### BRITISH SUBMARINE DISASTER—CHANCE COMING TO SELL THE CITY BONDS ON NEW TERMS

#### BRITISH SUBMARINE SANK CREW PROBABLY DEAD

Bubbles Coming to Surface Indicate Hopeless to Save Men

(Special to The Daily News.)  
Plymouth, Eng., Jan. 17.—The British submarine "A-7" has been ordered off here. The authorities say there is little hope of the crew being saved.

The submarine was engaged in exercises with sister ships at the time of the accident. She failed to come to the surface when the manoeuvres were over. Several divers were hurried to the scene. Bubbles were seen rising to the surface.

Life preservers were thrown out to the vessel to the surface. The bubbles indicated the hull had been pierced. This caused the rescuers to despair of the salvation of the crew.

The crew consisted of Lieut. Robert M. Wilman and another officer and fourteen men. Five members of the crew were on the parent ship Onyx. They were getting into communication at that hour.

#### 15th Submarine Disaster

Plymouth, Jan. 17.—Two officers and nine men, the crew of the British submarine A-7 are reported in that craft beneath the surface in Whitesand Bay. Whether the men are alive or dead is unknown, but it is believed that they have perished. The exact location where the vessel sank is not definitely located. Grappling operations are to be commenced this morning. A boat capable of reaching the sunken submarine from the top of the water is ordered present at Whitesand Bay. Whether the machinery is damaged or whether she tore a hole in herself or is caught in a sunken object is the merest speculation.

This is the sixth boat of the A which has come to grief. The question is being asked whether the government ought to abandon this class for a more modern one of the C and D classes.

#### AFRICAN STRIKE IS ENDING

Government Now Enforcing Military Law With Strictness

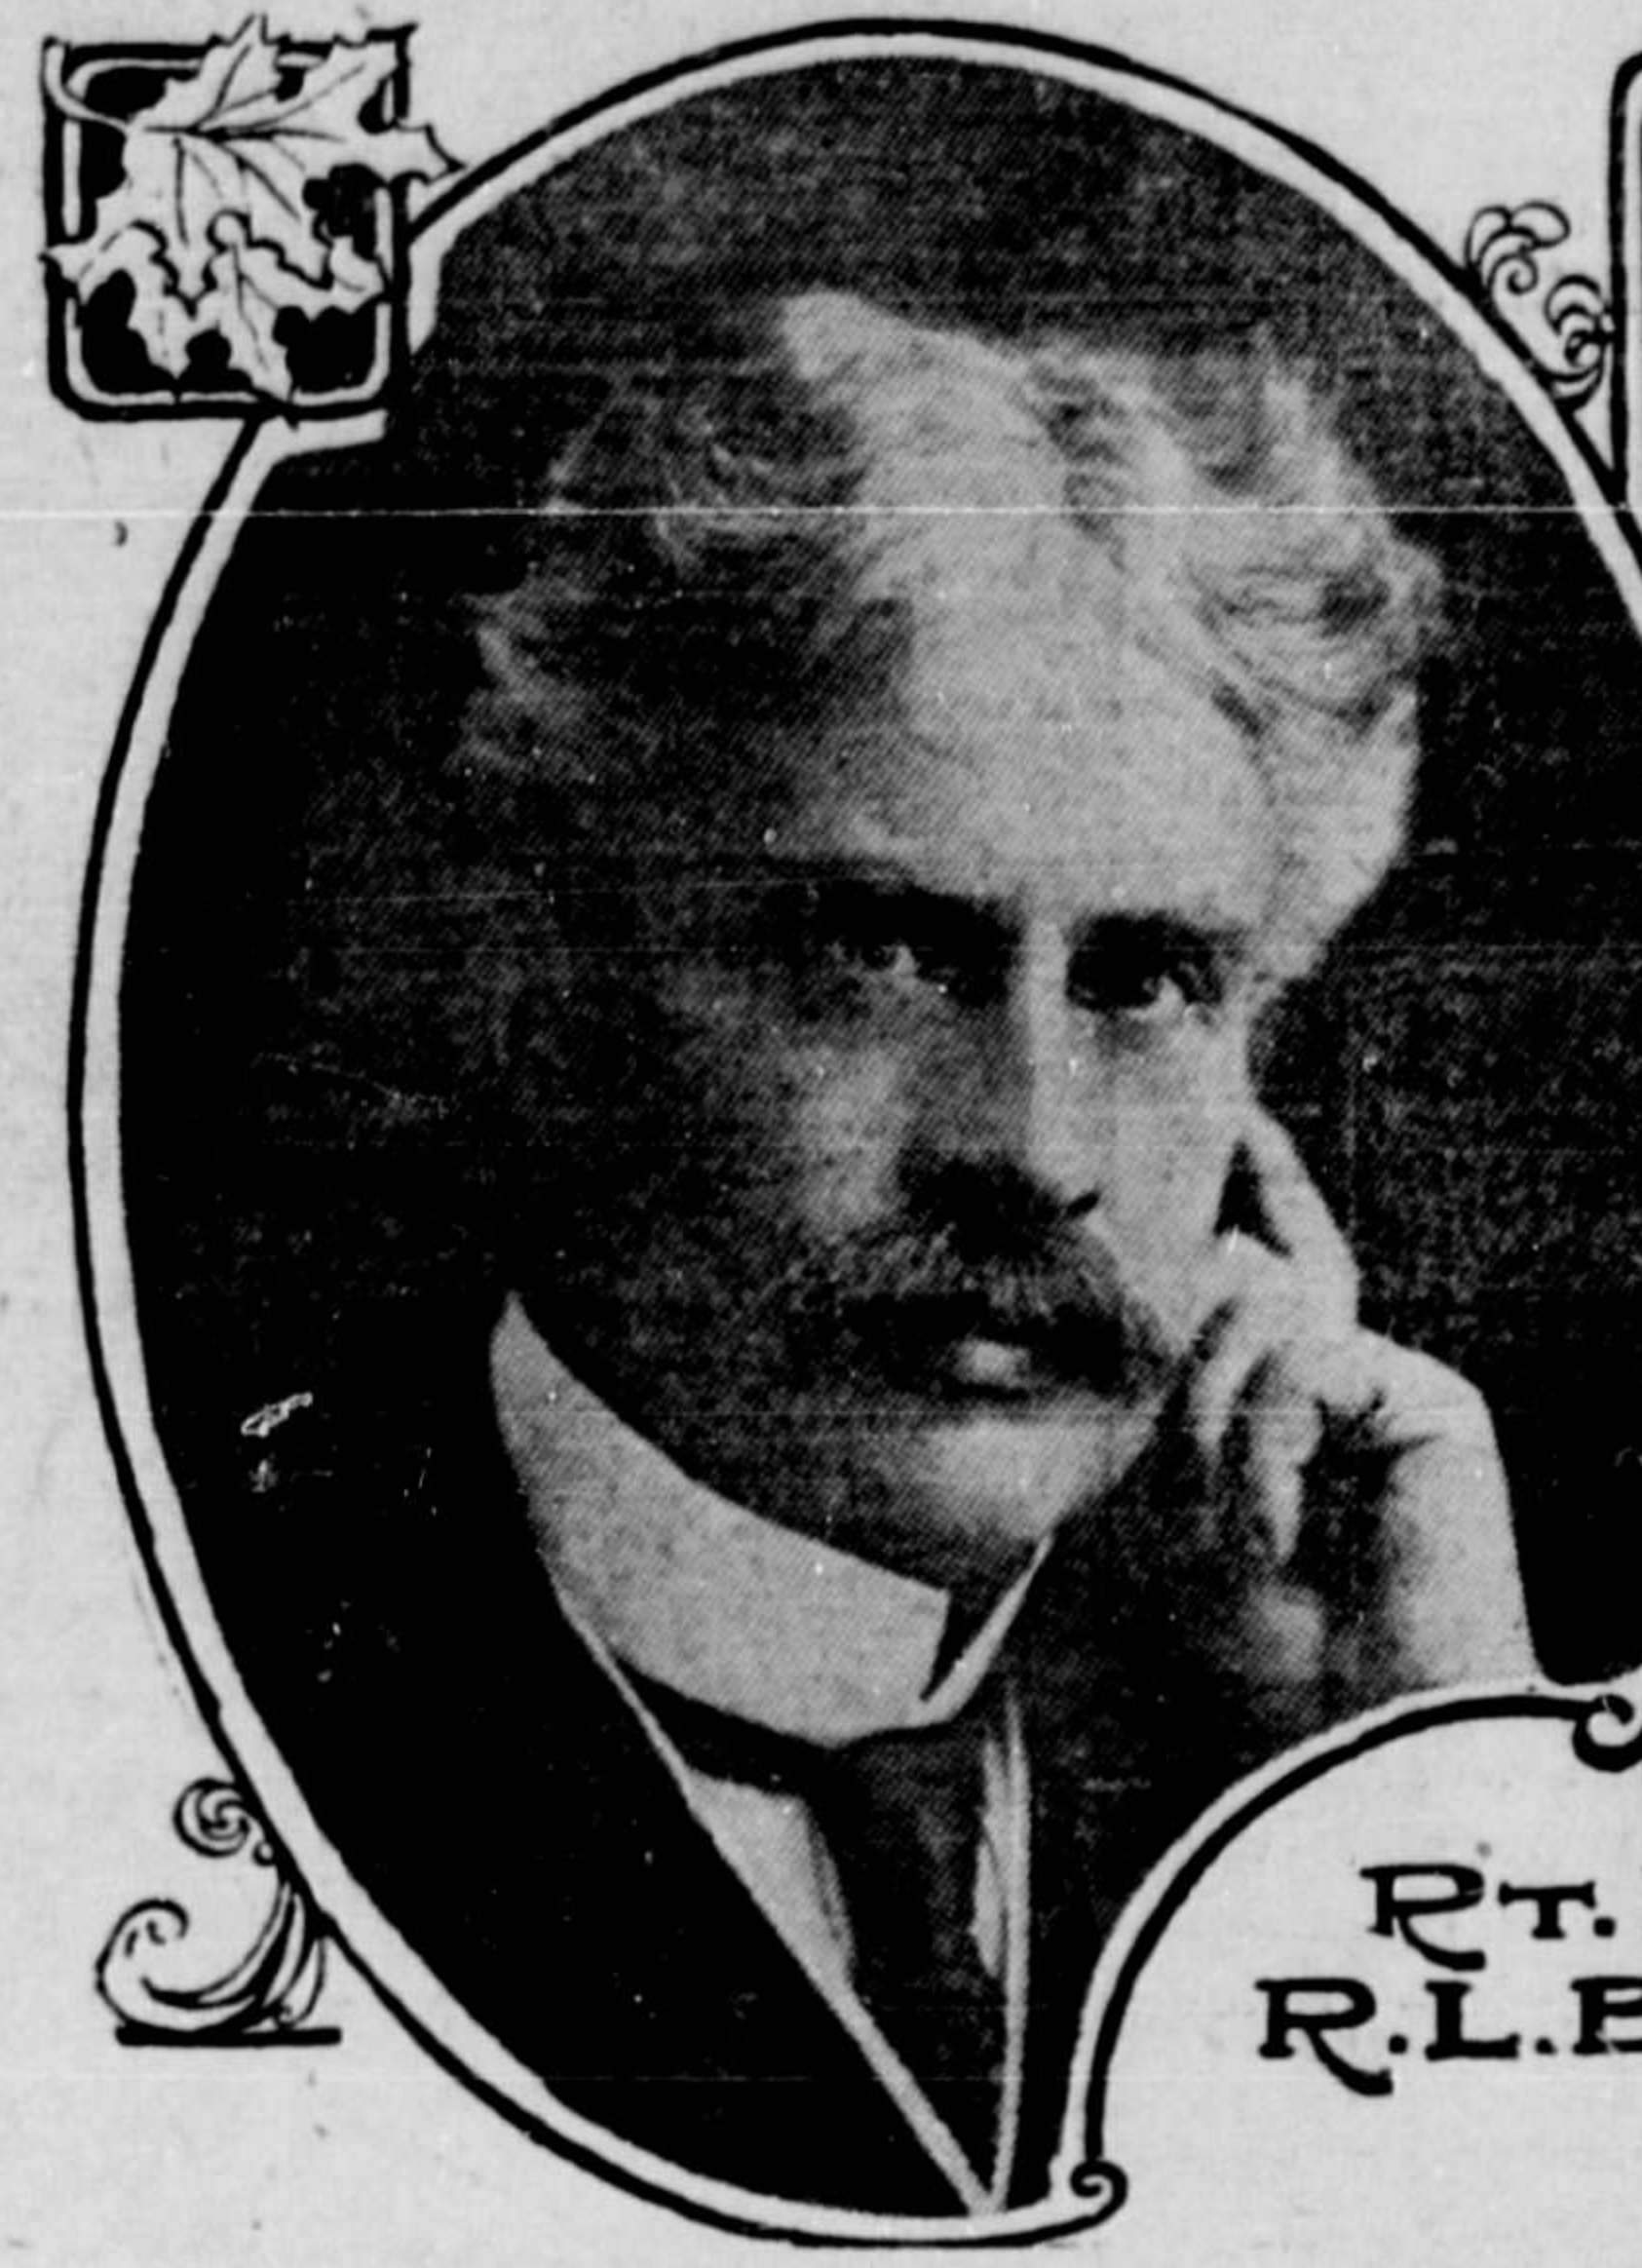

(Special to The Daily News.)  
Cape Town, Jan. 17.—Despatches from all over South Africa indicate that the strikers are returning to work and a victory has been won by the government in its war with the African Federation. The strict law instituted by General Botha will be seen in the arrest of 62 members of the Typographical Union today while meeting, charged with contravening the provisions of the martial law in force. The men had decided to return to work.

#### MACFARLANE FACES NEW CHARGE BROUGHT FROM VANCOUVER

CASE REMANDED IN POLICE COURT AWAITING THE STENOGRAPHER'S NOTES ON LATE SLANDER TRIAL

L. E. Macfarlane, the defendant in the late scandal case, is again in trouble. This time it is a case of perjury as a sequel of the evidence given at the slander trial.

The information was laid by R. J. Abbott, and Macfarlane, who left here last Sunday night on the Princess Royal, was arrested when he landed in Vancouver and brought back to Prince Rupert yesterday. He appeared in police court this morning. The counsel for the prosecution asked for a remand of eight days, as the evidence to be produced was to be taken from the court notes of the late slander trial. The stenographer, however, had not yet transcribed the notes and it was impossible to get them.

L. W. Patmore, counsel for Macfarlane, asked for immediate

dismissal. He said the defendant had told the judge and the counsel of the plaintiff that he was leaving town and this warrant had not been issued until after he left. He would not consent to a remand for an instant. There was no evidence and no witnesses. The late trial was a month ago and there had been plenty of time to get the notes. Mr. A. M. Manson said he had spoken to the chief that this charge was pending and was only awaiting the stenographer's notes. Macfarlane had slipped out of town, leaving the lights burning in his house. The magistrate decided to remand the case until Tuesday morning, claiming there ought to be some way of compelling the stenographer to get those notes out by that time.

#### C. N. R. ASKS HIGHER GUARANTEE RATE

Sir D. Mann Thinks It Would Help Sell the Bonds

Victoria, Jan. 16.—That the hurried visit of Sir Donald Mann to Victoria had more in it than an intention to seek a few months' extension of time given for the completion of Canadian Northern lines in British Columbia, is generally accepted in semi-official government circles here. Sir Donald has now announced that he will not press an extension application, but says that the work can be finished up this year within a month or two of the time limit given by the province. It was asserted that the C. N. R. vice-president came to Victoria came to induce the Provincial government to increase its bond interests guarantee from 4 1/2 to 5 per cent. In order, it is claimed, he said, that in these times of financial stringency the railway company might take its bonds at a better figure. It was suggested that the C.N.R. bonds with a five per cent. interest guarantee from the British Columbia Government, would bring par on the market. Sir Richard McBride said this morning that such an application as this had not been taken up by the government.

#### Bayley Knocked Out

(Special to The Daily News.)  
Vancouver, Jan. 17.—Joe Bayley was knocked out by O'Leary last night in the 15th round.

#### SENATOR GEORGE COX DIED YESTERDAY

Well-known Canadian Financier Died at His Home in Toronto

(Special to The Daily News)  
Toronto, Jan. 17.—Senator George A. Cox died at his home here today, aged 74 years.

Senator Cox was one of the best known financiers in Canada. He was identified very prominently with the banking institutions and loan companies, being regarded as one of the men who controlled the financial situation of Canada. His age given in the despatch as 74 is probably incorrect, and it is more likely he was about 84 years of age. In the early days of the Grand Trunk Pacific, Senator Cox was very prominently identified with that great undertaking, being one of the original Canadian directors named in the charter. He has visited the site of Prince Rupert in that connection, coming here with the party of directors and officials when the site of the future terminus was made. Senator Cox was a life-long Methodist and when the church of that denomination was erected here he contributed to the building funds to some extent.

Who Will be It?  
Speaking to The News this morning Mayor Newton said the selection of the standing committees for the year would not be completed until Monday night. There has been some guessing on the slate and one citizen who takes a deep interest in civic affairs has it sized up this way:  
Finance—Ald. Morrissey, McClymont and the Mayor.  
Light and Telephone—Ald. Montgomery, Kerr and Morrison.  
Board of Works—Ald. Dybbayn, Maitland and Basso-Bert.

#### BIG SHOT MONDAY

The biggest shot among many big ones that Prince Rupert has witnessed will be fired on Monday. There will be forty tons of explosives discharged. The whole hill below the Knox Hotel will be blown out. The debris will be thrown across the railway right of way and consequently all the rails are now being removed to prevent damage. In the former shot the rails were damaged beyond repair, and this time that will be prevented.

#### Capt. McTavish Here

Capt. McTavish of Graham Centre, O. C. I., arrived in the city yesterday morning and will remain for a few days. The captain is very typical of the sturdy Highlanders who are always to be found on the "firing line" and who have done so much for the development of this great western country.

#### Rolling Stock Arrives

A C. P. R. barge and tug arrived a few days ago with additional rolling stock for the G. T. P. The cargo included five box cars, two refrigerators, one snow plow and four engines. The barge will sail for the south again tomorrow.

If you are in the market for a good reliable engine for business or pleasure, see Akreberg, Thomson & Co., machinists, corner Manson Way and 1st Avenue. 246-11-38

#### NEW ORDER-IN-COUNCIL ON IMMIGRATION FROM ORIENT

COMMISSION ON HIGH COST OF LIVING GIVEN POWER TO TAKE EVIDENCE UNDER OATH

(Special to The Daily News)  
Ottawa, Jan. 17.—Assurance is given by the government that the high cost of living commission will be given all necessary power to issue summonses and take evidence under oath. The cabinet has rescinded all orders-in-council regarding Ori-

ental immigration and has issued new ones. The landing of an immigrant who has not come by direct route or by continuous journey from the country of which he is a native is prohibited. Asiatic immigrants must have \$200 in their possession.

#### VALUE OF READING ADS.

A few people are prejudiced against advertisements and refuse to read them. Those people do not know that advertisements are usually the product of the best brains in the country. As an illustration of this look up the ad. of the Canadian Press Association in this issue entitled "Fact Hunger." The same can be said of a great many others. Remember this, too, that no man will spend good money in advertising unless he has something out of the ordinary to offer. People are losing money every day because they do not watch the ads. in the local papers.

#### No Midnight Sessions

"I think you are safe in saying there will be no repetition of the midnight sessions of two years ago during the present regime of Mayor Newton," commented one of the city aldermen. "The aldermen have found that it is unnecessary and they will not stand for it."

Children's shoes of every description just arrived at Scott, Froud & Co.'s. 14-15

#### AUTO HOLDS TWO IN GRIM TRAGEDY

Infatuation for Business Partner Leads to Murder and Suicide

Long Beach, Cal., January 16. Knowledge that his infatuation for Mrs. Viola A. Kerr, his business partner, had become known to his wife, his parents, his intimate friends and business associates, coupled with the fact that Mrs. Kerr had refused to desert her husband and two children to elope with him, was believed by the police to be the reason why Arthur E. Cunningham, a prominent real estate dealer of this city, shot and killed Mrs. Kerr last night and then committed suicide. The bodies of Cunningham and Mrs. Kerr were found in an automobile at the roadside of a lonely portion of the city. Both had been shot through the head, and in the man's hand was the revolver that had discharged the bullets. Today Mrs. Effie J. Cunningham, widow of the dead man, admitted that her husband had been in love with Mrs. Kerr and she declared that two months ago he had chosen the dead woman in preference to her. Mrs. Cunningham said she had told her husband he must choose between them and that his choice had been Mrs. Kerr. It developed today that Mrs. Kerr and Cunningham went on a long ride in the former's automobile yesterday afternoon, during which, the police believe, Cunningham attempted to persuade his business partner to elope with him. Failing, he killed her and ended his own life. Mrs. Kerr was one of the best known business women in this city and both she and Cunningham were wealthy.

Ex-Mayor Pattullo Advises the Changing of Issue to 20-Year Sixes

Editor News.  
Dear Sir: On the platform in the recent campaign I intimated that I thought we should be able to make a flotation of our debentures by shortening the term and increasing the rate of interest. Negotiations were already pending in this direction and I hope that the new council will not hesitate to continue the same. I believe that our entire issue changed to 20 year sixes will find a market. A representative of the Toledo firm which purchased \$160,000 of our debentures last year will be in town in the course of a few days to look over the situation, and I trust that the new council will not allow preconceived ideas as to long term issues interfere with negotiations already under way.

I again thank all supporters and workers in the campaign, including yourself and Mr. Nelson of the Journal.  
I beg to remain,  
Faithfully yours,  
T. D. PATTULLO.

#### ST. ANDREW'S SOCIETY SOCIAL AND DANCE

Gay Evening With a Splendid Program—Whist Drive a Feature

St. Andrew's Society gave a most delightful social and dance in the comfortable quarters last evening. A whist drive was the opening feature of the evening's pleasure, the favors being won by Mrs. Steen and Mr. William Brown. The Misses Knott and Miss Annie Kelly, pupils of Miss Ethel Grey, gave a splendid exhibition of the shen trows. Another number which won deserved applause was the Highland fling by Miss Beatrice Killen.

Mr. Algy Hunter and Mr. Robt. Douther sang, and Piper Sturgeon did yeoman service with the bagpipes. The music was supplied by the society's own orchestra. During the course of the evening a delightful supper was served, the tables being waited upon by the Misses Beatrice Killen, Caroline Mitchell and Jeanie Duff.

Amongst those who thoroughly enjoyed themselves were: Mr. and Mrs. J. Allan, Mr. and Mrs. Clapperton, Mr. and Mrs. J. H. Kelly, Mr. and Mrs. J. Steen, Mr. and Mrs. Taylor, Mr. and Mrs. Millar, Mr. and Mrs. A. H. Allison, Mr. and Mrs. Douther, Mr. and Mrs. Duff, Mr. and Mrs. Steen, Mr. and Mrs. Hudspeth, Mesdames J. S. Gray, Simpson, Landes, Scott, McLean; Misses Beatrice Killen, Ethel Gray, Drummond, Begley, McLean, Jean Cowie, Annie Cowie, Hardie, Shrubbsall, Peach, Dingley, Scruthers, Annie Kelly, Isa Kelly, Jeanie Duff, Caroline Mitchell, Peterson; Messrs. DAILY EDITION

Saturday, Jan. 17, 1914

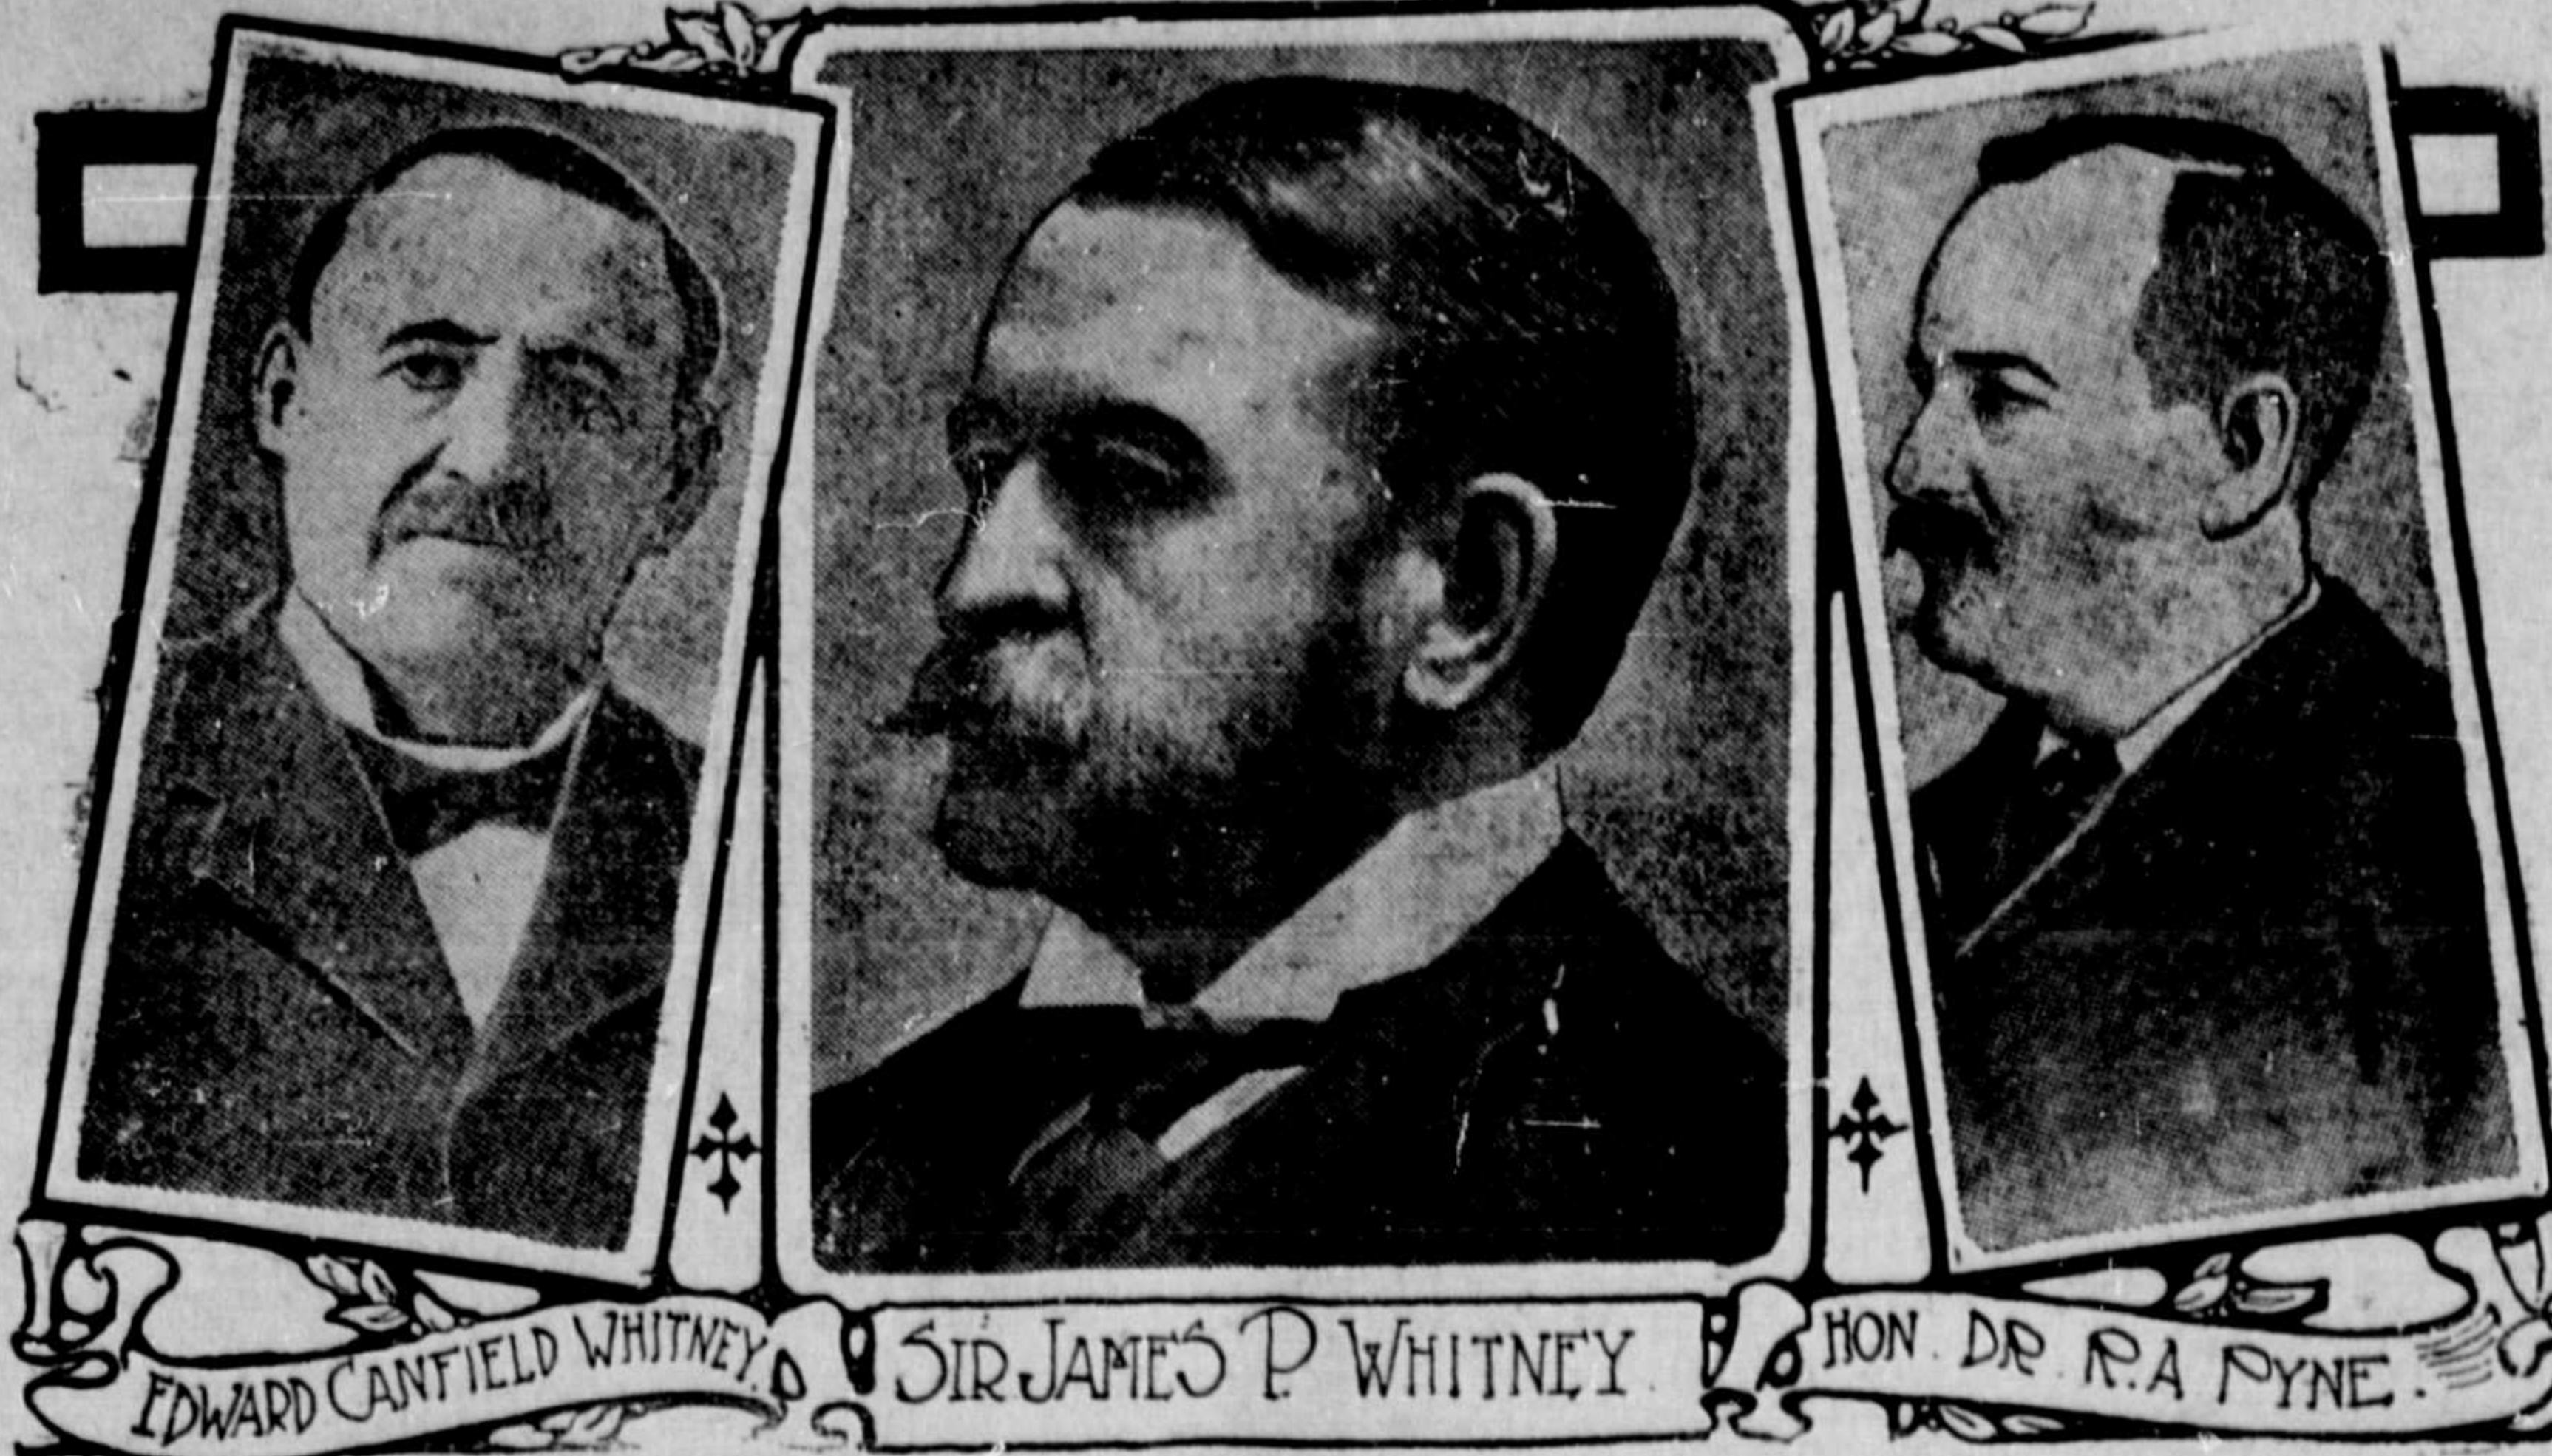

The latest reports from
Vancouver indicate that the
Liberals to the south are put-
ting up a strong educational
campaign. The leader of the
party, Mr. H. C. Brewster, ac-
companied by M. A. McDonald
and Honest John Oliver, are at
present making an extensive
tour of the province and ex-
pect to be paying the North a
visit within the next few
weeks.

In view of these facts the
local Liberals should begin to
don their fighting apparel.
The best part of this city is
Liberal to the core. This has
been demonstrated on several
occasions when a straight
party fight was called. True
it is that among us there are
a few worshippers of the
golden calf and some others
that keep quiet for business
reasons. A very large num-
ber there are, however, who
refuse to bow the knee to the
image of Baal and who are
Liberals all the time because
Liberalism is right.

Last winter the local Lib-
erals held a series of interest-
ing and instructive meetings.
Each successive one was more
enthusiastic than its prede-
cessor. Much good was done
in disseminating information
and in calling men to a high
standard of political life.
These meetings should be im-
mediately renewed in order
that our great principles of
reform may become a live
issue.

The government session at
Ottawa is again in full swing,
and the Liberals seem to be as
much to the front as ever.
Eye witnesses of last year's
session tell vivid stories of the
masterly conduct of the Lib-
eral leaders. The attacks ap-
peared like that of trained
war-horses against the com-
mon scrub of the plain. No won-
der that Mr. Borden was com-
pelled to seek his health in
balmy climes after such a
strenuous session.

The two men who nominated
S. M. Newton for mayor were
J. H. Thompson, president of
the Conservative Association,
and J. E. Merryfield, secretary.

PRINCESS SOPHIA AGAIN
ON THE NORTHERN RUN

Steamer Will Take Northern Run
on Saturday

Victoria, Jan. 16.—Following
extensive repairs to her stern
post, the C. P. R. steamer Prin-
cess Sophia, Capt. Campbell, was
released by the B.C. Marine Riv-
on Wednesday and last night
cleared from Victoria for Van-
couver, relieving the Princess
May, Capt. McLeod, which will be
laid up for some time to over-
haul. When the Sophia was com-
ing south on a trip from Alaska
several weeks ago a crack was
discovered in the sternpost and
upon arriving here the officials
of the B. C. Coast Service decided
to send the ship to Esquimalt to
undergo repairs.

It was found that the old stern
post could not be very easily re-
paired so a new one was cast.
Much time has been consumed in
carrying out the work, owing to
the unusual nature of the job.
The Sophia is in splendid shape
now to resume the Skagway run,
having been thoroughly over-
hauled both inside and out while
she has been on the ways having
the new post fitted into position.

MARRIAGE LICENSE
FOR ONLY TEN CENTS

Eugenic Marriage Law Cut Down
Weddings—Advertises No
Doctor Necessary

Milwaukee, Wis., Jan. 16.—
The immediate effect of the new
eugenics marriage law in the
first week of its enforcement has
been to cut down the number of
licenses issued to almost nothing.
Instead of the average
number issued daily, most clerks
reported that no quests for li-
censes had been made; others
had refused requests when the
applicants had not presented
doctor's certificates that the man
was free from disease.

Publicity is given to state-
ments to attorneys that the Wis-
consin supreme court has recog-
nized as legal marriage any
agreement between the contract-
ing parties, resulted in an an-
nouncement by Julius Kroken,
registrar of deeds of Dance
county, that he would record
common law marriage contracts
for 10 cents each.

"No 83 doctor's fee is neces-
sary," he said, "only 10 cents to
register the contract. No mar-
riage certificate, no doctors, no
pastors required. The registra-
tion of the contract is necessary
to obtain recognition in the
courts."

First Eugenic Marriage

Janesville, Wis., Jan. 16.—The
first marriage in Wisconsin un-
der the new eugenic law joined
together here an aged couple
who had not seen each other for
40 years. Marcella Hurtibbe of
Chicago was the groom, and his
bride was Mrs. Adeleine Hur-
tibe of Winnipeg, his brother's
widow. They are each 67 years
old.

Runaway Automobile

Christchurch, N. Z., Jan. 16.—
After gaining a speed of a hun-
dred miles an hour, a runaway
automobile dropped thirty feet
in the Otira Gorge yesterday
without injuring any of its six
passengers. Owing to a broken
bolt disconnecting the engine
control, the chauffeur lost con-
trol of the car, which quickly
gathered speed until it was rac-
ing at terrific velocity down the
gorge road. The driver turned
the machine into the bush be-
yond the cliff and made the leap.
The automobile was damaged
beyond repair.

Although the invention of the
rain gauge is attributed to an
Italian contemporary with Gal-
ileo, such instruments were in use
in Korea at least two centuries
before his time.

fession has just been appointed

pretty miss of 27, is to be first
secretary at the Norwegian lega-
tion in Mexico. She passed ex-
aminations in international law
and political economy two years
ago.

As first secretary, she will
have the privilege of wearing the
usual diplomatic uniform, with
the exceptional of the ornamen-
tal sword and gold-braided
breeches.

DECLINE IN STUDY
OF BIBLE DEPLORED

Viscount Bryce Urges Better
Scriptural Lessons in the
Schools

London, Jan. 16.—Viscount
Bryce, speaking before the Edu-
cational Conference yesterday,
declared that the English boy is
generally far behind the boys of
other nations in his education.
He also approved of the Ameri-
can contention that women made
better teachers than men for the
younger pupils.

He deplored the apparent de-
cline in the study of the Bible
among all classes in England
and the United States. Bible and
religious instruction, he said,
must not be left out of the
schools. It would be an incalcul-
able loss if a new generation
grew up ignorant of the Bible
and what the Bible means. Par-
ents and Sunday school teachers
could not be relied upon to do all
that was necessary.

Viscount Bryce stated, how-
ever, that in his opinion simpli-
fication of spelling would be ac-
complished before the difficulty
in regard to religious teaching
in schools is solved.

Montana produced a record
amount of zinc last year and in-
creased its silver output four per
cent. over the figures for 1912.

EDMONTON IS LOOKING FOR CHEAP FISH FOOD

Expect New Railway to Open Peace River Fisheries for Their Use

The completion of the Edmonton, Dunvegan and British Columbia railway promises to prove a boon to the people of both the north country and the outside world, particularly Edmonton. In more ways than one, and one way which may be by no means the least important, is bringing the enormous freshwater fish resources of the great Peace River country to Edmonton's door.

The lakes and rivers of the north teem with the finest of fish. Lesser Slave Lake, which will be directly connected with Edmonton by the new railway, is simply full of jackfish, ling, trout and whitefish. Ten pounds is not an uncommon weight for the whitefish caught in this northern body of water, while 50 pound trout have been caught on more than one occasion.

At present it costs \$1.25 per hundred pounds to haul fish from Sawridge, at the eastern end of the lake, to Athabasca, and just one-fifth of that amount to bring them by C.N.R. to Edmonton.

The fishing seasons last from December 4 to February 15, and from May 15 to September 15.

WOMAN'S LONG TRAMP FROM THE FAR NORTH

Edmonton, Jan. 16.—A feat seldom attempted by a woman has been accomplished by Mrs. Grant Owens of this city, who arrived at Edmonton after walking the 270 miles from Fort McMurray to Athabasca Landing.

Mrs. Owens, who was with her husband in Fort McMurray all last summer, left there in company with Mr. Owens, R. M. Beard, E. A. Wintworth and Bert Parker, on December 4. They started out with a carryall on which were their provisions and valuables, but owing to the small amount of snow on the trails, and the heavy windfalls, this had to be abandoned four miles from their starting place. Mrs. Owens insisted on packing her own share, and despite heavy travelling, kept well ahead of the party.

On the second day out about fifteen miles was made, members of the party stopping to shoot rabbits. Later the party were fortunate in being able to buy moose meat from a squaw at an Indian encampment, for their stock of provisions was low. Getting a new carryall, the party started out again, but had to abandon the vehicle. On the following day the provisions ran out, and time was wasted trapping rabbits.

The only time Mrs. Owens was seriously inconvenienced, she states, was one night when the party camped in the centre of a ten-mile muskeg, about 30 miles from Athabasca Landing. At this point the party decided they would make Athabasca in one day, so the blankets were discarded. The male members of the party state that Mrs. Owens rather shamed them all, for during the whole of the long tramp she was continually in front, and reached the town the least tired of any.

- FACT HUNGER -

As children, our first demand is for nourishment; our second for facts.

All through life we go about searching for information.

We make a new acquaintance; but before we will accept him as a friend or invite him to our home we ask for facts about him.

We visit a foreign land; and from the moment we step across its border we are asking questions—searching for facts.

We are asked to try a new food product; isn't it instinctive with us to ask at once:

"Who makes this new article?"

"How is it made? what goes into it?"

"Is it worth the price charged for it?"

Facts—we are simply hungry for them.

Strange, isn't it, that we should so often have to search for them? Odd, that some manufacturers still withhold the facts about their product. Not always because they are facts to be ashamed of—for there are many worthy articles yet unadvertised.

But it will not be so much longer. The fact-hunger of the human race is becoming keener and keener. The more facts we get, the keener our relish for more of them.

Soon it will be impossible to sell a man or a woman anything until everything has been told about the goods that can be told through Advertising.

The public has discovered that Advertising tells much-needed facts—that, in fact, Advertising satisfies fact-hunger.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

### GRANBY BAY NEWS.

Granby Bay, Jan. 15.—Owing to adverse weather conditions, the blow-in at the Granby Company's smelter will likely not take place for another two weeks. The different works in this connection are rapidly reaching completion, however. The cribbing of the dam is finished, and only a small portion of the filling in remains to be done. Fire has been made in the 135-foot stack, for the purpose of thoroughly drying it out, and another week will see the finishing of the penstock, where the pipe from the dam connects with the iron piping down to the hydro-electric power house.

### MANITOBA ALSO PASSES FREE WHEAT RESOLUTION

#### Opposition Leader Twits Conservatives on Change of Front

Winnipeg, Jan. 17.—The free wheat resolution introduced in the Manitoba legislature by Mr. C. H. Simpson, a Conservative member, was in debate in the house today. It wound up by the resolution being carried unanimously.

Mr. T. C. Norris, the opposition leader, was the principal speaker, devoting his time to twitting the Conservatives in their change of front since the federal reciprocity campaign. A resolution by Mr. Norris that the resolution be redrafted to read free entrance into the United States of oats, barley and flax and the entrance into Canada of agricultural implements duty free, was ruled out of order.

Who recently intimated that he might support total prohibition, but had no use for "abolish-the-bar" or the three-fifths-handicap in local option campaigns.

Prince Rupert, 1-16-14.  
To the Editor of The News:

Sir,—In answer to the kind explanation given to The Empire last night (in regard to a resolution passed at the French-Canadian meeting last Tuesday) and signed by some who were not present at that meeting, which does not show the broad mind of the gentleman who asked the signature of a man who knew nothing in regard to this matter. I beg to say that a letter was sent to Mr. S. M. Newton on Wednesday in accordance with the resolution passed at this meeting, to explain how it was overlooked. As the meeting was called for the purpose of discussing matters of importance in regard to the municipal election amongst ourselves; I don't see why this meeting should have been published in the three papers.

Thanking you for your valuable space, I am,  
Yours respectfully,
