

ARBITRATION COMMISSION FOR NANAIMO TROUBLE

ANOTHER CONSERVATIVE EXCUSE FOR SOUTH BRUCE DEFEAT—BREWSTER TO BE CANDIDATE

GREAT BRITAIN IS SCOLDED FOR COUNTENANCING HUERTA

PRESIDENT WILSON HAS NOT FINALLY DECIDED UPON HIS POLICY REGARDING MEXICO — GENERAL DIAZ HAS SAILED FOR HAVANA

(Special to The Daily News.)
 Washington, Nov. 4.—The re-
 sponse which has developed the
 United States gov-
 ernment on the Mexican problem
 for the last few days continued
 in official circles yesterday.
 There was a meeting of the cab-
 inet in the afternoon but no news
 was given out upon the subject.
 Those acquainted with what Pres-
 ident Wilson has under consid-
 eration declare that he has fixed
 upon nothing as a finality, but is
 turning over in his mind certain
 definite proposals.

London, Nov. 4.—In an editor-
 ial The Nation, following out a
 review of recent Mexican affairs,
 sharply criticizes the policy
 Great Britain has observed in

Mexico. After assenting to the
 propositions that Great Britain
 cannot interfere in the affairs of
 a half-civilized nation because
 its morals are bad and its poli-
 tics illiberal, the Nation says:
 "Our complaint is not that Great
 Britain declined to interfere in
 these Mexican troubles but that,
 in an ironical way, she gave Hu-
 erta countenance at the very mo-
 ment when the United States was
 using her influence to restore
 constitutional rule."

Vera Cruz, Nov. 4.—General
 Felix Diaz and his companions
 have been transferred from the
 American flagship Louisiana to
 the New York & Cuba steamer
 and sailed for Havana. His fur-
 ther plans are unknown.

GRAHAM ISLAND NOW ASKS FOR A PANAMA CANAL OF HER OWN

**FROM THE TL-EL RIVER TO MASSET INLET AT QUEENS-
 TOWN — ADVANTAGE AND SAFETY TO SHIPPING
 IN THE ENTERPRISE**

A proposition has been placed
 before one of the largest com-
 panies operating in Canada to
 ask into the question of running
 a canal from the TL-El river to
 the waters of Massee Inlet, at
 Queens town. The distance is less
 than 16 miles, through an open
 country, where dredges could be
 placed without danger of en-
 counter with rocks, says the Massee
 leader. The work may appear
 imaginary to those who have not
 travelled over the route; but it is
 more costly than building the
 locks on Lulu Island or at Pitt
 Meadows. The canal would drain
 hundreds of thousands of acres of
 splendid peat land and would
 make a safe waterway from one
 end of the island to the other.

It would be a small affair in com-
 parison with what is going on in
 the neighborhood of every west-
 ern city.
 Along the shore lines of He-
 cate Straits we have over one
 hundred miles of sea coast with-
 out a safe harbor between Mas-
 set Inlet and Skidegate. A steam-
 er leaving the south end of the
 island for the great salt lake,
 now steams one hundred and
 twenty-six miles going far out to
 sea, off Rose Spit, to avoid the
 sands. With the route through
 the islands of a few miles there
 would be despatch and safety for
 all manner of craft.

If for nothing else the land
 that would be reclaimed would
 more than pay for the undertak-
 ing. The thousands of acres of
 leased peat land, only requiring
 drainage, would sell at large
 sums per acre. What is now a
 waste would be populated. Dred-
 ges, operating at both ends,
 would have little difficulty in op-
 ening the country and the cost
 would not exceed a quarter of a
 million dollars.

DAUGHTERS OF EMPIRE HOLD PLEASANT HALLOWE'EN DANCE

**OVER FORTY COUPLES IN ATTENDANCE AT ENJOYABLE
 DANCE IN ST. ANDREW'S HALL LAST NIGHT—MUSIC
 BY WESTHOLME ORCHESTRA**

A thoroughly enjoyable Hal-
 lowe'en dance was given in the St.
 Andrew's Society Hall last night
 under the auspices of the Daugh-
 ters of the Empire. About 40
 couples were in attendance and
 nothing was lacking to make the
 affair a complete success. The
 floor was in excellent condition
 and the music by the popular
 Westholme orchestra was all
 that could be desired. Dancing
 started at nine o'clock and lasted
 until a little after one. The pro-
 grammes were prettily decorated
 and the refreshments included
 apples, doughnuts and pumpkin
 pie, without which the night
 when fairies and witches revel is
 never complete.

PERSONAL POPULARITY GOOD THING TO HAVE

**That is How Cabinet Minister Ex-
 plains Conservative Disaster
 at South Bruce**

(Special to The Daily News.)
 Ottawa, Nov. 4.—Hon. T. W.
 Crothers, Minister of Labor, who
 is a representative of Western
 Ontario, is the only minister who
 has given an interview upon the
 result in the South Bruce elec-
 tion. He attributes the defeat of
 the Conservative candidate en-
 tirely to the personal popularity
 of the Liberal candidate, R. E.
 Truax, and the house to house
 canvass that gentleman person-
 ally made of the constituency.
 Mr. Crothers does not interpret
 the result as any indication of
 sentiment upon naval or reci-
 procity questions.

 The full details of the marriage
 ceremony at Hamilton, Ont., have

 was a matter of conjecture. Their
 home has been ready for many
 days. It is the whole top floor
 of the bank building, which has
 been sumptuously fitted up for
 their occupancy. Mrs. Clancy was

 at Once Issue the Necessary
 Permission**

(Special to The Daily News.)
 Ottawa, Nov. 4.—It was learn-
 ed yesterday that the striking
 miners of Nanaimo are applying
 to the Department of Labor for
 the appointment of an Arbitra-
 tion Board under the Lemieux
 Act. It is understood that the
 government will at once issue
 necessary permission to take
 steps to get the Board in work-
 ing order.

Nanaimo, Nov. 4.—It is pro-
 posed to withdraw seventy-five

USED WOOD ALCOHOL TO KINDLE FIRE

**Terrific Explosion Resulted and
 Thos. Ballinger Was Badly
 Burned About Arms**

Awakened by a terrific explo-
 sion this morning shortly after
 seven o'clock, followed by the
 screams of fire, Mrs. Knouse of
 the Panatorium rushed to the win-
 dow and saw a man coming out
 of the house across the street
 with his clothing afire. She im-
 mediately phoned the fire de-
 partment who promptly respond-
 ed, but on their arrival at the
 corner of Third Avenue and Sixth
 Street no fire was to be found
 and no one in sight. On their
 return to the fire station a reg-
 ular alarm was turned in when
 the cause of the excitement was
 ascertained. It appears that T.
 Ballinger, a cabinet maker in the
 employ of Geo. D. Tite, who lives
 at the rear of M. M. Stephens' of-
 fice, had in mistake poured wood
 alcohol instead of coal oil in the
 stove to hasten the fire. There
 was immediately an explosion
 and Mr. Ballinger's clothing took
 fire. As a result he was very
 badly burned about the arms.
 There was no damage done to the
 house and the services of the bri-
 gade were not required.

METHODIST SOCIAL

**Mysterious Masked Man Appears

A most enjoyable Hallowe'en
 social was given last evening in
 the basement of the Methodist
 church, when the Men's Own and
 the Young People's Society en-
 tertained the friends and adher-
 ents of the church. The even-
 ing was most enjoyably spent in
 games and song, Mr. Corkill en-
 tertaining with a solo and Mr.
 Waddell acting as master of
 ceremonies. A feature of the
 evening was a masked man whom
 all that were there are still trying
 to discover the identity of.

The Methodist socials are com-
 mencing to take a very promi-
 nent part in the social life of our
 city as the large attendance cer-

BULLOCK - WEBSTER EXPLAINS STAND REGARDING INDUSTRIES.

**IN GRANTING OF FORESHORE RIGHTS PROMPT ERECTION
 AND OPERATION OF PLANT SHOULD BE ONE OF THE
 CONDITIONS IMPOSED**

To the Editor of the Daily News:
 Dear Sir,—In your paper of
 October 28th appeared an ac-
 count of the discussion in coun-
 cil of the foreshore rights ap-
 plied for by Mr. F. L. Wilson.
 Over this, in large lettering, was
 a statement that I am not in fa-
 vor of bringing industries to this
 city.

I have no quarrel with a paper
 which, being definitely on the
 side of one Municipal party,
 takes all legitimate means of
 weakening the opposition of
 those who would pursue a dif-
 ferent policy to that commended
 by the said paper. But, when your
 paper attributes to me a line of
 conviction which I never author-
 ized, and am not prepared to
 stand sponsor for, I believe that
 your sense of fair play will
 prompt you to favor me with
 sufficient space for a brief com-
 ment on the subject.

Let me state then, that I am
 heartily in favor of bringing
 "bona fide" industries into this
 city. It is the industries which
 must, to a large extent, build up
 our town; and the sooner they
 come, the more rapid will be our
 progress. But it is industries we
 want, not promotion schemes.
 We have in the last two years
 seen several undertakings foist-
 ed off on to an unsuspecting
 public for the benefit of com-
 pany promoters and it is my con-
 viction that a new country is in-
 jured rather than benefitted by
 the commencement of large un-
 der takings which prove unsuc-
 cessful.

If this is so, then it should be
 the policy of the city council to
 obtain the fullest information
 regarding any person or per-
 sons who may apply for anything
 in the nature of a concession.

In the case of Mr. Wilson, I
 have little doubt that he could
 and would gladly furnish satis-

factory assurance as to the na-
 ture, and prospects of success,
 of the undertaking he wishes to
 operate here.

We come then to the reason
 which prompted me to record a
 lone vote against granting the
 concession asked.

During the discussion I asked
 what the "foreshore rights" re-
 quired amounted to. In the re-
 ply, which did not contain the in-
 formation I sought, the speaker
 branched off on a tangent sug-
 gesting that my elementary edu-
 cation should have taught me
 what the word "foreshore"
 means. I again pressed for a
 statement as to what the con-
 cession was granted for; and
 then the information was grudg-
 ingly given, that private infor-
 mation had come to hand that it
 was for a brewery site. I felt
 then and still feel that careful
 enquiry should be made as to
 the bona fides of the concern and
 the city council as a whole
 should have full information re-
 garding the whole matter. If
 everything is all right, frank
 statements in the light of day
 will do no harm, and the public
 are entitled to them. I had in-
 tended to post a motion for the
 next meeting of the council but
 circumstances have prevented
 me from being present. The mo-
 tion would have read as follows:

That in reply to the commu-
 nication from the Dominion Gov-
 ernment in regard to the appli-
 cation of Mr. Wilson for "fore-
 shore" near the Cold Storage
 plant, Prince Rupert harbor; the
 City Council urge upon the Do-
 minion Government that in the
 granting of any "foreshore" to
 Mr. Wilson conditions should be
 imposed which would require the
 prompt erection of the plant and
 commencement of the industry
 which he proposes to establish.

 Alderman Ward II.

"The wonderful power of Personal Influence, Magnetism, Fascination, Mind Control, call it what you will, can surely be acquired by everyone no matter how untrained or unsuccessful," says Mr. Elmer Ellsworth Knowles, author of the new book entitled "The Key to the Development of the Inner Forces."

The book lays bare many astounding facts concerning the practices of the Eastern Yogis, and describes how they have been able to control the thoughts and acts of others; how one may gain the love and friendship of those who might otherwise be indifferent; how to cure the most stubborn diseases and habits without the use of drugs or medicine; even the complex subject of projecting thoughts (telepathy) is explained. Miss Josephine Davis, the popular stage favorite, whose portrait appears above, declares that Prof. Knowles' book opens a new door to the knowledge of the character and disposition of an individual; how to cure the most stubborn diseases and habits without the use of drugs or medicine; even the complex subject of projecting thoughts (telepathy) is explained.

The book, which is being distributed broadcast free of charge, is full of photographic reproductions showing how these unseen forces are being used all over the world, and how thousands upon thousands have developed powers which they little dreamed they possessed.
