

NATIONAL RESOURCES CARNIVAL RUPERT 1915

CONSERVATIVES KICK ON C.N.R. ADDITIONAL AID--BIG MINING DEAL ON PORTLAND CANAL

PANAMA EXHIBITION SHOULD DRAW VISITORS TO RUPERT

THIS IS THE TIME TO GET BUSY ON A SCHEME TO MAKE
PRINCE RUPERT LOOK LIKE A CITY WORTH SEEING--
HERE IS A SCHEME FOR THE CITY COUNCIL
AND PUBLICITY BOARD

The year 1915 is going to be a
year on the Pacific coast. It
is the year of the Panama-Pacific
Exposition at San Francisco.
Hundreds of thousands of visi-
tors from all over the world will
be on the coast. Prince Rupert
has to have a large percentage
of these tourists and business
men visit this city. The problem
is to get them. What spec-
tacle can we offer?
What is the matter with a
display of natural resources?
Prince Rupert is the centre of a great
mining country that is just
beginning its wonders. To the
west it is also destined to be
the greatest fishing port in the
world. Why not utilize these
resources to attract visitors to the
city and advertise Prince Rupert
to the world?
The city is arranging a
series of summer fetes for 1915
to attract visitors to that city.
The cities of the west con-
temn similar schemes. Prince
Rupert has got to play the game
advertising along with these
cities.
The carnival of natural resources
is a lot of work and planning
is preparation. The mining
industry must include exhibits
of all the producing mines of
British Columbia. This requires

GROUP OF STEWART MINES BONDED BY DEVELOPMENT CO.

LOWSTONE GALENA PROPERTIES TAKEN OVER BY THE
REPRESENTATIVE OF BIG COMPANY AFTER THOROUGH
INSPECTION--PORTLAND CANAL PROSPECTS GOOD

The bonding of the Yellowstone
group of eight claims and a frac-
ture situated about 17 miles
from the river, was announced
Monday by W. J. Rolf, a mining
engineer representing the Cana-
dian Mining, Development & Ex-
ploration company.
Mr. Lindeberg, who with his
brother Andy, Shorty Stevenson,
Murphy and the Proudfoot
family, are the owners, was here
to meet Mr. Rolf and sign the
bond. The consideration was
stated, but the terms of the
bond are said to be
favorable.

SECOND ANNIVERSARY METHODIST CHURCH

Special Services With Excellent
Music Yesterday in Celebra-
tion of the Day

The Prince Rupert Methodist
church celebrated its second an-
niversary of the opening of the
new church on Sixth avenue yes-
terday.
In the morning the Rev. Mr.
Dimmick, the pastor, preached
on the "Investment of a Church."
In the evening Rev. G. H. Raley
of Port Simpson gave a short
sermon on "The Master Pas-
sion." He also gave a historical
sketch of the first settlement of
whites in the north and the ori-
gin of all the churches in Prince
Rupert. This was particularly
interesting to the large congre-
gation present.
The special music included a
solo by Mr. Evans, a duet by the
Misses Kate and Ethel Easson,
and two anthems by the choir.
At the conclusion of the evening
services a fifteen-minute song
service was held.
The financial statement shows
fair progress during the year.
The debt on the church is be-
tween eight and nine thousand
dollars.

NEW MANAGER AND CHEF AT G. T. P. CAFE

Yesterday Orlando Smeltkopf
took charge of the G. T. P. cafe.
Mr. Smeltkopf is an experienced
restaurant man and in securing
him for manager of the popular
cafe Mr. W. J. McLean, the local
manager of the Canada News
company, is carrying out his
policy of always striving to im-
prove every department of their
public service.
The new manager brought
with him Francois Chaise, a
French chef who has served in
several of the leading French
hotels, the Cecil in London, and
who has tickled the palates of
the critics on ocean liners. He
is a high-class chef who comes
highly recommended.
With two such experienced
men behind the service at the
G. T. P. cafe, the public will no
doubt make this a popular place
of call.

Fishing Inside Reserve

The Simpson Indians think
they have a grievance against
H. C. Breckenridge. He was seen
fishing inside the limits of the
fishing reserve between Wolf
island and the north end of Fin-
layson island at Simpson harbor.
The Indians telephoned to the
fishery inspector here and the
matter has been satisfactorily
adjusted. It appears that Breck-
enridge was not very sure of the
boundary line and was fishing
just inside by mistake.

\$35,000 for Boy Scouts

Ottawa, Feb. 28.—At the an-
nual meeting of the Boy Scouts
His Royal Highness the Duke of
Connaught, the Chief Scout, an-
nounced that his personal ap-
peal for pressing funds and the
permit for the appointment of a
Dominion secretary had brought
in subscriptions of \$35,000. He
hoped that before the list is com-
plete, another \$10,000 would
come in.

A Russian Romance

Before Magistrate Carss this
morning in the police court Alex.
A. Mayoff, a Russian, was charg-
ed with assaulting Mrs. Mary
Bendeka, the proprietor of the
Bonanza rooming house on Sec-
ond avenue. It appeared that
the man had been making a gen-
eral nuisance of himself and
creating so much disturbance
round the house that she ordered
him to leave. He didn't take her
request seriously and tried to
"make it up" by putting his arm
round her, hence this charge. He
was fined \$5 and costs.

FINEST TIMOTHY HAY FROM BULKLEY VALLEY

Local Business Man Got Trial
Shipment and Is Highly
Pleased

Recently Mr. John Lindsay of
the Lindsay Transfer company
ordered a couple of
tons of Bulkley valley hay as a
trial order. He had been getting
a good quality of hay from the
south, but was anxious to test
the interior product. It was just
delivered and he has tried it on
the horses.
Jack says it is the finest quality
of timothy hay he has ever
seen and the horses almost
smile when they see it.
The hay came from near Alder-
mere and is certainly a good
advertisement for the products
of the Bulkley valley.

ANTARCTIC EXPLORER'S WONDERFUL ESCAPE

Adelaide, Australia, Feb. 28.—
Dr. Douglas Mawson, the Aus-
tralian explorer, has returned
from the southland. On sum-
ming up the work of the expedi-
tion, Mr. Mawson said that they
were eminently successful. He
told in blunt English the story of
the death of Lieutenant Minnie,
who was lost in an unfathomable
crevasse with dogs and sleigh.
The only thing possible as a
comrade was a dying dog on a
ledge 150 feet below.
Dr. Mawson nearly died of ex-
haustion and lack of food. The
sledge lost with Lieut. Minnie
had the supplies on. The doctor
fought on pluckily against the
weather and other obstacles, liv-
ing on practically nothing, until
at last he found a cache of
food left by a search party. He
managed after a hard struggle to
reach the camp and said his es-
cape was most remarkable.

Big Fish Shipments

Yesterday both the Prince
John and the Princess Beatrice
took on big shipments of halibut
for the south. The Cold Storage
company sent out ten carloads of
fresh halibut and eight carloads
of frozen fish. The Albin Fisher,
ies sent a small shipment of
fresh fish. The weather just
now is unfavorable for fishing,
but as soon as it moderates good
catches are anticipated.

FRANK A. ELLIS BACK FROM FORT GEORGE

Great Interest Over the Exten-
sion of G. T. P.—Prices Drop-
ped When Trains Came

Mr. F. A. Ellis, who has just
returned from Fort George, says
there are now 2000 people living
there. The town has three trains
a week from Edmonton and is
taking in freight, but there is
considerable difficulty in getting
private shipments through on
account of the great amount go-
ing in for the construction
camps.
There are over 200 carloads of
coal at Edmonton awaiting ship-
ment. The day the rails got
through flour dropped from \$8 a
big to \$4 and hay from \$150 a
ton to \$35.
The big thing in view now is
the government sale of Prince
George, South Fort George and
Central Fort George lots. Mr.
Ellis will handle the sale. The
first will be in Vancouver and
Victoria. Other sales will be ar-
ranged later.
There is considerable excite-
ment over the extension of the P.
& G. E. It is expected to help
Fort George considerably.
Mr. Ellis thinks the country
has fine prospects from an agri-
cultural point of view.

ANOTHER PICTURE-FEST AT WESTHOLME TONIGHT

"The Vampire," a world-fa-
mous sensational three-reel fea-
ture, introducing the great Vam-
pire dance, will be shown at the
Westholme theatre tonight and
tomorrow night. It is the story
of a country boy, who goes to the
city to make his fortune, and is
caught by the snares of a hand-
some but unscrupulous woman,
who throws him carelessly aside
when misfortune overtakes him.
In a blind rage of fury he de-
cides to kill her, but while wait-
ing for a convenient opportunity
he visits a vaudeville show,
where the Vampire dance is be-
ing performed by Bert French
and Alice Eis. His eyes are
opened to his own folly and his
final redemption from vice and
dissipation follow. A fine Brit-
ish Gazette will also be shown,
and the show will close with a
very funny comedy entitled "The
Janitor's Flirtation." No advance
in prices.

Rich Ore for Exhibition

A chunk of silver-lead ore
weighing 7400 lbs. has been
taken out of the Silver Standard
mine at Hazelton. It is being
prepared for shipment to the
Panama-Pacific exhibition to be
held in San Francisco next year.
It is a magnificent piece of high
grade ore and the size of it will
make it an attractive exhibit.
There is estimated to be over
\$400 worth of silver in the piece.
This should certainly attract
some attention to the Hazelton
mining field.

900 Tons Silver Standard Ore

The Silver Standard mine is
destined to be a big producer and
a great advertisement for the
Hazelton mining district. Some
900 tons of that high grade ore
is ready to come down to be ship-
ped to the smelter. It gives big
returns to the owner. As soon
as the roads break up so that no
more ore can be hauled to the
station the ore will be piled at
the mine and development work
proceeded with.

PROMINENT CONSERVATIVES PROTEST AGAINST AID TO C.N.R.

PAST PRESIDENT VANCOUVER CONSERVATIVE ASSOCIATION
SAYS IF BILL PASSES McBRIDE'S POLITICAL BLOOD
WILL BE UPON HIS OWN HEAD

C. M. Woodworth, a past
president of the Vancouver Con-
servative association and a Con-
servative who is well known in
Prince Rupert, was one of the
delegation which went from Van-
couver last week to protest
against the C. N. R. aid bill. He
says the stories given out that
the members were all satisfied
with the premier's explanation
and would give the bill their
unanimous support, is wrong.
To a Vancouver newspaper he
said he believed two-thirds of the
members privately condemned
the bill, and the opinion of one,
whose voice, he believed, would
not be heard in the legislature,
was that any loyal Conservative
who was a true friend to the
province would leave no stone
unturned either to have the
premier withdraw the bill, or to
have it in some way defeated.
Another member of the legis-
lature said the bill was wholly in-
defensible, but he was not going

NO SATISFACTION FROM MEXICO ON QUESTION BENTON'S DEATH

CARRANZA INTIMATES THAT ALL QUESTIONS OF INTERNA-
TIONAL AFFAIRS SHOULD BE ADDRESSED TO HIM
INSTEAD OF TO GENERAL VILLA

(Special to The Daily News)
Washington, March 2.—There
will be no examination of the
body of Benton, the Canadian
put to death by General Villa. A
commission consisting of British
Consul Percival and several Amer-
ican shab been appointed pend-
ing the outcome of the notes be-
tween Carranza and the United
States. Carranza declares that
Great Britain and not the United
States should deal with the ques-
tion concerning Benton's death.
Coupled with this note is the
broad intimation that all commu-
nications on international affairs
should be addressed to him in-
stead of to Villa. This has insti-
tuted a new complication.

Organizing Gangs to Put in Ce-
ment Abutments to Replace the
Piling on Twelve Bridges

J. A. MacKenzie, who has the
contract for the cement work for
the twelve G. T. P. permanent
bridges on this end of the work,
is in the city. He has several of
his men with him and is organ-
izing his gangs now preparatory
to starting the work immediately.
It is intended to put in cement
foundations to replace all the
piling on the temporary bridges.
The bridges themselves will be
replaced by steel. The contrac-
tors will employ quite a number
of men all summer.

CUSTOMS INCREASE AGAIN THIS MONTH

Receipts Show Big Gain Over
February of Last Year--Indi-
cate Commercial Activity

While other cities have been
experiencing a falling off in trade
and commerce along with the
money stringency, Prince Rupert
has been showing a steady gain
as indicated in the customs re-
turns. Every month, is showing
an increase over the same month
last year. In February the cus-
toms receipts here were \$13,-
040.37 as against \$9,154.26, a
gain of nearly \$4,000, or an in-
crease of about 40 per cent. This
certainly indicates commercial
activity and is indeed encour-
aging for this year's outlook.

DAILY EDITION

Monday, March 2, 1914

Wm. Manson and some more of those politicians who are fond of talking about the great Prince Rupert fishing, but who do nothing to prove them great, should read this paragraph taken from the Q. C. I. News: "We will guarantee that more of the 'King Oscar' brand of canned fish is on sale in our local market than species of the finny tribe from our boasted fishing beds. With halibut, salmon, herring, and other fish at our doors, we patronize the canning concerns of far away Norway."

The Dominion government refuses further aid to the C. N. R. The corporation has used the credit of the people of Canada to make its chief officers rich. Canada feels they have had enough, yet Premier McBride rushes to their aid with a mortgage that uses British Columbia credit to the limit. In the meantime the opening of much-needed roads, particularly in the north, has to be deferred.

The pioneers can wait, but Bill Mackenzie can't.

Wm. Manson, the member for Skeena, cannot plead ignorance of any part of the new municipal act which deprives municipalities of their rights and delegates to Bowser the absolute control of municipal legislation. Manson was chairman of the committee which took this act up for consideration clause by clause. He is also aware that numerous protests from municipalities have been made against the act.

Wm. Manson is satisfied to have the Skeena road appropriations cut in two and mortgage the province for 200 millions in order to help the C. N. R. build up Vancouver. This is the man who boasts he is a good citizen of Prince Rupert.

The policy of McBride and Manson is millions of credit for the C. N. R. to boost Vancouver, but not a dollar for Prince Rupert.

"WE ALL GO THE SAME WAY HOME."

The only question standing over for decision being: "Which way is it?" (From Bystander)

LAURIER GAVE COL. LESSON IN MANLINESS AND GALLANTRY

STORM IN HOUSE OF COMMONS OVER QUESTION OF PRIVILEGE CHARGE MADE THAT \$95,000 WAS RAKEOFF ON MILITIA PURCHASE

Ottawa, Feb. 28.—A storm swept the house of commons for an hour on Thursday afternoon. Speaker Sproule, Sir Wilfrid, Hon. Col. Sam Hughes, Mr. Devlin, Premier Borden and Arthur Meighen all figured in the discussion. The trouble was about a question of privilege raised by Mr. Devlin in dealing with the statement of Hon. Col. Sam. Hughes on Monday in referring to the purchase of militia property in Montreal. Mr. Devlin proceeded to read from Hansard, when he was stopped by the speaker, who ruled that a statement made to a member from some one outside of the house was not admissible as a matter of privilege. Sir Wilfrid objected on the score that the speaker was unaware of what he proposed to say and that Mr. Devlin should be allowed to make his speech before ruling it out of order. After much wrangling over the point Mr. Devlin was allowed to proceed and was ruled out of order by the speaker. Sir Wilfrid called on Col. Hughes to deny the statement, which Hughes refused to do and reasserted his own statement. Sir Wilfrid Laurier asked the minister to make his charges outside the house. Col. Hughes was provided with a lesson in gallantry and manliness by the ex-premier.

The cause of the argument was an incident which occurred on Monday in the discussion of the purchase by the minister of militia of a site for a military school and barracks for the Montreal militia. Hon. R. Lemieux, in moving for papers, said that the man who had sold the site to the government had made a profit of \$95,000. He thought that when the papers were brought down an enquiry might be necessary.

Col. Sam Hughes said that he

would welcome the fullest investigation. The land, he declared, was bought at a reasonable figure, and was well situated for the purpose for which it was purchased.

Deported Men Honored

London, Feb. 28.—A demonstration by the labor party to welcome the labor leaders deported from South Africa was held in the Opera House. Arthur Henderson, the labor member of parliament presided. He announced that the labor party had decided to obtain the best legal advice on the legality of the deportation of the men, both in the English and South African courts.

Coal Schooner Abandoned

New York, Feb. 28.—The British schooner Unity Experts from New Jersey to Halifax with coal was abandoned at sea on Feb. 19th. The captain and crew of five were rescued by the British steamer Manchester Importer and reached here on the Australian steamer Lucia to which they were transferred at sea on February 23.

Auto Race Sunday

Los Angeles, Feb. 28.—Nineteen cars started yesterday on the Santa Monica course in the fifth grand prize auto race of 403 miles to re-establish a new record for the contest it will be necessary for some of the cars to beat an average of 74 meters per hour.

DEBATING SOCIETY DOING GOOD WORK

Bringing Up Talent — Every Young Man Should Interest Himself in the Society

The advantages of the Society are becoming more apparent to the members in many ways and they are now realizing what a vast store of live matter is awaiting them in the subjects that are still to come.

The subjects they have for discussion are of a high grade and it is to the interest to the community that the young men of Prince Rupert shall avail themselves of such a society.

It is an education in itself because it enables him to study the various problems and evils that confront us in everyday life and gives him a chance to discuss freely any public question with his fellow men.

The meeting of the Society last Thursday in the Methodist Hall was well attended and every one appreciated the excellent paper given by the Vice-President, Mr. J. M. Clague, the subject being "By-Products of Society."

He dealt principally on the misfits of the human race and also brought out important points on capital, labor and pauperism. He said capital was a by-product when not utilized or when utilized for unlawful gain. Labor—Wastes of energy by unemployment and by unconserved effort. Pauperism caused by idleness, drinking, gambling and other evils.

An interesting discussion followed, every member being asked to air his views and many good speeches were made.

Next Thursday Mr. C. R. Murray will speak on Home Rule. It is hoped that many young men will avail themselves of the opportunity to hear Mr. Murray.

Visitors—Go to the Royal Cafe for your meals. It is the best service and best selected menu in the city. It is the popular restaurant.

JOE LALLY WILL HELP TO BOOST LACROSSE

Cornwall Enthusiast Writes of His Coming Tour of the West

Further details of the Western tour of Joe Lally, of Cornwall, Ont., to encourage the lacrosse spirit in the Canadian boys and which was announced early last autumn are contained in a letter received from the Cornwall lacrosse enthusiast by Matt J. Barr, former president of the Vancouver Lacrosse club, in which he states that he will be in Vancouver about March 5.

In his letter Mr. Lally has the following to say: "If nothing unforeseen happens I hope to be in Vancouver about March 5. I am going to the coast this spring with the intention of assisting in the amateur lacrosse movement in British Columbia. I have made arrangements with the Canadian Amateur Lacrosse Association to assist them in every possible manner in building up the game on strictly amateur lines. If we can do this, I am satisfied that we can put lacrosse back where it was in the days when you were playing it yourself. I am prepared to offer twelve gold medals for competition in the schools if it is possible to organize leagues. These medals I will have along with me and they will be a credit to any one winning them."

- FACT HUNGER -

As children, our first demand is for nourishment; our second for facts.

All through life we go about searching for information.

We make a new acquaintance; but before we will accept him as a friend or invite him to our home we ask for facts about him.

We visit a foreign land; and from the moment we step across its border we are asking questions—searching for facts.

We are asked to try a new food product; isn't it instinctive with us to ask at once:

"Who makes this new article?"

"How is it made? what goes into it?"

"Is it worth the price charged for it?"

Facts—we are simply hungry for them.

Strange, isn't it, that we should so often have to search for them? Odd, that some manufacturers still withhold the facts about their product. Not always because they are facts to be ashamed of—for there are many worthy articles yet unadvertised.

But it will not be so much longer. The fact-hunger of the human race is becoming keener and keener. The more facts we get, the keener our relish for more of them.

Soon it will be impossible to sell a man or a woman anything until everything has been told about the goods that can be told through **Advertising**.

The public has discovered that Advertising tells much-needed facts—that, in fact, Advertising satisfies fact-hunger.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.
If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability. The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city.
