MAN ARRESTED IN TACOMA TO APPEAR AT ASSIZES HERE

WANTED HERE ON CHARGE OF HORSE STEALING—PRESENT CHARGE THAT OF OBTAINING A MOTOR CAR UNDER FALSE PRETENSES.

P. J. Wilson, alias Rolles, appeared before Judge McInnes at Vancouver on Saturday last, charged with obtaining a Cadillac motor car from the Begg Motor Co. of that city by false pretenses. Wilson was arrested in Tacoma. He is alleged to have bought the car with a worthless cheque for \$3,106, after representing that he was a man of considerable means. Wilson, who is a middle aged man, is to be tried next Saturday by Judge McInnes.

CITY COUNCIL DISCUSSES THE SCARCITY OF COAL SITUATION

QUESTION RAISED WHY TENDERS WERE NOT CALLED FOR ANSWERED THAT DEALERS COULD GIVE NO GUARANTEE OF DELIVERY.

The only subject that was discussed at any length at the council meeting last evening was that of coal, which is one of more than a passing interest to individuals as well as corporations. The light committee reported the purchase of 600 tons of nut coal at \$7.50 per ton, which led the objector, Ald. Bullock-Webster, to enquire why tenders had not been asked for the supply of this coal. Ald. Dybhavn, chairman of the committee, said the committee were unable to obtain a guarantee of delivery, and therefore, in the present state of the coal market, it had been deemed wise to take what they could get. Ald. Bullock-Webster said that he understood that neither Rogers & Black, Westholme or Kelly had been asked at what they could deliver coal for and if they could guarantee delivery.

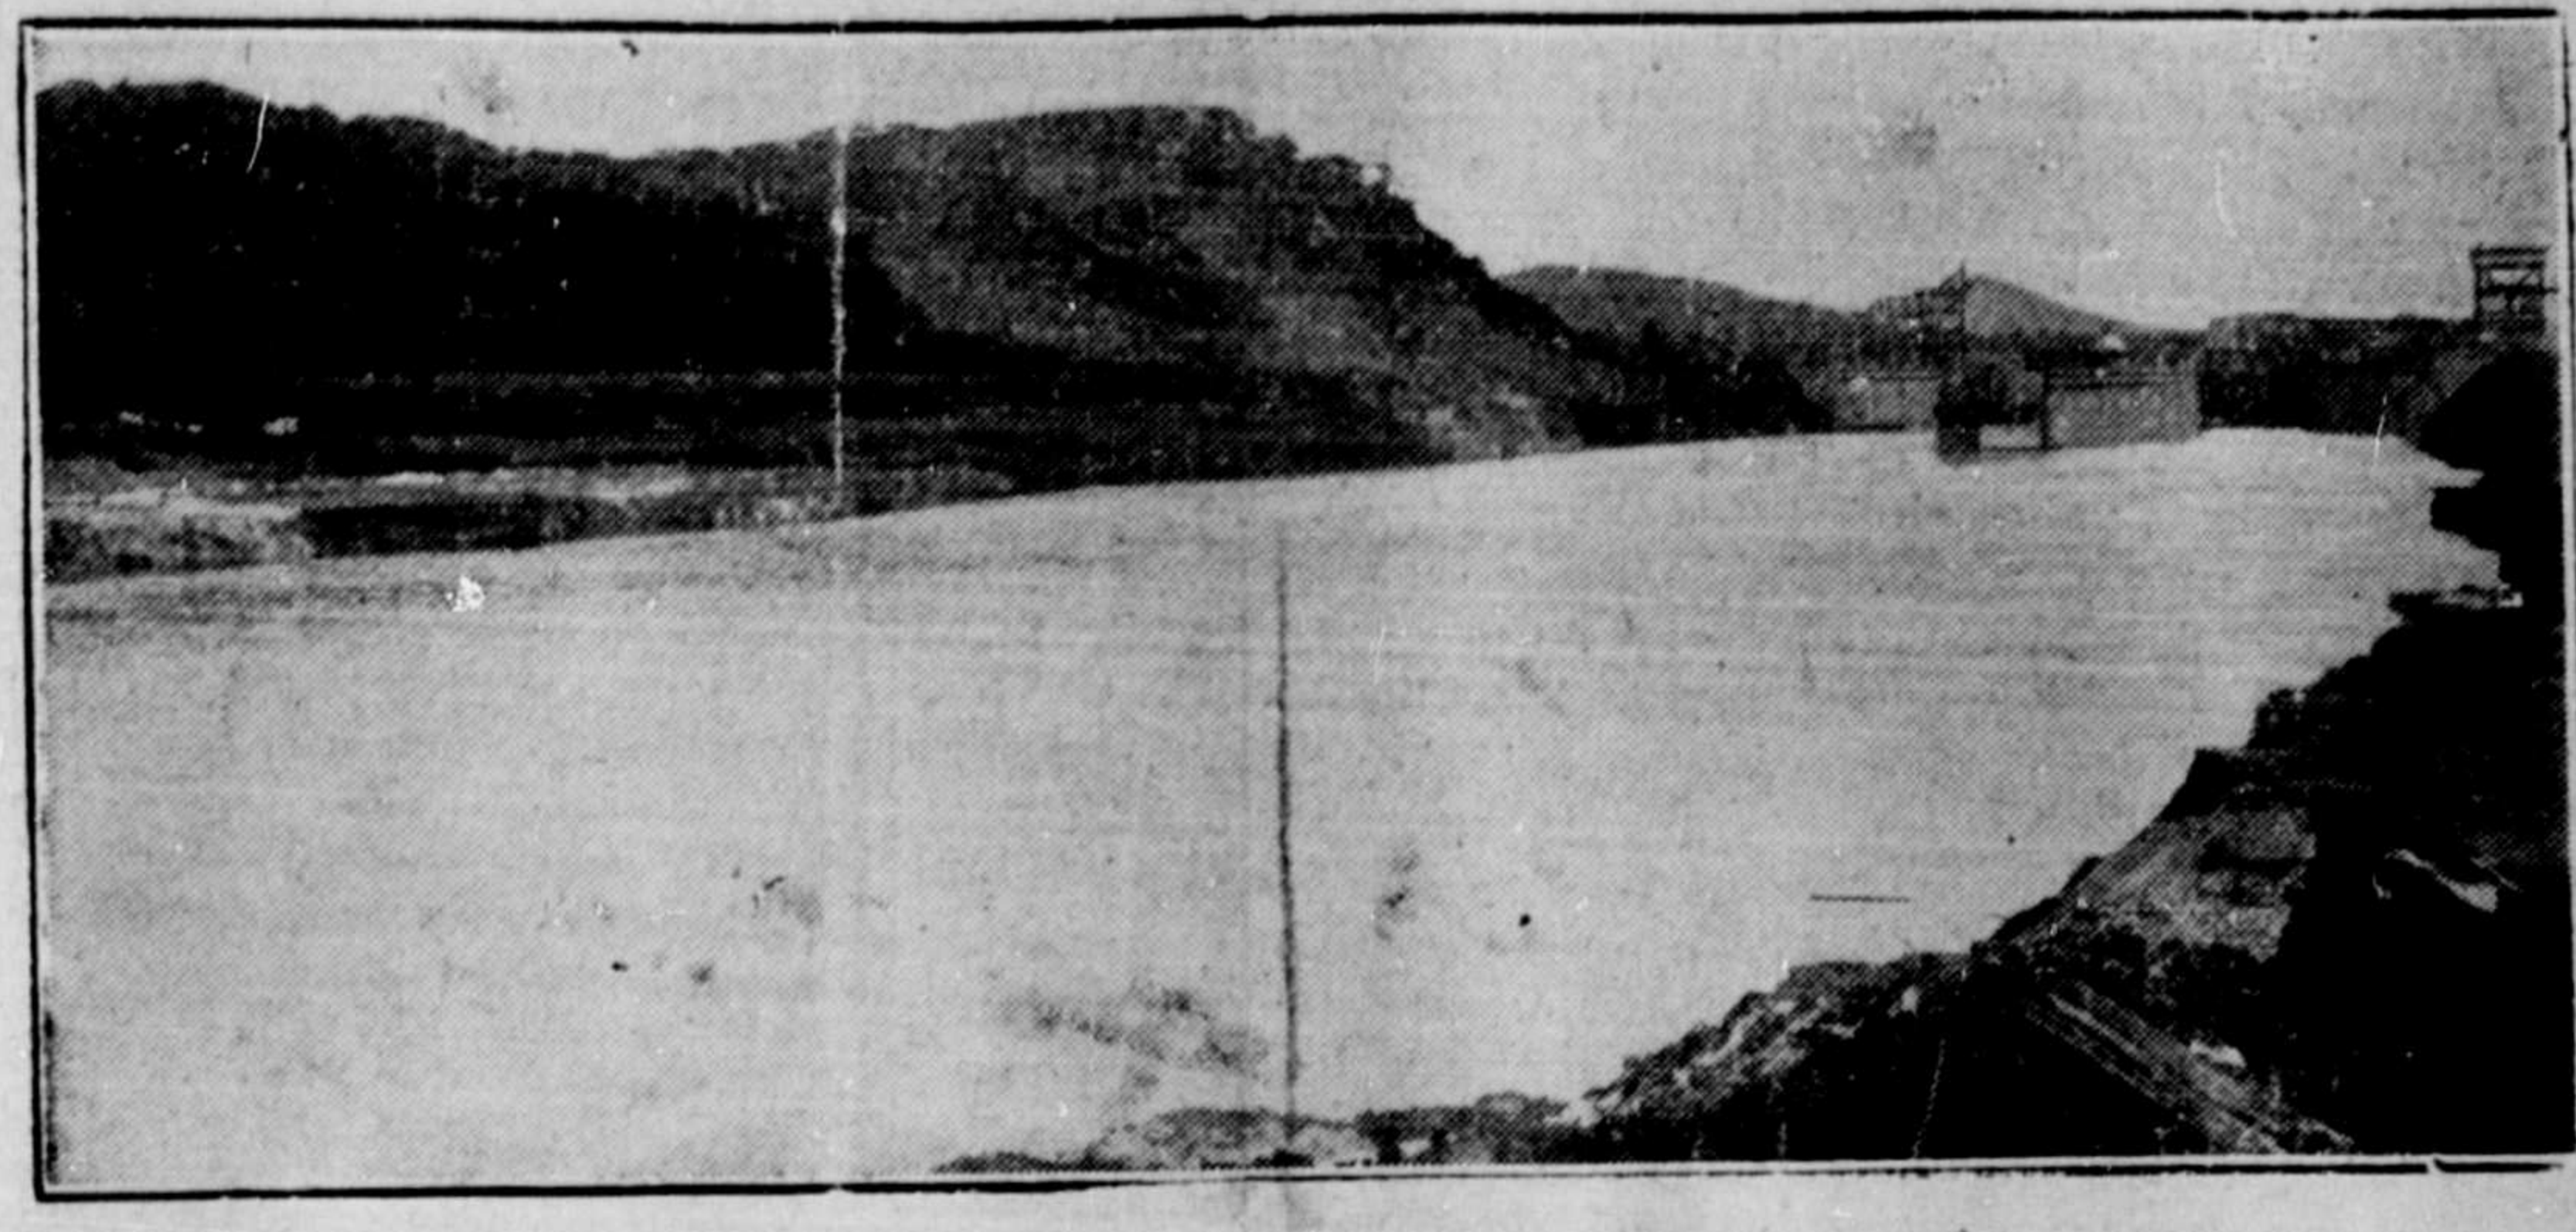

WILL NOT WITHDRAW BOATS FROM BANKS DURING WINTER

RUMOR REGARDING CANADIAN FISH & COLD STORAGE CO., LTD., IS NOT CORRECT—WILL OPERATE AS STEAM LINE TRAWLERS.

During the last few days it has been quite freely reported on the street that the Canadian Fish & Cold Storage Co., Ltd., are withdrawing all of their fishing boats from active operations for the winter months. Asked by The News this morning as to the truth of these rumors, Mr. Collins said that it is the intention of the company to tie up only those boats which do not pay, the Zibassa and Skugaid, schooners, have been laid up for

At the end of this scene is the Gamboa dyke, which was blown up on October 10th by an electric spark transmitted by President Wilson from Washington, 4,800 miles away. This explosion made way for the complete connection of the waters of the Pacific and the Atlantic, and thereby joined the two great highways of commerce. It took a charge of 1,227 tons of dynamite to do the trick.

ACTION FOR DAMAGES HAS BEEN DISMISSED

David Graham's Case Against the G. T. P. for Damages Sustained Here Is Dismissed.

Word reached the city today that the action brought by David Graham against the G. T. P. for injuries sustained while operating a winch at the wharf here about a year ago has been dismissed. The case was tried at Vancouver last week, a number of witnesses from here giving evidence.

CITY SCAVENGING

Health Committee to Report in Two Weeks' Time.

A bylaw to amend the bylaw for the weighing of coal was under discussion at the council meeting last night, when Alderman Bullock-Webster asked a question in regard to the man employed by the city to do the coal weighing. The mayor said he was still employed but had been put on to collect the sanitary dues.

Alderman Kerr observed that he thought it high time the health committee brought in a report on sanitary arrangements. Alderman Maitland said the committee was trying to get the report as soon as possible and they could promise it two weeks from now.

NEW MANAGER FOR FISH AND PRODUCE STORE

J. Pitchford arrived by the Prince George this morning to take the management of the fish and produce business of W. W. Jones (formerly Shepard & Jones). Mr. Pitchford comes here highly recommended from Vancouver, having been with F. Wright & Co. for a number of years. In securing Mr. Pitchford Mr. Jones is endeavoring to give his customers the best service obtainable.

Comox Residents Leave

About a dozen of the residents of Comox Avenue are booked for passage south on the steamer Ventura today. Their departure from the city is probably the result of the action taken by the police commissioners at their recent meeting when the chief of police was instructed to notify owners of property there that the keeping of disorderly houses is contrary to law and if continued they will be prosecuted.

County Court Cases.

Two cases were disposed of at the sitting of the county court yesterday afternoon. C. J. Hastings vs. Chris Peterson; judgment for plaintiff with costs; Williams & Manson for plaintiff. W. T. Kergin vs. Mrs. Thomas Stewart; judgment for plaintiff with costs; Williams & Manson for plaintiff.

Mrs. W. H. Wright returned this morning on the steamer Prince George from a few weeks' visit in the lower coast cities.

PERMANENT EXHIBITION PROJECT IS SUPPORTED

Later the Mayor to Make Certain Suggestions as to Exhibition and Publicity.

Alderman Bullock-Webster last night stated to the city council that at the last meeting a proposition that the city appropriate \$300 toward the permanent exhibition project was referred to the finance committee to report. He was not objecting to this, as he had always been in favor of a permanent exhibition, but he thought the council should have a report upon what was proposed to be done in the matter. In this connection he might remind the council that the fair had cost the city \$1,000 less than it was expected to do, and in view of the fact that the real estate exchange had found itself unable to subscribe to the project he would now move that an additional \$300 be appropriated by the city for the purpose.

The mayor thought the matter had better stand where it did for the present. There was only two and a half months to run until the end of the year, when he should feel it his duty to recommend certain appropriations for the exhibition and for publicity purposes. The city at present had other expenses to meet and he hoped the motion would be held over.

Alderman Bullock-Webster said that as the mayor was familiar with what was proposed to be done he would not press the motion, and this ended the discussion.

Mrs. Anderson of Hotel Nicholl entertained a number of her friends recently at a tea in honor of her guest, Mrs. F. W. Behler, of Kitsumkalum. Nearly all the ladies of Nicholl were invited. Mrs. Donald of Kitsumkalum was also among the invited guests. In addition to the tea several musical selections were rendered. The reception was a pleasant and successful one.

MORNING TRAIN HELD UP OWING TO WASHOUT ON LINE

SWOLLEN STREAM UNDERMINES TRACK AT MILE 38—WIRES DOWN AND LITTLE INFORMATION CAN BE OBTAINED.

The regular train for the interior, due to leave here at 10 o'clock this morning, is being held here on account of one or two washouts up the line. General Superintendent Mehan when seen by The News this morning said that as a result of the continued heavy rains in the interior most of the streams are swollen beyond their normal size. A washout between Mile 38 and 39 was reported this morning and a large gang of men was immediately put to work to repair the damage. As a result of the wind storm last night the G. T. P. and Dominion government wires are down in a number of places and it is difficult to get information

as to what damage may have been done to the railway grade at other places along the line. It is quite probable that the high winds have blown a good deal of debris into the swollen streams. This floats down and chokes the culverts where they pass under the railway. The streams are thus diverted from their regular course and undermine the railway grade. General Superintendent Mehan considered it advisable to hold the train here where there is suitable accommodation until the damage is repaired rather than have the passengers tied up along the line without proper accommodation.

CARGO OF STEEL FOR DRY DOCK WILL BE HERE IN A FEW DAYS

ALSO TWO THOUSAND FOUR HUNDRED TONS OF RAILS FOR RAILWAY CONSTRUCTION ON BRITISH STEAMER BUENA VENTURA.

Vancouver, Oct. 18.—On board the British steamer Buena Ventura, which is now rapidly nearing this port from New York, is a special shipment of 500 tons of structural steel to be used in connection with the construction of the huge floating dry dock which is being built by the Dominion government at Prince Rupert. This is the first shipment of the kind that has yet been sent around the South American coast for the structure now well under way at the northern port, although it is understood other similar consignments will find their way to the North Pacific by other steamers of the Maple Leaf Line.

First news that this important cargo was on the way from New York was brought by Captain Groves, manager of the Victoria and Vancouver Stevedoring company at Prince Rupert, who reached Victoria from the northern port yesterday via Vancouver. In addition to the big consignment of steel for the dry dock, the Buena Ventura has on board 2,400 tons of steel rails for G. T. P. construction work, which will be discharged at Prince Rupert. The inbound steamer will proceed north after she has discharged at Victoria and Vancouver.

According to the latest word received here, the Buena Ventura is expected to arrive at this port about November 10th. She is a new steamship and is on her maiden trip to the Pacific coast. The British steamer Santa Rosalia, also of the Maple Leaf Line, which is now discharging at Vancouver, has aboard about 2400 tons of steel rails consigned to Prince Rupert, and is expected to head northward with this cargo early next week. Another rail steamer now on passage to Victoria from New York is the British freighter Kenra. She left New York on October 10th, and is now steaming down the Atlantic coast of South America.

Notice.

The committee of Sec. 5, 6, 7 and 8 Property Owners' Association will report their recommendations at a meeting to be held at the Swedish Church hall, at the corner of Eighth and Ninth avenues, Section 6, on Thursday at 8 p. m. Mr. Arthur Guthbert will be present to explain any points to those who desire to get on the voters' list. The fact that you hold a \$2.00 poll tax receipt does not entitle you to vote, although you are a British subject. Come to this meeting and you can get on the voters' list if you are eligible. The Property Owners' Association is not organized at present to further the interests of any particular candidates for the coming civic election. 247-48 H. E. GAMPP, Pres.

DAILY EDITION

Wednesday, Oct. 22, 1913.

THE BURNING OF THE VOLTURNO.

Yesterday The News published a picture of the steamship Volturno ablaze in mid-Atlantic. It was made from a photographic of the doomed vessel and from the vivid description of one of the survivors. His experience during the disaster, which almost rivals the tragedy of the Titanic, must have been terrible. Sinking at sea in mid-ocean undoubtedly has not the element of horror of a fire at sea with a gale blowing and waves rolling mountain high. To launch a boat is to perish. To remain with the ship is to be devoured by flames. Many tried the boats and were lost before the eyes of those who remained to risk the flames. Again, sections of the deck collapsed and others fell into the white-hot furnace below. There were witnesses to all these horrors.

What the unfortunate victims suffered in momentary anticipation of death in some one of these two terrifying forms none but themselves will ever know. That more did not jump into the sea and deliberately choose the pleasanter element shows how tenacious of life all creatures are.

Of all the company of 657 persons only 136, or 20 per

cent., were lost. Taking the conditions into consideration, there is evidence in these figures that some heroic work of rescue was done, both by the ships standing about and by the officers of the Volturno.

PERT QUESTIONS FOR MR. BORDEN.

The Prince Albert Times asks: When was the last annual convention of the Canadian Manufacturers' Association at which the Right Hon. R. L. Borden was not present, and which he did not address? Don't all speak at once. No one knows, eh? Here's another: When and where was the last labor or agricultural convention which the Canadian premier attended, and to which he spoke words of wisdom, loyalty and good cheer?

GILBERT PARKER'S TERRIBLE THREAT.

Sir Gilbert Parker says that when the women of England get the vote he will take the veil. This is a terrible threat. The world, and particularly that part of the world which has been illuminated by the author of "Pierre and His People," would suffer a distinct loss if Sir Gilbert were to get him to a nunnery. Will the suffragettes refuse to have compassion?

KIMSQUIT INDIAN COMMITTED FOR TRIAL ON MURDER CHARGE

STIKINE JOE, ANOTHER BELLA COOLA INDIAN, IS REMANDED—BELLA COOLA DOCTOR CHARGED WITH THREATENING TO SHOOT WIFE.

Vancouver, Oct. 18.—After a preliminary hearing George Wilson, a Kimsquit Indian, was committed for trial by Magistrate Alexander yesterday afternoon on a charge of murdering Charles Wilson, Emma Wilson and George Paul during a drunken frenzy on the night of September 11th. Stikine Joe, another Kimsquit Indian, who is charged with the murder of Watchee Gus on the same occasion, was remanded until Tuesday.

The evidence of the Indian eye witnesses was to the effect that the parties were, all fishing at midnight about 200 yards out from Kimsquit cannery, when George Wilson, after inviting the others to drink, picked up his rifle and started shooting his friends. The man Watchee Gus is said to have been shot by Stikine Joe when he came out from shore to see what the trouble was. Mary Thompson, a young squaw who was in the boat with George Paul, told of the death of Charles Wilson, Emma Wilson and George Paul. She

said she had a narrow escape as George Wilson fired at her. Jim Pollard told of the death of Watchee Gus, whom he had accompanied to the scene of the tragedy.

Vancouver, Oct. 18.—Charged with threatening to shoot his wife, Dr. Francis Cavanagh of Bella Coola appeared before Judge McInnes yesterday afternoon and elected for speedy trial. Owing to the difficulty connected with bringing witnesses here from such a distance, the trial will not take place until Saturday, October 25th. The accused is defended by Mr. Elmer Jones.

Dr. Cavanagh, who has been practising for some time at Bella Coola, is a finely built man and of good appearance. After a quarrel with his wife, Maud, it is stated that he threatened to shoot her with a revolver. He was brought before the magistrate of the district, and committed for trial and brought down here, arriving in Vancouver yesterday morning. He was allowed bail last night.

NEGOTIATIONS FOR BUSINESS MEN'S TRIP

Vice President Donaldson Sends Encouraging Reply to Mr. Mehan.

M. J. Hobin, one of the committee inaugurating the proposed trip across the continent when the G. T. P. is completed, is in receipt of a reply from General Superintendent W. C. C. Mehan, who was communicated with, stating that he had taken the matter up with Mr. Donaldson, vice president. The latter reports that he has referred the matter to the president and has no doubt but that the proposition will be favorably received and that every concession possible in regard to rate will be allowed. The vice president draws attention to the fact that the car builders are overtaxed with orders and there is a possibility that the company might not be in a position to supply the necessary equipment. Although nothing can be said positively at this time, it looks as though satisfactory arrangements will be made for carrying out the proposed trip.

PRINCE GEORGE TO BE RETIRED FIRST

For Regular Winter Overhauling—Prince John to Be Converted Into an Oil Burner.

Captain C. H. Nicholson, manager of G. T. P. coast steamships, states that the first vessel to be withdrawn from the northern service this fall will be the Prince George. She will be taken off the Prince Rupert and Stewart run in December, and will be immediately drydocked to repair the damages sustained by her hull when she ran ashore earlier in the summer. The Prince Rupert will maintain the sailings between this port and the northern port, sailing from Victoria on Mondays. When the Prince George is again ready for service she will then replace the Prince Rupert on the run, and the latter will be withdrawn for her annual overhaul. The Queen Charlotte Island Prince Rupert steamer Prince John will come off the run November 1, to be converted into an oil burner. A fortnightly service will be maintained to the Queen Charlottes by the Prince Albert.

Be on time for Santa Claus

SANTA Claus time came round last year and found you with your gifts only half ready — it spoiled your Christmas. The gifts you sent away arrived days after the stockings had been emptied — after the Christmas tree was a thing of the past — too late to be fully appreciated. You had tried to do everything yourself, and to do it in the last few days.

Be on time this year. Save yourself worry and expense — let us do the work for you.

Send for our Gift Book. Give us the page and number of the gift you want for "Father," "Mother," "Brother Bill," — all the long list. Part of an evening will do it — you won't have to leave your cozy fireside.

The parcelling, stamping, addressing, etc. — all the bothersome part — we do without extra charge. We pay delivery charges and are responsible for anything lost or damaged.

Don't wait for "To-morrow" — "To-morrow" never comes. Write for the Gift Book to-day.

Application for a license to take and use water will be made under the Water Act of British Columbia as follows:

DENTAL STUDENTS STILL SMILING AFTER THE FIGHT.

ANNUAL SCRAP OF ONTARIO DENTAL COLLEGE.

This college boasts of having students from and graduates in every city in Canada. Every year the students have a scrap, and an added interest was attached to this as a result of the war paint. One side wore sticking plaster on the forehead so they might distinguish friends from foes; and both sides were armed with pots of shoe blacking with which they daubed each other's faces. It was a high old time, but the young men cut ludicrous figures at its close.

M. Sylvester, who has been assistant general manager for the last year, was promoted to the vacancy caused by Mr. Graves' withdrawal and also was given a position on the executive board.

OIL STEAMER GIVEN A GREAT RECEPTION

Tanker That Quieted the Waves About Burning Volturno Is Greeted by London.

London, Oct. 15.—The oil tank steamer Narragansett, which arrived "with the milk in the morning" on the scene of the Volturno disaster, and by scattering tons of oil on the raging sea greatly aided the rescue work, received a great reception on her arrival in the Thames at noon today. A band on board a tug met her down the river and played "The Conquering Hero" and a succession of national airs.

They Usually Knock. "How is the play?" "It must be fine. I heard it praised by a couple of dead-heads."

BRAMWELL BOOTH IS COMING TO CANADA

All the Officers of Salvation Army to Meet Him at Toronto or Winnipeg.

The Salvation Army in Canada will shortly celebrate an event of historical importance to that organization in the welcome to the Dominion for the first time of their new general, W. Bramwell Booth, eldest son and successor of the late General William Booth, founder of this worldwide movement.

Toronto and Winnipeg are the only centres to be visited by General Booth, and extensive arrangements for public and private gatherings are being made. The general leaves Southampton on October 23rd and proceeds direct to Toronto, arriving on Saturday, November 1st, where he engagements will keep him until November 6th, after which he will go on to Winnipeg, remaining there until November 14th.

Commissioner David C. Lamb, international secretary and head of the emigration department; Commissioner John Lawley and Colonel Theodore Kitching will accompany General Booth from England. All officers of the army and delegates in the territory extending from Port Arthur to Halifax, also from Newfoundland, will meet their leader at Toronto, and those from Fort William to the Pacific coast at Winnipeg.

FORT FRASER STATION

Order Fixing Site Issued by Railway Commission.

Ottawa, Oct. 16.—The board of railway commissioners has issued an order approving of a station site at Fort Fraser, mileage 372 east of Prince Rupert. This will give to Fort Fraser first class railway facilities, as the station, sidings, etc., are located at the point where the owners of Fort Fraser townsite desired.

Thirty Nights on Special Train.

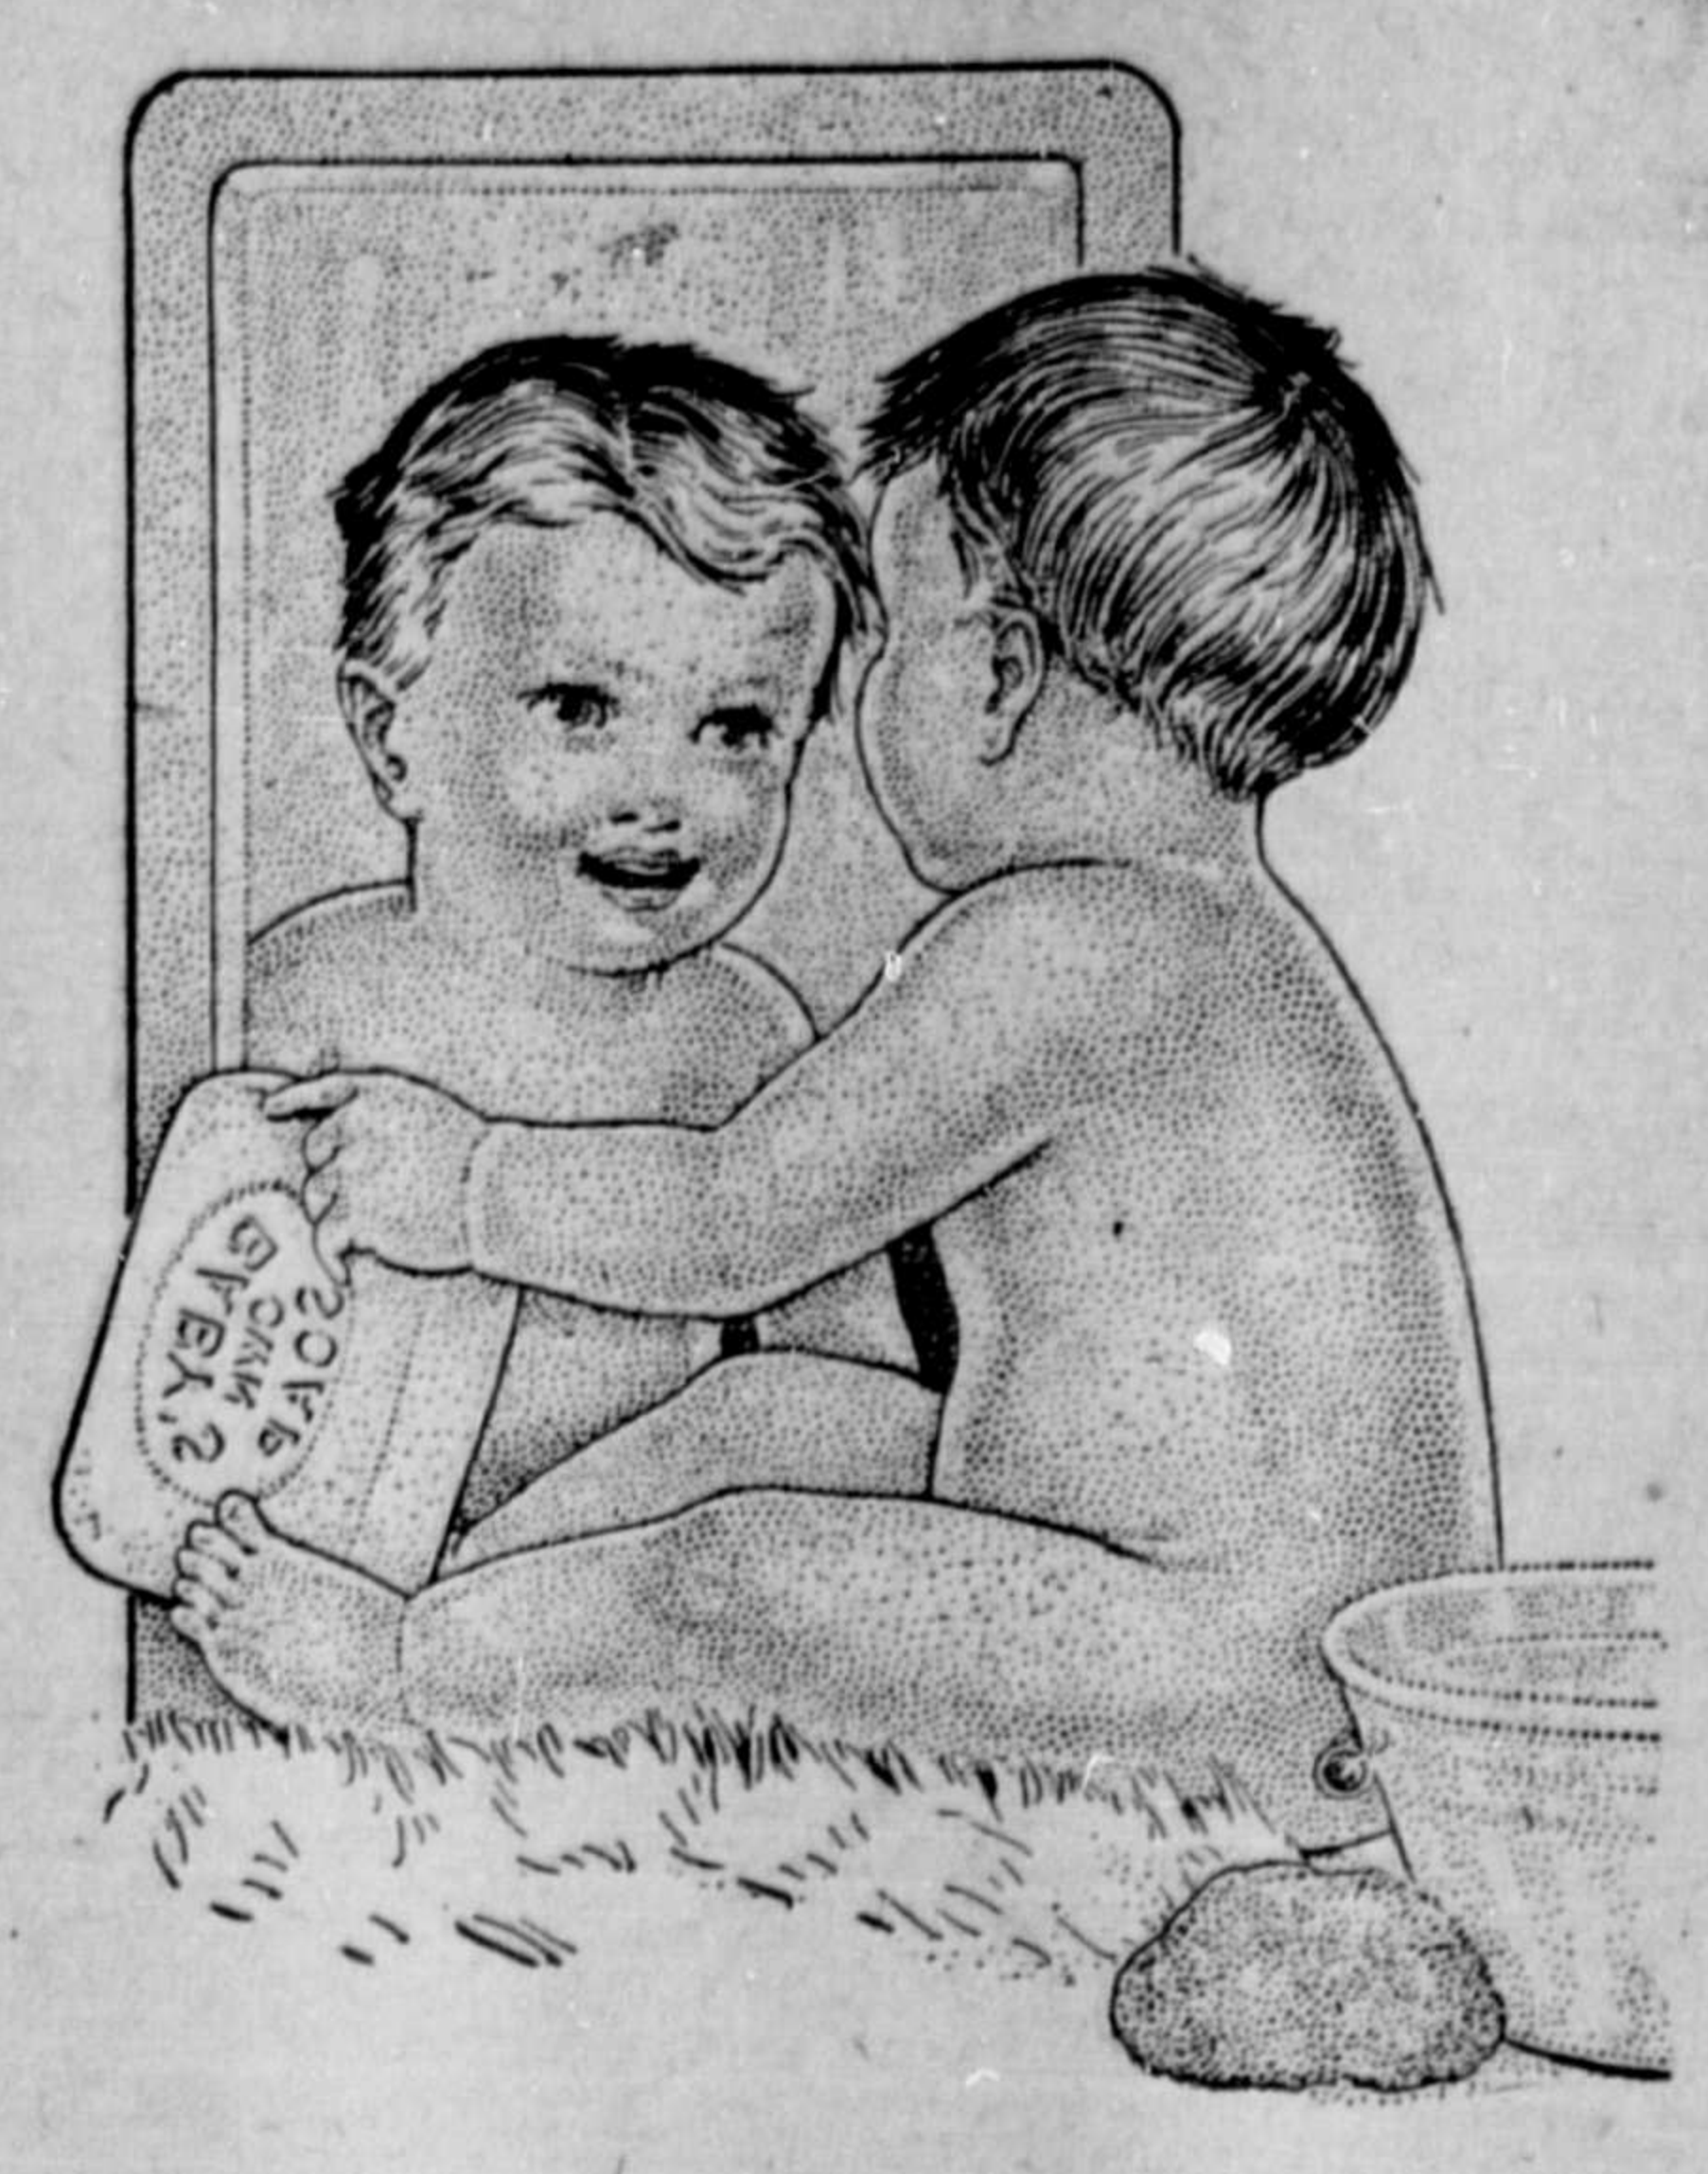

Chicago, Oct. 16.—From the time they leave Chicago Sunday night on their tour of the world until they sail for Japan from Vancouver, B. C., on November 19, the New York Giants and the Chicago White Sox will spend thirty nights in a sleeper on their special train. Arrangements were completed here yesterday for an all steel train to carry the players to the coast. Three sleeping cars, an observation car and a combination baggage and buffet car will comprise the special.

SCOOP AND THE BOSS.

"What mischief has Scoop been into today?" is a question that most readers of The News ask of themselves each evening when they pick up their favorite paper. To those who follow his antics daily he is a real, live being in whom they take a personal interest. The News has recently received plaster casts of both Scoop and the Boss which have been displayed in The News window and attracted much attention. Scoop admirers who wish duplicates of these can get them at The News office for 75 cents a pair.

PREMIER HOTEL HAD A VERY CLOSE CALL

Kitchen Caught Fire with Strong Wind Blowing—Brigade Did Splendid Work.

(Held Over From Yesterday.)

For a few minutes on Saturday night it looked as though the Premier Hotel was doomed. Shortly after 9 o'clock the kitchen, which is in a section at the rear of the east end of the main building, was discovered to be on fire and well under way. The hose inside the building was immediately put in commission and did fairly good work although it was not sufficient to keep the fire from gaining headway. An alarm was sent in to the fire station and the brigade responded with its usual promptness. By the time they arrived on the scene the whole east side of the kitchen was ablaze. A regular gale was blowing at the time and for a few moments the situation seemed serious. With two good streams, in addition to the house hose, the flames were soon checked and in less than half an hour one would not have known that a fire had occurred.

The damage was almost entirely confined to the kitchen, a little damage by water being done in the corner of the main building closest to the kitchen.

Carpenters were put to work on Sunday morning and had the damage sufficiently repaired to resume the dining room service on Monday morning.

The fire brigade deserves much credit for the excellent work done.

Mr. Hannington, who has been acting manager of the local branch of the Canadian Bank of Commerce since the transfer of Mr. Christie to Cranbrook, left yesterday morning for Vancouver. He expects to be located temporarily at Vernon. Mr. De Gex of Ladysmith, has assumed the management of the local branch.

EARL GREY RIFLES WIN THE CITY CUP

Wrest it From the Civilians Who Held it for Two Years and Nearly Owned it

The yearly shoot between the Earl Grey Rifles and the Civilian Rifle Association for the City Corporation cup took place Monday. It was splendid shooting weather and yet for some unaccountable reason the scores were rather below the average. The cup was carried away by the Earl Grey's by nine points after some exciting episodes.

At the 200 yard range the Earl Grey's led by seven points, and at the 500 they were leading by twenty points. At the 600, after six men on each side had shot, the Civilians were ahead by seven points, but when the remaining two a side had shot the Earl Grey's had gained by sixteen points, thus wresting the cup from the Civilians by a margin of nine. The Civilians had won it for two years and if they had succeeded this time they would have owned it.

The gold medal for the highest score was won by Pte. Averill, Capt. Partington winning the silver medal and Pte. Little the bronze medal.

The Earl Grey Rifles ended a very successful year, Lieut. McMorde winning the Stork Cup for the best six scores made during the year, and Pte. Little the Leek Cup for the best six scores made during the year by beginners.

The following are the scores made Monday for the City cup:

Earl Grey's Rifles.				
	Yds.	Yds.	Yds.	Total
Corp. Averill	33	32	33	98
Pte. Little	31	35	31	97
Pte. Matheson	31	33	30	94
Sergt. Brown	32	30	30	92
Sergt. Jack	33	34	24	91
Lieut. McMorde	30	31	29	90
Pte. Hulme	31	23	30	84
Pte. Russell	30	31	28	79
	251	249	225	725

Civilian Rifles.

	Yds.	Yds.	Yds.	Total
Capt. Partington	31	31	35	97
D. Yelf	30	31	33	94
D. C. Stuart	33	30	31	94
A. Hunter	31	34	29	94
W. J. Greer	31	31	29	91
J. E. Larkin	30	30	30	90
D. Brown	31	29	30	90
R. W. Cameron	28	29	15	72
	244	236	236	716

Corporal Averill won the spoon given for the regular weekly handicap shoot.

A general meeting of the Prince Rupert Rowing & Yachting Club will be held at the court house on Thursday evening at 8:15 to consider the question of docking the club house for the winter.

WATER NOTICE.

Take notice that the Prince Rupert Hydro-Electric Company, Limited, of Montreal, Quebec, has filed with the Honorable the Minister of Lands under Part 6 of the Water Act a petition for the approval of their undertaking in relation to the utilization of 1,500 inches of water from Thulme River, Quatton Inlet, Skeena Water District, for power purposes. Application for the said water rights was made on the 20th day of September, 1908, by the Continental Power Company, Limited, which last mentioned company has transferred to the Prince Rupert Hydro-Electric Company, Limited, their interest therein. Copies of the petition, plans and exhibits for approval of the undertaking required by Section 89 and Part 6 of the Water Act have been filed with the Comptroller of Water Rights and with the Water Recorder at Prince Rupert. Objections to the application may be filed with the Comptroller of Water Rights, Parliament Building, Victoria, B. C., this 2nd day of October, A. D. 1913. THE PRINCE RUPERT HYDRO-ELECTRIC CO., LTD.
