SIR WILFRID'S POPULARITY BY NO MEANS LOCAL

SEEMS PROBABLE HUERTA WILL BE IN DISCARD--AGITATOR LARKIN ROUSES UP LONDON

AGITATOR LARKIN MAKES HIS FIRST APPEARANCE IN LONDON

UNIVERSITY STUDENTS ATTEMPT TO BREAK UP MEETING AND THERE WAS RIOTING AND FIERCE FIGHTING, BUT LARKIN WAS HEARD.

(Special to The Daily News.)
London, Nov. 21.—The first appearance here of James Larkin, the new labor leader who has raised such a furor, starting with the Dublin labor strikes, led to the wildest scenes of disorder. The meeting was held last night in Albert Hall. He spoke of a campaign of carrying the fiery cross for an industrial upheaval. A large body of students from the various colleges of London University made an organized attempt to upset the meeting. Fierce fighting and rioting occurred, both inside and outside the hall. A large body of police was necessary to cope with the disturbance. For a time pademonium reigned and there was danger of a panic in the hall. Sticks and umbrellas

were freely used and to add to the danger of the situation fireworks were let off which almost precipitated a panic. The fighting was carried on amidst the singing of the national anthem and "Rule Britannia" on the part of the college men and others who took a prominent part in the proceedings. Order was finally restored and Larkin's speech was allowed to go on. He denounced the government for its part in connection with the Dublin strike. Larkin is a fearless speaker. He respects no classes. He has openly attacked the trades unionists and the Labor Party in the House of Commons. His appeals are for a most radical treatment of all questions that arise.

BRITISH EMPLOYERS FORMING UNION TO RAISE FULL WAR CHEST

PROPOSAL TO RAISE THE SUM OF FIFTY MILLION POUNDS TO PROTECT NON-UNION MEN AGAINST TRADES UNION "TYRANNY"

London, Nov. 17.—The prospectus of the new Employers' Defense Union has been issued. According to its statements, it is proposed to raise a fund of £50,000,000 with the object of furnishing a war chest to maintain the rights of the employers and to protect non-union workers "against the trades union tyranny." It is set forth that, subject to certain conditions, the farmers have already guaranteed £5,000,000. All members of the union are expected to guarantee a sum, but these guarantees will only be operated af-

ter £50,000,000 has been guaranteed. The people behind the National Free Labor Association, a strike breaking organization, which failed to obtain registration as a trade union or limited company, are believed to be the originators of the idea, which is depicted in higher industrial circles. The labor leaders announce the prospectus is a splendid object lesson to the working men and worth fifty years agitation in promoting the solidarity of labor.

President Wilson Thinks that the Congress is Disintegrating from Huerta

(Special to The Daily News)
Washington, Nov. 21.—President Wilson, it became known to-day, interprets the situation in Mexico to indicate that the Huerta government is disintegrating and that Huerta will eventually be eliminated.

Mexico City, Nov. 21.—Both houses of congress convened last evening and Huerta read his message. It is nothing more than a terse explanation of his motives for dissolving the old congress, most of the members of which are in prison accused of sedition.

Our Leader's Seventy-Second Birthday

Congratulations from all over the Empire

Ottawa, Nov. 21.—Yesterday was the seventy-second birthday of Sir Wilfrid Laurier, the honored leader of the Liberal party of Canada. It was spent quietly at his home here but during the afternoon he had many callers and the simple courtesy developed into a crowded reception. Most of the leaders and many of the rank and file of both sides in politics were present and telegrams and cablegrams were making long distance calls all the afternoon. King George wished his hearty congratulations, as did Premier Asquith, Lloyd George, Bonar Law, Lord Stratheona, Earl Grey and numerous other prominent men of Britain. Senator G. R. Pearce, ex-Minister of State and ex-Premier Fisher of Australia, cabled their congratulations, as did also Premier Massey of New Zealand. The Duke of Connaught and Princess Patricia made personal calls.

Serious Dissension Among the Members of British Cabinet

MINING ENGINEER REPORTS FAVORABLY ON THE OMINECA

HIS COMPANY HAS OVER 800 ACRES OF RICH AURIFEROUS GRAVEL — PLANT COULD OPERATE FOR TWENTY-FIVE YEARS

H. B. Perks arrived in the city last night after spending the past six months in the Omineca mining country, where he carried on an investigation of a number of properties owned by the Royal Standard Investment Co., of Vancouver. In conversation with a News representative this morning Mr. Perks said that the properties that the company considered most valuable were practically worthless, while one pro-

perty which they thought of no value is likely to prove of immense value. Mr. Perks is quite enthusiastic over the result of his investigation. He is thoroughly convinced that the company has over 800 acres that will prove a good paying dredging proposition. There is sufficient dirt to keep a plant in operation for 25 years. Mr. Perks will make a favorable report on the proposition on his return to Vancouver.

HOME RULE CONFERENCE WILL PROBABLY BE ABANDONED

EITHER THAT OR THE CHANCELLOR'S PROPOSALS FOR THE OVERTURNING OF BRITISH LAND SYSTEM MUST BE TEMPORARILY ABANDONED

London, Nov. 18.—Some reports in circulation indicate that the cabinet is not wholly in favor of Mr. Lloyd-George's proposals for overturning the land system of Great Britain. As these reports, however, are largely published in the Unionist press they must be received with some degree of caution.

"The friends of peace," says The Standard, a leading Unionist organ, "now find themselves prohibited by every sense of party decency from continuing any longer the role of mediation and reason. Mr. Lloyd-George has proclaimed when in a most uncompromising manner in regard to a legislative topic on which Unionists themselves are most eager reformers, and though he is by no means the terrible and doughty champion of old his claim to speak for a united government ranges both parties again in battle line. That the Chancellor of the Exchequer should assume so aggressive and unnecessarily heated an attitude at Swindon leads many politicians of experience to the conclusion that the cabinet contemplates an early appeal to the country."

The chief effects of the land campaign is recognized as likely to be the ruling out of Home Rule and the abandonment of any conference on the question. Such bitter differences between the two great parties in the state are likely to be developed by the Chancellor's proposals that it is thought extremely probable all suggestions for an amicable solution of the Irish question will be given up.

IMPERIAL SENTIMENT

(Special to The Daily News.)
London, Nov. 21.—Speaking at a reception to the members of the Parliamentary Association who have returned from their Empire tour, Lord Emmots yesterday referred in the highest terms to the imperial sentiment they found in every one of the Overseas Dominions.

Station Cafe Open

The Cafe and Lunch Counter operated by the Canada Railway News Co., in connection with the temporary G. T. P. waiting room here was opened for business this morning. The old dining room at the Inn has been completely transformed. A partition divides it into two parts, one for the lunch counter and the other for the cafe. Both are cosy, clean and inviting.

Yesterday the premises were open for the inspection of the public. Mr. Hamilton, who is in charge, had the pleasure of showing a number of visitors the great transformation that has taken place. Cleanliness is apparently Mr. Hamilton's first principle and those who patronize the restaurant can rest assured that their food is prepared in a clean kitchen.

Oxford, Eng., Nov. 21.—A big fire is raging in a lumber yard on the river front. Three women were seen to leave the vicinity just before the fire started. It is presumed the suffragettes set the lumber ablaze as Lloyd George is to visit Oxford today.

London, Nov. 21.—Sylvia Pankhurst again eluded arrest after having delivered inflammatory "No Rent" speeches at Canning Town last night. She evaded 50 policemen who were waiting for her outside the hall.

**TAMMANY HALL
IN CANADA.**

All lovers of free government, whether of this country or across the boundary where it occurred, could not fail to rejoice that the notoriously corrupt political organization known as Tammany Hall had been defeated in the municipal elections of the city of New York. But it has not been defeated in the state of New York nor yet in the inner councils of the United States government itself, where it still holds great influence. The victory in New York City simply shows the growth of intellectual independence in that one country.

Have we a Tammany Hall, or at least Tammany political methods, in the Dominion of Canada? That is a question the present Conservative government might very properly answer if such question might not be ruled out by the court of public opinion on the ground of self-incrimination. To elucidate it the Toronto Globe asks the following questions in regard to a single political incident:

"Do Sir Rodmond Roblin and the Hon. Robert Rogers imagine that the unseating of Alex. Morrison in Macdonald because his 'friends' had been guilty of corrupt practices wipes the slate clean? Do they think such a confession of corruption will enable them to escape the condemnation of the people of Canada for the grave offences committed in the name of the law, offences by which innocent men were sent to prison and kept there until they could not take part in the Macdonald election?"

"Never in the history of Canadian politics has there been such interference with the liberty of the subject as in the contest of a year ago in which

Sir Rodmond Roblin and Mr. Rogers directed the government forces. Even the Family Compact in its most high handed proceedings scarcely ventured so far. Five men who were canvassing for the Independent candidate, Mr. Richardson, were arrested. Premier Roblin boasted publicly that there would be more arrests, yet in no single case was there a trial of any man arrested, or an attempt to prove in court that he had committed an offence against the law."

**BISHOP DU VERNET
ON PERSONAL ABUSE**

Everyone read with interest Bishop Du Vernet's letter in The News yesterday, and everybody agreed with him not excepting at least one of the two evening newspapers referred to. He might have gone a little further and extended his reproof to some of the leading men of Canada, to Hon. Sir Rodmond Palen Roblin, premier of Manitoba, for instance, Postmaster General Samuel, of the British cabinet, made a tour through Canada recently, and was acclaimed as a polished orator wherever he publicly spoke. This is the tribute the premier of Manitoba pays to that distinguished visitor:

"When you see meddlesome, impudent, slanderous Samuel, who by accident holds a portfolio in a British government, making false statements at the dictation of a small Grit coterie who stuffed this jellybag of an Englishman to such an extent that he was willing to make a statement in the city of Montreal which he knew to be false, you will know how to treat him. I can assure Mr. Samuel if he ever visits Manitoba again he will be hauled before the bar of public opinion and made to swallow his falsehoods."

**KING FERDINAND HAS GROWN
TIRED OF BULGARIAN THRONE**

SON LIKELY TO SUCCEED HIM WHEN HE ABDICATES—MONARCH NOW PASSING THROUGH CRISIS AND LIVING INCOGNITO AT COBURG.

Berlin, Nov. 17.—King Ferdinand of Bulgaria, who arrived today in Coburg, is passing through such a crisis, according to well informed circles in Coburg and Berlin, that his abdication of the throne in favor of his son is possible and even probable.

The King is residing incognito at the palace at Coburg. He spent the morning in prayer and at the graves of his ancestors.

Austrian statesmen are doing their utmost to discourage his proposed surrender of the throne, because they consider the young crown prince is likely to be influenced by the element friendly to Russia.

King Ferdinand at the same time is receiving little encourage-

ment in Germany. Emperor William and the German government have expressed themselves openly as friendly to Greece.

It is understood that when King Ferdinand expressed a desire to come to Berlin he was given an intimation that such a visit would be useless.

Ferdinand is the youngest son of the late Prince Augustus of Saxe-Coburg-Gotha, and was elected prince of Bulgaria on July 7, 1907. He declared himself king in 1908 and was recognized by the powers.

The Bulgarian legation here has issued a denial of the reports that he intends to quit the throne, but the denial is regarded here as merely perfunctory.

**SIR DONALD MANN'S INTEREST
IN PORTLAND CANAL DISTRICT**

AMOUNT EXPENDED AND INVESTED BY HIM IN AND AROUND STEWART INCREASES PROBABILITY THAT WILL BE TERMINUS OF RAILWAY

Since the announcement made by President Robert M. Stewart of the land company, regarding the possibilities of the extension next summer of the Canadian North Eastern Railway, contained in the last issue of The Miner, both telegrams and letters have been received in town stating that eastern and coast papers were publishing stories to a similar effect. Though the reports do not bear any direct authoritative information, it is said that the great Morgan Banking Corporation of New York is now interested with Sir Donald D. Mann in his northern railway venture, the building of which, to the Groundhog anthracite coal fields and on through into the Peace River country with a connection at Edmonton, means so much to the future prosperity of Stewart and this district.

Sir Donald has spent somewhere in the neighborhood of one million dollars in the construction of wharves, the building of 14 miles of the road and equipment and in his various holdings of land, including a portion of the townsite of Stewart, adjoining the holdings on both sides of the Stewart Land Co., Ltd. Besides these expenditures he is largely interested in the Pacific Coast Exploration Company, which has spent large sums in mining, in the Portland Canal Lumber Co., owning tracts of good timber land, and in the Lins Hotel Co., which owns the Empress Hotel. Outside of the railway it is safe to say he has spent another quarter of a million of dollars, and it is hardly likely that this immense sum is going to remain idle.—Portland Canal Miner.

Mexico's Ideal of Government.

A great deal of very bad advice has been and is being given the administration, much of which is based on the notion that the Mexicans are like us, only more sunburned. One difference must be insisted upon: grant that the Mexicans are proud, courteous, loyal, dignified and all the rest of it, yet the fact remains that our political notions centre about the idea of law, while their centre about the idea of force. Our popular leader is the great law-giver; theirs is the successful soldier. And they have a most grim and trenchant proverb, to the effect that the true soldier "must be without fear and without pity." In the acceptance of that Satanic ideal lies the key to much of Mexico's misery—the fiendish betrayals, vengeance, and all the rest of the devilish chaos with which that unhappy land is now tormented.—Collier's, Nov. 22nd.

Seattle, Nov. 18.—While excavating for the new stadium at West Seattle, and when about 150 feet below the surface, the engineers unearthed the skeleton of a mastodon, which, according to Professor J. H. Bretz, of the University of Washington, has lain undisturbed for more than a million years.

STEWART MINING NEWS

With today's shots the approximate distance of the long tunnel being driven by the Portland Canal Tunnels, Ltd., has reached a distance into the mountain of approximately 2,500 feet. Interest locally in the undertaking is at a high pitch, but there is nothing new to chronicle, according to Superintendent L. C. White, who is in active charge of the work since General Manager W. J. Elmendorf left for the south.

Indian Mines.—Manager Geo. E. Clothier was down from the Salmon river on Thursday and was enthusiastic over the showing being opened in the lower tunnel. The ore shoot is a good one and the galena measures the full face of the adit. Work will be continued throughout the winter.

Cascade Falls.—President Charles Bunting is also in town, having completed the development work at the mine for the season. He is entirely satisfied of the amount of work accomplished by his crew and the showing made this year, for development has been practically continuous since last winter.
