\$7000 FOR HOSPITAL WITH A STRING TO IT

City Council Expressed Some Candid Opinions on Management of Hospital

The requested grant for the Prince Rupert hospital was cut in two by the city council last evening. The finance committee, to whom the requested was turned over, referred it back to the whole council.

Ald. Morrissey and McClymont moved that the request be granted and \$10,000 supplied out of this year's revenue. Ald. Montgomery objected, claiming the hospital rates were too high and out of proportion, and citizens are not getting the benefit they should. He was not prepared to grant \$10,000 for the board to spend. They had had \$40,000 in the last two years and had only spent \$23,000 on the building. He did not insinuate any dishonesty but implied mismanagement. He was willing to guarantee money for the proposed surgeon's salary, \$1000 for kalsoming the old wing, \$2,000 for kitchen repairs, and \$2,000 for an x-ray machine if recommended by the house surgeon. He also wanted the ticket system of \$1 a month inaugurated. He moved an amendment to that effect and Ald. Dybhavn seconded it. Ald. Morrissey wanted an auditing of the hospital accounts. He claimed that according to the balance sheet he could figure out \$15,000 profits, \$5,000 deficits, or an even break. Ald. Dybhavn thought that the questions which the city auditor had asked concerning this hospital statement should be answered. The city had been a large contributor. Ald. Maitland thought \$5,000 enough. Ald. Kerr said the hospital board was doing its best to meet the wishes of the people. They were trying to instal the ticket system, but some of the aldermen are trying to block it. Last year there had been a deficit of \$3,000. Ald. Morrison thought the rates were not high in proportion to other things in the city. Twenty-five dollars a week for a private ward is the same as every hospital charges. He claimed that nurses working 12 to 15 hours a day ought to have a separate building to get their rest and sleep. Ald. Montgomery -- At the present time there are 16 patients and 21 on the staff. When a hospital shows a deficit of \$11,000 in three years it is not efficiently managed. Ald. Kerr didn't know whether the hospital directors had brains or not. They had never been assayed. The mayor said it was not a

(Special to The Daily News) Ottawa, March 24.--Premier McBride arrived here today and had a long interview with Mr. Borden on questions affecting British Columbia. HON. W. PATERSON DEAD

Was Minister of Customs in the Laurier Cabinet

Brantford, Ont., March 23.--Word has been received of the death, at the home of his daughter, Mrs. (Dr.) Branscombe, Picton, Ont., March 18, of Hon. William Paterson, minister of customs in the Laurier government. While his death comes as a great shock, it was not entirely unexpected, as Mr. Paterson had been in very poor health for some time. He is survived by his wife, along with two sons and one daughter; one son, Charles Gordon, holding a chair in the Theological college, San Francisco, while the other, W. F., is president of William Paterson & Son, Limited, of this city.

SEND SUPERINTENDENT SOUTH FOR ADVICE

City Council Shipping Local Electrician to Ross of Seattle

Two tenders have been received by the city council for the hydro-electric system. One is from the Canadian General Electric and the other from Escher, Wyes of Montreal. The former asks \$17,565 for the outfit and the latter \$17,425. Delivery is to be within four months. The aldermen intimated that it is intended to send Superintendent Duncan to Seattle to get information from Engineer Ross as to the best plant to buy. He leaves tonight. In the meantime the council will meet again this afternoon to look over the tenders a little closer.

question of whether the directors were reputable citizens or not. A large number of citizens are dissatisfied with the way it is run and would not approve of a \$10,000 grant. If it came to a tie vote he would support the amendment. The vote was a tie and the mayor declared the amendment carried.

For \$10,000--Ald. Morrissey, McClymont, Morrison and Kerr. For \$7,000 with string attached--Ald. Montgomery, Dybhavn, Basso-Bert, Maitland and the mayor.

ENGLISHMEN GUESTS ST. ANDREW'S SOCIETY

Brother Britishers Listened to Patriotic Speeches and Then Played Basketball

The most popular and gayest social function ever held in the city was the gathering in St. Andrew's hall last evening when the Sons of England were guests of the members of St. Andrew's society. Mr. S. D. Macdonald, president of St. Andrew's, occupied the chair and on the platform with him was Mr. T. W. Silversides, president of the Sons of England.

The feature of the evening's program was a stirring and eloquent address by Rev. Canon Rix, who praised the loyalty of the societies for their old home land and aroused an enthusiasm of patriotism in the new Canadian home. Rev. Mr. Fortune of the Presbyterian church spoke in a similar vein.

A splendid musical program followed, which included several numbers of real merit. The mayor spoke briefly at the close. Following the program refreshments were served and then the boys indulged in a game of basketball until the small hours of the morning.

H. C. BREWSTER COMING NORTH IN PRINCE RUPERT NEXT WEEK

LEADER OF PROVINCIAL LIBERALS WILL TOUR THE WHOLE DISTRICT IN INTERESTS OF PARTY

Mr. H. C. Brewster, the leader of the Liberal party in the province of British Columbia, will visit Prince Rupert next week. He will be accompanied by "Honest John" Oliver, one of the best known and most highly respected personages in the public life of the province.

Word has just been received that they will leave Victoria on Thursday of this week. They will stop off for a few days at Bella Coola and reach here in time to hold a meeting on Friday evening, April 3. They will then proceed to Hazelton, where a meeting will be held on the 4th. It is possible that they will then return to the coast and take in Queen Charlotte islands and Granby Bay, after which they would again return to the Bulkley valley and go out through the Caribou country. The latter part has not been definitely arranged, but such a tour would best suit the convenience of present transportation.

BRITISH ARMY OFFICERS WITHDRAW RESIGNATIONS

TROUBLE WAS MATTER OF MISUNDERSTANDING GOVERNMENT EXPLAINS--OPINION EXPRESSED THAT THESE MEN WILL NOT FIGHT ULSTER

(Special to The Daily News) London, March 24.--The defection of the army officers who refused to fight Ulster is now a closed incident, but its consequences are likely to produce far-reaching effects. Premier Asquith and Colonel Seeley made explanations to an excited and turbulent house and said that the affair was the result of a misunderstanding. It was inferred, although not directly said to be due to a misconception of the government's plan, whereby General Paget informed the officers that they were to move to Ulster for a repressive campaign. General Paget and three senior officers were summoned to London to a conference, and according to the official statement the misunderstanding was cleared away. The officers returned to Ireland and before their departure said that they were entirely satisfied with the results of the visit. The terms on which the officers remain at their posts has not been disclosed. The general belief is that they will not fight the Ulstermen. This is considered a distinct surrender by the government. The part played by the King in the crisis is not disclosed. The army officers addressed their resignations to the King. The report is that the King insisted that the resignations in the present instance be not accepted and used his influence to make a compromise with the army.

PUGSLEY RETURNS TO HOUSE GREETED BY BOTH PARTIES

MINISTER OF JUSTICE MAY BE EMPOWERED TO PREVENT APPEALS TO PRIVY COUNCIL

(Special to The Daily News) Ottawa, March 24.--There is a big day ahead tomorrow when the railway estimates will come up for discussion in connection with the National Transcontinental report. Mr. McCraney of Saskatoon called attention to a controversy in progress in Saskatchewan at present with regard to the taxation of unpatented homesteads. Mr. McCraney drew from the

minister of the interior a statement that the matter had not received the attention of the department. The question was of such consequence that it had been referred to the department of justice in order to get a decision as to the legality of such taxation. Hon. Wm. Pugsley, who has not been seen in the Liberal ranks since his famous fight on the naval bill, returned to the house today. He had been ill, and his appearance was greeted by loud cheers and considerable applause from both sides of the house.

The estimates of the minister of justice were under consideration and caused considerable discussion on the salaries of county court judges. The announcement was made by the minister that a change was contemplated in the present procedure of allowing an appeal to the judicial committee of the British privy council.

International Rugby

(Special to The Daily News) Glasgow, March 24.--In one of the most stubbornly contested games of the Season England proved victors over Scotland in the international Rugby game played Saturday by one point, the score being: England, 16 points; Scotland, 15.

VETOED PUBLICITY GRANT COUNCIL PASSED IT 5 TO 3

MAYOR INDIGNANT BECAUSE ALDERMEN VOTED \$10,000 FOR PUBLICITY--MADE THREAT WOULD KILL MOTION IF PASSED--ALDERMEN THINK CITIZENS WANT IT

The mayor took advantage of his prerogative last night to veto a motion of the city council. It was a motion to grant the sum of \$10,000 for publicity purposes by five to three. The mayor announced the motion and then gave it the veto. The spectators applauded, and the mayor looked ill at the question first came up in report of the finance committee recommending a plebiscite on the question of granting the sum of \$10,000 for publicity purposes. Ald. Morrison said he did not see the necessity of a plebiscite on the question. He was satisfied it would carry by a large majority. Accordingly he vetoed that a grant of \$10,000 be made for publicity purposes. The three members of the city council to be associated with the

board of trade committee on finances. Ald. McClymont said a plebiscite was a waste of time and money. Seventy-five per cent of the property owners are non-residents and they will have to pay the most of it. Ald. Basso-Bert said this is the time to advertise.

Ald. Kerr--Advertising pays when you have the goods, and we have them. Ald. Montgomery opposed the handing over of \$10,000 to an organization which had never made a success of anything they touched. It was composed of our best business men but it was practically bankrupt.

Ald. Maitland expressed the same idea. Ald. Morrissey--If the fishing and mining is to be advertised those special interests ought to contribute.

Ald. Dybhavn was satisfied the people wanted the grant made. The mayor said he was positively surprised to think there are enough men around the board prepared to sling \$10,000 at these men when they don't know what is to become of it. The question had been up for weeks, but there was no new light on it. "Because certain gentlemen chose to meet the representatives of the board of trade here today we have got to stomach this \$10,000 whether we like it or not. If it passes I will veto the motion."

Ald. Montgomery presented an amendment that a plebiscite be taken, which was defeated 3-5. The original motion was put and those voting for were Ald. Kerr, Dybhavn, McClymont, Basso-Bert, and Dybhavn. Those against were Ald. Montgomery, Morrissey, and Maitland. The mayor then declared the motion vetoed.

DAILY EDITION  Tuesday, March 24, 1914

A terrible outrage on the workingmen of this country has been brought to the attention of The Daily News. A number of men were employed by agents in Vancouver to come all the way up to Prince Rupert to work for sub-contractors on the G. T. P. They were promised a year's employment. After paying their own passage and expenses they were put to work up the line for a day and a half and then fired and left without any redress. . . . But that is not the insulting part. Only having worked a day and a half, they were nevertheless docked one dollar for hospital fees and were paid the sum of three dollars and forty cents, and that by a time cheque which required them to travel all the way to Hazelton to have it cashed.

People who have never known the pinch of want nor the insult of oppression, are fond of asking how it is possible for men in this free country to become anarchists and enemies of society. The strange thing is that men with good warm blood in their veins can contain themselves as well as they do. If we want our workingmen to be law-abiding citizensthe only way to do it is for ourselves to re-

spect the fundamental laws of human nature and let the other fellow get a square deal, too. It is only in a country like British Columbia, where laws are made to suit the speculator, that conditions like this would be allowed to exist for a moment, and the workingmen should see to it that men are elected who would make impossible such a dreadful outrage.

Wm. Manson is reported in the Empire as saying that he has no doubt whatever that the Wark Channel power will be reserved for the use of the city. If this is so, why is not the immediate reservation made and instead of completing the Woodworth Lake scheme, Wark Channel can be developed. Both the city engineer and the electrical engineer favor the abandonment of the Woodworth Lake scheme and the development of the Wark Channel power instead, and if as Wm. Manson says there is no doubt that this power will be reserved for the city, the matter should receive immediate attention. By so doing the city will be saved hundreds of thousands of dollars while a power sufficiently large to supply the wants of the city

What Would St. Patrick Say ?

for some considerable time will be at our service.

Wm. Manson was derelict in his duty in not having the reservation made in the first place, and he is doing the city a still greater injury by not having the matter definitely settled immediately so that the city may be saved duplication of plant and the large additional unnecessary expenditure thereby entailed. The people are tired of the Manson promises. They want action and they want it at the right time.

The trouble with Wm. Manson is that when the administration at Victoria sits on him he remains squelched. He hasn't the backbone to insist upon the rights of his constituency being protected. When the government in its wisdom gives away our natural resources, Wm. Manson says we ought to be satisfied.

A \$3,000 a year inspector of municipalities under Bowser won't afford very much independence of action. But the Bowser machine doesn't want independence of action, in fact won't allow independence

of action either upon the part of employees in the government service, members of the legislature supporting the government, or the premier himself. If McBride says yes and Bowser says no, the noes have it.

Imagine the premier of a province making promises upon which his own cabinet turns him down. When a premier loses the confidence of his cabinet, he ought to resign.

When the premier "allocated the city's water supply, street ends, waterfront, recreation grounds, park sites, and adjacent water powers to private interests, leaving the city without any of these resources, he very clearly demonstrated his idea of the guardianship of his public interests.

A trustee who would give away the assets of his ward would be enjoined by the courts and the opprobrium which he would so richly merit would be heaped upon his head. The McBride administration, which prates of the sacredness of trusteeship, has wilfully given away the natural resources of British Columbia in the most prodigal manner, but are about to be enjoined by the court of the people who sit in judgment, while the scorn of the electorate will be visited upon their unfaithful stewardship.

The Vancouver Province says: The G. T. P. liner Prince Rupert, which has been laid up here for some time, will shift to Esquimalt on Saturday to undergo her first Lloyd's survey, which takes place every three years. She will be placed under rigid inspection and will be overhauled before resuming the northern run in the summer service of the company.

ADVERTISE IN THE DAILY NEWS

The recently converted organ of the Conservative party in this city made a bad break with the machine the other day, and seems to be slipping away from the grace of Bowserism. In a front page article it drew attention to the fact that there will be only 400 people in British Columbia to support each mile of railway and that it is imperative that something should be done to create permanent settlements along these railways. This shows in a very pointed way the contention of the Liberals that too much aid is given railways, while nothing is being done to settle the country.

As our contemporary sums it up:

"It is all very well to generalize and talk in glowing fashion of 'great future' and 'limitless resources' and 'Canada's century' and similar frothy flubbug, yet it is not business. It is not getting down to facts as they are, here and now."

### COMPENSATION ACT INTRODUCED FOR THE INJURED WORKMAN

**IMPORTANT ACT IS INTRODUCED IN THE ONTARIO LEGISLATURE—NO CONTRIBUTION BY EMPLOYEES — GOVERNMENT TO GIVE \$100,000.00**

Toronto, March 21.—The Workman's Compensation Bill was introduced in the Ontario Legislature yesterday afternoon by Hon. I. B. Lucas, provincial treasurer. Following are the chief provisions of the bill:

Compensation for total disability calls for weekly payment equal to 55 per cent. of average wage for the previous twelve months.

No contributions by employees to funds directly or indirectly.

Heavy penalty to employers in case premiums are deducted from wages.

"Waiting period" set at seven days. Compensation only allowed if worker is off, due to accident, more than seven days.

Burial expenses, a straight gift of \$75.

Allowance of \$20 a month, where a widow or invalid husband is the sole dependent; \$5 additional for each child up to 16 years.

### NEW TOWN HALL OPENED AT PORT ESSINGTON LAST WEEK

**BUILDING ERECTED BY PUBLIC SUBSCRIPTION OF MONEY AND WORKMANSHIP**

Port Essington, March 23.—A very enjoyable evening was spent on March 17 at a dance given in honor of the opening of the town hall. Mr. Banks opened the proceedings with a short speech, in the course of which he said that the hall had been able to be built owing to the way in which the people of Essington had subscribed, and also to the energy of those men who had given their time in building it. He said that the hall was to be handed over to the ladies of Essington, having a managing committee composed of the following: Mrs. Kirby, president; Mrs. Noble, treasurer; Mrs. Berryman, secretary. He said that as often as possible the use of the hall would be free, but in order to meet running expenses, etc., a subscription would sometimes be necessary.

Among the guests present were: Mr. and Mrs. H. Kirby, Mr. and Mrs. Noble, Mrs. Davis and family, Mrs. M. Letnes, Miss Orwig, Mrs. Innig and family, Mr. and Mrs. Oakley, Miss A. Salem, Ore., "drys" are pondering the new drinking ordinance, which forbids the "giving away" of liquors. Several councilmen kicked over the traces when the home highball was debated, and made the ordinance allow little fireside nips.

#### Kissed and Robbed

Rome, March 21.—Dr. John Francis Hurie's pocket was picked in the Piazza de Spagna the other day as he emerged from a bank, where he had cashed a cheque for \$150.

In relating his experience to the police, the United States naval surgeon said that what surprised him was the way the thief accomplished his purpose.

"He embraced me and tried to kiss me on both cheeks in the approved Italian fashion," said the doctor. "I freed myself immediately and the man apologized courteously and apparently was sorry for the mistake. I discovered the loss of my wallet a second later, but the man had disappeared."

### News Notes From Terrace

(By Special Correspondent)

Terrace, March 24.—Mr. A. H. Tomlinson's visit this week was much appreciated. On Wednesday afternoon a number of Kitsumkalum and Lakelse ranchers were at the Co-operative hall, where a demonstration was given and numerous questions asked and answered. At the public meeting in the evening there was an excellent attendance. The subject under discussion was the "Preparation of Fruit and Vegetables for Exhibition Purposes." At the close some time was spent in general discussion on potato cultivation, and also the prospects for successful fruit farming in the locality. We are looking forward to further visits from Mr. Tomlinson in the near future.

The final debate of the Literary and Debating society was held on Thursday evening. The members have been invited to Mr. Giggey's house for a social evening on April 2. This will be the closing meeting of the session.

A meeting addressed by Wm. Manson, M. P. P., was held in Eby and Sparks' hall on Saturday evening in support of the Conservative party. At the close a motion censuring the government for the use of military force to quell the recent labor strikes was lost.

A. K. Knowles, of the Dominion government immigration department, came down from the interior on Sunday. He has been taking a trip through getting photos and data for advertising literature. The trades and labor council has asked the city to make semi-monthly payment of wages for all employees on salary who are paid monthly, excepting the city hall staff.

The publicity commissioner has received a request from H. T. Charlton, general advertising manager of the G. T. P., for 500 copies of the annual report of the board of trade. A similar request has come from Hon. J. H. Turner, agent-general for British Columbia in London, England. Unfortunately there are no funds to enable the commissioner to comply with the requests for Prince Rupert advertising.

Mr. F. A. Turner of Seattle is in town for a few days looking into the prospects of the fishing business. He is especially interested in shell fish and intends to continue his investigation around Ketchikan. William Manson seems to be getting turned down on every side. That meeting at Terrace was a scorcher and by no means the instigation of a few, as the morning apologist suggests. As a proof of that it can be pointed out that nothing was to be said about it at all had not the Daily News published the facts.

Mr. Sydney Smith of the Atlin Fisheries is having his twenty-four-foot launch Chick overhauled and refitted as a pleasure boat. The Akerberg-Thomson company have the contract and are installing a Ferro engine. The boat will be ready for Mr. Smith on his return from Kansas City. Five workmen who were bound for Cordova to get work were turned back by the immigration officers at Ketchikan. They embarked on the Spokane at Prince Rupert and came back on Saturday. This is the result of the retaliatory act of the United States caused by the British Columbia exclusion order passed in Ottawa some time ago.

After Saturday, March 28, the voting value of the nomination blank will be reduced 2,500, so it is important to get your name entered at once.

BIG ATTRACTION SOON AT WESTHOLME OPERA HOUSE

"The Lion and the Mouse" in six beautiful reels will be shown in about eight or ten days at the Westholme opera house. This splendid play is produced by an all-star cast of Broadway favorites, and is given practically in its entirety. Columns of praise have been written about this picture in the newspapers of the United States and Canada, and it was shown for one entire week at the Dominion theatre, Vancouver, closing there last Saturday. Last night's show at the Westholme was a splendid one. "The Children's Hour" was especially appreciated and is easily the finest child story ever shown here. The Keystone comedy was execrably funny and there was a fine showing of scenic views in the Italian Alps. This program will be repeated tonight.

Three Days to Get Out

Annie Leroy and Ethel Enwright, two girls who struck town two weeks ago, were up in police court as undesirables. They are young and well dressed but do not work for a living. Both pleaded guilty and the magistrate gave them three days to get out of the city.

"We haven't any money," said Ethel to the P. M. "Well, you had better get some," replied Crown Prosecutor Peters. Annie smiled and the two walked out of court.

Richardson, who is reported as the former Liberal member who takes such a strong stand against the Laurier government over the National Transcontinental affair, has been opposed to the Liberal party since 1908, and has run against the Liberals several times, being defeated one time by Clifford Sifton. He ran as an independent in favor of reciprocity in 1911.
