### ULSTER MEN TRAINING FOR GUERRILLA WARFARE—BIG GATE MONEY FOR CHAMPION BASEBALL

#### OVER SEVENTY - FIVE THOUSAND DOLLAR GATE FOR FIRST GAME

PREDICTED THAT IT WILL BE NEARLY AS LARGE WHEN THE GIANTS MEET THE PHILLIES ON THE HOME DIAMOND THIS AFTERNOON

(Special to The Daily News.)  
New York, Oct. 8.—The first game of the world's series, played yesterday, was a "lulu" in every way, and created the wildest excitement from start to finish, as can be judged from the scores made each inning, which appeared on the gigantic billboard as follows:

Philadelphia ..... 000002004—6  
New York ..... 001030000—4

The batteries were—For Philadelphia, Bender and Schang, and for New York Marquard, Randall and Tesreau, the latter being called from the bench in the seventh inning.

The immense crowd which attended can be best judged by the gate, which amounted to \$75,255. Of this large sum the National Commission gets \$7,525, the clubs \$13,546 each, and divided among the players \$40,638. It is expected that there will be nearly as large a crowd at Philadelphia this afternoon to watch the second game of the series, as the special trains from here this morning were all densely crowded

both on the Pennsylvania & Baltimore & Ohio lines.

What lends increased interest to this great battle for the world's championship is the belief that this season may be the last of the world series games. The idea has been broached by August Herrman, chairman of the National Baseball Commission and owner of the Cincinnati club. His plan is that the regular league season be reduced to 142 games in each league, to be followed by an inter-league schedule of 64 games, by which each National league team would play four games at home and four abroad with each of the American league teams. The total winning percentage for the two schedules might determine the title of the world's championship.

Those arguing for the abandonment of the big series point out that out of sixteen major league clubs only four have shared in the world's series spoils since 1909.

**CARSON DEFIED.**  
(Special to The Daily News.)  
London, Oct. 8.—The British government has decided that there shall be no conference of party leaders on home rule and that Carson shall be defied to do his worst. Preparations for guerilla warfare are being made on the Duke of Abercorn's estate, and a large number of men are now being trained.

South Wellington Rioters Were Given a Second Choice.  
(Special to The Daily News.)  
Nanaimo, Oct. 8.—The South Wellington strikers accused of rioting were yesterday given a second choice and elected to be tried by a jury instead of by the judge.

**THE GIANTS WIN.**  
(Special to The Daily News.)  
Philadelphia, Oct. 8.—The second game of the world series championship baseball took place this afternoon before an immense gathering. No scores were made until the tenth inning, when New York in the next inning managed to get in three runs. The batteries were: Philadelphia, Plank and Platt; New York, Mathewson and McLean.

#### SCHOONER AURORA CAPTURED NOT FAR FROM THIS PORT

SHE OWED A BILL TO A VANCOUVER FIRM FOR HER ENGINES AND HAD SKIPPED TO SEA WITHOUT PAYING FOR IT

The passengers going down on the Prince Rupert Monday had the unique experience of witnessing an arrest at sea. Not the arrest of an individual merely but of the power schooner Aurora. About a hundred miles out of here the Prince Rupert came up with the tug Buster B, flying a blue ensign at her mast and carrying a gold braided marshall from Vancouver aboard. The blue ensign meant that when the Buster B sighted the Aurora she could act as a blue-coated policeman would when he finds someone he is in search of, the blue ensign at her truck being the mark of her authority. That is what some of the passengers of the Prince Rupert had the pleasure of witnessing. The boat was not hand cuffed, as a fleeing debtor might be, but Captain

Brown threw a towline on board of her and lugged her in this humiliating fashion back to the port of Vancouver.

The arrest of the boat is the outcome of civil proceedings for debt, Messrs. Momsen & Rowe holding a judgment for \$1200 against the boat for putting engines into her. The Aurora was once a well-known sealer, but after the passing of the treaty to stop sealing she was sold, refitted, equipped with engines and put on the run carrying mail and freight from inter Harbor at the north end of Vancouver Island to Sea Otter Cove and other places north of Winter Harbor, at the north end of Vancouver Island, to Sea Otter Cove and other places north of the mail route.

#### SEVEN CARS DITCHED

No One Killed, but Several Are Slightly Injured.

(Special to The Daily News.)  
Regina, Oct. 8.—Seven passenger cars were thrown into the ditch near Broadview yesterday when the westbound train No. 64, from Winnipeg, struck a spread rail. No one was killed, but a number were slightly injured.

#### ONE STRIKER IS DEAD

Tried the Hunger Strike to Secure His Release

(Special to The Daily News.)  
London, Oct. 8.—The provisions of the Cat and Mouse Act, permitting prisoners to be released temporarily when suffering from the effects of hunger strikes, appear to apply only to militant suffragettes, for a male prisoner who adopted this mode of obtaining freedom has been allowed to die in Bedford jail. The prisoner, Albert Davis, was convicted of theft.

#### RACE RIOTING AND STRIKERS FIGHTING

Negro Killed and Jail Demolished—Fierce Battle Between Mine Guards and Strikers.

(Special to The Daily News.)  
Joliet, Ill., Oct. 8.—Fifty negroes and as many whites caused a riot in the village of Romeo yesterday, when the negroes attacked the wooden gaol and liberated Lula Gibson, a negress, arrested for drunkenness. In the fight one negro was killed and the gaol demolished.

#### RIDES WITHOUT TICKET RETURNS WHEN READY

A small terrier belonging to G. P. McColl, of McColl & Robertson, is enjoying some pleasant trips these days at the expense of the Grand Trunk. A couple of weeks ago he boarded the passenger train and went as far as Terrace returning in a few days on a freight. Tired of city life he again boarded the train last Saturday, going as far as Hazelton. He is making a more extended visit on his second trip.

#### TRAIN WAS DITCHED

Fireman Instantly Killed and Several Seriously Injured

(Special to The Daily News.)  
Emerson, Man., Oct. 8.—The Northern Pacific train No. 13 from St. Paul to Winnipeg, buried itself in a ditch near Letellier last night, exacting the toll of one life. Several were seriously injured but Fireman W. J. Bayne was instantly killed.

#### GLASGOW CUP MATCH

#### TWO GIRLS POSE AS HUSBAND AND WIFE

Wife Knew Bridegroom Was a Woman—Planned the Scheme to Obtain Education.

Meeker, Colo., Oct. 4.—"Handsome" Jack Hill, who for two years has been the ideal of masculinity in the eyes of the young women of Meeker and who was known to the men as "the chap who married the prettiest girl in the White River country," is a woman.

The disclosure has been made and she has been bound over to the October term of the District Court, charged with impersonating a man.

Miss Anna Slifka, whom the good looking "Jack Hill" married, supplemented her "husband's" confession with one in which she stated that she knew before the "marriage" that "her husband's" name was Helen Halstead, and that the two arranged the affair so that they might work together in earning money to take care of them through an eastern college.

Two years ago Helen Halstead arrived here attired as a man. "He" quickly became the beau of the town, courting many, but finally centreing "his" attentions on Miss Slifka. Miss Slifka's brother recently became suspicious, which resulted in revealing the "bridegroom's" identity.

"I dressed in boy's clothing and came west because I wanted to work my way through college," she said today. "A working girl hasn't any chance in the east, and I thought I could dress like a man and get work on a ranch in the west, where I could earn enough by drawing a man's wages to start me in a good school."

#### BASKET BALL ASSOCIATION

There will be a meeting of the basket ball association at the Methodist Hall at eight o'clock this evening, to decide upon the schedule of games to be played. Teams desirous of entering the league must have their application in this evening.

#### CANADIAN OFFER TO AID ULSTER WILL BE CONSIDERED TODAY

CARSON LEAVING FOR LONDON TO CONTINUE HIS LAW PRACTICE—BELIEVED THERE IS A SCREW LOOSE SOMEWHERE.

Belfast, Oct. 4.—Tonight will be the end of Sir Edward Carson's fortnight of reviews and all Ulster will settle down to its "peaceful" drills. The Duke of Abercorn next week will have three hundred men encamped upon his estate of Baroncourt.

The Nationalists, meanwhile, will continue the policy of non-interference ordered by Redmond and his lieutenants immediately after the fatal Derry riots and broken only in occasional unorganized clashes.

Sir Edward Carson and Mr. F. E. Smith intend leaving for London tomorrow. Obviously both are disappointed at some hitch in their plans. They told a score of newspaper men that they expected to be able to make an important announcement at Rathfriland yesterday, but the announcement was not forthcoming.

Sir Edward stated in an interview that he was returning to London to resume his law practice, and not for a consultation with Mr. Bonar Law.

The special correspondents who have been following Carson and Smith agree that the scene of the home rule drama will be transferred next week to London, where it is probable that there will be strong influences at work to bring both parties together for a formal discussion. Meanwhile, the offer of Winnipeg Orangemen to drill a regiment five hundred strong has been placarded here in big type: "Canada offers help." The offer has not yet been discussed by the provisional cabinet, but probably will be on Wednesday.

Mr. Deasy, Indian Agent for the Queen Charlotte Islands, returned from the south by the Prince George this morning feeling much relieved and considerably improved in health. Mr. Deasy went south some weeks ago in very poor health, fearing that an operation might be necessary but his physician diagnosed his case as one of acute indigestion. The treatment which he has been taking has already had a very evident effect and Mr. Deasy has returned in the best of spirits. He will leave for the Islands tonight.

#### POLICE HAVE SOLVED THE MURDER MYSTERY

Have Located the Man Who Shot Dog and Threw It Into Harbor.

The mystery of the blood stains found on the G. T. P. dock and the cold storage was cleared up by the police this morning. Constable Bailey and another officer spent a couple of hours dragging the harbor in the vicinity, but without success.

After this they went to the cold storage plant, where they made inquiries among the men. Finally they located a man who told them that R. Anderson had come to him to borrow a lantern, saying that he wanted to shoot a dog. Further investigation led to the location of Anderson, who owned up to the shooting. He said the canine was badly diseased and had to be destroyed. In company with another man, Anderson took the dog up the right-of-way, tied it to a stone, shot it and threw it into the harbor.

Angus Stewart, railway contractor, returned from the south this morning.

#### GORDON KIRKPATRICK A HAPPY BOY TODAY

He Is the Proud Owner of a Cute Little Shetland Pony Just Arrived.

Little Gordon Kirkpatrick, son of J. A. Kirkpatrick, is the happiest boy in Prince Rupert today. He is the proud possessor of a beautiful bay Shetland pony which arrived by the Prince George this morning. The little pet, which stands about 38 inches high, was bred in Wales on a ranch belonging to Rt. Hon. Lloyd-George. Mr. Kirkpatrick purchased it at the New Westminster fair from P. A. Cox of Brantford, Ontario. It is thoroughly trained for both riding and driving. Until the novelty wears off Gordon will have more friends than any other boy in the city. All the kiddies will be anxious to have a ride or a drive behind the cute little equine.

#### MEETING OF PRESBYTERIANS

A meeting of the whole of the Presbyterian congregation will be held tonight, at 8 o'clock, in the Presbyterian Hall. Every Presbyterian is expected to be present.

#### FUNDS FOR RELIEF OF NOME SUFFERERS START IN SEATTLE

FIRE BROKE OUT AMONG WRECKED BUILDINGS AND FIRE APPARATUS IS OUT OF BUSINESS—THE SURF SWEEPS FARTHER INLAND.

(Special to The Daily News.)  
Seattle, Oct. 8.—The Chamber of Commerce yesterday raised one thousand dollars among its members for the relief of the Nome sufferers. Besides this, contributions of lumber have been requested, with which to restore the damaged buildings capable of repair. The steamer Senator, which was to sail for Nome today, will be held until it is known by wireless what articles are most desired in Nome. The early closing of Behring Sea by ice from the Arctic Ocean is feared.

surf which overwhelmed the city continues to sweep still farther inland, scooping deep holes and creating new hills. Blinded by salt spray and whirling snow clouds, men and women are still fighting to save their lives and what is most valuable among the wreckage. To add to their misery the ruined buildings yesterday took fire and the fire apparatus was found to be entirely useless. The greatest anxiety is felt in regard to food, most of the stores for the coming winter having been spoiled or swept away.

Nome, Oct. 8.—(Later.)—The storm is beginning to abate. Three unidentified bodies have been washed ashore. Five hundred people are homeless and help from the outside will be necessary.

#### STARTING OF NIGHT SCHOOLS IS DISCUSSED BY CITIZENS

SUBJECTS TO BE TAKEN UP WAS CHIEF QUESTION AT LAST NIGHT'S MEETING—COMMITTEE WILL FORMULATE LATE PLANS.

As a move toward establishing night schools in the city a public meeting was held in the city hall last night. Mayor Pattullo was unanimously chosen as chairman of the meeting and R. W. Godson was elected secretary.

Rev. F. W. Kerr, being one of the prime movers in the matter, was asked to enlighten the meeting as to any plans that had been formulated. He said there seemed to be an earnest desire in the city for night schools which might be along either commercial or technical lines. Among the subjects that might be taken up were mathematics, English, metallurgy, electrical engineering, etc. He suggested that the school board might be willing to allow the use of the schools for holding the classes.

R. H. Shockley was of the opinion that a mixed course, commercial and technical, would be most satisfactory. He thought that as soon as five students for any subject were enrolled a class be formed.

H. Shaw agreed that the subjects suggested would be a great help to those wanting instruction. There are many men in

various trades who are not proficient and desired to improve themselves. If there are enough men in the city who would avail themselves of the opportunity he considered it would be well to establish night schools.

At this point the chairman suggested that a committee of five be appointed to formulate definite plans. Rev. Mr. Kerr agreed with this and added that on this committee there should be men representing different classes of work. He moved that such a committee be appointed, Mr. Shaw seconding the motion, which was carried.

Mr. Kerr said he would like to hear from Mr. Nelson as to the prospects of the school, board assisting in the matter. Mr. Nelson, in reply, said he could speak only as one member of the board, but he would be only too willing to co-operate in every possible way in regard to the use of the schools. He drew attention to the fact that the seats were for children and would not be comfortable for adults. He thought the board should have consid-

**THAT CENTENARY OF PEACE.**

Not much interest is shown in this city in the coming celebration of peace between Great Britain and the United States, beyond the fact that a memorial arch is to be built at Blaine connecting this province with one of the states. The intention of the peace centenary is to celebrate the fact that there has been peace throughout a century that has passed, during the greater part of which the majority of the celebrants were not yet alive and could, therefore, not have been in any way responsible. If the peace celebration had, as an object of its rejoicing, a pact between the two countries to refrain from war for the century that is to come the occasion for the celebration would be much more tangible.

In the celebration which is being arranged, soldiers of both countries are to take prominent part. This is on a par with the position of Andrew Carnegie, who builds a peace palace out of the profits derived from the manufacture of armor plate. In the celebration which should be arranged soldiers would have no part, because the practise of soldiery would have ceased to have a reason, and there would be no more occasion for men to be soldiers.

**WHOLE ARGUMENT IN A NUTSHELL.**

Patriotism is the basis of loyalty; Canadianism is the

basis of enduring imperial unity. Full and free public discussion is the basis of responsible government; upon it rest the rights of both majorities and of minorities in parliament. That is sound Liberal doctrine.

Loyalty overrides patriotism; imperial unity is founded on colonial subservience. Responsible government means the dictation of the majority in parliament to the minority regardless of constitutional rights, parliamentary usage and the people's mandate. That is sound Tory doctrine.

The drain of Canadian cattle to the United States will, it is said, make meat very dear and scarce here. Instead of taking the tariff off imported meat Mr. Borden will probably tell us that over-indulgence in meat has for years been Canada's national vice, and that he is determined to check it.

Correspondents should spell Canada in full is the advice given by the Monetary Times, Prince Rupert, Can.; Montreal, Ca.; Winnipeg, Can., etc., in the opinion of that journal, looks as if we were really going to the dogs. It may be those other municipalities are unable to save themselves, but Prince Rupert CAN.

**CARNIVAL OF NOISE ON COAST TO CELEBRATE CANAL OPENING**

**WHEN BUTTON IS PRESSED ON FRIDAY MORNING LAST OBSTRUCTION PACIFIC COAST WILL ROAR FROM SAN DIEGO TO VICTORIA.**

Seattle, Oct. 5.—The plan initiated by the Seattle Chamber of Commerce for a coastwide celebration October 10th at the moment of the blasting out of the last obstruction in the Panama Canal which still separates the waters of the Pacific from the Atlantic has met with the most enthusiastic response from commercial bodies and military and naval commanders from San Diego to the Canadian line, and it is now assured that the pressing of the button that will touch off the final blast in the canal will turn loose the greatest volume of noise ever heard on the Pacific Coast.

J. C. Slater, chairman of the progress and prosperity committee, which has had the matter in

charge, has received advices assuring him of the support of the celebration from Rear Admiral V. L. Coltman, commandant at the navy yard, Puget Sound; Colonel R. H. Wilson, of Fort Lawton; Colonel C. J. Bailey, commanding the coast defenses of Puget Sound at Fort Worden, and commercial bodies from all over the coast.

Some fear was felt that the recent earthquake at Colon had disturbed the bed of the canal to such an extent that the final blowing out of the Gamboa dike would have to be postponed, but advices received in the city yesterday were to the effect that the explosion would take place on time, and all the correspondents of the chamber of commerce have been so advised.

**LIBERAL HAS THE BEST CHANCE FOR CHATEAUGUAY SATURDAY**

**FISHER'S SUPPORTERS ARE COUNTING UPON HIM TO CARRY THE RIDING BY A MAJORITY OF ABOUT TWO HUNDRED.**

Ottawa, Oct. 5.—At the headquarters of both political parties in Ottawa today confidence was expressed as to the outcome of the by-election in Chateauguay a week from Saturday. Both sides agree, however, that no matter who wins the majority will not be a large one. Liberals are pinning their faith upon a prediction made by Mr. Robert Ness, a well known cattleman, who resides in the constituency. Mr. Ness claims a majority of 150 for Mr. Fisher.

Conservatives, on the other hand, are disposed to believe that much can be made out of the fact that Hon. Sydney Fisher is not a resident of the constituency. They believe that Mr. James Morris, the Conservative candidate,

will get the votes of many who gave their support to Mr. Brown at the last election. On the other hand, J. Angus McMillan, Liberal member for Glengarry, who is interested in the fight and who was here today, says that Mr. Fisher will poll the full Liberal vote, which Mr. Brown failed to do in his last fight. He claims a majority of 250 for Mr. Fisher.

So far as can be learned tonight Premier Borden does not intend to speak in the constituency and it is not likely that any Quebec members of the cabinet will take part in the speaking campaign. The Conservatives say that their organization is good and that they propose to devote their energies to a thorough canvass of the riding.

**ROOSEVELT IS OFF FOR SOUTH AMERICA**

**Denied Published Reports That He Intends to Return to the Grand Old Party.**

New York, Oct. 4.—Theodore Roosevelt bade his friends farewell last night on the eve of his departure on a journey to unexplored South America at a dinner given in his honor by the Progressive National Service and the Progressive Society of the State of New York. Addressing some 2,000 men and women who gathered in his honor at the New York Roof Garden, the colonel made a speech, in which he apparently sought to put a quietus on published reports that he intends to return to the Republican party.

"I warn our opponents that that fight has only just begun," said Roosevelt, his voice breaking in his earnestness. "I will never give up the principles to which we Progressives have pledged ourselves."

**Police Have Vicious Dog.**  
Kwong Sang Hing, a Celestial, was ordered by the magistrate some ten days ago to destroy a vicious dog. Yesterday morning he again appeared before the magistrate to answer to the charge of disobeying the order of the court. He was fined \$5 and costs and the police took charge of the dog.

**Secretary to Governor General.**

Ottawa, Oct. 4.—Charles Jones, chief clerk in the office of the governor general, has been superannuated. He is being succeeded by Mr. Arthur Sladen, who has been civil secretary to Lord Minto, Lord Grey and the Duke of Connaught. Mr. Sladen will continue to act as secretary to the governor, general, and will combine the duties of secretary with those of chief clerk in the governor general's office.

**Line Will Run from Whitehorse to Dawson.**

It is probable that an automobile line from Whitehorse to Dawson, in Yukon Territory, will be established soon, as the road has been greatly improved by the government during the last summer. The passageway was made wider and the grades reduced to such an extent that automobiles can climb them with heavy loads. As it has been thoroughly demonstrated that motor cars can be operated in a temperature as low as 70 degrees below zero, it is expected that this type of vehicle will be of material assistance in rapidly developing the northern country.

YOU HAVE HEARD OF THE FAMOUS Bulkley Valley

Which contains one of the largest and richest bodies of agricultural land in British Columbia. You have heard of the tremendously rich Babine, Hudson Bay Mountain and Copper River mining districts. The Grand Trunk Pacific is now operating trains from Prince Rupert to a point 304 miles east. The trade centre and future city of this wonderful section is HUBERT—located in the very heart of the Bulkley Valley, and from where branch railroads must be built to open up the great surrounding country. HUBERT is located three miles east of the old towns of Telkwa and Aldermere, both of which will move to the railway. HUBERT is the recognized location for the future city, and has behind it the same organization that created and made Fort George famous.

TO PRESERVE OLD HALWILGET BRIDGE

Citizens' Association Takes Action to Preserve Antique Relic for Benefit of Tourists. A few nights ago the matter of repairing the old Indian bridge which crosses the Bulkley at Halwilget was under discussion among some of the citizens. It is only a small matter at present to renew one or two pillars and the bridge would be made good for a number of years yet and at the same time the appearance would in no wise be affected. It is acknowledged on all sides that this bridge with its historic value is an important asset to the town when the tourists begin coming through. The Indian bridge with what it represents in native ingenuity and the extreme labor required by the primitive methods employed represents to the tourist one of the wonders of the world, and they will come thousands of miles to see it.—Omineca Herald.

BIG GAME OF ALASKA BEING WANTONLY KILLED FOR SPORT

CARCASSES OF MOOSE, CARIBOU AND MOUNTAIN SHEEP NUMEROUSLY FOUND ROTTING AND WASTING—GOVERNOR STRONG TO TAKE ACTION.

Juneau, Alaska, Oct. 5.—Ruthless slaughter of game in the Seolai Pass country by cheechakos and big game hunters is reported in letters received in Juneau from reliable sources. Ptarmigan lie scattered about like pebbles on a sandy beach, while carcasses of moose, caribou and mountain sheep are numerous found rotting and wasting, according to this information. The big game, it is said, is stampeding into the Yukon Territory for protection. No charges or blame is attached to the real prospectors for this sort of vandalism, nor are the Indians accused of violating the game laws, for it is conceded that they kill only what they need and use. At the governor's office it was admitted that complaints had been received charging violations of the game laws and that the matter is now being investigated. Governor J. F. A. Strong says that he is making an effort to get an appropriation for more game wardens. "A party of Seattleites passed along the mountain range where there is a very dangerous stream," says one letter. "Seven caribou were seen grazing on the opposite side of the river, where it was impossible to recover them. Yet this party shot every one of the animals just for the sport of watching them fall. The carcasses rotted where they fell." ROBBERY ON ALASKA SHIP Eight Staterooms on Steamship Northwestern Are Rifled. Seattle, Oct. 4.—The United States marshal's office was notified by wireless telegraphy today that eight staterooms on the Alaska steamship Northwestern had been ransacked after the boat left Ketchikan, Alaska, and \$400 stolen. When the Northwestern arrived here today it was met in mid-harbor by a launch containing deputy marshals, who searched several men upon whom suspicion rested. The thieves took nothing but cash, and were not run down. Pantorium Pioneer Cleaners. Phone 4. tf

### LIGHTING OF SIXTH AVENUE IS DEBATED

It Being a Capital Expenditure Bylaw Must Be Submitted to the People

The report of the electric light committee and the finance committee upon the petition for the lighting of Sixth Avenue to Seal Cove were brought up before the city council on Monday night. The light superintendent's report was embodied in these, the latter stating that to put in the light along Sixth Avenue would cost \$2,572, and that to put in four lights to residences would cost \$192, making a total of \$2,764.

In answer to Ald. Maitland the mayor said it might cost more than the sum given and it was really one of capital cost, and as it was not reasonable to expect it to be paid out of current revenues after these had been appropriated, it was therefore fitting that the people should vote upon it. A bylaw for this purpose would be submitted later.

Ald. Maitland wanted to know why a bylaw was needed for this and not for Beach Place. The mayor said the cost of one was small as compared with the other. He agreed with Ald. Maitland that they needed light on Sixth Avenue, and he would like to see light there for the people going home, but the expense was too large just at present.

After some further discussion the report of the two committees against the lighting was adopted.

### STARTING NIGHT SCHOOL DISCUSSED BY CITIZENS

(Continued from page 4)

ered the question of teaching English and arithmetic at least to the foreign population.

Harrison Rogers referred to the night schools in Vancouver, which are a great success. A fee of \$3 per term is charged there. The pressing needs here, he felt, are English, arithmetic, writing and spelling. There might also be classes in art, drawing, etc.

Mr. Shockey suggested that a notice be put up in the reading room asking for suggestions as to subjects desired. On request of the meeting he was authorized to look after this.

Mayor Pattullo named as a committee to formulate plans Messrs. Kerr, Shockey, Black, Shaw, Rogers and Godson.

The meeting then adjourned, the committee remaining to discuss the question.

The following list of subjects for tuition was proposed:

Elementary English, arithmetic and spelling, geometrical drawing, machine construction and drawing, arithmetic and mensuration, stenography and typewriting, building construction, electricity, steam, mechanics, sound, light and heat, navigation.

It is requested by the committee that all those wishing to take up any of these studies will notify the secretary, W. Godson, on or before Saturday next, stating the particular subject or subjects in which they desire tuition. It must be understood that upon the number of students who at once enroll depends the success of the undertaking. If a sufficient number enroll a class in steam engineering will be started, from which students may take an examination for the B. C. stationary engineer certificates.

### WELL KNOWN MINING MAN VISITING INTERIOR

James Cronin, a well known mining man in British Columbia, arrived in the city on the Prince George this morning and left at ten o'clock for the interior. Mr. Cronin was one of the first mining men to do any extensive development work in the Hazelton district. It is understood that he has several properties in the Babine country and now that transportation facilities have been greatly improved it is not improbable that the properties will be further developed and put on a regular working basis. Mr. Cronin was for some time in charge of the silver-lead mines at Moyie.

### DINING CAR SERVICE IS ALSO EXTENDED

With the extension of the passenger and freight service on the G. T. P. beyond Hazelton to Rose Lake, the Canada Railway News Company has also extended its service. W. J. McLean, manager at Prince Rupert, informed The News yesterday that a dining car is now running regularly on the mixed train between Smithers and Rose Lake.

Referring to the starting of a lunch counter in the G. T. P. Inn, which is to be closed one week from today to be used as offices and waiting rooms for the railway, Mr. McLean stated that according to the present plans there will also be tables at which the public may sit down to a regular meal. He contemplates serving a special evening dinner at a popular price. The room that has up to the present been used as a dining room will be used for the lunch counter and tables.
