This great unrest you read about is largely the product of loafers who cannot sit still.

DL. V., NO. 17

PRINCE RUPERT, B. C., THURSDAY, JANUARY 22, 1914

PRICE FIVE CENTS

PERJURY CHARGE WILL BE SENT UP FOR TRIAL

MUST MUNICIPALITY BRING IN WITNESSES—HEATING PLANT BLEW UP AND KILLED FOUR MEN

McFARLANE WAS COMMITTED ON CHARGE OF PERJURY

EXECUTION BASED ON EVIDENCE GIVEN IN RECENT SLANDER TRIAL—BAPTIST DEACONS CHIEF WITNESSES

After several delays awaiting transcription of the court reporter's notes on the evidence of the late slander trial, McFarlane perjury charge given a preliminary hearing in police court this morning. The charge was preferred by Abbott, one of the deacons of the Baptist church. The accused, the other deacon, and Mr. Dag- gione, one of the chief witnesses, also a deacon.

Mr. Manson represents the deacon and L. W. Patmore defence, the same counsel as part in the slander case.

The charge is based on the evidence which McFarlane gave in a recent trial when he made statements in repeating conversations which were directly contradicted by other witnesses.

E. Burritt, the registrar of the court, gave evidence that the supreme court of record and that McFarlane had given testimony in the slander case.

Gold W. Graves, the court reporter, was asked to produce his notes on the evidence, and only partially transcribed and he had some difficulty in getting the main examination

of the witness. He said he had left out anything he was doubtful about, and he admitted under cross-examination that his notes in some instances might be inaccurate.

He gave the evidence as he took it on points on which the perjury charge is founded.

Other witnesses were called to contradict McFarlane's statements as taken from the court evidence.

The magistrate will send the case up for trial, but a remand was granted as the county court judge is out of the city.

A Separate Action

This perjury charge is not connected with the recent civil action in which Rev. McLeod got \$10,000 damages, any more than that the evidence on which the charge is based was given during the trial of the civil action.

The perjury charge is made by different parties.

It is understood that Rev. McLeod offered to settle with McFarlane for \$3,000, with \$500 cash and the balance secured. Rev. McLeod's expenses were estimated at about half that amount. McFarlane did not accept the offer or make any counter-offer.

HEATING PLANT BLEW UP AND KILLED FOUR

Terrible Accident at Ottawa Winter Fair—Howick Pavilion Wrecked

Ottawa, Jan. 21.—Four were killed and several injured in an explosion here which wrecked the Howick Pavilion, a huge cement steel structure, at the exhibition grounds, where the winter fair is being held. The accident was caused by the explosion of the heating plant.

So powerful was the force of the explosion that two horses were blown through the roof.

NELSON RE-ELECTED CHAIRMAN OF BOARD

School Board Held First Meeting of Year Yesterday Afternoon

The school board met yesterday afternoon for the transaction of business. O. H. Nelson was re-elected to the chairmanship for 1914. The board is constituted exactly the same this year as it was last, the two retiring members, Dr. Kergin and P. W. Anderson, being elected by acclamation. The board therefore consists of these two and J. A. Kirkpatrick, J. H. Thompson and O. H. Nelson, whose terms expire next New Year.

After routine business had been disposed of, the question of the night school came up. It was decided that in a few days it would be easier to decide upon what the permanent character of this branch of the work would be.

The estimates were considered only in a general way, it being decided to hold a meeting next week to fully go into these and have them ready for the council before February 1.

PRINCESS "PAT" AND HER CHUM FROM ENGLAND.

Miss Muriel Wilson, a charming English girl and chum of Princess Patricia, who is coming to Canada to be the guest of the latter at Rideau Hall. She will be present at the opening of Parliament. The picture of Patricia in the circle is from one of her latest and best photographs.

CLAIMS MUNICIPALITY MUST SEND OUT FOR WITNESSES

INTERESTING QUESTION WHICH CAME UP IN LEGAL DISCUSSION IN POLICE COURT THIS MORNING

In his preliminary remarks on the opening of the McFarlane perjury case, Mr. A. M. Manson, solicitor for the prosecution, stated that one of the chief witnesses in the case was Hugh McLeod, who was over on Smith Island. He was told yesterday by the people that the civic authorities had refused to send for this witness and he asked the court to note the fact. The Municipal Clauses Act makes it obligatory on the part of the city to stand the expense of bringing in all witnesses at the preliminary hearing.

Mr. F. Peters, who is the regular city prosecutor, but who is not handling this case, as the prosecution asked to have private counsel, said the city was

not bound to go to extraordinary expense. "If the city pays all these expenses the case ought to be left in the hands of the city prosecutor." He claimed it was not necessary to get this man's evidence at the present time.

Mr. Manson said he had taken this very point up with the attorney-general's department on another case and the attorney-general had ruled that the city must send for the witnesses. He had other witnesses in Vancouver but did not ask for them owing to the expense.

Magistrate, Carss said the act provided for the policing of the city, but he doubted that the municipality is under any obligation to go outside the city for witnesses.

INSURANCE AGENTS ELECT NEW OFFICERS

Committee Have Done Good Work in Getting Lower Rates

The Prince Rupert Committee of the Mainland Fire Underwriters' Association met in the Central Trust Co. Building yesterday afternoon. C. W. [Name] was chairman.

The annual report of the committee showed a surplus and all paid up to the end of the year.

The committee talked over the report of the underwriters' inspector who was here several months ago, and were satisfied with the reduction in the rates. They considered, however, that the committee's efforts had not been altogether in vain and that they had least started something. Civics had been unable to get a reduction of insurance rates or a proper inspection of the city, but the committee had succeeded and the present reduction is a beginning.

The new officers are:
Chairman—T. D. Pattullo.
Vice-chairman—W. M. Law.

MUNICIPAL DANCE HALL FOR RACE BETTERMENT

Prof. R. H. Johnson Believes the Young People Should Have More Opportunities

Battle Creek, Mich., Jan. 18.—Marriage selection, education for race betterment along lines of eugenics and the dependent child were the principal topics of discussion at the closing session of the National Conference of Race Betterment. Among the speakers were Prof. Roswell Hill Johnson, of the University of Pittsburg; Prof. Winfield Scott Hall, of Northwestern University and Dr. Gertrude E. Hall, of the state Board of Charities of New York.

Prof. Johnson urged the widest possible range of acquaintance for young persons, asserting that the school and church do not offer sufficient advantages in that respect. He suggested the municipal dance hall as a beneficial step in that direction.

Eugenics seeks employment in both mental and physical racial qualities of future generations, he said.

School teachers should not shoulder the responsibility of teaching sex hygiene to the young, Prof. Hall, of Northwestern, said.

BOARD OF TRADE MEETING ON FRIDAY

It is the Annual Gathering and You Ought to Be There

One hundred business men received a picture postcard this morning reminding them that the annual meeting of the board of trade will be held on Friday evening in the new board of trade rooms, Second Avenue. The picture was a photo of the interior of the board's quarters, showing the display of natural resources.

There will be the president's annual report at tomorrow night's meeting and ten new members will be voted on. The board this year promises to do some live publicity work if you and the business men of the city will dig in and help. This is a crucial year in the city's history. What are we going to do about it?

ED. TURNER, VAG, GOT THIRTY DAYS

Pending Proceedings to Have Him and His Wife Deported as Undesirables

Ed Turner is a young man who was under suspended sentence as a vag. He appeared in police court this morning and the prosecuting attorney said he refused to work and had his wife terrorized. He asked that Turner be committed until he could take up the question of deporting the two of them with the attorney-general's department. Turner, who is a grouch, snapped back at Mr. Peters that his wife is a Canadian.

"She may have been before she married you, but she is an American citizen now," said Mr. Peters.

Turner got thirty days. His brother is serving sixty on the same charge.

BURNS CONCERT DREW BIG CROWD

Presbyterian Church Hall Filled Last Evening—Lengthy Programme

The Burns concert under the auspices of the Ladies' Aid in the Presbyterian church hall last evening drew a full house and every one enjoyed every number of the lengthy programme. The affair was in charge of Mrs. Steen, who was repaid by the unanimous vote of thanks tendered at the close of the evening.

Ald. Thos. McClymont was a very efficient chairman. During the evening brief addresses were made by Rev. F. W. Kerr and Mayor Newton.

Those taking part were: Mr. Davy, Mrs. Jarvis McLeod, Mr. Fletcher, Mr. Gould, Mr. Clapperton, Mr. Steen, Mrs. Millar, in vocal selection; Mrs. Anderson, piano solo; Mrs. Patterson, reading, and also a recitation. Every number was encored.

CANADIAN GOVERNMENT PAID FOR ADVERTISING

Washington, Jan. 21.—Testimony had been paying for the circulation of news articles in "patented insides" of newspapers to induce Americans to go to Canada, led the senate lobby committee off on a new line of investigation.

The statement of the action of the Canadian government was made by Cortland Smith, of New York, president of the American Newspaper Association. The committee decided to call George Joslyn, president of the Western Newspaper Association of Omaha.

Hospital Meeting

Attention is called to the notice of the annual meeting of the Hospital Association advertised in these columns. This is a very deserving institution and worthy of every support. The secretary will be glad to have membership fees (\$5 per annum) forwarded to him on or before the 26th instant, when names will be added to the list of members entitled to vote at the meeting.

Tite's furniture sale offers you the genuine reduction. 18

"NOBBY TREAD" TIRE WINNERS

St. Valentine's Day the Lucky Birthday

"Is St. Valentine in league with the stork?" is a question that a great many folks are asking themselves nowadays, as it has been discovered that February 14th, St. Valentine's Day, is the most popular birthday anniversary of the year. More human beings are born on that day than on any other, if statistics gathered by the Dominion "Nobby Tread" tire people, are any criterion.

We are told that in the spring (say in April and May) "a young man's fancy lightly turns to thoughts of love"—so it is not surprising that February is a busy month for the birth registrar.

Each of the February 14th brigade of grown-up babies who now own motor cars in Canada is blessing his or parents for their foresight and thoughtfulness in having made St. Valentine their patron saint, as all who have acknowledged their allegiance to him are to be presented by the Dominion Tire Company, of Berlin, Ont., with a Dominion Tire, plain or nobby tread, complete with inner tube, for their automobile.

This gift of a motor tire was recently given by the Dominion Tire Co. to every owner of a motor whose birthday was on Feb. 14th. This fact was advertised in the Daily News a short time ago.

SNAKE STORY WINS CLUB MEMBERSHIP

It Concerns a Miser Living Deep in the Woods, a Rattler and a Rattler

The Story Tellers' Club is the latest in the field. The second weekly meeting of the club was held a few nights ago in Seattle.

"To be a member of the club, one must be able to tell a story. If the teller wins, he or she is given a span of life and membership for a year. If his audience lives, the story is recorded in the archives.

At the close of the year a banquet will be served, at which the piece de resistance will be a roasted fowl stuffed with chestnuts accumulated during the sessions of the club.

The story to receive the most attention last night was told by Miss Helen Gailey. A lonely miser lived in a cabin in a deep wood. He had a great treasure under the cabin floor. One day while walking in the forest he saw a rattlesnake caught between the two limbs of a fallen tree and released it. When he reached his cabin the snake was on his doorstep. He took it up and fixed up a warm bed in a corner. That night the miser was awakened by the sound of scuffling and a shrill rattling. He sprang from his bed to find the snake wrapped around a burglar and with its tail out of the window rattling for a policeman. Miss Gailey was voted a full-fledged member.

Mrs. George B. Cole told a story in singing rhyme of a boy whose name was Tom, an inquisitive boy, who snooped where his big sister was spooning with her admirer, and who got himself disliked by both parties to the engagement. It was exceedingly well done both in matter and treatment, and Mrs. Cole was voted poet laureate of the club for the present.

"Valhalla," S. H. & E. F.

Meets on Thursday, the 22nd at 8 p.m. at 319 Third Avenue. Installation of officers, etc. Members please attend.

DAILY EDITION

Outline of Work Done by Stewart Road Superintendent

Previous to his departure for Prince Rupert to consult with William Manson, M.P.P., regarding local and district appropriations for 1914, Road Supt. C. J. Gillingham outlined to The Miner the progress made throughout his district in road and trail construction the past year. It must be borne in mind that the superintendent has a vast territory to serve and that the work is necessarily scattered over a wide area. Of the local improvements that to the Bear River wagon road—the present main transportation artery to American Creek, consisted in re-grading the road from the town to the Portland Canal concentrator. The grade at Ward's pass was also reduced and from Bear Lake to American Creek some 3000 yards of rock have been deposited, laying the foundation for an excellent road.

From American Creek to Meziadin lake the Bear-Naas trail was thoroughly overhauled, grades reduced, trail widened and culverts put in where needed. A new trail was started from Meziadin Lake to the head of Panorama Creek. The trail has been cut out providing communication between Stewart and the heart of the Groundhog coal basin. This will be the shortest and easiest route from tidewater to the anthracite fields, covering a distance from Stewart of 126 miles. It is on a good grade with an abundance of feed and this season will see it completed. It strikes the Government telegraph line between Cabins 6 and 7.

Another important pack trail

commencing at the Naas bridge (11 miles above Meziadin Falls) to Cottonwood river, 39 miles in length was constructed. This provides means of communication to all lower Naas river points and connects with the trails to Hazelton and Kitwanga points on the Skeena.

Work was started on the building of a wagon road up Bitter Creek to serve the mines of that section, and this season should see its completion. Work on the extension of the Marmot river trail he characterizes as being of the best character. The Salmon River trail was also greatly improved. From Nine to Eleven miles the trail has been carried along on a water level which is of the greatest benefit to all who have interests in that part of the camp.

The trail up Glacier Creek was also vastly improved by the building of a new bridge and extension work.

Both Granby Bay and Alice Arm received their share of the appropriations in road and trail construction, and Mr. Gillingham expresses the hope that this season they will receive more attention than ever, in view of the large mining investments taking place, and the need for further transportation facilities.

As noted elsewhere, in submitting his report to Mr. Manson, the road superintendent has made a substantial request for appropriations for 1914 which will undoubtedly receive the support of the member, when same are taken up with the Minister of Public Works at Victoria.—Portland Canal Miner.

SIR T. LIPTON IMPLICATED IN BRIBERY CHARGES

Details Now Coming Out Concerning Graft in the British Army Canteen

London, Jan. 21.—For many years no trial has aroused such widespread interest in the British Isles as the proceedings at Bow Street police court against eight British army officers and eight civilians on charges of wholesale graft in connection with purchases for the army canteens.

Six commissioned officers and non-commissioned officers are involved. All are connected with the quartermaster's department of the war office. All the officers have risen from the ranks. The eight civilians are all employees of Lipton, Limited, of which Sir Thomas Lipton is managing director. They include John Cansfield, general manager and director of the company; James Craig, general manager of the military department of the company and the former and present managers of the company at the military headquarters in Ireland and at Aldershot and at Salisbury plain.

According to the opening speeches of the prosecuting counsel, "bribery and corruption have been going on for upwards of ten years," and it may be necessary to add other names to the list of those accused here. At the same time several officers are being dealt with by military tribunals.

Paymaster Arrested

London, Jan. 21.—First Paymaster Lowry, for whom Scotland Yard had been looking for since the end of November, was

arrested at New Milton, Hampshire. He was the paymaster of H. M. S. Ganges, stationed off Harwich and at the time of his disappearance it was said that between fifty and seventy-five thousand dollars of the ship's funds was missing. He was the third on the senior list of naval paymasters and entered the service in 1833. He is 53 years of age.

MILLIONAIRE DENIES INSTIGATING MURDER

Alfred Coolidge Denies as False Story That He Offered Money for Killing

Spokane, Jan. 21.—Alfred Coolidge, Spokane banker and millionaire, accused in the preliminary hearing of A. R. Cooley at Goldbeach, Or., of having offered money to have Thomas Van Pelt killed, today branded the story as false. J. H. Higgins, a former cashier in Coolidge's bank, was the witness who testified as to Coolidge.

"Higgins is a personal enemy of mine, but I did not imagine that he would attempt to involve me in Van Pelt's death," said Mr. Coolidge.

"My brother was killed sixteen years ago, near Goldbeach, Or., after what was then called a feud. Old man Van Pelt and his sons were cleared of the charge of killing my brother. Subsequently Thomas Van Pelt was killed. The story that I hired Cooley to do the killing is false."

STEWART NOTES.

G. F. Wooley left on the Prince John for Vancouver to be absent two weeks.

R. H. Woods, formerly of the light and water company, is en route to Victoria.

Fred Young of the McMillan Transfer Company is in Prince Rupert on business.

Dan Davis has gone to Prince Rupert, where he will be located for the next few months.

Roy Clothier has returned to Stewart after spending the holidays at Prince Rupert and the Sound cities.

William J. Crawford, wife and family are expected back from Vancouver on the next steamer, as also George Clothier, M. E.

Mrs. H. Horstman and her sister Mrs. Fleming and Mrs. T. W. Falconer were southbound passengers for Vancouver on the Prince John.

Word was received on the last mail that Master Leonard Stratford, the baby child of H. S. Stratford, had died in Victoria after a brief illness.

Road Superintendent C. J. Gillingham has returned from a business trip to Prince Rupert in the launch Independent, in charge of Dan Lindeborg.

Miss McCoskrie, daughter of Captain E. McCoskrie of Prince Rupert, is visiting her sister, Mrs. H. F. Kergin, and will be in Stewart for several weeks.

The many friends of Postmaster Will Cameron will regret to learn of the sad news he received on the last boat, advising him of the death of his sister, Miss Jessie Cameron.

Business prevented T. W. Falconer accompanying Mrs. Falconer when she went below on Friday. But "Dooley" intends next week to take a launch to Maple Bay and don his snowshoes and cross the divide to

NOTICE

To the Members of the Prince Rupert General Hospital Association

The annual general meeting of members will be held in the city hall at 8 p.m. Thursday, January 29th, 1914, to receive the directors' and other reports and to elect directors for the ensuing year.

By order of the Board,
W. M. WRIGHT,
Managing Secretary
17-26

Granby, and catch a boat south from there.

R. H. Robertson, the popular proprietor of the Stewart News agency, went south on the Prince John for a month's vacation to the coast cities. This is the first time Bob has been out since he first came to the camp in the days of the boom. He undoubtedly has a touch of high life coming.

Will J. Rolfe, M. E., arrived on the Prince John on Friday and will visit the Salmon River camps. He represents the Canadian Mining & Exploration Co. of Toronto and New York, and in association with Ralph Stokes of the same company examined a number of local properties last summer.

Fred Steer, who has for the last six months been working at the Portland Tunnels, left of the Old Country on the Prince John. Fred is an old-timer here, but says he has eaten all the powder smoke he intends to and now proposes to go back and camp on a little farm in Devonshire and stay there. He takes with him the best wishes of the boys.

Frozen - Pipes

Don't follow the old expensive methods of thawing pipes. Costs more than the pipes worth.

I have just received a new device for thawing pipes by electricity. You don't have to dig up your pipes. Just turn the current on and in three minutes the frost is gone.

Greater than Panama's Bridge of Water

The Panama Canal is the logical outcome of the trend of modern commerce—it is monumental evidence of the present-day need for shortening distance—for lessening time and for reducing cost of distribution between maker and consumer.

In point of distance, the Panama will bring the Pacific nearer to the Atlantic by 1,000 miles. In point of time, the sea voyage between Halifax and Vancouver will be shortened by 24 days. In point of cost, the canal will very materially lessen the expense of carrying freight between these places. But there is a stronger factor than even the Panama in shortening distances, lessening cost and saving time between manufacturer and user.

It is Advertising—

- It is the **quickest**—
- It is the **most direct**—
- And it is the **cheapest**—

means of communication between the maker and user of goods.

For instance, Advertising enabled a manufacturer in Nova Scotia to carry a demand for his product

from his factory to the Pacific Coast

— in a few days

— at an insignificant cost

compared with slower and more laborious selling methods.

In one week, thousands learned of his product where it would have taken years for the news to get around without advertising.

To the Manufacturers of Canada:

You will be alert to take advantage of the Panama route for the physical transportation of your goods. Have you considered how quickly, how far, and at what small cost the Advertising Trade Route will carry demand for those goods?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.
