

MAYOR PATTULLO A CANDIDATE FOR RE-ELECTION

HINDU PROBLEM DRASTICALLY DEALT WITH BY CABINET---KARLUK LOST IN ARCTIC OCEAN

Pattullo Points With Pride To Record of 1913 Council

Will Offer Himself For Re-Election—Address To
The Electors

To the Electors of the City of
Prince Rupert:

Ladies and Gentlemen,—I believe the time opportune to inform you that I shall offer myself for re-election as Mayor of the city at the forthcoming elections. The reasons which compel me to arrive at this decision are, I think, of a very obvious nature.

The year 1913 has been a very strenuous one in the financial world, and while in spite of this fact the city has been able to accomplish a great deal and is in a most excellent financial condition, nevertheless there are some very large problems confronting the city which will require very careful consideration and handling. Knowing the situation as I do and having had the experience which I have had, it seems to me that an especial duty devolves upon me to do all in my power, should the electors so desire, to bring these important matters to a final and successful conclusion.

I would now like to generalize briefly as to the work of the year, also to what I would propose for next year. Later on detailed statements will be submitted as to all the expenditures in the various city departments.

First as to the work of the year.

The public works department has expended approximately a quarter of a million dollars. This work has consisted, amongst other things, of completion of the water works to Shawatians, grading piece of ground adjoining city hall to make room for new civic building, general grading operations in Section 4, plank roadways in Section 2, approach road to Morse Creek, Hays Creek plank roadway, 3rd Avenue water main, city work shops and stables and general city administration. I believe the money to have been well and economically expended.

The fire department has been kept up to date and an additional 1000 feet of hose was purchased, as well as another hose and chemical wagon, which will be for the improvement of the service.

The health departments took over the handling of the garbage of the city and is handling the situation in a very satisfactory manner. An isolation hospital was built which was a pressing necessity.

The electric light department though unable to supply all the demands upon it is in infinitely better shape than it has ever been before and is doing more than can be expected of its capacity.

The telephone service has been very satisfactorily conducted but its capacity also is too small and new proposals will be submitted for your consideration.

The city clerk's department continues to be satisfactorily conducted and shows increased efficiency.

The Assessor's and Collector's and the Treasury departments were found to be in a deplorable condition but steps have been taken to get these upon a sound basis. The work is a long and tedious one but the results will more than justify the time and labor being spent on these important departments.

The police department has given good service during the year. A reading room was constructed early in the year and I think is appreciated by many who use it.

A commencement was made upon cemetery improvement, which will have to be continued next year.

The financial results for the year are, I think, interesting. We

disposed of approximately \$160,000 of debentures during the year as against \$4,600 for the two years previous. We obtained approximately \$137,000 new money on capital account as against \$140,000 for the two years previous, while we owe the Bank of Montreal on capital \$9,000 less than at the beginning of the year. This year we shall have a very large surplus on current account. The reason for so large a surplus is that we have had to take care of some \$50,000 capital expenditure on water out of current revenue and as soon as the water debentures are sold the monies will be replaceable in current account. We have found that funds had been used from sources that they should not have been used and provision had to be made to replace these monies to the accounts to which they properly belong.

As you are aware a number of bylaws were passed by the electors during the year looking to a number of civic improvements, such as sewers, etc. The money market has not so far permitted the sale of our long term issues covering the proposed works. During the year, as you know, I visited the old country with the object of disposing of the city's securities. At that time the underwriters of London had agreed to take on no new issues for a stated period and during the time I was in London no new issues of any Canadian municipality were placed in the London market. Subsequently by agreement a number of issues of some of the larger Canadian cities were offered to the market, but the market, by agreement also, has again tightened. I would like to point out to you a phase of the financial situation regarding the city which may not be generally understood. There is outstanding in London at this time 200,000 of the city's treasury notes which mature in July, 1915. Before the city can possibly hope to dispose of any of its debentures for the prosecution of new work provision must be made to retire these treasury notes. We cannot expect financiers to buy a million dollars of long term debentures when there is already outstanding a million dollars of short term notes maturing in 1915. In other words this year's council before it can do any new work must also finance nearly all the work that has hitherto been done in the city since the city started.

The sale of treasury notes was, in my opinion, a very serious error, and the obligation to the Bank of Montreal should only have been liquidated by the sale of long term term debentures. Now the question which will interest you especially is what we would propose to do in the future to meet the situation. As you know we tried to secure provincial assistance of our issues but the government has not seen its way clear to accede to this request. We have all year also been endeavoring to make ground in various other directions, so that with the easing up of the money stringency we might be able to dispose of some of our issues. After the most careful thought and consideration I have come to the conclusion that we shall probably have to shorten the term and increase the rate of interest of all our issues in order to make them attractive in view of our limited population. This will, of course, require careful working out.

In January next we propose to submit a number of bylaws for ratification by the electors. These by-laws cover electric light, telephone and water extensions in all the outlying sections of the city, a fund for providing a recreation park, a municipal building adjoining the city hall, where the telephone equipment may be installed—the building will also provide additional police accommodation as well as a public library which will allow the present reading room to be used as a public bureau—and also a bylaw providing for a city auxiliary lighting plant. With regard to the latter bylaw an alternative proposition will be submitted from the Prince Rupert Hydro-Electric Company, and the electors will be given an opportunity to signify what their desire is.

Next year also I would propose that the city undertake a publicity campaign. I am a great believer in legitimate advertising and the time is ripe for the city to begin a well directed campaign. The railroad will be completed next summer and we must make provision to properly recognize the event. All eyes will be turned upon the city and we must see to it that we do ourselves credit and obtain all the real and substantial benefits from the occasion that we can.

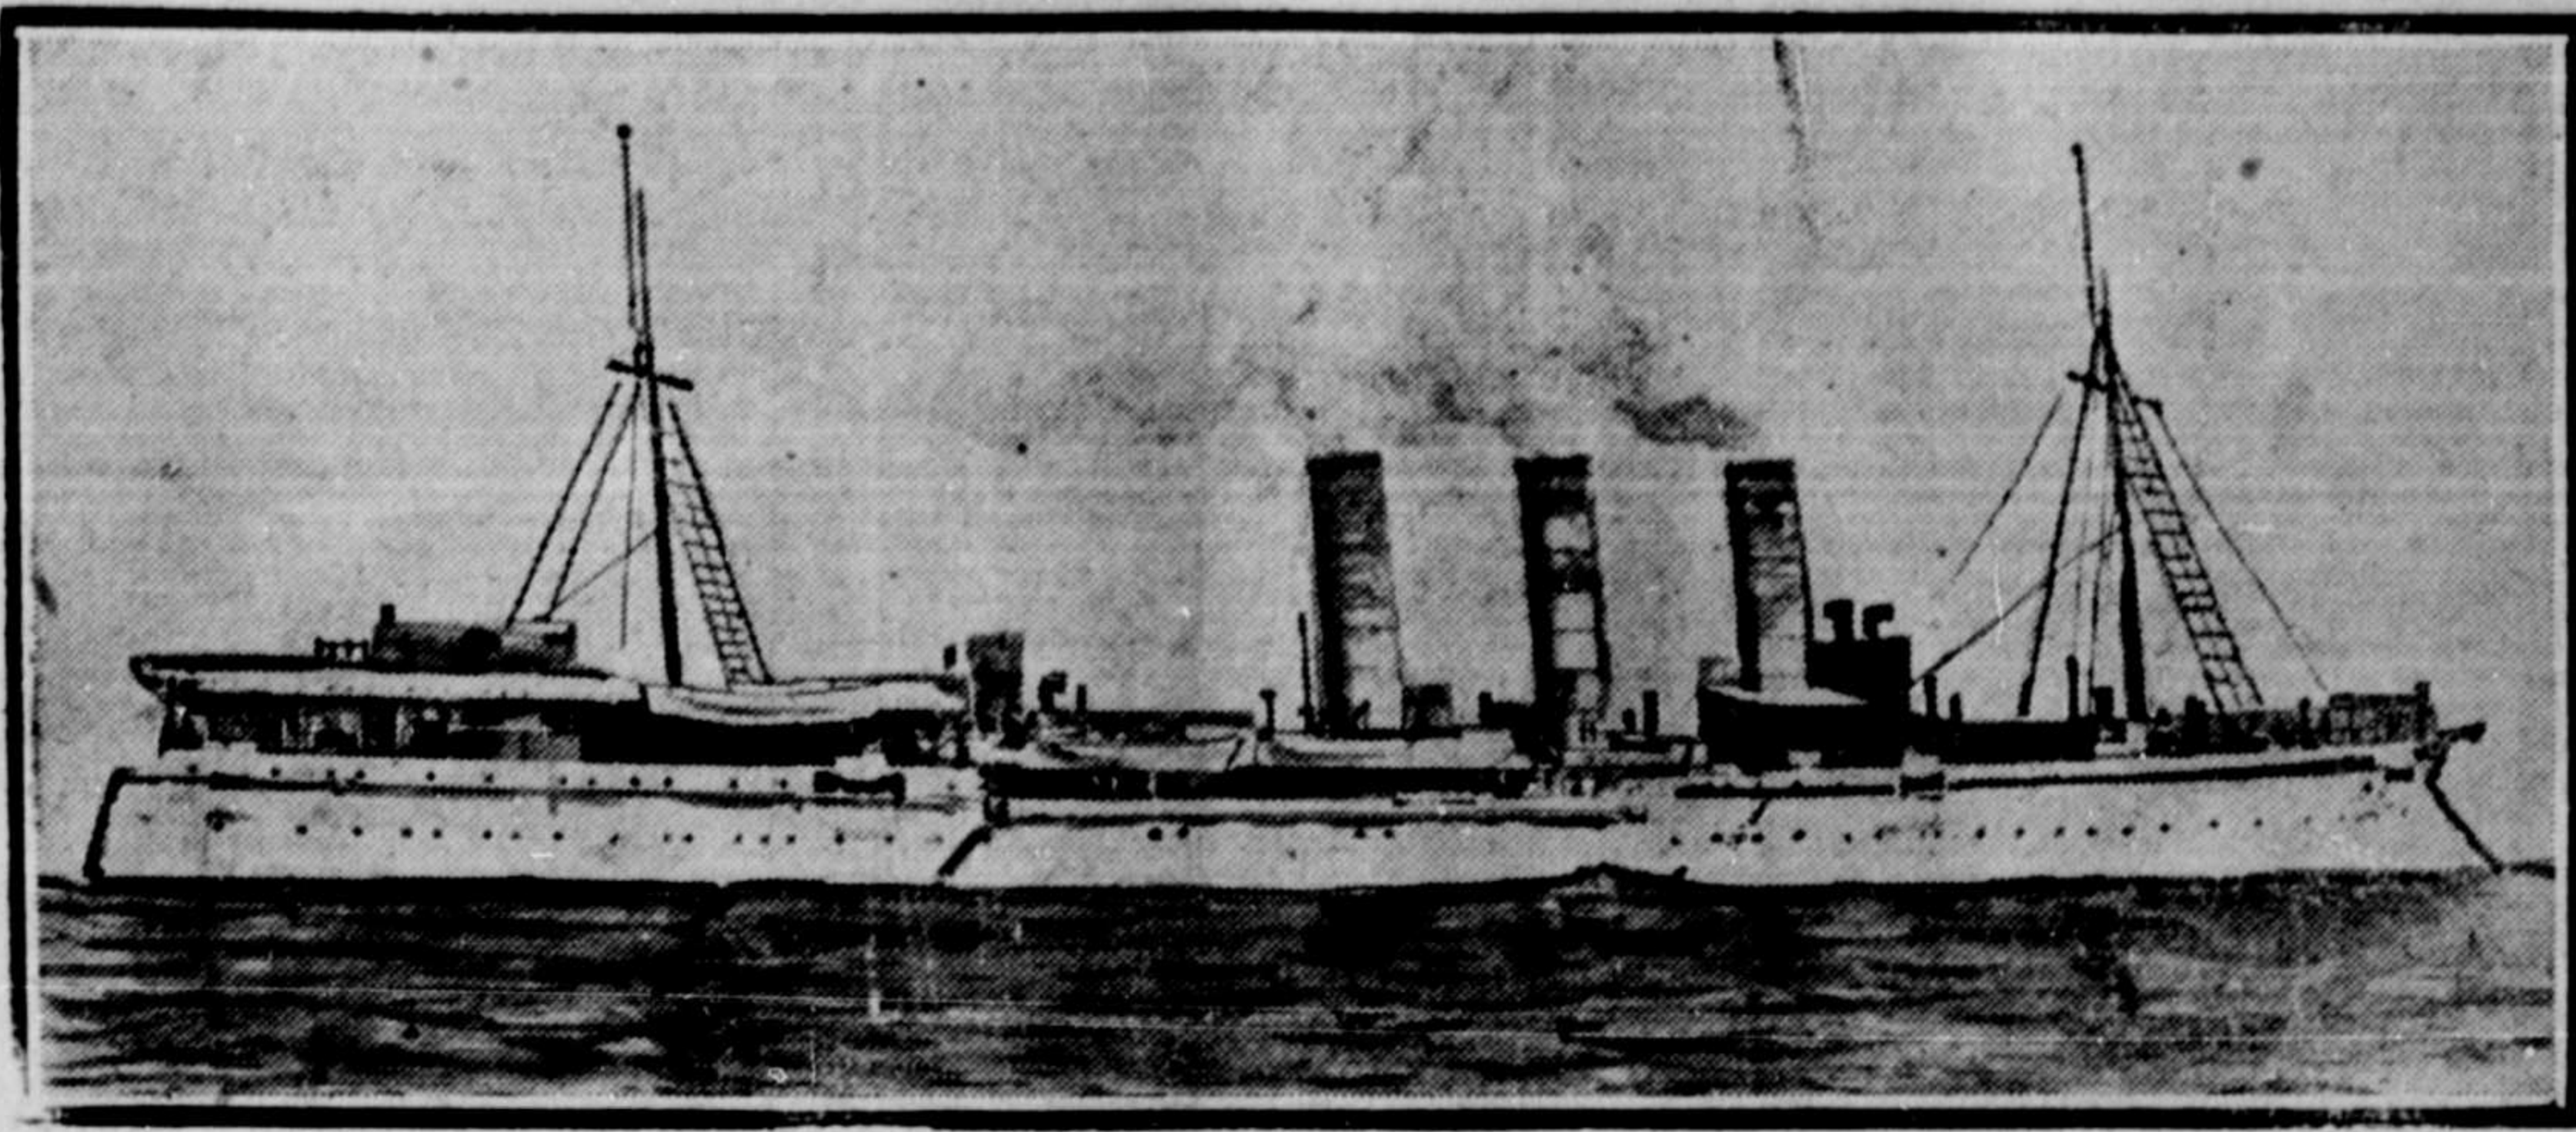

I cannot at this writing deal more minutely with the many matters that occur to me but before election day I shall hold several public meetings and the public will be given the opportunity of more thoroughly acquainting themselves with the work of the year.

Wishing all in the city a happy and contented Christmas season and New Year, I beg to remain,

Your obedient servant,

T. D. PATTULLO,

Mayor.

OCEAN FALLS COMPANY MAY START UP AGAIN

A Large Addition in Way of Paper
Mill May Be Added to
Operations.

Vancouver, Dec. 8.—The reorganization of the Ocean Falls Company in an amalgamation of Pacific Coast paper interests will put the Ocean Falls pulp plant in active operation again. There is also the building of a three million dollar paper mill now in process of settlement in connection with the amalgamation.

It is in London that the bulk of the interests in the Ocean Falls Co. was originally held and it is believed that negotiations have been in progress for some little time.

San Francisco pulp and paper interests are believed to be behind the new enterprise.

Justice Murphy Will Preside

Word was received here today that Justice Murphy will preside at the Assize Court sitting which opens tomorrow.

The Ladies Aid of the Baptist Church will give a tea, sale of work, home cooking and candy at the home of Mrs. G. A. McNicholl, 327 5th Ave., December 11th, from 3 to 6. Admission 25c., including afternoon tea. 289

tions of the city, a fund for providing a recreation park, a municipal building adjoining the city hall, where the telephone equipment may be installed—the building will also provide additional police accommodation as well as a public library which will allow the present reading room to be used as a public bureau—and also a bylaw providing for a city auxiliary lighting plant. With regard to the latter bylaw an alternative proposition will be submitted from the Prince Rupert Hydro-Electric Company, and the electors will be given an opportunity to signify what their desire is.

Next year also I would propose that the city undertake a publicity campaign. I am a great believer in legitimate advertising and the time is ripe for the city to begin a well directed campaign. Mayor.

A FUNNY POLICY

Speaking before a Ward Conservative meeting in Vancouver the other evening, H. S. Clements, M. P., for Comox-Atlin stated that the government would this year reserve 600 licences for white fishermen in the north, and that in five or six years it would be possible to eliminate the Orientals from the fishing industry.

Independent white fishermen's licences are a poor base on which to build up such a theory. Last season this so called remedy for the Asiatic grievance was tried out and less than 75 % of the licences so reserved were taken up by white men. It is now proposed to increase the number of white fishermen's licences but as there has been no effort made to bring in white fishermen to take up the licences what good are they?

PREMIER M'BRIDE REFUSES ASSISTANCE

Hon. W. R. Ross Reports There is
No Urgent Need of Public
Works Here

The city council meeting last night drew a full attendance of members but only a small audience. Among the latter was the old watch dog Douglas, who missed an opportunity to grab off a good point by being asleep.

The only business outside of the routine was the communication from Premier McBride applied with Sir Richard's particular kind of mush. It was to the effect that the government would not guarantee the city bonds.

This letter and one from the mayor follows:

MAYOR'S LETTER.

December 8, 1913.
The Council, City of Prince Rupert:
Gentlemen,—I beg to transmit herewith for your information letter received from the Honorable the Premier of the Province in reply to the representations which I made with regard to the finances of the City of Prince Rupert.

The Honorable the Premier had promised me assistance in respect of civic public works of which there was an urgent necessity, and, with this in view, the Honorable the Minister of Lands, as you are aware, looked over the situation. The Honorable the Minister of Lands reported against the urgency of the proposed works.

Argument Used.

The memorandum from the Honorable the Premier with respect to the monies which have been expended in Prince Rupert by the Provincial Government was no doubt inspired by reason of an argument which I used in presenting the case of the city before the provincial executive. The argument I used was that the city had contributed hundreds of thousands of dollars to the exchequer of the province; that the city had purchased annually hundreds of thousands of dollars worth of goods from the merchants of the southern cities ever since the city started; that our money and our credit had been used to guarantee railroad bonds, terminal facilities and a sewage scheme for Greater Vancouver, all for the especial bene-

DRASTIC ORDER OF CABINET DEALING WITH HINDU INFLUX

ORDER-IN-COUNCIL PROHIBITING ALL ENTRY TO THIS PROVINCE OF ARTISANS AND LABORERS, NO MATTER WHAT RACE OR WHERE FROM

(Special to The Daily News)
Ottawa, Dec. 9.—The government has taken prompt and drastic action in relation to the Hindu problem on the Pacific coast. An order-in-council was passed by the cabinet yesterday prohibiting, until March 31st, all entry to British Columbia of artisans and laborers.

The order is general in its application and not restricted to any particular people coming from any particular country. The government is extremely careful in dealing with the situation, not to discriminate against any race or any nation, and the order, therefore, affects every country alike.

STEFANSSON LET THE KARLUK DRIFT AWAY IN THE ICE FLOE

BELIEVING IT WAS SAFELY FROZEN IN ICE AND PARTY LANDED TO HUNT AND VESSEL DRIFTED AWAY DURING
HEAVY FOG

(Special to The Daily News.)
Ottawa, Dec. 9.—Somewhere within the confines of the Arctic Circle is drifting Stefansson's staunch little vessel the Karluk, safely frozen in the ice pack, but the leader of the expedition is not with his vessel and is unaware of its whereabouts. This is according to a report from him received by the deputy minister of naval affairs yesterday.

Stefansson states that, believing the Karluk to be safe in the ice on longitude west 147, fif-

teen miles off shore, he took a party ashore with him to hunt. The next day a heavy gale sprang up and the foggy weather was cleared. But the Karluk was not in sight. She had evidently been carried away by the heavy gale which drove the pack ice off shore. All search for the missing vessel has so far proved unsuccessful. She had a crew of twenty-five men.

The message is dated Point Barrow, Oct. 30th. Great anxiety is felt for the safety of the Karluk and her crew.

POWER AT DRY DOCK

G. T. P. Developing 2500 h.p. at
Dry Dock and May Sell
Some Surplus

Will the G. T. P. dry dock have electric power for sale? That is a question on the streets in these days of hydro-electric argument.

The Daily News took the question up with the dry dock officials and it was learned that the company is installing a 2500 h.p. steam plant. This plant will be the first portion of the work completed.

Ultimately the company will require all that energy for their own work but for a short time at least they will have surplus power.

It might be possible for the city to purchase some of this surplus from the G.T.P. At least that is a popular argument but there is no offer from the company and whether they would sell at a price to make it desirable is another problem.

BURNS LAKE CONTRACT HAS BEEN COMPLETED

Stewart Brothers Moved Eight
Hundred Thousand Yards
of Rock and Earth

The camp of Stewart Bros., at Burns Lake, is now closed. The contract was completed this week and steel is laid over the entire work, says the Omineca Herald. When Dan Stewart left on Wednesday there was only a couple of days' work to do and even then part of the plant had been packed and shipped to the Fraser Lake contract. Since last April Stewart Bros. have moved over 800,000 yards of rock and earth and had on the pay roll an average of four hundred men. They were ten months on the contract and everything was kept on the jump all the time. Besides the big force of men there were several donkey engines.

At the Westholme

At the Westholme Opera House tomorrow night will be seen for the first time in Prince Rupert the famous films entitled "From The Manger To The Cross," scenes taken at enormous expense in Palestine and depicting the life of our Saviour from the cradle to the sepulcher. Special music has been arranged for these films, the Westholme orchestra making this a special feature.

PREMIER McBRIDE REFUSES FINANCIAL ASSISTANCE

(Continued from page 1)

fit of Southern British Columbia, and having these things in view it did seem to me that our request for a measure of assistance in this early and formative period was a modest one.

Looking Elsewhere.

For your further information permit me to say that while we have been striving for provincial assistance, we have none the less used every endeavor in other directions to place us in a position where we may hope to be able to dispose of our issues as soon as the market conditions will warrant. I am of the opinion that possibly we may have to change the term and the rate of interest of all our issues in order to make them sufficiently attractive in view of our limited population. The ways and means in this connection of course will have to be carefully thought out.

I have the honor to be your obedient servant,
T. D. PATULLO,
Mayor.

SIR RICHARD'S REPLY

Victoria, B.C., Dec. 3, 1913.
His Worship Mayor Pattullo,
Prince Rupert, B.C.:

Dear Sir,—In response to the request made during your visit to Victoria a short time ago and of your favor to me of November 14, the executive council has very carefully reconsidered the proposal set out in previous correspondence that the Government guarantee the present bond issue of the City of Prince Rupert of \$1,000,000 for various public improvements.

The conclusion arrived at is that the Government must adhere to the decision already reached and set out in the communication of the provincial secretary to yourself on September 16, 1913, that the province cannot enter into any undertaking to guarantee the securities of municipalities and that similar requests made by other municipalities have been refused.

Hon. Mr. Ross Reported.

In the month of August the Minister of Lands, as you will no doubt remember, visited Prince Rupert and made a personal investigation of conditions there, but was unable to report that any urgency existed.

The Government, fully recognizing the important position of Prince Rupert, has made large expenditures there to the extent of \$754,576.40 for public works, such as buildings, dock facilities, streets, sewers, etc., and preliminary work is in progress on the new Court House, estimated to cost between three hundred and three hundred and fifty thousand dollars, as set out in the annexed memorandum and also has granted sites for school purposes, as well as consenting to the execution of conveyances and leases of other parcels of lands for reservoir and waterworks, public parks and other public requirements, as also set out in the memorandum herewith attached, at an estimated value of \$182,670.00. The province has also advanced to the city at various dates for sewers, waterworks, fire protection and electric lighting, the sum of \$124,439.55 as in the appended memorandum.

As already stated, however, in view of the policy adopted in the case of other municipalities, and the report of the Minister of Lands, I regret that the Government is unable to entertain your proposal.

Yours very truly,
(Signed) RICHARD McBRIDE.

MEMORANDUM.

Victoria, Dec. 2, 1913.

There has been Crown granted to the City of Prince Rupert (July 18, 1910) lots 19 to 24 inclusive in Block 6, Section 6, for school purposes, the sale value of which was... \$ 2,670.00

Lots 19 to 28 inclusive in Block 7, Section 4, for school purposes (August 17, 1911) the sale value of which was... 5,000.00

Block 24, Section 6, for school purposes (August 17, 1911) the sale value of which can be placed at... 50,000.00

Quarter Interests.

In addition to these specific grants, in connection with the taxation agreement between the city of Prince Rupert and the Grand Trunk Pacific Railway Company the Government, as the owner of a one-quarter interest has consented to the execution of 999 year leases with nominal rentals of 42 other parcels of land. By this agreement the city secured all the lands required for reservoir and waterworks purposes, for public parks, for cemeteries, for public buildings and for recreation grounds. These 58 parcels dealt with by conveyance and lease constitute portions of the townsite that have not been subdivided so that their area cannot be readily calculated and the values ascertained, but at the time of the agreement the value placed upon the same by the Railway Company was \$500,000 so that the Government's proportion becomes... 125,000.00

Total... \$182,670.00

Re Prince Rupert City

The amount owing by the above corporation to the Government on October, 31st, 1912, was... \$124,439.55

To which should be added interest at the rate of 4 per cent. per annum to, say, October 31, 1913... 4,977.58

\$129,417.13

Public Works Expenditure, Prince Rupert, 1908-09 to 1913-14 to Date.

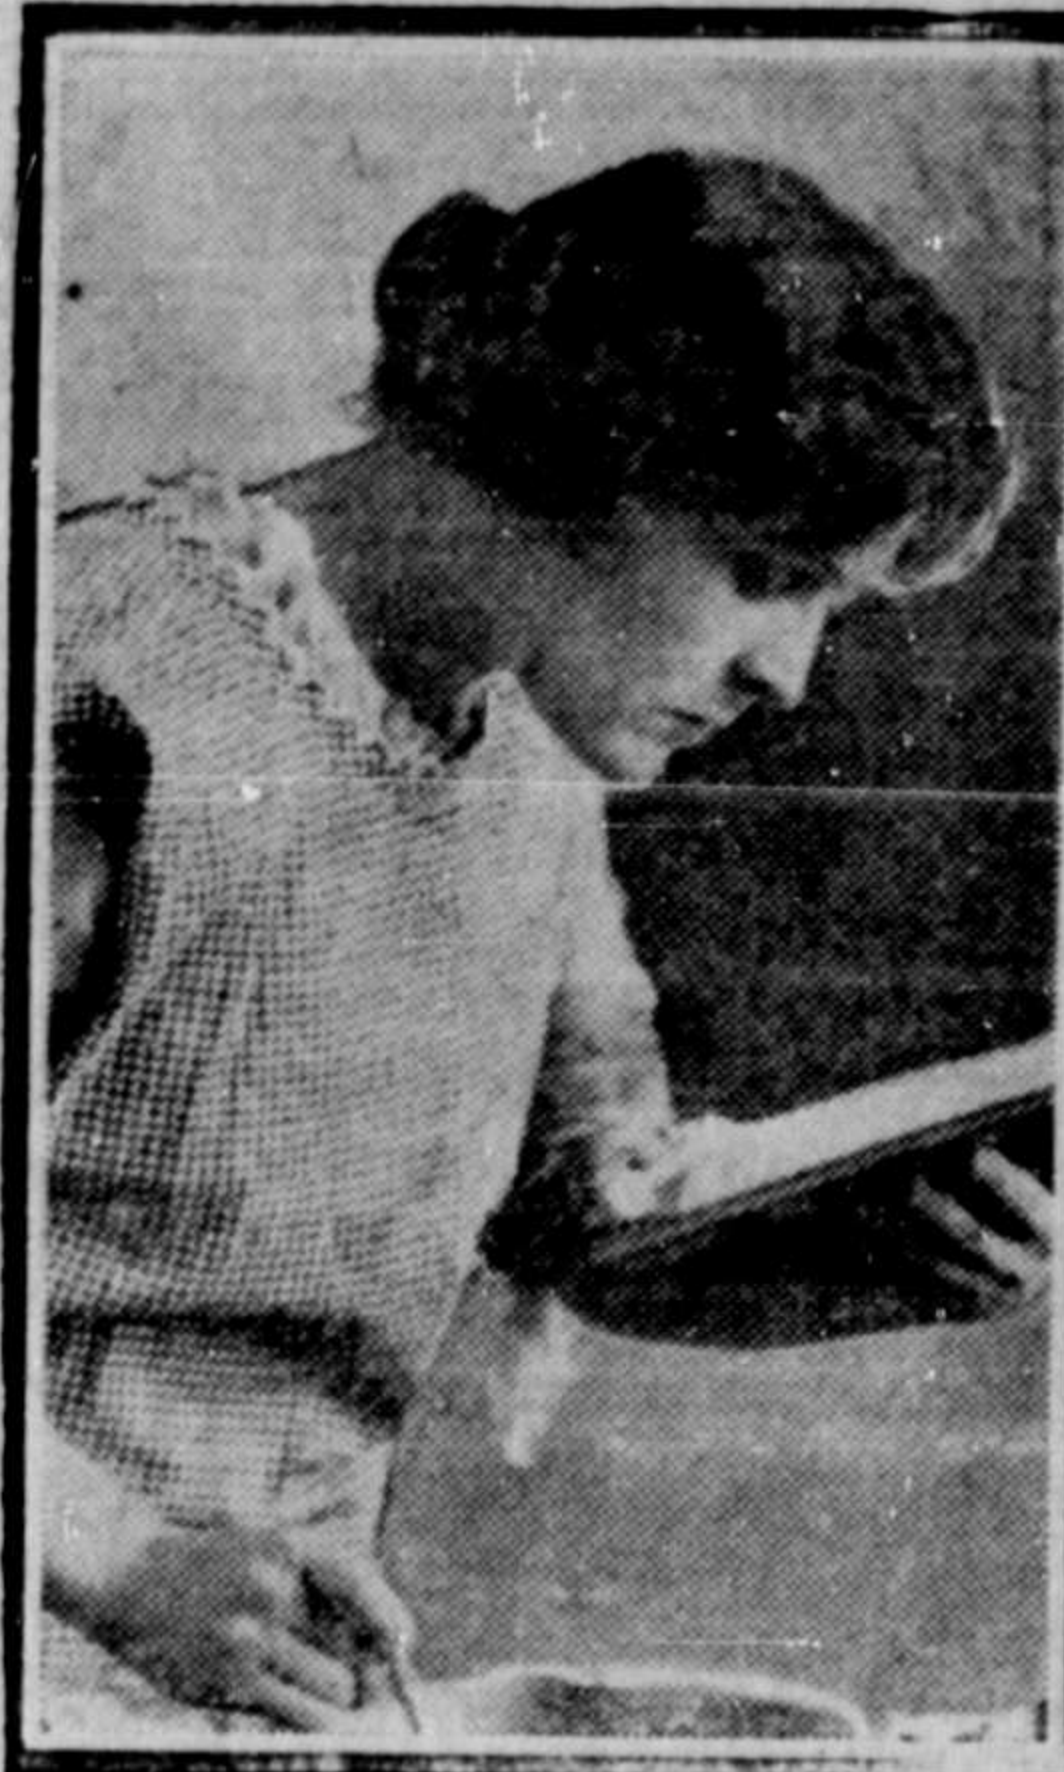

SUMMARY.

Construction of roads, sewers, etc.	\$324,725.13
Waterworks	94,485.37
Fire protection	2,917.10
Electric light	4,986.45
Sewers (city act.)	2,844.58
Interest, etc., Prince Rupert City	19,206.05
Wharf, seawall, approach and shed	196,247.28
Government buildings	42,297.27
School buildings	40,406.87
Grading site for new court-house	14,957.43
Furniture Govt. offices	6,364.18
Govt. grounds	5,098.04
Gaols and lock-ups	40.65
Total	\$754,576.40

Preliminary work is now in progress on the court-house which is estimated to cost between three hundred and three hundred and fifty (\$350,000.00) dollars.

No Gift Is More Universally Acceptable Than

Perrin's Gloves

See that the celebrated trademark, as shown in illustration, is on every pair of gloves you buy.

This trade mark assures perfect Style, Fit and Finish.

THE ROAD TO THE RIGHT.

YOU'VE met at least one of those few good old souls, who are constantly getting the worst of it when shopping, who don't believe in advertising. A hundred disappointing and instructive experiences have failed to teach him their plain lesson.

When he bought his first watch he was beguiled into buying one without a known name or a trustworthy guarantee. That watch—a poor timekeeper—cost him dearly by reason of missed appointments and missed trains, and for frequent repairs. Yet he paid the price of a good watch.

It is the same story with regard to his underwear, his shoes, and his fountain pen.

This good old soul's case is not unique. Many of us, if the truth be confessed, resemble him; we allow ourselves to be sold merchandise with an unknown brand or trade mark instead of buying merchandise which is well known to us through the medium of advertising. In slang language, we get "stung" pretty often.

In most of these cases we have ourselves to blame, for "the road to the right" thing to buy has been made plain by advertising.

There is no good reason for passing by the known thing, soundly guaranteed, to buy a dubious article, which, quality for quality, cannot be cheaper than the known, branded article.

"It is better to be sure than sorry."

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

I TOLD YOU SO!

The Good Judgement Used by

CAPT. and MRS. GILMOUR, Pioneer residents of Prince Rupert, has brought them one of the best investments ever offered to the general public of Prince Rupert, for the money invested—the rooming house I had advertised in this paper for sale. **CAPT. GILMOUR** is a very shrewd and conservative business man and I consider it quite a compliment to myself to have him purchase the house, and it shows that my judgment in selecting "only real bargains" for the public of Prince Rupert is being accepted by the business fraternity of the city, so henceforth in looking for real "snaps and solid conservative investments," that will give you a good income be sure you look up the Wm. G. Young Inv. Co.'s "AD" published in all the daily papers, and read them over carefully (as your turn might be next and you don't want to let it slip by) as there will be a real bargain and a big money making proposition in them for the real live-awake man or woman, and on easy terms also. Wishing **CAPT. and MRS. GILMOUR**, the greatest success possible, I remain

Sincerely Yours,

WM. G. YOUNG

of the Wm. G. Young Inv. Co.

LOCAL NEWS ITEMS.

Mr. and Mrs. C. A. Smith left last evening for Juneau.

Mr. and Mrs. A. W. Agnew, have returned home after a visit in Alberni and Seattle.

The funeral of the late Leo. Curtin was held from the R. C. church this morning at Fairview.

Mrs. C. B. Peterson, who has been visiting her parents in Vancouver, returned home this morning.

The Amur sailed last evening for the south. She took twelve car loads of fish from the Cold Storage.

The opening meeting of the Presbyterian Literary Society will be held tonight. Mayor Patullo will preside.

Capt. Nicholson, general manager of the G. T. P. steamers, is expected in Rupert soon. The Captain has not been here in nearly six months.

Mr. A. J. Morris has leased through the Continental Trust Co., the Barney Johnson residence on Fifth Avenue, and will move in immediately.

Archie Paterson, of H. M. Customs, who has been on official work at Union Bay, is in the city en route to Skagway, where he will spend the winter.

Bill Willard, a well known character around town, will eat his Xmas dinner at the expense of the city. He was sent up for 60 days as a vag. yesterday.

Miss Gladys Bressler and Master Bressler of San Francisco, who have been guests of Mr. and Mrs. F. C. Wright of Graham Island, are now en route home.

Mr. F. S. Backus left yesterday for San Francisco, where he has business interests, which will keep him there a couple of months. He will return to Prince Rupert in February.

THE LOST ARE FOUND

Exciting Hunt in Motor Boats for Missing Hunters

Thomas McMeekin and John Toomire took luncheon, dinner, supper and breakfast all at the same time last yesterday afternoon, and declared it was the finest meal they had ever eaten. It was the first since breakfast on Sunday morning.

Three motor boats, one under the command of Capt. H. B. Eastman, another commanded by George Frizzell and the police boat navigated by Capt. Doolittle, had a thrilling race up Tucks Inlet after the missing hunters. The Eastman vessel, with a heavy cargo of provisions, discovered the missing hunters on the shore and at once slacked the thirst of the marooned and fed them.

They said the night had been a fierce one. They soon used up all the matches and having no fire they walked about in their drenched clothes all night long in order to keep from dying of cold. With a chicken sandwich in one hand and a bottle in the other Johnnie Toomire nimbled "My, but it was fire."

PUBLIC MEETING

A meeting will be held at the Swedish church hall, at the corner of 8th and 9th Avenues, Section 6, on Thursday, the 11th inst., at 8 p.m. The object is to select candidates for Mayor and Aldermen for the coming civic election in opposition to the present council.

The Hydro-Electric proposition will come up for discussion. By request of many,
289 H. E. GAMPP.

MAYOR REFUSES INVESTIGATION OF NATIONALITY

Rules Motion in Police Commissioners Meeting Out of Order

"I rule that motion out of order," said Mayor Patullo at the tail end of the Police Commissioners' meeting yesterday afternoon.

"I think it is a great mistake. Here we are spending hundreds of thousands of dollars to bring foreigners to our city and this country and it is a great mistake to be investigating the nationality of the holder of every petty little office and job. It makes me indignant."

This speech was made with some evidence of feeling.

It was in response to a motion offered by Commissioner Tom Maitland and Commissioner McColl, asking for the Chief of Police to bring in a report showing whether or not the holders of barkeepers' licenses were British subjects.

These licences are under the jurisdiction of the licence board. The subject was broached by Commissioner McColl, who asked the question. No one knew the answer, which prompted Commissioner Tom to say:

"Do you want a report on it?"

"Yes," from Com. McColl.

"Well, I'll move that—"

But the mayor broke in on him and declared the motion out of order.

The only business of the session was to pass the Chief's report and the monthly accounts.

COST OF POWER

Under Proposed Agreement Between City and Hydro-Electric Co.

The net cost to the city of the power under the proposed agreement would be as follows:

For 500 horse power or less, \$53.52 per horse power a year.

For 500 horse power to 1,000 horse power, \$41.85 per horse power a year.

For 1000 horse power to 1,500 horse power, \$38.71 per horse power a year.

For 1,500 horse power to 2,000 horse power, \$32.16 per horse power a year.

For 2,000 horse power to 2,500 horse power, \$31.68 per horse power a year.

For 2,500 horse power, \$28.75 per horse power a year.

These prices include fixed charges on transforming and distributing and loss of power in stepping it down.

First Habeas Corpus

The first habeas corpus case to come up in Rupert is being heard today before Judge Young. It is an application to show cause why Wm. Shannon, sentenced to six months for selling liquor, should not be discharged. Shannon committed the offence at Decker Lake which is in Cariboo County. The trial was in Atlin County and while the magistrate has jurisdiction in both counties, the point is whether he had a right to try a Cariboo case in Atlin.

Christmas Gifts for Men

What can you buy a man for a Christmas gift? It is a query which many people make. Yet the problem is an easy one. Just step into Martin O'Reilly's, on 3rd Avenue. You will find it one of the nicest men's stores you ever entered and in it is a stock which would do credit to a large city business. There are Xmas suggestions galore—articles the men and boys like and find useful. You can buy something for a few cents or as high as \$25.

For instance there are club bags and suit cases, fitted with toilet articles. Some of them are ladies' bags. Then there are handsome smoking jackets, bath robes, silk mufflers, silk and Fowne's gloves and all the per-mannish designs. In smaller articles, are silk and linen handkerchiefs; hole-proof silk hose, three pair to a box. Christmas neckwear, sets of hose, hose supporters and neck tie, suspenders. All of these articles are in pretty individual boxes for Christmas. Some of them are in sets. Besides are such articles as Fowne's glove and all the per-quisites of men's attire.

It is a good place to do your holiday gift buying.

PORT EDWARD WATER WORKS COMPLETED

Sufficient to Supply Industries and a Population of 10,000 People

Today sees the completion of the system of water supply at Port Edward, on which contractors have been at work for the last three months. The President of the Dominion Wood Pipe Company, of New Westminster, left Port Edward ten days ago after having superintended the laying of the wood stave wire wound pipe furnished by the company. The size of pipe used ranges from 16 inches in the mains to eight inches in the laterals.

The present installation includes a dam on Wolf Creek, a main extending along the creek and down Harrison St. to 1st Ave., and laterals the full length of 1st Ave., at a cost of approximately \$25,000. It is sufficient to supply industries along the water front as well as a population of over 10,000 people. The Port Edward Townsite Company has now spent approximately \$125,000 in improvements on its property.

COUNTY COURT CASES

The regular sitting of the county court before His Honor Judge Young took up several cases yesterday.

The appeal on the case of Rex vs. Shannon was dismissed, the judge ruling that the court had no jurisdiction.

The date will be fixed later for the hearing of the five cases against the B.C. Fisheries.

McDonnell vs. Vandall will be heard at the next court.

Sharp vs. Flewin. Date to be arranged.

Baker vs. Swain, next court.

Lake vs. Stewart. This was an application to be put on the list. The application was granted and the date will be arranged.

"Just the Thing for Dad"

THAT'S what you will say when you come to the Pipes and other things in our Gift Book "For the man who smokes."

Can't you imagine "Dad's" appreciation when he opens "the parcel from Ryrie's" and finds the Pipe he has always dreamt about, but would never have bought for himself.

Dad's wants are not the only ones fully provided for—from "Baby" to "Baby's Grandmother," no one has been overlooked. It is just a case of picking out what is most suitable in each case.

If you haven't received this Gift Book, don't try to do your Christmas shopping this year without it. Just send us a post card, asking for our Gift Book—it will go forward to you by first mail.
