

REFUSE TO TAKE DUTY OFF FARM IMPLEMENTS

HALIBUT FISHERMEN ORGANIZE FOR MUTUAL BENEFIT--OFFERS TO GRADE FULTON STREET

DUTY ON FARM IMPLEMENTS SUSTAINED BY TORY MAJORITY

PRIME MINISTER BORDEN NOT IN FAVOR OF CUTTING OUT DUTY ON AGRICULTURAL MACHINERY FOR FEAR OF INJURING THE BIG INTERESTS

(Special to The Daily News)
Ottawa, March 12.—On a vote of 44 to 44 the government supporters rejected an amendment to the motion of the committee supply by W. E. Knowles calling for the abolition of all duties on agricultural implements. The principal contention of Mr. Borden was that the duties should be removed because the manufacturers are in such a position that they can compete successfully with the United States, their chief competitor in the markets of the world. Mr. Borden said it was a proper time to consider the question, as the government

could not make a statement until the budget was brought down. He therefore advised his followers to treat the motion as a vote of confidence motion. Mr. Borden expressed a doubt as to whether a reduction in the duties would reduce the cost of implements to farmers, because he would give the trusts of the United States an opportunity to invade the Canadian market. He pointed out that the duty on plows was reduced twenty-five years ago and wiped out nearly all that industry. Mr. Borden twitted the Liberals with not having much in the direction of reducing the duties when in power.

OLDEST AND LARGEST COLLECTION OF CRIMINAL WEAPONS IN CANADA

This curio case is the property of the Toronto police department, and contains revolvers, knives, wheels of fortune, counterfeit bills, and other means of cheating the law. The collection dates from thirty years ago, and is the largest in Canada.

YUKON TO FIGHT PROPOSED UNION WITH BRITISH COLUMBIA

TEST MADE AT A MASS MEETING IN DAWSON—WILL DEMAND WHOLE PANHANDLE IN EXCHANGE FOR STRIP OF CANADIAN TERRITORY

Dawson, Y. T., March 10.—A mass meeting, under the auspices of the Territorial Liberal Union, filled the Arctic neighborhood hall last night. Dr. William E. Thompson, president, was in the chair. Frederick Tennyson Congdon, a member of parliament, gave the address of the evening, outlining the proposed annexation of the Yukon to British Columbia and the protective tariff. He also dealt with the proposition of a trade of a strip of this territory with the United States for a port on the coast. He objected to giving a route to an American railway from Dawson unless the territory could be the whole of the Alaskan panhandle in exchange for a strip of Canadian territory from the northward. He said the panhandle strip northward from Dawson may be of enormous value, and argued that British Columbia would be violated if

Canadian territory was exchanged without the consent of the citizens occupying the territory to be traded. He felt sure that President Wilson would never consent to such a trade without the consent of the people in the belt concerned. Mr. Congdon opposed the annexation of the Yukon to British Columbia for several reasons, among which he claimed would be the depriving of Canadians of the rights of self-government extended to the Yukon. He believed, he said, that if the matter was to be broached it would never do to attempt to carry it out without a plebiscite being taken in the Yukon. He argued that British Columbia land laws and other features were objectionable to the Yukon. Opinion in the Yukon is evidently unanimous. All parties are against annexation. All papers in the territory are opposed to annexation, and both Liberals and Conservatives are in accord against the proposition.

BILL AND DAN ASKED TO PUT UP SECURITIES

Dominion Government Wants a List of Assets Pending Further Aid

Ottawa, March 11.—The Dominion government is asking Mackenzie and Mann what securities they can put up with respect to the requested bond guarantee of \$35,000,000 which is asked of the government. A reply on this point is sought before the government comes to a decision whether it will aid or not.

It is understood that Sir William Mackenzie and Sir Donald Mann have not taken kindly to the suggestion from the government they put up as security their assets in numerous companies, including the street railways in Toronto and Winnipeg, and power projects in Mexico and Brazil.

Many members of the house think that before further aid is given the Canadian Northern railway should be prepared to make some personal sacrifice of their personal belongings in other undertakings, and unless this is done there will be strenuous opposition to the granting of the guarantee.

MONEY AVAILABLE FOR MORSE CREEK BRIDGE

Grand Trunk Has \$30,000 Ready—City Has Offer for Different Plan

Yesterday the mayor received a letter from President Chamberlain of the Grand Trunk Pacific to the effect that the railroad company will contribute \$30,000 toward the building of the bridge over Morse creek. When this year's council approached the subject some time ago, Mr. Chamberlain could not recall any promise made to previous councils agreeing to bear a third of the cost of the bridge, which is estimated at \$100,000. The correspondence was hunted up and copies forwarded to him. He now agrees to turn over the G. T. P. share any time.

The provincial government and city will each contribute \$35,000. The plans of the bridge which have been agreed upon call for a steel structure, but the city has since had an offer from Mr. Albert offering to build a reinforced concrete bridge of similar design for the same money and to take the city's share of the cost in city debentures.

The council will now be in a position to discuss this alternative plan.

THE LATE EARL OF MINTO

Once governor-general of Canada, and later viceroy of India, died on March 1 at Hawick, Scotland. He came of an old Scottish family and was educated at Eton and Cambridge. He was with Lord Roberts in the Afghan war in 1878. After seeing service in Europe, Asia and Africa, he came to Canada as military secretary to Lord Lansdowne. In 1898 he succeeded Lord Aberdeen as governor-general. In 1904 he was sent to India, where he used the velvet glove that concealed the steel gauntlet in British affairs. Returning from India, he has lived in retirement in his castle in Roxburghshire until his death.

CHINESE BASEBALL TEAM WILL TOUR CONTINENT

(Special to The Daily News)
San Francisco, March 12.—Fifteen Chinese baseball players with their manager Hop Sing, have arrived from Honolulu. This is the first leg of a seven months tour ending with a series of games to be played in Cuba during September. The team are champions of the Hawaii Baseball League.

Two Hindus murdered over religious quarrel.
(Special to The Daily News)
Cranbrook, March 12.—Two Hindus, Bryn Singh and Ranah Singh were murdered early this morning at Bull River. Sabin Singh was arrested. Other accomplices are being searched for by the police. It is thought the trouble arose from an outstanding religious quarrel.

LARGE BASEBALL BONUS

(Special to The Daily News)
Macon, Ga., March 12.—John J. Evers, the deposed manager of the Chicago Cubs, receives a check of \$25,000 as a bonus for signing a contract with the Boston National baseball team.

MEN ARRESTED MAY BE BANK ROBBERS

Royal Bank Bills in Possession and Answer the Description

(Special to The Daily News)
Vancouver, March 12.—Two men were arrested near the national boundary at White who are believed to be the implicated in the Abbotsford bank robbery. They gave names as John Smith and Miller. The description corresponds with that of two robbers. Royal bank bills to amount of \$70 were found in possession.

OFFERS TO GRADE ST AND ERECT NEW HOTEL

M. Albert Offers to Take Debentures for Street Improvement Work

"Yes, I want to build a hotel on my property at the corner of Fifth Avenue and Fulton Street," said Mr. M. Albert to the Daily News this morning. Mr. Albert and an architect went over the grounds yesterday and found that the street grade has to be taken down some nine feet at that point. "I want to put up a building 100 x 100 feet, three storeys high and equipped with all modern appointments, but I cannot do so until the street is graded."

This morning Mr. Albert went to the city hall with a new proposition. He will grade the street for the city at the engineer's estimate and take city debentures at 92 for payment. The city was recently offered 87 for their fifty year bonds and Mr. Albert offers 92. He says he wants to get the hotel up.

TORONTO CLUB WON HOCKEY CHAMPIONSHIP

Final Game With Canadiens Out Frenchmen Out of Lead and N. H. A. Championship

The final game of the National Hockey association championship series was played in Toronto last night and resulted in a victory for the Toronto club by a score of 6-0 over the Montreal Canadiens.

At the end of the regular schedule Toronto and Canadiens were tied and a play-off of home and home games was arranged. The Canadiens won the first in Montreal 2-0, and then lost in Toronto 6-0, which gives the Toronto club a lead of four goals and the championship.

The Victoria team is now in the east waiting to play for the Stanley cup and the world's championship.

Swift Basketball

Vancouver, March 12.—The champion Vancouver Y. M. C. A. basketball team outclassed the Victoria Y. M. C. A. boys in an exhibition game by 65 to 22. The visitors were never in the running.

MANY KICKS ON NEW RATING SUGGESTS POLICY FREE WATER

NOVEL SCHEME SET FORTH TO BE DISCUSSED WHEN THE GRAVITY SYSTEM IS COMPLETE—NO WATER RATES BUT EXTRA GENERAL TAX—WOULD PLAN BE POPULAR?

There have been several hundred kicks registered during the past week on the new water notices which were recently sent out to the water takers. The revising of the charges under the present system of charging for water has greatly increased the water rates of many citizens, and naturally a kick follows.

The system now in use makes a charge for each faucet, each basin, bath or toilet, also a charge for each room in the house. This of course adds very much to the tax of a man with a house having modern appointments, although he would not use very much more water than the small house with a large family and one tap.

The system now in use is practically a standard system of charges, but it is generally admitted that it is far from satisfactory.

This has given rise to an agitation for an entirely new scheme which has been suggested and which the city council make take into their consideration upon the completion of the Woodworth lake gravity system.

The plan is to give free water to all users excepting industries and big hotels, which would pay through meters. This free water service would be used for public purposes and the novelty of it is expected to attract a lot of attention to the city. The cost of maintenance would be met by a general tax rate, which would be less than one mill on the dollar. This is practically the same principle as the single tax, and those who suggested and advocate the plan use the argument that the speculator would have to pay for a share of the water service and thus contribute something to the man who resides here, improve his property, and thus creates an increased value on all property.

When this free water policy is proposed it is expected that all of the heavy property holders will oppose it, as the general tax would hit them much harder than the direct payment for water.

HALIBUT FISHERMEN PROTEST ON DIVISION OF CATCHES

DO NOT WANT SHIPS' CREWS TO GET SHARE OF THE FISH WHETHER CAUGHT WITH TRAWL OR BY DORY—THE CREW SHOULD BE PAID WAGES

This morning a meeting of the halibut fishermen was held in the Sons of England hall on Second avenue. Mr. P. D. Gill, a representative of the Halibut Fishermen's union, organized the gathering. The object of the meeting was to discuss the distribution of the catches brought in by the trawlers working under the new system of gear.

Since the Cold Storage company started fishing line haul instead of with dories the crew of the steamboat has participated in the distribution of the catch as well as receiving wages.

The fishermen protested against this.

At this morning's meeting the fishermen agreed to stand for a policy of distribution of the catch to fishermen only, whether caught with line haul or dory; the captain and mate of the steamers to be paid wages by the fishing company.

This afternoon a representative of the fishermen and the manager of the company were to meet and discuss the question. It is thought an amicable agreement will be the result.

A branch of the fishermen's union will probably be formed at this place.

Harry Watson Awarded Contract

Harry Watson has been awarded the contract for carrying the city freight and passengers across Shawatlans lake. His tender was the lowest and he has a boat which the committee finds satisfactory for the work. Harry will make an effort to haul his boat up to the lake in a day or two. There are high tides now and it can be floated up to the rails of the road without trouble.

First Ore From Tasso Mines

The steamer British Columbia is expected in tomorrow with coal for Lindsay's and the G. T. P. She will then leave for Tasso harbor, where she will take on a cargo of copper ore from the new mines there for the Tacoma smelter. This is the first shipment of ore from the Tasso mines, the aerial tramway and ore bunkers having just lately been completed. The mines will now make regular shipments.

Will Turn Professional

(Special to The Daily News)
Portland, March 12.—H. L. (Chief) Batiste, the track star of the Cleveland Athletic club, will sign a contract to pitch for the Portland Northwestern league team and will renounce his amateur standing.

PRINCE RUPERT CLUB WON BILLIARD MATCH

Another billiard match between eight players of the Prince Rupert club and eight from the Wanderers' club was held last evening. It proved a close and exciting contest, the final score being 16 in favor of the Prince Rupert club. The first three matches were played in the Wanderers' club.

Wanderers	Prince Rupert
Doyle	250
Howe	250
Russell	248
Melville	250
Davey	250
McMillan	169
Tobey	117
Pettigrew	237

1771 1787

Two visitors from Edmonton were in the city yesterday. "It is surprising," remarked one of them, "how Vancouver knocks your city. We were discouraged on every side from coming up here, but decided to do so contrary to the advice of many acquaintances in Vancouver. We are glad we came and cannot understand the policy of knocking. Fortunately Prince Rupert will soon have a road in which will bring visitors here without having to come through Vancouver. You ought to have many visitors this year."

DAILY EDITION

Thursday, March 12, 1914

There is a matter which ought to engage the attention of every property owner in the city, namely the completion of the hydro-electric proposition at Woodworth lake as contemplated by the city council. The property owners indicated by their votes that they favor the Woodworth lake scheme, but the methods which it would appear are being pursued by the council to carry out the proposition not only are contrary to law, but would not, if understood, meet with the approval of the people who pay the taxes.

In the first place, proper information is not being given to the public as to just what the council proposes to do. Everything is being kept in the dark.

In the second place, it is said that the present council do not contemplate putting back into the general fund the monies which were last year taken out of general fund and spent on the hydro-electric undertaking, but that they intend to use this money on the undertaking this year, and in addition intend to make a levy sufficient with the monies already in hand to complete the proposition. All this it would seem is to be done without the property owners being given the opportunity of approving of the additional expenditure necessary. The people who pay the money are not to be consulted at all.

This is strictly against the statutes and such high-hand-

ed procedure should not be tolerated for an instant.

Before this work is proceeded with a bylaw covering the estimated cost over and above the amount already available should be submitted to the ratepayers for ratification. By this means additional debentures can be sold and the work completed without putting on a high rate of taxation this year (which would be illegal in any event) and at the same time the amount spent last year out of general fund could be replaced with the result that the rate this year could be kept very low.

It is time that the council understood that it cannot with impunity play fast and loose with city funds.

Every property owner in the city wants to see civic works carried out with expedition, but a precedent so dangerous as that apparently in contemplation by the present council cannot be allowed to go unchallenged.

Let the council get out into the light and tell the people what it proposes to do.

How much is the hydro-electric proposition going to cost to complete? Is there money in hand to complete it? If not, is a bylaw going to be submitted to the electors for ratification? If not, why not?

It is well that the council should be warned of the dangerous ground it is treading on. The people have rights which must be respected.

IN THE VAN OF WOMEN'S SUFFRAGE CAMPAIGN IN CANADA

A movement that will spread to all the provinces. Mrs. L. A. Hamilton on the right, and Dr. Margaret Gordon on the left, who led the deputation of Ontario women before Acting-premier J. J. Foy and members of the cabinet to demand the rights of married women with property qualifications to vote, as do their unmarried sisters and widows.

OPENS NEW COUNTRY AND NEW ERA IN B. C.

Building of Proposed Groundhog Railroad Would Work Wonders

The Vancouver Province says editorially:

"Mr. D. A. Thomas, the British coal magnate, is obviously not one who lets 'I dare not wait upon I will.' He came, his experts saw and now he strides across the continent prepared to conquer. Where others have hesitated he thrusts on. For a considerable period a railway from tidewater into the Groundhog coal basin has been in the air. Mr. Thomas brings it to earth with a rush. He applied for a charter from the Dominion government only a few weeks ago and directly it is granted he comes over to make arrangements for its construction. Apparently he asks for nothing more than the charter, though he would be less than human if he were to refuse any opportunities which may come his way. If Mr. Thomas really intend to start construction immediately (and if his plans have in view the coaling of vessels on the Panama route it would seem that time is an essential part of the contract) he is going to open not only a new country but a new era in the history of British Columbia. When it is remembered what anthracite coal has done for South Wales and that the Groundhog basin is apparently the only anthracite on the Pacific coast, it is hardly to be wondered at that that visit of Mr. D. A. Thomas excites the interest of the whole continent.

On the Tram Line

Billy Sargent spent the week in town. He reports that at the Carnaby camp the boys are making great headway with the clearing of the tram line right of way. They have twenty men on the job and in less than three months they will have the towers all up and everything ready for the cable.—Omineca Herald.

P. G. E. TO BE COMPLETE MIDSUMMER OF 1915

Work Will Be Rushed on Extension End of Line Into the Peace River Country

Locating parties are to be sent out on the proposed Pacific Great Eastern extension to the Peace River district by the middle of April, it was announced by Chief Engineer J. Callaghan in Vancouver this week.

A reconnaissance party in charge of Mr. L. C. Gunn is now working north of Fort George towards the Pine River Pass through which the line will run to the "Peace River Block," and following the receipt of reports from this advance guard as to the best method of getting north from Fort George the locating parties will begin running lines. Until the snow leaves, which will be about April 10, it is inadvisable to place large parties in the field for the purpose of obtaining any definite location lines, pointed out Engineer Callaghan.

Harbor Work at Squamish

"Before the close of this year we hope to have about 2000 men on the grading work with at least 100 miles of line under construction," announced Mr. Callaghan. "The work will be somewhat difficult in its nature and will be carried on all the year around. The first 200-mile stretch out of Fort George is particularly heavy, in comparison to other portions of the Pacific Great Eastern. It is not supposed the Peace River line will run due north from Fort George and the reconnaissance party is now endeavoring to ascertain whether it would be better to run northeast or northwest, for a short distance in order to get the proper grade."

PRINCE RUPERT MIGHT ALSO FALL IN LINE

New Westminster, Mar. 11.—What may be accomplished by organized effort was demonstrated by the action of the New Westminster city recently, when the civic body passed a resolution requiring the union label on all city printing hereafter. This motion was passed at the request of a member of the executive committee of New Westminster Typographical union, and the vote was unanimous. It was pointed out by the union men that all the responsible printing concerns in the royal city were union offices and it was to the interest of the council to patronize them and not give any work to temporary concerns here or elsewhere that would not have the label and could not guarantee the quality of their work. This action of the council means that when any city work is done, it must be done by union men in the printing business, and the union has thus safeguarded both the interests of itself and its employers. While the council has always been fair towards union men in the past, this step places it among the most progressive in the province as regards recognition of the rights of the workers. Victoria city council has recently taken similar action.

Wants to Fly in Rupert

The San Francisco Aeroplane Company have written the Board of Trade stating that their aviator, Roy Francis, is planning a trip through Alaska this year and wishes to know if Prince Rupert would entertain an exhibition. The letter and accompanying data has been turned over to President J. H. McMullin of the Northern B. C. Agricultural and Industrial Association, as a possible entertainment feature in connection with this year's fair.

The Royal Cafe gives the best meals and the best service in the city. Visitors to the city are advised to make this restaurant their selection.

IS CANADA COMING TO THIS?

Canada has been loath of late years to advertise herself as a country of winter sports, but this year in some parts of the Dominion where the winters are well sustained and the skating and sleighing continuous, there have been many inducements held out to the people of the cities of Canada as well as those of the United States, to come and engage in winter sports. In Switzerland many mountain towns have become quite famous for this, notably St. Moritz, where the above drawing was made by the artist of the "Sphere." The lady is, to use the subject of the picture, "driving a mixed team." They go in for many daring feats, which are being imitated by some of the tourists at the Canadian resorts in Quebec, Ontario and British Columbia, where the climate and nature of country is in spots conducive to this sort of thing.

MANY MEET DEATH IN ST. LOUIS FIRE

Athletic Club Burned and Thirty-five Inmates Perish—Some Heroic Rescues

St. Louis, March 11.—Between thirty and thirty-five dead was the estimate made by officers of the Missouri Athletic club as to the number who perished in the fire that destroyed the club building here. Six bodies are in the morgue. The bodies of the twenty-five or thirty unaccounted for are believed to be in the ruins.

One hundred and thirty-five persons were registered at the club on the night of the fire. How many of these were in the building at the time is unknown, but thirty-five have been accounted for.

The property damage is estimated at more than \$250,000. In the vaults of the bank, covered by the ruins, are more than one million dollars in currency and \$27,000 in coin.

When the firemen arrived on the scene a few minutes after the blaze was discovered, the flames were shooting out of the roof and all the windows above the second floor.

Men were climbing from windows and others were climbing down ropes made of bed clothes tied together. More than a dozen jumped several storeys to the roofs of adjoining buildings and escaped with broken legs or less serious injuries.

Those who did escape ran about the streets in bathrobes and night clothes, until they were carried forcibly into neighboring hotels.

Heroism was exhibited both by firemen and guests at the club. The fire fighters time and again dodged one falling wall, only to find themselves under another tottering mass of granite and brick.

Theodore Levy of Louisville, Ky., clung to a window until both his hands were scorched almost black. Just as he was about to let go, a fireman grasped him about the waist and carried him down a ladder. At the city hos-

SHOULD PASS BYLAW TO RAISE THE MONEY

Public Opinion Opposed to Paying for Hydro-electric Out of General Funds

"It appears to me," said a prominent citizen who has always taken an active interest in municipal politics, "that the city council anticipates raising a large sum of money this year by general tax in order to meet the deficiency in the amount required for the Woodworth lake scheme. I think this would be a great mistake. It will result in a very heavy tax rate in a year when it will be particularly burdensome to property holders. I think the council should take immediate steps to have a bylaw put through to take care of that extra amount. Now that the city is committed to the scheme, I do not believe there would be any opposition offered to such a bylaw. It is certainly the duty of the city council to relieve the burden on the taxpayers as much as possible."

Taking this comment as a text, a Daily News representative interviewed a number of business men of the city and they were all of the opinion that all the money needed for this purpose should be raised by special debentures and not taken from the general fund. Not one of those questioned would oppose such a bylaw, although several of them had not been in favor of the hydro-electric at the late elections.

The popular opinion seems to be that such a bylaw would be welcomed by the electorate.

Sir Thomas Shaughnessy, in commenting on the C. N. R. statement that the C. P. is responsible for the kick against more aid to the C. N. R., says that "C. P." stands for "Canadian people," not Canadian Pacific.

pital Levy later said two of the men who had been killed jumped from the window to which he clung until rescued.

Seized Box Cars for Taxes

Borden, Sask., March 10.—A mild sensation was caused here when it was learned that G. E. Wainwright, J. P., the school secretary, had seized five box cars belonging to the C. N. R. for school taxes. It appears that Davidson and McRae, general agents for the company, had persistently refused to recognize the assessment made on the company's townsite property, holding that it was most excessive, although it was exactly the same amount as assessed the previous year. The outcome of this dispute is awaited with a considerable amount of speculation.

Do Not Knock

The Dominion Express company has sent out a circular to all their agents instructing them not to knock the parcel post. It is here to stay. The company claims their service is not injured because they render personal service, make better time, take better care of the parcels, and pay any losses promptly. These features are a distinct advantage over the parcel post.

Got 100,000 Pounds Halibut

Joe Baker with his staunch fishing boat of the same name, pulled into the government wharf Tuesday with 10,000 lbs. of halibut, the result of six days' fishing. The Joe Baker is fitted up for line haul, the only small boat equipped for this style of fishing. His success is likely to encourage a number of the other small craft to also put in the new gear.

To Celebrate Salmon Day

Seattle, March 11.—The Puget sound salmon packers who last year sent a large Chinook salmon to President Wilson for his dinner table on Salmon day, March 13, have this year shipped to the White house a case of sockeye salmon, packed last summer. Thirty railroads have agreed to feature the salmon on their trains on the 13th, and many hotels and clubs will do likewise. The governors of Washington and Oregon have issued proclamations drawing attention to the day.

Goods at half price for the next six days. Brass, leather goods, stationery, some lines of cut glass, silver and china. Wark's. 55-1f

READ OUT OF HIS PARTY BY LEADER

Gustave Evanturel, member of the Ontario legislature for Prescott, elected as a supporter of the Liberal "Abolish the Bar" party, who offered to sell out to the liquor interests for \$40,000. The reading of his letter to this effect caused his leader in the Legislature, Mr. Rowell, to "read him out of the party forthwith."

Skeena Land District—District of Queen Charlotte Islands

TAKE NOTICE that I, Thomas McClymont, of the City of Prince Rupert, B. C., occupation prospector, intend to apply for permission to prospect for coal and petroleum over the following described lands: On the west coast of Graham Island commencing at a post planted one mile south and one-fourth mile east of the mouth of West River, thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to point of commencement and known as C. L. 7817.

WILFRED CHARLES MACDONALD, Locater.
Date located, 27th December, 1913.

Skeena Land District—District of Coast Range Five.

TAKE NOTICE that I, Thomas McClymont, of the City of Prince Rupert, in the Province of British Columbia, broker, intend to apply for permission to lease thirty (30) acres of land bounded as follows: Commencing at this post planted where the northerly limit of the right-of-way of the Grand Trunk Pacific Railway Company crosses the westerly bank of the Zimmergoetz River, and being about 400 feet east of Mile 87; thence in a northerly direction along the westerly shore of said river a distance of thirty (30) chains; thence easterly parallel with the northerly limit of the right-of-way of the Grand Trunk Pacific Railway Company; thence westerly along the said northerly limit of the said right-of-way ten (10) chains more or less to the place of commencement.

DATED this seventh day of January, 1914.
THOMAS McCLYMONT.
Pub. Feb. 3 to April 6.

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also --- particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

INTELLIGENT

A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability. The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

THE DAILY NEWS

"SALADA"

Being all pure tea leaves, you don't have to submit to the annoyance of dust and dirt floating in your tea cup and injurious to your health. Costs no more than common-place teas.

Sealed lead packets only.—Never sold in bulk.

COST of living high? Why should I care when I can

make more use of my oven? Who ever heard anybody complain that home-made biscuits, muffins and things appeared on the table too often? Bob—he's a chemist—says that ten cents' worth of wheat supplies far more food value and real energy than a round steak. No indeed, I don't buy much meat, and we're all the better for it. But don't imagine that ordinary biscuits will do. Look to the flour they are made from. Make it ROYAL STANDARD (your grocer sells it) and your oven will be a veritable treasure chest for goodies light and feathery, wholesome, digestible.

Cascade Beer

The Choice of the People

Brewed from B. C. Hops grown on our own farms, pale Barley Malt from Alberta, and Capilano mountain Water.

Ladies' suits to measure—fit guaranteed. Wallace's. 58-60

The Chelohsin left for the south at 5 o'clock this morning.

When you buy a meal get it at the Royal Cafe and you will get the best in the city. 52tf

Mrs. George Arnold entertains at bridge this afternoon and tomorrow.

Strictly fresh eggs, 3 dozen for \$1.00. Stalker & Wells. 57tf

If you are looking for industrial sites, investigate Port Edward. 54tf

Have you realized that \$250 cash will secure a lot in the business centre of Port Edward?

Ex-Ald. Bullock-Webster, who has been absent from the city for several months, is expected back next week.

New spring blouses in lawns, voiles, etc. Wallace's. 58-60.

Two tickets for \$1.00 on the piano drawing which takes place on March 21st. Wark's. 55tf

Mrs. W. E. Burritt is leaving tomorrow for a trip to Vancouver. She will be absent about two weeks.

St. Patrick's Concert promises to be a great success. Splendid programme arranged. Don't forget the 17th. 57-tf

Some 200 complaints have been registered in the health department over the garbage and scavenging department. The council is now devising some new policy to improve the system.

On her last trip south the steamer British Columbia picked up the G. T. P. tug Escort in a helpless condition on Queen Charlotte sound.

Mrs. Barnwall, wife of the G. T. P. purchasing agent, is leaving tomorrow on the Prince George for an extended visit in the east. She does not expect to be back before Christmas.

The tug McCullough returned yesterday with a scow load of lumber from Swanson Bay. She also took a donkey engine from that port to the Georgetown saw mill camp at Baker's inlet.

E. D. Harris returned yesterday from the Vancouver hospital, where he was playing on the Savage rink of Calgary. Mr. Savage was credited with being the best skip on the ice. His rink was runner-up for the Kelly-Douglas trophy.

Mr. Edward Bullock-Webster, a cousin of ex-Ald. B.-W., was in the city yesterday. He is a fruit grower in the Okanagan valley and is on a trip to Queen Charlotte islands with Mr. C. DeB. Green.

Seven men went down to Vancouver during the week-end to man the Albert Meyers for her trip north to the fishing ground. She came off the B. C. Marine ways about two weeks ago and sails on March 25. She will bring her catch into Prince Rupert at the end of the season.

Mr. R. O. Boulton, manager of the Canadian Explosives, Ltd., leaves tomorrow for Victoria. It is his intention to attend the general meetings of managers and salesmen of his company in Victoria and Nanaimo. Master Douglas Boulton will accompany him as far as Vancouver, where he will remain for a few days with his grandmother.

Mr. Thos. Trotter has accepted an agency for the Dominion Nursery and Orchards Company of Vancouver for Prince Rupert and surrounding territory. The company aims to supply a considerable proportion of this city's future demands in ornamental and fruit trees, and to that end will pay careful attention to all orders received. Mr. Trotter is well and favorably known throughout this district. All orders should be forwarded to the Prince Rupert Feed Company, 3rd Ave. and 8th Street, Prince Rupert, B.C. 56-62

Housecleaning Time. New wall papers. Wallace's. 58-60

A number of the city aldermen and officials made a trip to Shawatians lake today.

The Prince Rupert Typographical Union has never given any information to The News with regard to any belated contemporary. It is presumed that the local paper is not the first that has had its financial difficulties.

OBITUARY

Roy L. Moore

The death occurred on Thursday, March 5, at Vancouver of Mr. Roy L. Moore, eldest son of Mr. and Mrs. E. H. Moore, at the latter's residence, Laurier avenue and Granville St., Shaughnessy Heights.

The late Mr. Moore was in his 27th year and was born at Ottawa on August 29, 1886, and some fifteen years ago moved with his parents to Prince Albert, Sask., and about seven years ago took up his residence in Vancouver, where two years ago he was married to Miss Edith Mason of that city. Three years ago he entered the forestry branch of the provincial government, of which department he was a valued employee up to the time of his decease.

The end was not unexpected, as he had been confined to his bed for the last year and a half with tuberculosis of the spine, which was the cause of death.

Mr. Moore had no children, but there is left to mourn his loss, in addition to his wife, his father and mother, three sisters and two brothers.

Deceased was located at Prince Rupert some three years ago and was well known in this city.

Wants Jury Trial

J. Carter, the negro who was accused of robbing Richard Hancock in the Grand hotel, and who was sent up for trial by the police magistrate, has elected to be tried by a jury and will have a hearing at the next assize court.

A Real Lever Simulation GOLD WATCH FREE.

GILLETT'S LYE EATS DIRT

Wanted Good Seats

When a lightly attired professional dancer demonstrated a few of the modern dances on the steps of the capitol in Washington the other day, for a moving picture concern, the quorum in the senate promptly disappeared. Togas and other impedimenta are said to have strewn the corridors in the rush of the members to secure vantage points to view the scene.

Duke Selling Out

London, March 11.—Three hundred thousand acres of the Duke of Sutherland's 923,400 acres in Sutherlandshire will be sold at auction in London in October. There are eight separate lots, some of which were included in the duke's recent offer to Chancellor Lloyd George of a large part of his land, at prices ranging from \$5 to \$55.00 an acre. The lands are mostly deer forests, grouse moors and salmon and trout streams.

New Store Nearly Finished

The new Acme clothing store is about completed and presents a very fine appearance. The fixtures are now being put in. Hickey & Knight have the contract for this work and are making fixtures which are in keeping with the store—the finest in the city. It will be a couple of weeks yet before the new store is formally opened.

It Is Advisable

to place your order as early as possible so the garment can be finished in required time.

LOCAL LITERARY CLUB MADE VISIT TO ITALY

Fred Stork as Lecturer Took His Audience on Interesting Journey

Last night before an appreciative audience in the Presbyterian hall, Mr. Fred Stork delivered a very instructive and interesting lecture on Rome and Italy.

Mr. Stork in his own inimitable way took his audience with him from Prince Rupert to Rome and Pompeii, via New York, London and Paris.

The lecture was beautifully illustrated by lantern slides which threw on the screen true pictures of the magnificent scenery and coloring for which the Mediterranean is justly famous.

On his return journey Mr. Stork touched on the Swiss lakes and compared them to our own lakes in the Kootenay district. The field of Waterloo was also visited and the audience were indeed sorry when the steamship Mauretania was thrown on the screen and the lecture was brought to a conclusion.

Mr. Stork has the happy faculty of entering whole-spiritedly into his subject and his success as a lecturer lies in the fact that he enjoys telling his experiences as much as the audience which listens to him.

There will be a public meeting of the club on Friday, March 13, at 8:30 p. m. All interested are invited to attend.
