PRICE FIVE CENTS

ALL THE WORLD AT MISS WILSON'S WEDDING TODAY

CAPTAIN OF SCHOONER BEAR HEARD FROM—GENERAL ENGAGEMENT GOING ON IN MEXICO

CREW OF SCHOONER BEAR ALL SAFE AND SOUND AT CIRCLE

VESSEL WAS FROZEN IN ARCTIC OCEAN LONG TIME AGO AND THIS IS FIRST HEARD FROM ANY MEMBER OF THE CREW

(Special to the Daily News) Seattle, Nov. 25.—Mrs. Louis Lane, wife of the owner and captain of the power schooner Bear, which is frozen in the ice in the Arctic sea near Flexman island, has received word from her husband who is at Circle City on the Lower Yukon. He announces his safe arrival there

with his crew. The ship left here last April and it was believed it had met with disaster and all on board were lost. They must have made a mush of some three hundred miles to reach Circle City, almost as long as that which Amundsen made when he left the Fram at Herschel Island after navigating the Northwest Passage.

MAN SHOT BY SPECIAL POLICE FINLANDER NAMED COMMENDI

SPECIAL CONSTABLE EDGAR THOUGHT HE WAS BANK ROBBER—INQUEST AT HAZELTON YESTERDAY

From a special despatch to The News from New Hazelton today it appears that yesterday's story of the shooting at Skeena Crossing was substantially correct, and that an innocent foreigner was the victim of overzealous police work.

making his get-away. The special police followed during the dark hours but did not come up with their prey until morning. Hill took to the woods as soon as he saw that he was followed and it was on the Rocher de Boule road that he was captured.

LATEST AT THE EMPRESS

Photoplays Shown How Manager Stevens Keeps Up With the Times

In close proximity to the Empress theatre during Saturday night and Sunday morning several stores were broken into by burglars. This manager Stevens richly deducted would give the public an immediate though a transitory interest in burglary plays, so he put on last night one called "The Combination of the Safe," which is a thrilling drama of under and upper world adventures, and he follows it with another photoplay entitled "Alyce the Watchman," and "Tom Boy Bessie." There are lessons to be learned from these, but the feature of the evening's entertainment is "The Better Man," one of those western dramas which are always popular. "The Lair of the Wolf" is a rural drama presenting several interesting climaxes. These will be repeated tonight which is the night when the weekly gold drawing takes place.

BRIDGE OVER BULKLEY

No Attempt to Build Road to It Worthy of Name

During the past week some of the local teamsters have done considerable work on the approaches to the new high level bridge over the Bulkley, near Hazelton, and now the bridge is in use for general traffic and the teamsters find a great difference in time and horseflesh consumed over the old road and the big hills. At that the new route is only through bush and over what was called snow roads last winter. No attempt as yet has been made to build a road that is in any way worthy of such a name.

Fishery Cruiser Arrives

The new Dominion fisheries cruiser Malaspina has arrived in Victoria after a very stormy passage around the horn. She is the first of two cruisers for the Pacific coast fisheries. The Malaspina is a trim craft of 185 ft. length. She can make 15 knots an hour. Capt. Newcombe will probably be placed in command of her.

Has Appointment With Govt.

Acting Mayor Naden informed the city council last evening that he received a telegram from Mayor Patullo that he could not return before the end of the present week as he is waiting to have a meeting with members of the Provincial cabinet.

Track Laying Starts Again

Gen. Supt. Mehan, of the G. T. P., reports that track laying started again yesterday at Mile 307. The grade is ready as far as 337 where the work will probably rest for the winter. This is at a point east of Burns Lake. The railway can now materially assist in getting in the supplies to the contractors beyond this point.

Rail Boat Dec. 1st

The rail boat which was expected here on the 27th will not arrive until about December 1st. She is now discharging freight for the P. & G. E. up Howe Sound and will then come on to Rupert. In addition to the rails for the Grand Trunk she has steel for the new dry dock buildings.

Don't forget the Presbyterian Church Bazaar in the McIntyre Hall, Wednesday, Nov. 26th. All kinds of plain and fancy needlework. Musical programme afternoon and evening. Admission free. 276

Loose Leaf Ledger forms at the Daily News office.

GENERAL BATTLE NOW GOING ON IN MEXICO

Artillery Being Used by Federalists—Many Wounded Being Brought Over Boundary (Special to the Daily News) El Paso, Texas, Nov. 25.—A battle is now going on between the Mexican Federalists and the Constitutionalists at South Juarez. It appears to be a general engagement with both sides in strong force. Artillery is being used by the Federalists. Many of the wounded are crossing the boundary into the United States. The United States troops here are held in readiness for immediate service.

Washington, Nov. 25.—In spite of reassuring reports from the oilfields on the east coast of Mexico, the foreigners of that section are still making very apprehensive appeals to Washington. These indicate that they fear not only for their properties but for their lives.

TURNING MACHINIST

Lord Egerton Tires of Raising Game on His Preserves.

(Special to The Daily News.) London, Nov. 25.—Lord Egerton has decided to discontinue the raising of game on his Cheshire estates. The preserves have existed for over a century, but Lord Egerton is more interested in mechanics than sport. He served his apprenticeship as engineer in a machine shop on the estate.

TRIAL OF RIOT CASES

First of the Nanaimo Batch Brought Up Yesterday.

(Special to The Daily News.) New Westminster, Nov. 25.—The first of the one hundred and twenty-seven cases arising from the strike riots and sent here from Nanaimo for trial was brought up yesterday and laid before the grand jury. One jurymen was excused because he belongs to the militia. John Plaice, member of the legislature, is one of those placed on trial.

RIOTING IN PRETORIA

Five Thousand Hindus Engaged in Looting Stores.

(Special to The Daily News) Pretoria, Nov. 25.—Three natives were killed and twenty-two badly wounded by the police during the rioting of yesterday at the Premier Mine. Five thousand Hindus engaged in the rioting. After looting the stores they attacked the native and other compounds.

DIES IN POVERTY

Son of Famous Matabele Chief Supported by Irish Woman.

(Special to The Daily News.) London, Nov. 25.—The son of the famous Matabele chief, Lobengula, died yesterday in a suburb of Manchester in poverty. He had been supported throughout his final illness from consumption by his wife, who is an Irish woman.

Commercializing the Crab

Messrs. Kerr and J. E. Larkin have formed a partnership to harvest and market the crabs of Tucks Inlet. They are getting 50 traps and expect to catch about 200 dozen a day. The local and district will take about 150 dozen a week. The balance will be cooked and then packed in ice at the Cold Storage plant and shipped south. The long distance marketing will be an experiment as it is not known how the crustacea will stand packing.

A meeting of the Earl Grey's Rifles will be held at Stork's Hardware Store on Wednesday at 8 p.m. 275-277

WHITE HOUSE WEDDING TODAY

THE BRIDE AND THE BRIDEGROOM

(Special to The Daily News) Washington, Nov. 25.—The marriage of Miss Jessie Wilson, daughter of President Wilson, to Mr. Frank Sayre of New York, takes place today and the city is enfevered for the occasion. Yesterday afternoon there was a distinguished gathering at the White House, and the marriage ceremony was rehearsed with full elaboration. In the evening there was a public reception, when moving through the rooms was a matter of some difficulty on account of the great throngs. The wedding gifts were displayed, and before these there had to be stationed guards to keep the well dressed throng moving so that the more might have a chance of viewing the beautiful collection. It came from all parts of the world, from rulers and subjects and ordinary citizens. Several of the States and most of the large cities were represented in special gifts of an elaborate and costly character; also the supreme court, the two houses of congress, all the departments and the army and navy. And one of the gifts which the bride says she treasures the most of all is a little bead purse worked by the hands of a little girl friend. They were set out along the east wall of the blue room and filled the whole of its length. The trains last night and this morning were crowded with distinguished visitors and there were many extra and special trains. It will be the most elaborate wedding that has ever taken place in the White House since the days of Dolly Adams.

SIX CENTS CUBIC FOOT NEW DOCK RATE FOR CITY WATER

Cold Storage Plant and Dry Dock Will Be Granted Lower Rate Later.

A report from the board of works of the city council last night recommended that a rate of six cents per cubic foot for city water be granted to the cold storage dock and the new G. T. P. dry dock. This rate is considered high, but both parties are agreeable to pay it until such time as the city gets its gravity system working.

PRESBYTERIAN CHURCH

Bazaar

In the McIntyre Hall on WEDNESDAY, NOVEMBER 26TH

All kinds of Plain and Fancy Needlework, Quilted Xmas and New Year Gifts. Afternoon Tea Served. Music. Candies and Fish Pond.

ADMISSION FREE

HAD TO PUT BACK

British Sloop of War on Her Way to Mexico.

(Special to The Daily News.) Seattle, Nov. 25.—The British sloop of war Algerine, which sailed from Victoria on Sunday for Mexico, was forced to put back owing to heavy storms. Some of her propeller blades are broken.

Callies Defeat Bankers.

By a score of 14-12 the Caledonia basket ball team defeated the Bankers' team in the rink last evening. It was an exciting game which was enjoyed by quite a number of spectators. The teams were: Callies—Watts, Willis-croft and Murray, forwards; Kelly Currie, guards. Bankers—Hallett, Purdy and Cameron, forwards; Roche and Vidler, guards. The standing of the clubs follows:

Team	P.	W.	L.	For	Agst.	Pts.
Tigers	4	4	0	53	32	8
Callies	4	2	2	44	39	4
Brotherhood	4	2	2	37	34	4
Bankers	4	1	3	45	54	2
Men's Own	4	1	3	25	45	2

Pantorium Pioneer Cleaners. Phone 4.

WANT FIVE HUNDRED DOLLARS MORE FOR THE NIGHT SCHOOL

THIS FROM CITY AND IN ADDITION TO SIMILAR SUM FROM BOARD OF EDUCATION—DEPUTATION WAITS ON COUNCIL

With a grant of \$500 from the Board of Education in their hands, a delegation of six approached the City Council last evening and asked for another \$500 from city general funds. The deputation was from the committee appointed at a public meeting recently to consider the question of opening a night school. Rev. F. W. Kerr was spokesman. He said that the committee found the Provincial Department permitted night schools to teach certain subjects. In Prince Rupert there are many who desire an opportunity to improve their education in other than the elementary subjects. Hence it is proposed to add four other subjects to the curriculum. The school is proposed to run for five months. The Board of Education are agreeable to the proposition and have made a grant of \$500 towards the expense of the project. The delegation wanted a guar-

antee of \$500 from the city also before they could go on with the organization of the school. It is expected the nominal tuition fees will pay only half the expense. Mayor Naden did not know how the finance committee would deal with the request as the year's estimates are all passed. If they did not make the grant they would no doubt make a recommendation to next year's council. He realized that such a recommendation would not necessarily warrant the committee in going on with their preparation to open immediately after the New Year. Ald. Maitland and Kerr moved the matter to the consideration of the Finance Committee. Ald. Dybhavn favored granting the \$500 out of this year's funds rather than see the school project dropped. "According to the reports in the papers the council has lots of money," said Ald. Kerr in concluding the discussion.

IRISH PLAY BIG SUCCESS

Westholme Opera House Packed from Floor to Ceiling

It is quite a time since the Westholme Opera House entertained such a crowded house as that of last night, and especially when "only movies" were the attraction. But the photoplay of "The Heart of Kathleen" was as thoroughly enjoyed as though the characters in life walked the boards and spoke their lines, and what added much to the enjoyment was the Westholme orchestra, which last night certainly surpassed itself in the floods of Irish melodies, both plaintive and merry, with which they flooded the auditorium. The Irish play will be given again tonight, as there were many last night who were unable to crowd in to see it.

ACTIVITY IN MINING

Ore Rapidly Taken Out of the Silver Standard and Harris Mines

The best reports from the mines of the district this week are to the effect that the properties are working steadily and that ore is being taken out very fast at the Silver Standard and Harris Mines, while at the Great Ohio George Jennings is making good headway with his tunnel work. At the Rocher de Boule a big gang is now at work preparing for the installation of the power plant.—Omineca Herald.

New Waiting Room Open

"As cosy as a drawing room" is a popular term applied to the new G. T. P. waiting room in the former Inn building. The lower floor of the building has been given over to waiting rooms and a restaurant. There is a large men's lavatory in connection and a separate ladies waiting and retiring rooms. The building has good plumbing and the heating appointments and the public rooms are open for passengers waiting for all boats and trains. The signs for the direction of the public have just been put up.

Full of Strong Waters.

William Samson, a full blood from Port Simpson, was before police court this morning charged with being drunk. He was fined \$10 and paid it with a cheerful smile. Phillip Morrison, a fellow Indian, did not get off quite so easily. He was replaced in the jug until he hints where and from whom he obtained the strong waters that defeated his weakness.

PRACTICISING THE DOG IN THE MANGER POLICY

Province Refuses to Complete Silver Standard Roads

Word was received from the public works department at Victoria last week by the government agent that the department would not permit the owners of the Silver Standard mine to put up the necessary money to complete the road to their property. Neither will the department complete the road. As stated before, the owners of the Silver Standard furnished the money to finish the job and asked to be allowed to use the government camp equipment. But the government says no, and as a result all the money that has been spent on that road has been wasted and will lie idle for another year while the mine owners are hauling ore several miles farther by the old road.—Omineca Herald.

MAJESTIC'S BIG BILL

Pathe's Marvellous Color Photoplay Should Not be Missed

The Majestic theatre put on last night an unusually large and attractive programme for the entertainment of its patrons. It opens with a fine photoplay in two parts called "Love and War." One of the interesting features of this is that it is a story of the recent war between Italy and Turkey. It tells of an Italian lieutenant who falls in love with a peasant girl and pledges to her undying devotion. A remarkably fine scene is the return of the victorious troops to Rome, the Holy City being more elaborately decked out than is usual at Mardi Gras even. The lieutenant has covered himself with glory, is promoted and decorated. Then he becomes engaged to a lady of title in whose palace the peasant girl is one of the maids. Then comes the denouement and the father of the fiance, himself an officer, breaks off the aristocratic alliance, and orders the soldier to wed the peasant.

"The Moving Finger" is an entertaining piece, and then comes pictures of an old, old story retold in thrilling films, "The Lady and the Glove." There are gorgeous court scenes, the lions' den and the coquettish beauty who throws her glove for her lover to rescue at the risk of his life. He does so, and contemptuously throws the glove into the lady's face. The big bill concludes with "The Widow Casey's Return," the laughable farce of how a wake is turned into a rollicking wedding.

DAILY EDITION

Tuesday, Nov. 25, 1913

A CITY TO BE PROUD OF.

It is significant that of all the cities of the west Prince Rupert real estate has been the least affected by the tightness of money in the past six months. Cities that have been growing rapidly for some years past, and increasing their real estate values in proportion, have suddenly ceased to increase their population and to find the real estate values tumbling away below late market prices.

ANOTHER P. O. SITE ROW.

Prince Rupert is not the only city that has a grievance with the Borden government on its selection of a new post office site. Saskatoon newspapers are now daily publishing columns of charges and explanations over the selection of the corner of Fourth avenue and Twenty-third street for the site of the proposed new post office.

The last Toronto Globe received here contains in its illustrated supplement the first of a series of articles by Peregrine P. Acland, formerly editor of The Daily News. Mr. Acland, who is the son of the Deputy Minister of Labor, was called home on family affairs and decided to go by way of the railway to the end of steel and make the eastern end of steel as best he could.

BUILDING AIRSHIPS TO CROSS THE ATLANTIC IN FIFTY HOURS

EACH TO CARRY THREE HUNDRED PASSENGERS AND TO BE LUXURIOUSLY FITTED WITH EVERY COMFORT AND CONVENIENCE

The building of a line of airships, each capable of carrying 300 passengers, as luxurious as the Imperator, and to cross the Atlantic in 50 hours, is the extraordinary enterprise in connection with which efforts are now being made in Paris to raise capital by the inventor, a German named Boerner.

Boerner plans to build a fleet of aerial leviathans. His airship which is based on new principles, has been worked out in every detail, and the reports of French experts on his specifications say that his system is the most convincing ever invented in its adaptability for long ocean voyages.

There will be dining and smoking rooms, a promenade deck, first class kitchens, electric lighting, in fact every comfort and convenience possible to obtain in an up-to-date hotel.

fire length, fitted with thirty-four motors of 150 or 200 horse power each, so arranged that the ship can be navigated in any direction without the employment of ballast.

Boerner claims that an engine breakdown, or an explosion of the gas bags is absolutely impossible. Three separate bags contained in a single envelope lift the ship. Even should one balloon explode, he asserts, there would be no risk of disaster.

He declares a cruiser built on his principles can make a non-stop flight of 4000 miles at an average speed of sixty-eight miles an hour and can land without external aid and descend to the water on which it can travel at the rate of sixty-five miles an hour.

Boerner is now negotiating with important financial interests in Paris, with the object of building a fleet of six vessels immediately which will require a capital of \$5,000,000. The construction of each air cruiser costs \$800,000.

HUDSON BAY RAILWAY ENGINEER RESIGNED

Was Upon His Reports and Surveys Government Chose Route of the Line.

Ottawa, Nov. 17.—It is learned here tonight that the resignation of John Armstrong, Chief Engineer of construction for the Hudson Bay Railway, is in the hands of the Government. Hon. Frank Cochrane, Minister of Railways, is absent from the capital at present and the details of the matter cannot be ascertained tonight. It is stated, however, that the resignation has not yet been officially dealt with or considered by Council. It is believed that the resignation will be accepted.

This is the second resignation which has occurred under the present Government's administration of the Hudson Bay Railroad during the past year. Chief Engineer Hazen of the terminal end of the road at Nelson resigned his position during the early part of the summer.

John Armstrong has been in charge of the work for several years, and it is upon his reports and upon surveys conducted under his supervision that the route has been chosen to the Bay.

Loose Leaf Ledger forms at the Daily News office.

AMERICANS DREADING INFLUX OF JAPANESE

Activity of Orientals on Mindoro Island Causing Great Anxiety in Philippines.

Victoria, Nov. 22.—An important political change, due to an industrial episode, is foreshadowed in the attempt of Japanese capitalists to take over the sugar interests of the Mindoro Development Company, an American concern, which controls the island of that name in the Philippines. A passenger on the Mexico Maru, which berthed yesterday, Ira Abrahamson, after some years residence in the group, says that the effect of this announcement had considerably stirred public attention just before he left Manila.

American residents have the same fear of Japanese aggression as other islands in the Pacific Ocean, and this announcement, which has yet to be matured into fact, has made the white residents anxious of the results upon which they reasonably count, principally the effect of the influx of Japanese who would naturally be brought into the country.

As the normal influx of Japanese is about 1000 a year, and Chinese are excluded under the application of the Chinese Exclusion Act to the Philippines in 1902, the fear of an increase in Japanese immigrants is naturally very real to the white residents.

The Daily News has the largest circulation in the city and district. To be had at all the news-dealers.

GRAVEYARD OF NAVIGATION ON THE STORMY GREAT LAKES

This chart shows the location of the various reported wrecks which followed the storm of Sunday and Monday, Nov. 9th and 10th, on the Great Lakes. But there were others, many others and hundreds of brave sailors whose bodies have not been recovered.

GIANT SOLDIER IS REGARDED AS WHITE HOPE IN FISTIC ARENA

BUT TEXAS MARVELL HAS NEVER HAD ON MITTS AND HISTORY OF RING SHOWS SOMETHING BESIDES SIZE IS NEEDED

Down in Texas there is a soldier whose enormous dimensions make such giants as Carl Morris and Jesse Willard mere pygmies in comparison. He stands 6 ft. 9 1/2 inches and weighs 284 lbs.

"Tiny" admits that he has never had one a boxing glove in his life, but he has engaged in many rough house affairs against long odds in the way of numbers.

GENERAL NEWS

Premier Borden, who is at Virginia Hot Springs, is reported very much improved in health.

The Montreal killies won the forced march around Montreal mountain. It was an unfair test. The other fellows had trousers on and didn't have to hurry to keep warm.

When W. L. Ralston, of Pittsburgh, left the York Hotel for San Diego, Cal., he broke all Broadway tipping records by leaving his \$5,000 automobile behind for the head porter.

Mrs. Pankhurst may have "hungered" at times, but the \$2,000 sealskin coat she is wearing in Winnipeg shows that her voluntary self-punishments have not yet reached that of clothing.

It is announced that Frank Barribeau has accepted Joe Bayley's challenge for a bout at 135 pounds one hour before the contest and that the boys will probably get together on New Year's Day.

Gil Martin and Billy Weeks, Vancouver middleweights, will probably meet at the Steveston Arena next month, the winner going against Jack Dillon for the Canadian middleweight championship.

Willie Ritchie, the champion lightweight, has returned to San Francisco from his Eastern trip and will start training early next week for his scheduled 20-round bout with Murphy on December 10.

Fifteen thousand members of the United Mine Workers of America in the Eastern Ohio district have voted to continue the assessment of one dollar a month per member to aid the striking members of Colorado.

The congestion of traffic at the Montreal wharves has necessitated further building operations, which will allow for an additional 13,336 feet of berthing space for steamers. As the largest vessels touching at Montreal do not exceed 600 feet in length, this improvement will enable the port to accommodate from twenty to twenty-five more boats than at present.

During the winter St. John will be a direct mail port in the service between Canada and Great Britain. Hitherto the mail steamers have called at Halifax on their way to and from St. John, the mails being received and delivered at the Nova Scotia port. Under the new regime, part of the mail service will be direct to and from Halifax, and the other part direct to and from St. John.

USEFUL SET OF MAPS.

Sent Free by Commissioner of Railway Lands, Ottawa.

A new edition of a series of four maps covering the Dominion Railway Belt in the Province of British Columbia is now being issued from the Railway Lands Branch of the Department of the Interior at Ottawa.

The sheets have been published on a large scale, namely, three miles to the inch, and this, combined with the comparatively simple system of colouring which has been adhered to in the preparation of the map, makes it a very interesting publication.

In addition to the information with respect to disposition of lands, etc., the location and boundaries of all Dominion Forest Reserves, Timber Berths, Indian Reserves and Grazing Leases are clearly shown, together with post office and railway information.

Bella Coola's New Doctor.

Dr. W. E. Bairs has located in Bella Coola. He has been appointed resident physician by the hospital board.

Skeena Land District—District of Coast, Range 4.

Take notice that Elbert M. Morgan, of Prince Rupert, B. C., occupation prospector, intends to apply for permission to lease the following described lands:

Commencing at a post planted on the east shore of Banks Island, opposite Mink Trap bay, and situated two (2) miles and fifty-three (53) chains more or less north and one (1) mile and seventy-one (71) chains more or less west of A. L. 10, and sixteen (16) chains more or less north three (3) miles and forty-eight (48) chains more or less west of Green Top head, thence west twenty (20) chains, thence north forty (40) chains, thence east twenty (20) chains more or less to the shore of Prince Rupert Channel, thence following the shore southerly to point of commencement, containing eighty (80) acres more or less.

The Tale The Wagons Tell

My office window faces a street, close to the railway freight sheds.

All day long a steady stream of trucks and lorries lumber by—loaded with boxes, barrels and bales.

One truck I noticed the other afternoon was particularly interesting. No two boxes were the same, and stencilled on the end of each was the name of some well-known product—soap, tobacco, socks, breakfast food, cocoa, port, tea, chocolates, perfumery and baking powder.

Gathered there in prosaic wooden boxes were the results of thousands of hand's labor in all parts of the world.

The cocoa had been grown in Brazil, shipped to Bristol, transhipped to Montreal and finally distributed from Toronto.

The tea was gathered by swart-skinned natives of the romantic island of Ceylon; from sunny Portugal the luscious, big grapes had been gathered years ago, fermented, bottled and branded with a famous name; from Egypt had come the cotton and from South America the dyes that entered into the product finally stamped with the brand of a well-known hosiery.

There, behind that obviously prosaic truck-load of freight was the whole romance of modern commerce—the skilled production, the universal demand for food, drink and raiment, and the world-wide distribution of the things we use every day.

And then I speculated why we use these things every day, instead of some other things; and that brought me plump back to my own job of advertising.

The names of some of the boxes on the lorry were known everywhere to-day, but had been unknown a few years ago; and I saw then more clearly than ever before that Advertising is really a great channel digger. It is like the Panama Canal. You can sail from Montreal to Vancouver now, around the Horn. You can get there, but it is going to take months. A year or so from now you will sail through the Panama Canal and chop the journey to less than half. A new channel will have been dug.

The great names in commerce to-day are those of the manufacturers who have let modern advertising steam-shovel a channel across the isthmus of distributing difficulties.

The great names in the commerce of to-morrow will be those of men who widen and dredge this channel so that the greater traffic may pass smoothly and quickly from the source of production to the homes of the consumer.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

LOCAL NEWS ITEMS.
Mrs. J. E. Merryfield entertained a number of friends at a social dance last evening.
The Wm. G. Young Investment Co. reports that a new jewelry and novelty store will open on Sixth Street in a few days.
Another match in the annual whist series between the Prince Rupert and the Wanderer's Clubs for the D. M. Moore Shield will be held in the Prince Rupert Club this evening.
O. Besner asked the city council last night for the privilege of building a verandah over the side walk in front of the Knox Hotel. Plans were submitted and the request was granted on the signing of a bond.
A shower tea was held by the ladies of the Presbyterian church yesterday at the residence of Mrs. T. McClymont, Borden Street, for the benefit of their bazaar which is to be held in McIntyre Hall tomorrow. A number of dainty and useful articles were donated.

MARINE NOTES
The Princess May brought in mail from the south yesterday afternoon. She sailed north at 6 p.m.
The steamer Venture arrived from the south at five o'clock and sailed again for Granby Bay at 9:30 a.m. She sails for the south tomorrow at 2 p.m.
The government boat Quadra came over from Digby Island yesterday and left this morning for Langara Light. She is on a general tour of inspection of the light houses.
The latest report from the G. T. P. tug boat Escort and Barge Georgia is to the effect that the barge has gone ashore on Culvert Island, Queen Charlotte Sound. She may be a total wreck. The captain and his assistant were rescued.
The G. T. P. steamers Prince Rupert and Prince George will keep up the semi-weekly service until the end of the year. The traffic in both the passenger and freight departments has kept up well, a marked improvement on former years.
It takes a woman to learn things from a man that she doesn't know.

NOTICE TO MARINERS.
Change in night storm signals.
The night storm signals corresponding to the day storm signals Nos. 2 (which indicates the probability of a gale, at first from a westerly direction), and 4 (which indicates the probability of a heavy gale, at first from a westerly direction), will throughout Canada, be a red light over a white light.
Chart of Skidegate Inlet issued.—A chart in colors, of Skidegate Inlet, numbered 306 of the Canadian Hydrographic Survey, has just been published by the Hydrographic Survey, Department of the Naval Service of Canada. Copies may be obtained from the Hydrographic Survey Office, Department of the Naval Service, Ottawa, and from the Agent of the Department of Marine and Fisheries at Victoria, for fifteen cents per copy, payable in advance.

FOX RANCH IS SOLD.
Prince Edward Island Property Brings Half Million.
Charlottetown, P.E.I., Nov. 20.—The second largest deal in the fox business on the Island has just been put through. James C. Tuplin, of Black Ban, in the western part of the province, has disposed of his farm property, including a fox ranch and a large area of shore front for oyster cultivation, to a syndicate composed mainly of Boston capitalists, and a few Islanders, money men. The ranch contains eleven pairs of black foxes of the highest quality. The deal involves the expenditure of half a million dollars.

Trades and Labor Council
A meeting of the Trades and Labor Council held last evening brought the representatives of the various labor unions together after a holiday of some months. After an informal discussion it was decided to call a special meeting in about two weeks which will be open to anyone connected with organized labor, when matters pertaining to the general welfare of organized labor will be taken up. The annual election of officers will be held at the next meeting.
Nothing ever pleases his neighbors more than to see a man get what he deserves.

LUMBER PRODUCTION.
Statistics Show Marked Decrease From Last Year's Cut.
The total cut of lumber in Canada in 1912 was 4,389,723,000 feet, board measure, valued at \$69,475,784, which production represents a decrease of ten per cent. from that of 1911. Ontario still leads the provinces in lumber production, cutting 31.6 per cent. of the total; British Columbia makes a close second, and as its percentage production is increasing, while that of Ontario is falling off, the position of these two provinces may possibly be reversed in the report for 1913.
There were also cut in Canada during this period 1,578,343,000 shingles valued at \$3,175,319; 899,016,000 lath, valued at \$2,064,622, and 65,906 tons of square timber, valued at \$1,825,154. The increase of 89.9 per cent. in the cut of square timber is noteworthy, for this is the first increase since 1877.

BOARD APPROVED OF NIGHT SCHOOL
A decided and very satisfactory step forward in the night school movement was made yesterday afternoon at a special meeting of the School Board, when Rev. F. W. Kerr and Mr. R. H. Shockley attended as a deputation from the Committee formed a little while ago to go into the matter. It was reported that the Committee had received information from the Education Department at Victoria to the effect that classes could be formed under the School Board for the teaching of subjects covered by the various school courses, and that the department would pay 80 per cent. of the teachers' salaries.
The Board gave the matter full and careful consideration and agreed to provide a sum of \$500 to meet their share of the salaries. No fees will be charged.
The shooting of the Finlander by the constable at Skeena Crossing has been reported to the Swedish consul at Victoria.

NOTICE OF DISSOLUTION.
Take notice that the partnership of Vaughan & Youngman, carrying on business as tobacconists on Second Avenue, Prince Rupert, B. C., has been dissolved and the business will in future be carried on by Charles L. Youngman.
41-W CHARLES L. YOUNGMAN.

WATER NOTICE.
For a License to Take and Use Water. Notice is hereby given that Joseph Ulmer, of Goose Bay, B. C., will apply for a license to take and use ten second feet of water out of Boulder Creek, which flows in a westerly direction through vacant land and empties into Hazelton Arm near the head of same. The water will be used for mining purposes on the land vested at about 1 1/2 miles easterly and will be described as "Portland" "Fraser" "Hastings No. 6 and 7 mining claims."
This notice was posted on the ground on the 14th day of October, 1913. The application will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections may be filed with the said Water Recorder or with the Commissioner of Water Rights, Parliament Buildings, Victoria, B. C.
JOSEPH ULMER, Applicant.

HUBERT
The new city on the main line of the G.T.P. Railway in
Central
BRITISH COLUMBIA
is so strategically located that it is in the centre of and commands the trade of the wonderful rich and proven agricultural lands in the famous
BULKLEY VALLEY
and also the surrounding mining districts.
All other cities and towns in the Bulkley Valley will be tributary to HUBERT. All branch lines from the main line of railway will start from HUBERT.
The townsite is ideally located in a bend of the Bulkley River and is free from swamps and bog with magnificent natural drainage. The first offering of town lots is now open to the public.
HUBERT has behind it the same organization, the same systematic development, the same liberal advertising that placed
FORT GEORGE
on the map and kept it there. Trains are now running to HUBERT, and the G. T. P. Station is built.
