15th were made to realize that the East Side had dedicated September 10th as the day when straws shall be discarded.

THE PRICE OF HOMAGE

ONCE when King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. Not a wheel in Sheffield turned for twenty-four hours. The primary object of this was to lift the pall of smoke that hovers over that wonderful steel-producing city, and to ensure, as far as man was able, a bright day and a blue sky for an auspicious occasion.

BUT the action was unique—it was unprecedented—it was unthought of that those hundreds of mighty furnaces, raging night and day, and those seething boilers, with quivering valves, should ever be allowed to cool.

SOME business men in Canada pay an unwitting homage, not to a king, but to a superstition—the superstition that hot weather justifies letting the fires of business energy go out. They stop Advertising in the Summer months. By paying homage to tradition, custom, superstition, they have allowed Summer to become their "dull" season.

DON'T LET YOUR ADVERTISING FIRES DIE OUT THIS SUMMER.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 608 Lumden Building, Toronto. Enquiry involves no obligation on your part—write, if interested.

BOY GETS 12 MONTHS; OLD MAN DISCHARGED

Judge Young Took Lenient View in Boy's Case—Did Not Realize Seriousness of His Crime.

Before passing sentence this upon Zal Zallof, a young Montenegrin of probably not more than twenty-one years, convicted of forgery, His Honor Judge Young addressed the prisoner through an interpreter at considerable length. "There is absolutely no doubt, judging from the story told by the prisoner himself and from that told by Chudhoff," said the judge, "but that Zallof knew he was committing a wrong but at the same time I believe that he did not realize the full seriousness of the crime and that he was under the influence of this man Chudhoff." The judge drew attention to the fact that in the past among the foreign element there had been a good deal of forgery committed and that he had dealt with it very severely and would continue to do the same. Speaking to the interpreter, Judge Young said: "Tell the prisoner that he has been convicted of a very serious charge, a charge on which he can be sent to the penitentiary for life. Tell him that the last person sentenced by me on a similar charge was given a term of five years."

The judge then explained to the prisoner that on account of the circumstance and his own convictions in the case he intended to deal leniently with the prisoner. "If I were a jury on the case," he said, "I would have brought in a verdict of guilty, with a strong recommendation to mercy."

Upon informing the court that he had nothing to say as to why sentence should not be passed, Zallof was sentenced to a term of twelve months in the provincial goal at New Westminster with hard labor.

Chudhoff, whose trial on the charge of stealing the cheques was heard yesterday, was next asked to stand up. His Honor, addressing the prisoner, said that he looked upon the accused's case as one of "not proven" rather than "not guilty." In his own mind there was little doubt but that the accused was guilty, but there was no evidence other than that of the boy Zallof to prove the guilt. If he could have found accused guilty the judge assured him that what had been cut off of the boy's sentence would have been added on in this case. Before dismissing the accused Judge Young asked the interpreter to tell him that if he were guilty of the charge, as he could not but believe him to be, he would likely suffer merited punishment before his days were ended. The accused was then dismissed.

VISIT OF POLLARDS WILL BENEFIT CITY

Prince Rupert Will Get Publicity in Australia as Result of Opera Company's Visit

"Canada like Australia has spent many thousands of dollars in advertising, but for many years past this country has been widely advertised, particularly in her sister country, Australia free of cost, in a way a number of people do not realize," said Norman Pearce, tour manager of the Pollard Opera Company, today. "Every two years for nearly seventeen years the company I am with have started out on a world's tour, visiting and touring Canada from coast to coast. Now as it has always been the custom of the management to encourage the young folks to keep diaries and notes on their travels, and to collect views of everything of interest they see, and as they are so popular and treated so well all over this country, it can readily be understood what a great source of favorable advertising these young people (perhaps unconsciously), are. Each time the company returns to its native land, they are greeted at the depots in Sydney and Melbourne by enormous crowds, loving relatives, affectionate friends and interested strangers, all eager and anxious to hear of the youngster's travels. I can remember years ago before I had visited this country myself, hearing for the first time from some of the Pollard kiddies of the Reversible Falls at St. John, of the remarkable tide at Moncton and many other curious and interesting things about this country.

Now as Prince Rupert will be the farthest north the company has ever been in America, and as they will be here during Fair week and will see and hear the novelty (to them) of Indian bands, together with many other things, I sincerely believe that some months from now Australians will be hearing great things about Prince Rupert."

SPLENDID PROGRAMME AT THE WESTHOLME

The announcement that Prof. Zaleski would render a special treat in the line of a flute solo drew a crowded house at the Westholme last evening. The hearty applause which followed the rendition of such a classical selection as "Concert Allegro" was evidence that the number was enjoyed and appreciated. The remainder of the musical programme was particularly pleasing, many of the popular and catchy opera selections being rendered. An exceptionally strong programme of moving pictures provided entertainment worth several times the price of admission.
