ANXIETY OF ENGLAND OVER SITUATION IN MEXICO

FURTHER DETAILS OF LLOYD GEORGE LAND SCHEME—TWO HUNDRED MINERS ARE ENTOMBED

LLOYD-GEORGE'S LAND SCHEME IS CREATING MUCH SURPRISE

HAS SECURED CABINET'S APPROVAL TO PURSUE HIS PLANS IN HIS OWN WAY—UNIONISTS MAKING PREPARATIONS FOR EARLY ELECTION.

(Special to The Daily News.)
London, Oct. 23.—Lloyd-George has created the greatest surprise by giving further details of the government land scheme. The lines of his speech yesterday indicate that he prevailed with the cabinet and overcame the opposition of the moderate section, securing the right to pursue his own plans in his own way. It is said the completed plans were ratified last Thursday, and that these do not presage a general election earlier than 1915, when, normally, the government would appeal to the people on home rule, Welsh disestablishment and electoral reform. These achieved the Liberals do not believe that

home rule will be sacrificed on the altar of land reform. But the Unionist organizers are considering the possibility of an early election and are promptly making preparations for it. They are making the most sweeping proposals, consisting of the appointment of a land ministry to take over the duties of the existing agricultural boards, land valuation, the work of the local government boards, housing arrangements and generally to handle all land questions are forecasted, as well as a guaranteed minimum wage and afforestation. The whole scheme is an effort at securing the full state control of an existing monopoly.

CHICAGO MILLIONAIRE AND PARTY IN THE CITY TODAY

RETURNING FROM THREE MONTHS' TRIP HUNTING FOR BIG GAME IN ALASKA—YACHT CAME FROM BOSTON.

A party of wealthy American sportsmen arrived in the city about 7 o'clock last night on the private yacht *Adventure* of New York, owned by one of the party, John Borden, a Chicago millionaire. With Mr. Borden are Harry Scott of San Francisco and R. Andrews of the Scientific Museum of New York City. Another member of the party, William Brown of Chicago, left the yacht at Kodiak Island a couple of weeks ago to return home.

They report game rather difficult to get in the north, nevertheless they were successful in capturing six bear, three caribou and lots of smaller game. While in the north they made their headquarters at Dutch Harbor in Alaska. They also spent a good deal of time in the vicinity of Kodiak Island.

The *Adventure* left Boston on February 13th last, sailing through the Straits of Magellan in charge of Captain Charles Spark and a crew of six men. She is a two sticker, 101 feet over all and 75 feet on the water line, with a draught of 11 feet. She is of the semi-knockabout type, equipped with an 80 horsepower Frisco Standard engine and a five horsepower standard engine for electric light and electric anchor hoist. The yacht is also equipped with a one k. w. wireless set. Speaking to Captain

BRITAIN AND UNITED STATES AT OUTS REGARDING MEXICO

LONDON NEWSPAPERS FEAR SERIOUS EMBROILMENT BETWEEN THE GOVERNMENTS OF THE TWO COUNTRIES—SECRECY ON BOTH SIDES.

(Special to The Daily News.)
London, Oct. 23.—The newspapers here are awakening to the possibility of an embroilment between the United States and Great Britain over the Mexican situation. The *Pall Mall Gazette* says: "There is evidently a grave misunderstanding between the old country and the United States over the Mexican crisis. This should speedily be removed. There are elements of danger in the situation which may easily

arouse strong feelings on both sides of the Atlantic." Other newspapers express similar forebodings, and the mystery surrounding the possible policy of the two governments is strongly commented upon.

United States Ambassador Page yesterday had a long interview with the secretary for foreign affairs, at which it is believed that the Mexican situation was fully discussed.

Washington, Oct. 23.—The state department officials decline to discuss in any way the enquiries made yesterday by Ambassador Page in London in respect to Great Britain's attitude as to the Mexican situation. It is generally believed here that this government is awaiting the result of the presidential election in Mexico on the 26th before making any definite move in the matter.

Mexico City, Oct. 23.—Two brothers of the late President Madero were arrested at Monterey yesterday, charged with complicity in a conspiracy to turn this city over to the revolutionists on the day of election.

SCOW NEARLY UPSET LEFT AT UNION BAY

Shipment of Lumber for Westholme Lumber Co. Came Near Being Lost.

The steamer *British Columbia* arrived in port about 7 o'clock this morning with a mixed cargo, including a shipment of coal for the G. T. P. The steamer was in charge of Mate Hewison on account of the illness of Captain Foellmer, who is confined to his home in Vancouver.

On the trip up from Vancouver the *British Columbia* had in tow a scow loaded with some 300,000 feet of lumber for the Westholme Lumber Co. The scow started leaking so badly that it had to be left at Union Bay and the lumber will have to be transferred to another scow. The mate reports that the scow listed so badly that he could see right under the bottom of it. By careful handling he succeeded in getting it safely into Union Bay.

G. T. P. BRIDGES SUFFER FROM HIGH WATER

Piles Knocked Out of Position by High Water and Debris—No Train Before Saturday.

As a result of the damage done to several of the trestle bridges along the line of the G. T. P. yesterday morning's train has been cancelled and there will be no passenger train for the interior before Saturday morning. General Superintendent Mehan reports that while no very serious damage has been done a number of the bridges over the streams flowing into the Skeena have been slightly damaged by the high water and the debris brought down. New piles must be driven in several places before these will be safe for traffic.

At noon today all damage had been repaired as far as Mile 79, where the Shames River bridge is out of commission. Beyond this bridges at Lorne Creek and Phillips Creek are slightly damaged. Night and day gangs are at work making the necessary repairs as fast as possible. It is hoped the line will be in shape to operate Saturday's train.

TWO HUNDRED MINERS CAUGHT BY EXPLOSION

Some Few Mangled Bodies Recovered—Little Hope of Rescue Entertained

(Special to The Daily News.)
Trinidad, Col., Oct. 23.—Two hundred miners are entombed in a mine at Dawson, New Mexico, according to reports here late last night. A great explosion occurred while the men were at work.

Dawson, N.M., Oct. 23.—One hundred feet of progress was made during the night by the rescuers working in Mine No. 2, in their fight against the debris which choked the entrance to the mine. A few mangled bodies were recovered. It is believed that blockades exist for hundreds of feet into the mine and little hope is entertained here for the rescue of the entombed men.

"THE WHITE SLAVE"

Crowd at the Empress Attracted by a Splendid Film.

There was a very large house at the Empress Theatre last night, when the film feature was "The Octaroon, or the White Slave." So much appears in the newspapers these days in regard to white slavery that it is just possible some were mistaken in the subject that was to be presented. But they were not disappointed, as the film is a splendidly performed drama based on the ante-bellum slave days in the southern states. The beautiful octaroon whom no one would suspect of dark blood is engaged to a white lover and her owner presents her with her freedom. A wicked slave driver finds the freedom papers defective and obtains possession of the octaroon on the auction block. How the villain kills the mail carrier and his guilt brought home to him by a photographer are thrilling scenes in this entrancing drama, which will be repeated this evening. "Missionaries in Darkest Africa" is an excellent film of adventure and of an educational quality, and "The Fisherman's Luck" is a comedy you cannot fail to enjoy.

START MADE TOWARD THE NEW POST OFFICE

Preparations Are Being Made for Excavation of the Site on Third Avenue.

Government Engineer Hull is living up to his announcement, published in *The News* last Thursday, that a start would be made on the post office site excavation within a week. A gang of men was at work yesterday making preparations for the inclined track that will be used to convey the excavated material to the rear of the Pioneer Club lots. The actual work of removing the rock is expected to start very soon.

AT THE WESTHOLME

Three Excellent Comedies and a Drama with Moral Shown.

Three of the best comedies ever put on at the Westholme were shown last night and will be repeated this evening. They are "His Way of Winning Her," "The Gold Creek Mine" and "A Country Girl's Romance," all of which present peculiar situations that produce roars of hearty laughter. The drama is a fine Thanhauser film called "The Spirit of Envy," which conveys a moral lesson to young girls. The story is of two girl chums who marry, the one to a young man of large affairs and the other to a clerk. The latter plods along with contentment, but the former flies high in the world and comes down like the stick of the old fashioned rocket. Which girl made the better choice? There is also a thrilling "Tale of Death Valley," introducing cowboys and gold hunters.

ALL THREE ARE SET FREE

Were Charged with Intimidation at Nanaimo.

(Special to The Daily News.)
Vancouver, Oct. 23.—After a lengthy trial the grand jury yesterday returned no bill against Rubinowitz, Pryde and Moore, committed for trial from Nanaimo accused of intimidation. Israel Rubinowitz went to Nanaimo as counsel for the prisoners arrested after the rioting there. He and the two other prisoners were standing on the street talking, endeavoring to get information as to the exact situation. Some of the men whom they questioned swore to charges of intimidation.

HOME RULE SQUABBLE

Unionists Confident It Will Be Settled by Consent.

(Special to The Daily News.)
London, Oct. 23.—Unionist leaders are still confident that the Irish problem will be settled by consent. Hon. Charles Hobhouse, a member of the Asquith cabinet, says that fair play is all the cabinet desires and he hopes and expects to see a peaceful solution of the whole question.

TWO MORE BOATS ENGAGED IN LOCAL FISHING INDUSTRY

RELIANCE FISHING COMPANY OF VICTORIA WILL OPERATE TWO LARGE BOATS OUT OF HERE—ONE BOAT NOW IN WITH CATCH.

George W. Stennett of Victoria manager of the Alliance Fishing Company, has been in the city for the last two weeks awaiting the arrival of a couple of the company's fishing boats, which are to be operated from Prince Rupert during the winter months. Mr. Stennett has had a very extensive experience in the fishing business. He came to British Columbia a number of years ago from Grimsby, England. Speaking of the fishing industry, he said he had seen Grimsby grow from a very small town to a city of 80,000 people, all in a few years as a result of the one industry. From what he has seen and heard

of Prince Rupert he is of the opinion that even a greater future is in store for this city. One of the company's boats, the *Alliance II*, arrived in port yesterday afternoon with 25,000 pounds of halibut, representing about two and a half days' fishing. The other boat, the *Reliance I*, that the company will operate out of here is now on the banks and is expected in at any time.

The *Reliance No. 2* is of the twin screw type. She is equipped with two 64 horsepower, four cylinder Automatic engines and a five horsepower Fairbanks as an auxiliary. She is over 100 feet long and schooner rigged.

DAUGHTERS OF EMPIRE HOLD AUCTION BRIDGE TOURNAMENT

EIGHTY PLAYERS ENGAGED IN CONTEST FOR THE H. S. CLEMENTS TROPHY AT THE HOME OF MR. AND MRS. WESTENHAVER.

Through the kindness of Mrs. J. D. Westenhaver her spacious home on Fifth avenue was thrown open last night to the Daughters of the Empire for the purpose of holding an auction bridge tournament, which was voted by all those who participated to be one of the most pleasant and successful functions of the kind ever held in Prince Rupert. There were over eighty in attendance, with twenty tables occupied.

The contest last night was the first of a series of two evenings. The next will be held at the residence of Mrs. L. W. Patmore next Wednesday evening, when all players are expected to be present at 8:45 sharp. A charge of one dollar is made for all those who are taking part, the proceeds being added to the treasury of the Daughters of the Empire. The trophy is a beautiful silver photo frame donated by H. S. Clements, M. P.

The gathering last night was one that would do credit to a much larger and older city than Prince Rupert. The large and tastefully furnished drawing room with adjoining rooms presented an animated assemblage of

beautifully gowned women and well groomed men.

Four hands were played at each table, the winners progressing five times. Following is a list of those present besides the host and hostess:

Mr. and Mrs. D. G. Stewart, Mr. and Mrs. Tite, Mr. and Mrs. A. M. Manson, Mr. and Mrs. Burritt, Mr. and Mrs. Dawson, Mr. and Mrs. McClymont, Mr. and Mrs. Patmore, Mr. and Mrs. Cade, Mr. and Mrs. McLennan, Mr. and Mrs. Brown, Mr. and Mrs. Arnold, Mr. and Mrs. Naden, Mr. and Mrs. A. LITTLE SENTIMENT IN BUSINESS.

The argument used by many Conservatives that the rejection of Premier Borden's naval contribution would materially injure Canada's credit in England is proven to be fallacious by the fact that only eight per cent. of the New Zealand government loan of three and a half millions sterling was taken by the public in England. As compared with this 45 per cent. of the recent Canadian loan was taken by the public. There is little sentiment in business.

WHEN THE WOMEN WEAR THE BREECHES.

Britannia rules the waves, but France rules the fashions, and when a visitor from Paris, who speaks with authority as a designer of women's costumes, says that in the near future they will wear trousers the civilized world must sit up and take notice. That he pronounces it (or them) "trousers" may lessen the shock, but there is no doubt but that he means to inaugurate the genuine, double-barrelled article.

Attention was diverted, it is said, from the attack of the allies in Turkey by a rumor that some of the advanced women of the Empire had determined to wear skirts. But this violent outrage on the established customs of the coun-

try seems mild and inconsequential compared with the French invasion now menacing Canada. The dual language may arouse our ire, and when no election is at hand, all condemnatory resolutions, from the lodges. But what is dual language compared with dual habiliments?

The dual language we can, according to the familiar formula of the preamble, view with alarm. But what world can portray the feelings with which we will view the dual skirt? The German peril, the naval emergency, the high cost of living, all sink into insignificance at this portentous revelation of the French prophet.

Of course the law can be invoked. Moral suasion can be applied. Pulpit and press can make themselves heard in condemnation, but this does not relieve the general feeling of helplessness before the threatened French revolution.

It is no occasion for jocularity. The calamity may come at any time. The destruction of cities, the fall of empires, and the collapse of land booms, all have been attributed to extremes and extravagances in fashions. But the convulsions of history in fashions have been of small amount compared with that now menacing fashionable civilization. Will the bomb explode or will the danger pass like the premier's emergency?

MORE DETAILS OF DISASTER TO ZEPPELIN WAR AIRSHIP

SEVENTH OF THESE GREAT WAR MONSTERS THAT HAVE BEEN DESTROYED SINCE THEIR INVENTION BY THE VETERAN SOLDIER-COUNT.

Berlin, Oct. 18.—In regard to the disaster to the war airship L-II yesterday, experts say the catastrophe was probably due to the collection of an explosive mixture of gas and air in the tunnel running inside the airship and connecting the three gondolas, which perhaps was exploded by the backfire of a carburetor or by a spark from a magneto. This would account for the rapidity of the destruction of the balloon. The airship carried two tons of gasoline.

Baron von Bleut at a late hour this afternoon was still alive.

A director of one of the aviation companies at the Johannisthal aerodrome was an eye witness of the disaster. He described it as follows:

"I was in my office about 500 yards from the scene of the accident when I was startled by an explosion of extraordinary violence. My first thought was that an aeroplane had landed on the roof of my building and that the gasoline tank had exploded.

"I rushed to a window and saw the new dirigible in flames and plunging toward the earth. The outer covering had been already burned off and the inner balloonette containing the gas had disappeared.

"The naked aluminum framework with its long centrepieces, its interlaced ribs and its tapering ends, and the gondolas containing the motors beneath, fell bow foremost. When the skeleton of the immense craft struck the heavy gondolas buried themselves in the ground."

Following shortly on the disaster of September 9th last, when a similar craft just launched for the navy as L-1 was destroyed in a hurricane with the loss of fifteen men, the news of today's catastrophe has caused consternation in aeronautical circles.

The L-2 was the latest and largest of the new craft designed for the German navy. It was about 500 feet long.

The Zeppelin airships have been singularly unfortunate ever since their invention by the aged soldier-count. Seven of them have been destroyed by fire, explosion or wreck. Zeppelin's I, II and VI, Deutschland I and II and now the L-1 and L-2, the first big airships attached to the German navy, have met with disaster in this way.

SAVED FROM THE GALLOWS

Few "condemned to be hanged" have attracted such all Canadian attention in recent years as that of Charles Gibson, of Toronto, sentenced to be hanged at dawn, Thursday, October 19th, for the murder of Herman Rosenthal. All the higher courts refused him a new trial; the Dominion cabinet took up the case and said the sentence was just and the Administrator of Canada, Sir Charles Fitzpatrick, signed the death warrant. Then there came a wave of popular sympathy with petitions containing 60,000 names, and telegrams and letters from all over Canada, asking for a commutation of the sentence. At 2 o'clock Thursday morning, a few hours before the time set for the execution, the acting Governor-General signed the order commuting the sentence to life imprisonment.

FLUNG APPLES AT THE JUDGE'S HEAD

Militant Suffragettes Denounce the Sentence of Eight Months' Imprisonment.

Glasgow, Scotland, Oct. 16.—Two militant suffragettes, Margaret Morrison, an artist, and Mrs. Smith, a physician, were sentenced here yesterday to eight months' imprisonment for attempting, on July 24, to set fire to the residence of the late Sir John Muir, former lord mayor of Glasgow.

There was a wild scene in court when the judge pronounced the sentence.irate suffragettes hurled vegetables and apples at the judge's head and sang the "Marseillaise." Three women were arrested.

Died at Port Simpson.

News has just been received of the death of David Wright at Port Simpson on October 12th. Deceased, who was nearly 18 years of age, was a son of Peter Wright of Port Simpson.

DISAPPOINTED AT NOT BEING HANGED

Convicted Man Carefully Prepared for Execution Not Knowing of Delay

Kansas City, Oct. 18.—No one took the trouble to tell Wesley Robinson, a negro under sentence of death for the murder of his wife and stepdaughter, that he was not to be hanged today, the date originally set for his execution, so he made all preparations for the ordeal this morning.

The gaunt black, 6 feet 2 inches tall, unnerved, but determined to be brave, dressed himself carefully, and, sitting on the edge of his cot, waited for the death summons.

After an hour a deputy marshal appeared and the negro in a quaking voice asked:

"Is you about ready, boss?"
 "Ready for what?"
 "For the—for the—for the—uh hangin'?"

The deputy marshal then explained that an appeal to the supreme court had acted as a reprieve. Robinson seemed a little disappointed.

Greater than Panama's Bridge of Water

The Panama Canal is the logical outcome of the trend of modern commerce—it is monumental evidence of the present-day need for shortening distance—for lessening time and for reducing cost of distribution between maker and consumer.

In point of distance, the Panama will bring the Pacific nearer to the Atlantic by 1,000 miles. In point of time, the sea voyage between Halifax and Vancouver will be shortened by 24 days. In point of cost, the canal will very materially lessen the expense of carrying freight between these places. But there is a stronger factor than even the Panama in shortening distances, lessening cost and saving time between manufacturer and user.

It is Advertising—

It is the quickest—
It is the most direct—
And it is the cheapest—
means of communication between the maker and user of goods.

For instance, Advertising enabled a manufacturer in Nova Scotia to carry a demand for his product

from his factory to the Pacific Coast
— in a few days
— at an insignificant cost
compared with slower and more laborious selling methods.

In one week, thousands learned of his product where it would have taken years for the news to get around without advertising.

To the Manufacturers of Canada:

You will be alert to take advantage of the Panama route for the physical transportation of your goods. Have you considered how quickly, how far, and at what small cost the Advertising Trade Route will carry demand for those goods?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.
If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

The latter, coupled with the fact that she had to unload a large shipment of rails at Granby Bay, explains her delay in reaching here for the south.

"WHEN A WOMAN LOVES"

Entertaining Three Reel Drama Shown at the Majestic.

A drama of heart interest and crammed with the daily episodes of life alternating with sunshine and shadow is being shown at the Majestic this evening. "When a Woman Loves" is a three reel domestic play as interesting from start to finish as an absorbing three volume novel. It is one of those that strikes you as extremely life like in its every action, and to it "Billy's Pipe Dream," the farce comedy that follows it, is as the fun and laughter following a ten course family dinner.

CHICAGO MILLIONAIRE IN THE CITY TODAY

(Continued from Page 1.)

Spark this morning, he said that although he had encountered some terrific gales on the trip the trim yacht never shipped water. She rides the swells just like a bird. With auxiliary power the Adventuress has a speed of nine knots and with sail in a good breeze from ten to twelve knots. The Adventuress left San Francisco for its northern trip on July 28th, the crew consisting of four sailors, two cooks, a mate, boatswain, engineer, captain and wireless operator. He is Mr. Harris, who was located at the Digby Island station until some twenty months ago.

The Adventuress will probably leave for the south today and will be laid up for the winter at Victoria.

CHANGE OF MANAGERS

Local Man Appointed by Canadian Home Company.

As we intimated in a previous issue Mr. Alexander Steven is vacating the management of the branch office of the Canadian Home Investment Company to take a position as superintendent at the head office of the company at Vancouver. Mr. Steven, from a business point of view, expressed regret at leaving this city, as he feels Prince Rupert is on the eve of a great business revival in consequence of the near completion of the railroad and that there will be great opportunities for sound enterprises.

After considerable negotiation the company has secured the service of Mr. H. A. Philpott, who will take over the management of this branch and the entire territory of Northern British Columbia. The company is fortunate in obtaining a manager who has had considerable experience in financial matters in the old country and is thoroughly conversant with the business he is now taking in hand, having devoted a considerable part of his time to it previous to his appointment.

Notice.

The committee of Sec. 5, 6, 7 and 8 Property Owners' Association will report their recommendations at a meeting to be held at the Swedish Church hall, at the corner of Eighth and Ninth avenues, Section 6, on Thursday at 8 p. m. Mr. Arthur Cuthbert will be present to explain any points to those who desire to get on the voters' list. The fact that you hold a \$2.00 poll tax receipt does not entitle you to vote, although you are a British subject. Come to this meeting and you can get on the voters' list if you are eligible. The Property Owners' Association is not organized at present to further the interests of any particular candidates for the coming civic election.
