POST OFFICE SITE EXCAVATION TO START WITHIN A WEEK

OUTFIT FOR THE WORK IS NOW BEING ASSEMBLED—DER-
RICK WILL HOIST MATERIAL TO PIONEER
LOTS.

"A start will be made on the excavation for the new permanent post office within a week," said Engineer Hull this morning to a News representative. The outfit for carrying on the work is now being assembled on the property. The engine for operating the drills, derrick, etc., was shipped from St. Paul on October 9th and is expected here in a few days.

The rock and soil that has to be removed will be hauled in cars up an incline to the rear of the Pioneer Club property, where it will be used as a fill. On that

property a derrick will be erected with an arm that will reach to all portions of the space to be filled. The derrick will take the material from the cars and place it in the fill. When the space on the two sides of the track is filled the derrick will then be so placed as to lift the material directly from the excavation and deposit it in the unfilled portion. The remainder of the excavated material will be used to grade the lane that runs along the rear of lots facing on Fourth avenue.

All this work will be done by day labor under the supervision of Engineer Hull.

EXTRA GOOD FILMS

Are Being Shown at the Empress
Theatre Just Now.

Manager Stevens, of the Empress Theatre makes a close study of the developments in the moving picture market, and makes a strong endeavor to get the very latest and the most striking films that are to be had. One of his real thrillers that is now being shown is called "Faithful Unto Death." This shows the life of the British officer in India, and the many dangers with which he is surrounded from the insidiously treacherous tribesmen. The hero is his body servant, a native who is loyal to the core and who gives up his life in the protection of the British colonel and his family.

"The Skeleton in the Closet" is a western drama, and shows how a western bred girl, after returning to the ranch from boarding school, finds that her father is a horse thief. She runs away and earns her own living. But the villain, who attempts to force his love upon her, follows and threatens to disclose her origin. But at last, as in Pamela, virtue is its own reward, and she marries the man of her choice.

"Two Merchants," an Edison comedy, shows the tricks of merchants when running a trade competition campaign, and is both interesting and amusing.

FALLS DOWN IN ITS ATTACK

The Empire's article last night on the distribution of road tax receipt forms is only another of that paper's unwarranted attacks upon the mayor made for the sole purpose of prejudicing the public mind. The absolute injustice of the attack is so glaring in the article itself that it would seem unnecessary to draw attention to it. The Empire accuses the mayor of keeping these forms under the control of his own interests yet in the same article it states that Notary Public L. Crippen has been furnished with a supply and will take declarations without charge. Everyone familiar with municipal politics knows that Crippen was an out and out supporter of Newton in the mayoralty contest last year. Still, Mayor Pattullo is the despot who will not let the road tax receipt forms get beyond the control of his own interests.

CHIEF INSTRUCTED TO PROSECUTE OWNERS

Police Commissioners Take Fur-
ther Action in Regard to the
Restricted District.

A special meeting of the police commissioners was held yesterday afternoon for the purpose of receiving the report of Chief Vickers as to the owners of property in the restricted district and the rentals paid by the occupants, this information having been asked for at the last meeting of the commissioners. According to the report of the chief, there are thirty-seven occupied houses in the district, the rentals of which range from \$30 to \$80 per month. Of these four are occupied by the owners themselves and seventeen are entered as owned by King Tai. The report gives as names of owners of the remaining houses Rose Silberg, Cris Everson, H. Levine, Opal Winford, Ida Roberts, W. Fraser, M. B. Price and Gipsy Hamilton.

Following the reading of the chief's report it was moved by Commissioner Maitland that the chief of police be instructed to notify all owners, lessors or agents of any and all houses or dwellings where disorderly conditions are known to exist that such practice is in defiance of law and that they will be prosecuted accordingly. The motion carried and the meeting adjourned.

Farewell Performance Tonight.

The Pollard Juvenile Opera Company closes its engagement at the Westholme Opera House tonight with a grand review of the gems and most popular songs of their repertoire. There will be some splendid toe and ballet dancing as well as some vaudeville stunts. The management promises a real treat in the performance tonight and there is no doubt but that every effort will be made to leave just as good an impression as has been made throughout their two engagements here. A crowded house is expected.

LARGE AMOUNT SPENT FOR PUBLIC WORKS

Items Not Shown in the Warrant
Book Bring the Amount
to \$23,000.

Citizens who have been complaining about the small expenditure for public works during the month of September will probably be surprised to learn that the actual amount expended exceeds \$23,000. In The News of yesterday it was stated that the expenditure was \$14,000, but those figures merely covered the amounts shown in the warrant book. Other expenditures which had not been finally passed bring the total up to \$23,000, and this does not include expenditures in the light and telephone departments. It is evident that the officials at the city hall are not merely killing time.

The board of license commissioners here have up to the present not been approached upon the subject.

HUERTA MAY REQUEST WILSON TO "MIND HIS OWN BUSINESS"

MEXICAN GOVERNMENT DRAFTING A STINGING REPLY TO
PRESIDENT WILSON'S STRONG DENUNCIATION OF
THE LAWLESSNESS OF HUERTA.

(Special to The Daily News.)
Washington, Oct. 16.—The Mexican government is said to be drafting a stinging reply to the notes presented to Huerta by the United States. These notes stated that the United States would look with displeasure on any injury to the deputies whom Huerta threw into prison, and other notes served upon him made it plain that the United States attached the gravest importance to the arrest of the deputies and was keenly interested in their fate.

These notes have strained the diplomatic relations between the United States and Mexico to the breaking point, and Huerta is most likely to bid President Wilson to mind his own business. Affairs in the southern republic are rapidly drifting to a crisis.

The administration officials here, at the hour of closing the departments yesterday, were without advice as to the result of the reported conference of the entire diplomatic corps in Mexico City.

This development of the situation followed President Wilson's sharp note declaring the lawlessness of Huerta in assuming a dictatorship over Mexico, as it was hoped the representatives of foreign governments might bring pressure to bear in the effort to compose the situation.

"My opinion is that there can be no constitutional election in Mexico under existing circumstances," said Senator Bacon, chairman of the foreign relations committee, after a conference with President Wilson at the White House.

Two of the candidates for the office of president, Frederica Gamboa, representing the Catholics, and Manuel Cavelero, the Liberals, met today and discussed the recent developments in the situation. They agreed to proceed with their campaigns and to advise their followers to support after the elections whichever of them that was successful at the polls.

THE THREE LARGE STEAMSHIPS FOR GRAND TRUNK PACIFIC

ARE BEING BUILT IN SCOTLAND AND ARE TO BE READY BY
TIME RAILWAY IS COMPLETED — TO GIVE DAILY
SERVICE

The Daily News was able to make the encouraging announcement yesterday that the Grand Trunk Pacific was adding three new steamers to its service between here and Seattle. In regard to this the Evening Times, published at the southern terminus of the line, has the following:

With the transcontinental railroad being built by the Grand Trunk Pacific from Moncton, N.S., to Prince Rupert, B.C., near completion, orders are being placed in Scotland for the construction of three modern 20-knot passenger steamships to be operated in conjunction with the liners Prince Rupert and Prince George in a daily express service between Seattle and Prince Rupert.

In the construction of the new vessels no effort will be spared to make them the finest of their class. In order to insure that every care will be taken in catering to the requirements of passenger travel, little provision will be made for carrying heavy freight. What small cargo accommodations the vessels have will be almost exclusively for

light packages and express and perishable freight.

Although the fine steamships Prince Rupert and Prince George have been found very successful on the Seattle-Prince Rupert run the new vessels will be far ahead of them both in speed and passenger accommodation. The Rupert and George carry about 220 first cabin and 300 other passengers, but each of the new liners will have accommodations for approximately 800 passengers.

Ever since the Prince Rupert and Prince George were put into commission the passenger traffic to Seattle from Prince Rupert and the intermediate ports of Vancouver and Victoria, B.C., has been increasing in a remarkable manner, officials of the line declare. From a mere nothing the trade has been worked up so that even in the winter months two vessels are kept fully employed where previously one was sufficient. It is believed by higher officials of the line that with the employment of five modern vessels in a daily service a traffic even surpassing that built up by the Canadian Pacific on the tri-

The royal wedding was attended by Lord Strathcona, and Hon. Samuel Hughes was present as the guest of the Duke of Connaught.

Premier Borden and his colleagues give a hand-engraved dinner service of Canadian workmanship. The Canada Club gave a grand piano and Lord Strathcona a diamond brooch and an automobile. The total value of the gifts is valued at \$780,000.

SPENT THREE MONTHS IN NAAS VALLEY

Well Known Prospector Says the
Valley Is Rich in Minerals,
Especially Silver

C. R. McDonell, a well known prospector, arrived in the city yesterday from the Naas Valley, where he spent the last three or four months representing a Vancouver syndicate. Mr. McDonell has had a wide experience as a prospector in Africa, the Western States and British Columbia. He was very favorably impressed with the Naas from the mineral standpoint and is taking south with him a collection of splendid samples of ore which he gathered. He is satisfied that silver will be found in paying quantities as well as lead, copper and some gold.

During the summer he met a number of other prospectors in the district, eight of whom were from Alice Arm. The exceptionally wet season materially interfered with their work. Mr. McDonell expects to return to the Naas again next spring. He leaves for Vancouver tomorrow morning.

The police court docket this morning was a light one. One drunk paid the usual fine.

THE HIGH COST OF LIVING.

President Wilson has indicated a note to the Canadian government suggesting that the two neighboring countries investigate together the burning question of the high cost of living, and no doubt Premier Borden will take the matter up, as it offers a reasonable motive for the appointment of a royal commission. The cost of living in Canada has reached such a high point that the structure so elaborately raised is in danger of toppling over. It is good to know, therefore, that some steps are being taken by one province to look into the matter.

The Ontario government has reached the conclusion that the consumer is paying more than he ought to pay for farm produce, while the farmer is not receiving as much as he ought to receive for his products. In other words, there is an organization of some kind interposing itself between producer and consumer that is absorbing an unjustifiable profit, and the Ontario government is going to see if it cannot adjust matters upon a more equitable basis. With this end in view depots are to be established under government direction and control that will bring, it is hoped, the producer and the consumer into more direct communication with each other. There are other places than Ontario in which intervention of some kind and by some authority would be welcome. At the same time it is but fair to point out that the conditions now complained of are but the ripe and legitimate fruits of the protectionist system.

In Great Britain, where commerce in all its ramifications is free and untrammelled, the cost of living is lower than in any other part of the civilized world. And at that the wise people of the islands, where

the area of agricultural lands is so very limited, are obliged to import by far the greater part of everything they consume. Despite the blandishments and the sophistries of protectionists, they have adhered steadfastly to sound economic theories, and today more than ever before they are reaping the fruits of their wisdom.

WHAT HAS BECOME OF SUN YAT SEN?

Last week it was stated that Dr. Sun Yat Sen, the patriot who declared he would spend ten years of his life fighting against Chinese dictatorship, had been seen in Vancouver, but that he desired to remain incognito. Since then nothing has been heard of him and the report has neither been confirmed nor denied. The dictator of China has become the president, but not without the discovery of a plot to assassinate him.

What a difference in the political progress of China might have been expected had Dr. Sun Yat Sen become the first duly elected president of the republic which his great ability and energy called into being. Its progress would have been surer and quicker. Posterity will probably look upon this remarkable man as one of the greatest of his generation. At the present day he is but lightly regarded, and even at this moment he has determined foes on his track who are determined to kill him. So that posthumous recognition may not have so long to wait. But the patience of Dr. Sun Yat Sen is prodigious. From the day when he was a prisoner in the attic of the Chinese legation in London to the time when he became the inspirer of the revolution which first opened the doors of liberty to Chinese his indomitable patience has been the greatest factor in his success.

THE PRINCE OF WALES ON THE CONTINENT.

In the course of his continental tour, which has just come to an end, the Prince of Wales spent a night at Berlin as the guest of the Kaiser, who personally showed him over the historical rooms of the castle. On the following day his royal highness left for Friedrichshafen, where he was the guest of the King of Wurttemberg.

RIGHT TO DEFEND HIS HOME UPHELD IN NANAIMO TRIALS

JUDGE HOWAY HEARING CHARGES OF RIOTING AGAINST A NUMBER OF LADYSMITH MEN—ONE THREATENED RIOTERS WITH SHOTGUN

Nanaimo, Oct. 10.—The trial of J. H. Armstrong, Charles Axelsson, William Bauld, Peter Gulaska, George Mali, Robert Walkinshaw and David Williams, charged with rioting at Ladysmith on August 12 and 13 last, was continued today before Judge Howay. During the day evidence as to the rioting was given by J. A. Knight, C. G. Allen, chief of police of Ladysmith; James Delaney, Mrs. Katherine Lapsansky, Thomas McConnell, John Houston and Jos. Lapsansky.

Mr. and Mrs. Lapsansky identified Bauld, Mali and Galuska as being members of the mob which stoned his house on the morning of August 13.

Lapsansky informed the court that when this mob approached his house he drew a shotgun and threatened to shoot if they broke any of his windows. "For attempting to defend my home I was arrested and kept in jail for

eight days," remarked the witness.

"And, in doing so, the constables did what was right," remarked Mr. Farris, counsel for the defense, to which His Honor replied, "Do you think so, Mr. Farris? If others had taken the same determined stand as this man (Lapsansky) things might have been different."

Later on His Honor said: "It seems strange that a man defending his home should be treated in this shameful manner, as he had done nothing but rightfully defend his own property, and he was locked up like a dangerous person."

JEWISH SUFFRAGETTES

Disturbed Service in London Synagogue.

London, Oct. 13.—Jewish suffragettes following for the first time the example set by those of the Christian faith interrupted the service at the West End Synagogue, Bayswater, on Saturday, by reciting:

"May God forgive Herbert Samuel and Sir Rufus Isaacs for denying freedom to women. May God forgive Herbert Samuel and Sir Rufus Isaacs for consenting to the torture of women."

The disturbers were escorted from the synagogue after their names had been taken by the synagogue authorities. It is understood that Mr. Samuel, who is the postmaster general, is a regular worshiper at the synagogue.

The record and legislation of the Government had the support of the confidence of the people of the province.

LAST OF RECEPTIONS WAS GREAT SUCCESS

Ladies of Presbyterian Congregation Entertained at Home of Mrs. Andrew Stewart.

A very pretty reception was given yesterday afternoon by Mrs. Andrew Stewart at her home on Fifth avenue. The reception was under the auspices of the Ladies' Aid of the Presbyterian Church, and in spite of the afternoon showers an unusually large number of ladies were present. A most bountiful supply of home cooking and candy was arranged at a table presided over by Mrs. C. E. Warner and Mrs. Camp. Mrs. McClymont, president of the Ladies' Aid, and Mrs. F. W. Kerr assisted the hostess in the reception of the guests, and each one on arriving was presented by two young ladies dressed in the Stewart kilts with a sprig of white and purple heather tied up with Royal Stewart tartan. Tea was poured by Mrs. D. G. Stewart and Mrs. Mobley and refreshments served by Miss Gregg and Mrs. Carmichael. The program of the afternoon consisted of vocal solos by Mrs. C. L. Munro and Mrs. Jarvis McLeod, and piano selections by Mrs. Anderson, all of which were thoroughly enjoyed. This is the last of the afternoon receptions for this year, and Mrs. Stewart received the hearty congratulations of all because it was such an enjoyable and successful event.

UP-TO-DATE OFFICES

Westenhaver Bros. Have Moved Into New Quarters.

If well equipped and luxuriously furnished offices are any criterion the real estate business in Prince Rupert is prosperous despite the stringency of the money market. The new offices of Westenhaver Bros. in the old Bank of Commerce corner, into which the moved a few days ago, rank among the finest in the city. The building has been entirely remodeled inside and fitted up in most modern style. Beautifully polished counters over which business can be transacted with comfort and dispatch separate the private part of the office from that which is for the public. The furnishings throughout are of the best and undoubtedly serve to impress the public with the solidity of the concern occupying the premises.

GET ON VOTERS' LIST

In addition to Lionel Crippen, who attends at the office of Peter McLachlan, Third avenue, every evening for the convenience of those who desire to get on the municipal voters' list, Arthur Cuthbert, who is also a commissioner for taking oaths, is giving his services to the public in this regard. He will be found at his office in the Smith building during the day and at his home, 228 Ninth avenue east, in the evenings.

Special Music and Decorations at the Anglican Church.

Canada's Thanksgiving Day is next Monday, and on Sunday the Anglican Church will hold four special services. The church will be profusely decorated as for a harvest home festival in the old country, and there will be special music by the full choir. The services are at 8 a. m., 11 a. m., 2:30 p. m. and 7:30 p. m., the afternoon being a children's service to which parents are invited.

Gold in Chisana Townsite. There is truth in the old saying "Gold is where you find it." The latest report from Chisana is that while digging a well on the townsite there a pan of dirt thrown out was panned and found to yield 24 cents. As bedrock had not been reached it is considered a remarkably rich find.

THREE LARGE STEAMSHIPS FOR GRAND TRUNK PACIFIC

(Continued from Page 1.)

angular Seattle - Vancouver-Victoria run will be developed.

To make it certain that there will be a lucrative traffic, almost from the jump, special inducements to both local and transcontinental travelers are to be held out.

The whole Grand Trunk Pacific transcontinental system will be linked up from Prince Rupert to Moncton by next June and the formal official opening of the line already has been set for next September. Long before that trains will be running over all but fifty or sixty miles of the system.

At present there is a gap of only 147 miles uncompleted in the line. This is between Rose Lake and McBride. The line is open from Prince Rupert to Rose Lake, a distance of 303 miles, and from Moncton to McBride, 1,200 miles west of Winnipeg. From McBride to Fort George fifty miles of line will be completed and in operation next month. This will leave ninety-seven miles between Fort George and McBride as the only part of the line to be completed after next month. Already this ninety-seven miles is 45 per cent. finished.

When the whole system is linked up next year the new daily passenger steamship service connecting Seattle and Prince Rupert and making this city the southern terminal of the line, will begin.

Pittsburg, Oct. 13. — Frank Klaus, claimant of the middleweight title, was knocked out in the sixth round of a fight here Saturday by George Chip, of Madison, Pa. The fight was staged at the old city hall. Chip is a coal miner and was practically unheard of here before his fight with Klaus.

GET ON THE VOTERS' LIST

Half the month of October is gone, so the days are getting few in which householders and license holders can get on the voters' list. Property holders need not be in such a hurry, as they have up to the end of next month in which to register. In order to facilitate the work of registration and to save intending voters a trip to the city hall, Lionel Crippen will attend at the office of Peter McLachlan, Third avenue, each evening from 7 to 9 to take the necessary declarations.

Graham Island Line Rapidly Approaching Completion.

Excellent progress is being made with the telegraph line on Graham Island and shortly it will have reached Queenstown.

The line, instead of going by way of the Mexican Tom trail, will run a few miles farther up the east coast to Gold Creek and thence to Myer Lake. Settlers in that district are greatly pleased at the change of route.

Eighteen men are employed in the construction of the line.

It is intended eventually to connect Sandspit with Skidegate by cable across the Inlet.—Queen Charlotte News.
