ASIATIC EXCLUSION BILL AROUSES LIVELY DISCUSSION

REPRESENTATIVE AT WASHINGTON SAYS THE JAPANESE HAVE LOOSE MORALS AND THEIR DAUGHTERS ARE SOLD INTO SHAME

(Special to The Daily News.)
Washington, Feb. 2.—The discussion of Asiatic exclusion by the Burnett Immigration bill has precipitated a lively discussion. Representative Curry says that loose morals are prevalent among Japanese men, and uncondemned among Japanese women, whose daughters are sold without shame into immorality. There are two million professional immoral women in Japan. The idea of marriage between whites and Asiatics is revolting and menacing with a problem of mongrel degeneracy.

GRY MILITANTS NOW SAY BISHOP OF LONDON WAS FIXED

MISS PEASE IS TORTURED TO FRIGHTEN MILITANTS—INTERRUPT BISHOP'S SERVICES WITH CHANTING—REFERENCE TO FORCIBLE FEEDING

(Special to The Daily News.)
London, Feb. 2.—Militants are at the Bishop of London's. They accuse him as an agent of the government. Mrs. Pease wrote: "A whitewash brush has been placed in your hands by the authorities in order that the truth may remain in ignorance of diabolical methods used in desire to terrorize the militants. The truth of the matter has allowed the government to hoodwink you. We hear from Miss Pease, now inmate of Holloway jail, describing the torture she has undergone. On two occasions, to our knowledge she has broken down under the supreme suffering involved."
The suffragettes have repeatedly interrupted consecration services of the Bishop of St. Michael's with chanting references to the forcible feeding and demanding the bishop to stop the torture of women in English prisons. The disturbers were quickly removed. They attempted to reach the bishop as he left the church but were frustrated by the police.

RUSSIANS STOLE COAL FROM ROUND HOUSE

Red-handed by the Chief, Who Missed His Theatre Party

Saturday evening Chief started out with a little theatre party. Going to Third Avenue he spied men with suspicious loads in the street. The chief left the party to investigate. The boys carried several big chunks of coal. He could not speak English, so the chief took them to the station. They displayed quite a working knowledge of the English language. They confessed to taking the coal from the G. T. P. roundhouse.

There has been a lot of coal appearing from the G. T. P. and the company has been notified. The boys admitted having \$220 in the bank. They speak English which required an interpreter to transcribe into Russian and another interpreter to transcribe into English. The magistrate gave them a fine in jail and told them he would have given them six months.

FOUND HIS FURNITURE IN NEIGHBOR'S HOUSE

Two Russians Charged With Stealing but Got Off Although They Had the Goods

An owner of a vacant house on Comox Avenue paid a visit to his property yesterday for the first time in a month. He missed two stoves, a table and some other articles which were stored there. Appointing himself as a private detective he entered the rooming house of A. Gasoff and Torchin, two Russians. There he located his furniture.

The case was aired in police court this morning. The rooming house keepers declared the furniture was in the house when they took the place. There being no evidence to show that the Russians had stolen the stoves and table, the magistrate dismissed the case. Harry Hoffman assisted the court as interpreter.

(Special to The Daily News.)
New York, Feb. 2.—The Aero Club of America announces the sanctioning of an aeroplane race around the world to be started at the exhibition grounds at San Francisco, May, 1915, and to be completed in 90 days. The first prize is \$120,000 with \$30,000 additional.

Lost His Wife

A foreign resident of German extraction has a genuine worry on his hands. He has lost his wife. The man recently went up the G. T. P. on the snow shovelling gang. He returned two days later and found his wife was gone. He believes she departed with another man who is also missing. Even at that he wants her back. She is a good wife when he can keep her at home.

The new parcel post rates to come into effect February 10 will not benefit Prince Rupert in anything like the way it will other urban districts. The 20-mile zone in which the cheap rates will be used is practically a nonentity as far as Prince Rupert is concerned. The new rates will be used principally for shipping farm produce to the market and merchandise packages from the city to the farm. As there is no settlement or agricultural community within twenty miles of Prince Rupert, the local zone rate is useless in this city. The only rate which will be of any benefit will be the provincial rate of 10c for one pound, graduating down to four cents a pound. This will not help fresh eggs to get to the market here.

Youth Slays His Parents

Guelph, Ont., Jan. 31.—Edward Simpson shot and killed his mother and father today at his home near Hillsburg, about fifty miles west of Toronto, then barricaded himself in the house and held the neighbors at bay with a rifle. Simpson's sister escaped from the house and gave the alarm.

Claims No Treaty Violated but Favors Leaving Question to Tribunal

(Special to The Daily News.)
Ottawa, Feb. 2.—Speaking at the Canadian Club here ex-President Taft referred to the exemption of American shipping tolls through the Panama Canal. While it was the opinion of the ex-president that while with the United States traffic admitted through the canal free, the United States violated no clause of the Hay-Pauncefote treaty, yet he favored the question being referred to three judges of the privy council and three judges of the United States supreme court.

CAPTAIN OF FOUNDERED STEAMER MONROE CLAIMS NANTUCKET RAMMED HIS THROUGH CARELESSNESS—WAS RUNNING FULL SPEED

(Special to The Daily News.)
Norfolk, Va., Feb. 2.—Asserting that his vessel was lost through the carelessness of the commander of the Nantucket, Captain Johnson of the Monroe has filed a libel of \$1,000,000 against the Nantucket. In the complaint he says the Monroe was proceeding at half speed or less before the accident and had laid to after hearing fog whistles. He says the Nantucket came upon his at such a speed as to make collision unavoidable, although he ordered full speed astern to avoid the blow.

FRENCH SUBSCRIBE MILLION FOR NEW AERIAL WAR FLEET

WILL PRESENT 210 AEROPLANES TO ARMY AND ESTABLISH MILITARY AIR PORTS THROUGHOUT THE COUNTRY

Paris, Feb. 2.—The national subscription for the French aerial war fleet amounts to one million two hundred thousand dollars, according to an announcement by the president of the National Aviation Committee. The fund is to enable the committee to present to the army 210 aeroplanes and to pay for the training of 75 expert pilots, to erect military aeroplane sheds at ports of call. They intend to establish a system of military air ports throughout the country so aeroplane pilots shall be able to acquire an intimate knowledge of every part of France.

POLICE MADE A RAID ON DISORDERLY HOUSE

George Tessier and His Wife Charged With Selling Liquor Without a Licence

Last night the police made a raid on a joint over the old Grill on Second Avenue. It is kept by George Tessier and his wife Clara. There were three men and the woman there and most of them were said to be drunk. There was a lot of liquor found on the premises. The police have had the place under surveillance for some time and they are now laying charges against the pair for keeping a disorderly house and selling liquor without a licence. Tessier is in jail with a chance to raise \$300 bail and get out. His wife is allowed out because there is no accommodation for women in the lock-up. They will appear tomorrow morning.

REV. "FATHER" WM. HOGAN DIED AT MASSET YESTERDAY

Striking Character of Great Physical Strength---Unique Figure in British Columbia History---Had Labored Over Twenty Years for Anglican Church

Rev. William Hogan, the veteran Anglican missionary, is dead and his death will come as a shock to thousands of people all over this province. Fears were entertained for him since the recent visit of Dr. Kergin, which was reported in the News. The message came by wireless about 5 p. m. yesterday. His daughter, Miss Hogan of Hazelton, left for Masset about noon yesterday in a fishing boat, but on account of an accident they were compelled to return. Efforts are being made to charter a boat to take her and other friends to the funeral. He will be buried at Masset near a beautiful beach facing the east and near to the Haidas whom he loved so well. The following is an account of his life from one who knew and admired him:
On Sunday, Feb. 1st, about the hour of morning service, there passed away in the Mission House at Masset, a man of the most striking character and vigorous personality, well known up and down this coast by prospectors, miners, settlers and travellers and often called by way of affectionate regard "Father Hogan."
The Rev. William Hogan was born in Ireland over sixty years ago. He was educated in Trinity College, Dublin, and while a schoolmaster in that city, heard and obeyed the missionary call to the Far West. He arrived at Metlakatla in June 1893 and was ordained deacon in the same year, and made a priest of the Church of England the following year by Bishop Ridley. For five years he taught school at Metlakatla and helped in other church work, especially at Inverness Cannery during the summer time. In 1898 he went to Masset, and together with Mrs. Hogan, who often nursed the sick, did valuable work among the Haidas, for whom he ever af-

Halibut Schooner for Skeena Syndicate

Fishing Boat Roosevelt of Seattle Will Operate Out of Haysport

Seattle, Jan. 31.—Captain E. McLellan, representing William Greenwood of Vancouver, B. C., president of the Skeena River Fishing Company, has completed negotiations for the purchase of the Seattle Power halibut schooner Roosevelt. It is rumored in Seattle fishing circles that the British Columbia fishing concern contemplates a number of purchases in Seattle, of which the Roosevelt is the first. The schooner Roosevelt has operated from Seattle since she was launched about seven years ago, and has been one of the most successful of the local fishing fleet. She was one of the first high powered craft of the schooner rig built for fishing on this coast and her success was the forerunner of the many splendid vessels engaged in the industry today. Capt. Barney Peterson and P. Johnson were owners and sailers of the Roosevelt. Captain McLellan, who left yesterday with the schooner for Skeena River, was formerly commander of Jas. J. Moore's yacht Aquillo. The Roosevelt will be operated to the new Southwestern Alaska halibut banks from the Skeena River, according to announcement of her new owners, who also admit having in view the purchase of several other Seattle craft.

DAILY EDITION Monday, Feb. 2, 1914

The members of the provincial legislature, among them being William Manson, continue to talk drivel about the great future of the fisheries adjacent to Prince Rupert, in lieu of a fisheries policy. For years the provincial government has done nothing with the Pacific coast fisheries but grab fees and obstruct the development of the industry. They talk about British Columbia's great fishing, but have done nothing to make them great. It would appear as though the whole legislature is ignorant of the necessities of the industry or devoid of ideas on how to evolve a live fisheries policy.

C. E. Tisdall, M. P. P., supposed to be one of the brightest men in the legislature, says:

"Fifteen thousand men are employed in deep sea fishing, and the value of the products reached nearly \$14,500,000 in 1913. Halibut fishing was increasing and a good market was being opened up for this fish in the old country. There was no doubt also that an enormous increase in the amount of herring fishing would follow when this industry was more fully exploited. The construction of the G. T. P. would help fishermen to a material extent in providing transportation from the fishing beds of Prince Rupert, probably the finest along the coast."

Mr. Tisdall probably means that the people should give the McBride government credit for this industry, whereas anything that has

been accomplished in the fishing industry has been in spite of the provincial government.

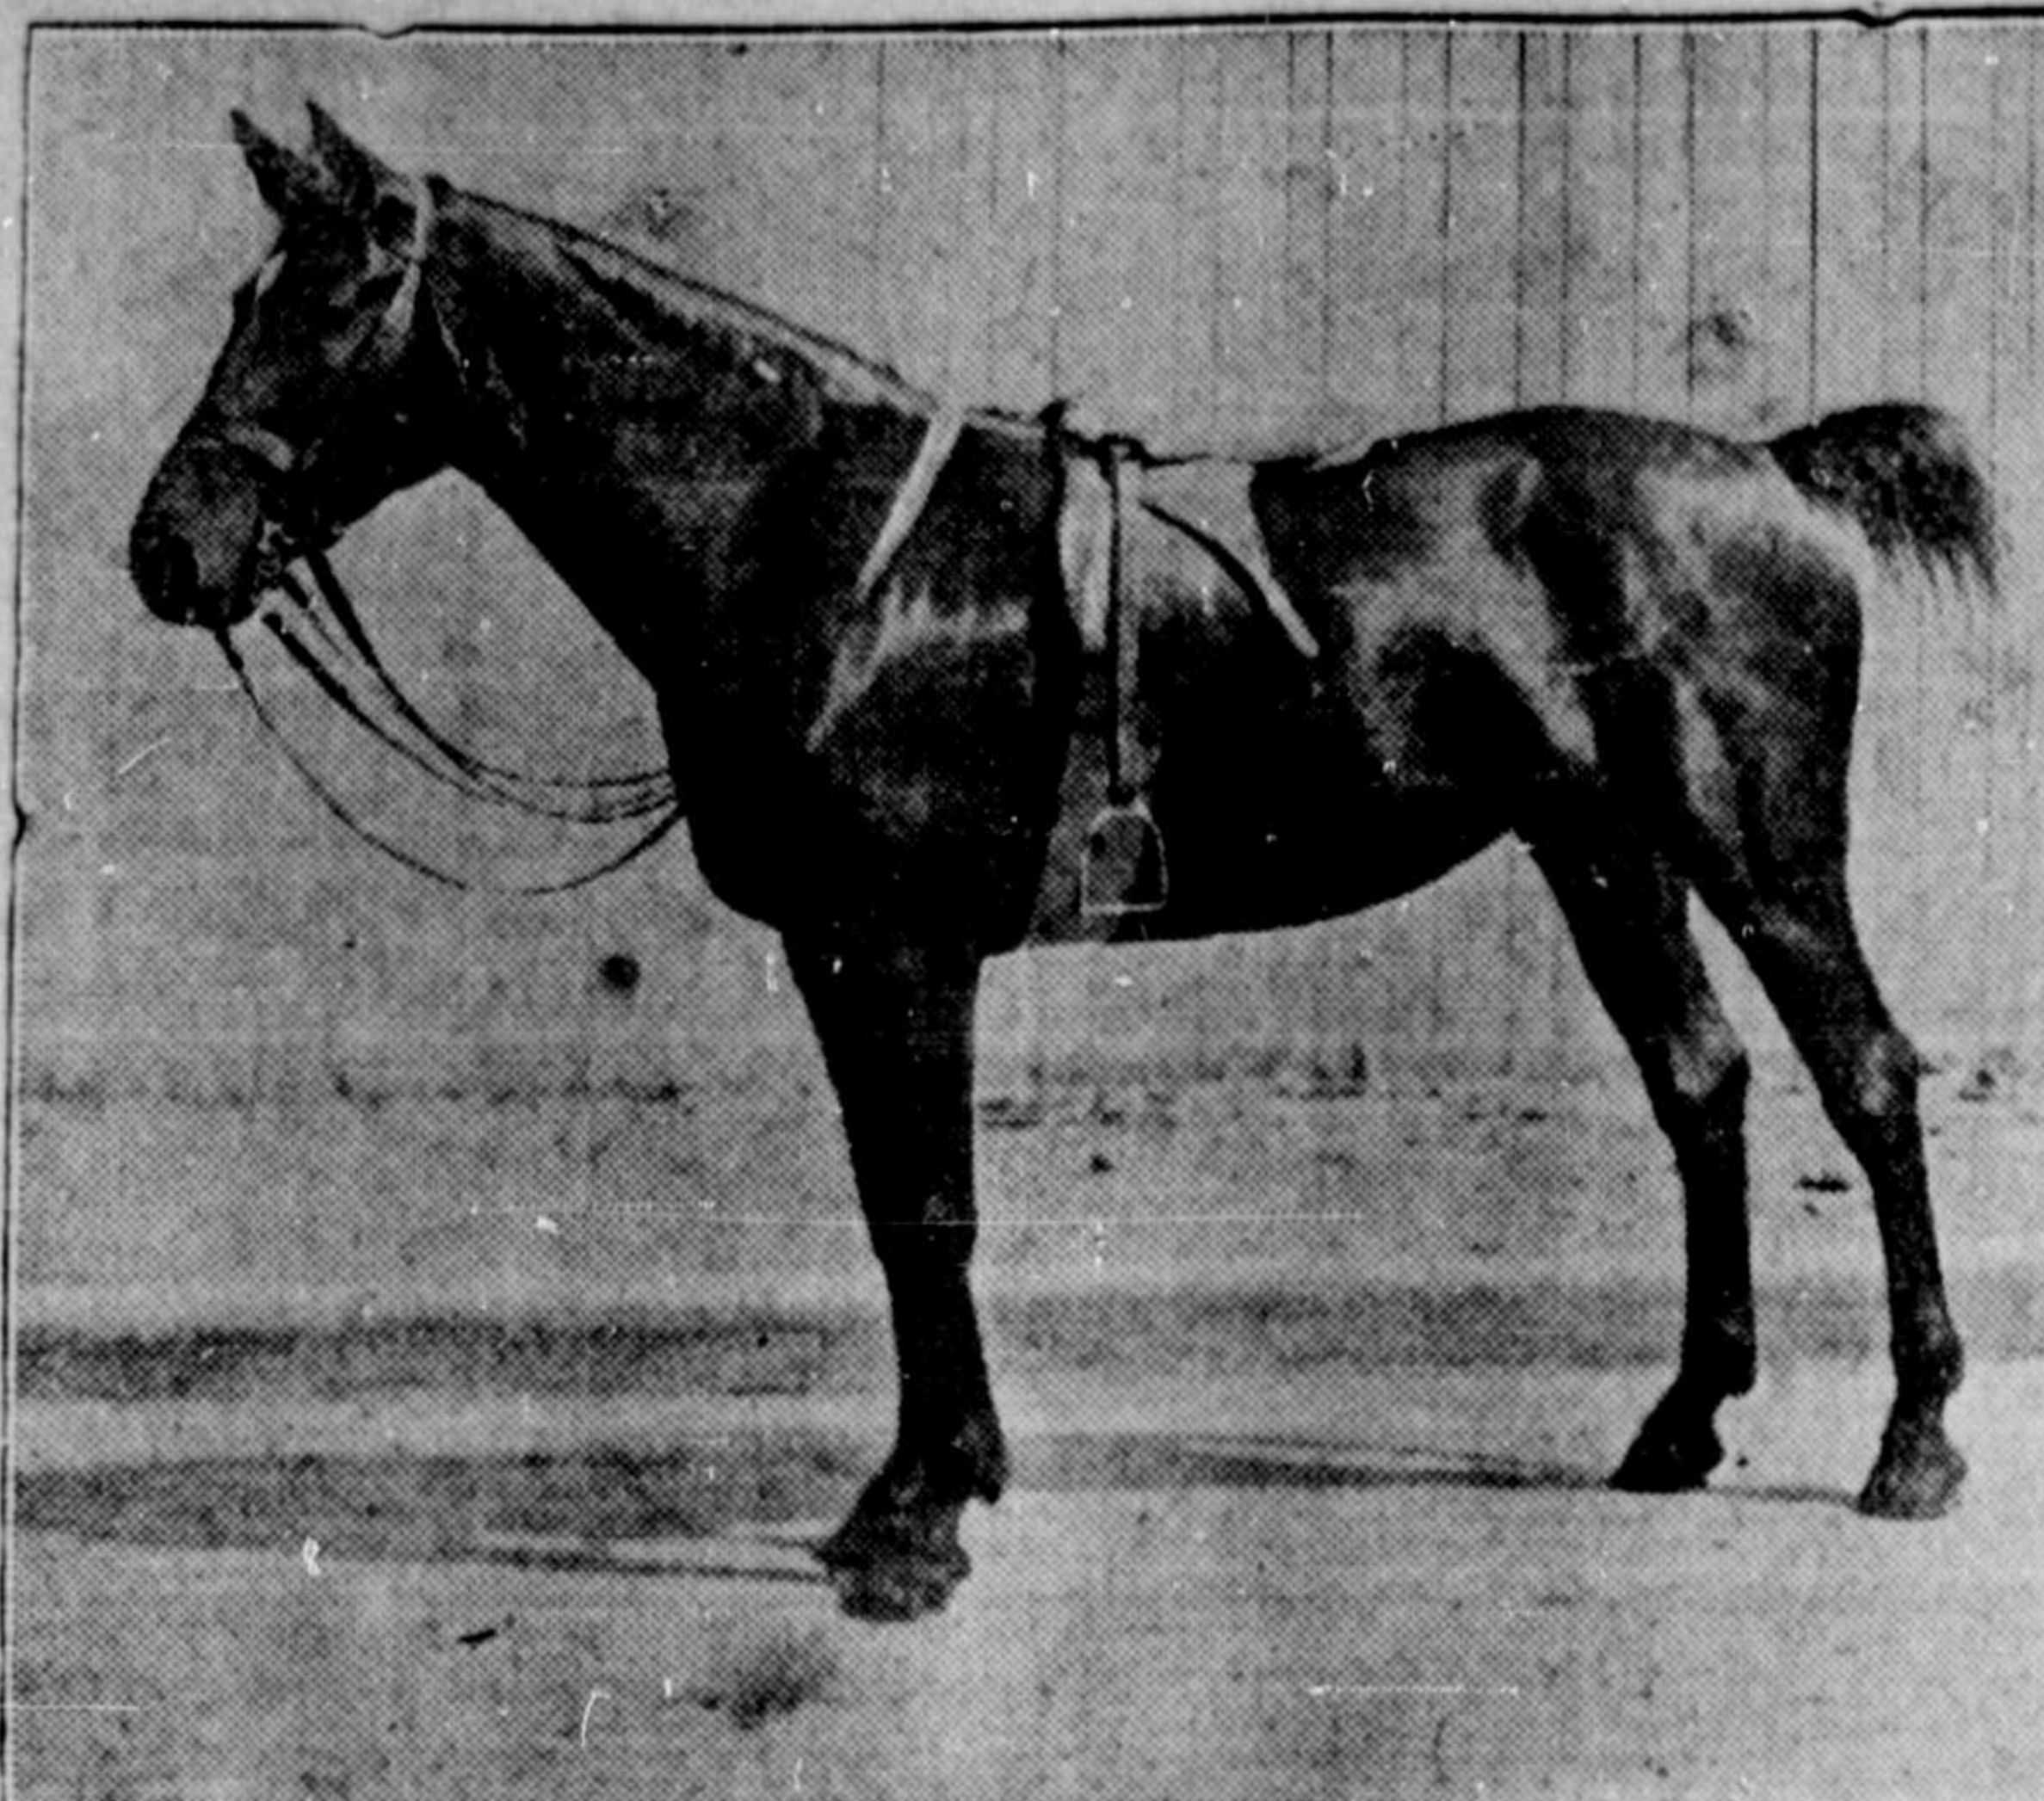

The new market for halibut being opened in England is purely a private venture. The government never thought of it nor would they give assistance to those who did think of it.

Mr. Tisdall expects there will be an enormous increase in the fishing industry. Is Mr. Tisdall or Wm. Manson or Hon. W. J. Bowser making any effort to improve the packing of herring or to find a market for the herring which cannot be sold after they are caught?

The great herring industry is a fine thing to talk about in political meetings, but the development is left to private enterprise, while the fishing licences are handed out to favorites.

It is all very well for politicians of the Wm. Manson type to talk about what the opening of the Grand Trunk Pacific is going to do for Pacific fisheries, but that does not remove the provincial legislature's responsibility. What are they doing? What is Wm. Manson doing?

Nature has bountifully provided the fish. The G. T. P. has provided means of transportation. Will William Manson and the provincial government open the fisheries and encourage the industry for the men who can find the market? British Columbia has had enough of talk; give it some action.

CHAMPION JUMPER DESTROYED

Mr. George Pepper's Sarah Moore, which won the military jumping class at Madison Square Gardens, New York, in November, beating the celebrated Amazons, valued at \$30,000 owned by the French Government. Granby Bay News Notes.

(Special Correspondence)

Granby Bay, Jan. 24.—The past week has been quite a busy one here. The filling in of the cribbing of the dam has been proceeding steadily, and it is expected that in the course of a very few days the water will be completely shut off. The latter will then have to rise some 20 feet before reaching the intake pipe connecting with the new power house.

The steel gang working on the smelter building have finished up, and most of the men went down on the last Rupert.

C. E. Allen, converter liner, who only came in here about two weeks ago from Great Falls, Mont., had the misfortune to sustain a fractured arm a few days ago and has been confined to the hospital. However his injury has so far improved that he is able to direct the lining of the converters at the smelter, and no delay will occur in this important branch of construction.

It is the intention, after a while, to gradually increase the force at the mine. At the present time the mines give employment to some 135 men, and when the smelter starts operating this number will probably be more than doubled.

On Sunday last the steamer Amur came in from the south, towing the barque Henry Villa, loaded with coke for the smelter. This old barque has lately been purchased by the Granby Company, and will be brought into use for transporting ore from the Midas mine, near Valdez, Alaska, to the Anxoy smelter.

The Amur went from here to Swamp Point, taking the barge John C. Potter with her, and brought back the Granby No. 1 barge, loaded with limestone. This is the first shipment of lime rock that has been delivered here for fluxing purposes from Swamp Point.

The Amur left again for the south Thursday night, towing the Gerard C. Tobey, which will go into dry dock at Seattle before being used any more.

The provincial government

launch Leila R was here on Wednesday from Prince Rupert, with Mr. Irwin of the forestry service on board. She left for Prince Rupert the following day.

Mr. O. B. Smith, the Granby Company's superintendent of mines, came in from Vancouver on the Prince Rupert on the 22nd. Mr. Ed. Davis, manager of the store department, with Mrs. Davis, arrived on the same boat on a visit, and Mr. C. E. Smith, accountant in charge here, also returned on that day from his vacation.

Mr. L. A. Manly, of the Granby Bay Hotel Company, left for Victoria and other points on the 22nd, on a business trip.

A spell of cold weather has been experienced here during the past week, the thermometer in exposed places, registering as low as five and six degrees below zero.

Scotsmen and others celebrated Burns' Anniversary here with a concert in the Recreation Hall, and a large number sat down and enthusiastically partook of haggis, etc.

Rev. W. E. Collison arrived here today on the Princess Beatrice from Prince Rupert, and is registered at the Granby Bay Hotel.

Mr. A. R. Hodgson, assistant to Mr. W. J. Hamilton, in the assay office, has arrived from Denver, Colo., and is a guest at the Granby Bay Hotel.

Worst of Stringency Over Calgary, Jan. 31.—Clifford Sifton in an interview, said he considered that the worst of the financial stringency was over, and there should be an improvement in conditions in the near future. He was of the opinion that the sale of five million dollars of Calgary bonds on the London market at 97 was a most hopeful sign.

CANADA PAYS MILLIONS FOR DUTY ON FOODS

Some Examples of How Taxes on Foodstuffs Oppress the Wage-earner

The incidence of taxation upon food and the manner in which it weighs with special severity upon the wage-earning classes is easily apparent from an examination of the customs returns for last year. For instance, during the year ending last March, Canada imported from the United States foodstuffs to the value of \$23,072,160, in which duties to the amount of \$4,816,787.82 were collected. From Great Britain foodstuffs to the value of \$5,358,568 were imported, and even with the British preference the duties upon this amounted to \$1,075,480.88. France supplied up with food to the value of \$1,096,001, and before it could reach the tables of the Canadian consumers almost \$100,000 had to be paid into the Dominion treasury. In fact Canada imported foodstuffs from nearly fifty countries during the year, and every morsel brought in had its cost to the Canadian consumer increased from twenty to thirty-five per cent. before he could eat it. Is it any wonder that the people of Canada, facing a hard winter, lack of employment, and money stringency, are eager to buy in the cheapest market without any artificial inflation by tariff?

Standing Room Only at Westholme Last Saturday

The splendid feature films shown at the Westholme Theatre Friday and Saturday drew crowded houses at both performances, the "standing room only" sign being in use for one or two hours on Saturday.

Following up their success in the past the management are offering another splendid all-feature program tonight and tomorrow night. As headliner there will be a two-reel cowboy feature with real live cowboys and lots of good wholesome comedy stunts such as only a western cowboy can perform. This picture is produced by the Broncho company, but being one of their very latest productions it must not be confounded with the old-style "Indian pictures," as it is in every way different and superior. The story is exciting and true to life and there are so many comical situations that the picture deserves to be classed as a comedy rather than a western drama. There is much fancy riding and some wonderful falls by riders in full gallop.

A very funny Keystone comedy entitled "Mabel's Love Affairs" will also be shown. With such a splendid program the standing room only sign is sure to be in use again tonight.

Vatican Denies Report

Rome, Jan. 31.—The Vatican is indignant at the article which appeared in Le Temps, Paris, saying the pope saw nothing wrong in the tango itself, but objected to the extreme manner of dancing it. The article added the pontiff was booming a new dance intended to take the place of the tango. Vatican officials denounced the story as baseless nonsense. They said the pope has no interest in dances of any kind, and never has discussed matters of such trivial nature with those to whom he granted audiences. The only way in which he has taken action in regard to the tango was by approving condemnation of the dance issued by the cardinal vicar recently.

Committed for Trial

John Frost, charged with stealing a watch from James Cummings in a local hotel, and Micky McDonough, charged with receiving stolen goods, were both committed for trial in police court this morning. Micky is said to have seen the watch stolen. He got it from Frost and then went and sold it to Roy & McKay's second hand store for three dollars.

McFARLANE PERJURY CASE BEING HEARD TODAY

The perjury case against L. E. McFarlane is being heard before Judge Young today. The crown is represented by W. E. Fisher. L. W. Patmore is for the accused.

The evidence produced by the prosecution is to prove that he made certain statements in his evidence at the time of the slander trial which were false.

Several witnesses for the crown have been heard. W. E. Burritt, Harold Graves, the stenographer, Harry Daggert and J. H. Rogers gave evidence before the noon adjournment.

Rev. W. H. McLeod is here from Vancouver as a witness and Rev. Mr. Scott will be in this afternoon from Vancouver, also to give evidence.

The case is in progress this afternoon.

Offer for Debentures

It is understood the city is in receipt of some offers for its debentures. Several financial firms have also asked for options and the finance committee is having busy sessions talking it over. It is said that one of the offers was for fifty-year sixes at 87. Apparently none of the offers so far are tempting, but the aldermen think it shows an improvement in the market.
