## DUBLIN STRIKERS AND EMPLOYERS IN A DEADLOCK

### SOME PARTLY DESTROYED BY STORMS—SHI KAI RE-ELECTED PRESIDENT CHINESE REPUBLIC

#### FIVE HUNDRED HOMES IN NOME SWEEPED AWAY BY GREAT STORMS

**ELECTRIC LIGHT AND TELEPHONE PLANTS DESTROYED —  
TWO MILES OF TERRITORY ON SEABOARD UTTER-  
LY DEVASTATED**

(Special to The Daily News.)  
Nome, Oct. 7.—This city has been practically destroyed by storms. All the south side of Front Street is gone and is a pit. Two miles of territory on the sea is utterly devastated. The storms raged all night on the Behring Sea and were the first ever known here. Men and women worked all night in the

icy waters to save their goods. The electric light and telephone plants are gone. The loss is estimated at a million and a half dollars.  
There will be much suffering and outside help will be required. The steamers Victoria and Corwin made for the open sea and escaped damage. Over five hundred houses were demolished.

#### PLENDID SPEECH BY BREWSTER ATTACKING M'BRIDE OLIGARCHY

**THE CONSERVATIVE PARTY GOT INTO POWER BY TRICKERY  
AND AIMS TO KEEP IN POWER BY TRICKERY—  
SOME RAW DEALS.**

Vancouver, Oct. 4.—A largely attended banquet in honor of Mr. G. Brewster was given by the Vancouver Liberals last night in the Dominion Hall, at which the late member for Alberni delivered an address criticizing the land policy and administration of the M'Brider government. The speaker included Mr. J. W. deB. Farquhar, Mr. George Housser, Senator Bostock, Mr. Alex. Henderson, K. C.; Mr. Maxwell Smith, Major Hart McHarg and Mr. Ralph Smith.  
Mr. Brewster, who was introduced by Mr. Maxwell Smith as the greatest Liberal in the greatest city of the greatest province of the greatest Dominion in the greatest Empire that the world has ever seen, was given an ovation on rising to speak. He said in part as reported in the Daily Province, the leading Conservative journal of British Columbia:  
"I am glad I have no need to elaborate a policy for the Liberal

party. That has been done for me by the convention of the Liberal party which met at Revelstoke this spring, and I believe that no man could improve on that splendid program. It has been said that the Liberal party is a party of idealists. That is true, and I am glad of it. It has been said that we have no hope of success against a party like that governed by a coterie of politicians at Victoria, which turns all the money it can into the pockets of its friends. That party got into power by trickery and its efforts ever since have been to keep in power by all kinds of trickery.  
"In the rural districts it has been done through the road superintendents. Poor men who needed the money had to vote for the government in order to get work on the roads and trails and bridges of the province, as though it were any less wrong to

(Continued on page 4)

#### MODEST DEMANDS OF METLAKATLA INDIANS

**Only ask Two Hundred Thousand  
Dollars from City for Shaw-  
watslans Rights**

An official communication from the Metlakatla Indian council was read to the city council last night, stating that the Indians would not consent to the placing of obstacles in Shawwatslans for the reason that such a dam as the city proposed would interfere with the taking of fish for food. They enclosed from the department at Ottawa a report that the value of the catch in these waters had been estimated to be worth \$5,000 each season, and made an offer of an option to purchase the Indian reservation and the fisheries connected therewith, for the sum of \$200,000.  
Mayor Pattullo said the deputy minister had written the city council that no barricades to the fish should be built on the reserve and he had replied that no such obstacles would be built. This ended the matter. The council approved the action of the mayor.

#### TO DISCUSS NIGHT SCHOOL Public Meeting Will be Held in the City Hall Tonight

A public meeting to discuss the starting of a night school for workers will be held in the city hall at 8 o'clock tonight. It is important that not only those who are behind the movement should attend but the workers themselves who are interested. If there is evidence of an earnest desire of the workers for such an institution the proposition is more likely to be carried through.

#### GOOD SHOOTING SUNDAY

**Private Russell the Winner of  
the Handicap Spoon**

At the ranges on Sunday afternoon the sharpshooters of the Earl Grey Rifles made the following scores. It was beautiful weather with perfect shooting conditions. Pte. Russell won the handicap spoon.  
Corp. Averill ..... 32 35 32  
Pte. Little ..... 35 33 34

Pte. Lamb ..... 30 28 23

#### APPOINTED MANAGER OF LOCAL TELEGRAPH OFFICE

L. W. Waugh, who has been a member of the staff of the local office of the Dominion Government Telegraph for some time, has been promoted to the position of manager of the local office to succeed F. W. Dowling, who was recently appointed district superintendent. Mr. Waugh's promotion took effect the first of October. He has had considerable experience in the telegraph business and is apparently well qualified to hold the more responsible position. For some years he was on the staff of the Australian cable station at Bamfield, Vancouver Island, and later with the C. P. R. at Vancouver. His many friends in the city are pleased to see him get merited recognition.

#### Winter Reaches the Interior

(Special to The Daily News.)  
Regina, Oct. 7.—Rain and snow has fallen over the west as far as the mountains of Alberta.

#### YUAN SHI KAI RE-ELECTED

**Chinese Republic Will be For-  
mally Recognized Today**

(Special to The Daily News.)  
Washington, Oct. 7.—As a result of the re-election by the Chinese parliament yesterday of Yuan Shi Kai as President, all the powers which have not already been done so will formally recognize the new Chinese Republic today, according to reports received here.

#### KILLED BY STREET CAR

**Successful Klondiker Meets With  
Fatal Accident**

(Special to The Daily News.)  
Vancouver, Oct. 7.—W. A. Ingram, a successful Klondiker, is dead as the result of being struck by a street car. He was formerly a resident of Random, Man., and a native of Collingwood, Ont. He held extensive interests, mining and otherwise.

#### THE GREAT GAME

**Phillies Win First Game of  
World Baseball Series**

New York, Oct. 7.—Before one of the greatest crowds ever gathered in the ball park the first game in the world's series was played this afternoon between Philadelphia and New York, the latter being the favorite in the betting. Philadelphia won by a score of 6 to 4. The battery for the Giants were Marquard and Meyers, and for Philadelphia Bender and Schang.

#### The Duchess is Returning

(Special to The Daily News.)  
London, Oct. 7.—It is officially stated that the Duchess of Connaught will return to Canada with the Duke.

#### STOP MILITIA MEN'S PAY

**Vancouver Council is Showing a  
Very Mean Streak**

(Special to The Daily News.)  
Vancouver, Oct. 7.—The city council refuse to pay its employees who are members of the militia and did strike duty at Nanaimo salary while absent. The application was made but was turned down.

#### WORLD'S SERIES STARTS

**Betting Slightly in Favor of New  
York Against Philadelphia**

(Special to The Daily News.)  
New York, Oct. 7.—The first game in the world's series starts this afternoon, Philadelphia against New York. The betting is slightly in favor of New York.

The ladies of the Anglican Church will hold a sale of work on Thursday, Dec. 4th. Particulars later. 235-36

#### NO IMMEDIATE PROSPECTS OF SETTLING THE DUBLIN STRIKE

**EFFORTS OF SIR EDWIN ASKWIHT, STRIKE BREAKER OF THE  
BOARD OF TRADE, PROVE UNAVAILING — CANADA  
AND ULSTER SUPPORT**

(Special to The Daily News.)  
Dublin, Oct. 7.—The deadlock between the employers and the striking transport workers is complete. There seems no immediate prospect of any settlement of the dispute. Sir Edwin Askwight, the official strike breaker, and his commissioners of the Board of Trade, submitted to both sides this morning a set of proposals to form a basis of direct negotiations between the disputants. These proposals were accepted by the men but the employers were unable to agree.  
The report of the commission-ers condemns the demands made by the employers that the men shall not join the transport

workers' union, and at the same time condemns the sympathetic strikes by other workmen.  
In the meantime large numbers of the striking farm laborers are returning to work.

Ottawa, Oct. 7.—Under the instructions of the government the secret service agents attached to the Dominion police are watching the development of the Ulster movement in the several cities of Canada, notably Toronto and Winnipeg. Any attempt in Canada to aid the proposed Carson rebellion is likely to land the Dominion conspirators in a criminal court and possibly in the penitentiary.

## FINANCIAL STAFF OF CITY HALL REORGANIZED UNDER NEW HEAD

**Several Changes Made Necessary For Reasons of Economy and  
Efficiency---Harry Birch Promoted to be Assistant  
to the City Treasurer**

A lengthy report was read to the council last night from City Treasurer Johnstone regarding the reorganization of the financial staff of the city hall, together with a report from the finance committee recommending its adoption. In connection therewith was the resignation of James M. Carmichael, as assessor and collector. It was further recommended that Harry Birch be made assistant to the treasurer at the salary of \$125 per month, and that P. Lorenson, the present building inspector be also assessor at \$150 per month.

The report of the finance committee upon the resignation was adopted and Ald. Bullock-Webster then asked if any pressure had been brought to bear to bring about the resignation of Mr. Carmichael.  
The mayor pointed out that the motion had been carried and therefore the alderman was out of order. He further informed the alderman that he had no right to make such insinuations without mentioning any basis for them whatever.  
In connection with the treasurer's report was a recommendation that Mr. Carmichael be

made cashier of the finance department at a salary of \$110 per month. This started some discussion. Ald. Bullock-Webster seconded that all appointments should be made by the council by ballot. The former said the present presented a good opportunity to introduce this system and asked if the ruling section of the council could not rely upon its majority to permit such a ballot.

The mayor said that if the council called for a ballot it would of course be taken. To make the situation perfectly clear he called upon Ald. Naden, chairman of the finance committee, to explain matters.

Ald. Naden said the finance committee had gone over the report of the treasurer, and the matters connected therewith, very carefully and given to each and every point consideration. From the early part of the year they had given more consideration to the staff handling the city funds than to anything else. It was in consequence of the report made by the city treasurer last Monday that these changes in the staff were recommended.

in the endeavor to place the city's financial affairs under one responsible head. The finance committee believed the proposed changes would be more economical, and what was far more important than mere economy, would prove more efficient. They could not expect really good work except under one head, and with the system Mr. Johnstone was starting the city would be able to economize still further. The committee felt that if they had been handling their own money instead of that of the city they would have taken just this same course.

Ald. Kerr said in decreasing the staff congratulations were due to the committee, but he noticed the assessor was to be paid \$150 per month instead of his former salary of \$120 in another position. He did not believe there was any work for an assessor until sometime next March.

The mayor said the assessment work should start this year so as to bring the new assessment before the new council as early in the year as possible.

(Continued on Page 4.)

#### EXPRESS COMPANIES HAVE REDUCED RATES

**One Basing Rate to Prince Rupert  
Now Instead of Two  
—Material Reduction**

Both the Canadian and the Dominion Express companies announce that a change of rates to Prince Rupert went into effect on the first of this month. By the new scale there will be a considerable reduction in charges on parcels of small weight. There will be no difference on parcels weighing over 50 pounds. A two pound parcel from Toronto which formerly cost 70 cents will now be delivered in Prince Rupert for 35c. A seven pound parcel, formerly \$1.75, will now be \$1.41, and a ten pound parcel, formerly \$2.30, will now be \$1.50.

The Charlotte Cox of the Atlin Fisheries, Limited, reached port last night after three weeks' fishing on the banks with about 25,000 pounds of halibut. A good deal of rough weather was experienced.

#### WEDDED AT THE MANSE

**Fred W. Pearce Joins Ranks of  
the Benedicts**

Cupid had a particularly busy day yesterday. In addition to the two weddings reported yesterday Fred W. Pearce, engineer at Archie McDougall's camp, was united in marriage to Miss Alice Fryer, who arrived in the city from Vancouver on the Princess May. The ceremony was performed at three o'clock in the afternoon by Rev. F. W. Kerr. Mr. and Mrs. Pearce will take up their residence in the city.

#### START IS MADE ON THE NEW BLOCK

Ground was broken yesterday for the new building at the corner of Second Avenue and Fourth Street being erected by McCaffery & Gibbons. Currie & Greer have the contract and the building is to be completed by December 1st.

Don't judge by appearances. Men who wear diamond pins sometimes have money.

#### BIG COAL SHIPMENT DELAYED BY STORM

**Steamer A. M. Simpson With  
Coal for Prince Rupert Bar  
Bound on Coos Bay**

With scores of back orders for coal on their books Rogers & Black are this morning in receipt of a wire from the Coos Bay Collieries advising that the steam freighter A. M. Simpson, loaded with 1400 tons of coal for Prince Rupert is bar bound in Coos Bay.

#### For the New Post Office

A communication was read at the council meeting last night from G. B. Hull, Dominion government engineer, requesting permission to put up a retaining wall at the rear of the Pioneer Club lots in which the excavation rock for the new post office might be dumped. The permission was granted.

A popular man is one who will stand to be bored once in a while.

## EVIDENCE POINTS TO MURDER BRAINS AND BLOOD FOUND

**LOCAL POLICE WORKING ON AN APPARENT MURDER CASE—  
WATCHMAN HEARD SCREAMS OF WOMAN IN THE  
NIGHT**

That a terrible murder was committed in Prince Rupert last night is borne out by certain evidence gathered by the city police this morning. About ten o'clock a message was received at the police headquarters that such a deed had been committed but up to the present it has not been ascertained who gave the information. All that has been learned is that the message came over the telephone line to the cold storage plant at Seal Cove. There is an extension of this line from the office to the engine room and the instrument in the latter place is used by fishermen and anyone who cares to use it. The party sending the message immediately hung up the receiver without giving any name.

Chief Vickers, however, at once despatched two of his men, Constables Shiel and Bayley to the locality described, a point on the G. T. P. right-of-way, some-where between the cold storage plant and the dry dock. The constables returned from their search about one o'clock but refuse to divulge any information as to what they had learned. It is reported, however, and on fairly good authority that they found a portion of the brains of a human being and that blood was plainly in evidence on the rocks for some distance, indicating that the body had been dragged to the edge of the em-

bankment and thrown in. At the place where the blood was found the road bed for the railway is sustained by a concrete wall built in the water which is very deep. The indications according to reports are that the body was thrown over the coping.

There is some additional information to indicate that an awful crime was committed. At a late hour last night the watchman on the Albert Meyer, which is lying at anchor nearly opposite the place where the evidence was found, heard the screams of a woman who was apparently being maltreated.

Further developments are anxiously awaited.

Since the above was written a "News" representative visited the scene of the supposed tragedy which is at the point where the second retaining wall this side of where the cold storage plant is located. Between two rocks there was a large pool of clotted blood which had been sufficient to form a stream across the right-of-way and run down the steep wall.

The police have since reported that an empty 30-30 shell had been found near this place. Pieces of hair were found but they do not appear to be human hair. A sample of the blood has been given to Dr. Cade to make a report on.

## LORD NORTHCLIFFE AROUSES TEMPEST IN THE WINDY CITY

**HIS VIEWS UPON WOMEN MEET WITH STRONG DISAPPROVAL—  
SAID NO SELF-RESPECTING MAN WOULD BE  
DOMINATED BY WOMAN**

Chicago, Oct. 4.—Lord Northcliffe's views on woman suffrage have aroused a storm of disapproval from the leaders of the movement in Chicago. Lord Northcliffe said: "There are proportionately 1,700,000 more women of voting age than men in England, Scotland and Ireland. If they were given the same franchise rights as the men, they could dominate the Empire. No self-respecting man is going to be dominated by women. The men of England will not tolerate rule by women."  
"Personally," he continued, "I am not against giving women the vote on property basis, but this suffragettes will not be sat-

isfied with. As a matter of fact women may vote in England today for most everything, except members of parliament and they don't use these votes."

Catherine McCulloch, pioneer suffragette and woman lawyer, says: "It would be no worse for women to rule over men than the present rule of men over women in England. Besides, women are not striving to get the ballot to boss men, but to boss themselves."

Clarence A. D. Thompson, formerly of the mechanical staff of the Empire, and Miss Mary Ann Tonnahill, formerly Mrs. Mary Lamphere of this city, were married at San Francisco on Sept. 22nd.

## GREAT THING FOR PRINCE RUPERT

Fishing is the one important industry upon which Prince Rupert could confidently rest her future, and one of the recent events that accentuates and gives force to this statement is the fact that the United States government has recently taken off the duty on Canadian fish, both fresh and frozen, and they are now going into the United States free of duty. Mr. George Collins, of the big cold storage plant, believes this the greatest thing for Prince Rupert that has ever happened in her brief history.

Its intent and object undoubtedly was to give cheaper fish to the citizens of the country south of us, and it may do that. But the customs duties were paid by the Canadians on this side, and as they are not called upon to pay these duties any longer it means a saving of one cent per pound upon every pound of fish imported. A shipment of two carloads has already been made to New York by Mr. Collins since the duty was taken off. The saving to the Cold Storage Company was \$200 upon each car. And it will be the same upon each subsequent car.

The greatest rival the fisheries of this province have always had up to the present were those having their headquarters in the neighboring state of Washington. But there the Attorney-General of the state has just handed down a decision that every person and every corporation in the state engaged in the business of buying, selling, preserving or otherwise dealing in salmon, other than canning such salmon, must pay to the state a tax of ninety cents per ton. It means that every

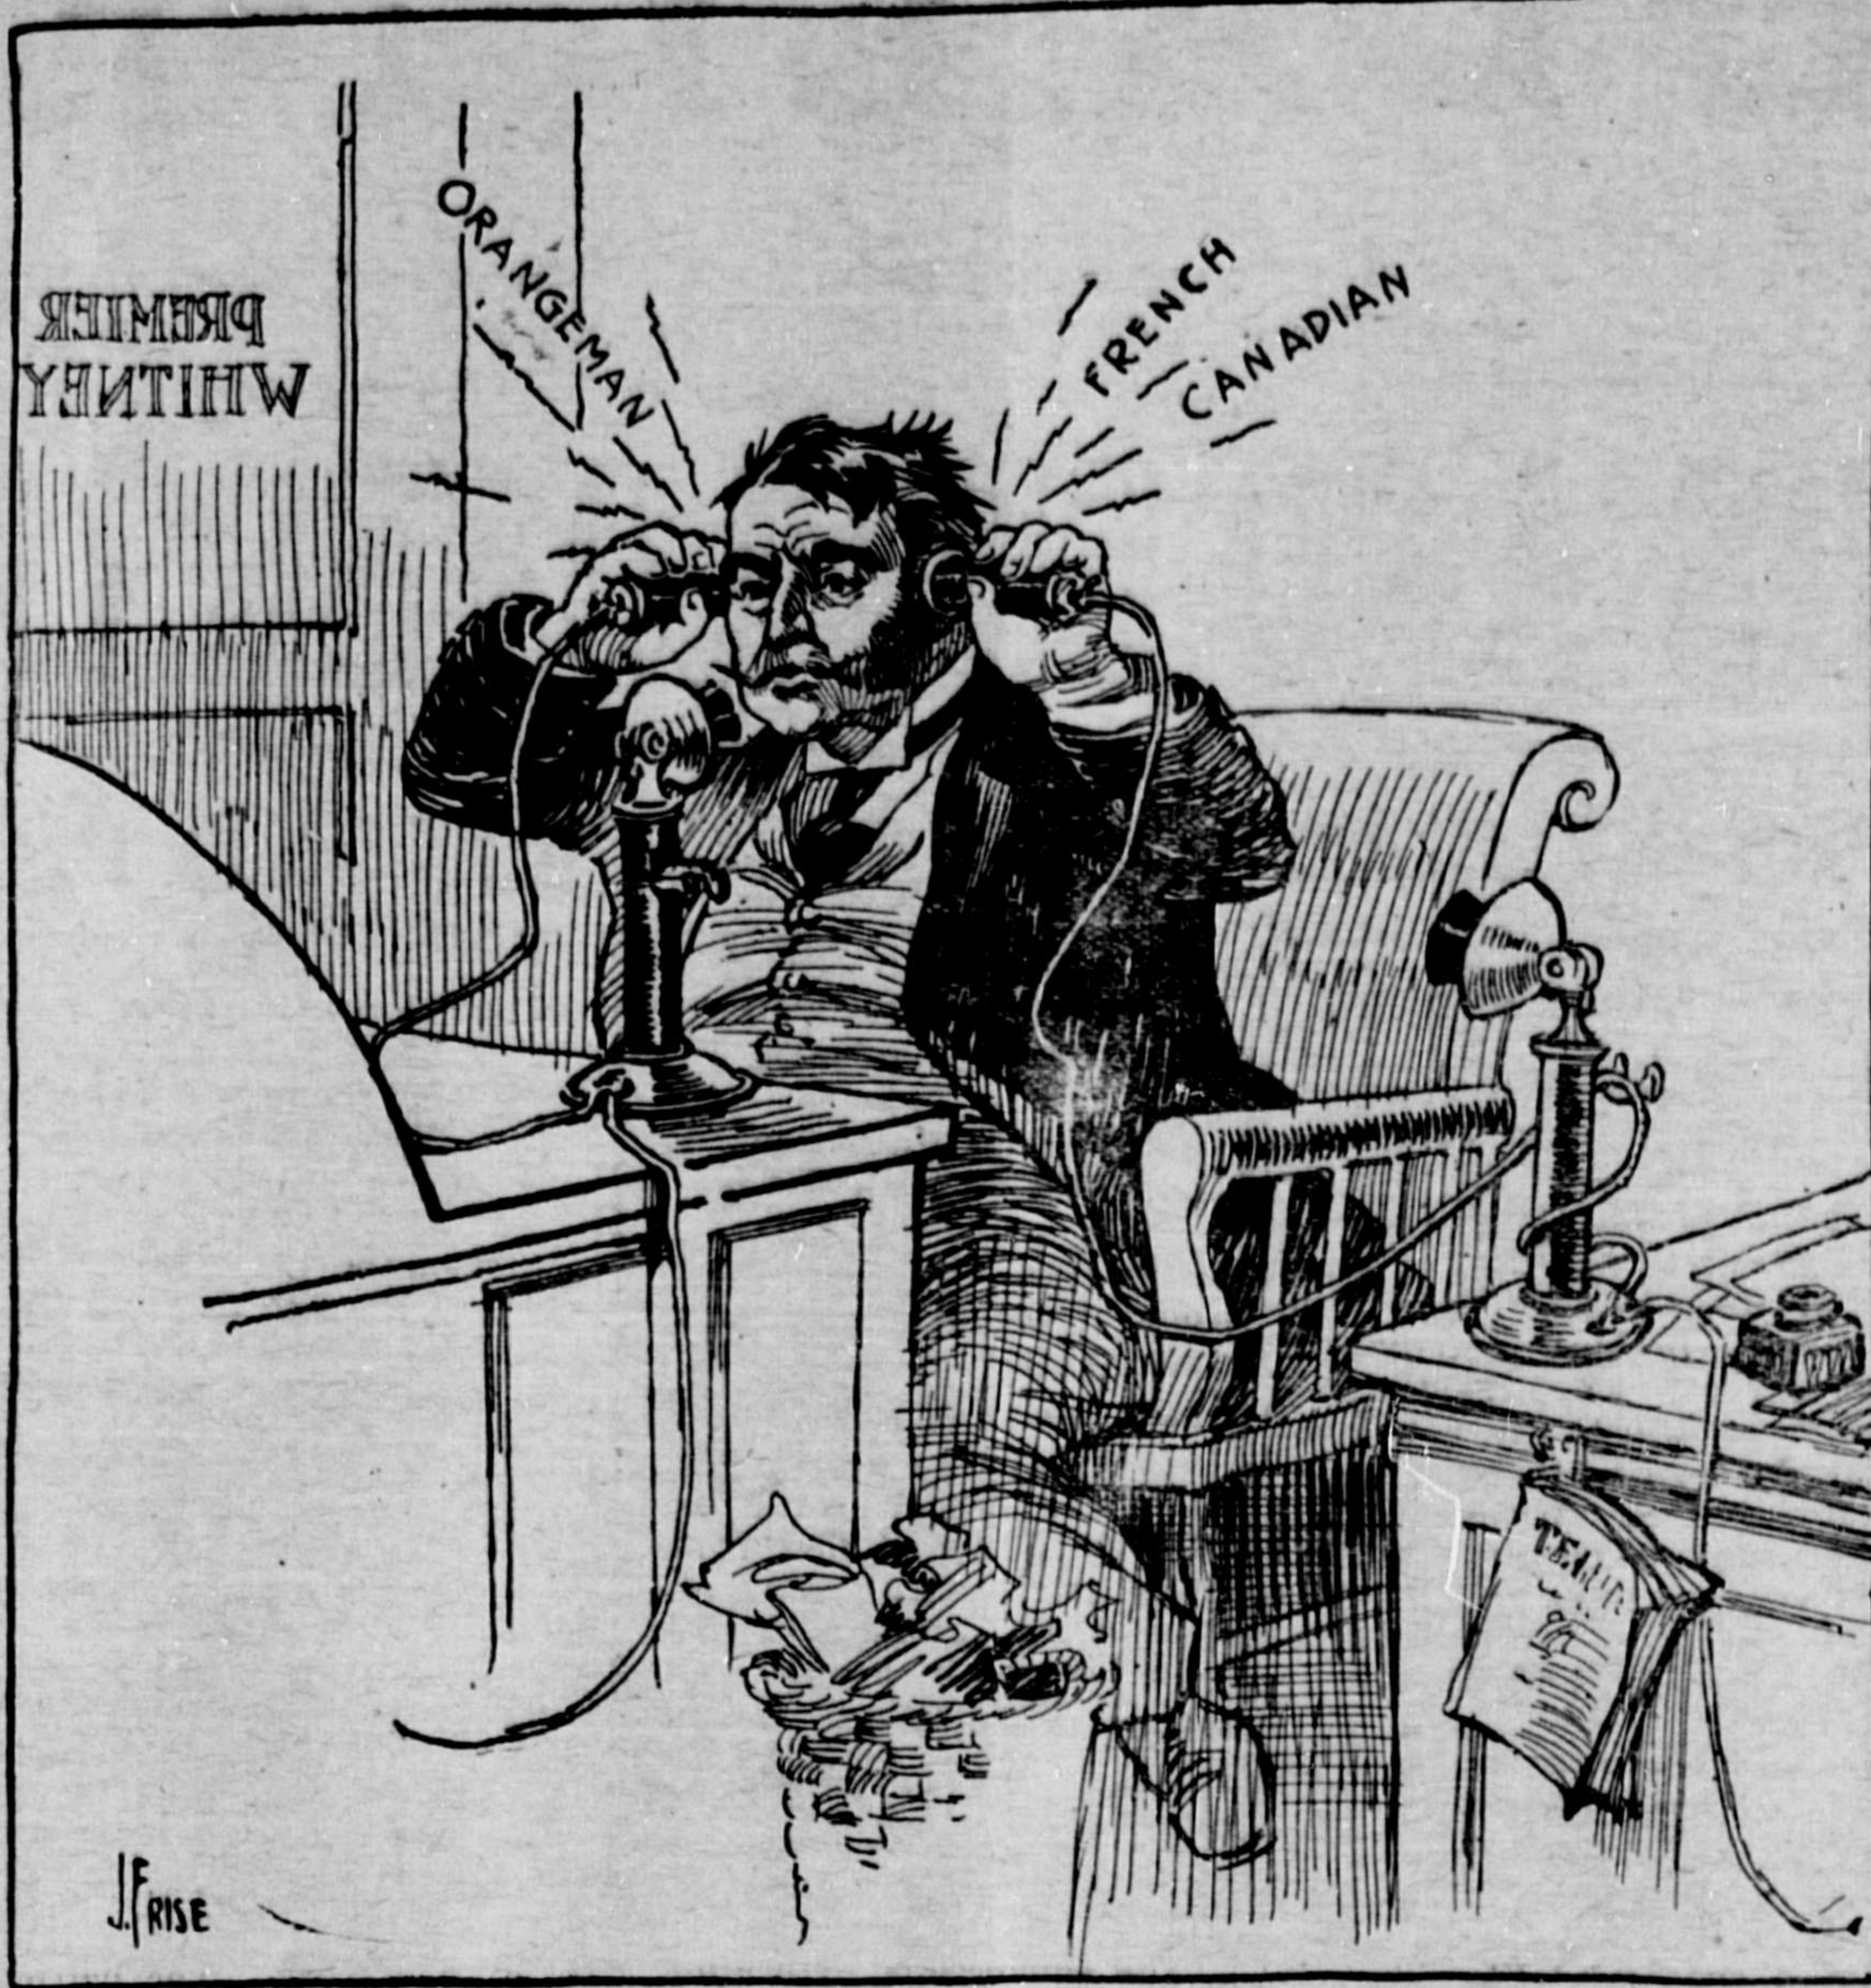

cannery will have to pay this ninety cents per ton on all fish caught in their traps other than the three per cent, allowed to the cannery itself, and that they must pay the license on all they sell. It also means that fish taken by every other kind of gear, when the same is not directly owned by the company which cans the fish must pay ninety cents a ton. This applies to the owners of traps, purse seines, drag seines, gill nets, etc.

So that now the Prince Rupert fish men have the advantage over their rivals of the state of Washington of the one cent, per pound formerly paid in duty, and of the 90c per ton the Washingtonians have to pay as a state tax.

What will be the result of this is easy enough for anyone to grasp. It means that the much more favorable conditions offered on this side of the line for much more profitable investment in the fishing industry will be eagerly grasped by American capitalists; that as Prince Rupert is the centre of the best fishing grounds on this coast and as the Washingtonians will have to pay a tax of 90c per ton on all fish taken in adjoining waters, they will hasten here to enter the business and boom up our fishing industry as it has never been boomed before.

Congress in its wisdom, no doubt had an eye on Prince Rupert as a coming source from which to secure cheaper fish food for America's teeming millions and hence the remission of the duty. Anyway, it is, as Mr. Collins says, the greatest thing that ever happened for this port, and soon after the railway is in complete operation Prince Rupert will be world-wide famous for something else beside being its terminus.

## WHO'S SPEAKING?

## GILBERT PARKER SAYS CANADA MUST HAVE WESTERN PREMIER

"THE NATIONAL HERITAGE OF CONFEDERATION WILL NEVER BE COMPLETE UNTIL THE GREAT WEST ADDS A WESTERN PRIME MINISTER"

Belleville, Ont., Oct. 2.—An ovation was accorded Sir Gilbert Parker, British parliamentarian and novelist, in this city, his home town, when he delivered an address to a public meeting in the armory tonight.

Hundreds were unable to gain admission and Sir Gilbert delivered a second address to an overflow meeting. Mayor Wills extended the city's welcome.

Sir Gilbert's address was on "Canada, Twenty Years After."

This country, he said, always had been happy in her premiers, who have represented her at the imperial conferences. He praised the French-Canadian element of the population.

"The national heritage of confederation will never be complete until the Great West had added another seal by a Western prime minister," he declared.

Turning to the naval question he said that whatever form the bearing of part of the empire's burden might take he felt sure that when it stood complete it would be the expression of Canada's duty and her own recognition of responsibility for crown security.

If a navy was needed in Australia, it was needed as much here. A French-Canadian premier had taken the first step on the navy question; there would be no step backward when Canada adopted either form of naval policy.

Then war mania and armament will begin to decline, for no nation could stand against an

empire of nations banded together for the maintenance of peace.

## IMPERATOR'S PASSENGERS

Record Number Sailed on Largest Ship Afloat

New York, Oct. 4.—The Hamburg - American liner Imperator which sailed from Cherbourg yesterday has aboard the largest number of persons, including crew, that has embarked on a liner bound for this port. There are 800 first cabin passengers and 631 second cabin passengers. Including the third class passengers and crew there are 1437 people on board.

John J. Foot, representing the McClary Mfg. Co., is in the city in the interests of his firm.

## Specimens of Grain

Specimen of grain in stalk and vegetables grown along the line of the Grand Trunk Pacific Railway between Prince Rupert and Hazelton have been placed on exhibition in the windows of the local ticket offices on Granville Street.—Vancouver Province.

## Route Map Hearing

Ottawa, Oct. 2.—Hon. Frank Cochrane, Minister of Railways, will hold a railway route map hearing at Ottawa on October 10. A number of general routes will come before him for approval including lines both in eastern and western Canada.

Launch Alice B for hire. Telephone Green 391, Davis' Float. 155-1f

## Asking for Salary Increases

Ottawa, Oct. 2.—The employees of the public works department who are seeking an increase of 25 per cent. in their wages and an eight-hour day, laid the matter before Dr. Chabot yesterday. Mr. Chabot will take the matter up as soon as possible with Hon. Robert Rogers, Minister of Public Works.

## FINANCIAL STAFF OF CITY HALL IS REORGANIZED

(Continued from Page 1.)

Also, he had been advised by the city solicitor that under the Municipal Act the city had to have an assessor permanently.

Ald. Mailland pointed out that the new comer was to get more salary than the man who had been in the city service for three years.

The mayor said to make the new system a success the chief of the department should have the selection of his own men.

Ald. Bullock-Webster complained that during the year practically nothing had been done except what had been recommended by committees, and therefore these weekly meetings of the council were becoming a farce. He moved as an amendment that the matter be laid over and debated at greater length at the next meeting. This amendment was seconded by Ald. Mailland and was lost, and Mr. Lorenson was appointed.

The recommendation to appoint Harry Birch assistant treasurer at \$125 per month and Mr. Carmichael cashier at \$140 per month was next discussed. Ald. Dybhavn leading with the remark that it did not seem to be fair to ask Mr. Carmichael to accept the salary he was given when he had first entered the service.

Ald. Naden said an official like the auditor should be responsible for the carrying out of the work, and he should be left to get the employees adapted to the work and pay them what that work was fairly worth. Ald. McCaffery, in moving the adoption of the report, spoke in a similar strain.

Ald. Dybhavn did not think Mr. Johnston had sufficient time to study the men. When they appointed Mr. Carmichael some months ago to his present position the council had good reason for doing so. He moved that the salary of Mr. Carmichael be \$125 per month.

This amendment was also lost, which led Ald. Bullock-Webster to enquire how that left the situation.

The mayor said that both the amendments having been voted down Mr. Carmichael did not get the \$125, and the report not being adopted recommending his appointment at \$140, Mr. Carmichael, having resigned, had no position in the city hall after the date of his resignation.

## SPLENDID SPEECH BY BREWSTER ATTACKING MCBRIDE OLIGARCHY

(Continued from page 1)

buy a man with a job that with a \$40 bill. Upon that kind of a foundation they have sought to build a superstructure that will last. They replenished the treasury by sacrificing from nine to twelve million acres of timber lands to the speculators to hold out of use for an advance that should rightfully go into the pockets of the people of British Columbia. That was not Mr. McBride's timber; it was the property of the people of British Columbia.

"Then they turned to the agricultural land," he continued. "One of your city members said: 'Gentlemen, the speculator must have a chance,' so they turned in to give him every chance. They modified the law which limits any man's holdings to 640 acres, to allow speculators to stake hundreds of thousands of acres on powers of attorney, bought from barbers and waiters and all kinds of men for a dollar and a drink. That is the policy that has resulted in the alienation of millions of acres of land from the people to the speculators.

"And what have they done with the proceeds? Commissions have been sent to Australia and England. Money has been spent on intermediaries who negotiated transfers of land from wards of the Dominion government to the Provincial government. But when financial depression came the government had no money to loan to those who are working for the upbuilding of the province on anything like right terms. Our prosperity was only temporary; it had no real foundation because it was made by speculation and not by the development of our resources.

"That is why the money stringency, which affected all the world, hit British Columbia harder than any other province in Canada. That is what this practical government has done, and that is why we have our population centralized in the cities, instead of scattered over the country developing the land. Our provincial prosperity can never be assured until this condition is altered."

## LOCAL NEWS ITEMS.

The Santa Rosalia, one of the big freight steamers of the Maple Leaf Line, is expected in Prince Rupert in the course of a week or so with 500 tons of steel for the G. T. P.

Mrs. H. F. McRae, who spent the past five months visiting at the home of her parents at Art-hurette, N.B., returned to the city yesterday on the Princess May, accompanied by her sister, Miss McNair, who will spend the winter here. Mr. McRae, who went to Vancouver to meet them also returned yesterday.

Mrs. Albert Davidson received for the first time since her arrival in Prince Rupert yesterday afternoon at her home on Fourth Avenue. The drawing room was prettily decorated with flowers in the autumn shades, while pale pink carnations surmounted the dainty tulip centre piece on the highly polished tea table. Mrs. Davidson was prettily gowned in pale mauve nixon, edged with bugle trimming, draped over mauve satin. Mrs. H. E. Tremayne and Mrs. J. H. Pillsbury presided at the tea and coffee urns, while Mrs. Geo. A. McNicholl and Mrs. Claire Peterson served the refreshments.

The man who enjoys a vacation is the one who can't afford it.

## PROVINCIAL SECRETARY VISITS THE CITY

Was Much Impressed With the Progress and Development That Has Taken Place

Hon. Dr. Young, provincial secretary, paid a short visit to the city yesterday afternoon while en route to his constituency of Atlin. This is his first visit here since last spring when he formally opened the new wing of the hospital. At that time, however, he did not have an opportunity of seeing the progress that had been made in several of the big undertakings that were going on or of getting a proper idea of the great development that had taken place within the city. His entire time was taken up with the formal proceedings.

Yesterday, on account of the Princess May being held here for some six hours he was able to make a complete inspection of the various works that are under way. In company with his brother, Judge Young of this city, he visited the site of the new provincial buildings where the work of excavation is now going on. In connection with this work he says there will be no delay and the buildings will be completed with the utmost despatch. He also paid a visit to the new temporary court house and government offices.

The doctor was greatly impressed with the progress that is evident throughout the city. The building of such a magnificent hotel as that which the Grand Trunk Pacific is now preparing for should stimulate the faith of residents of the city and the public generally in the great future that is in store for Prince Rupert.

The doctor left for the north about seven o'clock last evening with the intention of spending a couple of weeks in his constituency.

No, Cynthia, marrying an artist or sculptor does not make one a model wife.
