BOARD OF TRADE DISCUSSES QUESTIONS OF VITAL INTEREST

**PART MADE TOWARD A PERMANENT PUBLICITY BUREAU—
COMMITTEE TO PRESS QUESTION OF WATERFRONT
FACILITIES—NEW MEMBERS ELECTED.**

The establishment of a mineral bureau for Prince Rupert was the principal business before the board of trade at its monthly meeting last night. The president, F. G. Dawson, reported that during the recent fair Messrs. Naden and Thompson, along with others, had interviewed a number of the exhibitors with the result that a number of the exhibits, particularly minerals, had been donated to the board for permanent display in the city. At present these are stored in the Westenhaver Block, Mr. Westenhaver having generously offered vacant store free of charge for a month. Some provision should be made for a permanent location.

Mr. R. Naden was of the opinion that the board of trade was not in a position to finance the matter here. If a room in which the exhibits of the real estate exchange could have permanent quarters could be secured it might be handled jointly by the city council, the real estate exchange and the board of trade. The advantages to be derived from having a permanent exhibit were referred to by several members. Mr. Dawson cited the case

**Burns & Co. Offer to Donate
Supply to Hospital for
Thanksgiving Dinner**

At the regular monthly meeting of the hospital board yesterday afternoon the question of purchasing up-to-date sterilizers for the operating room was considered. D. G. Stewart, the chairman of the board, was of the opinion that these were almost a necessity and reported that the Ladies' Auxiliary had the matter under consideration. The cost of the complete outfit would be approximately \$400, but at the present time the hospital finances were not such as to permit undertaking the liability. On motion of H. Douglas, seconded by J. A. Kirkpatrick, the board placed itself on record as willing to refund the amount of the Ladies' Auxiliary as soon as the matter would permit in case the body chose to carry out the proposition. The chairman of the board reported that the new electric elevator is working most satisfactorily. He also referred to the splendid equipment and ideal conditions in the operating room and drew attention to the fact that a very difficult operation had been performed on Monday, the physician and attendants being well pleased with the equipment, light, etc. The very generous offer of P. Burns & Co. to provide an ample supply of turkeys for Thanksgiving was reported and will be fully acknowledged. Managing secretary Wright reported that there are only 28 patients in the hospital at present, this number being considerably smaller than usual. The members of the board in attendance at the meeting were: D. G. Stewart, H. Douglas, O. H. Nelson, J. A. Kirkpatrick, C. V. Bennett, Mr. Brady and Secretary Wright.

THE BY-ELECTION IN CHATEAUGUAY TODAY

**Result Uncertain; Whichever Side
Wins a Large Majority Is
Not Anticipated.**

(Special to The Daily News.) Ottawa, Oct. 11.—Today's by-election in Chateauguay is exciting great interest in political circles here. From all the reports on both sides the result is very uncertain; whichever side wins a large majority is not looked for. For days the riding has been overrun by outside election workers and both sides have been exerting every force of organization and popular appeal to win the fight. Normally the riding is Liberal, but at the last election the Liberal majority was cut down to forty. In the present contest the Borden naval policy has not been brought to the front particularly, though it has been the subject of discussions. There are two thousand French speaking electors to one thousand English speaking.

WILL PATROL SHORES OF QUEEN CHARLOTTE

**New Boat for Fishery Protection
Service Arrived in Port
Yesterday.**

The Gannet, a new boat just built in the Dafee yards at Vancouver for the protection of the fisheries around Queen Charlotte Islands, arrived in port yesterday after making a tour of the coast and the islands, affording Mr. Clements, M. P. P., an excellent opportunity to visit his friends in the various parts of his constituency.

The Gannet is 60 feet long, equipped with sails and auxiliary power, which will drive her at a speed of from eight to ten knots per hour. Captain Haas is in charge.

GOVERNOR SULZER'S FATE

Now Rests with Judges of Impeachment Court.

(Special to The Daily News.) Albany, N. Y., Oct. 11.—Governor Sulzer's fate now rests with the judges. The final arguments of counsel for and against were delivered yesterday before the court of impeachment, and the court then adjourned to Monday afternoon.

NO TRUTH IN REPORT

**City Bonds Have Not Been Sold
as Reported**

Like the majority of street rumors, the report generally circulated during the last twenty-four hours that a quantity of city bonds have been sold is absolutely without foundation. Mayor Pattullo informed the "News" this morning that the report is not only untrue but that no offers had been received.

Government Tax Sale.

At the court house this morning the following properties were sold for delinquent taxes:
Lot 699B, District of Cassiar, sold to Thorndund Brown for \$6.50.
Lot 253, Queen Charlotte Islands, sold to Andrew Erickson for \$5.20.
Lot 408, Queen Charlotte Islands, sold to A. Erickson for \$16.25.
Lot 1,212, Queen Charlotte Islands, sold to H. G. Helgerson for \$10.
Lot 1,314, Queen Charlotte Islands, sold to H. G. Helgerson for \$20.
Lot 984, Range 5, Coast district, sold to H. G. Helgerson for \$7.85.
Lot 1,114, Range 5, Coast district, sold to A. Erickson for \$71.13.
Lot 1,713, Range 5, Coast District, sold to H. G. Helgerson for \$5.40.
Lot 1,735, Range 5, Coast District, sold to A. Erickson for \$10.

PHILADELPHIA WINS.

(Special to The Daily News.) New York, Oct. 11.—The Philadelphians won the game this afternoon by a score of 3 to 1. They have therefore won the championship of the world series by four games out of five. Mathewson pitched for the Giants and Plank for the Athletics. The score was:
Philadelphia 1 0 2 0 0 0 0 0—3
New York 0 0 0 0 1 0 0 0—1

New York made two hits and two errors, Philadelphia five hits and four errors. Yesterday's receipts at Philadelphia were \$49,645, of which the players' share is \$26,808, each club \$8,920, National Commission \$4,969. Today is the last day the players will share in the receipts, and according to unofficial figures, there will be distributed among them \$133,163.89, the winners receiving 60 per cent. of the total and the losers 40 per cent.

WILL IRELAND BE DIVIDED BY OPERATION OF HOME RULE ACT?

**BRITISH GOVERNMENT APPARENTLY GIVING WAY TO CARSON
IN ORDER TO AVOID THREATENED REVOLUTION—
NATIONALISTS OPPOSE IT.**

(Special to The Daily News.) London, Oct. 11.—The spirit of conciliation pervading the home rule question, it is believed, will lead to a settlement on the lines of Winston Churchill's declaration that Northeast Ulster be left out of the operations of the bill. King George is said to have expressed delight over the turn events have taken.

Upon the condition that Ulster is left out the Unionists have agreed to work with the Liberals for the success of the scheme, but it may be regarded as certain, however, that the Irish Nationalists will never complete a bill as a final settlement of Ireland's grievances if Ulster or any part of Ireland is left out of it.

The only thing that would induce the government to allow Sir Edward Carson to triumph would be an expression of reluctance on the part of King George to give the royal assent to a bill that might mean armed rebellion in the United Kingdom, such as has not occurred since the Jacobite rising in 1745, in favor of the young pretender. The Unionist newspapers insist that if home rule is forced through without an election, Ulster will at once establish its provisional government and civil war will follow.

The Telegraph declares that Mr. Churchill's speech means that the government is prepared to consider the exclusion of Ulster and regrets that Mr. Churchill accompanied his recognition of the gravity of the position with language which appeared as though designed to render it nugatory.

EX-ALD. HAMILTON DOUGLAS ON A POINT IN CITY FINANCE

**WHETHER THE LAST COUNCIL LEFT LARGE DEFICIT FOR
THIS COUNCIL TO CARRY—HE CLAIMS THERE
WAS NO DEFICIT.**

Editor Daily News: Referring to the communication which appeared in the Empire of September 30th over the signature of ex-Alderman Montgomery, and a reply thereto which appeared in the editorial columns of The News under date of October 2nd with reference to the statement published by the mayor that the council of 1912 left for this year's council liabilities of \$55,282.75, with only \$31,424.23 of uncollected taxes against the same.

For pure and unadulterated nerve the article in The News of the above date, and particularly the headlines over the item, "Libels the Mayor to Deceive the Public," entitles the writer to carry off the bun, because the figures given by the mayor, as well as those quoted by The News are entirely incorrect and misleading and cannot be made for any other purpose than to try to "deceive the public" and if possible shift responsibility from this year's council to that of last year.

The figures given by the mayor of \$55,282.23 liabilities is accounted for by The News as follows:
Overdraft on General Revenue \$30,593.07
Telephone Replacement 10,000.00
Unpaid Accounts 14,689.00
\$55,282.07

There is a slight difference between these two totals, but the figures are near enough for argument. The details of the \$55,282.75 as far as I can find have not been published by the mayor, who has probably considered it unwise to publish the details, which might show his method of figuring to be incorrect.

I submit the following as the correct statement of the standing of accounts at December 31st, 1912, and the true position as between last year's council and this:
Overdraft on General Revenue, as per Page 8 of City's Financial Statement, 1912... \$30,593.07
Unpaid Accounts at December 31st, 1912, including necessary coal and other supplies ordered by the council of 1912 for use partly in the year 1913, say... 14,000.00
\$44,593.07

Against the above the council of 1912 left uncollected revenue as follows:
General Taxes \$31,424.23
Light Rates 8,451.28
Telephone Rates 134.15
Water Rates 449.45
\$40,459.11

Taking the above figures it shows that the council of 1913 took over a deficit of about \$4,000, but inasmuch as a large part of the unpaid accounts included supplies used in 1913, there was no actual deficit. The item of \$10,000 for "telephone replacement" (whatever that may mean) which the mayor and The News charge up against the council of 1912 is simply a subterfuge. The fact are these: For the years 1911 and 1912 the telephone earned approximately \$10,000 in profits, which was very properly spent by the councils of 1911 and 1912 in improvements to the plant. The proposal of the mayor and The News, however, seems to be to juggle the figures by some new notion of bookkeeping and transfer the profits of 1911 and 1912 to a special account, and charge it against the council of 1912 as a liability. This of course is absurd, the profits of these two years came into the hands of the preceding councils and were properly spent by them and to try to trump up a claim in that way against the council of 1912 can only be regarded as misrepresentation of the facts to "deceive the public."

I challenge the mayor to show from the accounts that there was any such deficit as mentioned in his letter to The News dated September 16th, or, if he can, to give the details and get them verified by any two reputable accountants in the city as being a correct statement of the financial position as between the councils of 1912 and 1913.

Yours truly,
HAMILTON DOUGLAS.

WILFRID DOUGHTY STRUCK OFF ROLLS.

A court for the revision of voters' lists sitting at Grimsby, England, has struck the name of Wilfrid Doughty, J. P., off the rolls. Mr. Doughty is a son of the sitting member for the district, Sir George Doughty, and is said to have been absent from the country for eighteen months, residing in British Columbia. The poor old country must indeed be going to the dogs when the absent sons of local magnates can be treated in such an ungracious manner. But that is not the only sign of decadence. They are going to adopt the principle of "one man, one vote" over there, and many magnates who are accustomed to casting ten votes to the one of their neighbors will be reduced to common factors in political campaigns. No wonder the privileged classes rage and transplanted American millionaires imagine vain things.

PRECEPT AND PRACTICE.

The difference between precept and practice in the case of the Conservatives seems to be the difference between being in power and being out of power.

In opposition Mr. Borden was a stout defender of the principles of responsible government, of provincial rights, of low taxation, and of careful regard for the constitutional rights of all minorities. In power, Premier Borden has let Toryism run riot. Responsible government has been attacked by proposing to give Downing Street control of the expenditure of Dominion funds; and provincial rights, in the matter of provincial jurisdiction

over moneys spent on highways, were safeguarded only through the action of the senate.

The pre-election promise to save "a waste" of at least ten millions in the public expenditures with resultant decrease of taxes has been belied by an increase of expenditures, and the constitutional rights of minorities have been overridden by the arbitrary and unconstitutional application of the Gag.

FIRST NAVAL UNIT OF AUSTRALIA.

Sydney, New South Wales, gave the battleship Australia and its attendant cruiser a rousing welcome on their arrival in home waters. Canada, with true brotherly heartiness, congratulates Australia on the acquisition of such a magnificent vessel and of the completion of her first unit. Whatever happens in the future, whatever changes may be wrought by the necessities of circumstance or the trend of opportunity, nothing can wipe off history's slate the achievement of Australia. She has acted with spirit and foresight, she has prepared and declared herself. The mere detail of policy is far outweighed by the moral and material value of action. The policy can be created by the needs of the moment, but the ships themselves can not be produced out of a hat. Had Sir Wilfrid Laurier been returned to power Canada would be close behind Australia in the providing of naval protection for our coasts, but two good years have been lost by Premier Borden's lack of a statesman's foresight and a statesman's backbone.

Giants' Pitcher Today

CHRISTY MATHEWSON.

Mathewson still holds the record for the greatest performance during any world's series. In 1905 Matty worked against the Athletics three games. He shut them out every game. He appeared against Eddie Plank in the first game of the series and the giants won 3 to 0. In the third game Andy Coakley was sent against Mathewson, but "Big Six" came through with a 9 to 0 victory. In the fifth and deciding game Mathewson beat Chief Bender 2 to 0. In the first game of this year's world's series, played on Monday at New York, Christy Mathewson was not put in the box but was held in reserve, while Marquard, the second best pitcher of the Giants, lost the game to Philadelphia. But for Tuesday's game at Philadelphia the old reliable was called upon and proved his reliability in a pinch. He was again opposed by Eddie Plank and he gave him the same drubbing as five years ago. The Athletics were unable to solve his delivery and the Giants won in the tenth innings. In Wednesday's game, the Giants played Tesereau and Crandall, and again suffered defeat.

Crown Grants Affected

Nelson, Oct. 7.—Crown grants in many parts of British Columbia may be affected, it is said, by a judgment which has been handed down by Mr. Justice Murphy in the case of an application by W. H. Gardiner for an order to the district registrar at Nelson to register title to approximately 14,000 acres of land in the Duncan river district. His lordship directs that the objection made by the registrar to registering deeds to the land are invalid.

Too Much Pop. in One Place

The population of Toronto has reached the 450,000 mark. It might seem like displaying a poor spirit not to rejoice with Toronto in her development; yet it would unquestionably be more satisfactory if the increase in population was more evenly distributed in Ontario between the rural districts and the large cities. — Woodstock Sentinel Review.

MONEY TO CELEBRATE A CENTURY OF PEACE

British Committee to Make an Appeal for Three Hundred Thousand Dollars

London, Oct. 6.—An important step is to be taken, this week, by the British Committee for the celebration of the hundredth anniversary of peace among the English-speaking peoples. The committee is to make an appeal to the public for \$300,000, and the objects in view were explained yesterday by S. H. Perris, secretary of the committee who said:

"We are launching our appeal to carry out the British programme for the celebration. This programme as already used, includes: First, the erection of a memorial in Westminster Abbey of the centenary of peace; second, the purchase of Sulgrave Manor, Northamptonshire, the ancestral home of the Washington family, and its maintenance as a place of pilgrimage for American visitors to England as a symbol of the kinship of the two peoples, and, third, the foundation of a permanent chair of Anglo-American history, to be held in succession by a series of eminent British and American historians, together with an endowment scheme for annual prizes in elementary and secondary schools for essays on topics germane to the object of the celebration."

PREPARING FOR PANAMA

What Great World Ports Spend on Improvements.

Los Angeles is spending \$10,000,000 in getting ready for the opening of the Panama Canal.

San Francisco is spending \$9,000,000 in getting ready for the opening of the Panama Canal.

Seattle is spending \$20,000,000 in getting ready for the opening of the Panama Canal.

The same movement for preparedness obtains in the gulf ports. New Orleans is spending \$9,000,000 on one cotton warehouse alone now building on her publicly owned docks.

Port Austin, Texas, is spending \$2,000,000. Mobile and Galveston are pouring millions into harbor improvements, and other gulf ports are in the midst of similar great expenditures.

To say nothing of huge expenditures by ports of the United States along the Atlantic, Montreal, Toronto, St. Johns and Halifax are all making port and dock improvements that are measured in millions of money.

In Europe the same great game of millions is being played by London, Hamburg, Havre, Boulogne, Calais and Glasgow and in South America the ports of Brazil, Peru, Chile and Argentina are spending millions in betterments.

The New York Journal of Commerce estimates that before 1918 \$1,000,000,000 will be spent in harbor and dock improvements throughout the world. It is a sum more than one-half the value of all the gold coin in the United States, including the gold bullion in the national treasury.

TOWN PLANNING ETHICS

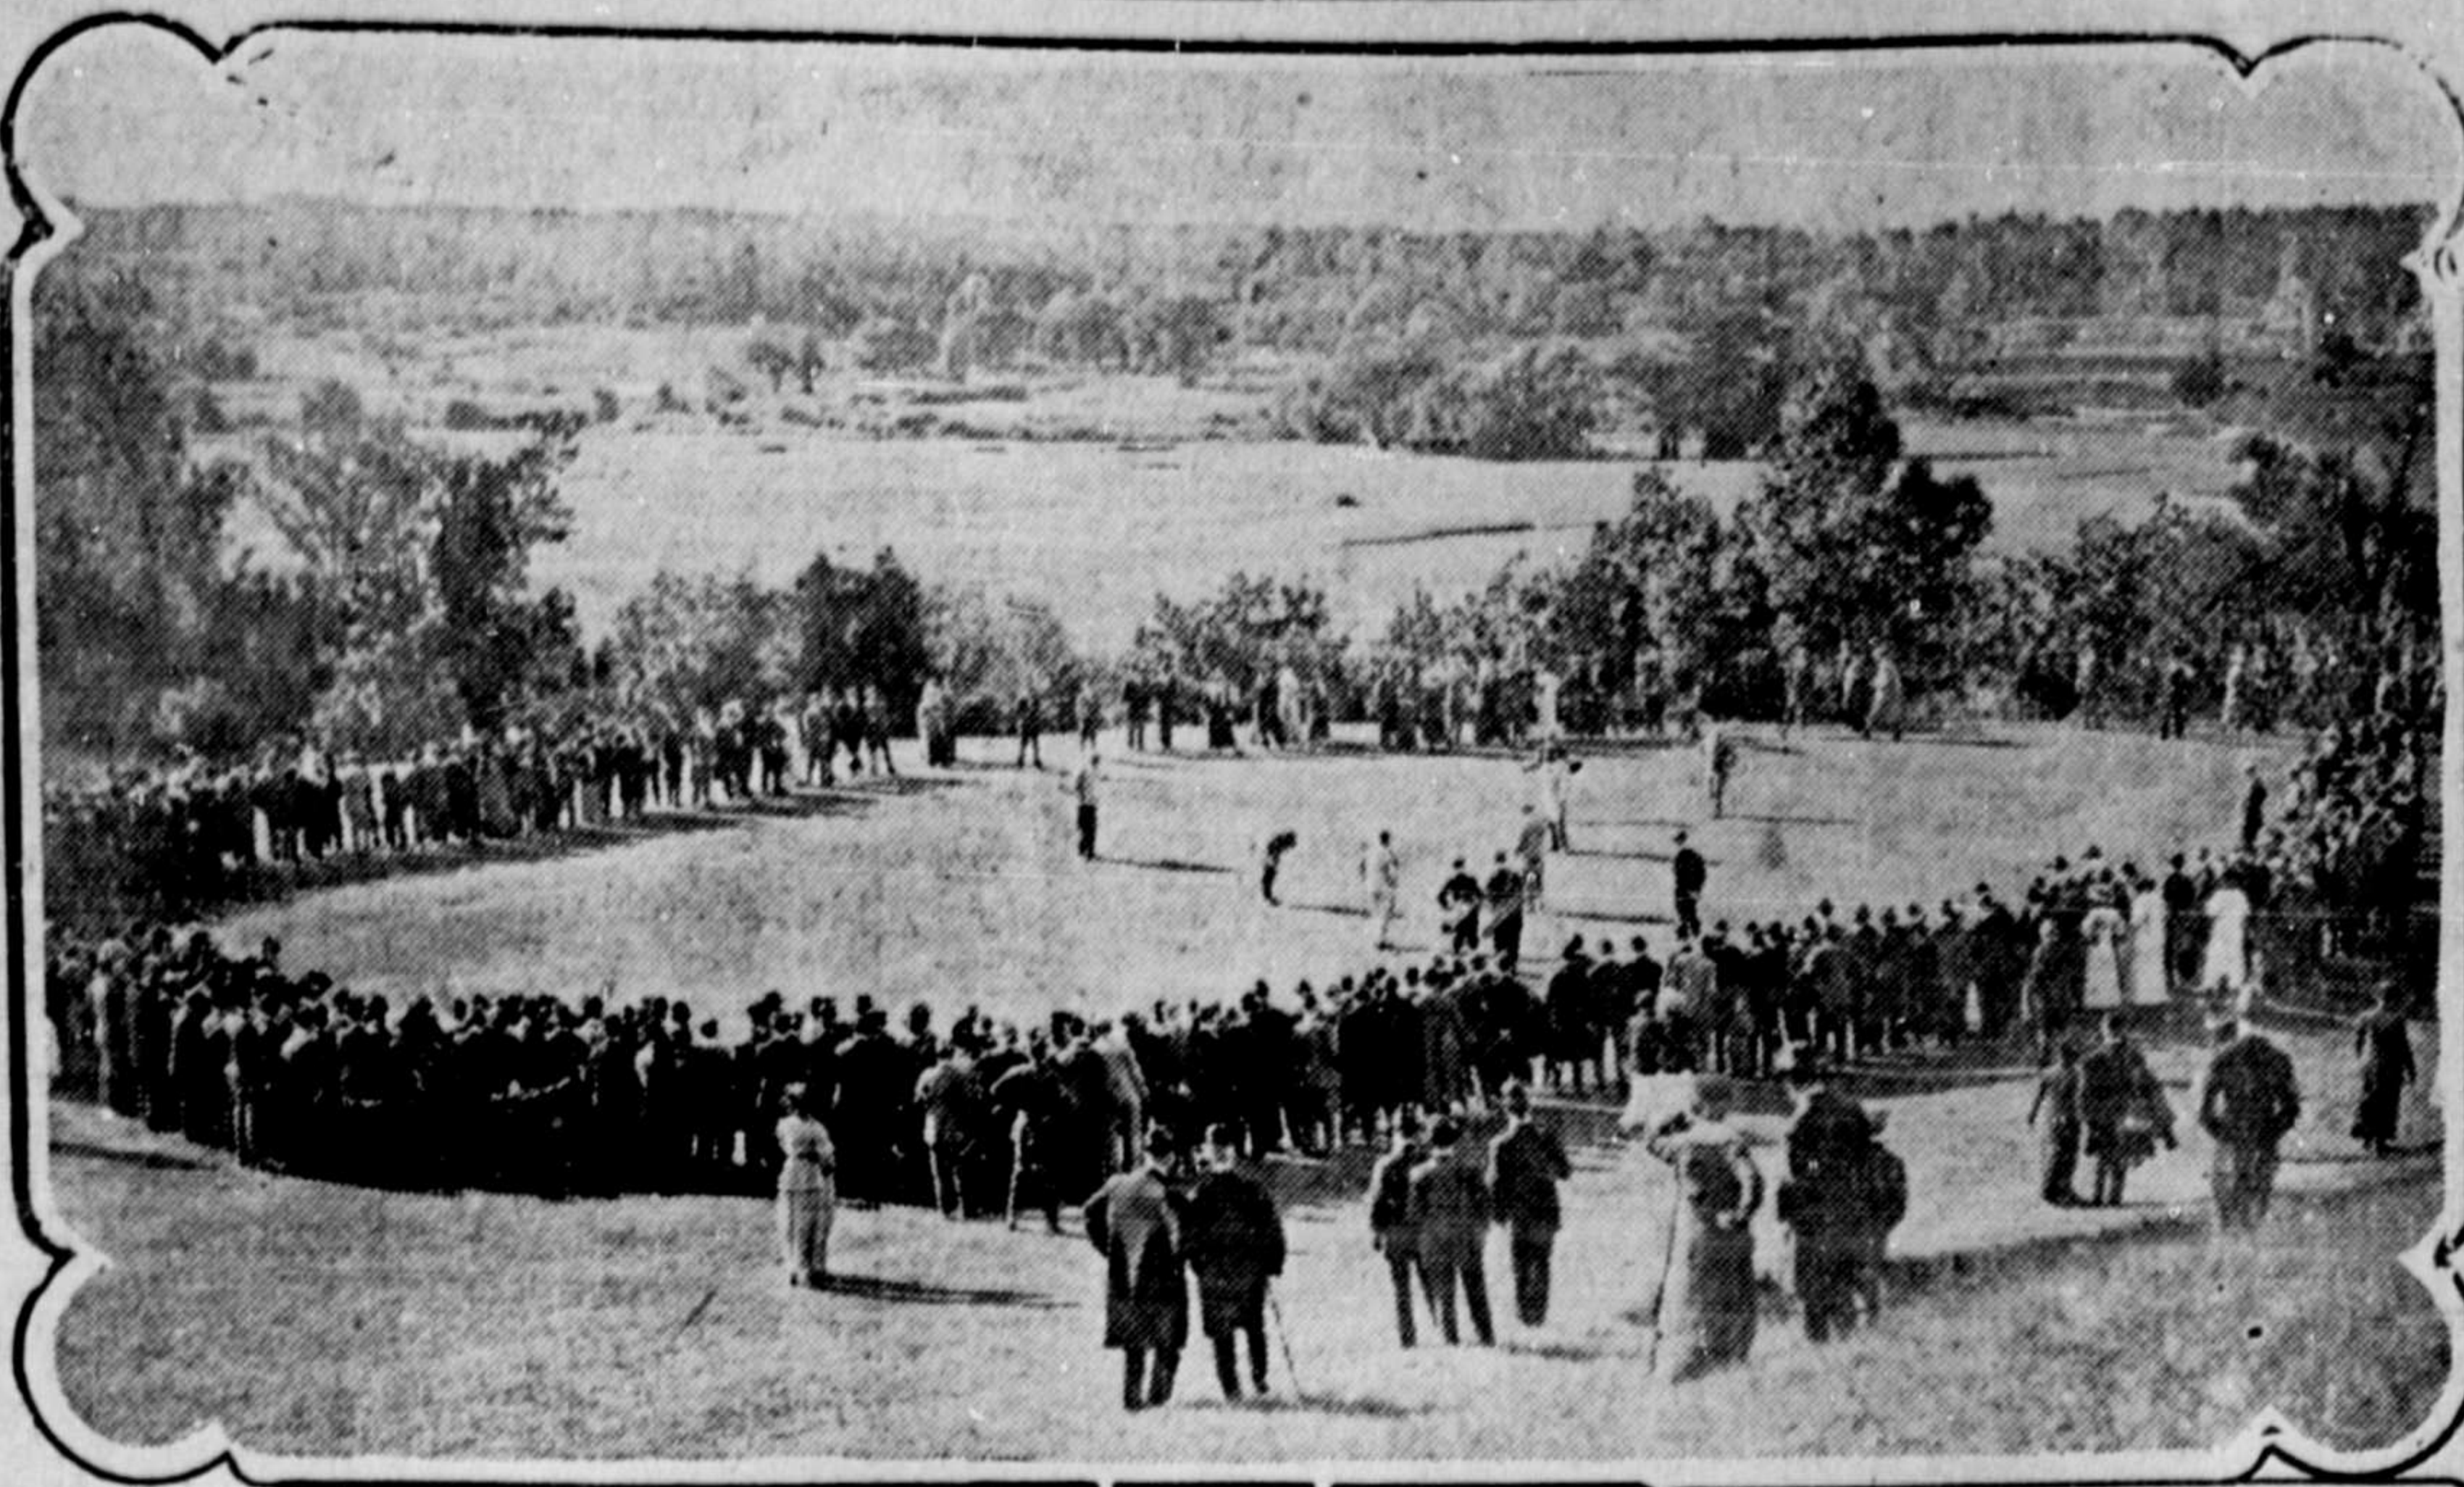

Not the Making of a City Beautiful in Spots.

At the City Planning Conference in Chicago, Lawson Purdy, president of the department of taxes and assessments of New York City, spoke on the 7th of the great power New York City had over her own affairs, deprecating the lack of this in many other cities and criticized the inadequacy of building laws in most American cities, including his own. "We have allowed men," he said, "to use their land as seemed good to them, regardless of the effect of that use on the property of their neighbors and on the general welfare of the community. . . . Too long the idea of city planning has been the making of a city beautiful in spots. Real city planning is more, it is the developing of a city beautiful within and without—the making it an uplift to all who dwell therein."

Dr. Werner Hegemann of Berlin warned Americans in his address against exaggerating the success of German city planning, and suggested that longer and keener eyed visits to German towns might uncover defects. "Too often," he remarked, "a city wishes to beautify itself so that it may please its neighbors and visitors. This is not the proper spirit. A city should better itself so as to make more comfortable and happy its own residents."

FEDERAL DREDGE "SIR WILFRID" STILL RETAINS HONORED NAME

HON. ROBERT ROGERS SCARED OFF BY NEWSPAPER CRITICISM AND IN CONSEQUENCE AFRAID TO RE-CHRISTEN THE CRAFT.

Hamilton, Oct. 7.—Moored to a dingy wharf, near the works of the Oliver Plow Co., lies an innocent, hard working, useful old craft that in the past week has caused Hon. Robert Rogers, minister of the interior for the Dominion of Canada, to accuse of lying the "Grit press of the country," including the Canada Gazette, the medium whereby the government makes public official statements. The trouble was all over a name, the title of the good ship, which has grown grey in the service of the country. It was called the "Sir Wilfrid," and for years had been used to life the Conservative mud from the bottom of Toronto harbor and clear the channels of commerce.

Whatever the official process may have been, no overt act has yet been taken to rechristen the good ship "Sir Wilfrid," for it still reposes upon the placid surface of Burlington Bay, graced as of yore by the honorable white painted designation "Sir Wilfrid."

On September 11 the following notice appeared in the Can-

ada Gazette, which is "published by authority":

"Public notice is hereby given that, under the provisions of Section 27 of the Canada Shipping Act, the Minister of Marine and Fisheries has granted permission to change the name of the dredge 'Sir Wilfrid,' of the Port of Toronto, Ont., official number 112,186, to that of 'P. W. D. No. 117.'"

(Sgd., A. JOHNSON, Deputy Minister of Marine and Fisheries.)

"P. W. D." stands for "Department of Public Works."

A number of Liberal newspapers, commented on the fact of the change. The Hon. Robert Rogers admonished them of their error in the following terms: "The Grit press is apparently willing to go to the length of the publication of false and lying statements, for when they cry and attempt to justify their tears by the statement that I have put through an order in council changing the name 'Sir Wilfrid' on a dredge to P. W. D. No. 117, they publish a statement that is a deliberate lie and false in every particular."

FIFTEEN MILLIONS AN ACRE

What London County Council is Paying for Land.

There is one interesting factor in connection with the purchase of land by the London county council for the Mall improvement that has not been referred to in the present discussion on the subject. It will be remembered that the London, Liverpool & Globe Insurance Company have exercised an option on 461 1-2 square feet of land, for which they have paid £11,737.

This land is part of a plot of 588 square feet in extent which the council purchased from the same company in order to carry out the makeshift improvement just prior to the coronation, at the price of £20,500. So that for the 126 1-2 square feet which the London county council have retained they have paid at the rate of over £3,000,000 per acre.

And this is not all. Before the transaction the insurance company's land had a frontage of 36 feet only. The portion they have repurchased has a frontage of 95 feet, having been made a corner site.

Johnson Signs Contract.

Washington, D. C., Oct. 7.—Walter Johnson, who is leading all pitchers in the major leagues, today signed a contract with Manager Griffiths of the Washington team for the 1914 season. The salary is understood to be \$12,500.

Little Bobby was told to sweep the sidewalk, and while he was doing so a friend came along.

"Hello, Bobby," said the lady. "Is your mother in?"

"Sure, she's in," answered Bobby. "Do you think I'd be sweeping the sidewalk if she wasn't in?"

Robbie was in the habit of running errands for an old gentleman next door who never paid him except in effusive thanks. He had just returned from the third errand one morning and the old gentleman, patting him on the head, said: "Robbie, I am much obliged to you. You're a fine little fellow. Thank you, my boy, thank you." Robbie looked up in his face wistfully and apologetically said: "Mr. Jones, you don't know how I wish I could thank you for something."

ODE TO RAILROADERS

Who Take the Reins to Do Their Own Financing.

If fifty men did all the work And gave the price to five; And let those five make all the rules, You'd say the fifty men were fools, Unfit to be alive.

And if you heard complaining cries From fifty brawny men; Blaming the five for graft and greed,

Injustice, cruelty indeed— What would you call them then? Not by their own superior force Do five on fifty live; But by election and assent— And privilege of government—

Powers that the fifty give. If fifty men are really fools— And five have all the brains— The five must rule as now we find.

But if the fifty have the mind— Why don't they take the reins?

KNOTTY LEGAL POINT IN THE DEAN TRIAL

Sir Charles Hibbert Tupper Declares Conviction Would Not Stand Test.

New Westminster, Oct. 6.—Sir Charles Hibbert Tupper, K. C., senior counsel for Charles Dean, the alleged bank robber, declared in court this morning that no conviction of his client could possibly hold in view of a remark by Mr. E. P. Davis, K. C., for the prosecution, that Dean had been previously convicted in the United States.

George Greenwood, the Burnaby man who identifies Dean, McNamara and Powell as occupants of the Vancouverbound automobile the morning of the robbery, was on the stand and was cross-examined by Sir Charles on the question of the contents of an affidavit on which Dean had been extradited.

There was a good deal of comment by counsel on both sides, as the case proceeded, and Mr. Davis finally remarked that he supposed Sir Charles would have no objection to admitting the statement that Dean had once been sentenced to twenty years for robbery in the United States.

Sir Charles declared with some vehemence that in view of this statement to the jury no conviction in the present case against Dean could ever stand the test before an appeal court.

Justice Clement said that he would make no decision on the point, and the case proceeded.

TRADE Gillette MARK

The Ever-Present Gillette

Wherever you see men buying razors, in drug, jewelry or hardware stores—wherever you see men shaving, in club or Pullman, or home—there you will inevitably find the Gillette Safety Razor purchased and used.

It has won the approval, almost the affection, of busy men whose time it saves—of thrifty men whose cash it saves—of particular men who value a clean, smooth face—of average men who never could shave comfortably with any other razor.

That's why over six million men use the Gillette, and why you can buy Gillette Safety Razors and Blades at practically every good Hardware, Jewelry and Drug Store in this town.

Standard Gillette Sets cost \$5.00—Pocket Editions \$5.00 to \$6.00—Combination Sets \$6.50 up. 6 double-edged blades, 50c.—12 Blades (24 shaving edges), in nickel-plated box, \$1.00.

YOU HAVE HEARD OF THE FAMOUS Bulkley Valley

Which contains one of the largest and richest bodies of agricultural land in British Columbia.

You have heard of the tremendously rich Babine, Hudson Bay Mountain and Copper River mining districts.

The Grand Trunk Pacific is now operating trains from Prince Rupert to a point 304 miles east.

The trade centre and future city of this wonderful section is HUBERT—located in the very heart of the Bulkley Valley, and from where branch railroads must be built to open up the great surrounding country.

HUBERT is located three miles east of the old towns of Telkwa and Aldermere, both of which will move to the railway.

HUBERT is the recognized location for the future city, and has behind it the same organization that created and made Fort George famous.

BOARD OF TRADE DISCUSSES SOME VITAL QUESTIONS

(Continued from page 1)

taken. The committee consists of J. H. Thompson, D. Sutherland and F. G. Dawson.

Waterfront Facilities.

Another question of great importance discussed was that of waterfront locations for industries. G. W. Nickerson, a member of the committee on this question, reported that no satisfaction had been obtained from the government.

Communications.

The secretary reported receiving a wire from F. A. Ellis suggesting that arrangements be made for sending mineral exhibits to the international fair at Chicago.

The Bella Coola Development League wrote thanking the board for its co-operation in securing more direct transportation between Bella Coola and Prince Rupert.

A communication from Harry Smith, formerly of Stewart, offering his services as publicity agent for the city at Oakland, California, was received and filed.

F. J. Hayward, who had charge of the B. C. fisheries exhibits at Toronto Exhibition wrote stating that the exhibits sent by Mr. W. Shrubbsall and Mr. Crippen were attracting much attention.

In connection with the granting of fishing licenses, G. W. Nickerson reported that the committee on this matter had presented their recommendations to Hon. J. D. Hazen when he visited the city but nothing further had been heard.

New Members

Two new members, C. E. Bainter and Th. Collart were unanimously elected. The latter, who was present, thanked the members and offered the free use of a building in Market Place for storing the mineral exhibit in case it became necessary to move them from the present premises.

Theft Case Adjudged

Fred Benson, an Indian from Stewart, appeared before Magistrate McMullin at 2.30 yesterday, afternoon charged with stealing a pair of ladies' shoes. After hearing a portion of the evidence of Mr. George, the case was adjourned until Monday next in order that an interpreter might be secured.

LEGAL TROUBLES ALREADY STARTED

Returning Officer for Chateauguay, Election Being Today, Started Suit.

Montreal, Oct. 6. — Legal trouble has already started over the Chateauguay election, though the candidates have only just been selected and election day is not until Saturday, October 11th. The trouble is over the appointment of Mr. J. E. C. Bumbray as returning officer and on account of it Mr. Bumbray, through his attorney, Mr. Gauthier, has issued a writ of \$10,000 damages against Mr. Albert Pigeon, editor and proprietor of the Bulletin.

The plaintiff claims that several days before September 18th he was officially appointed returning officer for the Chateauguay election, and that this fact was generally published, particularly in the newspapers, before September 18th. In the Bulletin edition of September 18th, the plaintiff alleges, he was attacked professionally and personally, causing damage to his reputation, and that it was intimated that as he, the plaintiff, was mayor of Chateauguay the election could not be conducted honestly because being mayor he would use his influence to get votes in favor of one of the candidates. Mr. Bumbray is a well known Montreal barrister.
