LARGE FUNERAL ATTENDANCE DOES HONOR TO NOBLE LIFE

REV. WILLIAM HOGAN LAID TO REST WITH AFFECTIONATE REGARD--NUMBER OF LOCAL PEOPLE ENABLED TO BE PRESENT THROUGH COURTESY OF GOVT. STEAMER

The government fisheries patrol boat took a party from Port on Wednesday to attend the funeral of the late Father Hogan in Massett. Among them were Bishop Du Vernet, Canon Rev. W. E. Collison, R. L. Atosh and Capt. McCroskie, old friends of the deceased. Hogan, a daughter, who made several unsuccessful attempts to get over, was also on the boat. There was a great welcome on the ship when it drew up to dock at Massett; there had been an anxious waiting for its arrival and now that it came with the Bishop on board to take charge of the funeral, there was evident relief and satisfaction on the part of the islanders. The service in the church was attended as if every person in the old new Massett had turned up to honor the memory of their pastor, for the church was crowded and many not able to get admission. The coffin, which was really a splendid piece of workmanship by the Haidas, was covered with

flowers sent from Prince Rupert and Massett friends. The service at the church was taken by Bishop Du Vernet, Canon Rix and the Rev. Heber Greene. The Bishop gave a most appropriate address which both touched and cheered the hearts of all present. There was a choir of fifteen men who led the singing in a splendid manner. After the church service, the casket was placed upon a hand carriage and covered with a Union Jack, a most suitable thing for such a loyal subject of the Empire as was "Father" Hogan, and a procession was formed, headed by the Massett brass band, which was followed by the clergy, pall bearers (who were white settlers), the mourners, and between three and four hundred of the people of Graham Island. At the grave Bishop Du Vernet and the Rev. W. E. Collison officiated, the latter taking the prayers in the Haida language. The whole service was a wonderful tribute of love and respect. TRESS ATTACKS EDITOR TAYLOR VANCOUVER WORLD

NOT LIKE CRITICISM OF HER SINGING AND WENT AFTER EX-MAYOR WITH TRUNK STRAP--POLICE CALLED AND BIG CROWD GATHERED

(Special to The Daily News) Vancouver, Feb. 7.—Marie, the English comedienne, at the office of the World paper today and vigorously attacked L. D. Taylor, managing editor and former mayor of Vancouver. The police were sent and a big crowd gathered because the trouble was stopped.

Marie used a heavy trunk strap and struck Editor Taylor several sharp blows across the face before the bystanders interfered. The singer was enraged over an article in the World criticising her performance in a local theatre and referring to her difficulties with the immigration authorities.

ESBYTERIANS' FAREWELL GATHERING FOR REV. F. W. KERR

ESBYTERIANS MET IN CHURCH HALL LAST EVENING--MANY EXPRESSIONS OF REGRET BY CONTEMPORARY CLERGYMEN--MUSICAL PROGRAM

The concert and social given evening by the ladies of the Presbyterian church were thoroughly enjoyed by a large audience which completely filled the Presbyterian hall. The ladies arranged the affair as a well reception to Rev. and Mrs. Kerr, who are leaving on Monday evening for New Westminster, and the large number of testimonies to the high esteem in which they are both held. The hall was beautifully decorated in honor of the occasion, and at the rear the ladies had a well loaded with good things.

Rev. G. R. Naden introduced various speakers of the evening. He did not think they could make the meeting a tear-farewell, but rather wish Mr. and Mrs. Kerr godspeed. He predicted that before long Mr. Kerr would be longing to get back to Prince Rupert.

Rev. J. F. Dimmick said Mr. Kerr's removal left him the senior pastor in the city, and he hoped that, when it came his turn to depart, he should be as fresh and vigorous as Mr. Kerr was. Mr. Kerr was leaving behind a circle of friends that he had never known so well as in the moment of his departure. The tie between pastor and congregation was like a sailor's knot—it only grew tighter by being strained. Rev. G. H. Raley of Port Simpson laughingly remarked that he had a grudge against Mr. Kerr, for he had asked the latter to come to Port Simpson and give a lecture, and the latter had partly promised to do so, but later on he had married a wife, and so could not come. He predicted Rev. Mr. Kerr would be heard from in New Westminster. Rev. Mr. Wright narrated one or two very amusing stories in the course of his speech. He said that he had not known Mr. Kerr very long, but from what he had heard of him, he was sure that the congregation was sustaining a very great loss. Right in this community there were grand opportunities which demanded all that was heroic in mankind. Perhaps the best speech of the evening was that of Rev. G. A. Rix, who although suffering from the after effects of his trip across the Heate straits, delivered an address filled with humor, and also containing plenty of sound advice. He felt that Mr. Kerr's place would be very hard to fill. The situation reminded him of the old lady who, when the minister had left, and someone was trying to console her by saying that others equally good could be secured, replied that every solitary one was worse than the one before. He felt that the only man who would succeed here would be one who was supported by the men of his congregation. On behalf of the members and adherents of the congregation, Lois McRae then presented Mrs. Kerr with a purse containing a handsome sum of money in gold. Mr. Kerr, in rising to thank the congregation on behalf of Mrs. Kerr, was evidently much affected. He had often spoken very plainly, but he thought that when you found one to whom you could express yourself forcibly you had reached the true level of friendship. He trusted that his ministry among them had been understood. He believed that the congregation had helped him to grow and realize a man's responsibilities in life. Finally, he wished to thank the ladies for being so considerate and kind to Mrs. Kerr. Those who took part in the program were: Misses Stephens, Mrs. Jarvis McLeod, Miss Morgan, Mrs. Miller, Miss Irwin, Mr. Davey and Miss Dimmick. At the conclusion of Mr. Kerr's address refreshments were served, and the gathering broke up, wishing Mr. and Mrs. Kerr every success in their new sphere of labor. Rev. F. W. Kerr will preach at both services tomorrow. The C. P. R. boat has agreed to lay over until after the evening service.

LIBERALS WILL MAKE A GENERAL ATTACK

Issue in Budget Debate Will Not Be Confined to Free Food Question Alone

(Special to The Daily News) Ottawa, Feb. 7.—It is rumored here that when the budget debate takes place the Liberals will make a general attack upon the tariff, as they are not limited to the free food idea already enunciated. Sir Wilfrid will question the party on the particular policy which appeals to them. The rural wing objects to a general crusade against the tariff on manufactured goods as well as on free food.

APPOINT GOVERNOR FOR AUSTRALIA

Necessitates Three Contests in England Which Will Show Public Opinion

(Special to The Daily News) London, Feb. 7.—The King approves of the appointment of Lord Munro-Ferguson to succeed Lord Denman, governor-general of Australia, who is retiring owing to ill-health. The appointment of Lord Munro-Ferguson causes a by-election in Leithburg. In political circles it is believed that this election will be coincident with two by-elections in London by reason of the granting of a peerage to Sydney Buxton and the appointment of F. G. Masterman his successor as president of the board of trade. These contests will afford much interest anticipating a revelation of public opinion on both the Irish and labor issues.

NO CITY DEBENTURES HAVE YET BEEN SOLD

Council in Informal Session This Morning--Bank Has Not Been Heard From

The city council has not yet been able to make a deal with the representative of Messrs. Terry, Briggs & Slayton, the Toledo bond brokers. The city offered the 10 and 20-year fives at 90, but Mr. Dean says he cannot handle them at that price. The finance committee is not willing to go lower. As yet the Bank of Montreal has not sent word that they can sell the \$371,000 of treasury notes at 97, but word is expected daily. Mr. Dean leaves the city tomorrow evening. His firm have been in the Canadian field the past few years and he is making a tour of the Canadian cities to size up local conditions.

MANURE IS DUMPED ON MORESBY AVENUE

Water of Morse Creek Reservoir Subject to Contamination--Was Used This Week

At the present time stable manure is being dumped on a lot along Moresby avenue in section two. The lot is just above the Morse creek reservoir and drains directly into it. Several big loads have been dumped there within the past few days. Early this week the water department found it necessary to pump a large quantity of water from this reservoir into the city water mains and the Acropolis hill reservoir. Whether manure had been dumped on the slope of Morse creek prior to that or not The Daily News is not prepared to say, but certainly if any more water is taken from that source the public should be warned to boil the water before using it. The News was given to understand that the owner of the lot gave permission to put the manure there as he wanted to use it on the lot, presumably for garden purposes. The lot, however, consists of a big hump of rock and a number of stumps. It does not look like a garden patch nor suitable for one. Certainly it is not prepared for the spreading of manure as a fertilizer. The question of the rights of the interested parties to dump manure on the lot is one for the health department, but if the water is thus subject to contamination the public should be warned before water is used again from that reservoir.

Workmen Going In

A number of workmen went into the interior on today's train. Despite the fact that many men are being laid off it is found difficult to get men for the night shifts. On some of the grading contract work goes on day and night. Many of the men going up this morning were teamsters to work on the contractors' freight lines from the end of steel through to the construction camps.

Twelve Cars Ore

Five cars of ore from Silver Standard mine left New Hazelton yesterday for Prince Rupert. Five more cars are on the siding ready for shipment and two more cars are en route. "These twelve cars represent two weeks' work," said Mr. Angus Stewart. They are bound for the Trail smelter and will bring some rich returns to the mine owners. Active operations will continue at the Silver Standard and a lot of ore will be shipped out while the sleighing lasts.

FASHIONABLE DANCE BY THE ROWING CLUB

Large Attendance, Good Music and Popular Occasion Made Very Pleasing Affair

The Prince Rupert Rowing and Yachting Club gave their second annual ball last night in St. Andrew's hall. The decorations were simple and tasty, being largely the symbols of a life on the ocean waves. The attendance was very good and well illustrates the popularity of the club. There were about sixty couples present and the revenues of the club will be augmented to a considerable extent. The music was furnished by the Westholme orchestra and was as usual full of dash and enthusiasm. The committee in charge of the affair were Commodore Judge Young, S. P. McMorde, A. D. Golden, R. A. McGee, C. C. Purdy and Adam Cars. Mr. A. G. Vidler also assisted very materially with the preparations and great regret was expressed that he was compelled to depart so soon for his new destination.

BISHOP TO LECTURE VANCOUVER COLLEGE

Bishop Du Vernet Left for South This Morning to Talk on Theology

Bishop Du Vernet left this morning by the steamer Princess Maquinna in order to deliver a series of lectures on theology in the Anglican college in Vancouver. His lectures will occupy about a week's time. Following that, the bishop will attend the representative gathering in Victoria of the Anglican Church of British Columbia. Bishop Du Vernet, as the senior bishop in the province, will preside at that gathering. He will be absent from the city for about three weeks.

Methodist Services

Services at the Methodist church Sunday will be as follows: Morning service at 11, subject of sermon, "The Bible, a Necessity." Sunday school at 2:30 p. m. Evening service at 7:30. A special service of music and song will be given by the choir Sunday evening. The pastor's subject for the evening will be, "Amiability." A hearty welcome to all.

Southbound

The Princess Maquinna sailed for the south at noon today. She was in port all morning. Among the passengers going south were: H. McCurdy, W. J. McLean, W. D. Haugh, Rev. F. H. Du Vernet, W. E. Morall, P. C. Adams and two prisoners.

CARVELL ATTACKS LABOR DEPT. WANTS EVERYBODY FIRED

HON. COL. SAM HUGHES SAYS ENGLISH WAR OFFICE IS ALWAYS ADOPTING FADS--HE DEFENDS ROSS RIFLE IN VIGOROUS DEBATE AT OTTAWA

(Special to The Daily News) Ottawa, Feb. 7.—Two questions engaged the attention of the house to the exclusion of all other topics throughout a long sitting last night. They were a dispute with the National Rifle Association of Great Britain over the Ross rifle and the Nanaimo strike. E. M. McDonald introduced the Ross rifle discussion in a brief speech in which he expressed the hope that the minister of militia would adhere to his determination not to send a team to Great Britain next year unless the war office ruling against the aperture sight was withdrawn. Hon. Col. Sam Hughes in an emphatic speech said he did not propose to do so. The new regulations were aimed at the Canadian arm because it is a superior weapon to the Lee-Enfield, which is obsolete. The minister said the war office was always adopting fads. The new figure target is one of them. The Nanaimo strike trouble

was brought up when the estimates of the department of labor came up. F. B. Carvell, M. P. of New Brunswick, charged the minister of labor with incompetency and neglect in dealing with the Nanaimo strike matter. He said the report of Commissioner Price was cut off the day the rioting commenced and that the situation was glossed over in the Labor Gazette. He claimed the minister of Labor, the Gazette, and everybody concerned should go. Hon. Mr. Crothers, the minister of labor, replied with heat. He said Price had returned from the west before the trouble started. He had made his report before the minister's departure for England. The minister reviewed the matter and said every possible effort was made to bring the miners and employers together, but it was very difficult and a particularly hard matter to deal with because neither side would admit that a strike existed.

GOVERNMENT SALE OF LOTS FORT GEORGE HELD NEXT MAY

SALES WILL BE IN PRINCE RUPERT, VANCOUVER, VICTORIA, AND ON THE TOWNSITE--J. T. ARMSTRONG WILL BE SELLING AGENT FOR GOVERNMENT

Victoria, Feb. 6.—The provincial government will hold its first land sale as far as the property in Fort George is concerned in the month of May. Some 2300 lots in various townships, including Fort George and surrounding sites, will be auctioned.

for the distribution of building material for the P. G. E. which will make Prince George an important construction centre for some years longer.

Ordnained Preacher

It is generally expected the total price to be received will exceed \$2,000,000. J. T. Armstrong of Vancouver has been appointed selling agent for the government. The first sale will be held in Vancouver. The other sales will follow in Victoria, Prince Rupert and Fort George. In the past the sales that have been held have been of G. T. P. property in the townships.

During his visit to Massett to attend the funeral of the late Rev. William Hogan, Bishop Du Vernet took occasion to ordain Rev. Heber Green to the ministry. Thus there is a fully ordained preacher of the Anglican Church in that district.

Cut Rates

Fort George, or Prince George, as it is now commonly known owing to the fact that the G. T. P. has adopted this latter name, is very much in the public eye. It is evident that the lots there will reach high figures, as it is generally felt that the town will be a very important one in connection with the general development of the interior. With the completion of the G. T. P. there will be a lively centre

DAILY EDITION Saturday, Feb. 7, 1914

A few days ago an act was introduced into parliament to abolish the granting of titles in Canada. Of course it did not go far. There are too many budding politicians who are looking for a brand new halo, and naturally they would not kill "the goose that lays the golden egg."

The introduction of the bill, however, brings up the whole question of titles. There can be no doubt but that the influence of aristocracy played a large part in the development of civilization and titles are the natural development of aristocracy. The world has been moving very fast of late, however, and the titled world except in a few rare cases has not kept pace. The men of honor and renown today are the men of intellect and achievement, and in most cases these men have come up from the ranks.

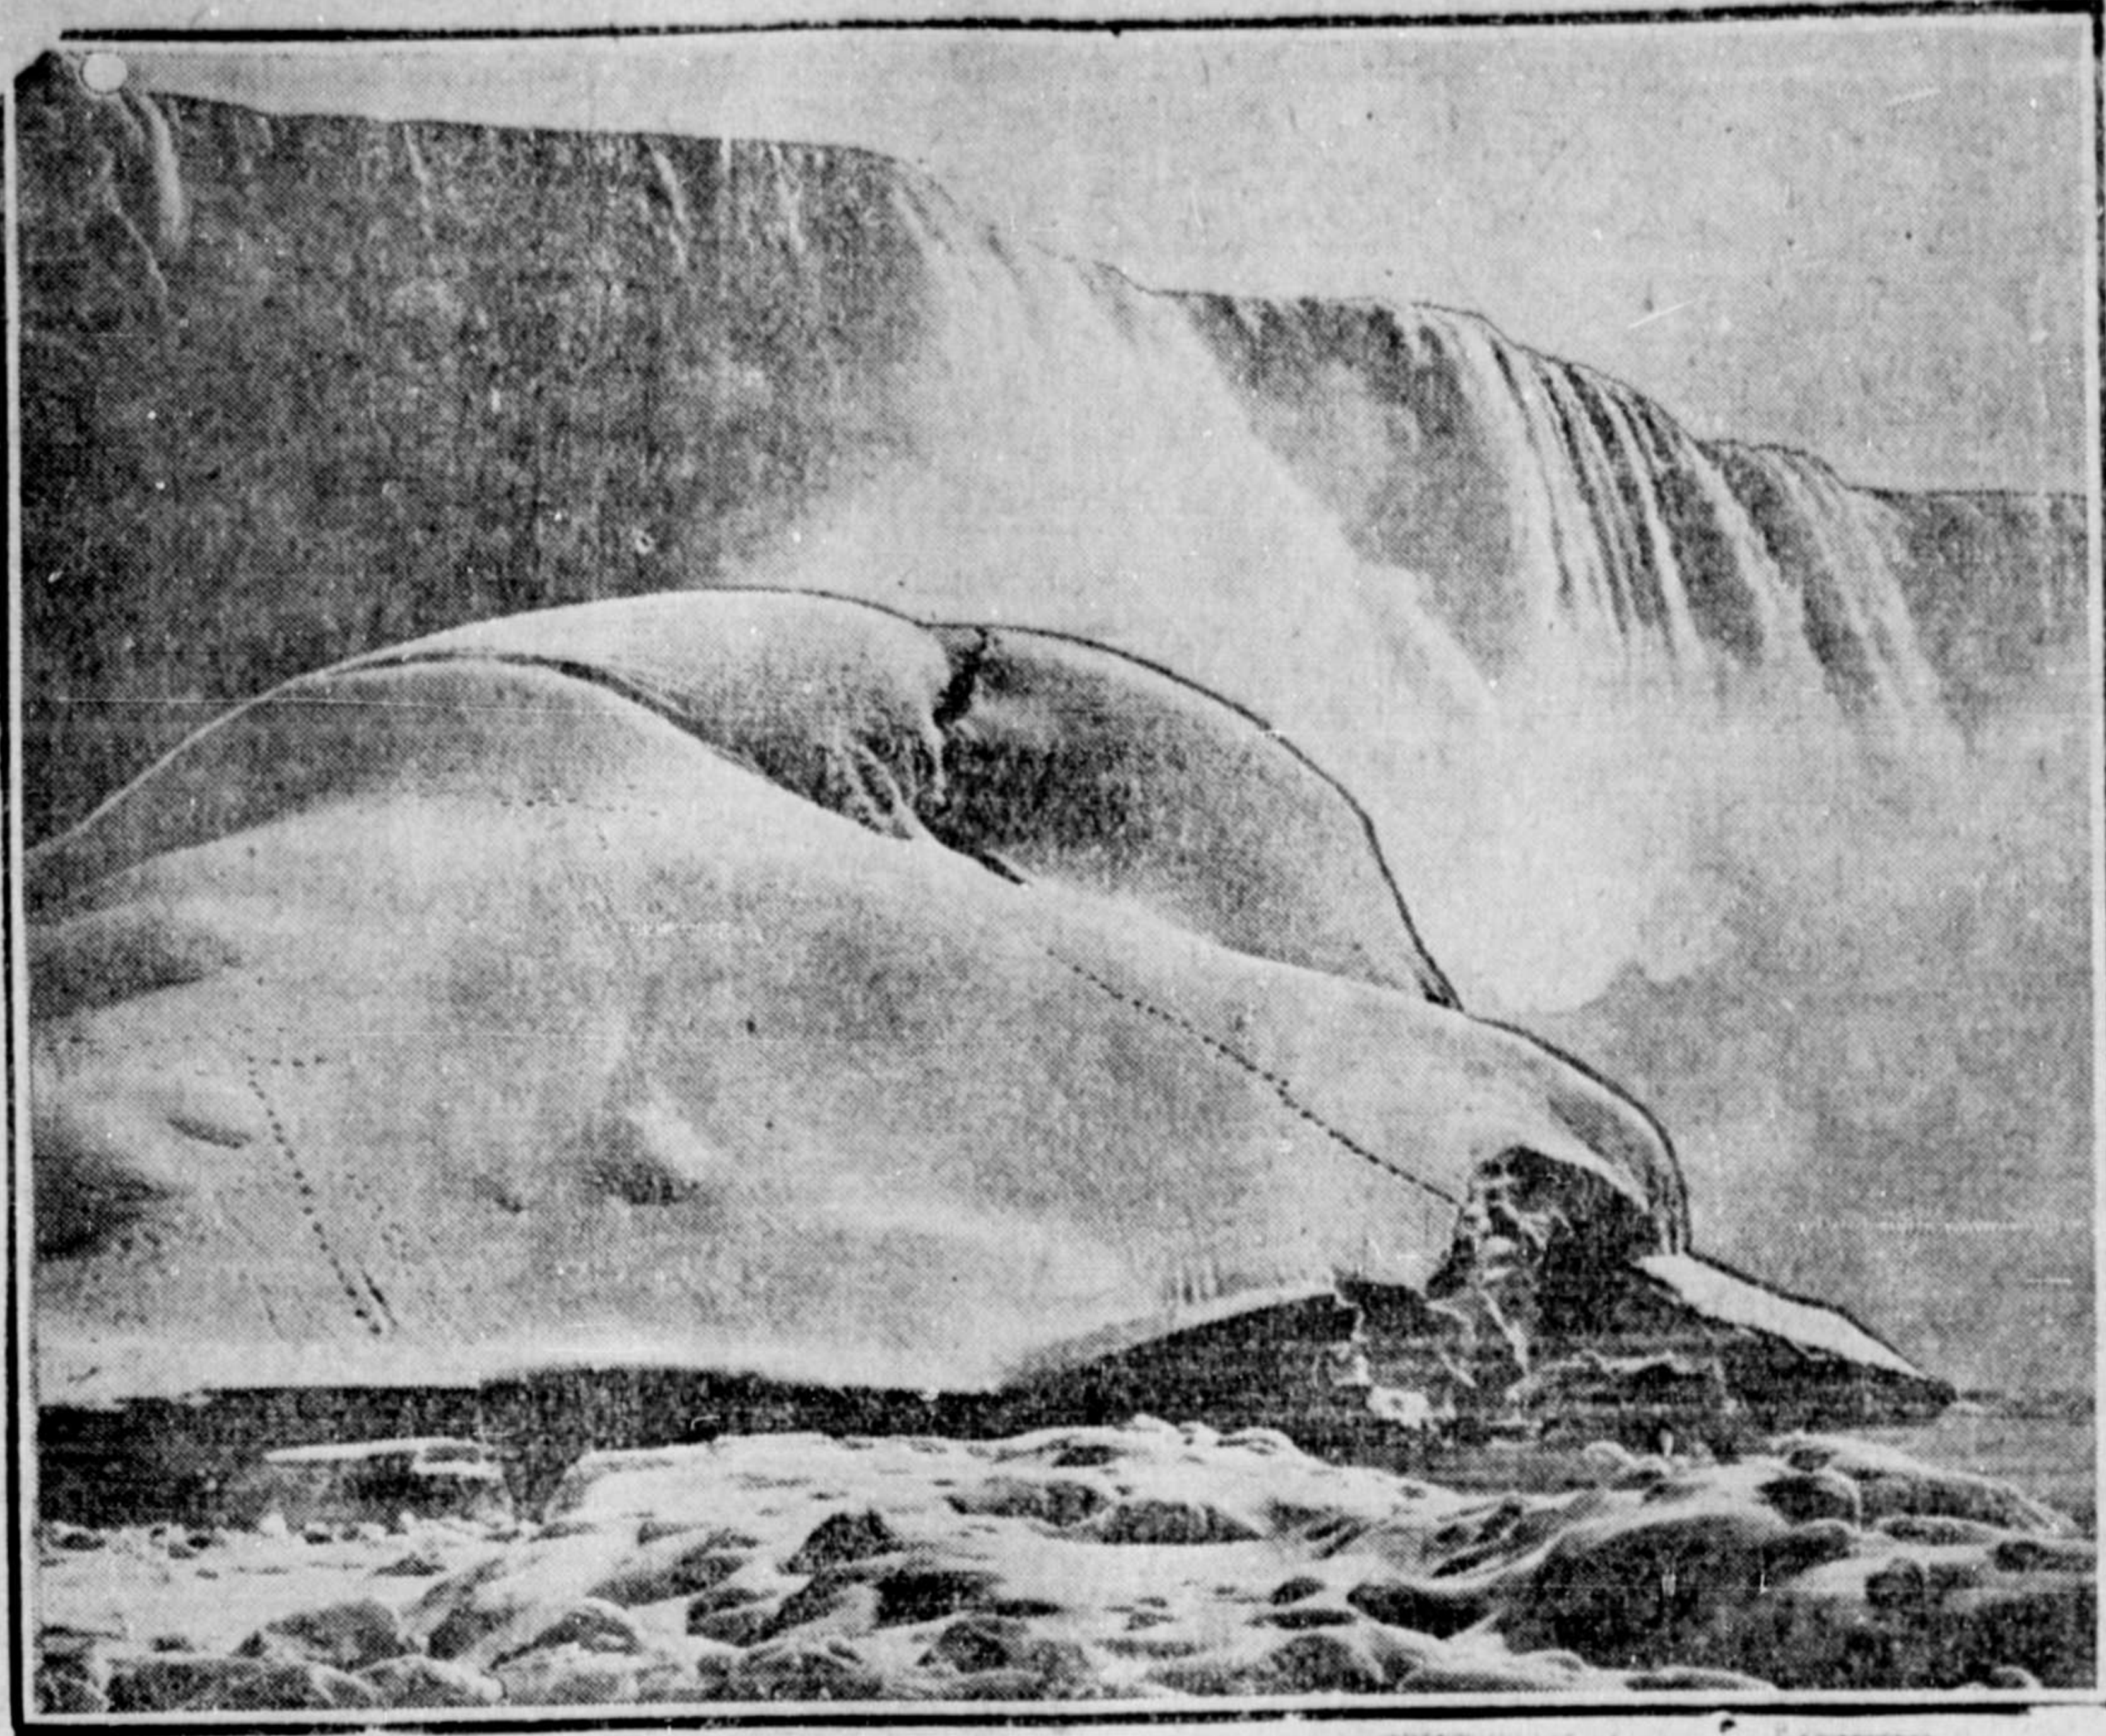

There can be no fault found with titles which are the reward of faithful service and distinguished achievements. Neither can there be any objections to a hereditary nobility where the members of that line are a credit to society. There are serious objections, however, to a title ill earned or to a nobility that has not kept pace with the progress of humanity, and in a great many instances this is what we find.

It is bad enough to have a useless aristocracy that is a survival of the past and which the past has made inevitable, but it is a good deal worse to borrow the follies of the past and engraft them where they do not naturally belong and where they are entirely out of place.

This is particularly true

with regard to a great many Canadian titles. Exception can easily be made of such men as Lord Strathcona, Sir Wilfrid Laurier and Sir John A. Macdonald. But why should Max Aiken get a title when his only achievement was a big graft? Why should Richard McBride get a title before he was big enough to wear his spurs? Why are titles placed on the market like other truck and sold to the highest bidder? These are a few of the things that detract from Canadian titles and which makes a good many people wish they were abolished entirely.

During the late municipal contest the present mayor severely criticized the last year's council for having left the emergency water pump at Morse Creek and installing a new pump at Shawatlans. The wisdom of the policy of last year's council was early brought into evidence. This week the water department found occasion to use the Morse Creek pump and the plant there is now held in shape to be put into use on short notice. So long as there is only one pipe line across Shawatlans Passage it is a wise policy to keep this auxiliary plant ready for emergency. Flexible joint pipe lines like that in use crossing Shawatlans Passage leak more or less always and frequently break. While the city is dependent on one line for its supply it would be folly to dispense with the auxiliary pump at Morse Creek. In view of the necessity of using the pump during the first month of his office it would be in order for the present mayor to withdraw his criticism of last year's council on this item of business.

INTERESTING RAILWAY FIGURES TAKEN FROM ANNUAL REPORT

STATISTICS OF DOMINION SHOW INCREASE IN CONSTRUCTION DURING YEAR—ALBERTA GOT MOST NEW MILEAGE—B. C. LEADS AMOUNT BONDS GUARANTEED

Some very interesting statistics are gleaned from the annual report of J. Lambert Payne, controller of railway statistics. The report covers all information submitted to the government by the railways for the year ending June 30, 1913, as follows:

The mileage in operation in 1913, with the increase for the year, was distributed by provinces as follows:

Province	Miles	Increase
Nova Scotia	1360	2
Prince Edward Island	279	10
New Brunswick	1545	...
Quebec	3986	103
Ontario	9000	454
Manitoba	3993	473
Saskatchewan	4651	897
Alberta	2212	316
British Columbia	1951	95
Yukon	102	...
In United States	225	225
Totals	29,304	2577

Additions to Double Track

There was during the year an addition of 232 miles to double track, bringing the total double track up to 4,984, and 786 miles to yard track and sidings. The aggregate of all tracks was 38,223 miles, an increase over 1912 of 3,594.

It was definitely ascertained, says the report, that 18,647 miles of new line were under construction on June 30, 1913. On June 30, 1912, there were 18,826 miles in process of being built, so that the increase in 1913 over 1912 was 9,832. This construction work was distributed geographically as follows:

Province	Miles
Alberta	4,733
Saskatchewan	4,007
Manitoba	872
British Columbia	3,884
Ontario	2,977
Quebec	1,118
New Brunswick	544
Nova Scotia	112
Total	18,647

The various stages of construction were: Surveyed, 6,560 miles; under contract, 8,651

miles; completed, 2,956 miles, and in operation although not officially accepted, 542 miles.

Revise Capital Statement

During the year a careful and judicious revision was made of the capital statement. Duplication and extinguished liability had been carried along for many years. The revision led to the elimination of \$157,000,000 of stocks and bonds, and left the total in force on June 30 at \$1,548,256,796. This was divided as follows: Stocks, \$7,596,645,016; consolidated debenture stock \$163,257,224; bonds \$625,354,356.

Since the process of deleterious cut out more liability than was added during the year, there appears in small reduction in the total for 1913 as compared with 1912. The actual increase, however, was \$100,483,633, made up of stocks \$47,882,633, and funded debt's \$21,600,723.

The cost of government owned and operated railways, representing 2,131 miles of line, reached a total of \$126,930,887 in 1913. This is not included in capitalization.

Dividends on stock amounted in 1913 to \$33,670,651. In 1908 the volume of dividends was \$12,955,243, so that the increase within that period was equal to 160 per cent.

Cash Subsidies Paid

The amount of cash subsidies paid during the year was \$9,758,084, distributed as follows: By the Dominion, \$9,176,234; by the provinces, \$554,500; by municipalities, \$27,350.

The additions brought the total account up to the following: By the Dominion, \$163,257,469; by the provinces \$36,500,016; by municipalities, \$18,078,324.

Guarantees by governments of principal and interest of bonds increased by \$29,890,329 during the year. The guarantee account on June stood as follows:

Dominion	\$95,486,590
Manitoba	24,059,447

Alberta	45,489,000
Saskatchewan	33,735,000
Ontario	7,860,000
Nova Scotia	5,022,000
British Columbia	59,262,072
New Brunswick	3,654,265
Quebec	372,000
Total	\$274,940,374

In addition and representing a form of aid heretofore unknown in railway statistics the Dominion government purchased in 1913 bonds of the Grand Trunk Pacific to the amount of \$8,214,934.

COARSE GOLD FOUND ON CHICAMUN CREEK

Five Hundred Men Now in the Nelchina Diggings—Dog Feed Is Reported Scarce

Seward, Alaska, Feb. 6.—Coarse gold has been found on Chickamun creek, in the Nelchina district, say the latest reports received from that section. The find was made at a depth of twenty-two feet. Considerable quartz wash carrying free gold was picked up in the sediment. Knik is excited over the latest report, and many are preparing to join the stampede. Five hundred men are now in the diggings. Three parties will leave Seward tomorrow with dog teams.

The Seward Chamber of Commerce plans to spend money enough to put the trail at the head of Turnagain arm in good condition for the mushers. With the exception of dog feed there is an abundance of supplies at Knik.

Love is just the opposite to a walking stick—a walking stick, you know, is the old man's strength and the young man's weakness.

FATHER HOGAN

Great hearts that on the battlefield have bled Return to earth and are their nation's loss, But their great spirits beckon where they led, Soldiers of earthly kings or of the Cross.

That stalwart body back to earth is borne; Its lifelong station where he led the van Is vacant, but his strength is not withdrawn, For still his spirit pleads with God for man.

The conquering captain rests, his battle won, And ends his leadership, his pan is dross, But this great soldier's lead is never done, Great conquering soul, great soldier of the Cross.

And shall we ever see again on earth A soul so gentle with such manhood blend? Once—when we, too, win to our second birth And hear this kindly voice: "Come in my friend."

MOTHER'S PENSION LAW TO BE BOOMERANG

United Charities of Chicago Find Families Having Funds Insist on State Aid

Chicago, Feb. 6.—Charges that the mothers' pension law of Illinois, by which mothers at the head of indigent families are given state aid, is proving something of a boomerang was made in a report of the United Charities of this city.

"Since the passing of this law," says the report, "families having members and connections with resources that would tide them over emergencies decline to use them and insistently claim their share of state aid, thus weakening the moral fibre and making it difficult for private charities to induce relatives to help their kin."

The report states that desertion of their families by husbands has increased alarmingly.

Noblesse Oblige

Rank imposes obligations—
 or—as the French put it—"Noblesse Oblige."

It is a very natural and right principle that those who by their position in life command the respect of others should deserve it and be worthy of maintaining their position. "Much is expected of those in high station."

But this principle is not confined to persons of noble birth—it has a hundred applications. It applies, for example, to those manufacturers of reputation and prestige who make goods of high quality and who advertise them constantly in the newspapers of the land.

By their advertising they have attained an eminence where the very best in quality and good service is expected of them. They have set a standard and their very business life depends on the constant maintenance of it.

So that when you buy advertised articles you rest assured that you are getting the best value that money can buy.

Well may you place your faith in advertised goods. Well may you give them preference over articles which you can only hope may prove satisfactory.

For the principle of "Noblesse Oblige" is your guarantee of excellence in Advertised Goods.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

PRINTING

Summer is over and the Fall trade has begun. To get your share you must have some sort of printed matter—a circular, folder, booklet or catalogue. Be sure to have that work done properly. You would not send out a shabby salesman to represent you; then don't make the mistake of sending out a poorly printed circular or booklet. We are QUALITY PRINTERS and can produce a piece of printed matter that you would be proud of and which will get results. Try us. Phone 98.

LARGE FUNERAL DOES HONOR TO NOBLE LIFE

(Continued from Page One)

pect for a man who had lived among them for years as pastor, brother and friend, and for whose departure the Haida's and the white settlers mingled their tears with those of the immediate friends of the deceased.

The affection exhibited by all classes during the time of the illness of Mr. Hogan and up to the day of the funeral, was not only a fine tribute to the splendid man who had so nobly labored among them, but it also did great credit to the people themselves and showed they were not forgetful of the faithful service that had been given by the one whom they mourned.

The following is a telegram of appreciation:

Prince Rupert, B.C., Feb. 6, '14 To the Hon. the Minister of Marine and Fisheries, Ottawa.

Honorable Sir,—On behalf of Mrs. and Miss Hogan and the whole population of Graham Island, as well as on behalf of myself and many sorrowing friends on the mainland, I wish to convey to you our most sincere thanks for the kindness of the Canadian Government in acceding to my earnest request, presented through our member at Ottawa, Mr. H. S. Clements, whereby when there was no other vessel available to cross the stormy waters of Hecate Straits, the very fast and thoroughly seaworthy ship the Malaspina, with its most courteous commander, Capt. Newcombe, was put at our disposal, thereby enabling the bereaved daughter of Rev. Wm. Hogan, the Bishop of the Diocese, two of the clergy, and two representative citizens from Prince Rupert to attend the funeral at Masset of one of the best known and most highly respected pioneers of the coast.

We laid the body of this veteran of the Cross to rest in the Haida cemetery within a few yards of the lofty beacon light which guides the mariner into Masset Inlet, a fit symbol of one who was a bright and shining light leading men onward and upward.

Yours respectfully and gratefully,

F. H. DU VERNET,
Bishop of Caledonia
