

## LAURIER WANTS TO RECRUIT POLICE IN CANADA

## MOUSSEAU FOUND GUILTY ACCEPTING BRIBE-TAKE SAMPLE PRINCE RUPERT SMOKED FISH

### LOCAL EAGLES HAD GOOD TIME MAGNIFICENT COSTUMES WORN

MASQUERADE BALL GIVEN LAST NIGHT BY F. O. E. WELL  
ATTENDED—SPLENDID PRIZES WERE AWARDED  
FOR BEST COSTUMES

The Fraternal Order of Eagles made a new record for themselves last night. The masquerade ball given by that body in St. Andrew's hall was a credit to the organization and one of the most popular events yet seen in the city.

There were close on to a hundred couples present and the balls arranged along anywhere from the sublime to the ridiculous.

Mrs. Ben Self won the prize for the best dressed lady, and her costume was both expensive and elaborate. There were a couple of others that perhaps would compare very favorably, notably those of Mrs. Frizzell and Mrs. Williams.

Mr. Joseph Raatz won the prize for the best dressed gentleman. From heel to head he was dressed in the costume of a prince and with Mrs. Ben Self made a very pleasing appearance. Mrs. V. D. Wesley as the pickaninny was the best and won the first prize for the best ladies' comic costume. Mr. P. J. McCormick made good Dutchman and won the

first prize for the gentlemen's comic dress.

It would be impossible to give a full list of the costumes present, but the following besides those already mentioned were among the best: Miss Della Graves, Miss Rubenard, Mrs. Vage, Miss Rovvic, Mrs. McMullan, Miss Wally, Mrs. Handasyde, Mrs. Hayner, and several very pretty "Indian princesses."

Among the gentlemen perhaps the most striking were: J. B. Beattie, Capt. Rovvic, G. J. Frizzell, Jas. Stuart and Walter Talbot.

The judges of the costumes were G. D. Tite, J. A. Kirkpatrick, Martin O'Reilly, Len Bell, S. M. Newton, O. H. Nelson and H. F. McRae.

At 11 o'clock the revelers unmasked and spent the rest of the evening in chasing the fleeting hours with slippery feet.

The committee in charge were B. Self, G. Leek, J. J. Keefe, W. H. Wright, A. K. Nelson, H. C. Landes, H. E. Ross and A. Akerberg. The music was good, the floor was excellent, the crowd was jolly, and everybody had a good time.

GUY BIDDINGER, DETECTIVE, WHO WAS WITNESS IN QUEBEC BRIBERY SCANDAL

Mr. Biddinger is the new chief of detectives in New York City and second deputy police commissioner. As such he heads the largest force of detectives in the world except the top Scotland Yard. It was as assistant general manager of the Burns Detective Agency that Mr. Biddinger directed the Quebec graft investigation, and in consequence he was a witness at the inquiry which ended yesterday in finding members of the legislature guilty of accepting bribes. His most notable work was in connection with the McNamara case, and he secured the evidence that led to the arrest of their lawyer, Clarence S. Darrow. He trapped seven members of the West Virginia legislature and five Atlantic city aldermen most of whom were sent to prison. Biddinger was born in Cincinnati in 1875.

Mrs. Frizzell appeared last night as "The Daily News." The costume she wore was without doubt the most original on the floor. The material had all been passed through The Daily News press and was a facsimile of a recent issue. The dress was of white satin, made up in the Queen Anne style. If the prize had been for the most original idea in dress she would have had a good claim for first honors. As it was she made a very striking appearance.

### RUPERT MAN GETS GOOD BOUNTY ON HAIR SEALS

Three Thousand Dollars is Set Aside for Bounties—Only Small Amount Used

Considerable interest has been aroused among hunting fishermen by the bounty placed on hair seals, which prey on both salmon and herring in the waters of this coast. So far 180 seals have been killed.

Peter Robinson of Prince Rupert is high man so far, having killed and proved up on 44 seals since the bounty came into effect on January 1. Peter complains that he shot many more than he was able to secure the tails of, as they sank too soon for him. However, even at that he hunted in especially favorable water at the northern end of Stephens island, Dixon's entrance, where the hair seal come to prey on the herring and salmon. Often, according to the account he rendered Chief Inspector Cunningham, he waited until the tide went out from the shoal to recover the carcasses and so secured the tail and the bounty.

Alfred Innis of Kitkatla is second high man with 23 seal tails, all secured in one day, January 19, but he also lost a number he shot that sank too soon for him to recover them.

Out of the \$3,000 appropriated for the bounty on seals, there is still \$2,370 to be earned. Every care is taken in the head office at Westminster to safeguard the department. Officers sending in tails from other points have to see that proper affidavits accompany them and there is no chance of drawing bounty without actually killing a hair seal.

### NORTHWEST MOUNTED POLICE DISCUSSED IN PARLIAMENT

QUESTION OF RECRUITING BROUGHT UP BY SIR WILFRID LAURIER—WANTS CANADIANS TO HAVE FIRST CHANCE—BORDEN SUPPORTS BRITISH RECRUITING

(Special to The Daily News) Ottawa, Feb. 13.—Practically the whole sitting of the house was spent in consideration of the estimates during the afternoon. Those Royal Northwest Mounted police which come under the personal control of the premier were also under review. Sir Wilfrid Laurier, who administered that famous body for fifteen years, still takes a keen interest in the department. The discussion was largely between the two leaders. Sir Wilfrid, supported

by Frank Oliver, was disposed to criticize the action of the controller of the mounted police for having gone to Great Britain for recruits. He maintained the best possible men for the force were Canadians when caught young. Premier Borden said that while it was true recruiting in Canada was not as successful as it might have been, he declared the recruiting for the force in England was quite justified, by results. Some good men were obtained, including a number with fine educational attainments.

### BASEBALL FRATERNITY JOIN DECLARING FEDERAL OUTLAWS

NATIONAL AND AMERICAN LEAGUES SUPPORTED BY THE PLAYERS IN DECLARATION OF WAR ON THE FEDERALS—LATTER SURPRISED AT TURN OF EVENTS

(Special to The Daily News) New York, Feb. 13.—Organized baseball has declared war on the Federal league led by the national commission and supported by the Baseball Players' fraternity. The officials controlling have organized and decided to employ the most effective weapon against the so-called outlaw organization. A provision in the National agreement aimed against contract jumpers reserves a clause for violators. The provision

stipulates a penalty on the player who violates a contract. Five years is the suspension from organized baseball and the player who breaks the reserve clause is placed on the suspended list for three years. The appearance of the Baseball Players' fraternity in joint action with the National and American leagues comes as a surprise to the Federal league, but National and American league players claim they are not surprised.

### MEMBERS GUILTY ACCEPTING BRIBES

Investigation Committee Reports Against Member of Quebec Legislature

(Special to The Daily News) Quebec, Feb. 13.—Both the legislative council and assembly investigating committees today made public their reports on the scandal case and Berard, Bergevin and Mousseau were found guilty by their colleagues. The reports contain no recommendations for the house and there is little discussion on the pending. It is possible consideration of the reports will be taken next Tuesday.

### MEXICAN REBELS CUT OFF OIL SUPPLY

Wrecked Passenger Train and Killed Many of the Passengers

(Special to The Daily News) Mexico City, Feb. 13.—The rebels have cut off the oil supply of Tampico over the railroad into San Louis, Potosi, emphasizing the work by destroying a passenger train, wiping out a military escort and killing many of the passengers.

### TOOK SAMPLE FISH TO LONDON MARKET

Flake Smoked Salmon Put up by Shruballs Interested Travellers

This morning two Englishmen, Messrs. Anderson and Colman, who have been visiting in the city, took with them a generous sample of Bill Shruballs' flake smoked salmon, one of the delicacies of Prince Rupert's home product.

This article of diet, which is highly prized in England, has been put up in samples here by Mr. Shruballs in anticipation of creating a market for it. He proposes to pack it in glass jars and it can be done economically so as to sell as cheaply as the canned salmon.

At the present time smoked salmon is sold in England only to the high class trade. If Mr. Shruballs' plan is worked up it will produce an industry here which should interest every rancher along the coast. Any of the varieties of salmon which are caught in the small streams along the coast can be smoked and packed. It only takes about \$100 to build a smoke house and it is thus a poor man's industry.

Mr. Shruballs anticipates that there will be no monopoly in this smoked fish business and if ranchers are free to fish the waters adjacent to their homes they will be able to pick up easy money during the fishing season.

### SAILOR PETROSKY DEFEATED BY CLABBY

Vicious Battle in Which Skill and Science Gives Way to the Rougher Methods

(Special to The Daily News) Los Angeles, Feb. 13.—Jimmy Clabby, the Indiana middleweight, defeated Sailor Petroskey in a 20-round bout at Vernon arena last night. Clabby went into the ring a big favorite but the chances were no more than even until the twelfth. He could not stop Sailor and stand off his boxing as desired. Petroskey was landing an occasional smash and swing which damaged Clabby's mouth and eyes. Clabby, however, regained the lead after the twelfth and seemed to have the Sailor a trifle distressed at the twentieth. Both fought viciously and frequently lost all thought of science and defence to clinch and whang away at each other. Petroskey bore a few scars from the battle when he came out of the ring, but the decision went against him purely on the points scored by his clever opponent.

### G. T. P. LOSES APPEAL FORT GEORGE STATION

Railway Commission Finding is Upheld by Dominion Cabinet

(Special to The Daily News) Ottawa, Feb. 12.—The location of a station at Fort George has been the subject of a very long and bitter fight between the National Resources Security company, limited, and the Grand Trunk Pacific company. After two hearings, the board of railway commissioners, in May last, granted the application of the National Resources Security company, limited, and directed that the Grand Trunk Pacific should build a station at a point within 3,000 feet of the eastern boundary of Fort George.

The G. T. P. applied to the governor general in council, and the members of the cabinet heard the appeal recently. Judgment was given Saturday dismissing the appeal of the Grand Trunk Pacific.

The governor general in council, being the court of last resort in matters of this kind, and having dismissed the appeal, the order of the board of railway commissioners, made last May, stands.

The station site fixed was Maple street but the G. T. P. wanted it at George street.

Mr. V. B. Schott, of Porcher Island, is in town for a few days. He reports that Mr. and Mrs. and Master Reichel are in the best of health and are thoroughly enjoying the wonderfully mild winter on the west coast.

### Duncan Ross Out

Mr. Duncan Ross was in the city last evening, having come down from the interior. He is en route to Victoria for a brief business trip. Mr. Ross says his grading contract will be ready for the rails some time in March, and the contract of Mr. D. Stewart beyond his will be ready about the same time. This end will be all ready for rails about the first of April. The weather is now favorable although it was quite severe until the past week.

### SECTION FOREMAN BURNED TO DEATH

Sleeping in Cabin Which Caught Fire—Body Pulled Out Too Late

James Kelly, a section foreman on the G. T. P. at Van Arsdol, was burned to death on Thursday morning. He was returning from a dance at Kitselas and sought shelter in a small cabin at Mile 104. While there he in some way set fire to the cabin, and having fallen asleep he was unconscious of the fact.

A man named Tibble, who lives in a neighboring cabin, was awakened at five o'clock and discovered this shack in a blaze. He rushed over and was able to see some one was inside. Finally he made a dash into the flames and brought Kelly out, but he was already dead. Tibble was badly burned in the rescue.

The dead man is about twenty-five years of age. He has worked in several different places for the railroad. He also has two brothers working on the line.

An inquest will be held by Dr. Trayner of Kitselas.

The Ladies Musical Club will be held at Mrs. Baker's, corner 4th Avenue and Hays Cove Circle, on Tuesday next (not Monday), at 8.30 p.m. 36-38

### TRAGIC LOVE BROUGHT A DOUBLE MURDER

Sole Survivor of Affair Now in Prison, Charged as an Accessory

Newark, N. J., Feb. 11.—Chas. Manning, sole survivor of the love tragedy in which Miss Hazel Herdman, mother of his 18-months-old son, killed herself poison after she had confessed to shooting and killing Manning's wife, was held today as an accessory to the killing of Mrs. Manning.

Mrs. Manning was shot by Miss Herdman Friday. The girl died in a hospital the following afternoon.

From his cell Manning made arrangements for the funeral of his wife, while Arthur J. Herdman, the Pompton Pike innkeeper, claimed the body of his daughter and arranged for its burial. A charge of murder against Manning was decided on early today.

Miss Herdman, in her dying statement, attempted to exonerate Manning but Chief Long said that evidence had been obtained

### TOO MUCH HALIBUT FOR COAST STEAMERS

Trawler Kelly is Being Sent South Today With Cargo of Fresh Halibut

The steamer Kelly of the Canadian Fish & Cold Storage company fleet is taking on a cargo of fresh halibut this morning for the south. The company has been unable to get the regular boats to handle all their shipments and are compelled to send one of their own boats out. The Kelly will carry about sixty tons.

Both the Carruthers and Foster are now out on the northern fishing banks.

The company's herring boats are continuing to make big hauls and the plant is kept busy freezing the catches.

An optimist considers mountains of trouble mere molehills.

tending to show that he was an accessory, and that he took Miss Herdman in his automobile to Newark before the murder. Manning made no attempt to escape.

BRANCH OFFICES AND AGENCIES New York—National Newspaper Bureau, 219 East 23rd St., New York City.

DAILY EDITION Friday, Feb. 13, 1914

That recent speech of William Manson's in the provincial house was unique. It was so much like himself that one would know it in the dark.

He even went so far as to laud the government's land policy. That was surely going the limit. What do William Manson's supporters think of that?

The rest of the speech was taken up with reciting the many good things we have in the north. There was not a word about the many things we need here and which the government has refused.

A few days ago The News made a statement that the attorney-general demanded a

payment from the city in an illegal way. The information that prompted the article was obtained from one very close to authority, although it now seems to be not quite correct.

What is true, nevertheless, is the fact that to last year's council he stated that the government must get their money out of the first issue of certificates or bonds that was sold.

The mayor left this morning for Victoria to interview the government with a view to having the government extend time for payment of the amount owing by the city to the government and to the passing by the government of an act authorizing the use of the money instead to complete the hydro-electric undertaking at Woodworth lake.

Many a good prohibition speaker gets dry. The council does not bind itself to accept the lowest or any tender.

CAUSE OF FIRE AT SEA SOME COINCIDENCES

The finding of the British wreck commission, appointed to enquire into the causes and circumstances of the Volturno disaster, calls attention to the danger of fire which may exist in carrying certain kinds of cargo. It was suggested that the fire on the Volturno might have been started by the superoxide of barium in the cargo being exposed to friction and igniting inflammable goods near it.

UNGA URGED AS PORT FOR ALASKA RAILROAD

Capt. Zimra Moore Resigns Federal Post to Boost Island for Terminal Point

Seward, Alaska, Feb. 10.—Captain Zimra Moore, well known as captain in Alaskan waters for the last twenty years, and recently United States deputy marshal at Unga, Alaska, has resigned and is now enroute to Seattle.

Captain Moore says the fact that Unga is located on an island is no greater handicap than Portage Bay or Port Wells has in glaciers and poor harbors. He says Prof. Martin was either misquoted or ignorant in reference to a recent interview, when he is alleged to have stated that Port Wells is the logical place for the railroad to start from and that Bear glacier is a menace to navigation near Seward.

Many a good prohibition speaker gets dry. The council does not bind itself to accept the lowest or any tender.

Smithers Experimental Plot

Smithers, Feb. 10.—In accordance with the promise made last summer, the provincial government has purchased land on Tye lake for the purpose of establishing an experimental farm and meteorological station. Mr. George Driver, who owns an extensive property known as the Fairview farm, has sold the government a small tract of his property. Five acres of this has been plowed and made ready for planting in the spring.

Commission Exonerates Captain Inch for Hurrifying Out Lifeboats

The commission exonerated Captain Inch from blame for too hastily ordering the lowering of the boats. It was admitted that the attempt to save the passengers in the lifeboats at the beginning of the fire was the cause of most of the loss of life, but the commission took the view that the orders given by the captain were those which any man in his position would have given, it being by no means certain that the vessel would not be entirely ablaze or foundering within a brief time.

TENDER FOR STEEL PIPE

Sealed tenders endorsed "Tender for Steel Pipe" will be received by the undersigned, not later than 12 noon of Saturday, 7th of March, 1914, for the supply of approximately 10,000 feet of 45-inch and 12,000 feet of 18-inch lapwelded steel pipe.

## Local and Personal

The Daughters of the Empire will hold a daffodil dance on Easter Monday, April 13.

Mrs. C. R. Black, one time proprietor of the Pacific rooms, is now in St. John's, Oregon.

Mr. F. G. Dawson left this morning for Vancouver, where he expects to meet Mrs. Dawson.

Chief Constable Owens of the provincial police came in from Granby yesterday.

W. J. McLean of the Canadian News agency, who went south a few days ago on business, is expected in town early next week.

Mr. Wilcox of Welcome Harbor, Porcher Island, is expected to return from Vancouver on the next boat.

Mrs. Heindel, wife of the chief engineer of the cold storage plant, expects to leave for Kansas City early next week.

Mr. and Mrs. C. V. Evitt have been in town for several days. Mr. Evitt is here on business connected with the Georgetown Sawmill company.

Mr. J. R. Stirrett is introducing Seattle methods into dredging operations at the dry dock work. The scow loads of silt taken from the bed of Hays creek are being unloaded by means of high pressure hose.

Mr. V. D. Allen, who left Prince Rupert in September, will return on Wednesday with his wife and child. Mr. Allen was connected with the cold storage plant and on his return will take up a position on the office staff.

Magnus Hansen from Kitkatla Inlet, Porcher Island, has been in town for a few days. He returns early on Saturday morning with a few passengers and supplies.

The friends of Mr. A. L. Ford, government railway engineer, will be pleased to hear that he is now convalescent after his attack of diphtheria. He returned home from the hospital today, but will require careful nursing for a week or two.

Harry Hanson, the plumber, was trying out his thawing machine yesterday on the pipes connecting the Wm. G. Young Investment company on Third avenue. The pipes have been frozen for weeks, but it only took a few minutes to thaw them out with the machine.

J. W. Patterson, the Kitselas merchant, was in the city last evening. He was accompanied by Mrs. Patterson and Miss Ecnwick, who are en route to Los Angeles for several weeks' holiday. They went to Seattle on the G. T. P. boat and from there via the steamer Congress. Mr. Patterson accompanied the ladies to Seattle.

Canon Rix and Mr. W. J. Kenough are leaving on Sunday for Victoria by the Princess Beatrice to attend a meeting of delegates from the various dioceses of the province. The intention is to organize a provincial synod for the purpose of co-ordinating the interests of the diocesan synods. Bishop Du Vernet has been in the south for some time in connection with this matter.

Have you a ticket or booked your seat for the 18th?

The Princess Beatrice will be in from the south this afternoon with mail.

The high school students will give a dance this evening in St. Andrew's hall.

The hospital board meets this evening to discuss the year's finances.

Hear Prince Rupert's first male voice choir at the Westholme on the 18th.

Mr. W. E. Pettigrew left this morning for a brief business trip to Victoria.

Only make one engagement for the 18th, and be sure that one is the Orpheus Glee Club concert.

Archdeacon Collison, of Kincolth, left this morning for Victoria.

Real estate in Fort George is somewhat quiet. Only an occasional lot is turned over but the people are optimistic.

Mr. D. Ward, of the wireless station at Digby Island, left this morning for a trip south.

Hear the overture "Semiramis" by the Westholme Orchestra at the Orpheus Glee Club concert. 35-36

Mr. Beatty, of Queen Charlotte City, was in the city last evening en route south. He left on the Prince George.

The Capilano of the Union s.s. line is due in this port. She has a cargo of coal for Rogers & Black.

The Atlantic steamship rates are still coming down. A third-class passenger from Hamburg, Germany, can now be landed in Vancouver for \$61.

Developing and finishing for amateurs, by Benson, the photographer, 621 Second Avenue, near Sixth Street. 36-37

Does your piano need tuning or is your player out of order? Mr. A. L. Sparrier, of Vancouver, an expert in this line of work, is in the city and will attend to orders left at Kauffman's Music Store. 331f

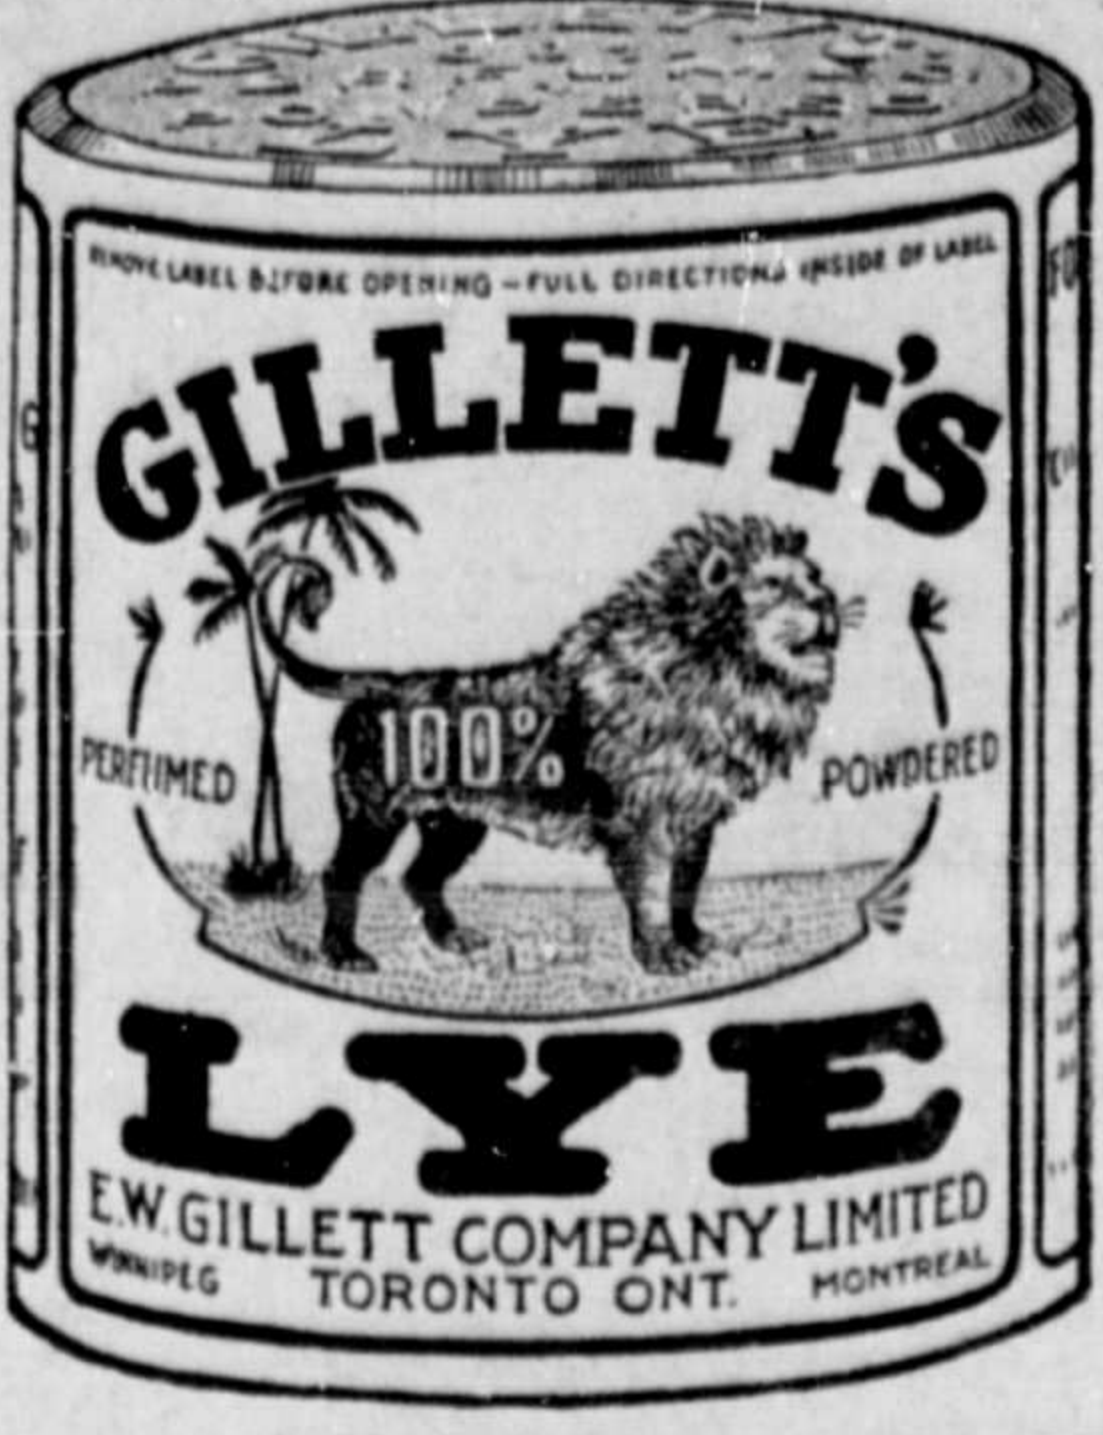

You no longer need to wait for the bright days to have your photo taken. Benson's Studio, 621 Second Avenue, near Sixth Street, is equipped with the latest methods of operating by electric light. Photos taken day or night. 36-37

The Methodists are preparing to do full honor to the anniversary of their church this year. A grand concert is to be given on Monday evening, March 2nd, which will be of the highest order. It is also expected that Rev. S. D. Chown, D.D., Methodist superintendent for all Canada, will be here to preach on the anniversary Sunday, March 1st. 34-35

### Carpenter Job Work

Have you any carpenter job work to do. I am prepared to give estimates and will guarantee my work. Specialty office fixtures and repairs. J. S. Smith, Box 844, city. 35-36

## GILLETT'S LYE EATS DIRT

Mrs. Frizzell as "Queen of the News" last night was a great success.

Mrs. P. Heise and children were passengers south by the George. The trip is in the interests of Mrs. Heise's health.

Mrs. Anderson, of Hamilton, Ontario, arrived this week, and is visiting her sister, Mrs. Geo. Emmons, of the Bayview Hotel. She expects to stay here for several weeks.

Mr. C. C. Perry, Indian Agent at Metlakatla, left Wednesday by the Prince George for Granby Bay. He returned a few days ago from the Naas. From Granby he will continue his journey to Hastings Arm, Alice Arm, Observatory Inlet and Bear River to inspect the numerous Indian fishing and timber reserves in these districts.

### "THE CALL OF THE WILD"

A New Three-Reel Feature to Be Shown at Westholme Tonight

A real treat is in store for the patrons of the Westholme opera house tonight and tomorrow night. As headliner there will be a splendid three-reel feature entitled "The Call of the Wild." The story is original and interesting, showing much beautiful scenery and teaching a wholesome lesson. A rich young man, tired of society and its shams, is advised by his physician to take a long sea voyage. Acting on this advice, he takes passage on an sailing vessel and is wrecked on a lonely island in the south seas. His experiences there and his return to civilization, culminating in his final return to his lovely island and the woman he loves, forms a very interesting and instructive story. A very fine British Gazette will also be shown, the program concluding with a new Keystone laughing comedy entitled "Fatty on the Police Force," which in itself is well worth the price of admission. Another fine British Gazette will be featured next Monday and Tuesday.

#### Will Not Exhibit

(Special to The Daily News)  
London, Feb. 12.—Premier Asquith has again refused any British official participation in the Panama-Pacific Exposition. He said the British Government recently reconsidered the question of participation in the exposition at San Francisco, but he regrets that it does not feel able to modify its previous decision in this matter.

Mr. J. E. Dyer went south on this morning's boat.

## ENGLISH HAND-MADE LACE

MADE BY THE COTTAGERS OF BUCKINGHAMSHIRE.

This is the old-fashioned lace made on the cushion, and was first introduced into England by the Flemish Refugees. It is still made by the village women in their quaint old way.

Our Laces were awarded the Gold Medal at the Festival of Empire and Imperial Exhibition, Crystal Palace, LONDON, ENGLAND, for general excellence of workmanship.

BUY some of this hand-made Pillow Lace, it lasts MANY times longer than machine made variety, and imparts an air of distinction to the possessor, at the same time supporting the village lace-makers, bringing them little comforts otherwise unobtainable on an agricultural man's wage. Write for descriptive little treatise, entitled "The Pride of North Bucks," containing 200 striking examples of the lace makers' art, and is sent post free to any part of the world. Lace for every purpose can be obtained, and within reach of the most modest purse.

COLLAR—Pure Linen. \$1.00

DAINTY HANDKERCHIEF—70c. No. 910.—Lace 1 1/2 in. deep.

Every sale, however small, is a support to the industry.

(1 1/2 in. deep.) STOCK—Wheel Design. Price 25c. each. (Half shown.)

No. 122.—50c. per yard.

#### IRISH CROCHET.

Mrs. Armstrong having over 100 Irish peasant girls connected with her industry, some beautiful samples of Irish hand-made lace may be obtained. All work being sold direct from the lace-makers, both the workers and customers derive great advantage.

Mrs Rupert Armstrong, Olney, Bucks., England
