WHEREFORE GREAT BRITAIN RECOGNIZED HUERTA

TWO LIBERALS WIN IN MONTREAL--TERRIFIC STORMS ON LAKES--OUR ALLIANCE WITH JAPAN

PREMIER ASQUITH TELLS WHY BRITAIN RECOGNIZED HUERTA

HIS SPEECH AT LORD MAYOR'S BANQUET LAST NIGHT—THE AMERICAN GOVERNMENT WILL REFUSE TO RECOGNIZE HUERTA ELECTED CONGRESS.

(Special to The Daily News)

London, Nov. 11.—The speech of a premier at a lord mayor's banquet is always supposed to be indicative of the governments' policy, and that of Premier Asquith last night at the banquet was therefore one of the most prominent features. It was, however, when he spoke of the Mexican situation that the most rapt attention seemed to be paid to his utterances, showing that this was the uppermost thought in the minds of most of the distinguished statesmen and diplomats present. On this his discourse was brief but impressive. He said:

"Our interests in Mexico call for our most vigilant care. They have received this vigilant care ever since the revolution which ended the long term of Porfirio Diaz as president. You must understand that Mexico is still in the throes of a civil war, but there never was during this war, and there never can be, any question of political intervention by Great Britain in the domestic affairs of Mexico or in any of the Central or South American states. Great Britain recognized Huerta as president of Mexico because, having neither the will nor the power to interfere, we were bound to deal with the de facto government; also because from information then in our possession there appeared to be no element in Mexico except that which Huerta controlled that offered any prospect of the restoration of order and stability of government."

Washingon, Nov. 11.—The developments in the Mexican situation today emphasize the determination of the government to refuse to recognize any act of the new Mexican congress, undoubtedly directly elected by Huerta and not constitutional in any reading of that word. It seems now certain, as indicated by the large American fleet now in the harbor of Vera Cruz and the active military preparations going on, that a policy of armed intervention will shortly be declared, although nothing to this effect has yet been officially hinted at. There is some disappointment at the speech of Premier Asquith at the lord mayor's banquet last night, in that he did not refer either to the policy of the United States in Mexico nor to the future policy of Great Britain in that regard.

ONE MORE VICTORY FOR LIBERAL PARTY

Nominee of Administration in Quebec Goes Down to Defeat —Two Liberals Returned

(Special to The Daily News.)

In Huntington Phillips had a majority of 380 and in St. Johns Marcellin Roberts was returned by a majority of 124.

ALLIANCE OF JAPAN WITH GREAT BRITAIN

Report that this Was to Be Abrogated is Now Regarded as Groundless

(Special to The Daily News.)

London, Nov. 11.—The suggestion that Japan intends to abrogate her alliance with Great Britain is regarded here as groundless. No such question has been raised by Japan. The only point discussed in connection with the alliance was in regard to Great Britain's attitude towards its continuance.

GRANTED INCREASE OF SEVEN PER CENT

Long Controversy of Eastern Railway Men Concluded in their Favor

(Special to the Daily News)

New York, Nov. 11.—The wage controversy which has been fought for several months without a strike between the conductors and trainmen of the railways out of here and their employers ended last night. The demand of the men was for more pay and they are to get it. They are granted an increase of seven per cent. all round and, although this totals an additional expense to the railways affected of $6,000,000 annually, it is only half of what the men asked for. The new rate goes into effect from October 14th last and is effective for one year.

RITCHIE HOLDS TITLE

(Special to The Daily News.)

New York, Nov. 11.—Willie Ritchie, the lightweight champion of the world, last night at Madison Square Garden defeated Leach Cross, the champion of this state, on points. It was a ten round bout and both went the limit, to the great enjoyment of the huge crowd which filled the garden. The betting was slightly in favor of the local man.

GREAT BRITAIN NOT SCARED BY ZEPPELIN DISASTERS

Notwithstanding the recent aviation disasters in Germany, the British War Office is continuing its experiments in aviation. The picture shows three prominent cabinet ministers at the Cromarty aviation station in Scotland. Mr. Asquith, Prime Minister, Colonel Seely, Minister for War, and Mr. Winston Churchill, First Lord of the Admiralty. All show their keen interest in aviation. The war minister has made several flights. Mr. Churchill went for a trip in a Farman biplane. Colonel Seeley is in the car.

TERRIFIC STORMS ON LAKES ON SUNDAY AND YESTERDAY

STEAMER HURONIC DRIVEN ASHORE — MINOR WRECKS ON LAKE ERIE—LARGE FREIGHT STEAMER IS ABANDONED AND OVERTURNED—TRAINS LATE

(Special to The Daily News.)

Sault Ste. Marie, Nov. 11.—The steamer Huronic was driven ashore at Whitefish Bay yesterday by a terrific wind. She is now resting on the sand and her situation is not considered serious.

Port Huron, Nov. 11.—A large steel freighter, overturned, was found floating in Lake Huron yesterday, eight miles northwest of here. Captain Reed, of the wrecking crew which located her, said the name could not be learned. It is believed she was abandoned during the terrific storm of yesterday morning.

Cleveland, Nov. 11.—The most severe storm in recent years struck Cleveland and this vicinity Sunday and continued yesterday. Thousands of dollars of damage have been done. Communication with the outside world was cut off for thirty hours. Trains are from twelve to eighteen hours late. Many minor wrecks are reported on Lake Erie.

Marquette, Nov. 11.—The cabin, wheelhouse and other parts of a big steamer were washed ashore twenty-five miles west of here. It is believed they are parts of the freight steamer L. B. Waldo, which is supposed to have foundered in the storm.

Duluth, Nov. 11.—The captains of craft arriving here report the worst weather since the great storm of eight years ago.

POLICE BELIEVE THEY HAVE CAPTURED CHEQUE ARTIST

MAN ARRESTED GIVES NAME OF OAKES — SEVERAL VICTIMS OF FORGERIES SAY HE IS THE RIGHT MAN—CASE ADJOURNED TO WEDNESDAY

The city police are convinced that they have at last captured the man who was successful in trimming a number of merchants and business men recently by means of forged checks. The man, who gives his name as Oakes, but who went under the name of McDonald, was arrested by Chief Vickers yesterday afternoon in the restricted district.

The artist, whoever he was, after a rest of a couple of weeks, started to get busy along the same lines on Saturday and his work met with very good success, several firms being again taken in. An attempt to secure money at Stork's hardware yesterday morning led to the arrest of the man who is now charged with the forgeries. Some time before the noon hour a man using the name of Harry Love called up the hardware, saying that he was sending a man down to buy some tools and that he had given him a cheque to pay for them. Victor Tompkins, salesman at Fred Stork's, answered the phone and shortly afterwards the customer arrived. On presenting the cheque, which was for $64.00, Mr. Tompkins grew a little suspicious and told the man to take the cheque to the Bank of Montreal on which it was drawn and have it cashed there. The customer left the store and when he did not return for the tools Mr. Tompkins grew still more suspicious. After several attempts Mr Love was reached by telephone and advised of the matter. He reported that he had given no one a check for the purpose intimated. An inquiry was then made at the Bank of Montreal and it was found the cheque had been cashed there. It was drawn in favor of Thos. Grant and Love's signature was so well imitated that the teller did not recognize the forgery. The police were then notified and proceeded to get busy on the case.

Suspicion naturally fell upon a man who went under the name of McDonald and who had worked for Mr. Love for a few days about a week ago .Mr. Love knew little about him except that he stayed at the Maple Leaf Cafe. At the latter place it was found that the man had left there and had gone to the Queen's Hotel.

With the information obtained Chief Vickers paid a visit to the restricted district where he finally located his man in one of the resorts. He was at once placed under arrest and was later identified by Mr. Love as the man who had worked for him as well as by several of his victims. When arrested Oakes had on him a number of blank cheques.

The accused appeared before Magistrate Carss this morning for a preliminary hearing. Although there are a number of charges to be entered against him only one was taken up. This was that the accused had forged the name of A. B. Williams to a cheque dated October 18, drawn on the Royal Bank for $24 in favor of Tim Burns. No evidence was taken in the matter and the case was adjourned until tomorrow morning.

Oakes is a man slightly under medium height, of a sallow, dark complexion with rather sharp features. His hair is black and slightly inclined to be curly. He was smooth shaven. This morning he wore a dark striped suit with a soft dark blue shirt. He is apparently about 35 years of age.

As there have been quite a number of victims of the forgeries the case will be watched with interest.

HUDSON BAY COMPANY INTENDS TO INCREASE ITS BIG CAPITAL

PROPOSAL TO ISSUE LARGE NUMBER OF NEW SHARES TO PRESENT SHAREHOLDERS TO MEET CONSTRUCTION OF GREAT STORES

An extraordinary general court of the Hudson's Bay Company has been convened for November 24, at which the progressive policy followed under direction of Lord Strathcona, head of the company, will be passed upon. A resolution will be submitted increasing the capital of the company by the creation of 200,000 5 per cent. cumulative preferred shares of £5 each, to rank equal with those already existing. The shares will be offered at par to holders of no fewer than five of the existing ordinary shares, in the proportion of one preference share for every five or multiple of five ordinary shares.

The new capital is said to be intended for the development of the company's business. The announcement that the Hudson Bay Company would spend millions on the extension and improvement of its stores system in Western Canada was made several months ago, and it was said that on four stores, one each at Winnipeg, Calgary, Victoria and Vancouver over $5,000,000 would be spent. The Calgary store was the first to see completion, the official opening taking place on August 18 . The store was built at a cost of $1,400,000, while the Vancouver and Victoria stores will be erected at a cost of $1,250,000 each. The main store, to be erected in Winnipeg, will be the largest of all, the site alone costing $1,000,000, and now being worth $3,000,000.

In addition to the stores already mentioned, enlargements, and additions are to be made to the company's establishments in several of the larger cities, with with a progressive policy in larger towns. As the company already possesses sites in almost every city of importance, the new capital will likely be spent on construction, which is to be, in most cases, rushed to early completion.

TIGERS DEVOURED THEIR OPPONENTS

Men's Own Defeated Last Night in Best Game of Series— Large Attendance

The sixth game in the basketball series was played at the Skating Rink last night before the largest crowd of spectators that has yet turned out and those who have followed the games were unanimous in saying that the contest was the best of the series so far played. The contest was between the Tigers and the Men's Own, resulting in a victory for the former by the score of 14 to 7. The play was fast and quite devoid of roughness. For the Tigers those who stood out prominently were Dell, Crane and Ramsay, while Barrie, Weston and Corkill did splendid work for the Men's Own. Shrubsall's work as guard was worthy of special mention. Towards the latter part of the game Corkill, whose wrist was injured in a previous match, had to be relieved by Avison.

J. W. Scott acted as referee.

The line-up was as follows:—

Tigers—Dell, Lee, Crane, Ramsay and Blythe.

Men's Own—Shrubsall, Davis, Barrie, Weston and Corkill.

NEW WIRELESS STATION

Department May Erect Tower on Chatham Point.

To eliminate the "dead" section along the British Columbia coast it is understood that in the near future the Dominion government will order the construction of a new wireless station on Chatham Point, which lies almost half way between Cape Lazo and Alert Bay. With the establishment of the tower steamers plying up and down the British Columbia coast will never be out of touch with the wireless stations between Victoria, Vancouver and Prince Rupert. The radiotelegraph department, it is said, is now considering the proposal to build the new Chatham Point tower.

FOUR MINOR MATTERS PASSED BY COUNCIL

Two Cash Registers to be Purchased for Use in the City Hall

At the council meeting last night Ald. Kerr wanted to know if there was any report from the fire committee as to a building that was a nuisance and a fire menace. The reply was that there was no such report.

A letter was received from the Hospital Board thanking the council for the grant of $10,000 towards hospital expenses and acknowledging receipt of cheque for same.

Captain R. W. Cameron, of the Civilian Rifle Association, wrote requesting that the city council make a grant of $50 for prizes to be offered at the big shoot of the Association, a similar grant having been made last year. On the motion of Ald. Leek, seconded by Ald. Maitland, the grant was made.

Upon the recommendation of the City Treasurer the council decided to purchase two cash registers for use in the city hall, the cost to be about $580.

ALD. KERR MERELY "WANTED TO KNOW"

Referred to Figures Published in Daily News but Did Not Question Them

When the monthly accounts were read at the council meeting last night Ald. Kerr again drew attention to the amounts for city hall and for public works. The latter amounted to $20,270.36 and the former to $132,752.40. He would like to know how it was that the clerical force came to more than the working force.

Acting-Mayor Naden took the warrant book and went over the items, which showed that under the city hall account there had been loans paid to the bank, certain interest charges and the $10,000 handed to the hospital. He read out these items and called the attention of the alderman to the fact that the warrant book was open at all times.

Ald. Kerr said he was particularly desirous to get these items stated, as the last time he had asked the same question in council the Daily News had gone to the trouble of explaining the whole matter. He merely wished the information so that there could be no misunderstanding on the subject.

GUY FAWKES DAY AT PORT SIMPSON

Indians Witness First Celebration of Historic Event

The first real celebration of Guy Fawkes day ever witnessed by the Indians of Port Simpson took place there on Wednesday evening last. A huge bonfire was built and a life like effigy of Guy Fawkes was burned. The head of the effigy had been stuffed with fire crackers and when the sputtering started there was great excitement among the spectators. The affair was under the management of C. C. Perry, Indian Agent, Rev. Geo. H. Raley and Dr. Large. The Indians were delighted with the proceedings and promise to hold even a more spectacular celebration next year.

DANGER OF SPLITTING PROTECTION SPOILS.

In making upon the federal government the formal demand that 10 per cent. of the customs and excise receipts be passed along to the provinces in addition to the grants now made to provinces out of the Dominion treasury, the provincial premiers place themselves in the position of seeking to make the provincial governments which they represent beneficiaries of a protectionist policy.

The most unanswerable charge against the Borden government is that it has collected through the medium of the tariff fifty millions of dollars more than is required to conduct the business of the country, which it dignifies by the name of a surplus, and every dollar thus taken is a burden upon the industry of the Dominion of Canada. To split among the provinces any part of this tribute will not relieve the burden, although it may have the effect of giving some provincial parliamentarians the feeling that they are partners in the crime of protection.

If the subsidy program of the interprovincial conference were adopted it would work out about as follows:

P. E. Island.....$	135,000
Nova Scotia	910,000
New Brunswick ...	650,000
Quebec	3,705,000
Ontario	4,670,000
Manitoba	840,000
Saskatchewan	910,000
Alberta	695,000
British Columbia..	720,000
Total .....$	13,235,000

THE NEPOTISM OF BOWSER.

It is a matter of regret that the appointment of Frank Bowser, brother of the attorney general, to the position of chairman of the Burrard peninsula joint sewerage commission should have been made, says the Mining Record of Vancouver. This is a position to which a technical man alone should have been appointed, and the appointment should have been made from among civil engineers well posted in sanitary engineering. The scheme will cost millions of public money and every precaution should have been taken to have that money expended to the best advantage.

HARRY THAW ORDERED BACK TO THE MATTEAWAN ASYLUM

GOVERNOR OF NEW HAMPSHIRE HONORS REQUISITION OF NEW YORK STATE—HABEAS CORPUS PROCEEDINGS AFFORD ANOTHER STAY.

Concord, N. H., Nov. 8.—Governor Felker today honored the requisition of the state of New York for the extradition of Harry K. Thaw.

The case is now transferred automatically to the federal courts, where a writ of habeas corpus on behalf of Thaw is pending.

The governor based his decision on the indictment returned against Thaw in New York County, which charges him with conspiracy to escape from the insane asylum at Matteawan, N. Y., to which he was committed after his second trial for the killing of Stanford White. Thaw made his sensational flight on August 17, and a few days later was arrested near Coaticook, Canada.

Thaw's attorneys announced they would immediately file an amendment to their petition for a writ of habeas corpus, application for which was made soon after Thaw was arrested in this state after his deportation from Canada. The original petition was based on the allegation that Thaw was indicted for conspiracy by the Dutchess County grand jury, and it was suspended pending the governor's decision on the question of extradition. Because the extradition has now been granted on the strength of the New York County indictment it will be necessary to amend the petition accordingly.

Thaw was not present when Governor Felker announced his decision to the attorneys representing the fugitive from the state of New York at the capitol. He will remain here in the custody of United States Marshal Nute and Sheriff Drew pending the federal proceedings.

The whalers will be kept under the direction of the fisheries officials all through the winter, and will be released as soon as the heavy weather shows signs of subsiding in the spring.

The police believe that these men have been mixed up in the recent series of store robberies.

NO QUESTION AS TO DESTINY AND DUTY OF THE DOMINION

STATESMANLIKE EXPRESSION OF OPINION IN LONDON BY THE FORMER EDITOR AND CHIEF OWNER OF MONTREAL HERALD.

Mr. J. S. Brierley, late president and chief owner of the Montreal Herald, who, with his family, is paying a long visit to the British Isles ,and is at present in London, when asked by a representative of "Canada" as to what, in his judgment, was the measure of the development of the imperial idea in the Dominion since he was last in England four years ago, replied that he was positive there had been a great strengthening of the public sentiment in favor of imperial unity.

"In one sense," said Mr. Brierley, "this sentiment may be said to have been created, as well as strengthened, during these four years. Prior to 1909 we took our relations to the rest of the Empire as being as much a part of the scheme of nature as our three meals a day. They were as they had been during the lifetime of most men, and gave us no concern. Then came the German scare and the proposal that Canada should undertake some measure of responsibility for naval defence. At once a new issue was projected into the Canadian political arena, and from that time to this it has, almost without exception, held the centre of the stage. The very divisions of the parties on the subject of defence have tended to quicken the controversy over imperial topics. Men who never gave a thought to the question of how we would fare if we were out of the Empire, or to the means whereby their wheat was given safe conduct across the Atlantic, are now debating, not the fact of our duty to the Empire, but how that duty may best be performed.

"This marks a long, long step in advance. It was all-important that Canada should be made to think upon the subject, and even if we deplore the failure of parliament to agree upon a policy of naval defence we should recognize the fact that that failure has caused a searching of hearts and a study of the problems of empire that is an invaluable preliminary to the laying of the foundations of a national policy. Our policy will be more enduring by reason of the throes of the nation at its birth. There is now no question in Canada as to the destiny and duty of the Dominion. The only point at issue between the political parties is as to the form which our participation in the responsibilities of empire should take."

How Brown Learned How.

There is a man who makes shoes for children—and sells them to stores all over Canada

But he is only just learning how people buy.

It was this way: His wife—let us call her Mrs. Brown—'phoned to him and asked him to buy some underwear for little Brown.

Picture Brown now among the throng of mothers at the "Children's Underwear" counter. He asks for Underwear for a child of six. He looks it over helplessly. What on earth does he know about Children's Underwear? For lack of anything better to say he asks: "Is this good quality?" The answer is short and quite conclusive: "It's Blank's"—naming a well-advertised line. That short word says everything. Brown pays his money and goes home, quite satisfied with his purchase.

Now what bothers Brown—a manufacturer of shoes, is this: How would it affect the purchase of a child's shoes if the salesman said "They're Brown's"?

Nobody knows Brown's shoes. Brown doesn't advertise.

The name Brown signifies nothing when used in connection with children's shoes. The salesman must use all his persuasive wiles to induce people to buy them.

The point is—If the name Brown was as synonomous with Children's Shoes as "Blank's" is with Underwear, wouldn't Brown sell more shoes with less effort?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

NO INTENT TO STEAL ACCUSED WAS DRUNK

Charge Was Altered and Accused Paid Fine for Being Drunk

The small sum of one simoleon caused a lot of trouble at the Central Hotel yesterday and a police court case this morning. Martin Hanson was charged with the theft of that amount from the room of one of the chambermaids. According to the evidence taken, the accused went upstairs in the hotel and asked one of the maids for Charles Oleson, the bartender. He then asked the maid for a handkerchief and they went into her room where she gave him one. He handed her a dollar but she would not accept it. They both left the room but when the maid went back later she found Hanson there. He had a dollar in his hand and a leather purse on the dresser was open. The maid called Mrs. Oleson who took the bill from the man and put him out. Some time later the maid again found Hanson in the room when the porter was called and he was put out.

From further evidence taken it was plain there was no intent to steal and that the man was drunk.

The charge was changed accordingly and a fine of $10 was imposed.

DUBLIN IS GROWING LESS PURELY IRISH

Social Life Very Much the Same as in Larger English Provincial Circles.

During the last twenty or thirty years Dublin has gradually grown less purely Irish, less national in its tone, than of old. Formerly the average citizen, whatever his view of the Union, regarded Dublin as the capital; today he considers it provincial, says the London Times. Social life in Dublin now is very much like social life in the larger English provincial circles: it is more or less exactly copied from the London model. The ordinary Dubliners of the better class take their amusements from London and arrange their festivities on English lines. The young men and maidens dance the same dances, to the same tunes, that are popular in London; those who aspire to culture eagerly devour the works of the fashionable English writers of the moment, and flock to the theatres that, with one exception, of which the average citizens knows little and cares less, provide London plays. And yet in this atmosphere there has grown up a society—small, but not exclusive, only neglected—that is as distinctly Irish, as intensely national, as any that Dublin has ever known. The nucleus around which this society has come into existence is twofold; on the one hand the Irish literary revival, and on the other the agricultural movement, of which Mr. George Russell and Sir Horace Plunkett are the leaders.

Comprehensive Exhibit

The Grand Trunk Pacific will participate this year in the United States Land Show to be held in the Coliseum, Chicago, from November 20 to December 8. For this purpose the company have secured a large space, covering an area of 1000 square feet, in which they will install a comprehensive exhibit of the natural resources of the three prairie provinces —Manitoba, Saskatchewan and Alberta, as well as an exhibit from British Columbia, the feature of the latter being mineral products and fruit from the territory adjacent to the railway skirting the Skeena river and the exhibits depicting the development of the agricultural lands in Central British Columbia, in which are situated the Nechaco and Bulkley Valleys. The entire exhibit will be embellished with handsome photographs made from direct negatives taken this year by the official photographers of the Grand Trunk Pacific, who covered the route from Winnipeg, Manitoba, to Prince Rupert, British Columbia, through the Canadian Rockies via the Yellowhead Pass, down the Fraser River to Prince George, B.C., through the plateau and valley lands of Central British Columbia, and down the Skeena to the Pacific. Thousands of interested people will view this splendid collection, and Canada will receive valuable advertising as a result.
