### CONDITIONS IN DUBLIN MORE HOPELESS—BIGGEST BLAST ON PANAMA CANAL TO-MORROW

#### ALD. MAITLAND AFTER SCALPS OF THE OWNERS AND AGENTS

**SUBJECTS TO THE FINES IMPOSED ON RESIDENTS OF THE RESTRICTED DISTRICT—CHIEF TO GET NAMES OF AGENTS FOR VARIOUS PROPERTIES.**

Following the reading of Chief Vickers' report at the monthly meeting of the police commissioners yesterday, Alderman Maitland opened up a big question by objecting to the fines that were being imposed upon residents of the restricted district. Upon asking why these fines were imposed Chief Vickers explained that it was because the convicted women had made themselves objectionable and had not lived up to certain rules of the district. Alderman Maitland took the ground that if the women were objectionable they should be sent out of the city. Further discussion of the question made it quite apparent that Alderman Maitland was after the owners and agents for the property in the restricted district rather than the women who lived there. He was of the opinion that the laws regarding these matters had been made more strict and he said the city should keep up with the law. Chief Vickers produced a copy of the statute, from which was shown the owners of and

agents for such property are, upon conviction, liable to a fine of \$200. This brought up the question of rents paid and Alderman Maitland suggested that the chief secure the information. Without a moment's hesitation Chief Vickers produced from his pocket a detailed statement showing this information. The rents, he said, varied from \$10 per week to \$80 per month. City Solicitor Peters was called in for information on the legal aspects of the case. Alderman Maitland's suggestion that the women be sent out of the city, he said, could not be followed. If the women refused to go the authorities could not make them go. The only way to make them leave the city was to sentence them to terms at New Westminister. In some cases undesirable women had been driven away by inflicting suspended sentences on the understanding that if they were still in the city after a fixed date they would be sent down.

#### DUBLIN IS BEING RUINED BY THE LONG, TERRIBLE STRIKE

**LABOR NOW HOPING FOR WIDER IMPERIAL SUPPORT, ESPECIALLY FROM CANADA—A HUNDRED THOUSAND PEOPLE FACING STARVATION.**

(Special to The Daily News.) London, Oct. 9.—Dublin's labor war is rapidly acquiring wider significance. The peace negotiations having failed, each side is drawing on its final resources. Labor now hopes for wider imperial support, especially from Canada.

The situation in the city is that one hundred thousand

persons face starvation; trade is paralyzed; the ships lie idle at the wharves; the quays are piled with merchandise; the shopkeepers loiter idly, customers having no money. Great crowds of thinly clad, hunger marked men and women are standing outside Liberty Hall awaiting doles of soup and food; Dublin is being ruined.

#### FIRST FAIR WAS A FINANCIAL SUCCESS

**After All Accounts Are Paid There Will Be a Balance in the Treasury.**

There was a full attendance of the board of directors last night at the office of the exhibition association, when Secretary L. Bullock-Webster presented a preliminary winding up report of the initial fair. A large number of payments were presented to the finance committee to be passed upon, and cheques for these will be issued at once. According to statements submitted by the directors were pleased to learn that Prince Rupert's first fair will be closed out a financial success, and when all outstanding obligations are met and collections received there will still be left a small balance in the treasury for next year. On motion a hearty vote of thanks was passed Percy F. Godenrath for his work in connection with the financial campaign and publicity of the fair.

Mr. Percy Godenrath yesterday appeared before the civic finance committee and presented a report of the subscriptions received by the Northern B. C. Agricultural & Industrial Association, and the finance committee authorized a second payment of \$1,500 to the association. The final payment will be made when the accounts are all in and balanced.

#### OFFICIALS INSPECT WIRELESS STATIONS

**William Joliffe Specially Equipped with Wireless Apparatus for This Purpose.**

The steamer William Joliffe was in port yesterday afternoon, having on board C. P. Edwards of Ottawa, superintendent of wireless stations; E. M. Haughton, Pacific Coast superintendent, and Mr. Stephenson, wireless engineer for the coast service. The steamer has been making a special trip inspecting the various wireless stations on the coast and was temporarily equipped with wireless apparatus. The stations on the west coast of Vancouver Island have already been visited, as well as Triangle Island and Ikeda stations. Yesterday the station at Digby was inspected, and the steamer left last night for the south to inspect Alert Bay and Cape Lazo stations.

According to Mr. Edwards, there will be a station at the north end of the Queen Charlottes just as soon as a trans-Pacific service is established.

It is understood that the Joliffe, which has been under charter for some years by the Dominion government for the fishery protection service, will, upon its return to Victoria, be turned over to the B.C. Fishery Commission, to whom it belongs.

SAVED FROM GALLOWES

**Gibson's Sentence Commuted to Life Imprisonment.**

Ottawa, Oct. 9.—The prayers of sixty thousand petitioners from Toronto were successful in the eleventh hour, saving Charles Gibson of Toronto from the gallows. A new trial is likely as a result of this. Among those who carried the petition to Ottawa were Herbert Lennox, K. C.; Rev. Mr. Laing, Sir Henry Pellatt and Rev. John McNeill.

BLAZE QUICKLY PUT OUT

**Brigade Made Quick Run During the Noon Hour.**

Chief McDonald and his men made a quick response about 12:30 today to a telephone call advising them of a fire in the R. A. White building, near the corner of Second avenue and Eighth street. The fire was in one of the upstairs apartments and was caused by a stove located too close to the wall. The damage done was but a mere trifle, the blaze being extinguished a few moments after the fire ladders arrived.

THE PHILLIES WON.

(Special to The Daily News.) New York, Oct. 9.—An even greater crowd assembled on the ball ground today than at the first game of the world series. The scores were:

Philadelphia 3 2 0 0 0 2 1 0—8

New York 0 0 0 0 1 0 1 0—2

This makes two games for Philadelphia, against one for New York. In the game today the Phillies made twelve errors and the Giants five. The pitchers for the Giants were Tesereau and Crandall, and for the Phillies, Busch.

At Philadelphia yesterday the total gate amounted to \$49,640, of which the National Commission receives \$4,964, the clubs' share \$8,935.20 and the players \$28,805.60.

#### PRESBYTERIANS DECIDE TO BUILD A MANSE

**Building of a Church Deferred Until a Later Date for Several Reasons**

An interesting and important meeting of the Presbyterian congregation was held last night in the Hall on Fourth Avenue. After a good deal of tense debating, an enthusiastic decision was arrived at to erect a manse as expeditiously as possible, so as to save rental, and to be ready to proceed within the next twelve months with the erection of a church.

The report on current revenue presented by Mr. J. W. McKinley, showed the congregation to be in a flourishing condition. Also with the asset of five valuable building lots on Fourth Avenue, the congregation left sanguine in launching a forward movement of some kind.

Some favored the immediate construction of a portion of a church edifice. Against this was argued the present financial stringency—also the fact that in another year there might well be expected almost a doubling of the congregation, and whereas the present evening congregation sometimes reached almost to the five hundred record of attendance, that it would be futile to erect a small building. The only thing to face is a large building in the very near future, but the present was not an auspicious time.

Then the building of at least a manse was proposed. This was opposed by Rev. F. W. Kerr, who felt that a church was the first consideration, and that he was willing to put up with any personal inconvenience rather than over-burden the people. Against this it was urged that to pay interest on a building would be less than to pay rent for another man's house and lot together. Mr. D. C. McRae strongly advocated a campaign to abolish the present indebtedness on the property.

Finally a division was called for and the vote was almost unanimous in favor of proceeding at once with the erection of a manse.

The site of the Presbyterian church and manse will be one of the finest in the city, commanding a magnificent view of the harbor, and at the same time being easily accessible from both the business and residential sections.

#### DEPARTMENT STORE TO BE OPENED HERE

**Prince Rupert Is to Have a Large Department Store, Conducted on Up-to-Date Methods.**

As additional evidence of outside faith in the City of Prince Rupert another large dry goods store is to be established in this city. Some months ago Pride, Nash & Co., of Stettler, Alta., wrote to Harrison, Gamble & Co., seeking information as to the field for another store. As a result of the information given Mr. Nash came here a couple of months ago to look over the situation and make arrangements for premises. The prospects looked so encouraging that a decision was reached to open up and the premises lately occupied by the Prince Rupert Hardware & Supply Co., on Third avenue, were secured temporarily. Mr. A. W. Pride, senior member of the firm, arrived in the city yesterday and on the same boat a large portion of the new stock ordered specially for their store here. The freight alone on the goods arriving yesterday amounted to nearly a thousand dollars.

Carpenters are at work today putting the store in shape to receive and properly display the goods.

Pride, Nash & Co. conduct one of the leading stores in Stettler, and it is their intention to make their store here an up-to-date departmental establishment. The temporary premises have been leased until August next. In the meantime larger and more suitable premises will be arranged for.

#### PREPARING TO SHIP BIG GUNS TO PROTECT THE PANAMA CANAL

**FORTS FOR PROTECTION OF THE PACIFIC ENTRANCE ALREADY CONSTRUCTED ON THREE ISLANDS IN THE BAY OF PANAMA.**

New York, Oct. 6.—United States army officers have begun to prepare the special tackle and machinery which will be needed to handle at the piers here the big guns which will be sent on a ship to the Panama Railroad and Steamship Company this month to the fortifications at the entrances to the Panama Canal. The guns for the Pacific forts will go first. They are one fourteen inch gun with several six inch rifles. The other fourteen inch gun and the sixteen inch one, which are now being manufactured, will not be ready for several months.

It has been found advisable to send these guns by sea from New York, even though they are intended for the forts at the Pacific end of the canal. At Cristobal they will be put on cars constructed specially for them and taken across the isthmus. The cradles and carriages for the larger guns have been cast in the shops at Gorgona, and have been ready for more than a month.

Fortifications of the Panama Canal has in view two points: First, making it impossible for an enemy in time of war to take possession of the waterway, and, second, making it impossible to injure it to such an extent that it could not be used by the navy of the United States. There is one other way in which the canal could be made useless as an instrument in the hands of the United States, and that is by blockade. The forts cannot prevent this, the authorities say. Nothing but a strong navy can be of avail in such a case, they assert.

The forts at the Pacific entrance are being constructed on three islands in Panama Bay at the very beginning of the canal, Flamenco, Perico and Naos. These islands are great masses of volcanic rock. Behind these rock walls, the men are safe from the fire of any ship, no matter how near the ships stand. A whole fleet within a mile of these islands could keep up a steady fire and not injure the forts or the men in them.

#### BRITISH GOVERNMENT AGAINST CALLING IMPERIAL CONFERENCE

**TOO MUCH OCCUPIED WITH DOMESTIC POLITICS TO CONSIDER THOSE OF THE DOMINIONS—WIDESPREAD DISAPPOINTMENT THE RESULT.**

London, Oct. 6.—The Daily Telegraph in an article this morning says it understands the government has no intention of calling a general imperial conference. The announcement, which it is claimed, is made on the highest authority, has occasioned widespread disappointment, even more marked in the overseas dominions than in the mother country.

In Canada, New Zealand, Australia, South Africa, responsible ministers have openly expressed their hope that His Majesty's government would recognize the importance of immediate consultation between the different sections of the Empire, with a view to concerted action, and the Daily Telegraph, in reviewing the situation, adds:

"So strong are the arguments for a conference that the colonial press, apparently with full knowledge that representations had

been made to the imperial government by several of the Dominion cabinets, had taken it for granted that the ministers of the Empire would confer next month.

"In several of the dominions discussions of the naval problems for weeks past have proceeded on the confident assumption that the gathering would take place and it will therefore be learned, overseas, with poignant regret, that Premier Asquith, who has the first and last word on the subject by virtue of his powers as chairman of the committee of imperial defence, has decided against the proposal.

"In the meantime individual ministers have received invitations to meet the committee of imperial defence, the admiralty and the war office and it is understood that Hon. George Perley, minister without portfolio in Premier Borden's cabinet, will confer with the admiralty regarding the impasse in Canada."

## DESIRE GOVERNMENT TO AID IN BUILDING RAILWAY TO CHISANA

PRESIDENT OF WHITE PASS RAILWAY IN VANCOUVER ADDS TO STATEMENT HE MADE WHILE HERE ON THE SUBJECT.

Vancouver, Oct. 6.—"Provided that development work now being carried on in the White River region in the Yukon warrants us in proceeding with our plan, and that government assistance is forthcoming toward the enterprise, we will extend our line from its present terminus."

Announcement to this effect was made this morning by Mr. O. B. Dickson, president of the White Pass & Yukon Route, who arrived from the north on the Princess Sophia, accompanied by Mr. W. B. Close, head of the financial firm of Close Brothers & Company of Chicago and London, and Mr. W. D. Greenough.

"With reference to the proposition to extend a railway to the White River district: Our attitude on this question has been definitely stated before. It is to the effect that we would extend our line to that district providing sufficient development work is carried on to prove the value of the region as to the production of tonnage, and further providing that we can obtain reasonable assistance from the government to carry on such an enterprise."

"We have had an examination made of the White River region by our mining engineer this year, and we believe that the district holds a bright future. Furthermore, just beyond the White River copper region the Chisana strike has been made, which is bound to lend considerable assistance to any project of this nature. It will take time and considerable capital to work out these problems, but we are

busily engaged in an effort to solve them, and we have no doubt as to the ultimate outcome."

### Successful Baptist Social

Last Tuesday the Ladies' Aid of the Baptist Church held a very successful sock social. Everything passed off most pleasantly and near \$70 was received. The President, Mrs. Sinclair; the Vice President, Miss Wark; the Secretary-Treasurer, Miss Clark, and all the ladies did splendid service. Acting Pastor, Rev. Wm. J. Scott, presided, and Mrs. Munro rendered two very fine recitations. Mr. J. E. Davey and Mr. Waddell sang solos and Messrs. Davis and Clapperton duets in their well known efficient way. Mrs. Walker kindly accompanied the singers. An interesting literary contest followed. Mrs. Westenhaver winning first prize. The company then descended to the Brotherhood Rooms, which had been prettily decorated, and partook of the refreshments that had been bountifully provided. Indeed, there were some cakes to spare and these were sold by auction to ready buyers by Mr. W. M. Murray, who proved himself a first rate auctioneer.

### MAITLAND AFTER SCALPS OF OWNERS AND AGENTS

(Continued from page 1)

In regard to the liability of the owners of the property this was a difficult matter to prove, as many of the owners lived out of the city. He was of the opinion that the district here is run much more satisfactorily than in most other places.

Mayor Pattullo said he could see no objection to fining those people who did not properly behave themselves. Of his own personal knowledge he was not prepared to swear that such conditions exist, but he believed that they do exist and there is no doubt but that the district entails increased expense in the way of policing. There is no reason, he said, why they should not pay something toward this. The existence of such a district is illegal, but it is a question that has occupied the attention for years of greater minds than those now dealing with it and no satisfactory solution had been found. The mayor asked Alderman Maitland if he was in favor of wiping out the district entirely, but the latter merely replied that he wanted to see the law enforced.

Alderman Maitland moved, seconded by Commissioner McColl, that the chief procure a list for the next meeting of the agents for the different houses in the district. This motion was carried. Mayor Pattullo asking the city clerk to make a note that he had not voted for the motion. He said he did not approve of stirring up this matter at the present time as there were many important matters to grapple with. If the question were taken up it was doubtful if a more satisfactory solution would be arrived at. He felt that the police had the matter well in hand.

### Chief Vickers' Report.

Chief Vickers' report for the month of September showed fines of \$629, the second largest in the history of the city, were collected. There were 72 cases, with 71 convictions. Of these 31 were for drunkenness, 10 for keeping disorderly houses, 3 for vagrancy, 2 for common assault, 4 for theft, 1 for forgery and 5 for supplying liquor to Indians. The expenses for the month were higher than usual, but the chief said he was keeping well within the estimates.

### Cashier Loses Big Sum.

Stonington, Conn., Oct. 6.—Carl A. Koelb, cashier of the American Velvet Company, was held up at the point of a gun and robbed of \$16,000 this forenoon by two masked men while he was driving from a bank to the mill.

### VOLCANIC ASH HOLDS ALASKA IN A SHROUD

Belching Peaks Shower the Peninsula with a Heavy Layer of Volcanic Cinders.

Seattle, Oct. 6.—Reporting that ashes from the volcanic peaks in the Aleutian range covered the rigging and decks of the ships with a ghostlike touch, whitened the ground of the Alaskan Peninsula, and left a smoky pall over the waters during the summer, the brigantine Harriet G., Captain J. A. McInnes, reached port yesterday and docked at Pier 5. That the mountains in the Aleutian range have belched ashes all summer, with Mount Katmai unceasingly sending forth volcanic cinders, is the report of the master and crew.

"During the summer we were anchored in Port Helden, on the peninsula, some 200 miles from Unimak," said Captain McInnes last night, "and the grass on shore was covered with a mantle of ash and the sky was always cloudy from the smoke belched forth from the peaks. Although Unimak Island is usually garbed with perpetual snow, we were surprised on the way down to find the snow black with ashes. On September 18 it appeared by our glasses, which we levelled on the island, that the snow was covered by about three feet of ash.

"For forty miles down the coast the sky was overhung with smoke from the belching peaks."

### BELLA COOLA FARMERS

Look to Prince Rupert for their Market

Wm. Manson, M.P.P., returned yesterday from Bella Coola, where he attended a very successful fair. He reports that the farmers of that valley appear fairly prosperous notwithstanding that some of the crops are not up to the average owing to the excessive rain this season, which has prevailed generally over the coast. The farmers of the district are looking forward to Prince Rupert as their natural market and are in hopes of seeing better transportation facilities established between the two points.
