## ULSTER'S ARMY REVIEWED WITHOUT DISTURBANCE

### RENWORTH WRITES OF RICHNESS OF CHISANA—THREE BIG STORES BUILDING ON SECOND AVE.

#### RENWORTH HITS THE TRAIL FOR THE NEW DIGGINGS AT CHISANA

PARTY TAKING IN TWO TONS OF GRUB — MEETS CHISANA MEN AT WHITEHORSE WHO SAY PAY RUNS THOUSAND A DAY THREE MEN WORKING

Fred W. Renworth is now experiencing some of the hardships of the trail to Chisana. He wrote his friends here from Whitehorse stating that he was leaving for the new diggings the following afternoon, and that if he and his party had good luck they hope to make the trip in twenty-six days. He says: "You can tell Max Heilbronner that we are going in by Klucane Lake. Men are coming in from the diggings every day and bringing out most favorable reports. These men are all out for grub and are going right back. "A man just in today told me that on some of the claims they are taking over \$1000 a day, three men working, and that dozens of

others are striking it rich. He said that there was no grub in there. Flour sold for \$1.50 a cupful; tea \$1 a cup, and other things in proportion. "We have added a man to our party, a Mr. H. Page of Vancouver, making three altogether, and we are taking in two tons of grub, which should last us for awhile. "Anyone coming in from the south should outfit here, as they have everything here and prices are all right. But they should bring in horses, as they are a luxury here and in great demand. Mark your letters via Whitehorse. The mounted police are arranging to take the mail in during the winter."

HAND TO HAND CONFLICT ON THE STREETS OF DUBLIN.

The Metropolitan Police of Dublin are seen here in hand to hand conflict with the strikers. It was one of the most savage conflicts of the kind in recent years. One striker was killed outright and several others died subsequently from their injuries. The most serious result is that organized labor, electrified by the alleged savagery of the official attack, has created conditions favorable to a nation-wide strike.

#### ULSTER'S VOLUNTEER PARADE PASSED OFF WITHOUT TROUBLE

TWENTY THOUSAND SPECTATORS ON PARADE GROUND—LARGE BODY OF METROPOLITAN POLICE PRESENT FROM DUBLIN—AN INCIDENT OF LOYALTY.

(Special to The Daily News.) Belfast, Sept. 29.—Although the whole city was filled with Ulster volunteers and metropolitan police, Sunday passed off quietly. The latter arrived here from Dublin on Saturday morning and had taken up their stations on the streets before the parade of the Ulster volunteers started. In the parade were fourteen battalions numbering over eleven thousand men. They paraded the principal streets with colors flying and bands playing. When the bands were silent the marchers kept step to the slogan "No Home Rule," the majority of the mass of spectators joining in. The commander-in-chief, Sir George Richardson, reviewed the volunteers on the parade grounds, with twenty thousand people looking on.

It was a great surprise that the proceedings passed off so quietly. One incident that may have assisted to this result was the order of the commander at the close of the review for three cheers for King George. Immediately a monster Union Jack was unfurled and the spectators joined heartily with the volunteers in singing the national anthem. There was apparent, however, a great enthusiasm in the movement everywhere. In the evening the executive committee of one hundred met and selected its standing committees, the most important of these being volunteers, advisory, personnel, finance, intelligence, railways, supplies and medical boards. Many large new subscriptions were made on Saturday to the indemnity fund.

#### MACKENZIE KING ADDRESSES "NO STRIKE" ASSOCIATION

CELLS CINCINNATI ASSOCIATION THAT UNITED STATES WOULD DO WELL TO ADOPT CANADIAN LAW FOR SETTLING DISPUTES.

Cincinnati, Sept. 26.—Hon. W. Mackenzie King, former minister of labor of Canada, and author of the Canadian industrial disputes and investigation act, tonight was the guest of the "No Strike" Association of this city at a banquet and the principal speaker. Hon. Mr. King arrived in Cincinnati yesterday, and is the guest of D. B. Meacham at the latter's home. He has been the guest of honor at various luncheons by business men and the "No Strike" Association, and this afternoon addressed a meeting of business men on the floor of the Chamber of Commerce. Mr. King explained the Canadian law and the spirit in which it is considered and followed by both the employees and the employers of the Dominion to the

Hamilton County legislative delegation, with whom he met this afternoon. Tonight at the Hotel Sinton, before a large crowd of banqueters at the banquet given in his honor by the "No Strike" Association, Mr. King congratulated the association on the work it had undertaken in the interest of industrial peace. Mr. King outlined the provisions of the Canadian law and the results achieved under its operation since the time of its enactment. Mr. King then spoke on a bill which has been drafted by the local association, and which has been modelled upon the Canadian act. He believes that if it were enacted into law by the state it would go a long way toward successfully effecting the end it was intended to serve.

#### THREE NEW STORES ON CENTRAL CORNER

Work to Begin at Once on New Building at Corner of 2nd Ave. and 4th Street

Operations are expected to start almost immediately on the erection of three new stores on the Bank of Commerce property at the corner of Second Avenue and Fourth Street. This will be a valuable business location, being directly opposite the new G. T. P. Hotel. The building is to be erected for McCaffery & Gibbons, who have secured an eight years' lease of the property. Two stores, each 25 by 50 feet deep will face on Second Avenue and another 25 by 50 on Fourth St. C. H. Orme, druggist, will occupy the corner store, vacating his present store at the corner of Second Avenue and Sixth St. It is expected that the new building will be ready for occupancy by December 1st. Tenders will be opened on Wednesday of this week.

#### McMillan vs. Hillis.

The case of McMillan vs. Hillis occupied the attention of Judge Young's court last Saturday morning. This is an action to recover on a cheque money for furs sold by plaintiff to defendant. The contention of defendant is that the furs were not worth the price set on them by plaintiff and that for this reason they were returned. Judgment in the case is reserved.

Most men are too polite to adhere strictly to the truth.

#### TRAINS TO SMITHERS PROBABLY NEXT WEEK

Railway Commission Authorize Operation of Line to Mile 300—Mixed Trains from Smithers to Bulkley Summit.

The announcement that the Railway Commission has authorized the operation of a freight and passenger service on the Grand Trunk Pacific as far as Mile 300 will be good news to the business men of Prince Rupert and to all residents of the interior. The maximum speed from Moricetown to Smithers will be twenty-five miles per hour, with a maximum of fifteen per hour from Smithers to Mile 300, Bulkley Summit.

General Superintendent W. C. C. Mehan, interviewed by The News, confirms the above announcement and, while the exact date of operating the extra mileage has not yet been fixed, says that a passenger and freight service to Mile 300 will likely start next week. Regular passenger trains will run only to Smithers, connecting there with a mixed train to Mile 300.

Among those leaving for the south by the Princess Mary last night were William Manson, M. P. P.; A. H. Tomlinson, provincial horticultural expert, and C. F. Grant, bound for Bella Coola.

A woman may have more love than respect for her husband if he helps her wash the dishes.

#### POLLARDS TO RETURN IN COUPLE OF WEEKS

Will Play Three Nights in Prince Rupert and Two at Granby.

The Pollard Juvenile Opera Company finished a most successful seven nights' engagement at the Westholme Opera House Saturday evening with a very pleasing presentation of "H. M. S. Pinafore." With only one or two exceptions, they were greeted each night with a capacity house. Immediately after the performance the company left by the steamer City of Seattle for Ketchikan and Juneau. About half a dozen members remained over and left for Vancouver by the Prince Rupert this morning. The company will return to Prince Rupert a week from next Saturday, when they will again hold the boards at the Westholme. The following Monday and Tuesday nights they will play at Granby, returning here for Wednesday and Thursday evenings.

#### WILL SERVE TIME FOR SUPPLYING

Louis Johnson appeared before Magistrates Little and Marsh at Terrace on Saturday, charged with supplying liquor to an Indian. He was convicted and a penalty of \$75 or 45 days in gaol was imposed. He was brought to Prince Rupert last night by Constable Parsons to serve his time.

#### Paid \$50 for Supplying.

The proprietor of a cigar store was summoned to appear in police court this morning, charged with supplying cider to an Indian. He was found guilty by Magistrate Carss and a fine of \$50 was imposed. The decision will probably be appealed.

#### DIED AT HOSPITAL

Infant Daughter of Rev. W. H. McLeod Died Yesterday.

After an illness of a couple of weeks the infant daughter of Rev. and Mrs. W. H. McLeod died at the hospital on Sunday morning, aged two months. The funeral service will be conducted at Hayner Bros. chapel on Tuesday afternoon at 2:30, Rev. Mr. Scott, of the Baptist Church, officiating, assisted by Rev. F. W. Kerr.

#### GRAND OPERA AT THE WESTHOLME TONIGHT

Wagner's Immortal Opera in Moving Picture, with the Westholme Accompaniment.

The management of the Westholme Opera House is tonight following its usual custom of providing an extra special attraction on reverting to moving pictures after a season of musical comedy. The special feature for tonight and Tuesday will be Richard Wagner's immortal opera, "Thanhauser," in three reels. With the musical accompaniment provided by the augmented Westholme orchestra, this will be a great treat, and crowded houses are assured.

#### ONE LUCKY CORDOVAN

Took Out Five Thousand in Two Days on Chisana.

A returned Cordovan reported that Joe McClellan made a great strike on No. 3 above Discovery on Bonanza Creek. He cleaned up \$5,000 with five men in two days' sluicing operations, according to Wood. The largest nugget to be found in the district was found on this claim the other day. It was valued at \$400.

#### EXHIBITION VISITOR WANTED INFORMATION

Vancouver Man Wanted to Know the Reason for Awnings at the New Premier.

On the opening day of Prince Rupert's first fair a visitor from Vancouver, unaccustomed to skyscrapers such as are now under construction here, stood basking in the glorious sunshine and gazing in wonderment at the new Premier Hotel, upon which an army of workmen were busily engaged. Just at this moment Kenny Munro happened to come along and the curious visitor politely inquired as to the object of the awnings that were suspended away at the top of the building. "Oh," said Kenny, "the sun is so hot we had to put those up to keep the bricklayers from getting sunstroke." The visitor thanked him for the information and no doubt returned to Vancouver with better impressions of Prince Rupert's weather.

#### WAGONS MUST NOT BE LEFT ON STREET

Cartage Company Fined as an Example for Breach of Street Bylaw.

The Pacific Transfer Co. was called upon this morning to answer to a charge of breach of the street bylaw, which says that no cart or wagon shall be left on any street at any time to which horses are not attached. The accused was found guilty and being the first offender brought up on such a charge a minimum fine of \$1 and \$2 costs was imposed. The fine was chiefly as a warning that it is the intention of the police to enforce this particular bylaw.

#### DAMAGE BY WIND

Window at Wallace's Was Broken Saturday Afternoon.

During the wind storm of Saturday afternoon part of the awning at Wallace's dry good store was blown down and a large plate glass window on the Fulton street side was broken. Mr. Wallace has been extremely unfortunate in connection with his windows, this being the third time the same window has been smashed. On another occasion all the windows on the front were broken, in addition to frequent similar losses in the new addition fronting on Third avenue.

#### Hospital Dance.

The annual dance given by the Ladies' Auxiliary in aid of the hospital will be held at St. Andrew's Society Hall (Kaieen Island gym) on Friday evening, Oct. 3rd. Dancing will start at 9 o'clock with music by the Westholme orchestra. Gentlemen's tickets \$2, at Orme's Second avenue drug store. Ladies free. 228-32

#### BRITISH EXPERT SAYS CANADA SHOULD BUILD HER WARSHIPS

"THE WHOLE WORK COULD NO DOUBT BE DONE IN CANADA FROM THE OUTSET," DECLARES SIR PHILIP WATTS.

Vancouver, Sept. 26.—In the opinion of Sir Philip Watts, K. C. B., since 1911 advisor on naval construction to the British admiralty, who arrived in Vancouver this morning, warships of the larger classes could be built in Canada, but not as quickly or cheaply as they are turned out in England. The best way, he declared, for Canada to start on naval construction would be to have a few ships built in England at first and then have some built partly in England and partly in Canada, and, finally, when the workmen have been trained and the ship building plants properly organized and equipped here, to build the ships altogether in Canada. "Of course," he said, "the

whole work could no doubt be done in Canada from the outset, but I think that the cost would be very great, and the ships would take a much longer time to build than is the case in England." The building of the ships, however, he remarked, would not be the only thing that would have to be taken into consideration. There would be the machinery to build and install, and the most important item, arming the ships when completed. At present Canada has not the facilities to do either of these things, he claimed. As to the Borden naval policy and the naval policy of the Liberal opposition, he had nothing to say, nor would he be quoted as to the British naval programme.

#### LORD NORTHCLIFFE COMES TO DEFENCE OF DOWNING STREET

SAYS SOME CANADIANS ARE INCLINED TO SWALLOW JEALOUS RUBBISH INVENTED IN GERMANY OR UNITED STATES

Montreal, Sept. 26.—"The fact that the centre of the Imperial combination is a small island far removed from the rest does not seem to interfere with the development of the whole scheme. There has been friction, but as a matter of fact, I am sure that the irritation caused by the government at Washington and the irritations caused by the government at Ottawa have not often been as great as the irritation caused by Downing Street. "Downing Street is very often slow, but as an organizer, I do not look for too much hustle at headquarters. There is not much movement about an anchor but it is a very essential part of a ship."

So spoke Lord Northcliffe in a distinguished gathering at the Canadian Club luncheon this afternoon. "Canada is so busy over her own development that she has no time to examine the many rich portions of the great imperial business combinations, of which she is a partner. "Some Canadians are far too inclined to swallow the jealous rubbish invented by envious writers in Germany and the United States as to the decline of the British Empire. That Empire is

sound everywhere. Great Britain was never more active and alive. "Now that Canadians are acquiring the means and time to travel, they are finding that the business partnership has many vast sources of wealth hardly yet tapped. "I am convinced that no one who reflects on the progress of mankind can feel anything but satisfaction when he compares the history of the two great English-speaking peoples since they parted company in 1776. "Their story is indeed the chiefest part of the history of the world since that memorable date," he said.

#### OLD DICTATOR WANTED

Tired of Fighting, Mexico May Resume Old Regime.

(Special to The Daily News.) Mexico City, Sept. 29.—General Porfirio Diaz, ex-president of the republic, has been summoned by the war department to return to Mexico. The significance of this move is not made known. The return of the strong hand would undoubtedly work changes.

Mrs. H. R. Potts left by the Princess Mary last night for Victoria.

LOYALTY OF CARSON
AND MR. BORDEN.

It may be simply a matter of coincidence but there is certainly a resemblance in the loyalty to the Crown of which Mr. Borden claimed for his party a monopoly at the last election, and the strain of loyalty Sir Edward Carson is at present showing in Ulster. Sir Edward, say our despatches, was on Saturday last reviewing the volunteer army of one hundred thousand Unionists who are armed to defend Ulster from home rule and to establish a government of their own, possibly with Carson as king.

Herein is disclosed a situation which, to say the least, is remarkable; a peer of the realm aiding and abetting the fomenting of a rebellion against the Crown which he has sworn to serve.

Carson's position is typically Tory. So long as his party is in control of the government he is loyalist and royalist to the core; but when his party loses control his loyalty is seen to be with his prejudices rather than with the Crown. His theory of loyalty is that all people should be loyal to a government which he and his kind control, but that a government which he and his kind do not control should not

command the respect of those who disagree therewith.

It will be remembered that during the last election there was no flag waving nor whoops for British loyalty until after Borden had made his unholy compact with the Nationalists of Quebec, who are as anti-British as are the men of Ulster today. Then to cover up this pact, and for fear the Tories should be charged with disloyalty because of it, arose the great campaign cry of loyalty to the British Crown. Borden and Carson would seem to be political twins.

GORGEOUS PARADE OF
GOLD PLATED HEROES.

Col. Hon. Sam Hughes, the minister of militia, ought to be creating some excitement in Europe with his gold plated brigade and "splendid staff."

All that is lacking to complete the outfit is a brass band. Col. Hughes' party consists of:
THE COLONEL.

- "His Splendid Staff."
23 Canadian Militia Officers.
19 Canadian Ladies.
2 Lady Stenographers.
Servants, Etc.

"God Save the King."
There should be another substantial expense account for the auditor general to attend to when Col. the Hon. Sam Hughes brings his party home.

Gentlemen,
I hereby revoke all former Wills and other Testamentary dispositions by me at any time heretofore made and declare this only to be and contain my last Will and Testament.

IN WITNESS WHEREOF I have set my hand this 26th day of February, A.D. 1910

SIGNED, PUBLISHED AND DECLARED
by the above named Michael Fraser, Testator, as and for his last Will and Testament in the presence of us both present at the same time who at his request, and in his presence have hereunto subscribed our names as witnesses.

COPY OF FAMOUS WILL.

This is a copy of the last will of Michael Fraser, the late Midland octogenarian, which has caused much dispute as to who should be his heir. It is now in the Surrogate Court at Barrie, although it may be transferred to the High or Supreme Court before long.

THE TRAGEDY AT KIMSQUIT
SHOULD BE SOLEMN WARNING

GOOD WORK DONE BY PROVINCIAL POLICE IN CONFISCATING
LIQUOR SOLD TO INDIANS—RIVERS INLET A BAD
DISTRICT

The tragedy at Kimsquit, the Indian fishing village on Deane Channel, where a week ago four Indians were shot dead by another member of the band in a drunken fury, has again called attention to the menace of whiskey among the native tribes, and to the strong efforts that are being made by the provincial police to fight the illicit trade in liquor. Provincial Constable Barger, who has been acting as fishing overseer in the Rivers Inlet district this year, and who was one of the officers called to the scene of the Kimsquit tragedy, stated that the police in the Rivers Inlet district this year had been very active in their search for liquor around the canneries. The stuff is usually smuggled in by the Chinese laborers and hidden in their quarters and sold, a bot-

tle at a time, to the Indian fishermen.
"In the Rivers Inlet district this season we confiscated 750 bottles of whiskey and emptied them in the sea," said Constable Barber. Five hundred bottles of the stuff were found hidden in the Chinese quarters of the Beaver Cannery, the trade in liquor being extensively carried on by the Chinese who work in the canneries. The liquor was not claimed and all the Chinese denied ownership. Previous to this year seizures could not be made unless trafficking could be proved, but under the recent amendments to the act introduced by the attorney-general, the provincial officers can now make seizures and confiscate all liquors not claimed within 30 days. The general freedom from serious crime is largely attributable to the seizures."

RICHES OF THE OMINECA

Visitor to the Northern District Was Greatly Impressed

Vancouver, Sept. 25.—Mr. R. D. Fetherstonehaugh has returned from a visit of inspection of the workings of the Omineca Gold Mines Limited, on Quartz Creek, Omineca. Mr. Fetherstonehaugh states that he is confident that the old channel has been discovered and that Omineca is on the eve of coming back to its former prominence as a gold producing section. This condition will be augmented, he adds, when transportation facilities are improved.

John Redmond a Grandfather
Dublin, Sept. 25.—John Redmond, leader of the Irish party, became a grandfather yesterday when twins were born to his daughter, Johanna. Her husband is Max S. Green, chairman of the Irish Pensions Board.

DEFLECTED BULLET

Missed Burglar and Killed Innocent Bystander.

Chicago, Sept. 25.—A bullet fired by Policeman William Allen at three highwaymen early today struck an iron trolley pole, deflected and killed William Lorimer, a tobacco agent. Three friends who were talking with Lorimer when he was shot seized the policeman and took him to the station, where he was placed under arrest. Another policeman heard the shots and arrested one of the robbers.

Professor Prince's Return
Ottawa, Sept. 25.—Professor Prince, commissioner of fisheries, has returned to Ottawa after a lengthy absence of several months, chiefly spent in a tour of inspection and deep sea fishing investigations in the Maritime Provinces.

VITRIOL FOR CONTROLLER

Sent Through Mail to Prominent Toronto Official.

Toronto, Sept. 25.—An apparent attempt to maim Controller Thomas Foster was made yesterday. A bottle said to contain vitriol was sent to him through the mail, but had not been packed properly and broke when in charge of the postman. The latter was badly burned about the hands and had to be removed to a hospital.

Mexican Candidates Plentiful.

Mexico City, Sept. 25.—Ferdinando Gamboa, minister of foreign affairs, was yesterday nominated for the presidency by the Catholic party convention. General Eugene Rascoun was nominated for the vice presidency. Both candidates are regarded as men of high standing. Senor Gamboa accepted the candidacy.

Champion Sculler.

Toronto, Sept. 27.—Eddie Duran, the champion sculler of America, successfully defended his title here in a match against Frank Greer of Boston. He won by four lengths.

LITIGATION IS ALREADY STARTED ABOUT CLAIMS ON THE CHISANA

TWO HOTELKEEPERS CLAIM TO HAVE GRUBSTAKED DISCOVERERS AND SEEK TO ENJOIN THEM FROM SELLING

Dawson, Sept. 25.—Henry Dubois and Hugh Brady, Dawson hotelkeepers, yesterday filed a suit in equity in the Yukon Territorial Court against William James, discoverer of the Shushanna; Matilda Wales, who accompanied James, and William Johnson.

Brady and Dubois allege that they together with Johnson, grubstaked James and Wales in the Nugget mine at Dawson, and that they were counted out in the final division of the rich claims in the Shushanna, but that Johnson was granted a quarter interest in all the properties acquired, and they ask for an injunction restraining the defendants from selling the ground or disposing of the gold.

Judge McAnlay granted a temporary injunction until Tuesday, when application will be made to continue the injunction until the trial, which probably will be held this winter.

The action involves fifteen placer claims—The Bonanza, Little Eldorado, Gold Run and other claims elsewhere in the camp, and quartz properties. Fletcher T. Hamsbury, who has an option to purchase the properties off James and associates, now here, was notified of the proceedings. He says his option calls for the payment of \$500,000 for the properties held by the James party.

Fred T. Congdon, attorney for the plaintiffs here, has wired Valdez to start action on similar lines in the United States court there.

WAYS OF THE MILITANTS

Mrs. Pankhurst Coming to America to Explain Them

Paris, Sept. 25.—Mrs. Emmeline Pankhurst, the English suffragette leader, informed the Associated Press yesterday that she did not anticipate the slightest difficulty in entering the United States on her proposed visit to that country and had received no communication whatever on the subject.

"The object of my voyage to America," she said, "is to answer the question in the minds of the American people, which Miss Haldane did not answer, namely, why militants do the sort of things they do in England."

is finished Main street will have a six foot, two inch plank sidewalk on both sides of the street from the railway to Fifth avenue. This means another 78,000 feet of lumber to be turned out by the Seymour Lake Lumber Company's mill, which has been crowded to the limit during the past few weeks to fill the large number of orders for lumber. Smith & Eggleston secured the contract and started the work yesterday.

The contract was let the fore part of the week to Jennings Bros. for the removal of some 30,000 yards of dirt at the eastern end of the railway yards and on Thursday morning camps were being set up and rails and cars placed on the ground. This cut will be about five feet in depth and the earth removed will be dumped onto the lower ground to the west.

Smith & Eggleston have Sargent's store building well under way. Orders were received from Mr. Sargent to rush the work and the construction crew has been increased accordingly. The main building will be 26x109 and it is understood that a lean-to will be added later.

NEWS FROM SMITHERS.

The stumps have all been taken out of Main street and the ditch is completed from Alfred avenue to Third.

Adams' drug store and McArthur's store were the last to move from Squattersville, making the change Wednesday.

Wilcocks & Wolsey have purchased the lumber for their store and office on Main street and will be in shape to do business in a short time.

Work on the office building of the Williams-Carr Lumber & Investment Company was started Thursday. They are also having their lots at the corner of Alfred avenue and Queen street cleared for lumber yards and cottages.

While passing in the vicinity of Broadway and Queen last Thursday we were surprised to encounter Rev. C. E. Batzold in blue jumper and overalls working among the stumps, and, with the heads of honest sweat standing thick upon his brow, he paused for a moment to inform us that he was engaged in building the Institutional Methodist Church. Although we have given a detailed account of this new edifice for public worship in a previous issue, we have overlooked the man behind it, but in these few words let us say: "He is the man for the job," and there is no doubt that his energy and ability will meet with reward.—Smithers Review.

A contract was given out this week through the Williams-Carr Company for the laying of 8,452 feet of sidewalk. When this work

Large advertisement for Gurney-Oxford Ovens. Features an illustration of the oven and text: 'Equal Heat In Every Part of The Gurney-Oxford Oven. Every woman well knows the bad results from constantly opening the oven door to move a cake to another shelf or turn a pan of biscuits. Often the shifting or the cold air striking in proves utterly disastrous to her baking. The Divided Flue on the Gurney-Oxford range equally distributes the heat to all parts of the oven which is regulated to the exact temperature required by means of the Economizer. This wonderful time-labor-and-money-saving device controls the heat of the whole range. It is worked by a small handle which moves around a series of six notches. The housewife soon learns that by moving the handle to No. 1 she has a very hot oven, to No. 3 a moderate oven, and that No. 6 checks the fire so as to burn scarcely any coal while she goes out shopping. On her return she simply moves the handle to the number that gives the required heat and the result is prompt. Of inestimable value also is the Broiler Attachment and the Special Grate. But a most delightful feature about the Gurney-Oxford is its constant bright and shining appearance. It has a smooth polished top that never requires black lead and is thoroughly sanitary. For years stove experts have been working out woman's problem in the kitchen and the Gurney-Oxford range is the solution.' Includes 'Equal Heat In Every Part of The Gurney-Oxford Oven' and 'Fred Stork - 2nd Ave.'.
