ANGLICAN CHURCH SETTLED SOUTH AFRICAN TROUBLES -- REDISTRIBUTION BILL TOMORROW

CERTIFICATES SOLD TO BANK AT 96

Correspondence Presented to the City Council at Last Night's Meeting

The correspondence between the city and the bank of Montreal concerning the sale of treasury certificates was presented to the city council last evening.

The bank agreed to take the balance of the treasury certificates amounting to \$81,000 at a price of 96, less one-fourth per cent of stamp duty and a quarter per cent for commission.

The certificates, together with those sold two years ago, are all payable on June 1, 1915. They pay 5 per cent.

The provincial government will get their \$125,000 out of the amount and the balance will be applied on the hydro-electric scheme.

LEONARD PORTER ELECTED INSPECTOR

City Council Took a Ballot on Seven Applications Recommended

The health committee presented a report to the city council last evening with a list of seven names which they had recommended to them by the medical health officer as applicants for health inspector who presented qualifications.

The committee asked the council to make a choice from the seven.

Ald. Dybbavn thought the committee ought to have made a recommendation from among them as a guide to the council. Chairman Kerr said some 17 applications had been received, and after the advertisements had appeared in the local papers asking for qualifications to be presented with the application, they had about 25 altogether. The seven whose names were presented all had credentials.

In reply to Ald. Basso-Bert, he said all credentials were about equal.

Ald. Morrissey wanted to know why the present incumbent of the office should not hold the job.

Ald. Kerr—He did not send in any credentials. We give you the names of those who did. We have done the best we could under the circumstances.

Ald. Morrissey—The explanation is satisfactory. Ballots with the names of J. T. Richards, L. E. Porter, W. Tatnell, J. S. Pearce, T. W. Seville, L. Porter and H. Smith were presented to the council.

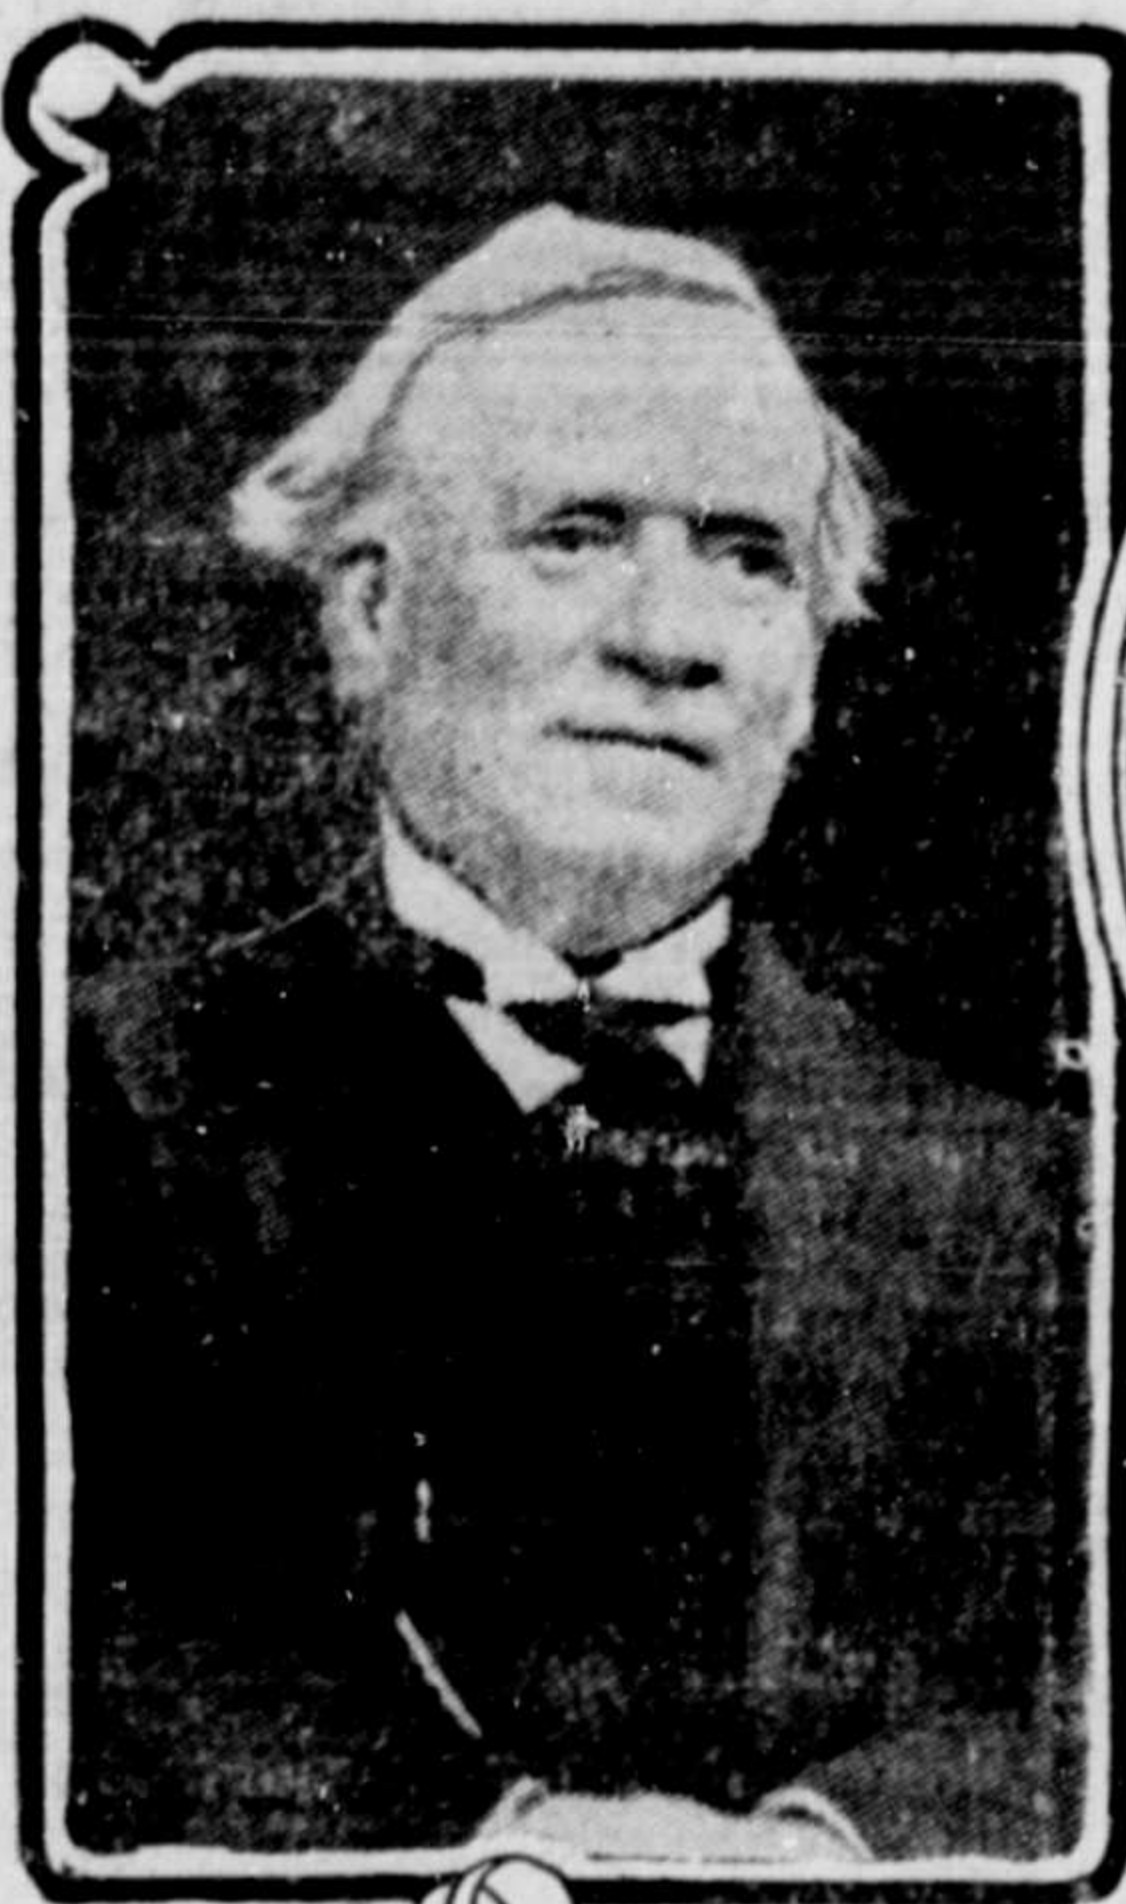

L. Porter got eight votes and H. Smith got one.

Leonard Porter was declared elected to the job. He is an old-timer in the city and has seen duty in the health department in India.

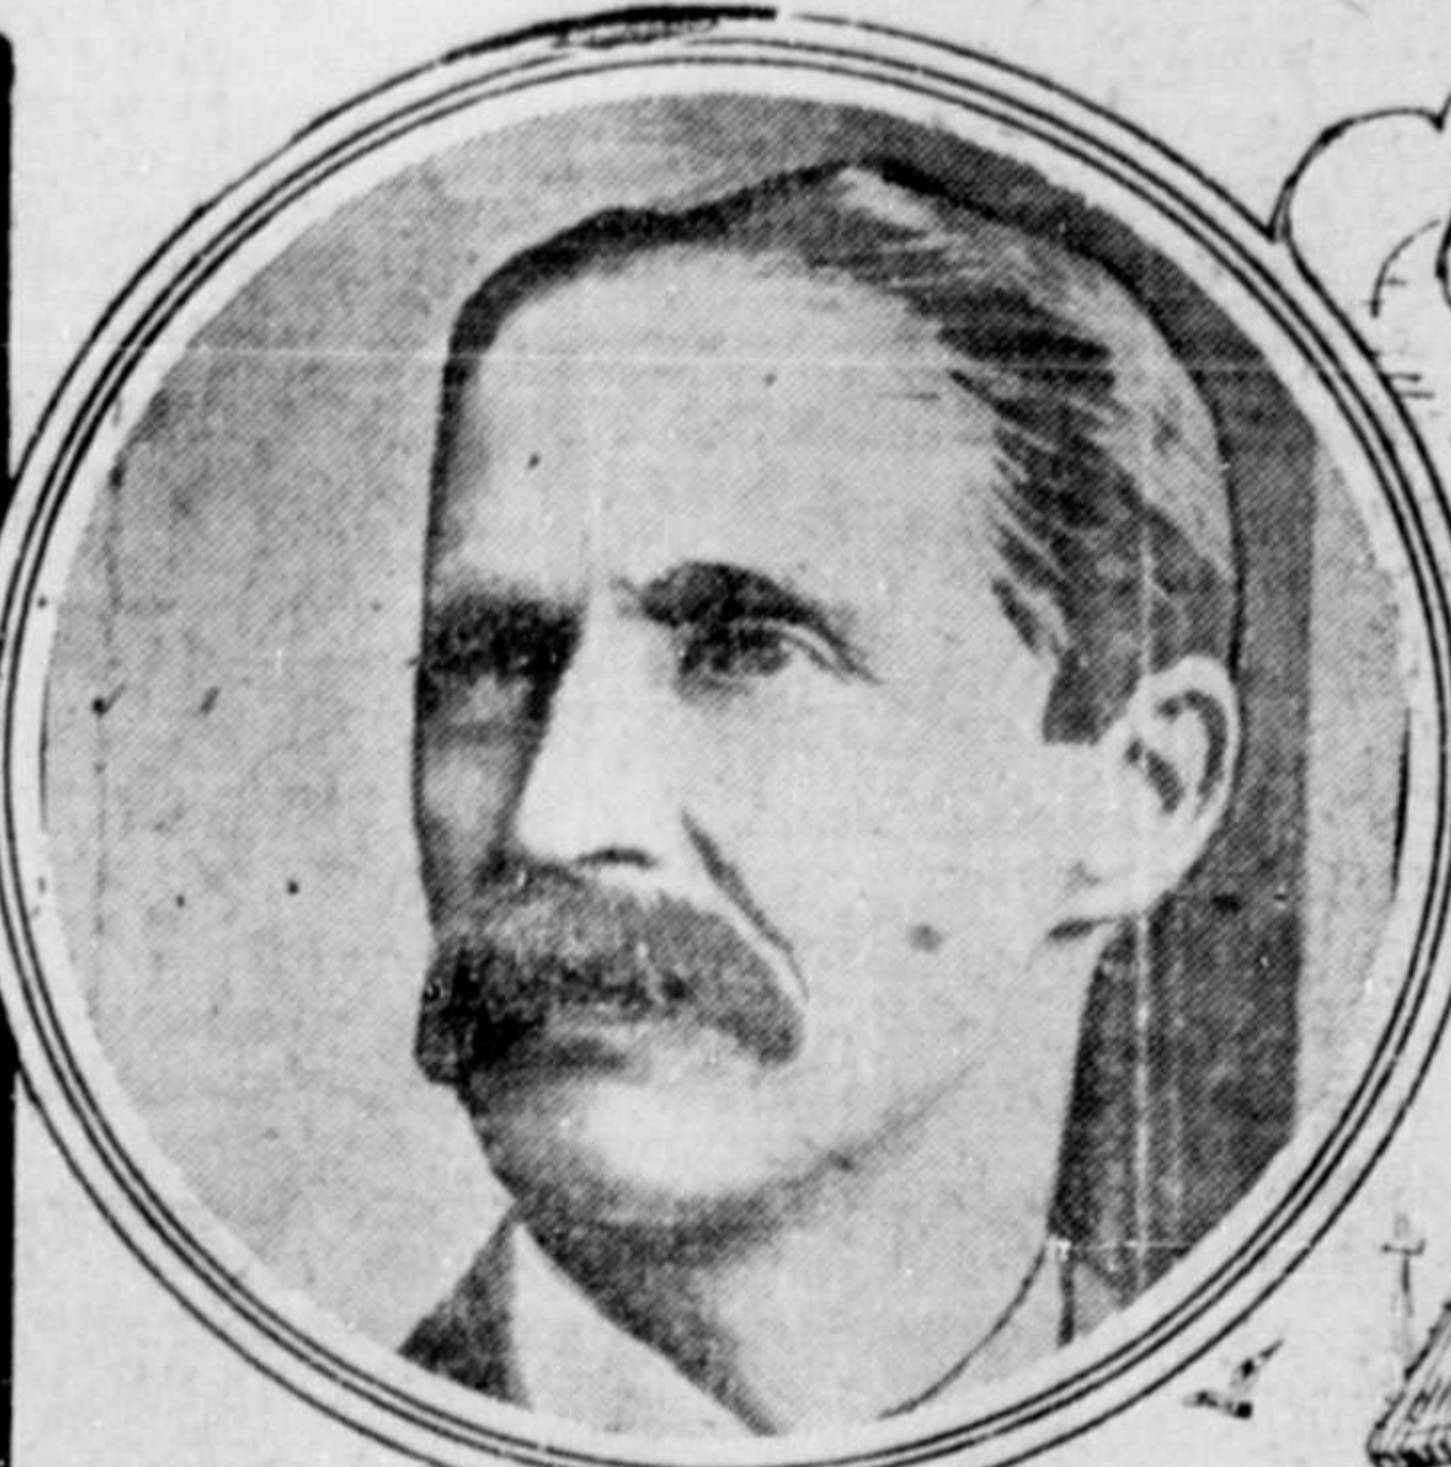

Public meeting of the Civic League will be held at the Presbyterian Church Hall on Tuesday at 8 p. m. At least one important question will be discussed. Your attendance will give support to the efforts to be made in your benefit.

TWO BIG HALIBUT CATCHES BROUGHT IN BY LOCAL BOATS

FISHING BUSINESS MEANS BIG THING FOR PRINCE RUPERT -- CARLOADS COMING IN EVERY DAY BEFORE THE CLOSE OF THE YEAR

An indication of what the fishing business means to Prince Rupert was given last night when two of the Canadian Fish & Cold Storage company's boats came in with 200,000 pounds of halibut.

The Geo. E. Foster, out 18 days, brought in 90,000 pounds, and the James Carruthers, out 10 days, brought in 110,000 pounds. They were caught some distance north, at a point west of Yakutat bay.

The company intends sending the boats out now that fishing is improving and the weather moderating. It is estimated by a practical man that less than one-third of such a catch will pay the expenses and the balance is profit. With twenty or thirty such boats operating out of Prince Rupert, which will probably be a reality during the present year, the returns to the city will be large. These boats carry crews of about twenty men and they all make good wages. When

several of the other large fishing companies locate in the city there will be several hundred men engaged in the business and several carloads of halibut will be coming in daily.

An effort is now being made to extend continuous bonding privileges to United States fishing boats wanting to build cold storage plants here. Under the present arrangements a United States company only has a 24-hour bonding privilege, which means that the fish would have to be shipped immediately whether the market was right or not.

When the railroad is completed American companies will prefer to ship from the nearest port, but if they have to ship inside of 24 hours after landing they probably would find it more profitable to make Seattle their shipping point. This question, along with the privilege of free bait, will be taken up at Ottawa this session.

BISHOP OF LONDON AGAIN VISITS SUFFRAGETTE CELL

INTERVIEWS IMPRISONED LADIES AND GIVES WHOLESOME ADVICE--AGAIN CHARGED THAT BISHOP IS ALLY OF THE GOVERNMENT

(Special to The Daily News) London, Feb. 9.—Another surprise visit was paid to Holloway jail by the Bishop of London to investigate the condition of the two suffragettes, Kittie Marion and Phyllis Brady. The bishop reports that Miss Marion feels aggrieved that there is no outlet to the cat and mouse act and does not look ill as a result of being forcibly fed. Miss Brady

told the bishop she hated the forcible feeding and thought it gave indigestion. The bishop concludes with the opinion that they are pursuing the wrong policy if they wish the educated and thinking men and women to support their cause. Mrs. Dacre Fox, the leader of the Women's Political and Social union, said the bishop was an ally of the government and had written another whitewashing letter.

CANADIAN NORTHERN RAILWAY WANTS MORE GOVT. MONEY

STATED ON GOOD AUTHORITY THAT THEY WANT ANOTHER TWENTY-FIVE MILLION--POSSIBLE THAT GOVERNMENT WILL TAKE OVER ROAD

(Special to The Daily News) Ottawa, Feb. 9.—It is reported on good authority that that application of the C. N. R. for further financial aid is in the hands of the government. At least some of the ministers said that

the road was pressing for a cash subsidy of \$25,000,000 or a loan of \$35,000,000. The government has not agreed to the demand.

It is not unlikely that a solution of the difficulty will be the passing of the railway into the hands of the government.

NEW ULSTER PROPOSALS TO SETTLE DIFFICULTY

Suggests Unionists Accept the Bill With Addition of Three Clauses

(Special to The Daily News) London, Feb. 9.—Mr. Horace Plunkett outlines a novel plan for settling the Ulster problem. He suggests that the Unionists accept the bill subject to the addition of three clauses, the first calling for a plebiscite after a certain number of years whether any section wishes to remain subject to the Irish parliament. In the second both sections of Irishmen are asked to give suggestions for amendments to be incorporated in the bill by con-

ACCIDENT AT DRY DOCK BY PREMATURE BLAST

An accident occurred at the dry dock today when a man by the name of Erickson got injured by a premature blast. He received some severe injuries about the head and back. He is being cared for at the local hospital, where his injuries are not considered fatal.

The new parcels post service came into effect today. The local post office were not embarrassed with a glut of parcel contributions.

The third is that the Ulster volunteers be given an opportunity to become a territorial force.

JAMES BRYCE GIVES TALK ON DANGERS TO THE EMPIRE

SAYS THE HINDU QUESTION WILL LEAD TO DISRUPTION-- TROUBLES IN SOUTH AFRICA AND PROSPECTIVE TROUBLE IN CANADA

If there was one man in the United Kingdom who, it was always believed, would firmly refuse to allow a coronet to deck his brow, that man was James Bryce. He has always seemed the type of the sturdy convinced democrat, one with whom the root principles of democracy are ingrained. It was something of a surprise to a good many people when Lord Morley accepted a seat among those lords whose chamber he had once implored the people to "end or mend." But he, at least, had this reason to assign—that there was really no alternative for him but to become a peer if he wished to continue a member of the government, since his physical strength had, in his old age, become unequal to the protracted labors of the house of commons. But no such reason is applicable to the case of the author of the great

work on the American commonwealth. Be that as it may, the new viscount is a man of whom his fellow countrymen of all political parties are rightly proud. He is one of those whose career and attainments accord—as do those of Lord Morley, Mr. Balfour and Mr. Birrell among present-day politicians—with the highest traditions of British statesmanship. The British people love to see men such as those—a distinguished scholar and theologian, like Gladstone, an eminent man of letters, like Disraeli—bringing distinction and dignity to politics by their achievements in other walks of life, and showing themselves in the conduct of affairs more than the equal of the practical men with whom their political lot in life is cast.

REDISTRIBUTION BILL TODAY BEFORE HOUSE OF COMMONS

THIRTEEN MEMBERS FOR BRITISH COLUMBIA INSTEAD OF SEVEN--COMOX-ATLIN TO BE DIVIDED--SEAT FOR NORTHERN BRITISH COLUMBIA

(Special to The Daily News) Ottawa, Feb. 9.—It is expected that the redistribution bill will be introduced tomorrow. Mr. Borden will provide a committee to rearrange the constituencies to reach province as made necessary by the last census. British Columbia will get an increase of six members, likely provided by

two seats at large in Vancouver city and North Vancouver, one seat for South Vancouver and Point Grey. Comox-Atlin, now represented by one member, will probably get two. New Westminster, Yale-Cariboo and Kootenay will likely be divided, giving one additional member, making in all thirteen instead of seven as now.

LAUNDRY WATER RATES ARE RAISED

Will Now Get Their Supply Through Meters--Flat Rate Is Cancelled

As report of the city engineer and board of works recommended to the city council that the laundry water rates be fixed on the following schedule: 3,000 cubic feet per month, 25c per 100 cubic feet; 3,000 to 5,000, at 20c per 100 cubic feet; 5,000 to 10,000, at 15c per 100 cubic feet; over 10,000, at 12c per 100 cubic feet.

The engineer stated that he now has meters on the laundries and one of them had used over 8,000 cubic feet in one month for which they paid \$10. The city could not pump it at that figure.

Ald. Kerr asked the city engineer if the water was not too thick to go through a meter.

B. C. MINERAL ACT WAS OVER-ruled

Lyons Gets Share of Purchase Money Out of Hudson Bay Mountain Group

(Omineca Herald) The case of Lyons vs. Woods and Schuler has been settled out of court and Lyons gets his share of the money paid by the Hudson Mining company for the group of mineral claims on Hudson Bay mountain. Woods, Schuler and Lyons registered a partnership agreement and staked the group of claims in question. Lyons failed to renew his mining license and according to the Mineral Act he forfeited his rights in the claims. In the first action brought by Lyons the court over-ruled the Mineral Act and restrained R. G. Steele, acting for the purchasing company, from paying over the balance of the money to Woods and Schuler. The purchase price was \$100,000. Lyons gets his share. This winds up the trouble the company has had in securing title to the property.

Government Auditors

Messrs. Swartz and Logan, who have been auditing the books of Foley, Welch and Stewart for the Dominion government, completed their work last week and left Thursday morning for Prince Rupert and thence to their homes in the east. Both gentlemen were very much impressed with the outlook for development in this town and district. They were enthusiastic about the natural beauty of the place and about the good time they had here.

TROUBLE IN CHURCH AMICABLY SETTLED

South African Charges Threatened to Rend the Church of England

(Special to The Daily News) London, Feb. 9.—The controversy over the communion service at Kikuyu, which threatened to rend the Church of England in twain, now seems to be settled peaceably with honor to the Archbishop of Canterbury, who announced that the Bishop of Zanzibar had agreed to forego the charges of heresy against the bishops of Mombasa and Uganda. The whole question will now be referred to a consultative board of bishops and likely very little more will be heard of the subject.

DUKE GOT FIRST PARCEL UNDER NEW RATES

Minister Sends Handsome Mail Bag to the Governor-general

(Special to The Daily News) Ottawa, Feb. 9.—Shortly before midnight Hon. Mr. Pelletier placed in the new parcels wicket at the Ottawa post office a package addressed to the Duke of Connaught at Government house and thus inaugurated the new parcels post system for Canada. The package contained a handsome leather bag, suitably inscribed, which can be used to contain mail deliveries between the post office and Rideau hall. Mr. Pelletier stated that from the reports received he believed the working of the system would begin without a jar or mishap of any kind.

DAILY EDITION

Tuesday, Feb. 10, 1914

By paying an exorbitant rate of interest the city gets \$371,000 on a temporary loan, the issue being treasury certificates which are repayable next year.

The provincial government professes to have money in the bank, and according to the figures issued by the Hon. W. J. Bowser, they are allowing private speculators in land and natural resources to understand them off the amount of thirteen million, yet this so-called wealthy government will not take paper for the \$125,000 which Prince Rupert city owes.

Some people were recently boasting what a good citizen of Prince Rupert William Manson, M. P. P. is. This good citizen does not seem to be able to get for Prince Rupert the same privileges at Victoria as private speculators have.

must be satisfied ahead of the hydro-electric.

He is a tool of Bowser first and a good citizen after.

The city of Prince Rupert is about to float a loan of \$371,000. The loan is for the period of fifteen months and the interest is practically 10 per cent. This will mean that early in 1915 we shall be compelled to fork out the grand sum of \$1,371,000, being the total amount of the short loans arranged for by the present mayor.

No notice is taken of the fact that the market is getting very receptive and that long-term loans could very soon be sold. Of course fifty-year bonds might not possibly be sold. That class of security is far from being popular at the present time and particularly so those of a small city like Prince Rupert.

The whole trouble seems to be that the mayor feels that he has not a too firm hold on the confidence of the citizens. Before our bonds could be changed to twenty-year sixes

the matter would have to be submitted to a vote, and perhaps the necessary majority would not be forthcoming. This point of view is utterly childish. The opponents of the mayor in the recent campaign were all in accord as to the value of this necessary change.

What about the mayor's pre-election pledges? He then announced unreservedly that when he had the city's finances in shape he would call the citizens together for consultation. This is a good time for him to carry out that promise.

BYRCE GIVES TALK ON DANGERS OF EMPIRE

(Continued from Page One)

However little of added distinction a coronet may be able to bring to Mr. Bryce, he will bring much to the peers.

"When will they learn To grow up peers to him?" As Sir Edward Grey well said of him the other day: "Throughout his life he has been interested in everything that is worthy of interest."

Problems of Empire

Mr. Bryce—at the moment of writing, I do not know, writes a London correspondent, what title he has selected, so accordingly speak of him by the old familiar designation—has imposed on himself a rule not to express an opinion on any matter of either British or American politics, until six months after the date on which he returned from Washington have elapsed.

In South Africa men of British blood and Boer blood are alike agreed that immigration from India must be restricted, or their very existence will be threatened. At once the government of India comes into acute conflict with the South African government, while in Great Britain, where no similar racial problem presents, or can present, itself, but where a pretty strong, though abstract, theory of human rights prevails, government and people alike look on help-

prime minister with the request that he would promise to reintroduce the Licensing Bill. But he refused to give them any kind of hope.

Temperance Legislation

There is one subject on which the government seem very unwilling to promise any legislation. And yet that is a cause whose advocates have very strong claims on the government's consideration—it is the cause of temperance.

Indeed, just before the last session one of the most influential of deputations—one representing all the free churches and temperance organizations of the country—waited on the

IMPOSING ROSEDALE RESIDENCE OF H. PULLMAN EVANS, FUGITIVE FROM JUSTICE, FOLLOWING COLLAPSE OF UNION LIFE

Union Life men must face trial. Criminal charge follows evidence taken after a searching enquiry. The wreck of the Union Life Insurance Company, and the subsequent enquiry on behalf of the British shareholders, has been followed by the arrest in Toronto of Harry Symons, K. C., and the issuing of warrants for the arrest of H. Pullman Evans, now in France; Geo. E. Millicamp, who is now in a sanitarium at Guelph, and F. G. Hughes of Galt, who was taken into custody at Edmonton, Alta. The charge is conspiracy to defraud. The action of the crown, while not unexpected, created a sensation, for two of the indicted men have been quite prominent in business for a decade. Mr. Symons was, for a time, the prospective Unionist nominee for the British House of Commons in Walthamstow. The nomination was never confirmed because his personal views did not wholly coincide with the Unionist policies. Bail was granted in three sureties of \$5,000 each, or \$15,000 in all.

CITY WILL NOT PAY DAMAGES TO AUTO

Solicitor Says City Not Liable for Work of Culprit in Placing Planks on Street

On January first an auto belonging to the Prince Rupert Auto company ran into some planks on Fifth avenue near the hospital during the night. The planks belonged to the city and there was no light on them. The owner injured his car and claims \$25 damages. The city solicitor and city engineer reported to the council that the planks had been placed on a trestle off the road and some irresponsible parties must have moved them on to the road and left them there. The city could not be held responsible, but if the parties are found they could and would also be liable to a fine. The city council decided to send this explanation to the auto company.

BUILDING FELL IN FIVE MEN INJURED

Employed on Bates & Rogers' Cement Work at the Big Tunnel Camp

(Omineca Herald.)
 Just before noon on Wednesday last a somewhat serious accident occurred at the Big Tunnel camp of Bates & Rogers. A number of men were tearing down one of the old buildings when the roof suddenly collapsed and eight or nine of them were pinned under the debris. A message was at once sent to the hospital that pine men were being sent down on push cars. Arrangements were made at this end for their reception and a large sleigh was at the depot to meet them, as well as Doctors Wrinch and Stone. When the push car arrived only two patients were on. The superintendent on the work, who accompanied the injured to town, reported that the accident was not as bad as was expected. Those brought down had a broken leg each and also broken ribs. Left at camp were three others who required attention.

TWO CHILDREN WERE BURNED TO DEATH

Farmhouse Burned to Ground While Youngsters Were in Bed

Tacoma, Feb. 7.—Despite the heroic efforts of Joe Fuche during a fire which destroyed his place, two children were burned to death in their bed. Fuche and his wife had returned from the barn on their place to the house, which had only recently been completed and furnished. As they arrived at the house it was bursting into flames. The woman's frantic efforts to enter the place were defeated with the rush of the flames. Fuche was badly burned in his efforts to reach the children's bedroom. He succeeded in rescuing the third baby, which is only a few months old, and which had been left in the kitchen. Explosion of the oil stove is believed to have been the cause of the fire. Dr. Stone went up on the passenger that evening and attended to them.

How Brown Learned How.

There is a man who makes shoes for children—and sells them to stores all over Canada But he is only just learning how people buy.

It was this way: His wife—let us call her Mrs. Brown—phoned to him and asked him to buy some underwear for little Brown.

Picture Brown now among the throng of mothers at the "Children's Underwear" counter. He asks for Underwear for a child of six. He looks it over helplessly. What on earth does he know about Children's Underwear? For lack of anything better to say he asks: "Is this good quality?" The answer is short and quite conclusive: "It's Blank's"—naming a well-advertised line. That short word says everything. Brown pays his money and goes home, quite satisfied with his purchase.

Now what bothers Brown—a manufacturer of shoes, is this: How would it affect the purchase of a child's shoes if the salesman said "They're Brown's"?

Nobody knows Brown's shoes. Brown doesn't advertise.

The name Brown signifies nothing when used in connection with children's shoes. The salesman must use all his persuasive wiles to induce people to buy them.

The point is—If the name Brown was as synonymous with Children's Shoes as "Blank's" is with Underwear, wouldn't Brown sell more shoes with less effort?

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability. The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

DUKE OF CONNAUGHT MAY HAVE LONGER TERM

Pressure Being Brought to Bear to Extend Term—Depends on Health of Duchess

(Special to The Daily News.) Ottawa, Feb. 9.—Though the term of the Duke of Connaught as governor-general is supposed to expire in October next, there is a strong probability of the term being extended another year, particularly if the health of the duchess continues to be good. Pressure is being brought to bear to gain the consent of the duke to remain in Canada for a longer period, and it is believed that these had weight, although no announcement is made regarding the matter.

Will Change Bylaw

Notice was given at last night's meeting of a bylaw to change the bylaw relating to the city treasurer. The alteration will limit the authority of the treasurer to the finance department instead of covering all the city departments as at present. The bylaw will have its second reading next council meeting.

Deeds Registered Today

The deeds for the townsite property conveyed to the city by the Grand Trunk and government through an arrangement with the G. T. P. made some years ago, were registered today. The property is now in the formal possession of the city. At the same time as this registration there was also registered the conveyance of the 400x100 plot on Acropolis hill from the city to the Dominion government. This will be used for the armory and grounds. It is expected that the excavation of this site will now be proceeded with.

Bridge Party and Dance

The Prince Rupert Catholic club held another of the popular social evenings in the Catholic social hall last evening. In the early part of the evening there were twenty tables for bridge, the prize for the best score being won by Mr. James McNulty. From ten o'clock until two a merry dance was indulged in. About fifty young people took part. An orchestra gave excellent music and the whole evening was voted a splendid success.

Six Weeks for Assessor

Ald. Montgomery and McClymonte moved last evening at the council meeting that the city assessor be allowed until March 24 to prepare and return the assessment roll. It gives him six weeks to do it. One of the aldermen wanted to know if it could be done in that time. The mayor thought it could.
