

MAY BE NO NEED OF WAR WITH MEXICO AFTER ALL

TRANS-ATLANTIC TELEPHONE PRONOUNCED SUCCESS---"NE TEMERE" BECOME LOCAL ISSUE

REV. FATHER BUNOZ TO REPLY TO PRESBYTERIAN PASTOR

"HOME RULE, NE TEMERE AND RAFFLES" WILL NECESSARILY BE THE SUBJECT OF HIS DISCOURSE SUNDAY EVENING NEXT

The Editor, Daily News, Prince Rupert.
Mr. Editor,—I am very surprised to notice that the subject matter of the sermon of Rev. F. W. Kerr last Sunday, was a wanton and uncalled for attack on the Catholic church. If your report is correct, the Rev. preacher mixed up together the great Home Rule question, a re-hash of the long discussed Ne Temere decree and raffles. That must have been sensational enough for a sermon.
Now, Mr. Editor, I hate to speak on any subject that has a tendency to resurrect animosities that have slept in their graves for decades and where I hope they will remain for ever but under the circumstances my silence would be treason to truth and duty. The unprejudiced public is entitled to hear both sides of the question; the Catholic church which has been misrepresented in a pulpit (and the misrepresentation being published in your daily paper), has a right to have her doctrine and discipline set forth correctly as they are in reality. It is my duty to do justice to both.

I hereby announce, therefore, that next Sunday evening, I shall answer one by one, the various attacks of Rev. F. W. Kerr. I have not the choice of the title of the lecture, it will necessarily be: "Home Rule, Ne Temere and Raffles."
Truly Yours,
FATHER E. M. BUNOZ.

"I WILL DO RIGHT TO ALL MANNER OF PEOPLE AFTER THE LAWS AND USAGES OF THIS REALM"

Sir Rufus Isaacs, the late Attorney-General, was formally sworn in at the High Courts of Justice as Lord Chief Justice recently. Seated on his right was Lord Haldane, Lord Chancellor, and on his left Sir Herbert Cozens-Hardy, Master of the Rolls. Sir Rufus may be the first Chief Justice of the new travelling Judicial branch of the Privy Council as outlined by Lord Haldane in a recent speech.

ALD. MAITLAND MOVES TO HAVE THE PENALTY CLAUSE ENFORCED

IN THE MEEKER CONTRACT FOR SECTION TWO SIDEWALKS—HE IS SECONDED BY ALDREMAN KERR BUT THE AMENDMENT FAILS

At the meeting of the city council last night, Ald. Maitland again raised the point as to the penalty clause in city contracts. The subject came up on the recommendation for final payment of the contract for work done in Section Two by J. Meeker and a payment on account to S. P. McMordie. Ald. Maitland said that as a member of the public works committee he had not signed the report because he did not approve of passing over the penalty clause. It was the same thing in 1910 and 1912 and what was the use of inserting this clause if it were not lived up to. The contractor in this case was 124 days behind, which at \$5 per day would mean \$620 to the city. The city solicitor had said the city had sustained no damage by the delay, but the people of Section Two wanted the work done even before the time specified in the contract. He moved an amendment that the penalty be collected after the wages were all paid.
Ald. Kerr seconded the amendment.
Ald. McCaffery said the subject had been discussed before the board of works and the city solicitor had given his opinion that the penalty clause was one difficult to enforce in the courts, and he preferred to follow the advice of the city solicitor in the matter. Perhaps Ald. Maitland saw it the other way but he could not.
Ald. Kerr said if the penalty was not to be collected the clause ought not to have been inserted in the contract, as this very clause had prevented several from tendering for fear they would be unable to carry out the contract within the time limit.
Ald. Maitland said if it were known the city would not have enforced that clause he did not

hesitate to say that the city could have got the work done cheaper. City Solicitor Peters said he had gone into the matter carefully. The Meeker contracts were entered into at a time when Mr. Meeker had what he considered a binding contract for lumber but the lumber company had been unable to carry out its contract. Suppose the city had been doing the work by day labor they would have been up against the same thing. It was something Mr. Meeker could not foresee and therefore ought not to be held responsible for. Looking at the matter carefully, when it was found that the contractor had done his level best to complete the contract as soon as possible and there was no question that the work itself was not well done he thought the penalty should not be enforced. He was not saying that the penalty could not be enforced, but held that it should not be under certain circumstances. At the best it would be a lawsuit and would have to be compromised. The work had been done well and everything had been done satisfactory except that it was not done up to time, and whether under these circumstances the council should enforce the time penalty it was for the council to decide. In 1911 and 1912, under the old contracts the contractors had threatened the city with all sorts of litigation. There were disputes in those cases but in this case there had been no dispute, and if they tried to collect penalties in such cases the decision was liable to go against the city as a matter of judgment. If the city engineer had reported that the contractor had tried to evade his contract it would be a different matter.
The amendment was then put and lost and the report was adopted, only the mover and seconder voting for the amendment.

THE DEPARTMENT OF EDUCATION WILL ASSIST NIGHT SCHOOLS

FREE CLASSES IN ELEMENTARY SUBJECTS WILL START AT EARLY DATE—SMALL TUITION FEE FOR TECHNICAL SUBJECTS

At a meeting of the committee on night schools held in the reading room last night it was decided to start classes at an early date in elementary English, reading, writing and arithmetic and possibly drawing. The department of education is willing to bear the cost of classes in these subjects. Elementary English will be taught largely for the benefit of the foreign population.
It was also decided to start classes in four technical subjects for which a tuition fee will be charged. The subjects decided upon are electricity, machine construction and drawing, building construction and steam and mechanics. The course in these subjects will cover about twenty weeks and will lead directly to the B. C. examinations. The tuition fee for the entire course in each subject will probably be \$3.
The trustees will be approached for permission to use the public school buildings in which to hold the classes.
The delay in getting the classes started is due to delay in correspondence from the department of education.
The committee is composed of the following: Rev. F. W. Kerr, chairman; Messrs. J. Black, H. W. Rogers, W. Shaw, R. H. Shockley, and W. Godson, secretary.

The fact that Sir Lionel Garden, the British minister to Mexico, is communicating to Huerta intimations of a strong character that he must eliminate himself in accordance with the American contention is said to be the development on which the situation has turned within the last two days.
The rebel capture of Juarez, an important post through which munitions of war must be passed for a vigorous campaign on Chihuahua and the large cities to the south, is expected to have considerable effect in Mexico City.
"In view of Venustiano Carranza's repudiation of any form of mediation by or alliance with the United States, Provisional President Huerta can do no less than join him in his expression of patriotic sentiment and maintain unaltered his dignified attitude toward Washington." This statement was made at the national palace today.
Rumors heard yesterday and circulated with additional persistency today are that the American embassy will be withdrawn at once. Mr. Lind is credited with the authorship of these rumors, and with the additional statement that marines are to be landed as a protest against President Huerta's defiance of the Washington government. In that event it is probable that Vera Cruz will be evacuated by the federals.
It is reported here that the government army commander at Vera Cruz has been instructed, in such an event, to make no opposition, but to withdraw his force to some point nearer the capital and there await instructions.

HUERTA NOW FINDS HIMSELF UP AGAINST THE REAL THING

Great Britain Has Courteously Invited Him to Step Down and Out in Accordance With the Similar Request From the United States

(Special to The Daily News.)
Washington, Nov. 18.—That the United States in its policy toward Huerta and the government of Mexico is content to await the outcome of the steady pressure being exerted against the Huerta regime was apparent in official circles here today. The action of the British government in regard to the elimination of Huerta has given increased confidence in the outlook. The rumor that the American embassy in Mexico City is to be closed and diplomatic relations severed within the next forty-eight hours is stated to be untrue in the fact that no decision upon the point has yet been arrived at.
Mexico City, Nov. 18.—Huerta now realizes that not only the United States is in earnest in its intention to oust him, and may accomplish his elimination by lifting the embargo on the importation of arms, but also that Great Britain and other powers have assumed more than a passing attitude of acquiescence in the American policy.

(Special to The Daily News.)
Nelson, Nov. 18.—Lee Schutt, bookkeeper for the Nelson branch of the Taylor Milling Co., Lethbridge, was arrested yesterday charged with embezzling the firm's money. He is alleged to have taken twelve hundred dollars in small sums.
(Special to The Daily News.)
Toronto, Nov. 18.—Sir William Van Horne became seriously ill last night. He was placed on a train and taken to Montreal for treatment.
The Presbyterian church bazaar will be held in the McIntyre Hall on Wednesday, November 26th.

(Special to The Daily News.)
Boston, Nov. 18.—Gunboat Smith was last night given the decision over Sam Langford, the Boston tar-baby, at the end of the twelfth round.
(Special to The Daily News.)
San Francisco, Nov. 18.—The Southern Pacific Shore Line Limited from Los Angeles was robbed between San Jose and this city last night. The robbers rifled the mail cars.

G.T.P. STATION CAFE WILL OPEN FRIDAY

Canada Railway News Company Will Cater to Local Patronage
W. J. McLean, manager of the Canada Railway News Co., announces that the cafe and lunch counter in connection with the temporary waiting rooms here will be opened on Friday morning. Mr. Hamilton, chief steward on the steamer Prince Rupert for some time, will be in charge, assisted by Mr. Gibbs, also a former steward on the Prince Rupert.
As previously announced the cafe is to be run on lines such as to attract local patronage. Under the capable management of Mr. Hamilton, who is so well known to Prince Rupert people, the best of service will be maintained.
The new premises will be open for the inspection of the public on Thursday afternoon.

END OF ROBIESPERE

Wonderful Film Being Shown at the Empress Theatre
To the student of history there is no such thrilling reading as is to be found in that of the French revolution, when the heads of France was bowed to Madame Guillotine by the hundred per day. Those were the days when the rabble ruled not only Paris but the whole of this beautiful but devastated country. When every man was a spy upon the speech and actions of his neighbor, and when the breath of suspicion meant death. The end of Robiespere, arch dictator of the rabble, is a great educational feature.

CALLIES WALK OVER MEN'S OWN TEAM

Score Was 17 to 3 in Favor of the Boys from Bonnie Scotland
The eighth game of the basketball series was witnessed by a large crowd of spectators at the Auditorium last night, the contesting teams being the Callies and the Men's Own. The game was decidedly in favor of the Callies, the score at the finish being 17 to 3. At half time the Callies had a lead of 7 to 1. It was simply a walk over for the lads from Bonnie Scotland. The Men's Own attribute their defeat to lack of practice. A Murray of the Callies played an exceptionally strong game, being by far the best man on the floor. He scored no fewer than 15 of the 17 points secured by his team. Adair Carss acted as referee. The line-up was as follows:
Callies—Kelly, Currie, Willis-croft, Brown and Murray.
Men's Own—Shrubbsall, Avison, Barrie, Weston and Corkill.
The standing of the various teams in the league is as follows:
Scores For Asst. Pts.
Tigers 3 3 43 37 6
Brotherhood 3 2 32 24 4
Callies 3 1 20 27 2
Bankers 3 1 2 33 40 2
Men's Own 4 1 3 25 45 2

WIRELESS TELEPHONE

Trans-Atlantic Experiment Between Ireland and Glace Bay
(Special to The Daily News.)
London, Nov. 18.—The trans-Atlantic wireless telephone is now declared to be an accomplished fact, according to a cable message from the London Daily Mail from Sydney, Cape Briton. It states that Marconi made yesterday a thirty-minute experiment between Clifden, Ireland, and Glace Bay, and that the instruments worked to a charm.

DAILY EDITION  Tuesday, Nov. 18, 1913

IN CASE OF A GENERAL ELECTION.

If the Borden government should go to the people at the present time, or in two months or six months, would it be endorsed? That is a question which occurs to many people who have been noticing the elections in Ontario, and the Morning Albertan very ably and conservatively sums up the situation as it stands. It says the Borden government might be endorsed but it is very doubtful. It would have the advantage of being in power, which, unfortunately, is a big advantage in this country. It has control. It takes charge of the election. Its officials man the polls. With Rogers in control the party will be organized as no government party was ever organized before. With him directing affairs, the election methods will be different from elections in the past. That will mean much to the government. But there is some indication that these methods do not always prevail. There is here and there some sign that Ontario is swinging back again and the Liberals have done well in the two by-elections, winning one and reducing the majority in the other. In the recent by-elections for the provincial house the majorities of the Conservative candidates have been reduced. The government has much greater advantage in a by-election than in a general election. So judging by the signs of the times, with a fair redistribution, Ontario would probably increase the Liberal contingent by at least one dozen.

Reports of the general disaffection from the government in Quebec doubtless are somewhat exaggerated. The government framed its navy bill for Quebec, and the Nationalist supporters of the government are telling their constitu-

ents that the emergency vote will not be followed by any permanent policy and the best way to dispose of the navy is to vote the \$35,000,000, even though it be large, and let it go at that. In the next election, doubtless, Bourassa and his associates will support Mr. Borden again, though perhaps not as vigorously as before. The Conservatives, however, are weak in leaders, and Pelletier is the only one who can stand up for his government. The Liberals would gain ten seats without doubt, and probably more.

The reports from the Maritime provinces seem to be satisfactory. The government has made some serious blunders in its detailed administration. The shifting policy of the minister of railways has caused dissatisfaction. The administration of the public works has caused some disappointment.

The government would not gain in the west, unless the redistribution were unreasonable. The Liberals will make some gains in British Columbia. The Conservative organization is complete, but the people are beginning to lose faith in McBride and the Conservative party. The Dominion government is not fulfilling the extreme promises that some of its supporters made for the coast province.

The two new provinces would return Liberals. They have no reason for altering their decision. The Conservative party seems utterly demoralized in Saskatchewan. Manitoba would probably do better for the Liberals than at the last election.

The west will have more seats in the new house and the majority of them should be carried by the Liberals.

Summing it up thus closely and fairly the Albertan concludes that an early election would probably result in the defeat of the government.

GRANBY MINING COMPANY PAYS HANDSOME PRICE FOR MINE

COMPANY OPERATING AT GRANBY BAY PURCHASES MIDAS COPPER MINE FOR \$123,000—NEWSY NOTES FROM THE SMELTER CITY.

(Special Correspondence.)

Granby, Nov. 15.—It is hard to realize the magnitude of the undertakings of the Granby Consolidated Mining Company at Anyox without being on the spot and seeing them for oneself.

Work on their property bordering Granby Bay is, however, proceeding at a rapid pace, and a force of over 1,000 men is employed here at the present time rushing construction forward as far as possible before snow flies. Large, up to the minute machine shops have been in operation for some months. The temporary power house is doing good work, and the mines, which are about a mile from the residential part of Granby Bay, and have a separate little mining village close to them, are in shape to feed two thousand pounds of ore per day to the large smelter, which, it is expected, will be completed by the first of the year.

The construction of the smelter presents a scene of extraordinary activity daily, for from here comes the incessant noise of the steel riveting, while the massive machinery is being put up and numerous gangs of men, under Mr. Frank MacVaugh, are working as if they had not a minute to spare.

The building of the dam is making good progress, the pipe line from the dam to the new power house is completed, and for the latter the brickwork is practically finished, and it only remains for the machinery to be placed before it will be in readiness to generate the power for the many huge undertakings throughout the works.

Every day in the week Granby is bustling, but on Saturdays and Sunday mornings particularly the wharf is at its busiest, for these are steamboat days, and the regular arrival of the Prince Rupert Sunday at 7 a. m., bringing passengers mail and freight, is an event looked forward to with no small amount of interest.

This big company, the Granby Consolidated, is undoubtedly the most progressive mining company in British Columbia at the present time. Their shares are quoted in the neighborhood of \$70, and their expansion policy culminated last week in their closing negotiations for the purchase of the Midas copper mine, on Solomon Gulch, near Valdez, Alaska. The purchase price is said to have been a cash deal representing an investment of \$123,000. The first payment of \$25,000 has already been made, and the balance is to be turned over within thirty days.

Quite recently the company acquired the Copper Queen mine, on Texada Island, where large deposits of lime bearing ore exists suitable for fluxing purposes.

The Mamie mine at Hadley, Prince of Wales Island, Alaska, has also been bought by the company from the Brown Alaska Company, and this property contains a large tonnage of magnetic iron ore carrying a considerable percentage of copper. This mine is at present equipped with a power plant, compressor plant and an aerial tramway 8,000 feet to the beach with a capacity of 100 tons per hour. It is the intention of the company to ship the ore from these mines to their smelter at Anyox for treatment.

In addition to the above mentioned acquisitions the Granby Company is developing under bond a number of properties in

Washington, as well as operating their extensive mines at Phoenix and smelter at Grand Forks, in the Boundary country.

Everything possible in the short time available has been done by the company for the comfort and welfare of their employees at Granby Bay. There is a commodious and well filled general store, with post office and drug department in connection right by the landing stage. The general office building, in which the engineers and other officials of the company have their offices, is modern in every way. The hospital, in charge of Dr. Dickson, assisted by Dr. Stone, is thoroughly up to date, and for the present there are two resident nurses to take care of the sick. Quite a number of well built houses are occupied by the married employees of the company, and Granby already has the appearance of a flourishing mining town, where only a few short months ago there was practically nothing but rocks and trees. The large saw mill mess and bunkhouse accommodate about 500 men, and there is another camp at the dam, also a large mess and bunkhouse up at the mines.

A spacious school building has been erected for the educational needs of the youngsters in the community, and this is in charge of Miss Fotheringham.

The Granby Bay Hotel Company, Limited, runs a splendidly equipped hotel, and Mr. Manly is to be congratulated on his meals and service, all the bedrooms having electric light, hot and cold water and telephones in them.

The recreation hall and pool room is close by, and a grand hall was recently given by Mr. Manly to celebrate the opening of that building.

A social club has since been inaugurated and it is proposed to devote at least one evening a week to dancing. Moving pictures are put on in the recreation hall on Monday and Tuesday evenings by Messrs. Strassberg and Koller of Prince Rupert.

The Northern Cross makes Granby a regular place of call, and Archdeacon Collison is expected here again the last Sunday in November. Between times Rev. H. C. Andrew holds service in the recreation hall every Sunday night. A handsome building is in course of erection for the faithful of the Roman Catholic Church, and Rev. Father Schuster, O. M. I., meanwhile looks after the spiritual needs of his congregation and preaches in a private house.

Mr. F. M. Sylvester, the general manager of the company, has been here for several days, and left for Vancouver last week.

Mr. Wake Williams, the company's general superintendent of smelters, is in residence here, and will probably remain in Anyox until the smelter is operating.

The Canadian customs are represented at Anyox by "Doc" Hyde, and the other Dominion government officials are Mr. R. T. Cook, postmaster, and "Jimmy" Bryden, telegraph operator. John Hutchings of the Provincial government police department is the constable stationed at Granby Bay.

The Wherefore.

"Why does that hen refuse to associate with the other hens?"
"Oh, that hen is descended from one of the original Plymouth Rocks."

CANAL READY SOON

Goethals Believes Navigation May Open in January.

San Francisco, Nov. 14.—Colonel George W. Goethals, chief engineer of the Isthmian Canal Commission, in a letter to the San Francisco Chamber of Commerce, writes that the Panama Canal will be ready for navigation in January or February, 1914. Colonel Goethals says it is his plan first to pass one of the large Panama Railroad steamships and after that has been accomplished other shipping will be looked through.

LAND PURCHASE NOTICES.

Take notice that I, Charles H. Flood, occupation surveyor, intend to apply to the Hon. Commissioner of Lands and Works for permission to purchase the following described lands:

NEW HOME OF MISS JESSIE WILSON.

Residence of Miss Jessie Wilson, daughter of President Wilson of the United States.

PEACE RIVER RAILWAY NOW IS SEEKING INCORPORATION

PROPOSED LINE TO RUN FROM NAAS RIVER TO PRINCE ALBERT, SASK., COMING ALONG NAAS VALEY TO SKEENA.

Ottawa, Nov. 10.—At the next session of parliament an application will be made for an act to incorporate the Pacific, Peace River & Athabasca Railway Company, Limited.

PREDICTS RAIL EXTENSION

Land Company President is Optimistic as to Future of Town.

After spending a busy week here and in visiting the work of the Portland Canal Tunnels, Ltd., in which he is largely interested, President Robert M. Stewart of the Stewart Land Company, Ltd., returned to Victoria on the Prince George.

Notice is hereby given that pursuant to the provisions of chapter 115 of the Revised Statutes of Canada, F. L. Wilson has deposited with the Minister of Public Works a plan of a work proposed to be constructed on land in the Harbor of Prince Rupert, B. C., briefly described as follows:

Rifles for Suffragettes. London, Nov. 13.—According to the Daily Mail's Berlin correspondent, a German dealer in arms and ammunition and munitions of war understands that the English suffragettes are contemplating a "stronger organization," and has offered to sell to the militants an unlimited quantity of repeating rifles at four and one-half marks (\$1.13) each.

WATER NOTICE. Application for a license to take and use water will be made under the Water Act of British Columbia as follows:

PORTLAND CANAL NEWS.

Indian Mines.—Good reports continue to come from the property, as both adits are being driven in galena of excellent grade.

Red Reef.—Work is being continued in the driving of the tunnel by two men, H. E. Newton, the owner, came up from Victoria on Tuesday.

Cascade Falls.—Work is being steadily continued by the Bunting brothers at the mine, and though little information is given out it is stated that the mine is looking better than ever.

International.—The annual general meeting of the International Mining Company was held on Tuesday at the company's office, 704 Bank of Ottawa building, Vancouver.

Red Cliff.—Shareholders have been advised of the annual meeting of the company, which will be held in Vancouver on Monday, 10th inst. It is more than probable that an important announcement will be made regarding the future of the company.

Portland Canal Tunnels.—The long adit has now passed the 2,450 mark and the character of the rock is unchanged since last week. Expectations are high for the vein series being struck at an early date, as the rock being passed through is extremely soft.

Fish Creek Mining.—Development was suspended for the winter the end of the month and the men discharged. It was anticipated that another shipment would be sent below but on account of the excessive cost of handling the ore via Ketchikan the project was abandoned.

Swamp Point.—The Granby Consolidated Mining & Smelting Company has a considerable force erecting bunkers, wharfs, building a wagon road, etc., at the lime property purchased last fall from Messrs. Harkley and Moul, with a view to keeping a large number of men actively employed during the winter.

Suffragette Injured in Riot. London, Nov. 13.—Miss Zelia Emerson, the American suffragette of Jackson, Mich., is lying seriously ill from concussion of the brain, the result of injuries received in a riot at Bow Baths in the East end of London.

In the Cent Belt. Victoria, Nov. 13.—The local Council of women has passed a resolution favoring the introduction of copper coinage in British Columbia, declaring that such a move will tend to lower the cost of living here.

CONFIRMATION SERVICE. Ten Confirmed by the Bishop at Port Essington.

St. John's Church, Port Essington, was crowded last Sunday evening by a deeply interested congregation, the special feature being a solemn confirmation service. The candidates who were confirmed by Bishop Du Vernet consisted of four young men and six young women, all residents of the place with one exception.

These ten candidates were presented to the bishop for confirmation by Rev. W. F. Rushbrook, who has charge of the mission launch called the Northern Cross, which visits regularly many of the coast villages within the limits of the Diocese of Caledonia.

Ambiguous. "You remember I missed you several times last year." "Yes," said the guide. "Well, I'm a better shot now."

- FACT HUNGER - As children, our first demand is for nourishment; our second for facts. All through life we go about searching for information. We make a new acquaintance; but before we will accept him as a friend or invite him to our home we ask for facts about him. We visit a foreign land; and from the moment we step across its border we are asking questions—searching for facts. We are asked to try a new food product; isn't it instinctive with us to ask at once: "Who makes this new article?" "How is it made? what goes into it?" "Is it worth the price charged for it?" Facts—we are simply hungry for them. Strange, isn't it, that we should so often have to search for them? Odd, that some manufacturers still withhold the facts about their product. Not always because they are facts to be ashamed of—for there are many worthy articles yet unadvertised. But it will not be so much longer. The fact-hunger of the human race is becoming keener and keener. The more facts we get, the keener our relish for more of them. Soon it will be impossible to sell a man or a woman anything until everything has been told about the goods that can be told through Advertising. The public has discovered that Advertising tells much-needed facts—that, in fact, Advertising satisfies fact-hunger. If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

1836 THE BANK OF 1913 BritishNorthAmerica 77 YEARS IN BUSINESS. CAPITAL AND SURPLUS OVER \$7,600,000. Prince George

That the expert land buyers of the country are confident of the future of Prince George was fully demonstrated at the recent auction held in Vancouver and Edmonton. These experienced investors purchased over \$2,000,000.00 worth of Prince George property.

The demand for property in Prince George is very keen. Many turn-overs are being made daily at handsome profits.

OUR THOROUGH KNOWLEDGE OF THE SITUATION

We know the situation thoroughly, and are in direct touch with all developments. Our property has been carefully selected and we are selling it at a slight advance over the auction prices. The increasing demand for this property is bound to assure investors quick profits. It will pay you to write us at once.

LOCAL NEWS ITEMS.

J. E. Stinson of Vancouver was an arrival by the steamer Venture last night.

The Ladies' Musical Club will not meet again until the first Friday in December.

The steamer Spokane from Seattle northbound is expected about nine o'clock this evening.

There is practically no improvement in the condition of Frank Engler, the Porcher Island rancher, admitted to the hospital yesterday. His condition is very critical.

A suspect in connection with the Hazelton bank robbery taken in custody by the provincial police on the arrival of Sunday night's train was allowed to go this morning.

Four men charged with being drunk appeared before Magistrate Carss this morning. Three were fined \$5 each. The charge against the fourth was adjourned until tomorrow.

The steamer Andrew Kelly, Capt. P. Rorvik, arrived in port last night with the barge Ivy in tow. The latter carried a cargo of coal for the Canadian Fish & Cold Storage Co., Ltd.

Wm. Grant, who was injured a couple of weeks ago by the explosion of a gasoline tank, is still in the hospital, but is expected that he will be able to leave in three or four days.

Orme's drug store at the corner of Second avenue and Sixth street will be moved into the McCaffery block, at the corner of Second avenue and Fourth street, ready to open for business there next Monday morning.

ACME CLOTHING CO.

Will Build New Store About the First of the Year.

Charles A. Vaughan, who has had considerable experience in the clothing business, has taken the management of the clothing department of the Acme Clothing Co. In connection with this he will open a special order department, carrying a good stock of suit and overcoat lengths. The proprietors of the store intend making a start about the first of the year on their new building next the Empress Theatre on Second avenue. When completed they will have one of the finest clothing and men's furnishing establishments in Northern British Columbia. Mr. Vaughan will have the entire management of the new store, which will be opened early in the year.

COURT OF REVISION

Will sit to Revise Municipal Lists December 10th

At the council meeting last night the court of revision for the scrutiny of the municipal voters' lists was constituted as follows: Ald. Naden, Dybhavn and Kerr. The court will sit on December 10th.

Appeal in Liquor Case

An appeal has been entered against the conviction made by Magistrate Hoskins of Hazelton, in the case of Wm. Shannon, charged with having liquor in his possession illegally. The hearing of the appeal will not take place until the documents in the case are returned from Victoria. An application for bail may be made in the meantime. Shannon was brought down from Hazelton on Sunday night and is still in custody here.

Ulster to be Excluded from the Operation of Home Rule

(Special to the Daily News) London, Nov. 18.—The Times contains a definite statement that the government will exclude Ulster from the operation of the Home Rule Bill. This has given rise to the wildest kind of discussion and how it will end no one can forecast.

DISPOSAL OF BUILDINGS

Residence on New Post Office Site May be Torn Down

Lee Baker, who purchased the two buildings on the site of the permanent post office, has not yet decided as to how he will dispose of the building occupied by C. E. Bainter as a residence. He may decide to tear it down rather than attempt to move it. The large number of light and telephone wires would interfere with the removal. The other building is now being demolished.

Just as soon as the buildings are out of the way, the work of excavation will begin.

FIRE AT VANCOUVER

Steamer Venture Brings News of Fire in Wholesale Section

The Venture, of the Union Steamship Co., arrived in port about 11.30 last night. The captain and some of the passengers brought the report that as the steamer left Vancouver a fire of rather large proportions was in progress in the wholesale section. It was believed by those who saw it from the steamer to be in the warehouse of Kelly, Douglas & Co. Yesterday afternoon Mr. Jardine, manager of the Prince Rupert branch of Kelly, Douglas & Co., received a wire from the head office stating that their stock was not damaged by fire and that they are able to do business as usual.

DIED AT OTTAWA

Funeral of W. W. Leach, Well-Known in B.C., Takes Place Today

Miss Johnstone received a telegram this morning advising her of the death at Ottawa of her brother-in-law, Mr. W. W. Leach of the Dominion Geological Survey. Deceased, who was about 40 years of age, was the oldest son of David Leach, and a grandson of Rev. Archdeacon Leach, for many years rector of St. George's Cathedral at Montreal. Deceased stood very high as a geologist and was well known all through British Columbia where he had done a great deal of geological work. The funeral takes place today, interment in the family plot at Montreal.

The bereaved widow is a daughter of John Johnstone, city treasurer of Vancouver. Although deceased had been ailing for some months the news of his demise came quite unexpectedly to Miss Johnstone, who will have the sympathy of many friends in this city.

Roosevelt at Great Banquet

Buenos Ayres, Nov. 13.—Col. Roosevelt was the guest of honor at a great banquet at the Colon theatre last night at which governors were laid for more than a thousand. In the afternoon he witnessed a review of the troops at Campo Mayo. He was present at the Military Club on the occasion of the presentation of a statue of General Sheridan.

HAVE YOU REGISTERED

Holders of agreements of sale who can produce a receipt for 1913 taxes in their own name are entitled to register for the voters' list any time up to November 30th inclusive. Both the agreement of sale and the tax receipt have to be presented at the city hall.

Don't forget to register. Time expires Nov. 30th.
