STEEL FROM OCEAN TO OCEAN BY JUNE NEXT YEAR

UNITED STATES FIGURES ON BIG ARMY FOR MEXICO—EDMONTON RINK AND ARMORY BURNED

STEEL WILL BE CONNECTED NOT LATER THAN JUNE FIRST

THIS IS THE CONSERVATIVE ESTIMATE MADE BY COLLINGWOOD SCHREIBER, GOVERNMENT ENGINEER, AFTER TRIP OVER LINE.

Collingwood Schreiber, Dominion government railway engineer, accompanied by his secretary, Mr. Loftus, and B. B. Kelliher, chief engineer of the Grand Trunk Pacific, arrived in the city on Saturday evening by special train from the end of steel. Their arrival here completed a trip of inspection of the entire line from the east. From Edmonton they were accompanied by J. W. Stewart, head of the contractors, Foley, Welch & Stewart, who remained over at New Hazelton for a day and came in by last night's regular train.

The party was met at the end of steel by W. C. C. Mehan, general superintendent, and brought here in his official car. Along with the party were Mr. Ford, resident engineer for the government, and Mr. Tobey, of the Grand Trunk Pacific engineering staff.

The party brings most encouraging reports as to the progress of construction between the two

ends of steel, which are rapidly being brought nearer together. On a conservative estimate, Mr. Schreiber is of the opinion that steel will be joined not later than June the first. The entire section between the present ends of steel is under construction and there seems to be no scarcity of men.

During the winter months there will be no difficulty in getting supplies in and there should be nothing to interfere with the progress that is expected.

The party left Ottawa on October 15th. The trip between the ends of steel in British Columbia is a strenuous one, but Mr. Schreiber, who is over 80 years of age, stood it remarkably well. This is his second visit here this year. On his next trip of inspection he expects to come right through to Prince Rupert from Ottawa in his private car.

The party left for the south this morning on the steamer Prince Rupert.

CHICAGO WANTS WOMAN FOR CHIEF OF POLICE

Lady of Independent Means May Be Given the Job by the Mayor.

Chicago, Oct. 27.—A woman for chief of police of this city is being seriously considered by Mayor Harrison, according to a story today in the Evening Post. The mayor has not made known his choice for successor to Chief McWeeny, resigned, but the Post learns that Mrs. Gertrude Howe Britten looms large in the mayor's canvass of the field. Mrs. Britten is a woman of independent means, who has for years been prominent as a social worker.

EDMONTON'S BIG FIRE

Rifles and Ammunition of Local Militia Destroyed

(Special to The Daily News.)
Edmonton, Nov. 3.—The skating rink and armories were destroyed here Saturday by a fierce fire. The flames were fanned by a strong wind which rendered it impossible for the firemen to successfully combat it. Hundreds of rifles belonging to the local militia and fifty thousand rounds of ammunition were destroyed.

GIRL NOW IN JAIL

For Wearing a Slit Skirt in New Jersey.

Passaic, N. J., Oct. 31.—Miss Mary Adamson, 22 years old, of Newark, was sentenced today to thirty days in the county jail for wearing a slit skirt. Miss Adamson spent Sunday afternoon parading up and down the main avenue displaying her skirt and other things. The judge deprecated the failure to wear a petticoat.

TAKES TO THE WOODS

Borden Skidaddles from Ottawa Without Leaving Address

(Special to The Daily News.)
Ottawa, Nov. 3.—Premier Borden has left the capital on a vacation trip of six weeks. He left no address, evidently intending to have a complete rest.

Arctic Explorer Found

(Special to The Daily News.)
New York, Nov. 3.—Dillon Wallace, the Arctic explorer given up for dead, has returned to civilization with details of the Northern Liberator trip.

Condition Is Improved.

The many friends of William Grant, the plumber, will be glad to learn that there was a decided improvement in his condition this morning. Mr. Gingras is also getting along as well as can be expected.

South on the Sophia.

Following is a partial list of those taking passage for the south on the Princess Sophia on Saturday: Mrs. W. O. Fulton, William Swinton, D. R. Payne, P. McGovern, Mrs. E. Rodseth, J. M. Munro, Andrew Johnson, Andrew Peterson, Joseph Booth, O. Olsen, George Abbott, F. Bates, Charles Kidd, H. Barrett, Ben Jackson, J. Barclay, Charles E. Miller and John G. Wilson.

Fox Breeding Spreading.

Ottawa, Oct. 30.—Hon. Charles Dalton, the celebrated fox breeder of Prince Edward Island, who has been here for a few days, says that fox breeding is spreading all over the Dominion. Recently Mr. Dalton received an offer of \$5,000 to organize a ranch at Edmonton, but he was too busy to accept.

PRINCE RUPERT HAS MONEY IN THE BANK

As positive proof that the city of Prince Rupert is not suffering seriously from the general financial stringency, the officials at the city hall report that the taxes for 1913 have come in so freely that the city's indebtedness to the bank on current account has been paid and there is now a substantial credit balance.

BIG ARMY FOR MEXICO

Hundred and Fifteen Thousand Men for United States

(Special to The Daily News.)
Washington, Nov. 3.—In anticipation of the probable intervention in Mexico by the United States the army staff officers have asked the secretary of war, Hon. Mr. Garrison, who is now in Panama, for an army of a hundred and fifteen thousand men.

AGAINST ANY DIVISION

Ireland Against Home Rule If Ulster is Cut Off

(Special to The Daily News.)
London, Nov. 3.—Joseph Devlin, the head of the Ancient Order of Hibernians, before an audience here on Saturday night declared: "We will refuse Home Rule tomorrow if Ulster or any portion of Ulster is cut off from the West of Ireland."

ALD. BULLOCK-WEBSTER AND FORESHORE RIGHTS

Alderman Bullock-Webster had a long letter in Saturday's News trying to defend his action in opposing the application of F. L. Wilson for foreshore rights. The alderman has probably been thinking hard all week trying to find some excuse for his extraordinary conduct in council last Monday night.

The News always wishes to be fair in its report upon any matter and it has, always been more than fair to Alderman Bullock-Webster, and the report that appeared in The News in connection with the matter in question was due to the action of the alderman himself. Every other member of the council thoroughly understood the situation, and when Alderman Bullock-Webster says that the information which was given was given grudgingly he is making a statement which he knows to be untrue, but this is the kind of thing of which the alderman has been guilty all year. At practically every session of the council he has insinuated trickery, evasion or crookedness of some kind on the part of the administration, and those of his friends who had at least hoped to find in him the English gentleman are disappointed to find that he pursues the tactics of a cad. As an example, he insinuated that an expense account of the mayor was being slipped through. No man with a sense of responsibility would make such a statement unless he knew it to be true, and Alderman Bullock-Webster not only knew it was not true but himself passed the account immediately after making the low insinuation.

Alderman Bullock-Webster will have to change his tactics if he wishes the public to believe in his bonafides.

WILL GO TO CHISANA ABOUT DECEMBER 1ST

F. Landes, Who Returned from Whitehorse on Saturday, Is Getting Outfit Ready.

F. Landes, who left for the north some time ago, attracted by the gold strike at Chisana, returned to the city on Saturday. He went only as far as Whitehorse, being advised to proceed no farther until later in the season. While at Whitehorse there was a strike in that vicinity and Mr. Landes and Everard Kissick staked four claims. It is Mr. Landes' intention to return north next Monday if he can get certain matters of business arranged by that time. He is getting together the necessary outfit to take to the diggings and expects to leave Whitehorse for Chisana about December 1st.

LESSONS ON FARMING

To be Given in all Public Schools of Province

(Special to The Daily News.)
Victoria, Nov. 3.—It is proposed to introduce an elementary course of instruction in the public schools of the province on agriculture, stated Hon. Price Ellison, Minister of Finance, today. The details of the plan have not been worked out yet, he says. The courses specified will start next year.

MRS. PANKHURST SPEAKS

Militant Methods Not Necessary in America.

Cincinnati, O., Oct. 31.—Mrs. Emmeline Pankhurst, the English suffragist, spoke here tonight to a large audience. Mrs. Pankhurst repeated that militant methods were not needed to secure the ballot for women in this country, but the suffragists of England would keep up their warfare until they secured the right to vote.

ENGINEERS ON C. P. R. MAY GO ON STRIKE SOON

Winnipeg, Nov. 1.—Local railway men say that within a few days' time the locomotive engineers' union, the Brotherhood of Locomotive Engineers, will make demands to the C. P. R. for a new schedule. The C. P. R. officials and the engineers have not agreed on certain points and it is believed that a strike is threatened on all C. P. R. lines west of Winnipeg.

An Old Offender

A. E. Gibbs, who appears quite regularly in the police court, was this morning given the option of a fine of \$10 or ten days in jail on the usual charge of being drunk and disorderly. He is serving the ten days.

Elects for Jury Trial

Leon Washington, committed for trial a couple of weeks ago came up before His Honor Judge Young this morning, when he elected for trial by jury. A. M. Manson appeared for the accused.

Inspector in Trouble.

Seattle, Oct. 30.—The federal grand jury met today to consider the case of a former customs inspector, who is alleged to have accepted bribes for permitting infractions of the customs laws. It is said that the giving of presents by a local business house to customs inspectors will also be looked into by the federal grand jury.

Chas. Fogi and Pete Begoff appeared before the magistrate this morning on charges of assault, the affair being an altercation between themselves. They were let off on paying the costs of the court.

AUTHORITIES DERIDE REPORT OF A DYNASTY FOR DOMINION

SUGGESTION THAT DUKES OF CONNAUGHT SHOULD BE MADE HEREDITARY GOVERNORS GENERAL CAUSES SMILES OF AMUSEMENT.

London, Oct. 31.—No one appears to attach any importance to the suggestion that the Dukes of Connaught should be made hereditary governors general. In fact, no one here seems to have heard of the rumor until now. Reports about the founding of a dynasty and giving Canada a king provokes a smile.

"We Canadians are very fond of the Duke of Connaught," said one Canadian, "but we don't want any hereditary authorities set up to govern us, even in the

pleasing way of the governors general we have had already."

Lord Strathcona declines to discuss such a statement "based upon the vaguest of rumors and backed by no authority" as this was, but with regard to the possible succession of Prince Arthur, comments the high commissioner, if ever it was proposed and accepted Canada would without doubt be ready to give the prince and his bride as loyal aid and hearty welcome as they have already given his father and mother.

LONG LIFE BEFORE FAIRBANKS AS A PRODUCING MINING CAMP

DR. ALFRED BROOKS, THE NOTED GEOLOGIST, SAYS THAT ITS PLACERS WILL YET YIELD SOME FIFTY MILLION DOLLARS.

Fairbanks, Alaska, Oct. 28.—The gold placers of the Fairbanks district will yield another \$50,000,000, according to an estimate made by Dr. Alfred H. Brooks in a recent report of the United States geological survey. The camp has produced a little less than that amount since it was struck in 1902.

from the overburden and from much greater widths of gravel than are now classed as productive. This might add very much to the ultimate gold reserves, but no data are at hand permitting the increase to be estimated quantitatively.

To residents of Fairbanks the statement of Dr. Brooks that the outlook for the district in a placer way is still very promising is well received.

The report says the estimate is made after allowance is made for auriferous ground that cannot be worked under present conditions and with present methods.

"For example," says Dr. Brooks, "there are about twelve or thirteen miles of known gold bearing area which is under forty feet in depth. If it proves feasible to dredge this ground gold would undoubtedly be recovered

That the report of Dr. Brooks may be a direct influence in inducing the Boyle interests, now dredging in the Klondike, to come to the Fairbanks district, is the belief of many here. The local representative of the Boyle interests expressed himself yesterday as highly pleased with the character of Dr. Brooks' report.

FUNERAL AT TERRACE LARGELY ATTENDED

Remains of the Late D. B. Kenney Were Laid to Rest on Saturday.

(Special Correspondence.)
Terrace, Nov. 2.—The funeral of the late D. B. Kenney took place yesterday afternoon. The opening part of the service was held at the home of L. H. Kenney at Terrace and from there nearly all who attended proceeded to the cemetery at Kitsumkalum. There were a large number of the townspeople present at the continuation of the service at the graveside. The local members of the Masonic Order attended and formed a prominent part of the funeral procession.

ARTHUR PELKEY IS GOING TO FRANCE

Tommy Burns Hopes to Make a Match for Him There with Notorious Jack Johnson.

Tommy Burns makes the announcement that he will journey to Paris, France, with Arthur Pelkey in the hope of securing a match with Jack Johnson. Over in Europe the heavyweights hold the centre of the stage and matches between the big fellows take better than those in lighter classes. In this country it is different. We prefer the lighter boys and no regret will be expressed at the announcement that France is to have an elimination series for heavyweights. While the 200 pound boys may make a lot of money and furnish some really good sport abroad, the outlook for them in this country is not very promising.

MOVIES FOR GRANBY

Messrs. Strassberg and Koller Go to Open New Theatre.

If all goes well the many workers in and around the new smelter at Granby Bay will enjoy moving pictures tonight. Mr. Manley, the local manager for the big company, has erected a theatre and spent several days in Prince Rupert last week making arrangements for entertainments. He succeeded in making arrangements with the management of the Westholme Opera House to show their pictures in the new theatre twice a week during the winter, and Messrs. Strassberg and Koller left on the Saturday boat with the necessary machinery and films.

CURIOUS GROWTH OF ALASKA CABBAGE WHILE ON WAY OUT

WEIGHED THIRTY-FIVE POUNDS WHEN IT STARTED FROM FAIRBANKS BUT HAD GROWN TO FIFTY-FIVE POUNDS WHEN WHITEHORSE WAS REACHED.

Seattle, Oct. 30.—Judge James Wickersham, delegate to congress from Alaska, is back in the city after a visit with friends in Tacoma. He is at the Frye. Chris A. Harrington, old time Alaska mining man and a member of the dredging firm of Harrington & Bennett, also is at the same hotel. As a result of their meeting in this city yesterday the best practical joke ever played upon Judge Wickersham has come to light.

The last time Judge Wickersham was up home he visited the government agriculture experiment station at Fairbanks. He was amazed at the crops that had been grown, and before leaving begged a large head of cabbage to take back to Washington to show downing fellow members what could be done in Alaska with proper government encouragement.

Judge Wickersham thought so well of the cabbage that when he boarded the boat for Whitehorse, at Fairbanks, he met Mr. Harrington and told him about the cabbage. Mr. Harrington doubted the size and the cabbage was unpacked and weighed. It balanced the scales at thirty-five pounds.

Every time the boat picked up a new passenger Judge Wickersham renewed his boast about the cabbage he was taking to Washington. Harrington grew tired of it. One night he stole the cabbage and took it down into the engine room. Pushing back the leaves, he drilled a hole in the centre and poured in about five pounds of shot.

The next morning the cabbage was again put upon the scales to prove its weight to a sordid friend of Judge Wickersham. The overweight pleased instead of discouraged Alaska's delegate. That night Mr. Harrington repeated the lead dose. Judge Wickersham grew doubtful of the scales, but continued to show the cabbage. Mr. Harrington continued to add shot. When the boat docked at Whitehorse the cabbage weighed fifty-five pounds.

The deception was discovered when the plug came out as Judge Wickersham boarded the train at Whitehorse. Buck shot covered the floor of the coach and he carried the cabbage to the rear platform and kicked it off. He did not speak to anybody for five miles. He was brooding over what congress had missed by not seeing a heavier cabbage than was ever grown east of the Mississippi River.

VANCOUVER BONDS

Are Being Offered in Montreal and New York.

Vancouver local improvement bonds of the value of \$1,300,000 are being offered in Montreal and Boston, and are guaranteed to yield 5.10 per cent., it is stated. Through Messrs. Stinson & Co. of Toronto the bonds were disposed of over a month ago, bearing interest at the rate of 4 1/2 per cent. The city still has \$800,000 worth of local improvement bonds which will be placed on the New York market.

Basket Ball Tonight.

Men's Own vs. Bankers, at the Auditorium tonight. Game called at 8:15 sharp. Admission 25 cents.

EFFECT OF PANAMA CANAL

Passenger Route Will Not Be Transferred from Suez.

Mr. William H. Avery, the English shipping expert, who has recently returned from Panama, says the effect of the canal's opening will be detrimental to the railroads for the first five years. There is likely to be a great diversion of emigrant traffic from Europe to the western coast of North America, and immense areas now sparsely populated will become far more closely settled.

He does not believe any passenger route from Europe to the Far East will be transferred from Suez to Panama, as that would mean missing the valuable Indian trade.

DAILY EDITION

Monday, Nov. 3, 1913.

TAXATION WITHOUT REPRESENTATION.

The high commissioner of New Zealand to England in the speech he made at Sheffield last week struck the keynote of imperial federation and unity when he said that until we could weld together the various portions into some common council we should never weld together one truly imperial fleet.

"I ask, is it right that the overseas dominions, without an adequate voice in imperial affairs, in proportion to their populations or contributions, are going to continue to build navies to be handed over to an authority elected by the people of one portion of the Empire, controlled by a minister that may be elected on some local issue with which we have no concern?"

Australia has started a navy of her own and New Zealand is starting one of her own. Canada, the most important of

all the dominions, might have been the first on the ocean with her own fleet but for the untoward circumstances by which the government was wrested from the hands of a tried statesman and placed in the hands of a one-idea politician.

BUT WHY NOT A MICROSCOPE?

A contract has been made by the Borden government with American firms for the construction of the largest telescope in the world, to be erected at Ottawa. It is to be of the reflector type, but it will not reflect the "no truck nor trade with the Yankees" cry the Tories raised in 1911.

WHERE IS THAT EMERGENCY?

Winston Churchill recently proposed to the Kaiser that if Germany would postpone naval building for a year Great Britain would do likewise. Germany has declined. And for what reason? Because, as pointed out in the cable despatches, she declares the proposal is not an honest one while Churchill is expecting three ships from Borden. So the effect of the Borden contribution is to prevent a friendly alliance between England and Germany.

PARTY LEADERS TO CONFER ON IRELAND HOME RULE QUESTION

BUT JOHN REDMOND AND SIR EDWARD CARSON ARE TO BE EXCLUDED FROM CONFERENCE WITH PREMIER ASQUITH.

London, Oct. 30.—Mr. Bonar Law's speech at Newcastle last night is accepted as meaning that negotiations will shortly take place between the leaders of the two British parties, not, however, including Mr. John Redmond or Sir Edward Carson. More significant than what Mr. Bonar Law said is his silence regarding the Smith-Churchill proposal to exclude Protestant Ulster from the operation of the home rule bill. It is understood that the proposal was agreed upon as the basis for a conference under the stimulus of the King's insistent desire for a settlement by consent.

Even Mr. Redmond and Sir Edward Carson were prepared to discuss it sympathetically, but Mr. Asquith upon consideration rejected it, as did also the body of back bench Unionists, who are persuaded that Ireland must be treated as indivisible. Hence the idea of excluding Ulster has now dropped in favor of the scheme

which Sir Edward Grey outlined for the creation of a special Ulster parliament for the administration of certain Ulster services, such as education and police by representative Ulster bodies, with full power to meet local susceptibilities.

The government also thinks the nominations for the Irish senate will give ample room for conciliating Ulster.

It would also be possible to give the four counties of North-east Ulster additional members in the Irish commons. Serious ministerialists expect Mr. Bonar Law to throw over Sir Edward Carson, but no serious Unionist expects the government to voluntarily act on Mr. Bonar Law's demand for a dissolution.

Sir Edward Carson's speech yesterday shows that Ulster's solemn covenant is no bar to a settlement by consent, for all that the thousands of Ulstermen pledged themselves to fight against is the Irish parliament.

RAPID GROWTH OF SMITHERS.

The frame of Lynch Bros.' big store is up and no time is being lost in the building of the structure.

The completion of the Mudick building has helped to solve the lodging problem for incoming passengers.

W. S. Henry and T. T. Dunlop are opening a real estate office in Smithers. They will also act as local representatives of Chettleburgh & Sinclair, the machinery men.

Post Office Inspector Fletcher, who has been in the district for two weeks arranging for Smithers post office and visiting the valley post offices, left for the coast this morning.

It is reported that the Grand Trunk Pacific will during the winter locate a line via the Telkwa and Copper rivers to the lower Skeena. The Review has been unable to obtain any confirmation of the rumor.

A crew of laborers is busy excavating for the foundations of Carr Bros.' big hotel, the Bulkley House, which will be built at the corner of Main and Third. The hotel will be modern in every respect, and will afford the best possible accommodation.

James Sloan and John Fraser, two carpenters who have been working on the Ross tunnels, near Hazelton, are believed to have been drowned in the Bulkley. They started down the river on a small raft and are supposed to have perished in Haguget canyon.

Although working under difficulties in temporary premises, Postmaster Adams is giving an excellent service. When the post office building, with its modern equipment, is ready for occupation, Smithers will have a post office service second to none in the interior.

Smithers is rapidly assuming a built-up appearance. A business man who visited the townsite two months ago, returning this week to see what progress had been made, expressed astonishment at the development accomplished in the short time that had elapsed since building operations started.

R. G. Cunningham, general manager of R. Cunningham & Son, Ltd., the general merchants of Port Essington and Hazelton, is expected on Saturday's train. He will probably be accompanied by J. M. MacCormick, manager of the Hazelton store. It is expected that as a result of their visit a contract will be immediately let for the erection of a large store in Smithers to accommodate the local branch of the Cunningham business.

Within a few days the telephone company will have its wires strung into Smithers and the local exchange should be in working order in a very short time. F. B. Chettleburgh, who has been appointed manager of the Smithers district, has been here for several days making preliminary arrangements. If the necessary arrangements can be made with the Dominion authorities a telegraph line will be included in the company's equipment.

Arrangements for the immediate installation of the first unit of the electric light plant have been made by W. J. O'Neill and his associates. The power house, work on which will begin at once, will be located on Fourth avenue, near Main street. In front of the plant, and fronting on Main street will be a hall 26x80 feet, which will be available for theatrical purposes, moving pictures and for social purposes. Electrician Tod is busily engaged in wiring buildings in the business district for connection with the system. For the present a 500 light unit will be used. This will be supplemented as necessary.

BOYS CONFESS MURDER

Two 13-Year-Old Lads Sent to Penitentiary for Life.

Joplin, Mo., Oct. 30.—Irl Louek and Charles Underhill, each 13 years old, pleaded guilty today in the circuit court to having murdered Philip Burton, a hot tamale vendor, a year ago, and were given life sentences in the penitentiary. Burton was shot when he hesitated to throw up his hands when held up.

Ice Skating at Regina.

Regina, Oct. 30.—Wascana Lake was alive last night with people enjoying the first real good skating of the season. Many improvised sails from their canoe canvas and went gliding rapidly before a fair breeze. The ice is reported nearly two inches thick.

Sunday's Sermon spoilt by Coughing

A dose of Mathieu's Syrup of Tar and Cod Liver Oil taken before leaving for church will check that service spoiling cough.

This preparation acts as a tonic as well as a cough cure and its use soon enables the system to throw off all signs of cold.

Keep it in the house—large bottle 35c at all dealers.

J. L. MATHIEU CO., Prop., Sherbrooke, P. Q.

P.S.—Mathieu's Nervine Powders cure headaches and sleep fever. Available for fourpence, odds to take in connection with Mathieu's Syrup. 30c box of 10 Powders. 1-1-13

LAND PURCHASE NOTICES.

Take notice that I, Charles H. Flood, occupation free miner, intend to apply to the Hon. Commissioner of Lands and Works for permission to purchase the following described lands:

Commencing at a post planted at the northeast corner of A. P. L. reading Lot 222-3225, thence in a northerly direction along the shore of Hastings Arm 40 chains more or less to the point of commencement, containing 320 acres more or less.

CHARLES H. FLOOD.
Dated June 27th, 1913.
Pub. July 28, 1913—Sept. 22, 1913.

Skeena Land District—District of Coast, Range 5.

Take notice that Dora L. Wright, of Prince Rupert, B. C., occupation married woman, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the northeast corner of Lot 421, thence east 20 chains more or less to northeast corner of Lot 130, thence east 20 chains more or less to west boundary of Lot 5142, thence south 20 chains more or less to the shore of Skeena Lake, thence westerly and northerly along said shore to the point of commencement, containing 40 acres more or less.

DORA L. WRIGHT.
Dated July 21st, 1913.
Pub. Aug. 18, 1913—Oct. 13, 1913.

Skeena Land District—District of Coast, Range 5.

Take notice that Cecil J. Crew, of Portcaw, Wales, occupation banker, intends to apply for permission to purchase the following described lands:

Commencing at a post planted one mile south of the southeast corner of Lot 130, thence south 20 chains, thence west 40 chains to point of commencement, containing 80 acres more or less.

CECIL J. CREW.
P. M. Miller, Agent.
Dated July 22nd, 1913.
Pub. Aug. 18, 1913—Oct. 13, 1913.

Skeena Land District—District of Coast, Range 5.

Take notice that Louis Frank Banville, of Prince Rupert, B. C., occupation railway, intends to apply for permission to purchase the following described lands:

Commencing at a post planted about 20 chains east of Mile Post 76 from Prince Rupert, G. T. P. Railway, on the south side of the track, thence east 40 chains, thence south 5 chains to bank of Skeena River, thence following the river bank in a westerly and northerly direction to point of commencement, containing 20 acres more or less.

LOUIS FRANK BANVILLE.
Dated July 13th, 1913.
Pub. Aug. 18, 1913—Oct. 13, 1913.

Skeena Land District—District of Coast, Range 5.

Pub. July 28, 1913—Sept. 22, 1913.

NOTICE.

Notice is hereby given that pursuant to the provisions of Chapter 115 of the Revised Statutes of Canada, F. L. Wilson has deposited with the Minister of Public Works a plan of a work proposed to be constructed on land in the Harbor of Prince Rupert, B. C., briefly described as follows: Commencing 859.3 ft. north and 1077.5 ft. east from the centre of Seal Cove Circle shown on Plan 923, Prince Rupert Land Registry Office, being south-west corner Sublot 7, thence north 36 degrees 13 minutes 29 seconds west 76.0 ft. to harbor line. Thence south 36 degrees 46 minutes 1 second west 370 ft. along said harbor line, thence south 36 degrees 13 minutes 59 seconds east 846 ft. to high water mark, thence following high water mark to point of beginning, with a plan and description of said proposed site the foregoing in the Land Registry Office at Prince Rupert, B. C., and is applying to the Governor in Council for approval thereof.

Ottawa, Ont., September 16th, 1913.
MACDONNELL & HONEYWELL,
Solicitors for the Applicant.
W-Sept. 29-Oct. 27, 1913.

WATER NOTICE.

Application for a license to take and use water will be made under the Water Act of British Columbia as follows:

- The name of the applicant is B. C. Salt Works, Ltd., F. H. Mobley, agent.
- The address of the applicant is Prince Rupert, B. C.
- The name of the stream is Kwinitza River. The stream has its source in mountain range about 5 miles west of the Skeena River, flows in a southeasterly direction into Skeena River about 1 mile south from Kwinitza station.
- The water is to be diverted from the stream on the south side, about 5,220 feet from mouth.
- The purpose for which the water is to be used is mining and manufacturing.
- The land on which the water is to be used is described as follows: Mineral Lot, Act located adjacent to Lot 74 and Lot 75, Skeena River.
- The quantity of water applied for is as follows: Twelve hundred (1200) cfs.

This notice was posted on the ground on the 5th day of September, 1913. A copy of this notice and an application pursuant thereto and to the requirements of the Water Act will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections may be filed with the Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

ELECTION METHODS IN MEXICO.

Gen. Huerta—"This is my scrutineer. I am not going to offer you any bribes. But my scrutineer has orders to shoot any person who does not vote for me."

HOW THE VOLTURNO WAS SENT TO THE BOTTOM OF THE SEA

REASON NONE OF THE WARSHIPS COULD DISCOVER THE DERELICT AND DESTROY IT IS AT LENGTH FULLY EXPLAINED.

Rotterdam, Oct. 30.—The story of the finding of the sinking, charred derelict Volturno was told today on the arrival of the Dutch oil steamer Charlois, belonging to the American Petroleum Company, the Dutch branch of the Standard Oil Co. The Charlois sighted the Volturno on October 17th. Captain Schmidt had not heard of the burning of the vessel and thought it possible that there might be survivors on the derelict. A boat was lowered under the command of the first officer, who stayed all night a short distance from the wreck.

At daybreak the Charlois' sailors boarded the derelict, which exhibited a desolate spectacle. Flocks of sea birds were hovering, shrieking, over the blackened hull. The decks were bent and twisted in all directions from the heat, while down in the hold the cargo was still smouldering. Flames still came from the fore-castle and stern. Apparently the only part of the ship not damaged by the flames was the engine room.

In the crews' mess room the men found four charred corpses completely unrecognizable. One of the dead was a man of stout build, one of the others apparently a boy.

Before departing, the first officer of the Charlois decided to sink the wreck as it was in a position dangerous to navigation.

He had tubes and seacocks opened so as to let in the sea and cause her to slowly sink.

The Charlois men left the wreck on October 18th at 10 a. m. and half an hour later the oil tanker parted company with the Volturno. When last seen the derelict was still floating, but it was certain she would sink, the Charlois' crew state, in a short time.

PRINCESSES ALL AGREE

Daughters of Late King Leopold to End Litigation.

Brussels, Oct. 30.—It is announced that the Princesses Louise, Stephanie and Clementine, daughters of the late King Leopold, have decided to end the litigation with the government over their father's estate by accepting the compromise proposed by the ministry. Counsel on both sides are arranging the final details, whereby each of the princesses will receive \$1,400,000.

HAZELTON MINING NEWS

Rocher de Boule mines are to be connected with Skeena Crossing by telephone.

companied by Hugh Macdonald, who has been working on his group of claims all season.

George E. Neilson, of the Silver Island group, returned yesterday from the property, action.

Large quantities of supplies will be freighted to Manson Creek by toboggan during the coming winter. A contract has already been let for 11,000 pounds for the Kildare Co.

Manager G. H. Graham, of the Hudson's Bay Co., returned yesterday from Babine, having succeeded in getting the last pack train of the season through to Babine post, with H. B. Co. freight.

Will Be Guest of Honor. Toronto, Oct. 30.—Sir Wilfrid Laurier has accepted an invitation to the Literary and Scientific Society of University College to be its guest of honor at the opening meeting to be held late in November or early in December.

Any person having seen or heard anything of Fred Hucker, please send information to Ann Hucker, Ketchikan, Alaska, Box 73. Other papers please copy. 4t-w

Modern Beacon Fires

THE old beacon fires were the great advertising mediums of their age.

Though they could not advertise merchandise, they advertised the things of most vital interest to the people.

Placed on the summits of high hills, bearing a message to thousands of "readers," they were prototypes of those modern fires of Twentieth Century commerce—the "beacon" fires of Newspaper Advertising.

The advertisements appearing in the newspapers to-day are shining lights in the world of commerce, flashing out news and information to a waiting world.

the Beacon Fires of Newspaper Advertising

he places his message before the people in a way that will impart knowledge, beget appreciation and win preference for his goods.

Who can fail to see any day the gleaming messages of "Magic Baking Powder," "Standard Ideal Ware," "Sunlight Soap," "Gillette Safety Razors," "Penman's Underwear," "Infants' Delight Soap," and many others?

To the Manufacturers of Canada

Each day sees more articles given publicity in the newspapers. Are your products and your brand still in the valley of obscurity, or are they blazoned forth by the beacon fires of advertising on the high hill of public favor?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it will be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

The Curve that Makes the Difference

Looks like just a casual, unimportant bend in the holder, eh? In reality it is one of the most important things in razordom—the subject of basic Gillette Patents—and the cause of the wonderful adjustability which is an exclusive Gillette feature.

Gripping the blade close to its shaving edges, the curved outer plate bends it down close to the toothed guard, and holds it ABSOLUTELY RIGID. This prevents the vibration which makes other razors pull and

cut unevenly, and is one of the chief reasons for the velvet smoothness of the Gillette shave.

Quite as important is the adjustability. Screw the outer plate up tight and it holds the razor edge right against the guard, giving a very light shave. As you loosen it you give the blade more and more "hold", so that it shaves closer and closer. Thus every man can get an adjustment which exactly suits his beard and skin—a thing he cannot do with any other razor in the world.

Why not get an adjustable Gillette and say good-bye to your shaving troubles? Your Hardware Dealer, Jeweler or Druggist can show you an assortment—Standard Sets at \$5.00—Pocket Editions at \$5.00 to \$6.00—Combination Sets at \$6.50 up.

GILLETTE SAFETY RAZOR CO. OF CANADA, LIMITED. Office and Factory—The New Gillette Building, Montreal. 502

PRINTING

Summer is over and the Fall trade has begun. To get your share you must have some sort of printed matter—a circular, folder, booklet or catalogue. Be sure to have that work done properly. You would not send out a shabby salesman to represent you; then don't make the mistake of sending out a poorly printed circular or booklet. We are QUALITY PRINTERS and can produce a piece of printed matter that you would be proud of and which will get results. Try us. Phone 98.

Prince Rupert

Local and Personal

Miss Muriel Patmore entertained a number of her girl friends on Saturday evening.

Mrs. W. O. Fulton left on the Princess Sophia Saturday to visit her former home at Vernon.

Jack McDonnell, of the Ingineea Hotel, Hazelton, arrived in the city by last night's train.

J. H. Mason and James Newton were among the southbound passengers on the Princess Beatrice.

O. Thain, mine manager at Juneau, was among the southbound passengers on the Princess Sophia on Saturday.

The engine and boiler to be used in connection with the post office excavation arrived on the Princess Beatrice on Saturday.

F. F. ShearSmith, who has been employed at the cold storage plant, left on the Princess Beatrice for Vancouver, en route to Liverpool.

R. E. Johnson of Aldermere, one of the well known old timers of Prince Rupert, arrived in the city by Sunday evening's train.

Mrs. T. W. Arnott of Hazelton left on the Princess Beatrice this morning for Vancouver, en route to Ontario.

The Princess Beatrice, which left for the south about 10 o'clock this morning, loaded seven tons of frozen fish at the cold storage plant.

A bellboy at the Empress Hotel in Victoria was winner of a \$34,000 prize in the last Salmon sweepstake. The last number in a syndicate of 100 tickets sold in Prince Rupert drew \$567. Five tickets was the largest number sold to any one purchaser.

The following are booked for passage on the Princess May today: W. E. Dunkle for Juneau, Miss Annie Wilson for Ketchikan and A. Holmes and Mrs. S. E. Bimley for Juneau.

Mr. Oppenheimer, a wealthy mining man from Butte, Montana, who is interested in Rocher de Boule mines at Hazelton, arrived from the interior last night, leaving for the south this morning.

The unloading of steel rails from the Santa Rosalia will be completed tonight. From here the steamer will go to San Francisco, where it will load a cargo for Atlantic ports.

J. W. Patterson of Kitselas was among the arrivals by last night's train.

H. Titus was among the southbound passengers on the Prince Rupert this morning.

Miss Chapman left for the south this morning on the steamship Prince Rupert.

J. W. Horne left by the Prince Rupert this morning, en route to his home in California after spending a week in the city.

Miss Dudsie Dun left on the Prince Rupert this morning after spending several weeks as the guest of her bother, Hugh Dunn.

D. A. Rankin, railway contractor, arrived from the interior on last night's train and left for the south this morning.

Mr. and Mrs. L. Bullock-Webster left on the Prince Rupert this morning on an extended visit to Vancouver, Victoria and the Okanagan.

William McDonald, who is interested in several coal prospects in the interior, left for the south this morning on the Prince Rupert.

H. McRae, who has been engaged with Mr. Williams in the construction of the new Premier Hotel for some months, left this morning for the south.

The customs office for the port of Prince Rupert reports total duty paid for the month of October as \$47,728.70. The returns for October of last year were only \$12,986.47.

The steamship Henriette, which is due the early part of this week, is bringing a shipment of lumber and doors for the Prince Rupert Lumber Co. A full cargo of lumber is also expected here within the next ten days for the same company, the shipment being loaded on one of the large scows formerly carrying lumber to this port from Ocean Falls. Mr. A. J. Burroughs is now in the south arranging for these shipments.

Conrad Wawrecka, who has been working a number of claims on O'Donnell Creek in the Atlin district, went south on the Princess Sophia on Saturday. In the early days of the Atlin camp he operated a brewery there. He reports that the creek is staked from one end to the other and has no doubt as to the richness of the gravel. A number of miners made as high as \$40 a day during the past season.

BELLA COOLA HAS A PRETTY BIG FLOOD

Streets Were Completely Inundated and Citizens Washed From Their Feet.

Incessant rain at a time when considerable snow covered the mountains accounted for the most serious flood that the oldest settlers in Bella Coola have ever known. On Wednesday morning the water in Necleetsconnay River and neighboring streams commenced to rise rapidly, until by 3 o'clock large streams were running down the main streets. For a while it looked as though the threatened flood would be averted, but the rain descending with renewed vigor soon caused the water to again rise, for a while at the rate of several inches per hour.

By 6 o'clock the flood was at its height. The Necleetsconnay River seemed to have almost changed its course, pouring volumes of water into the town, which was soon immersed to the depth of over two feet.

Much damage to property was sustained. The water entering the warehouse of a local merchant did damage to the extent of several hundred dollars, while the same party's residence was also flooded to the depth of several inches.

Many exciting incidents were witnessed. A horse and wagon conveying two men engaged in transferring women and children to safe quarters was washed a distance of some forty yards, finally becoming jammed in a pile of logs, and it was only after great difficulty that the men and horse were extricated.

The damage can easily be estimated in the thousands of dollars.—Bella Coola Courier.

Birth.
Thompson—At the Prince Rupert General Hospital, on November 2nd, 1913, to Mr. and Mrs. J. H. Thompson, a son.
