#### DAUGHTERS OF THE EMPIRE GAVE CHRISTMAS DANCE

BRILLIANT SOCIAL GATHERING LAST EVENING PART OF  
HOLIDAY FESTIVITIES

The Daughters of the Empire gave one of their regular dances last evening in the rooms of the St. Andrew's Society, which were prettily decorated with evergreens, the Union Jack and the Scottish Standard.

Mrs. Robertson acted as convener and light refreshments of a dainty and appetizing character were served. The supper table was gay and bright with a Christmas tree as centre piece, holly and crimson ribbons completing the decorations.

Werner's Westholme Orchestra was responsible for the excellent music, the splendid time being remarked upon.

The singing of the National Anthem just before the interval by the guests massed under the Union Jack was a feature of the evening.

The officers of the order were represented by Mrs. J. C. McLennan, regent, who was gowned in a most handsome dress of chiffon embroidered in tango shades over satin. Miss Martin, secretary, wore a stylish veil rose crepe meteor gown. Miss Du Vernet, treasurer, looked well in pink satin.

Several beautiful dresses were worn by the ladies who attended, the most noticeable being:

Mrs. H. B. Cambie had gold tulle over satin with fur trimmings.

Mrs. Tremayne, cerise satin over handsome lace flounce.

Miss Enoch, delft blue with swansdown and pale pink rosebuds.

Mrs. S. P. McMordie, white satin, handsome gold embroidered overdress.

Mrs. Hugh Dunn wore a maize-colored satin with handsomely

embroidered overdress that suited her to perfection.

Mrs. A. M. Manson, soft black satin with fine lace and net chemise.

Miss Beckwith looked very pretty in a soft white gown of chiffon and pale pink roses.

Mrs. Carss brought her young daughter, who was daintily gowned in palest pink.

Mrs. George Sweet, white satin and chiffon.

Mrs. George Frizzell, shell pink and overdress of nixon.

Miss Maby Jennis, primrose satin with fringed nixon overdress.

Mrs. H. F. McTae wore a very artistic gown of flowered nixon with soft peach blossom girdle.

Miss Fisher, Dresden chiffon over lavender silk.

Among the many other ladies present were the following: Mesdames Handasyde, Helgerson, Herman, Clayton, Williams, and Evans, Misses Davis, C. A. McKenzie, Kinkade, Taylor, Sylvia Jennis, Morrissey, King, and Sullivan.

The gentlemen present included Messrs. Vidler, Wilson, Miles Henderson, J. C. McLennan, A. M. Manson, H. F. McTae, Tooker, S. P. McMordie, James Russel, Archie Russel, Helgerson, Noble, W. B. Clayton, H. B. Cambie, W. T. McFarlane, Kohl, Reedy, Herman, Kissick, McGee, Tobey, McCaffery, Rogers, Gidley, Adair Carss, Golden, Sweet, Sinnell, Lang, Edwards, Miller, Harris, G. P. Little, J. Scott, J. P. Roach, Dennison.

Mr. Hugh Dunn was a most efficient master of ceremonies and stated that over \$100 had been taken.

#### STEEL WORK STARTS AT DRY DOCK TODAY

Over 200 Men Now Working on  
Big Undertaking—Chimney  
Up Sixty Feet

Today Contractors Poole and Dean started the steel work at the new dry dock. The first pieces are the pillars for the foundry building and these are now going up.

The dry dock site today presents a busy scene. There are over 200 men at work on construction, besides those employed by Contractor McDougall on rock excavating.

The big cement chimney is now up 60 feet. It has to go up to a height of 185 feet, so that there is two-thirds of the work on that yet to do.

General Manager Crowell is now preparing skidways for the working floats which will be constructed soon.

The result of the drawing for the \$100 Victrola is that ticket 599 wins, with ticket 631 second place and 3858 third place. McRae Bros.

#### FISH CURING INSPECTION BY FISHERIES DEPT.

Dominion Government Adopts  
Suggestion Made in Prince  
Rupert Some Time Ago

Ottawa, Dec. 26.—The department of marine and fisheries is drafting an act to provide for a rigid government inspection of cured fish from the standpoint of pure food. The present time act provides for the inspection in the factory of all fish cured, but the sanitary aspect has been neglected. The inspectors to be appointed under the new act will insist that the packers adhere to rigid lines looking towards more sanitary conditions.

This suggestion was made in Prince Rupert some time ago and the undertaking is one very much needed. It is not only a protection for the buyers of the fish but for the industry itself. There will be practically no opposition to it from the packers if the regulations are reasonable and practical.

#### MONTREAL IS DRY WATERWORKS BREAK

Will Be Water Famine for Many  
Days in Spite of Best  
Efforts

(Special to The Daily News.)  
Montreal, Dec. 27.—The manufacturing and down town sections of this city are without water owing to a break in the main at the intake from the St. Lawrence at Vernon. The water department is making every effort to repair the damage but a water famine for certain portions of the city is sure to last for several days.

#### Fisherman Caught Diver

Deaf Bill, the fisherman made a record catch yesterday. He has been playing in hard luck lately, usually getting a boat load of tommy cod instead of the more profitable variety. Yesterday when he hauled his trawl he got a long diver duck. This was a new experience for an old fisherman and he was congratulating himself with being pretty handy with a trawl when he could get a duck. Later he discovered that the duck had a string on him and was tied to a pile near the shore.

#### The Ill-fated Jeanie

The steamer Jeanie, which was wrecked off Cabinet Island and now lies in Safety Cove, has been turned over to the salvagers, but very little can be done with her.

The Jeanie was the vessel which rammed and sunk the little Sound passenger steamer Dix about seven years ago off the West Seattle bell buoy, resulting in a loss of 54 lives. The sailing craft bow of the Jeanie struck the upper works of the Dix, turning her over on her side, and she sank in a few minutes in about 600 feet of water. The Dix was on her way from Seattle for Port Blakeley.

#### Stole the Bait

"These pesky sea gulls are getting too darned cheeky," said a well known fisherman on the waterfront this morning. "Yesterday while I was unloading my halibut about a thousand of them swarmed down on my boat and carried off the pail of bait. I was within twelve feet of it but couldn't save it."

Monday the 29th, commencing at 8 p.m., Christmas tree entertainment to be given by the children. Admission free. All are welcome. Held in Salvation Hall.

#### MIKADO WAS GUEST AT CITY'S EXPENSE

Police Headquarters Had Inter-  
esting Visitor Over Night—  
Numerous Drunks

About 5:30 last evening Constable Shields found a dead drunk on Second Avenue. The man was unable to move though he still had life enough to proclaim himself Emperor of Japan. Officer Shields promptly appointed himself commander of the bodyguard and called on both the right and left wings to come into action. Some time after his imperial majesty was put aboard the five-seat royal coach and transported to Hotel de Vickers, where he spent a quiet night without refreshments.

The chamberlain found ten cents, a pocket knife and a Japanese toothpick in his highness' clothes. This morning he was presented to the lord chief justice and paid ten yen for the introduction. The mikado paid up and went away smiling, after having signed the register at Charles Fukui. He is the first Jap to enjoy the privileges of the Hotel de Vickers and his rank probably had something to do with it.

#### GIRLS TOLD TO KEEP MONEY IN STOCKING

Assistant Labor Commission  
Gives Instructions for New  
Arrivals in Cities

Chicago, Dec. 26.—A list of instructions for the girl who comes alone to a big city was set forth today by Mrs. Nan Sperry, assistant labor commissioner of Missouri, at the convention of the Association of Public Employment Offices. As a preliminary she advised girls not to come to cities unless it cannot be avoided. Other instructions are:

"If you must come, don't ask any stranger for information."

"Find a policeman, go to a police station for information, or go to the Y. W. C. A. or some place that is known to you."

"Have money enough for at least a month."

"Keep your money in your stocking; it is safer than a pocket."

"Beware of the stranger who offers to guide you or carry your grip. Maybe he has horns under his hat."

#### NEW PARTY APPEARS IN FRENCH POLITICS

Briandist Organization Gaining  
Great Strength—Will Draw  
From Radicals

(Special to the Daily News)  
Paris, Dec. 27.—The new political organization of the Briandist party is daily gathering strength. They have at present in their ranks 105 Republican senators and members of the chamber of deputies. The party is also expected to draw several members from the left wing who are unable to support the newly organized Radical party.

#### HUNGRY IDLE MEN STORM RESTAURANTS

Led by Members of I. W. W. Two  
Gangs Refuse to Pay for  
Food

Portland, Dec. 25.—Two restaurants were stormed today by gangs of men led by I. W. W. leaders, who announced that they were without money and must be fed.

In the first case fourteen men, led by C. F. Howard, marched into a cafeteria, ate a substantial meal, and then announced they could not and would not pay. The manager hailed a passing policeman and the crowd scattered and ran. The officer caught and arrested Howard, Tony Risted and G. A. Nelson, who were locked up on a charge of disorderly conduct.

Late this evening forty men walked into a Washington Street restaurant and demanded to be served, saying "Mayor Albes will pay for it." Twenty police reserves were summoned, and after a stormy scene, the men were ejected. No one was arrested. The men threatened to repeat their exploits at other places, and police guards are posted at many

#### Presbyterian Services

Every year a Christmas musical service is held in the Empress Theatre. Special efforts have been made this year to make this event one of the most impressive yet held. It will be given tomorrow evening under the direction of Mr. J. E. Davey, and will begin at 7:30 o'clock. Mr. W. Scott, whose singing was greatly appreciated one Sunday evening some weeks ago, has arrived from Terrace and will take part in both solo and anthem work tomorrow evening. Everyone is cordially invited.

Mr. Scott will also conduct morning service in the Presbyterian Hall at 11 o'clock.

#### NEW YORK GALE BLOWS NINETY MILES AN HOUR

MILLION DOLLARS OF DAMAGE TO PROPERTY—DOZEN MEN  
DROWN—GREAT WAVES BREAK IN BULKHEADS

(Special to The Daily News)  
New York, Dec. 27.—A terrible storm swept this city yesterday causing immense damage. Two men were drowned in the East River and a barge with a crew of ten is given up as lost, as a re-

sult of the gale. Property damage amounts to over \$4,000,000, due largely to bulkheads giving way under the onslaught of tremendous waves, lashed into fury by a gale which at one time reached the velocity of 90 miles per hour.

#### CALUMET CITY AUTHORITIES DEPORT PRESIDENT MEYERS

HE CHARGED MEMBER OF CITIZENS' ALLIANCE WAS RE-  
SPONSIBLE FOR CHRISTMAS TRAGEDY WHEN  
SEVENTY LIVES WERE LOST

(Special to the Daily News)  
Calumet, Mich., Dec. 27.—Great excitement has been created here as a result of the recent panic when 70 persons lost their lives. President Meyer of the Western Federation of Miners made a charge that the man who started the panic by calling

"fire" were the badge of the Citizens' Alliance. The authorities immediately demanded a retraction of his statement, which he flatly refused. Accordingly he was laid hold of and placed on board a train and deported out of town, and ordered to keep going.

#### Who Knows Him?

A letter has been received at this office from the Dominion immigration office enquiry for one Ulbe Sceparda, whose last address was Mile 102, B. C., care of Burns & Johnson, via Edmonton. Any one knowing of his whereabouts would confer a favor by communicating with Mr. R. J. Reid, Immigration Branch, Vancouver, B. C. 303-313

#### Mostly Drunks

#### NIGHT SCHOOL OPENS MONDAY, JANUARY 5

Fifty Pupils Have Signed Roll—  
T. A. McMartin Will Be  
Teacher in Charge

At a meeting of the public school board held yesterday afternoon arrangements were made to open the proposed night school on Monday evening, January 5. Two of the class rooms at the public school will be made ready for the work. It is necessary to put in electric lights.

The board opened applications for the position of teacher and accepted that of T. A. McMartin, B. A.

There will be about fifty on the register and as the number may increase it is possible that another teacher may be engaged.

The school is free under the regulations of the provincial school department.

DAILY EDITION

Saturday, Dec. 27, 1913

Ex-Mayor Newton has always been noted for his mental density. Many of the citizens will remember the tirade he made against a former council because they decided the city into two wards, he maintaining that the ward system was an evil thing that should not be countenanced. When this matter was sifted down it was found that the Municipal Clauses Act specified that the council had no other option. Even then Mr. Newton continued to abuse the council because of their action.

From that day to this the citizens will well remember that the same Mr. Newton has adopted a policy of attacking his opponents without making any attempt of getting at the facts. Honest criticism is always welcome and justifiable, but the criticism of a man who has not brains enough to grasp an issue or who refuses to receive enlightenment is despicable in the extreme.

Let us now look at his criticism of the work done in Section 2. He attacks the council first because the work was done by contract; in the second place, because the price paid was too high, and in the third place because the minimum wage clause was not inserted. On all three counts it can be shown that Mr. Newton either wilfully misrepresents the facts or is entirely ignorant of the first principles of understanding. The public is entitled to accept the more charitable of the two.

What happened in Section 2 was this: The organized property owners of that section had been persistent in their de-

mand for improvements. The council had repeatedly told them that the only chance was for them to finance the scheme themselves. When they had arranged for this the council promised to handle the legal end of it. Accordingly they went to work. They soon found a contractor who was willing to undertake the work and who would accept very easy terms of payment, extending over three years.

Having this arranged, the property owners approached the council. They asked that body to call for tenders for the work. Every cent of the cost was to be borne by the property owners of Section 2, and was guaranteed by every lot in the district. The council did as they were bid and it so happened that only one person was able to accept the offered terms. Perhaps the price paid was a good one, but then both parties to the deal were satisfied, and when both parties to any deal are satisfied what business has any outsider got to interfere?

But why was not the minimum wage clause inserted? For a very good reason, and that because the contractor in question would not agree. The property owners of Section 2 had either to do without developments or to agree to a contract untrammelled by any conditions.

How very different this looks from the case that Mr. Newton would like to make. He would place the odium for everything on the council, who had absolutely nothing to do with it. This is a fair sample of the oppositions logic, and it should not take long for the ordinary citizen to see through it.

## RECRUITS FOR THE BRITISH CANADIAN SHIPS

When addressing the Canadian Club recently, Hon. P. T. McGrath of Newfoundland, said Newfoundland could provide the sailors for Canada's ships if they were needed. The above illustration, showing the rugged fishermen of Newfoundland signalling from the crags to some ship in distress off their coasts, shows the reason for Mr. McGrath's assertion.

## KING BOWSER CLAIMS HE IS NOT DEPOSED

B. C. STILL HAS RIGHTS IN FISHERIES — WILL CONTINUE TO COLLECT LICENSE FEES AND RETAIN MONOPOLY

"The powers exercised in the past by the Provincial Fisheries Department have been in no wise curtailed by the recent judgment of the Privy Council, pronounced by Lord Haldane, following an appeal from the Supreme Court of Canada in a reference made to that tribunal under an agreement between the Province and the Dominion."

The above statement was made by the Hon. W. J. Bowser, Commissioner of Fisheries for British Columbia, who has just received and advance proof print of the judgment.

"We have always recognized the fact that the power of regulation was vested in the Dominion under the British North America Act," said Mr. Bowser. "In the fisheries case of 1898, the Privy Council decided that, while the right to regulate was transferred to the Dominion at Confederation, the property right in the fish was retained by the province and was still vested in it. We have always differed about the exact definition of the two jurisdictions, and the present judgment removes some of the difficulties."

"Pending settlement of this case, the sole right exercised by the province, under its powers of direct taxation, has been that of raising revenue by the collection of licenses, and in the present judgment the law lords have been careful to avoid expressing an opinion or judgment which would limit our right to tax those engaged in fishing, whether in tidal or non-tidal waters. This we shall continue to do."

"This judgment, summed up, decides that the province possesses the property rights in the fish and fisheries above tidal waters, whether rivers are navigable above that point or not, provided, of course, that the beds

of the rivers are not in the railway belt and owned by the Dominion. In tidal waters there is no property right vested in either the Dominion or the province, since, under Magna Charta, this fishing was a common right of all the people. The Dominion and province may impose license fees, but exclusive privileges, the guise of regulation, cannot be given by the province."

"The judgment further decides that with the transfer of the solum, or property rights, in the lands of the railway belt to the Dominion, the fisheries passed with these. In other words, that our ownership of the fisheries above tidal waters does not include the ownership of fisheries within this belt, since we transferred our property rights to the Dominion at the time of the union."

"The question of the ownership of the fish in our great rivers and lakes in the province which lie outside the Dominion zone (lying twenty miles each side of the C. P. R.) is not disturbed, as these fish are unquestionably owned by the province."

"We shall continue to collect license fees from those engaged in fishing, and the money realized will be devoted, as in the past, to the encouragement of the fisheries. The work of the provincial fisheries department will be expanded instead of being curtailed. I may state that the value of this work is recognized both by those engaged in this industry and by the Dominion department as well. We have retained scientists to work out the life history of important food fishes, to chart our shell fish beds, and to study animal life which is inimical to fisheries. We have been enabled not only to give valuable service to the Dominion in this direction, but

to place in the hands of the canners and fishermen information of great value to them in their industry and business.

"In passing, I may say that the validity of our Canneries License Act has never been mentioned or attacked, and that under it we possess wide powers which we shall continue to exercise, with the result that no one can operate a cannery in this province unless he has received a provincial as well as a Dominion license."

### SIR WILFRID LAURIER A GUEST OF HONOR AMONG HIS POLITICAL OPPONENTS

Principal speakers at unique non-political gathering at Toronto on Tuesday, December 16. Canadian and University figures at Laurier-Varsity banquet. Of the seven figures in the picture, Professor Delury, toastmaster, President Falconer, and Sir William Ralph Meredith, the Chancellor, are all strong Conservatives, the latter being formerly leader of the Ontario Conservatives. Hon. W. J. Hanna is Provincial Secretary in the Laurier Administration. Sir William Mulock was formerly Postmaster-General in the Laurier Administration. The University College "Lit" honored Sir Wilfrid Laurier in Convocation Hall, Toronto, when the society celebrated its diamond jubilee. Graduates, undergraduates, and friends of the University, 600 in number, were present. This was the largest dinner in the history of the University College. Ten years ago Sir Wilfrid attended a similar function, but has not paid a visit since.

## SALMON AND COD FISHERIES FOUND IN HUDSON BAY

NEW FISHING WATERS TO RIVAL PACIFIC INDUSTRY REPORTED BY DOMINION FISHERIES DEPARTMENT—RUPERT MAN INTERESTED

Ottawa, Dec. 25.—A new and virgin fishing area, rich in the possibilities not only of the millions it may produce, but also of the employment it will afford the native population of the surrounding country, has been found in the waters of the Hudson Straits, according to a report which has been made to the marine and fisheries department by Dominion Fisheries Officer Tanner. Its salmon catch particularly may yet rival that of British Columbia.

Mr. Tanner made an official patrol of the region from the fall of 1912 to that of the present year. He reports that:

"The waters of the Hudson Straits, so far as fisheries are concerned, may be regarded as a virgin area, and thorough investigations show that there are plies of valuable fish which could be made of great market value and are well worth development. The difficulties to be encountered are the sparse population and the lack of fishermen, and the short season, which would necessitate all the work being done in a short time.

"These difficulties can easily be overcome," says Mr. Tanner, and he proves this by citing the case of British Columbia, which, in spite of a former limited population and a short season, could now boast of a total salmon catch of over \$10,000,000.

"From a commercial standpoint," he observed, "the cod is the most important fish, and no regular cod fishing is being carried on. There is no limit to the quantity of codfish, a few loads of which are garnered by the Newfoundland vessels, which come up every year. The weather is perfect for fishing, but not so favorable for drying them on the spot. The catches, however, can be salted down and taken home to the curing places, just as is the practice of the Lunenburg fleet. As this is deep sea fishing, no doubt a bounty could be authorized during the first few years when the industry is in the first stages of development. The

sum of \$160,000 per annum is available.

"There are probably about 500 Eskimos, who could be available as practised fishermen if the project of utilizing these cod fisheries were carried out and white men appointed to superintend the operations. I am of the opinion that Eskimo fishermen and women would be far more reliable than the Indians of the Pacific coast. Wherever wages are offered they are found to be the best and most reliable workers to be obtained, and as they are all British subjects and residents in territory belonging to the Dominion, they would be entitled to the benefits of the Fish Bounty Act."

Mr. Tanner recommended Port Burwell as the best centre for the proposed fishing industry, which would be conducted mostly by baited trawls during a period of from eight to twelve weeks. He then goes on to point out that there are three kinds of salmon in Hudson Straits, including the true sea salmon, and a salmon trout superior to the best Pacific salmon. During the summer months these fish are plentiful along the shores on the coast of Baffin Island, as well as on the south shores.

"There is a great future for a profitable industry if the enterprise is pushed forward by practical men," the report continues. "The cost of the fish is really nominal, and the price retailed in the market for these pickled salmon would be more than double the cost. The supply is unlimited, and the price, if the fish were promptly handled would, without question, equal that of the best frozen salmon now retailed at 15 to 20 cents per pound."

It is also pointed out that the seal and white whale industries are capable of being better utilized.

Mr. Collins of the big gold storage plant here is also interested in Hudson Bay fisheries prospects. Last year he organized a company in Toronto to prospect the fisheries of the

Hudson Bay waters. This syndicate financed a fishing steamer to prospect the whole summer in Hudson Bay for fish. It was manned by practical men and sent in with heavy supplies. The results of the investigation of this outfit are not yet known.

#### The Two Bridges

Among the numerous handsome calendars being distributed this year is one from the Omicron Herald with a colored photograph of the Bulkley River canyon and the two bridges at Haguelt. The one bridge is the high level suspension structure just finished and the other is the old Indian bridge. The picture is printed by the three-color process and the fish is in natural colors. As a bit of printer's art it is a credit to the Herald.

### I'm the man who puts Uniformity into ROYAL STANDARD

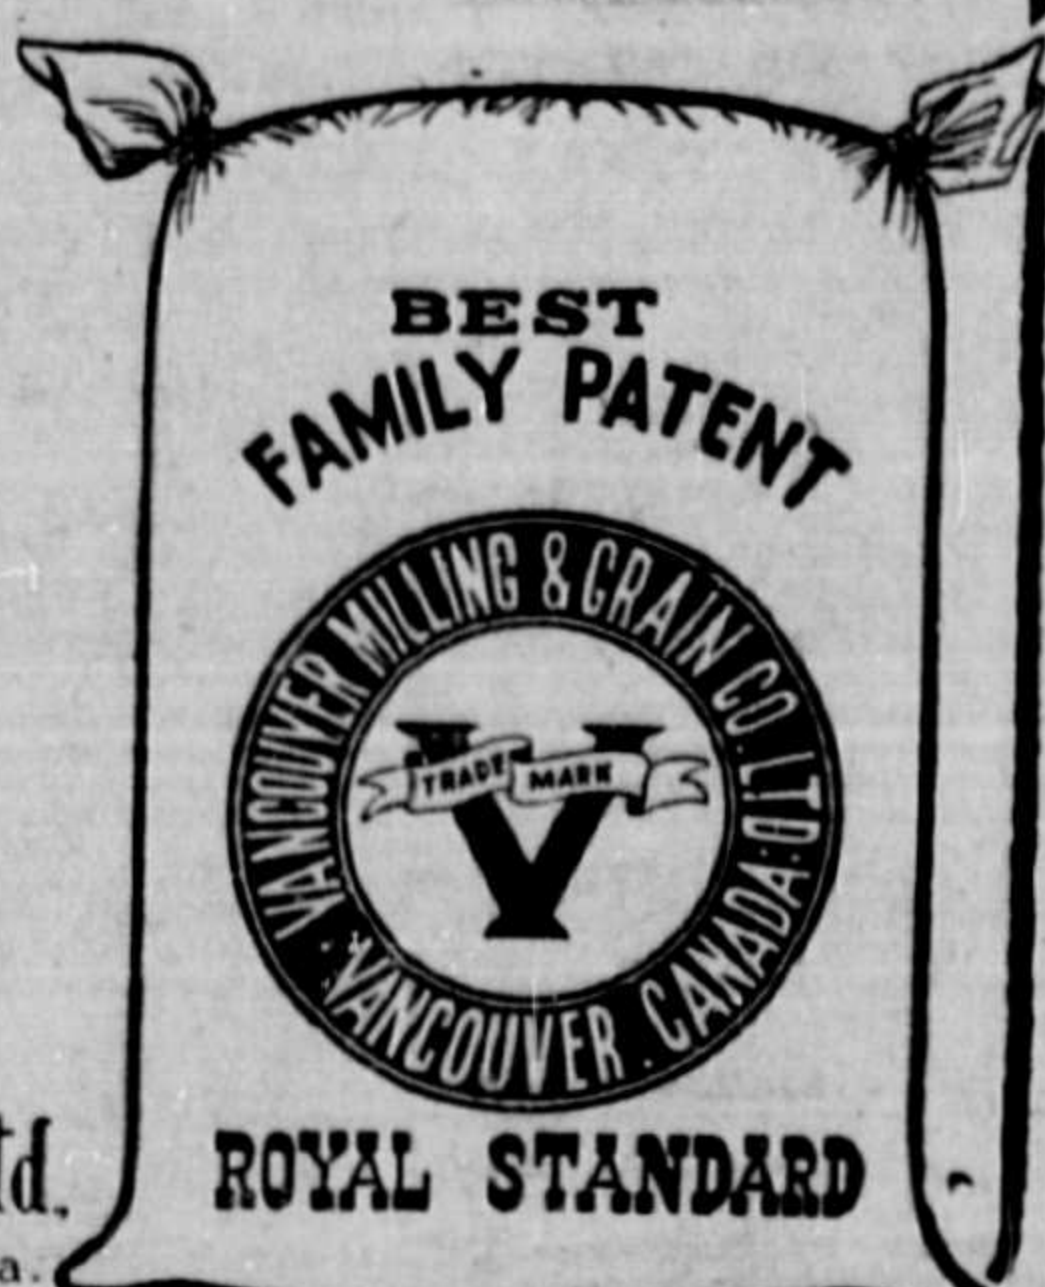

I came to Vancouver from the largest mill in the world. My sole job is to test ROYAL STANDARD products day in and day out. I do my work so well that a poor sack of ROYAL STANDARD is impossible.

I first test in my laboratory the choicest samples I can

procure of Canada's bumper wheat crop. Then I make bread from each. Only when delicious bread results—light, white and velvety—do I order wheat like my samples. My vigilance never relaxes. The delicious uniformity of ROYAL STANDARD never varies.

### VATICAN PAPERS STOLEN

Incident of Cardinal Rampolla's Will Leads to Discovery Other Documents Are Missing

Rome, Dec. 27.—Consternation has been caused at the Vatican, not only by the mysterious disappearance of Cardinal Rampolla's will, but also by the abstraction of diplomatic documents of extreme importance. Since the late cardinal left the state apartments a number of confidential papers have found their way into the hands of persons outside the curial circle. Not long before his death, Cardinal Rampolla was amazed at seeing a famous letter, addressed to Cardinal Galimberti, published textually in a volume of lay memoirs, dealing with the political affairs of the late pope.

As for the missing will, only an old one, drawn up twenty-six years ago, has been found, disposing of the cardinal's fortune of \$140,000 among Pope Leo, various cardinals, members of the Rampolla family and domestic servants, most of whom have long been dead.

While Cardinal Rampolla evidently attached no further value to this will, which came to light among a heap of discarded papers, he carefully left in his writing desk a small key with label attached, on which it was stated that the key was that of a black box inside a wardrobe in his bedroom, containing the last will.

Since the cardinal's death, his house has been searched in vain for the will.

### PRINCESS BEATRICE DAMAGED BY FIRE

Vancouver, Dec. 23.—When the C. P. R. steamer Princess Beatrice, Captain Robertson, arrived at Vancouver tonight she reported that while in Seymour Narrows fire broke out in her bunkers and burned a hole in her inner shell. The fire was easily subdued. The Princess Royal will take the run north tomorrow night, while the Beatrice goes to Esquimalt for repairs.

### GENERAL

The Wisconsin eugenic marriage law, which will go into effect January 1, received a blow when Horace B. Walmsley, an attorney, issued a statement that a marriage ceremony in Wisconsin was unnecessary and therefore the eugenic measure was useless. The attorney bases his assertion on a recent decision of the state supreme court, which holds that any man and woman not married may make a valid contract without preacher, priest or ceremony.

### Indian Got One Year

Fred Auril, the Indian boy who robbed the Inverness store and stole a handcar from the G. T. P., appeared for sentence this morning. Judge Young gave him one year in the penitentiary on each count, to run concurrently. In passing sentence his honor stated that Indians were giving a great deal of trouble this year in breaking into others' property and stealing. He was giving this boy a light sentence on account of his age, but he warned all Indians and others, too, that future offenders must not expect clemency. Private property must be respected.

## LOCAL NEWS ITEMS

The Spokane will be in from the north tonight.

The Princess Royal arrived from the north early this afternoon and left soon after for Vancouver.

Mrs. J. E. Paschal of New Hazelton spent the Christmas holiday in the city and leaves tomorrow for her home.

Herman Hoppel, drain contractor of Porcher Island, went up the line this morning. He will spend the winter in the interior.

C. A. Handasyde has rented the store in the Haskamp block lately occupied by D. Allen. He will use it for his manufacturers' agency.

Rev. F. W. Kerr and Mrs. Kerr left this morning for New Hazelton where Mr. Kerr will take the Presbyterian church services tomorrow.

The Princess Royal is taking the Beatrice's schedule for a couple of weeks. Capt. Robertson and Chief Stewart Horner of the Beatrice are on the Royal.

The fishing boat Borealis is leaving for Yucatat, on Prince of Wales Island, where it will prospect the new halibut banks which it is claimed exist there.

The Princess Royal brought in 150 tons of freight yesterday. She is discharging at the Westholme dock today. Tomorrow evening she sails for Vancouver.

The high wind yesterday afternoon gave the steamer Princess Royal a busy time making a landing. The Royal sits high in the water and the wind was blowing off shore. The steamer took nearly an hour to land.

Mr. Harry Hanson, the Reliable Plumber, is at present in Smithers, where he has been doing a lot of work during the fall. He expects to be back in Rupert on December 28, when he will have finished his contracts in the inland town.

Calgary will build a city abattoir at a cost of \$125,000 in an effort to reduce the cost of living. The movement was brought about by the Consumers' League, who have been running a public market.

### Local Contractor

Mr. E. J. Hicks, the well known local contractor, leaves in a few days for his old home in Illinois. He will spend several weeks en route, stopping off at Seattle, Spokane and Chicago.

After visiting his old home he expects to locate for some time in the balmy regions of Florida.

While Mr. Hicks has disposed of all his interests in the city, this does not mean that he is forsaking the north for good. He feels that the spell of the north will induce him to return to the city again when the road gets well under way. He will be accompanied by Mrs. Hicks and family. Mr. Hicks will be missed by a host of friends, who will hope for a speedy return.

### Rupert City in Japan

Captain Dobson of Tacoma, the navigator who piloted the old steamer Rupert City, well known in this port, has returned home after having safely delivered the famous vessel to her Japanese owners at Kobe. Captain Dobson reached Victoria on the steamer Proteus at the end of the week and proceeded to his home in Tacoma. Captain Dobson tells an interesting story of the trying passage which the former coasting craft had in completing the run across the pond. She was thirty-one days out from the Sound when the headlands of Yokohama harbor showed up and her average speed for the run had been five knots an hour.

The Rupert City was formerly of the Mackenzie Line and was one of the first steamers to call regularly at Prince Rupert.

### Indicates Better Times

Hamilton, Ont., Dec. 27.—Another evidence that the turning point has been reached in the period of business depression was contained in the announcement made today by Basil Major, vice-president of the National Steel Car Company, that the company had received a couple of big contracts, which would not only keep its own staff employed all winter, but will give work to other large industries.

To prevent the spread of trichinosis, a dreaded disease little known, the Washington department of agriculture issued tonight a warning against the consumption of raw or uncooked pork products, which are said to be the source of the malady.
