WINTER STEAMER SCHEDULE OF CANADIAN PACIFIC COMPANY

PRINCESS MAY LAID OFF INDEFINITELY AND PRINCESS SOPHIA TO TAKE HER PLACE -- LAST TRIP OF MAY NEXT WEEK

Becoming effective on Nov. 1, the winter schedule governing the operation of the C.P.R. coast steamships call for the withdrawal of the Princess May from the Skagway route and the maintenance of the northern sailings by the Princess Sophia. The northern sailings will be practically the same as last year, with the exception that the Princess Sophia will get the brunt of the work instead of the Princess May.

Sailing from Vancouver on Oct. 31, the Princess May will make her last trip north this winter, and the Princess Sophia will inaugurate the winter schedule, sailing from Victoria November 7 for Skagway. Her following sailings will be on Nov. 21, Dec. 5 and 19. The dates for sailing for the early part of the new year will be announced later.

Calls will be made by the Princess Sophia at Alert Bay, Prince Rupert, Port Simpson, Ketchikan, Wrangell and Juneau, both north and southbound.

The steamer Princess May, which has maintained this service for many years, will be laid up indefinitely.

MR. SMITHERS ENTHUSIASTIC AS TO OUTLOOK FOR CANADA

SEES NOTHING AHEAD BUT CONTINUED PROSPERITY -- HAS STOOD STRAIN OF WORLD'S MONETARY CRISIS IN MAGNIFICENT WAY.

London, Oct. 23.—Mr. A. W. Smithers, presiding at the Grand Trunk meeting today, referred to his Canadian tour and said the spirit of courage and hopefulness for which Canadians were famous had been rewarded by a record harvest. Canada might be satisfied and proud at the magnificent way in which she stood the strain of the world's monetary crisis. She had shed some real estate speculators and a few overcapitalized companies, but had maintained her high position.

Englishmen should note that the essential prosperity of Canada was reflected in the national revenue. The government had been enabled to spend enormous sums on the National Transcontinental Railway and also on harbor works and other improvements without adding much to the debt. Few governments in the world were in a more satisfactory condition. The immense world demand for capital would cause a slowing down of Canadian development, but as capital again accumulated, Canada would readily get what she needed. He saw nothing but continued prosperity for the Dominion.

Shareholders had complained at the amount of Grand Trunk money poured into the Canada-Atlantic road, which, nevertheless, was still called a "farm track." Mr. Smithers replied that when the Grand Trunk Pacific was completed the Canada-Atlantic would lose its character of a local line and be a most important connecting link. He announced the intention of the board to ask parliament to incorporate the Canada-Atlantic with the Grand Trunk proper in order to make it ready for traffic when the Grand Trunk Pacific opened.

SENTENCES ARE PASSED UPON RIOTERS IN NANAIMO STRIKE

TWO HEAD OFFICERS OF UNIONS GIVEN TWO YEARS EACH-- TWENTY-THREE RIOTERS GIVEN ONE YEAR AND FINED HUNDRED DOLLARS.

Nanaimo, Oct. 23.—In the county court this morning His Honor Judge Howay passed sentence on those men found guilty of participating in the labor disturbances at Ladysmith on August 13, 14 and 15, which resulted in considerable destruction to property. Three men and two boys were sentenced to serve two years in the penitentiary. Twenty-three were given imprisonment for one year and were fined \$100 each, and eleven were sent to jail for three months and will have to pay a fine of \$50 each.

All sentences date from the time of arrest. This means that those sentenced to serve three months will be liberated in about thirty days' time.

Those sentenced to serve two years were: J. J. Taylor, vice president of the B. C. Federation of Labor and vice president of the Ladysmith local of the United Mine Workers of America; Samuel Guthrie, president of the Ladysmith union; Paul Deconink, a leader among the Belgians in the coal mining district, and two boys; John Morgan, son of a prominent mine foreman, who was also given a jail term, and William Simpson Jr., son of a mine contractor.

One year in jail with fine of \$100 was imposed upon John

CANADIAN JUBILEE To Celebrate Fiftieth Anniversary of Confederation

(Special to The Daily News.) London, Oct. 25.—Support of a Canadian Jubilee Exhibition in 1917 has been given by Lord Strathcona. The places mentioned in which the event might be held include Montreal, Toronto, Winnipeg and Vancouver. In that year Canada will have passed her fiftieth anniversary of confederation.

SCANDINAVIAN DANCE Society to Celebrate on Wednesday Evening.

The Scandinavian Society will on Wednesday evening give a dance in St. Andrew's Hall, Second avenue. The Westholme orchestra has been engaged for the occasion, and the other arrangements for it that are under way are bound to make it a most enjoyable occasion.

BIG EXODUS FROM DAWSON Princess May Due this Afternoon With Many Dawsonites

The C. P. R. steamer Princess May from the north is expected at 2.45 this afternoon. She has her full capacity of passengers having on board a large party of those who came out from Dawson on the last boat. Dr. Thompson, Dominion representative for the Yukon and Dr. H. E. Young, provincial secretary, it is expected are on board.

LOCAL NEWS ITEMS.

Charles Helmer is booked for passage to Skidegate on the ss. Prince Albert tonight.

G. L. Procter, architect, returned to the city this morning after an absence of several weeks in California.

G. F. Allen, local representative for Johnson Bros., leaves for the south this afternoon on the Princess Mary.

Chief Walter Owen, of the Provincial Police, left on the C.P.R. steamer Princess Mary this morning for Granby.

Mrs. A. B. Williams and Miss Enoch returned last night on the C. P. R. steamer Princess Mary from a few weeks' visit at Vancouver and Seattle.

Train for Interior To-Morrow

The regular passenger train scheduled to leave for the interior this morning at 10 o'clock was cancelled owing to the fact that the damaged bridges are not repaired. It is announced, however, that a special train will leave tomorrow morning at 10. As there has been no train for the interior since last Saturday there will likely be a large crowd leaving tomorrow.

Baptist Services.

Acting Pastor Scott will (D. V.) conduct the services tomorrow previous to his departure for his home at Vancouver on Monday. In all probability his successor will be Mr. Wendell Wright, brother of Mr. R. Seymour Wright of this city. Mr. Wendell Wright is a bachelor of arts of Acadia University and has preached with much acceptance in many churches in Nova Scotia. He is a young man of great promise.

No Arrests Made

No arrests have as yet been made in connection with the passing of worthless cheques in the city. Some eight or nine different concerns were victimized, the amounts in each case being in the neighborhood of \$20.

THE CHAMPION OF FAIR PLAY

In its desire to poison the public mind against the present civic administration the Evening Empire does not hesitate to misrepresent facts or even to invent deliberate lies. One would expect that in reporting a public meeting it would have the honesty to report proceedings as they occur. Its readers surely want facts, not manufactured lies.

Reporting a recent meeting of the Property Owners' Association, held in the Swedish Church, it said: "There was discussed such questions as 'Shall city work be done by contract, with the employment of transitory labor and the door left open for graft, or shall city work be performed by the engineer's department?' The foregoing question was not even mentioned, to say nothing of being discussed. When a newspaper will deliberately deceive its readers in such a barefaced manner little confidence will be placed in any of its utterances."

ORIENTAL HEAD TAX Its Disposition to be Discussed at Meeting of Premiers

(Special to The Daily News.) Ottawa, Oct. 25.—The premiers of the provinces when they meet in conference on Monday will discuss among other subjects the disposal of the head tax on Orientals coming into Canada. At present British Columbia is paid one-half of the amount collected owing to the fact that the vast majority of these Orientals remain in that province.

ANOTHER FISHING BOAT Arrived Yesterday to Make This Port Its Base of Operations

The Alliance No. 1 belonging to the Alliance Fishing Co., of Victoria, arrived in port yesterday afternoon. This boat, with the Alliance No. 2, will be engaged in the fishing trade here during the winter months and their catches will be shipped from this port. The Alliance No. 2 was in a couple of days ago with its first catch on the local banks of 25,000 pounds. It is now on the banks and is expected in again in a few days. The Alliance No. 1 is getting ready to-day to leave for the banks. Geo. W. Stinnett of the Alliance Fishing Company is making his headquarters here for a time looking after the company's interests.

TIGERS AND BANKERS PLAY EXCITING GAME

First Game in Basketball League Ended in a Victory for the Tigers

The opening game for this season in the Basketball League was played last night at the Auditorium on Sixth Avenue and was attended by a large number of rooters whose sympathies seemed to be quite evenly divided. The contesting teams were the Tigers, the oldest team in the city, and the Bankers, the most recently organized. As might have been expected the former team won, although the Bankers put up a splendid game and demonstrated that they have the material, with a little training, to make a good showing in the league. The score was 20 to 13 in favor of the Tigers.

PRESENTATION TO MISS CHAPMAN

After the regular choir practice at St. Andrew's church last evening the members were entertained by Miss Du Vernet at the Bishop's residence. During the evening, Miss Chapman, who has been a valued member of the choir for some time, was presented with a silver soup tureen, the gift of the choir and congregation, prior to her departure for the south on Monday.

SEVERAL IMPORTANT BY-LAWS WILL BE SUBMITTED LATER ON

MAYOR PATTULLO POINTS OUT THAT TELEPHONE SYSTEM IS BECOMING INADEQUATE -- NEW BUILDING FOR THIS AND ELECTRIC LIGHT OFFICES

In conversation with the mayor this morning the News was advised of several important by-laws that will be submitted to the electors at the end of the year.

The capacity of the telephone system is becoming inadequate and the equipment is really running down hill due to the lack of proper housing. It is proposed to build a three storey concrete building adjoining the present City Hall where the telephone equipment can be installed with all chances of destruction from fire eliminated. The grading which was done on the piece of ground adjoining the City Hall furnishes a most excellent site.

The proposed building will also provide offices for the electric light department as well as the telephone, also commodious quarters for a public library, while the lower floor will be used to provide additional police accommodation. The building in addition to providing for immediate needs will look to the future as well.

It is proposed also to submit by-laws to provide for additional facilities for supplying electrical energy for power and light as the present plant is carrying its full capacity. This plant will be used as an auxiliary after the city develops its own water power.

By-laws will also be submitted providing for extensions of water mains, electric light and telephone service to all the outlying portions of the city, also for a grant of money to provide recreation grounds large enough for baseball and other kinds of sports.

It is important that all these by-laws should be passed so that the moment the money market is favorable the city will be in a position to dispose of debentures to carry out the work.

Next year will see a very rapid development and the city must be prepared to meet it. It is evidently the intention to give all portions of the city the benefit and use of the various public utilities at the earliest possible date.

TWO AMERICANS ARE KILLED BY MEXICANS AS RESULT OF FEUD

TWENTY-FIVE FOREIGNERS THREATENED WITH EXTERMINATION IN A MEXICAN MINING CAMP -- FOREIGNERS TOOK REFUGE IN MINE

Guadalajara, Mexico, Oct. 20.—Two American citizens and one Mexican were killed on Tuesday as the result of a feud at Hostotipaquito, a mining camp in the state of Jalisco, about 80 miles to the northwest of this city. Twenty-five foreigners there were threatened with extermination.

The dead Americans are Thos. Barrett, a mine manager, and W. Kendall, a mine employee.

News of the killing reached the city today.

Barrett was murdered with an axe by the Mexican, who was captured by Kendall and turned over to the rural guards. While the guards were escorting the murderer to Magdalena they shot him.

A story reached the mining camp that the murderer had been killed by Kendall, whereupon a number of Mexicans set upon Kendall and killed him. The same night about 100 Mexicans attacked all the foreigners in the camp. The foreigners took refuge in a mine after telephoning to Magdalena for troops. A detachment of 50 rural guards responded and escorted the foreigners to Magdalena, where they took train for this city.

POST OFFICE EXCAVATION

Actual Start will be Made as Soon as Engine Arrives

The actual start on the excavation for the new permanent post office is now awaiting only the arrival of the engine from St. Paul which will operate the steam drill, the derrick and the cars. This engine has been shipped but has not yet reached here. The incline track will be practically completed today, the derrick is ready to be put in place, the drill is on the ground and a blacksmith shop has been constructed. As soon as the engine arrives the excavation work will start with little delay.

DAILY EDITION

Saturday, Oct. 25, 1913.

LOYD-GEORGE'S BIG LAND SCHEME.

The despatches tell us that England is breathless with astonishment at the audacity of the Exchequer in trenching upon one of the most sacred of all the sacred vested interests—that of land. He has declared that Britain's land system is a ghastly failure, and one must not be overready to attach the same discouraging label to his campaign against it on account of the indefiniteness of his speeches as they are briefly reported to us. He knows and clearly understands the evil. He also knows and clearly understands the remedy. His political career has not warranted the fear that he will hesitate over the application. He knows that land owners can take to themselves the benefits of increased fertility of the soil and improved agricultural methods, that they can take to themselves the benefits of mineral richness, and also the benefits of the improved industrial processes which multiply the productive power of labor. He knows the land owners can take to themselves the benefits of Britain's freedom from trade obstruction, and the benefits of every improvement in industrial, commercial and financial meth-

ods. He knows that even his old age pension and his maternity benefit will be collected by the land owners, who will thereby be enabled to proportionately shade up rentals. It is clear to him that the land system must bring every benefit and improvement to naught, for the land owners are not obliged to leave the productive workers anything more than a bare living. Where this hard principle of business is abandoned the results are still more deplorable, for the land is then turned into private parks and the producers driven away.

Lloyd-George has shown the courage to adopt emergency measures to avert the racial deterioration and destruction which the British land system would, if unchecked, entail. Will he be equally courageous in adopting a fundamental and permanent reform? There is every reason to hope that he will. But if he should prove disappointing, if the mountain should bring forth a mouse, the cause of reform must go on without him. The movement has now too much headway to be checked by recalcitrance anywhere. Even without the stimulus of the Chancellor's commanding ability it will be carried on to ultimate success.

DR. SUN YET SEN'S SENSATIONAL FLIGHT FROM CHINA TO JAPAN

VICTORIAN CHINESE WANT TO KNOW WHERE \$5000.00 THEY CONTRIBUTED TO THE REVOLUTIONARY FUND HAS GONE

Victoria, Oct. 20.—Dr. Sun Yat Sen has been arrested in Japan. Word to this effect came in on the Empress of India, illustrating the curious channels by which news items of world interest often travel. The great Chinese revolutionary leader is charged with misappropriating in the neighborhood of two million tael, approximately \$160,000, presumably from the funds of the revolutionary party.

Local Chinese some time ago became suspicious when they received no receipt for the \$5,000 they forwarded him for the furtherance of the cause. They were treated in this way once before by a Mandarin at Canton to whom they sent money. Investigations were carried on in the usual Chinese way and it was discovered that other money forwarded to Dr. Sun had not been received by the heads of the party.

It was only a few days ago that passengers from the Orient brought information that Sun Yat Sen had travelled on the Awa Maru, disguised as a Japanese and landed at Kobe. Passengers on the Empress of India confirm this, saying that it has been known for some time he was hiding near Kobe, but that he had not disembarked at the city. Dr. Sun left the ship at Kobe and had no difficulty in hiding as he has many friends there.

Another fact in connection with his sensational flight from China came to light through the American consul at Formosa, who was a passenger on the boat and who stated that Dr. Sun did not travel directly from Hongkong to Japan, but spent some weeks in Formosa and boarded the Awa at that port. This circumstance fills in the big gap since the announcement of his flight from Shanghai some weeks ago and his discovery on board the Awa Maru. The arrest in Japan was undoubtedly at the instigation of the Chinese Government, for those familiar with the situation state that Japan would never have taken any steps to interfere with Sun.

Japan is believed to have financed the revolution and was altogether too friendly with Sun Yat Sen to have taken steps of its own accord. There is an extradition treaty between Japan and China, however, and Sun is held pending the presenting of arrangements for taking him back to China to face the charge against him.

The Empress of India, inbound, received the information from the Empress of Russia, outbound. The two vessels were in wireless communication and the Russia had picked up the information in a message from the Oriental coast.

ENGLISH CAPITAL TO BUILD RAILWAY TO GROUNDHOG COAL

ARRANGEMENTS UNDER WAY FOR LONDON SYNDICATE TO TAKE UP LARGE COAL AREAS AND SUPPLY COAST CITIES WITH FUEL

According to a special article in the Vancouver Province, English capital is behind a project to develop the Groundhog coal fields on a large scale and in this connection will build a railway from Stewart to the coal fields. The Miner has on more than one occasion pointed out that Stewart is by far the nearest town to the coal deposits, and being on tidewater has the additional advantage over all other competitors in the matter of economy in the handling of the "black diamond." The writer in the Province says he has the best direct authority for stating that arrangements are under way in London to organize a company to take up a large portion of the Groundhog Mountain coal field and build a railway from Stewart to afford transportation so that the coal can be mined and shipped out to coast cities, in which the anthracite coal would no doubt be in demand for heating purposes; though it is probable the price will be high on account of transportation costs and the cost of living to miners working there until the field becomes well developed.

Whether or not it is the purpose of the English company to take over Sir D. D. Mann's Canadian Northeastern Railway charter the writer does not state, but the outlook appears to be more hopeful that a move of importance is now on foot in which Stewart promises to play an important part.—Portland Canal Miner.

DISTRICT ENGINEER EXAMINES TRAIL.

Edmund Baxter, district engineer, accompanied by his wife and Road Superintendent C. J. Gillingham, returned on Wednesday from a trip of inspection of the trail to the Naas. The party experienced very unpleasant weather on account of an almost continuous rain and snow storm. Engineer Baxter expressed himself as very well pleased with the amount of construction accomplished on the Stewart-Groundhog pack trail, which is expected to be completed to the telegraph line early next week.—Portland Canal Miner.

QUEENSTOWN NOTES.

D. E. Maxwell of Victoria was a guest at the Yakoun Hotel during the week.

It is reported that a Liberal association will be organized for the northern end of Graham Island.

A new boarding house, under the management of William Twaite, has been opened at Queenstown.

Walter Cross is making extensive improvements on his property. He is enlarging his residence and erecting barns for his cattle.

A. W. McKirahan received a nasty cut on his right hand while assisting in getting out stringers for Bert Tingley's wharf. The injured hand was capably dressed by Mrs. Tingley at the hotel.

B. L. Tingley is having a wharf built opposite the hotel for his own use. It will be 235 feet long. The piles have been driven and as soon as the lumber can be delivered the work will be proceeded with.

Bears are plentiful in the Mayer Lake district just now and ranchers don't take chances in leaving food stuffs outside their doors any more. West Singer had the misfortune to lose a fine large pelt, as well as a side of bacon, and the blame is all attached to bruin.

Laurie Hughes has been taking the "cure" for the past few days at Queenstown, after being several months with Gillespie & Green's survey party on the west coast. Mr. Hughes will leave tomorrow for his ranch at Tow Hill, but intends to return for the masquerade dance on Hallowe'en night.—Queen Charlotte Islander.

NOTES FROM STEWART.

Charley Miller has gone to Prince Rupert.

Pete Ronn left on the last boat for Vancouver, where he will spend the winter.

W. B. George and wife and Mrs. Kirkwood spent the past week in Prince Rupert.

J. S. Harkley left on the Thursday boat for Calgary, where he expects to spend the winter.

Vince Lade left on the last boat for the south and will probably spend the winter in Victoria.

Dan Bartholomew, one of the old timers of the camp, has headed south for the Sandon country.

William C. Cormack has gone to Prince Rupert for the winter season. He will probably visit Ketchikan.

T. J. Vaughn-Rhys, M.E., is in the Hazelton camp making an examination on behalf of Vancouver clients.

Fisheries Inspector C. P. Hickman left on the last boat for Victoria after a visit of inspection to the Meziadin Lake fish runway.

H. G. Marvin, formerly of Stewart and now in the forestry service with headquarters at South Fort George, was recently married.

Albert Davidson, general agent of the G. T. P. steamship and railway lines, with headquarters at Prince Rupert, was a visitor on the last boat.

Gordon Runkle and George Thomas have reached Hazelton, going in from Stewart by the Kitwanga trail, and are now in the Kispiox valley.

Sunday morning the townsite was covered with a mantle of the "beautiful." The snow is now down to the timber line, and across the Bear river divide there was nearly a foot early in the week.

Joe Perrault and Dan Davis are both reaping their reward for the cultivation of the soil.

Joe Fall arrived on the Thursday boat, en route to the fishway at Meziadin lake, where he will take a number of photographs of the falls and construction work for the Provincial Fisheries department.

Everett Galloway, who has been foreman of the trail construction crew at Kincolith, was here Wednesday with his gang, and returned Thursday, accompanied by Ike Greenlaw, to finish up a bridge.

Harry Gillingham, who has been in charge of the government road commissariat department at the head of Meziadin lake, returned to town with his wife the first of the week en route to Prince Rupert.

It is stated that Postmaster W. C. Cameron's name has been urged by the Bear River Conservative Association as customs and preventative officer owing to the resignation at the end of the month of Walter G. Broad.

F. F. Hannington, who has been acting manager of the Prince Rupert branch of the Canadian Bank of Commerce, will leave on Monday for Summerland to resume the management at that point. He is well and favorably known in Stewart, being local manager here for several months of the same bank.

Frederick Benson, an Indian, arrested for stealing a pair of shoes, the property of Mrs. W. B. George, was tried before Magistrate J. H. McMullin at Prince Rupert on Monday and found guilty. He was sentenced to six months' imprisonment. This was the second time Frederick had been arrested for stealing, the evidence in the first case not being sufficient to convict.

Rev. William Craney, wife and child left early Tuesday morning on the Anglican mission boat, the "Northern Cross," for Kincolith, en route to Greenville, where he will take charge of the church work among the Naas Indians until next spring. On Sunday St. Mark's Church had a large attendance at the evening service, when the rector preached his farewell sermon. Bishop Du Vernet gave a brief address regarding the reasons for closing St. Mark's for the winter and was most optimistic as to the possibilities of future church work in this parish. Rev. Rushbrook and Mr. Russell of the "Northern Cross" were also present.

William J. Crawford has severed his connection with the Stewart News Agency, having sold his interest to his partner, "Bob" Robertson. Mr. Robertson will continue the business on his own account. It is just twelve months since that Mr. Crawford purchased the interest of Frank Martin, who was the first owner of the well known news agency.—Portland Canal Miner.

LOCAL NEWS ITEMS

Mrs. Saunders of Digby Island is confined to bed through illness.

The infant son of Mr. and Mrs. Jas. Allen is in a critical condition and not expected to live.

C. W. Peck returned this morning after spending a couple of weeks in the lower coast cities.

George P. McColl's terrier, whose mania for travel was mentioned in The News recently, returned on Sunday night's train from Hazelton.

Rev. and Mrs. Gurd of Metlakatla returned this morning from a short visit in Victoria. Miss Gurd, who has been in the south for some time, returned with them.

Jas. S. Rankin, insurance adjuster, arrived from Vancouver this morning en route to Kitwanga to estimate the loss in the recent fire which destroyed the home of J. W. Paterson.

In the case of Griffith vs. Tieg's judgment was given this morning for \$70 and costs. The counter claim was dismissed. Fisher & Warton appeared for the plaintiff and L. W. Patmore for the defendant.

Power developed at Dawson from hydro-electrical installation is to be delivered along the Yukon river points and into the Tanana, 400 miles away, for use as lighting current and in the operation of dredges and other mining machinery.

Walter G. Broad, local manager of the Stewart-Portland Canal Power, Light & Water Co., received telegraphic instructions from Victoria on Monday to close down the plant at the end of the month. The electric lighting of the town was suspended at the end of August and the small revenue derived from water consumption evidently lead the directors to the action noted above. The result has been that every residence and business house has been forced to install water pumps and Tommy Falconer is now the busiest man in the town. For several weeks it has been evident that the company would be unable to cope with the situation during the long winter months when frost is prevalent.—Portland Canal Miner.

OVER ONE HUNDRED ARRIVE ON RUPERT

Steamer Arrived this Morning With Good Passenger List and a Heavy Cargo

FAREWELL GATHERING FOR BAPTIST PASTOR

Congregation Held a Farewell Gathering Last Night for Rev. W. J. Scott

In the social rooms of the Baptist church last night a farewell was tendered by the members and adherents to Rev. W. J. Scott, who has been the acting pastor since the opening of the new building. Addresses were delivered by Messrs. McIntosh, Daggett, Murray, Duce and Mrs. Morgan, all expressing their appreciation of the interest Rev. Mr. Scott has taken in the church work during his sojourn here.

The reverend gentleman who has made many friends here, in reply thanked the speakers for their kindly expressions and also the congregation for their assistance and sympathy.

In addition to the addresses a musical programme was rendered. This included a solo by J. E. Davey, a violin solo by Mr. Duce and music by the choir. Mrs. Walker acted as accompanist. Refreshments were served by the ladies.

Rev. Mr. Scott will leave for his home in Vancouver on Monday morning. He expects to be able to announce to the congregation tomorrow the name of his successor.

Presbyterian Services. "John Bunyan and The Pilgrim's Progress" will be the subject of Rev. F. W. Kerr's address on Sunday evening in the Empress theatre. Morning service is held in the Presbyterian Hall, Fourth Avenue, at 11 o'clock. Everyone is cordially invited to these services.

Methodist Services. Services at the Methodist Church next Sunday will be as follows: 11 a. m., subject of sermon, "The Loom of Life," Sunday school at 2:30 p. m., Evening service, 7:30, subject of sermon, "The Value of Life." Fifteen minute lively song service following the evening service. Everybody welcome.
