BIG FIRE IN VANCOUVER--RUPERT REAL ESTATE MOVING---RAILS WILL MEET EARLY IN APRIL

WAR WILL BE DECLARED LONDON PAPERS' SCARE HEADS

**GOVERNMENT SEEMS DETERMINED TO PUT BILL THROUGH
--WILL KEEP ORDER AT ANY COST**

(Special to The Daily News)
London, March 21.—"War in the air" is the startling headline in the sensational London papers, played in the blackest type. The government has begun to move the regular troops in and so as to be in a position to deal with any situation which may arise. Cooler men among the ranks of Ulster Unionists believe that nothing resembling a war is yet in sight. Two regiments were sent from the south to reinforce the Ulster garrison. The troops from Ulster were moved to new stations in conformity with the custom in event of hostilities and riot. Thus the soldiers are not compelled to encounter a people whom they have formed friendships with.

Four cabinet ministers spoke on the Ulster situation in different meetings yesterday. John Burns said the home rule question had mainly to do with Ireland. Three-fourths of the people there had demanded it persistently for years and the government has no right to listen to a demand for more concessions or yield to clamor. MacKinnon Wood said that the government will carry home rule by agreement if possible, but without if it must. The government proposes to go stoically on whatever happens and will see that law and order are unflinchingly observed in Ulster. Lancers and dragoons will be served with carbines and ammunition instead of lances and swords.

MORE DEMAND FOR LOTS ANOTHER LARGE SALE

Local Men Are Getting Ready to Buy Before the Big Movement Comes

Real estate keeps looking up and it looks as if there would be an active demand very soon. Several of the local men who were keeping off are now making their purchases. Yesterday Mr. G. C. La Trace bought lots 16 and 17, block 2, section 5, from H. F. McRae for \$6,000 cash. These lots are located on Fifth avenue just above the Salvation Army citadel and are among the best view lots in the city.

MUSHER TO CHISANA RETURNS TO RUPERT

Gold Strike Not What Was Reported--Rupert is Good Enough

Mr. E. F. Kissick, who went in to the reported gold strike a few months ago with Mr. Frank L. Landes, came back to town today. Perhaps he is not a sadder but he certainly is a wiser man, because the big strike has largely fizzled out. Mr. Kissick looks very hale and hearty and in that respect the trip must have been somewhat of an enjoyable one. He left Mr. Landes on Bonanza creek, but it likely that he, too, will soon return. Mr. Kissick thinks that Rupert is good enough for him and he will locate permanently here now.

DESTRUCTIVE FIRE DOES DAMAGE IN VANCOUVER

Nine Wholesale Firms Share in Loss Due to Big Blaze

(Special to The Daily News)
Vancouver, March 21.—Damage aggregating \$200,000 was done by a fire which burned out eight wholesale firms here in the Mainland Trust building. Overcome with heat, a fireman dropped sixty feet from the top of an aerial ladder, but escaped with a broken nose and minor injuries. The piano drawing at Wark's store will be postponed for one week on account of some tickets from outside points not having been received yet. 1t

FOUND GUILTY CONSPIRACY ASSISTING PRISONER ESCAPE

**TWO MEN WHO ASSISTED JOHN KRAFCHENKO TO ESCAPE
ARE CONVICTED BY JURY AT WINNIPEG**

(Special to The Daily News)
Winnipeg, March 21.—The jury found that Percy E. Hagel and John H. Westlake were guilty of conspiracy to release John Krafchenko from the central city jail, where he was confined pending his trial for the murder of H. M. Arnold. On the second indictment the jury returned a verdict finding both guilty of aiding Krafchenko to escape.

TWO MILLION DOLLARS VOTED FOR CANADIAN PUBLIC WORKS

GOVERNMENT WILL NOT ERECT BUILDINGS IN THE SMALL TOWNS--WILL RENT OFFICES

(Special to The Daily News)
Ottawa, March 21.—The estimates of the department of public works was under review yesterday and a little over two million dollars was voted. Mr. Robt. Rogers announced the department was working on a new plan with regard to public buildings. The idea was not to construct them in places under one thousand population, but to secure modest office accommodation and limit the expenditure to a maximum of ten or twelve thousand dollars.

EIGHTY THOUSAND DOLLARS FOR SILVER STANDARD OWNERS

RETURNS FOR 730 TONS TO TRAIL SMELTER WILL ADD BIG SUM TO COMPANY'S TREASURY--DEVELOPMENT WORK GOES ON AT HAZELTON--MORE MACHINERY

New Hazelton, March 18.—The returns from the Trail smelter have been received by the Silver Standard Mining Co. on the first 460 tons of ore shipped this year and it run \$114.40 per ton. The total shipment for the season was 730 tons and at the above rate the total amount from the smelter will be \$80,423.20. The returns are exceedingly satisfactory to the owners. The returns this year went over \$8 per ton higher than last year. These smelter returns have satisfied the owners that they have a property which justifies development at depth. Already more machinery and ore buckets have been ordered and development work is in progress. At present they are sinking the shaft on the No. 2 vein from the 250-foot level, an exploring the ore-shoots that have already been tapped. As fast as the ore bodies are proven further development will be undertaken in the way of a 600-foot vertical tunnel from near the brow of the hill on the Skagway claim. From this shaft, which will be the main working shaft, will be run cross-cut tunnels to tap the Nos. 4, 3, 2 and 1 veins and also the No. 5 vein, which is on the other side of the shaft. Machinery is to be installed to enable the company to sink to at least the 1000-foot level. A tram line and a concentrator are also planned, but the site of these will not be decided until reports from the engineers have been received. These reports are expected any day. The season now beginning will be a record breaker on Glen mountain, and next winter's shipments are expected to be at least double those of this year.

WORK ON WONDER GROUP WILL RESUME

Wallace Arranges for Development Work Which Will Make Another Shipping Mine

(Special to The Daily News)
New Hazelton, March 18.—O. Wallace has arranged for the resumption of work on the Rocher de Boule Wonder group, which lies just back of this town on the Rocher de Boule mountain. Work was stopped on this proposition on account of very disagreeable weather which interfered with the work. The work is not far from the surface and men were subjected to a certain amount of danger from slides. The slides are now and long before next winter work will be so far advanced that the snow slides and weather will not effect the men or the property.

The Rocher de Boule Wonder copper property and the extension are supposed to be extensions of the Rocher de Boule group some three miles to the west. In the tunnel started very high grade copper has been encountered which assayed (page for three samples) 23

Terrace Ladies Busy.

The Ladies' Civic club of Terrace, which was recently formed, held their parlor meeting at the home of Mrs. Tom Stewart, on Tuesday, March 17. The meeting was representative and enthusiastic, eighteen ladies being present. An interesting address was given by Mrs. F. Le Zelle, followed by a general discussion, the result of which will benefit the town to the extent of a band stand, gymnasium and repairs to the tennis court. Preparations for the latter are now going forward. A bazaar in aid of the club will be held in a few weeks.

per cent copper and \$6.99 in gold and silver values. During the coming season Mr. Wallace proposes to get several hundred feet of tunnel and surface work done and to get the mine in shape for shipping ore next winter.

TEMPORARY LINKING UP IN TWO OR THREE WEEKS

There Will Be No Official Ceremony Until the Permanent Grade is Ready

"There will be no formal ceremony or celebration in connection with the temporary linking up of the railway, which will take place early in April," said General Superintendent W. C. C. Mehan to The Daily News. "The temporary track will be joined up over the temporary bridge at Nechaco as soon as possible in order to get more equipment through for our ballasting work. It will be some weeks yet before the permanent track and grade is ready."

Last night the track laying at this end was within eight miles of the Nechaco, and the other end is about thirty miles away. They should be ready in about two weeks' time.

With the temporary linking up a lot of equipment and material can be brought in by rail. It also means that several of the departments of the railway management will in future have representatives in Prince Rupert, increasing the staff here considerably.

The golden spike will not be driven until the permanent grade and track is ready.

When you buy a meal get it at the Royal Cafe and you will get the best in the city. 52t

Scandal Will Be Probed

(Special to The Daily News)
Ottawa, March 21.—The next step in the Trent valley canal scandal may be the prosecution of those implicated. The whole question is understood to be under the consideration of the department of justice. The opinion given a few days since the report was tabled has been growing into a strong feeling that the government could not let the disclosures pass without taking action.

RED PEPPER USED BY BOLD BANDITS

Jewelry Salesman Says He Was Blinded and Then Robbed of Goods Worth \$55,000

Chicago, March 20.—Bandits threw red pepper in the eyes of Daniel Epner, a New York jewelry salesman, and robbed him of a suit case containing jewels valued at \$55,000, according to a story he told the police.

The men followed Epner from a jewelry store on the west side, he said, and when he alighted from a street car forced him to accompany them to a lonely spot where he said they had robbed him. The police were unable to verify Epner's story of former visits to jewelers.

DAILY EDITION

Saturday, March 21, 1914

The legislative oil which Tories have been applying to the machine is of too coarse a variety to work smoothly.

Men who will deliberately injure their city rather than it might be said that a political opponent did accomplish some good are a menace to any community.

As the minister of lands was in the hands of Wm. Manson and his satellites during his visit here, it is not difficult to fix the responsibility for the refusal of the government to come to the aid of the city.

No water supply, no power supply, no recreation grounds, no street-ends, no waterfront, no park sites reserved for the city—this is part of the record of the Bowser-McBride government.

The Grand Trunk Pacific offered the government an excellent site, a corner, for a post office, customs house, etc., but the government would have none of it.

With Col. Sam Hughes' department working the drill hall site business to a finish all over the country why shouldn't the post office department do a little of it, too.

Just as they did the post office site instead of accepting a piece from the city. Probably they thought that two such deals at the same time and in the same place would look too raw.

Just see how good the provincial government has been to us. They have actually spent in our midst a small portion of the money which they have squeezed out of us, and now they ask us to thank them for it.

When the west was a new country it was a heavy financial drain on the east. This is natural. Not so, however, with northern British Columbia.

What business has the provincial government with any of the waterfront? Why was not this waterfront given to the city? In the waterfront settlement now taking place what protection is being afforded to the city?

It is expected that the McBride approach to the government wharf and the road around the island will be completed about the same time.

It is a good time to agitate for a road to the top of the

mountain back of Rupert. This would afford a scenic view unsurpassed anywhere. By starting the agitation now we could probably hope to get it under consideration about ten years hence by the present government.

The McBride administration went to the people last election upon its policy to build the Canadian Northern railroad in British Columbia. It now pledges the credit of the province for more money to make a real railroad out of it.

Things have come to a pretty state of affairs if this town is to be in the control of one or two pool room owners. The people of Prince Rupert must place the stamp of disapproval upon the insolence of such assumption of power.

ANNOUNCEMENT EXTRAORDINARY

If you do this immediately or before Saturday, March 28, it will count 5,000 votes to your credit, and you will be duly entitled to compete for the handsome prizes awaiting the fortunate candidates.

The Handsome Prizes

Never before has a publication in a city the size of Prince Rupert offered such a valuable and attractive list of prizes for a few weeks' pleasant work.

Imagine for a moment the wonderful trip to San Francisco and the opportunity to see the greatest of all international fairs—the Panama-Pacific International Exposition.

And remember, you will be enabled to make somebody else just as happy—father or mother, brother or sister—anybody you choose, will also be furnished with a first-class round trip ticket; and all the necessary expense for both of you will be paid.

So there are just two things to do now: Enter your name, and get busy. The contest manager is ready and waiting to give you every assistance consistent with the rules of the contest.

ADVERTISE IN THE DAILY NEWS

LACROSSE THE RING FOOTBALL

SPORT

BASEBALL LAWN TENNIS HOCKEY

Gon Jones announces that the British lacrosse team will reach Canada and open its cross-country tour on May 22.

In the event of a football league being organized, the Prince George boys will enter a team.

It looks as though the Glasgow Celtic are going to make a double event of the league and Scottish cup.

Aston Villa are strong favorites for the English cup. Should they be successful, this will make it two years in succession for the Villas.

Joe Lally of Cornwall Ont. has arrived on the coast for the purpose of organizing lacrosse leagues in the schools of this province. He may pay a visit to Prince Rupert before returning east.

The Callies "brought in" the season with a scratch team against the Prince George boys Wednesday night and were victorious by a score of 3 goals to 1. Murray of the Callies was in good shooting form, getting all three goals.

A return game of basketball is being arranged between the High school team and a Callies intermediate team. The intermediates are anxious to wipe out the sting of defeat, while the High school boys are just as confident they can repeat.

From the showing made the other night, it is quite evident the George boys have the material for making a good soccer team, and when they have mastered the art of playing on Rupert's football "pitch," a good brand of football will be forthcoming.

Others will probably take a chance on the globe-girdling game, now that it is reported that \$100,000 in profits is to be divided among the promoters of the Giants-White Sox tour.

Larry Lajoie's pet ambition is to play on a championship team before he retires from the game. If Larry has to play with the Naplanders to realize his ambition he is likely to die in harness.

"While playing with the Giants in New York, I aged ten years and my hair is turning grey," said Art Shafer, star infielder of the Giants, discussing the strain of a baseball season. "Nothing would induce me to return to the game, and that is what I wired McGraw in reply to a telegram asking if my decision to quit was final."

The Scottish Football association is said to be still keen on bringing about a change in law six so as to have two for offside instead of three. That is not the official way of putting it, but the idea is that a player shall not be ruled offside if at the moment the ball is played behind him, he has at least two opponents ahead of him. As the rule now is he must have three.

H. F. ("Chief") Battiste, graduate of Gladullette Indian school at Washington, D. C., and track star of the Cleveland, O. Athletic club, has signed a contract to pitch with the Portland Northwesterners, and will renounce his amateur standing. Battiste is deaf and dumb, but declares that is no handicap in baseball. "People seem to think that the mistake of nature is a handicap," he says. "I can assure them that it is not. The outstanding advantage is that I hear no demonstrations and never become rattled because of gibes from the grandstand."

Thomas Gifford, M. P., New Westminster, has announced that he will donate a cup to the school leagues emblematic of provincial lacrosse championship, teams from New Westminster, Vancouver and Victoria to play off for the championship.

"Speed," a world of it, and as snappy an outfit as you ever set eyes upon; the wrecking crew is a thing of the past." In this somewhat cryptic but none the less emphatic manner did Bert Delmas, manager of the Victoria Baseball club, summarize the merits of his 1914 team.

London, March 20.—Following is the latest betting on the Lincolnshire handicap and the Grand National:

Lincolnshire — Mediator and Gutherbert, 100 to 12; Aghdoe, 100 to 8; Brancepeth, 20 to 1.
 Grand National—Lutteur III, 100 to 12; Covertcoat, 10 to 1; Jacobus, 100 to 8; Carrigruer, 100 to 6. Irish Mail has been scratched.

According to James Brown, brother of Bob Brown of the Vancouver Baseball club, baseball will never gain a very firm hold in Australia. Brown, who has just returned from a six months' trip to the Antipodes, says that horse racing has such a strong hold upon the sporting enthusiasts of Australia that the diamond game can never be seriously considered. "Every one you meet is either going to or coming from a race meet," is the way Brown puts the situation.

Alaska's Classic Event

Alaska's classic sporting event, the All-Alaskan sweepstakes, will be run over the Seward peninsula course, from Nome to Candle and return, April 1. This race, which attracts the attention not only of Alaskans, but

of all who are interested in either dogs or sport, is contested over 408 miles of snow, and already ten entries, including teams from Fairbanks, Rubq and Iditarod, besides seven from Nome, have begun training. The race is a great trial of nerve and endurance as well as speed and skill, and the winners are rewarded by purses aggregating thousands of dollars.

For years the Nome Kennel club has stood sponsor for this great race. This year aid has been asked of Seattle Alaskans, and a big benefit dance was held in Seattle last evening. The proceeds will go to swell the sweepstake purse.

The races are encouraged by all Alaskans, as they promote interest in the breeding of hardy dogs, so necessary to winter communication in many parts of the great northern empire.

KING HAS SLIT SKIRT TAKEN FROM BALL ROOM

Woman Escorted to Carriage for Dress Repairs

Brussels, March 20.—Albert, king of the Belgians, on seeing a woman at a court ball wearing a slit skirt, whispered to the court marshal, who thereupon offered his arm to the woman in the most deferential manner and escorted her out of the ballroom.

When they arrived outside the court marshal said: "His majesty noticed that your gown was torn on one side and asked me to escort you to your carriage so that you can go home and get the damage repaired."

HOW is it you never have the small loaf luck?"

asked one of my callers the other day who had just helped herself to another slice of my bread. "It's this way," I said: "Your baking 'luck' as you call it is controlled by your choice of flour. A large loaf is a sign of gluten; gluten needs plenty of water mixed with it, and that means a large loaf. Besides, gluten is responsible for that velvety feel you spoke about just now, and for the uniform size of the little holes or cells in that loaf you see before you. The name of my flour is

BARNEY OLDFIELD A SCREAM
Famous Keystone Comedy Draws Crowded House at Westholme
There were two real sensations at the Westholme opera house last night. One was a real battle scene and the other pure and unadulterated farce. The former was a splendid series of Mexican war pictures taken on the frontier of Mexico and showing the contending armies in action, with the cannon roaring, muskets rattling, armies retreating and advancing, and all the confusion and disorder incidental to war. The latter was the famous Keystone comedy "Barney Oldfield's Race for Life," showing a genuine race between Barney Oldfield in his racing car and a locomotive on the Santa Fe railroad tracks. The story is pure farce, but it is funny, and the audience fairly screams with delight when Mabel, the heroine, was rescued just in time from the clutches of a desperate villain. The same program will be shown again tonight and will undoubtedly draw another crowded house.
