PRICE FIVE CENTS

HUERTA ELECTED BY OVERWHELMING MAJORITY

ONE SHERIFF AND EIGHT STRIKERS KILLED—NO HOPE OF RESCUING DAWSON MINERS

HUERTA SUPPLIES THE SPARK FOR INTERNATIONAL MIX-UP

DICTATOR DECLARED ELECTED IN FARCICAL ELECTION AFTER PROMISING HE WOULD NOT BE A CANDIDATE—WHAT WILL UNITED STATES DO NOW?

(Special to The Daily News.)
Eagle Pass, Texas, Oct. 27.—At the general election yesterday Huerta was the overwhelming choice, General Diaz having less than one hundred votes. No ballots were given out; each voter gave the name of his choice to an official teller.

Dallas, Texas, Oct. 27.—Voting at election points along the Texas border excited little interest and no serious disorders. The federal officers cast the votes of the soldiers, who formed the bulk of the voters. Unofficial returns give Huerta 2200 out of a total of 2550.

Mexico City, Oct. 27.—There was not a semblance of disorder in the election yesterday. Election officers appeared representative of all classes of citizens. There was no secrecy in the voting. The voter told the presiding officer who his choice was and the officer deposited the vote in the ballot box. The voting was dull. Nobody seemed to be in the seriousness of the election. Few took the trouble to vote for senators or deputies.

Washington, Oct. 25.—The developments of the last few hours of this morning in the relations of the United States with Mex-

ico, have emphasized the gravity of the situation. It looks more ominous now than at any time since the administration of President Wilson began. It is stated there is every reason to believe that within a few hours the United States will give notice to the European powers that it will brook no interference in Mexico by the warships despatched by those governments which are now in Mexican waters.

London, Oct. 25.—Sir Lionel Gorden, British Minister to Mexico, was stated to have in an interview severely criticised the policy of the United States in Mexico. The British foreign office, through its ambassador at Washington, has denied the authenticity of the alleged interview.

All the newspapers are eagerly canvassing the gravity of the situation. The Daily Mail sums up Great Britain's attitude by saying it is merely a desire for lasting peace, which it thinks will sooner be obtained by helping Huerta, because he is most likely to succeed in evolving order from chaos. Great Britain, it goes on, does not wish to antagonize the United States, and would welcome any practical solution.

(Continued on page 4)

DEPUTY SHERIFF AND EIGHT MINERS KILLED

General Battle Between Mine Guards and Strikers Continued for Several Hours.

(Special to The Daily News.)

Trinidad, Colo., Oct. 27.—A deputy sheriff and eight strikers are reported to have been killed in the fighting yesterday. The battle continued intermittently from about 11 o'clock in the morning until late in the day, the strikers, mine guards and sheriffs shooting from ambush to kill, and occasionally meeting in the open in a hand to hand fight. The situation this morning was reported as extremely critical.

SEVERAL WERE KILLED IN ITALIAN ELECTION

Disorders Not as Grave as Expected—Many Wounded and Numerous Arrests Made.

(Special to The Daily News.)

Rome, Oct. 27.—The general election disorders were not as grave as was anticipated, although several were killed, many wounded and numerous arrests made. The balloting was light, the people taking advantage of the splendid spring weather for excursions instead of going to the polls. The official results will not be made known until this evening, but already the government is assured of a large majority.

HOSPITAL REPORTS SEVERAL ACCIDENTS

Three Persons Admitted Since Saturday Suffering from Accidental Fractures

John Oden, a workman employed by Archie McDougall at Hays Cove, met with an unfortunate accident on Saturday afternoon when a large rock rolled down the bank, causing a compound fracture of his leg. He was immediately taken to the hospital for treatment.

Mrs. John Dillman of Seal Cove, suffering from a fractured rib, was also admitted to the hospital Saturday evening. Her accident was the result of a fall on a slippery sidewalk.

A third victim of fracture to be admitted to the hospital was Gustaf Neivens. Coming in on the train from Decker Lake last night he got off the train at a station about a hundred miles up the line and in the darkness fell off the station platform, sustaining a fractured arm. He was admitted to the hospital on his arrival here.

Quite a number of passengers from the Princess May missed the boat here Saturday afternoon and had to finish their trip on the steamer City of Seattle, which left shortly after the May.

Gold strikes had been made along this route on the Canadian side, and these would no doubt be thoroughly developed during the winter, as winter was the best season in which to mine such ground.

Of the general outlook in the Klondike, Dr. Thompson said the three big corporations, the Guggenheims, Boyle and Treadgold had had a good season and won large returns. The outlying operators had about kept up their average production and the total output would show an increase of over half a million better than last year, as it would easily run to \$5,500,000.

What the Yukon urgently need for its future development was more roads, and he should urgently press for additional appropriations for this purpose during the coming session.

SIR EDWARD CARSON AT BALLY CASTLE

This is the latest picture of the anti-Home Rule leader, addressing an Ulster crowd which came to hear him on the great subject of the day.

BY FAR MOST VIOLENT EXPLOSION IN HISTORY

Positively Known That Not One of Two Hundred and Eighty-four Entombed Is Alive.

(Special to The Daily News.)

Dawson, N. M., Oct. 27.—It is now positive knowledge that not one of the 284 miners entombed is alive. The entire works have been explored and it is made certain that those bodies which are unfound are lying buried beneath tons of debris. The government experts declare that this was the most violent explosion in the history of the United States. It ranks third in the appalling loss of life.

Last night 140 bodies had been brought to the surface. The scenes at the morgue are becoming weird in their terrible pathos of decomposition and horrible mutilation. Wives and relatives stand looking on, horrified and in doubt over a contorted and lacerated face which may or may not be the loved one. For gloomy sadness and sickening sorrow the scenes are unequalled.

POSTPONED SALE

Of Prince Rupert Fish and Cold Storage Building

The building at the corner of Third Avenue and Second Street recently occupied by the Prince Rupert Fish & Cold Storage Co., Ltd., will be sold by public auction tomorrow afternoon at two o'clock. There will also be offered for sale the balance of the fixtures and furniture not sold on Saturday. There will, no doubt, be a large number of bidders on the building.

WILL GET BALLOT

Lloyd George Believes Women Should Have Votes

Swindon, Eng., Oct. 23.—Chancellor of the Exchequer Lloyd George believes that a measure giving the preliminary suffrage to women in the British Isles will become a law within a very short time, but not during the present parliament.

A meeting of the Ladies' Auxiliary of the Hospital will be held at the home of Mrs. Arnold Tuesday afternoon at 3:30. 251

PROGRESS ON TRAIL TO CASSIAR DISTRICT

Cheaper Transportation Will Assist Development in that Promising Section

Frank Cullin, formerly of the Prince Rupert Journal, returned to the city Saturday afternoon on the Princess May, wearing a beard that he had developed while employed on the Government trail from Telegraph Creek to Dease Lake. The object of this trail is to open up the Cassiar mining country, a district which is known to be rich in minerals but which has been greatly handicapped by the high cost of transportation. The work has been under the control of Charles Cullin and during the season just closed about thirteen miles over the roughest part have been put in shape. The trail is from eight to ten feet wide and will be suitable for wagon traffic. Mr. Cullin says that encouraging reports were received from the numerous mines in the district. With cheaper transportation of supplies there will likely be considerable development work done in the near future.

County Court

The case of McMordie vs. Dolan occupied the attention of the County Court this morning. Judgment was given declaring the goods in question to be the property of the plaintiff and ordering payment of \$36 damages to the plaintiff. The counter claim was dismissed. L. W. Patmore appeared for the plaintiff.

Mr. Pearce, who has been engaged at mining operations in the Atlin district for several years, had the unexpected pleasure of spending Sunday in the city. He was among the passengers southbound on the May on Saturday but was so taken up with the many attractions of Prince Rupert that he missed the boat and had to wait over for the Princess Mary last night. His wife and family were also on board the Princess May.

The Daughters of the Empire dance on Friday, October 31, in the St. Andrew's Society Hall. Tickets on sale at Orme's. 251-6

SANTA ROSALIA IS IN PORT WITH CARGO OF STEEL RAILS

STEAMER LEFT NEW YORK OVER THREE MONTHS AGO—HAS ON BOARD 4,300 TONS OF STEEL RAILS

The British freighter Santa Rosalia of the Maple Leaf line, in command of Capt. Pritchard, arrived in the harbor on Saturday night about 11 o'clock with a cargo of 4,300 tons of steel rails for the G. T. P.

This steamer, which is the largest that has ever been in the harbor, is 419 feet long and has a carrying capacity of about 9,000 tons. She left New York on July 14 last, calling at Savannah where a portion of the cargo was loaded. Proceeding from there through the Straits of Magellan, two ports in South America were touched and a part of the cargo discharged. The next port of call was Vancouver and the final port Prince Rupert, the steamer arriving here with about half a cargo.

Capt. Edwards of the steamer Chelohsin acted as pilot from Vancouver to Prince Rupert, bringing the steamer through the inside passage. The weather on Saturday was very thick and foggy but no mishaps occurred.

The Santa Rosalia carries a crew of 41 men and is equipped with wireless. The work of unloading the steel rails started this morning. The steamer will be here for at least a week or ten days. After unloading she will proceed to San Francisco for a cargo for Atlantic ports.

A SUCCESSFUL RECEPTION AT AT MRS. FRIZZELL'S NEW STORE

HUNDREDS OF LADIES ATTENDED THE FORMAL OPENING OF NEW STORE ON SATURDAY—AFTERNOON TEA SERVED AND ORCHESTRA IN ATTENDANCE

Notwithstanding the inclemency of the weather on Saturday afternoon over five hundred of the ladies of Prince Rupert attended the opening of Mrs. Frizzell's new store at the corner of Third Avenue and Fifth Street. Mrs. Frizzell, who wore a particularly smart looking black velvet gown trimmed with shadow lace and Bulgarian trimming, personally received the visitors and extended a cordial welcome. Her very capable staff also assisted in showing the visitors through the store and making them feel perfectly at home.

The new premises are much larger and brighter than the former store on Sixth Street and afford a much better opportunity of displaying her large stock of dry goods and ladies' wear. Although the carpenters and decorators only finished their work on the interior of the store on Thursday night, everything was in order for the opening on Saturday. The stock was most tastefully arranged and numerous vases of yellow chrysanthemums and carnations, palms and other decorations gave the place an air of hospitality rather than business. No attempt was made to sell goods, although many comments were made on the splendid stock and the reasonable prices that were shown by tickets on some of the goods prominently displayed.

An innovation for Prince Rupert that Mrs. Frizzell has added in her new premises is the ladies' rest room. This is a feature of the large departmental stores that is greatly appreciated by the ladies and there is no doubt but the ladies of Prince Rupert will find it a great convenience. At the rear of the store were a number of small tables at which afternoon tea was served to all visitors. In the centre of each was a pretty bouquet of carnations. Mrs. Frizzell was assisted in this feature of the reception by Mrs. W. T. Kergin, Mrs. J. Dean, Mrs. D. Martin and Mrs. L. W. Kergin. Mrs. W. T. Kergin wore a very handsome

(Continued on page 4)

Southbound Passengers

Following is a partial list of the saloon passengers southbound by the steamer Prince Rupert this morning:

W. B. Baer, Rev. G. A. Rix, E. G. Baxter and wife, G. A. Woodland, Rev. W. J. Scott, Bishop Du Vernet, Mr. and Mrs. J. Fred Ritchie, G. Peterson, J. Yeates, A. McMillan, Mr. Christiansen, Mrs. H. P. Jones, A. B. Ashby, Mr. and Mrs. A. W. Agnew, D. Benjamin, Mrs. L. Benjamin, Sam Fogeland, F. Bowen, C. Swanson.

The steamer Leelanaw of the Skagway Steamship Co. was in port today and unloaded a shipment of distillate for the Canadian Fish and Cold Storage Co., Ltd. She is en route north.

Basketball Tonight

The second game of the series takes place at the Auditorium tonight at 8.15 between the Men's Own and the Brotherhood. Admission 25. Skating after game. 251-3

OUTPUT OF ATLIN IS INCREASED THIS YEAR

From Three Quarters of Million to Million and a Quarter in Gold

On the steamer Princess May on Saturday afternoon, Hon. H. E. Young, provincial secretary, arrived from an extended visit he had been making with his constituents in Atlin. He is well pleased with the prospects for the mining industry there, being satisfied that the output of gold for the season will reach \$1,250,000, against \$750,000 last year. O'Donnell Creek, he says, is coming to the front again as a producer, and there is renewed activity all over the district.

On his way out he called at the Engineer Group of quartz claims, where with only two stamps in operation they were taking out about thirty ounces a day. These claims are making a splendid record, but across the arm there was another property that is showing up as well as the Engineer group. This is the Big Horn, which is also in free milling ore.

The Ladies' Aid of the Presbyterian Church will hold their monthly meeting in the church hall on Wednesday afternoon at 3 o'clock. 251

NEW REGULATIONS GOVERNING ORIENTAL IMMIGRATION HERE

DESIGNED TO PROVIDE MEANS FOR EFFECTIVELY CONTROLLING IT—SIR RICHARD MCBRIDE HAS CONFERRED WITH FOREIGN OFFICE

(Special to the Daily News.)

Ottawa, Oct. 25.—New regulations governing the whole question of Oriental immigration to Canada, designed to furnish a means of effectively controlling the government and have been submitted to the British government for its approval, says the Evening Citizen. Until this approval is secured there will be no announcement in detail, but generally speaking, what is proposed are steps by which a much more effective and adequate guard against the Oriental influx than is possible under the

existing conditions can be secured.

During his recent visit to England Sir Richard McBride presented the view of British Columbia to Sir Edward Grey, British Secretary of Foreign Affairs, on the question and in dealing with it the Colonial office will therefore have the benefit of first hand information on the subject.

If the new regulations are put into force in British Columbia, the fears of any Hindus and Oriental invasion will be removed and much more effective control over such immigration can be exercised than at present.

MEMBER FOR YUKON SPEAKS OF CONDITIONS IN THE CHISANA

TOO EARLY TO MAKE DEFINITE STATEMENT AS TO RICHNESS OF NEW CAMP—YUKON GOLD OUTPUT HAS INCREASED HALF MILLION

Dr. Alfred Thompson, Conservative member of parliament for Yukon, who is so prominently mentioned for the cabinet portfolio of Minister of Mines, arrived from the north on the ss. Princess May Saturday afternoon and spent the day with his brother, James H. Thompson, 2nd Avenue. Sunday evening he continued his journey to Ottawa on the Princess Mary, meantime renewing his acquaintance with many old Dawson friends.

In replying to many questions in regard to the Chisana, Dr. Thompson said it was too soon yet to make a definite statement regarding the value of the new strike because the extent of the gold deposits had not been ascertained. There had been excellent returns from the couple of creeks being worked, and as many experienced and well-equipped

prospectors were going in this winter the values would be thoroughly tested beyond a doubt.

The Chisana was on the American side of the boundary but the best way to reach it was through Yukon territory. The Canadian government had taken care to look after the needs of the new district so far as providing such roads as could be constructed in the short time that had elapsed since discovery, and if the permanency of the diggings was established more money would be forthcoming for the making of permanent roads and trails. The route had also been adequately policed by the Canadian government, and from what he had learned at Whitehorse a good winter trail would be at once made as soon as the season was sufficiently advanced.

SIR RICHARD AT THE CONFERENCE

Sir Richard McBride is today attending the interprovincial conference at Ottawa, along with the other premiers. British Columbia has not any special question to submit to that body, but it is the proper thing that our premier should be in attendance at a conference of that nature and should show a disposition to work in harmony with the authorities of the other provinces for the general benefit of all.

But, when he takes his seat with the other premiers today, Sir Richard should permit his memory to work freely. It was in 1906 that the last conference was held at which Sir Richard was present and his abruptness in retiring from it left a bad impression upon the

premiers of the other provinces. At that time the question of better terms for British Columbia, as presented by Sir Richard's government, was dealt with and a hundred thousand dollars a year for ten years, making a total of a million, was decided upon as an adequate special payment to this province. This Sir Richard declined, as totally insufficient, and refused to discuss the point, although he had with him his expert on the question. It is gratifying to reflect that there is not likely to be any matter before the conference at its forthcoming session to mar the harmony of the proceedings or to give our provincial premier cause for refusing to sit with the heads of the governments of the other provinces.

INTRODUCING THE FAMOUS GIANT-KILLER

Baker, of the Athletics, clouting one of the home runs that made him famous

EDDIE COLLINS THE BEST BALL PLAYER SAYS GIANT'S LEADER

TRIBUTE ACCORDED TO PHILADELPHIA'S STAR 2ND SACKER — COLLINS WINS MORE GAMES FOR HIS CLUB THAN TY COBB

Eddie Collins, the fleet second baseman of the world's champion Athletics, is the best ball player in the business according to Manager McGraw of the New York Nationals. In a signed newspaper article "Muggsy" writes:

EDDIE COLLINS

"I want to go on record as saying that Collins is the greatest ball player in the world. He showed it in this series. 'Ty' Cobb may mean more in the box office at the gate because of his ability as a drawing card, but Collins wins more ball games for a club, which is what counts in my mind. He made a great many plays in this series that the spectators in the stands may have missed, but which were very apparent to me.

Besides, his individual work, he keeps the club on edge and thinks for many of the other players. He is a steady and brilliant fielder, getting balls that no other second baseman would try for. He is also one of the fastest thinkers I have ever

watched, judging plays and executing them with great accuracy. Besides his fielding he is easily the most dangerous hitter on the club, as is shown by his work in the series just closed. They may talk about Baker and the rest of them, but Collins is the most dangerous in a pinch."

JOE BAYLEY MATCHED TO FACE JACK WHITE

Victoria Boxer Will Take on the Chicago Lightweight on November 1st

(Special to The Daily News.)

Vancouver, Oct. 25—Joe Bayley, of Victoria, former lightweight champion of Canada, and Charlie White of Chicago, one of the fastest little lightweights in the game in a fifteen round contest at the old Steveston Arena on Saturday, November 1st, will be the next attraction for boxing enthusiasts. Morris Condon, representing the Victoria boy, and White got together and signed articles for the bout and the pair should put up just about as fast a bout as has been staged around here.

Gordon stated that his protegee has been out in the woods for the past month roughing it and that he would appear a different boy altogether from the lad who lost the championship to Vaise. Joe will enter the ring in better condition for this bout than any time yet, according to his manager.

The pair will box at even weights as White can easily make 130 while coast enthusiasts know that Bayley is at his best when boxing at this mark. White has whipped some good boys and figures on adding Bayley to his list. He is an Englishman by birth but emigrated to America several years ago. During his

career in the ring White has met and beaten Owen Moran, Johnny Kilbane, Sammy Trott, Joe Mandot, Boyo Driscoll, Frankie Conley and a host of other good boys. If Bayley is successful in beating White, Condon intends challenging Frenchie Vaise for the Canadian championship.

ROBT. A. GRANT Financial Agent
1001-1002 McArthur Bldg., Winnipeg, Man

HUERTA SUPPLIES SPARK FOR INTERNATIONAL MIX-UP

(Continued from page 1)

ution. It adds that the United States and Great Britain are in the rivalry of the United States and Great Britain for control of the oil fields. Porfirio Diaz, it says, was not partial in granting concessions to foreign enterprises. Madero favored the Americans and Huerta has reverted to the policy of Diaz, thus placing a check on monopolistic schemes of the Americans and giving rise to the irritation displayed by the Washington Government.

"Great Britain's attitude," it continues, "is perfectly correct, and is based solely on consideration of peace and order in Mexico, in no way antagonistic to the United States."

Mexico City, Oct. 25.—The controversy between the United States and Great Britain appears to have convinced the Mexicans that the European nations are coming into line with Great Britain in opposition to the United States. The newspapers here say that in London everybody seems to be talking of the possibility of Anglo-American complications, but that the United States has not taken into account the fact that back of Britain there are many nations interested in the solution of the Mexican problem, and that it would be neither diplomatic nor prudent to defy these nations.

London, Oct. 25.—Pleading important business the American ambassador excused himself from keeping an engagement to preside over a lecture delivered last night by an American professor, whose subject was Great Britain and the United States. The business is believed to have been in connection with the Mexican situation.

Mexico City, Oct. 25.—President Huerta informed the diplomatic corps yesterday that he would not be a candidate for the presidency.

The steam trawler Andrew Kelly, of the Canadian Fish and Cold Storage Co.'s fleet left yesterday for the south having in tow the barge Donald D. and the fishing schooner Albert Meyer. The barge is en route to Comox for coal and the fishing schooner is being taken to the Fraser River to lay up for the winter.

Did He Catch Anything?

Binks—Have any luck trout fishing this year?
Jinks—Betcher life. Caught a two weeks' influenza and collected \$50 health insurance.

But there is seldom anything wrong with a man's home if he is willing to pay the freight and let his wife run it.

A SUCCESSFUL RECEPTION AT MRS. FRIZZELL'S

(Continued from Page 1.)

black gown with chiffon and Bulgarian trimmings. Mrs. D. Martin, a pretty tan satin gown, Mrs. J. Dean a Duchessa figured satin and Mrs. L. W. Kergin looked quite stunning in an Alice blue gown of embroidered chiffon over satin.

Serving the tea and delicious refreshments were Misses Rita Dean, Violet Frizzell, Madeline Nelson and Rita Macdonald. Judging from the way the guests lingered over their cups, this part of the reception was thoroughly enjoyed.

During the afternoon the Westholme orchestra rendered a program of choice selections, adding materially to the success and enjoyment of the event.

Mrs. Frizzell was complimented on all sides on the success which has so far attended her efforts in business and on her courage in undertaking greater responsibilities in her new and larger premises. In return for her hospitality there was evident nothing but the best of wishes for her continued success.

LOCAL NEWS ITEMS.

The Princess Sophia from the south arrived at 1.45 this afternoon.

One drunk was fined \$5 and costs in the police court this morning.

No arrest has as yet been made in connection with the passing of forged cheques in the city.

The infant son of Mr. and Mrs. Jas. T. Allan died at the hospital this morning. The funeral will be held tomorrow.

Henry Stack, charged with the theft of a rain coat from Mr. St. Clair of the Houston Cafe, was discharged by Magistrate Carss this morning.

Dr. Thompson, M.P. for the Yukon, left last night on the Princess Mary for Vancouver after spending Sunday in the city a guest of his brother, Jas. H. Thompson.

Just What I Wanted for Mother

SOMEWHERE in the "Ryrie Gift Book" there is one thing that will make the most satisfactory gift possible for "Mother." Just take your gift list and a "Ryrie" catalogue and spend part of an evening quietly at home. You can go down that list in just a few minutes and opposite each name, mark the page and number of an article in the "Gift Book," that will suit as nothing else will.

You will pay even less than you intended—you will save all the worry and expense of shopping in person—all the worry and expense of parcelling, addressing, stamping, etc. The "Ryrie" guarantee insures absolute satisfaction.

Write for our Gift Book. Tomorrow you may forget—put your name and address on a post card and mail it to-day.
