

WASHINGTON DISGRUNTLED BY BRITISH ATTITUDE

STARVATION TREATMENT ENDS IN DEATH--LLOYD GEORGE STARTS ECONOMIC REVOLUTION

ENGLAND BREATHLESS OVER LLOYD-GEORGE LAND SCHEME

BEGINNING TO REALIZE IT IS BUT BEGINNING OF A GREAT
ECONOMIC AND SOCIAL REVOLUTION EX-
TENDING BEYOND LAND.

(Special to The Daily News.)
London, Oct. 24.—The speech of Lloyd-George at Swindon last night, in which he further elaborated his scheme for the nationalization of all lands, has left the country breathless with astonishment. People are beginning to realize that this is but the beginning of an economic and social revolution which must extend far beyond the land itself. Already town tenants are advancing claims to a continuity of tenure and of freedom from all landlord's restrictions. The revolution has started in before the measure to be laid before parliament is even framed.

The Chancellor of the Exchequer showed in his speech that he sees how any system of land purchase and small holdings would merely change the personnel, leaving the really destructive features of the land tenure system untouched, and therefore his remedies are so radical as to be absolutely startling. He boldly showed that land taxation is the only method of relief that does not reveal the certainty of failure, and his scheme is, in essence, not the nationalization of land but the nationalization of rent. This, he believes, can be applied gradually so as not to disturb very much existing conditions.

TERRACE RESIDENT DROWNED IN SKEENA

D. B. Kenny Operating a Scow
Fell Overboard and Was
Drowned

Yesterday afternoon news reached the city that D. B. Kenny, a well known resident of Terrace, had been drowned in the Skeena. From the information received it appears that Mr. Kenny fell from a scow which he was operating as a ferry to provide communication between Terrace and Lakelse. Mr. Kenny was connected with the Terrace Land Co. and was well known in this city. The body, it is believed, has not yet been found.

YACHT CLUB MEETING

Club House to be Moved Into
Winter Quarters

There was but a small attendance of the members of the yacht club in the court house last night and the only business was in regard to the disposition of the club house, the hulk Hazelton, for the winter. F. R. C. Brown, P. M. Miller and Frank Reynolds were appointed a committee to find a site for the hulk at Seal Cove on which temporary ways might be built for winter quarters. The members' boats will remain in charge of the caretaker, one-half the usual fee being charged for the winter quarters.

Bankrupt Sale Tomorrow

Tomorrow afternoon at two o'clock there will be sold by public auction the building, stock, office furniture and store fixtures of the Prince Rupert Fish & Cold Storage Co., Ltd. The sale will take place at the premises, corner of Third Avenue and Second St. This will no doubt be a splendid opportunity to secure some bargains in office furniture and fixtures. The sale of the building itself will draw a good crowd of investors.

LOST FOR SIX YEARS

Battered Wreck of Steamer is
Found in Okhotsk

(Special to The Daily News.)
Seattle, Oct. 24.—The Centennial Maru, which left Japan six years ago for San Francisco with a cargo of sulphur and which was never again heard of, has turned up in the Sea of Okhotsk a battered wreck. What became of her crew is unknown.

THEIR DOUBLE LOYALTY

What Maitre Laborie Says of the
French Canadians

(Special to The Daily News.)
London, Oct. 24.—Maitre Laborie, the famous French advocate who defended Dreyfus, offers some interesting criticism upon his return from Montreal. He says that Canada remains French at heart much more than one is accustomed to believe. The Canadians, he says, though loyal subjects of Great Britain, regard France as their mother country.

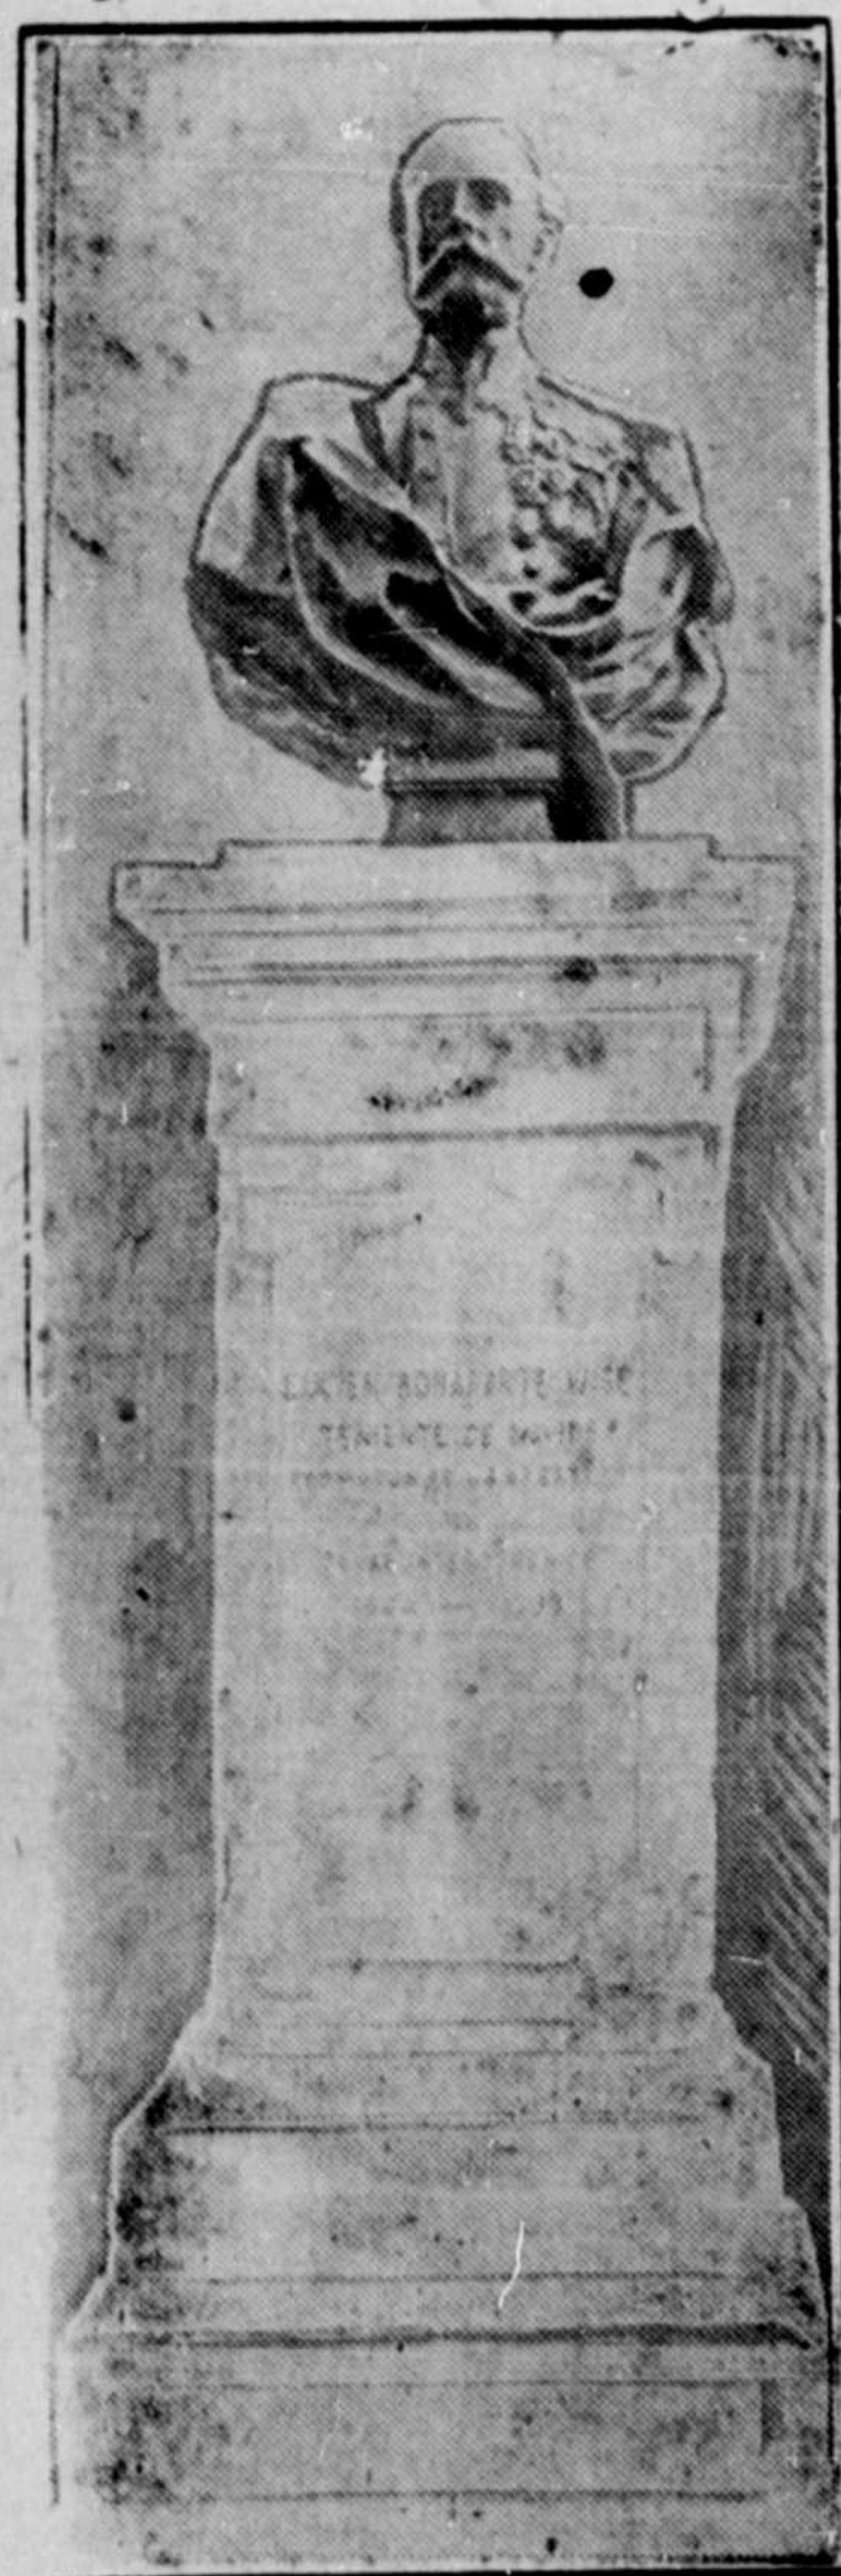

Could Not Dispose of His Coal

R. S. Mabey, of Victoria, returned south this morning after spending a few days in the city. Mr. Mabey was here for the purpose of disposing of a shipment of 4,000 tons of Japanese coal, but could not secure any purchasers, notwithstanding the shortage in the local coal supply.

Mayor Milner Nominated

Brampton, Ont., Oct. 20.—Liberals of the county of Peel met yesterday and nominated Mr. A. H. Milner, mayor of Brampton, as their standard bearer in the election to be held on November 3 to fill the vacancy caused by the resignation of Mr. S. Charters.

JACK O'BRIEN RECEIVED BUT NOBODY POURED

A most enjoyable evening was spent at the Swedish Church last night, about twenty-five invited guests being in attendance. Jack O'Brien acted as host and presented to each of the guests as they entered a neatly prepared petition asking S. M. Newton to be a candidate for the mayoralty at the coming election with a request that each guest's name be attached as a souvenir of the happy occasion.

FORTY DROWNED

Finnish Steamer Struck Reef in
Gulf of Bothnia

(Special to The Daily News.)
Helsingfors, Oct. 24.—Forty sailors and passengers on board a Finnish steamer were drowned yesterday. The vessel struck a reef in the Gulf of Bothnia and went down with all on board.

"STOP AND THINK"

It may perhaps be amusing for ex-Mayor Newton through the columns of his paper the "Empire" to call for an itemized statement from the present mayor of his expenses on his financial mission to London, though the ex-mayor himself did not see fit to itemize his own expenses when away on city business, but there are some larger matters of finance which the ex-mayor may well be called upon to explain.

Why for instance did the ex-mayor consent to the sale of one million dollars short term treasury notes by the Bank of Montreal.

Why did he not compel the bank to dispose of the city's long term debentures in order to pay back themselves the advances made to the city?

Stop and think of the position of affairs. With \$1,000,000 in short term notes outstanding against the city, before the city can possibly hope to sell any of its long term debentures for NEW work, it must make provision to pay back the one million dollars of outstanding short term notes. This means that in order to provide money for new work the present council must also finance all work that has hitherto been done. No financier is going to buy long term debentures covering new work when there is one million dollars for old work to be paid back in 1915.

In other words the work which was done during the regime of ex-mayor Newton on money obtained by the 1910 council, will, through the sale of one million dollars short term notes now have to be financed by the present or future councils before we can possibly hope to sell any long term debentures to take care of new work.

Let the public stop and think of the spectacle of an ex-mayor engaged in petty mud slinging when there are so large problems to be solved and which problems have been greatly aggravated by the short-sightedness and ignorance of the ex-mayor himself.

Case of Catarrh.

(Special to The Daily News.)
Seattle, Oct. 24.—Fred Ebbeson, who was given starvation treatment for the cure of a case of catarrh, died at the City Hospital yesterday, having gone without food for forty-nine days. "Dr." Larson, who prescribed the treatment, has been arrested.

SEVERAL FIRMS ARE VICTIMS OF FORGER

Police Working on Case in which
Local Firms are Victim-
ized

During the last few days a number of the business houses in the city have been made the victims of a man passing forged cheques. Among those who have been stung are Williams & McMeekin, Lynch Bros., P. Burns & Co., and the Knox Hotel. The amounts are not large, ranging in the neighborhood of \$25.00 each. The name signed to the cheques is A. D. Williams. The city police are now working on the case.

One cheque cashed at the Knox Hotel was for \$24, signed by S. Burns.

FIGHTING STILL IN PROGRESS IN THE REPUBLIC OF MEXICO

THE GENERAL ELECTION IS ON SUNDAY--WASHINGTON OFFICIALS GLOOMY AND DISSATISFIED OVER THE ATTITUDE TAKEN BY GREAT BRITAIN

(Special to The Daily News.)
Washington, Oct. 24.—The official atmosphere is one of deep gravity on Mexican affairs. A sombre silence broods over the state department. Not only as regards the dissatisfaction of the United States at the attitude taken by Great Britain, but at the critical state of affairs in Mexico City as the general election on Sunday draws nigh. The arrest of the two Madero brothers shows the high hand with which dictator Huerta is running things but no more tangible developments were reported here yesterday.

Mexico City, Oct. 24.—Fighting is reported in progress on the outskirts of Monterey. The rebels are said to have made a dash into the suburbs and taken possession of several outlying positions.

Mexico City, Oct. 24.—The revolutionists have murdered the entire population numbering fifty, of Cheram Alzicuran. The people were defending the village church against looters.

TWO HUNDRED AND FORTY-SEVEN WORKMEN STILL ENTOMBED

RESCUE PARTIES YESTERDAY SENT UP FOURTEEN MORE
DEAD BODIES AND TWENTY-THREE MINERS WHO
WERE STILL LIVING

(Special to The Daily News.)
Dawson, N.M., Oct. 24.—At 8 o'clock last night it was reported that twenty-four more bodies had been recovered from the Stag Canyon mine. This makes thirty-eight dead and twenty-three rescued, leaving two hundred and forty-seven miners believed to be dead and buried by the fallen earth and timbers in this mine. Hundreds of miners are working in shifts of fifteen each, slowly forcing their way through the rooms and entries, and fighting against the danger of gas.

which yesterday started in the adjoining mine. This gas now threatens to reach the space in which the entombed miners are entrapped.

Shortly after six last evening the first miner was rescued alive as the result of twelve hours of hard work. He was found unconscious near a mule which was taken out alive an hour earlier. The total of fourteen dead bodies and twenty-three rescued alive but in sad shape, made up the result of the work for the day.

LOCAL NEWS ITEMS.

The Princess Mary from the south is expected about 8 o'clock this evening.

For the second day in succession there was a clean docket in the police court this morning.

Mrs. W. Gratton will leave on Sunday night on the Princess Mary to spend a couple of months at her former home in Ottawa.

Mrs. Casley and Mrs. Schumacher left by the Prince George this morning to spend a couple of weeks visiting in the lower coast cities.

In preparation for the social functions of the winter, M. M. Cooper, who for some years had a dancing academy in Seattle, is giving instructions every evening in the McIntyre Hall.

Chief Vickers is today in receipt of a cablegram from Mrs. Vickers in England stating that she has quite recovered from her illness and is ready to start for home. Mr. Vickers will advise her not to start until she is sufficiently strong to stand the journey.

NAAS VEGETABLES ON SALE IN CITY

Fairly Good Display Offered at
Bacon's Fish and Produce
Market.

Bacon's fish market on Third Avenue was the centre of much attraction this morning. In one of the windows there was on exhibition a hair seal shot by Captain Selig about forty miles north of here. Captain Selig said he could have shot several more of them except for a slight mishap to his fishing gear which required his attention just as the seals appeared.

There is also displayed in the store a fine showing of vegetables from the Naas which are offered for sale at reasonable prices. The outside districts are beginning to realize that they have a good market in Prince Rupert for their supplies and more shipments are coming in.

WILL BORDEN HAVE THE TEMERITY?

The products which the Maritime provinces have to sell in the United States market are fish, fruit, lumber and coal. These are on the free list. Quebec has potatoes and hay to sell. These are on the free list. Ontario has wool, mutton and beef. These are on the free list. British Columbia's products are similar to those of the Maritime provinces. The prairie provinces have wheat, flour, oats and flax seed. Upon these there is a contravailing duty which can only be lifted by the Borden Government cancelling the duties against the same products entering Canada from the United States.

Borden has hereby the opportunity to administer additional punishment upon the west for having refused to endorse his anti-reciprocity stand at the last general election. Will he have the temerity?

PROFESSOR MADE A SLIGHT MISTAKE

The Calgary Albertan says: "Once upon a time, not so very long ago, and within the memory of the youngest of us some government or association sent a Toronto University professor to Western Canada to

investigate conditions in general. He came, he saw, he investigated, he reported. He gave us his opinion that this was no great wheat growing country. It would never produce 100,000 bushels of wheat. And all that happened just about ten years ago. The Canadian Pacific Railway has just published its estimate of the crop of 1913. As a rule that estimate is very sane and conservative. It usually is fairly correct. It estimates that the crop in the three western provinces this year is over 500,000,000, and of that volume 198,000,000 is wheat. The Albertan refers to this matter just to show that even the professors and other authorities sometimes go wrong.

PRINCE RUPERT'S "CIVIC LEAGUE"

For unadulterated gall the gathering in the Swedish Church last night takes the cake. Two dozen men, absolutely unrepresentative of the city's interests, gathered together in an out of the way corner of the city and organized what they had the audacity to call a "Civic League." If the influence of such a body on the affairs of the city is in proportion to their nerve a great revolution of things may be looked for in the near future.

ROAD SUPERINTENDENT

Is Anxious Concerning the New Copper River Bridge.

R. O. Jennings, road superintendent, is quite anxious concerning the new bridge over the Copper River. There are three spans of 85 feet each and the work of loading the piers with rock is not yet quite completed. The reports of washouts in the interior naturally cause considerable anxiety. Mr. Jennings will leave for Terrace on the first train.

CIVIL SERVICE REFORM

Federal Cabinet Is Considering Report of Sir George Murray.

Ottawa, Oct. 18.—The Cabinet has under discussion the report of Sir George Murray recommending extensive reforms in the civil service at Ottawa, and also in the method of carrying out the Cabinet business. Hon. W. T. White will make a report to the council as to whether portions of the resolution should be given effect.

WONDER GROUP IS BONDED FOR TWENTY-FIVE THOUSAND

IMPORTANT DEAL CONSUMMATED AT NEW HAZELTON AND SUBSTANTIAL CASH PAYMENT MADE—FORCE OF MEN STARTED TO WORK

Oscar Wallace, a pioneer of many mining camps and the original promoter and manager for seven years of the Interstate mine near Wallace, Idaho, on Wednesday bonded the Rocher de Boule Wonder group of seven claims for \$25,000, says the Omineca Herald. A substantial cash payment has been made and work will be started on the property with a force of six men the first of next week.

The Wonder group, which also includes the Black Prince, is on the east slope of Rocher de Boule Mountain at the head of Mud creek. It is owned by Barney Halloran, I. W. Thompson and R. Hadden, who located part of the property two years ago and purchased the rest from others who

located around them at the same time.

Five known ledges traverse the property and all of them more or less prospecting and development work has been done. Four of them show high grade copper ore. Most of the work to date has been done on the Black Prince and Wonder claims and the best showing is probably on the latter ledge at the summit of the mountain, where a cross vein cuts it, where for a distance of 500 feet there is a strong gossan averaging four and a half feet in width. One opening on the Black Prince shows three feet of solid chalcopryite in a four foot ledge.

FEDERAL INCORPORATIONS AND THEIR RIGHTS IN PROVINCES

RIGHT TO REGULATE CONCERNS AND RAISE REVENUE BY TAXATION IS LEFT TO PROVINCES BY RECENT JUDGMENT.

Ottawa, Oct. 18.—In further explanation of the judgment of the supreme court in the companies case it is stated that while maintaining the provincial contention it affirms the principle that any company incorporated by the federal authorities has a natural right to operate in any or all of the provinces of the Dominion.

The provinces when dealing with such concerns are possessed of no right in any way to abridge or limit the powers conferred by letters patent from the Dominion department of state, but for the purpose of raising provincial revenue or obtaining information upon which taxation may be based, they have the right to regulate such concerns. It is specifically defined, however, that this regulation must not be of a radical character as to be preventive in its operating effects

upon the companies, rather, as stated it is mainly to give the provinces the opportunity of raising revenue from licenses, etc.

The judgments are exceedingly technical and while a majority come to the same conclusion, the reasoning which leads to it is in many respects widely divergent. In view of the variety of interests affected the court has ordered the judgments printed, and all copies are now in the hands of the king's printer. When they are printed the different provinces and other parties will be furnished with the finding. The general conclusion, however, is one upholding the provincial end of the argument while subject to the limitations stated, ensuring the status in any province of a company which has a Dominion charter.

THE COAL SITUATION

Japanese Coal May Not Come as Expected.

M. Albert, of the Westholme Lumber Co., is expecting a shipment of coal from Seattle about the end of the month. In the meantime he is doing his best to keep his customers all supplied by cutting down their orders to what will answer immediate requirements.

In regard to the shipment of coal from Japan, Mr. Albert is not as hopeful as he was a short time ago. The smallest quantity he can secure is 5,000 tons, which is larger than he can handle through lack of sufficient storage capacity. Mr. Albert had hoped that some of the other dealers would take a portion and thus relieve condition. The Japanese coal would cost about a dollar a ton more than B. C. or Seattle coal, but is also of better quality.

PRINCE RUPERT CAN NOW BOAST OF A "CIVIC LEAGUE"

PROPERTY OWNERS' ASSOCIATION LAST NIGHT DECIDED TO CHANGE ITS NAME TO THE CIVIC LEAGUE — TO BE NON-PARTIZAN

There were less than twenty-five people in attendance last night at the meeting held in the Swedish church, corner of 8th and 9th Avenues, for the purpose of receiving the report of the committee appointed at a recent meeting of the Property Owners' Association of Sections 5, 6, 7, and 8, to outline some line of action for the future.

Notwithstanding the announcements in the press over the name of the president, H. E. Gamp, that the Property Owners' Association is not organized to further the interests of any particular candidates at the coming civic election the first thing shoved under the nose of each man as he entered the door was a petition asking S. M. Newton to be a candidate for the mayoralty at the next election with a request in each case for signature. The ardent supporter of the ex-mayor was no less a personage than Jack O'Brien, who gained considerable notoriety at the last election. Needless to say his action was quite offensive to several of those in attendance.

H. E. Gamp occupied the chair and after the reading of the minutes of the last meeting called upon the chairman of the special committee, Arthur Cuthbert, to read the report.

The main points in the recommendations of the committee were that the name of the association be changed to "Civic Reform League," that a membership fee of \$2 be charged and that the object of the association be to discuss openly and publicly civic issues from a non-partizan standpoint.

A motion to adopt the report of the committee amending the name of the association to the Civic League finally carried. There was considerable difference of opinion as to the advisability of electing officers at once, but a motion to do so carried.

ried and the following were elected: President, H. E. Gamp; secretary-treasurer, A. Cuthbert; Vice President, F. Shaw. Directors—Messrs. Blythe, E. L. Fisher, Derry and Montgomery.

LOGGERS ARE UNABLE TO COLLECT DAMAGES

Decision of Judge McInnes as to Application of Workman's Compensation Law

Vancouver, Oct. 20th.—Because of the fact that a logging camp cannot be regarded as either a factory of an engineering works, the Workman's Compensation Law does not apply to men employed in one of these camps. This is the decision given by Judge McInnes in deciding the case of Sanna Hill against the Victoria Lumber Company. This means that no one who is employed in a logging camp can procure compensation. The plaintiff in the case was killed by a falling log.

AMERICAN MARCONI CO WILL REDUCE RATES

Establishing a Station at San Francisco to Connect With Honolulu and Philippines

R. V. Harris, formerly located at the Digby wireless station, who was here yesterday as wireless operator on the Adventure on its way south from a three months' cruise in Alaskan waters, in conversation with a News representative stated that the American Marconi Co. has just about completed a 300 k.w. station at San Francisco. This will connect with similar stations at Honolulu and the Philippines and will practically do away with cable communication across the Pacific. Mr. Harris states that it is the intention of the company to establish a rate of 10 cents per word to Honolulu as against the present cable rate of 35 cents. The rate to Japan will be 15 cents as compared with 50 or 60 cents for cable.

Mr. Harris entertains hopes of securing the position of assistant superintendent of the San Francisco station.

Great Northern to Enter Alberta.

Calgary, Oct. 18.—Mr. Louis Hill, son of the railroad builder and head of the Great Northern Railway, purchased considerable land in the vicinity of Calgary and Lethbridge about two weeks ago. The land purchased in the vicinity of Calgary was situated southwest of the city. He stated at the time that the Great Northern would tap Alberta within the next year.

Georgian Bay Canal.

Ottawa, Oct. 18.—The government intends to appoint at an early date a commission to inquire into the economic possibilities of the Georgian Bay Canal. This was promised at the last session by Hon. Robert Rogers and the minister intimated yesterday that the appointments are coming in the very near future.
