PRICES TOO HIGH FOR FISHING BOATS—GRAHAM ATTACKED TRANSCONTINENTAL REPORT

LOCAL FISH COMPANY HAS TO BUY ICE IN KETCHIKAN

LOCAL BAIT AND ICE TOO HIGH IN PRICE—BIG HANDICAP TO DEVELOPMENT OF PRINCE RUPERT AS FISHING PORT

There is a general anticipation that Prince Rupert is on the verge of a phenomenal increase in the fishing industry. It is expected that this will become the chief fishing port of the Pacific. The public believes that the opening of the Grand Trunk Pacific, furnishing the quick transportation to the eastern markets, and the adoption of the free policy advocated locally, will be about the transformation. Practical men, however, see the points in the problem, and are admitting the ultimate glory of Prince Rupert as the fishing port, there is a feeling expressed that Prince Rupert as a city, and the men who represent it, are not doing much to accomplish the desired end.

A man from Ketchikan says this free bait policy is a joke under existing conditions, and a little enquiry shows the statement contains a good deal of truth. Free bait means that United States fishing boats will be allowed to come into Prince Rupert to purchase bait and supplies on the same footing as Canadian fishing boats. This policy it is said will attract the United States boats into Rupert to make their shipments and buy their supplies. "The theory is all right," said the Ketchikan man, "but the fact is that fishing boats right out of

(Continued on Page 2)

STUBBORN BATTLE IS FOUGHT BY VILLA

Most Bloody Battle of the War—Says He Will Take Torreón

El Berge, Mex., March 24.—Meeting with a most stubborn resistance at Gomez Palacio, a few miles northeast of Torreón, Villa has fought the most bloody battle of the war in Mexico. The constitutionalists had their field hospital crowded with wounded, which streamed into El Berge. As fast as they could be given attention to they returned to the front. The more seriously wounded were sent on to Bermejo general hospital. Apparently intending to give Villa a crushing blow, Valesco sallied out from the invested city under cover of the great guns on the Huling side and Certo Belajar, which was strongly garrisoned. Villa ordered an attack on Gomez Palacio. Before many minutes he had taken the water tank and secured the first vantage ground. In another hour the federals had re-attacked Cuartel, where the hottest fighting took place. The rebels finally drove the federals back on Torreón. Villa reiterated his confidence later on that Torreón would be in his hands before Thursday.

PUBLIC SENSATION OVER FRENCH TRAGEDY

Fearing That Murderess of Editor Will Attempt to Commit Suicide

Paris, March 24.—M. Labori, who is to defend Mme. Caillaux, had an interview with her in prison. He described Mme. Caillaux as tired, but otherwise well. Mme. Caillaux has decided to use every effort in her own defence. She thanked M. Labori for having undertaken her defence and told him how deeply she felt the death of M. Calmette, which was a cruel blow to her. Her idea was to defend her husband, who had been daily pilloried by the editor of the Figaro. Leaving home with the intention of wounding Calmette, she had lost her head completely, under the influence of indignation. She deeply regretted the act. The strictest precautions have been taken to prevent her from committing suicide. She is guarded day and night by two nuns, who do not for a moment let her out of sight. These guardians compelled M. Caillaux, when he visited his wife, to show them that he had nothing in his possession that could be used for suicidal purposes, before they allowed him to approach Mme. Caillaux, much to the former minister's indignation. As a special privilege, Mme. Caillaux is allowed to have her meals sent in from a restaurant, but she has tasted little food. The first examination by Magistrate Boucard, who has charge of the case, will not take place before next week.

Took Motion Pictures

Ferdinand Van Bruyssel, who has been spending a week here taking photographs for moving pictures and getting data for advertising purposes, left this morning with his assistants for a trip through to Fort George. Mr. Van Bruyssel is president of the Anglo-Belgian Trust Co. of Montreal, and spends considerable time every year on colonization work. He intends giving a series of lectures in Europe on Prince Rupert and district. It is seven years since Mr. Van Bruyssel first visited Prince Rupert, and naturally he sees a wonderful transformation from the unbroken forest of that day to the city of today. Make your money earn money by buying in Port Edward. 641f

OFFICERS ON STRIKE HAVE ASSURANCES

That Will Not Be Called to Fight Ulster—King Intervened in Their Behalf

(Special to The Daily News) London, Mar. 25.—The Westminster Gazette continues to see a thin caldron over which the Liberals now denounce the mutiny of the army aristocrats against democratic government. The fact has been established that General Gough and other officers of the Third cavalry brigade have demanded and obtained written assurances, which were drafted by a lawyer, that they would not be ordered to fight Carson's volunteers. The assurances were obtained largely by the personal intervention of the King. Will ship 300 tons from Hazelton daily. Prospects of Rocher de Boule Copper Mine, Which Starts This Week. (Canadian Finance) Rail transportation provided by the Grand Trunk Pacific is stimulating the mining industry in the Skeena river and Hazelton districts. The large copper properties of the Rocher de Boule will be brought among the shippers this spring. It is stated that 300 tons per day may soon be shipped to Prince Rupert from that mine. The Great Ohio is rapidly developing to the point of shipping also, and others will be added before the year is over. These, with the silver-lead camps north of Hazelton, are attracting the attention of the mining world. A smelter in the district is badly needed. The presence of large quantities of coking coal in the district, and the development of the coal areas of Hog mountain make the erection of a smelter a feasible undertaking. Light and Telephone Profits. The February statement of the light superintendent shows the net profits from the electric light department during the month to be \$1,783.48. The earnings were \$5,887.46 and operating expenses \$4,103.98. In the telephone department the total collections were \$1,948.57, and operating expenses \$1,204.86. The net surplus was \$743.71. Mr. D. C. McRae, who has been in Vancouver, returned this morning.

LADIES DOG RACE IS WON BY MRS. AYTS

Twenty-mile Course Covered in Twenty-eight Minutes by Winners

Nome, Alaska, March 24.—Mrs. Fred Aytz, wife of the winner of the Nome-Solomon Derby, which was held a few weeks ago, was the winner of the women's dog race on Saturday. The course was one of six miles on the Nome river and return. Mrs. Aytz reached the starting point 28 minutes after the dogs first broke away. There were 19 teams entered in the race. All of them finished. Mrs. Charles Ross was second, and Miss Esther Fisher third.

Oxford Looks Better

(Special to The Daily News) London, March 25.—Rowing experts who have been watching the training of the Oxford and Cambridge crews claim that Oxford is making the better showing. Cambridge's work has been disappointing.

GENERAL ELECTION BEFORE JULY NOW PROBABLE IN BRITAIN

CABINET FACING POLITICAL CRISIS—LABORITES INCENSED AT KING'S INTERVENTION—FINAL STRUGGLE BETWEEN ARISTOCRACY AND DEMOCRACY

(Special to The Daily News) London, March 25.—The widest political rumors are afloat in consequence of the rapid development in the situation and the sudden and dramatic change in the basis of the conflict. The clearest fact emerging from the confused political gossip is the growth of the Labor-Radical cabal, which seriously endangers the life of the government. A general election prior to July is now anticipated as the only means of ministerial escape from their intolerable position. The opposition within the government ranks exhibits the bitterest spirit regarding the King's admitted intervention, which is regarded as the final struggle between aristocracy and democracy. This has incensed the laborite allies, with the result that the cabinet faces the possibility of defeat during one of the frequent opportunities which permits the renewing of attacks.

HON. GEORGE GRAHAM REPLIES TRANSCONTINENTAL REPORT

SAYS DOCUMENT MISEPRESENTS TRUE FACTS AND INJURES CREDIT OF G. T. P.—SPOKE FIVE HOURS AND WAS NOT FINISHED WHEN HOUSE AROSE

(Special to The Daily News) Ottawa, March 25.—Following the presentation by Dr. Reid of the annual budget speech on railways, Hon. Geo. P. Graham undertook to reply to the charges of waste in the construction of the National Transcontinental railway contained in the report of Messrs. Gutelius and Lynch-Staunton. Hon. Mr. Graham treated every point in an exhaustive manner and after five hours of speaking had not finished his criticism of the government when the house adjourned. The speech of the member for South Renfrew treated every phase of the report of the commissioners and dealt with the charges contained in it. He charged that the commissioners had compiled a partisan report, which had the purpose of injuring the G. T. P. and discrediting the Liberal party.

Hon. Dr. J. D. Reid in presenting his statement touched on the condition of progress of the Intercolonial railway, announcing a surplus of \$300,000; on the progress of the Hudson Bay railway, which he estimated would be completed in 1916; on the canal development of the Dominion, and the National Transcontinental was considered at length, giving special attention to the coast line of the G. T. P. He predicted that the fixed charges on the cost of construction would prevent the inauguration of low freight rates. It is expected that the Hon. Arthur Meighen will follow Hon. Mr. Graham when the latter moves a vote of censure of the government for its acceptance of a document which he claims misrepresents the real conditions and is dangerous to the credit of the Grand Trunk Pacific.

Rioting in Belfast

(Special to The Daily News) Belfast, March 25.—A party riot occurred in Carmack square. Stones and other missiles were thrown and revolver shots were fired. A large force of police dispersed the rioters. Many persons were slightly injured. Several were arrested.

Desperate Fighting

(Special to The Daily News) Chihuahua, March 25.—An official despatch says the fighting continues desperately. Gomez Palacio says the rebels have captured a stone roundhouse and are fighting from it. The rebels claim that the federal dead number 700.

Newsboys, Attention

During the period of our Ladies' Contest we are going to give the newsboys a chance to win a handsome suit of clothes besides the profit they make by selling the papers. We have arranged with the Acme Clothing House to give the best suit in their store to the boy who sells the largest number of The Daily News during that period. Only genuine sales count. Now boys, get busy and sell The Daily News.

Presbyterian Literary Society

Tonight (Wednesday) at 8 o'clock, in the Presbyterian hall, the Literary society will have a debate on the militant methods of the suffragettes. Mrs. Klower and Mr. Paterson are ready with forceful arguments to prove that the methods adopted by the women to obtain the franchise are justifiable, while Mrs. Paterson and Mr. Klower are prepared to show where they are wrong. Everybody interested in this subject should not miss the opportunity of hearing this interesting debate tonight.

Indian Bought Booze

Constable Doolittle visited Butedale cannery down the coast a few days ago and made the capture of a whole case of booze. It was shipped in small flasks to an Indian named John Paul. The Gold Seal Liquor company made the shipment but the police were on hand just as quickly as the shipment arrived. The liquor was confiscated and Paul taken as a prisoner. Abram Paul, another Indian who tried to interfere with the arrest of John, was also brought in. The two appeared before the government agent for trial this morning.

Notice to Contractors

Tenders will be received until March 31st, separately, for each branch of work required for the erection of an apartment building to be erected on Fourth Ave. W. Drawing and specifications can be seen at the office of James Gilmore, architect, Second Ave., near McBride St. 69-70

NOMINATIONS ARE COMING IN LIVELY INTEREST MANIFEST

BE NOW AND TAKE ADVANTAGE OF THIS MAGNIFICENT OFFER—NOMINATION PERIOD CONTINUES TILL SATURDAY

The interest already manifested in the Daily News' Voting Contest is a good omen for the eligible candidates who are right now trying to decide whether to compete or not. Right now is the time to act—this is the nomination period, your name on one of the nomination blanks will start you with 5000 votes. The rest is only a few weeks and you will be the happy recipient of the Grand Capital Prize, or one of the other handsome awards. Your friends will help you—The Daily News will give you assistance possible, and your vote will rapidly climb to a winning amount. Remember the contest has begun. The subscription list will be given out tomorrow and the remaining days of the week, so enter your name at once and then tell your friends. You will find the work easy and pleasant and your reward will outweigh your efforts. Another point in your favor is that renewals count just as much in votes as do new subscriptions, and in our present list of subscribers are many of your friends who would gladly renew at this time just to help you along in the race. Drop into the office and the contest manager will explain in detail for you, and you will see how easy it will be to win any of the following beautiful prizes.

- 8000 Votes if you enter NOW. Only 2,500 after Saturday, March 28.
- #### LIST OF PRIZES
- First Grand Capital Prize heretofore announced, is a first-class round trip ticket to Panama-Pacific International Exposition at San Francisco, with all expenses paid, together with an extra first-class ticket to some relative or friend. The other beautiful prizes will be awarded in the following order:
 - Second: Diamond Ring (perfect stone, value \$150.
 - Third: Ladies' Tailored Suit, value \$75.
 - Fourth: Ladies' Gold Watch, value \$25.
 - Fifth: Ladies' Gold Watch, value \$20.
 - Sixth: Gold Locket and Chain, value \$15.
 - Seventh: Pair Ladies' Boots or shoes, value \$6.
 - Eighth: Gold Bracelet, value \$5.
- The above prizes are open to each and every contestant who may enter, no matter what part of the Skeena district she may reside in, but in addition to this list, we are also going to give away a splendid list of district prizes to those who qualify, which will be open to all contestants residing outside of Prince Rupert. We therefore want candidates from Smithers, Hazelton, Terrace, Porcher Island, Granby Bay, Stewart, Queen Charlotte Islands, and so on, to compete for these attractive prizes which are put up for the exclusive competition of outside candidates.
- As previously stated, all candidates may solicit subscriptions anywhere; but the two lists of prizes will in no way conflict since no candidate can win more than one prize.
- Following is the list of prizes for contestants living outside of Prince Rupert:
- First: Ladies' Tailored Suit, value \$60.
 - Second: Ladies' Gold Watch, value \$25.
 - Third: Ladies' or Misses' guaranteed Raincoat, value \$15.
 - Fourth: Pair Boots or Shoes, value \$6.00.
 - Fifth: Beautifully Engraved Brooch, value \$3.50.
- Let us have your nomination today.
- The history of Seattle and Ballard will repeat itself in Prince Rupert and Port Edward.
- Pantorium Pioneer Cleaners. Phone 4.
- *****
- The mayor is within his rights in using the veto on a motion passed by the city council. But when he refers to an application from an active organization, represented by 150 business men of the city, as a "grab" he is overstepping the bounds of his authority and of common decency. The board of trade is the most representative business organization within the city and has at least the right to ask for courteous treatment.

DAILY EDITION

Wednesday, March 25, 1914

William Manson treated the citizens of Terrace as he did the people of Prince Rupert. He called together the Conservative association to receive the report of his "stewardship" and entirely ignored the rest of the citizens. With him it is more important to be a Tory than to be a British subject.

But that didn't save Bill Manson's scalp. He was treated like a traitor in the camp of his friends and if the votes were counted rightly there would have been a vote of censure on his government. The people are waking up and the day of terrible retribution is at hand.

Our member for the local house will have to implement his promises with something more substantial than apologies. The time has long since gone by to deliver the goods. The people want the goods and won't be satisfied with anything else.

The people ought to decapitate an administration which gets itself into a financial mire of the C. N. R. kind, and there is every evidence that they surely will.

Unfortunately, the punishment will not fit the crime. Bowser and McBride will lose their jobs but they won't be in the financial mire. They will take good care of that. While the people are struggling to get out these gentlemen will be strolling on the sunny side of easy street.

The present mayor, last year as ex-mayor, wrote an open letter to the minister of lands begging the government not to assist the city financially. He now vetoes a resolution of the council providing

money for publicity purposes, as he does not want to see people come here.

Prince Rupert will go ahead in spite of the little-minded people whose selfish personal or political motives lead them to pursue a course of action so inimical to the welfare of the city generally, and it won't be very long now with the growth of the city until these parvenues are swallowed up and forgotten.

There is a saying among mining men that a mine is no good that won't stand mismanagement. Prince Rupert has given ample evidence that she is a good town. Handicapped by reason of her resources having been given away and controlled largely by pinheaded self-seekers, nevertheless she continues to forge ahead.

What are the wizards of finance doing towards disposing of the long term issues of the city? When are the trunk sewers to be commenced, and the grading of McBride and Fulton streets to start?

Is the council going to take the people into its confidence as to just what it proposes to do with regard to financing the Woodworth lake hydro-electric proposition or is it going to go blindly ahead until some ratepayer is compelled to resort to the courts in order that the public interests may be protected? Possibly if the mayor and some of the aldermen found themselves jointly and severally responsible for large sums of money illegally spent, they might wake up to a proper appreciation of their responsibilities.

Why doesn't Manson that the Wark channel power

ANOTHER OF PRESIDENT WILSON'S DAUGHTERS REPORTED TO BE ENGAGED, AND HER FIANCEE, MR. McADOO, SECRETARY OF THE UNITED STATES TREASURY

On the left is Margaret Wilson, in the centre Miss Eleanor, who is reported engaged to Mr. McAdoo; on the right Mrs. Sayre

is handed over to the city at once so that this power could be developed immediately, thus saving the city hundreds of thousands of dollars through duplication of plant? We are afraid that our Willie hasn't the nerve to push the matter to a conclusion. In any event he will be satisfied with the wisdom of the government whatever it may do.

LOCAL FISH COMPANY HAS TO BUY IN KETCHIKAN

(Continued from Page 1)

Prince Rupert harbor come to Ketchikan to buy their supplies. This startling information started a News man down to the waterfront on a tour of enquiry.

Halibut Fleet Increasing

Mr. J. Sidney Smith, the head of the Atlin Fisheries, was found on the east end of the government wharf.

"How do you find the delivery of fish this year as compared with last year?" asked the newspaper man.

"Fully one hundred per cent better than the same two months last year," said Mr. Smith.

"Are there more independent boats fishing now?"

"Yes, many more. Last year there were 12 and this spring we have 28 delivering here."

"Where do you buy your ice for packing the fish?"

"Buying Supplies Outside From Ketchikan and Mill Bay."

"Why not patronize home in-

dustry? We have a big cold storage and ice making plant right here which has been subsidized by the Dominion government."

"We can buy cheaper at those outside places, pay the freight and save money. We use a lot of ice, you know."

"Where are you buying your bait?"

"We get it from Claxton cannery on the Skeena. They import it from west of Vancouver island and sell it at 20 per cent cheaper than the Prince Rupert plant."

Local Prices Prohibitive

A little further enquiry shows that ice at the local government-subsidized plant costs \$8 a ton. At Ketchikan it costs \$3 or \$5.50 delivered in Prince Rupert. At Mill Bay ice costs \$2.50, or \$5 laid down at Prince Rupert.

Frozen bait costs \$30 a ton in Prince Rupert and \$25 a ton in Ketchikan.

A big fishery company will use several thousand dollars worth of ice and bait in a month, and the difference in price means considerable of a saving. It also makes it quite apparent that under existing conditions fishing boats will not buy their supplies in this city.

Where it is possible for a big company to operate in Prince Rupert they could no doubt install their own ice plant and store their own bait, but the big business of this port will be created by the smaller companies and independent boats operating with very small crews.

When the government subsidized the big cold storage plant here at the solicitation of the Grand Trunk Pacific, it was done with the object of assisting the fishing industry and encouraging the independent fishermen to make Prince Rupert the port for delivery of their fish and for the purchase of their supplies. Apparently it is not fulfilling its object. Prince Rupert cannot get the Seattle and Ketchikan fishing boats if she cannot supply bait, ice and other supplies at reasonable prices.

The facts set forth here are common knowledge among the fisherman and it is up to the public men and public bodies to see that Prince Rupert does not miss any of her opportunities.

Borden Street Sewer

The board of works presented a report from the city engineer recommending a six-inch wooden pipe temporary sewer on Fifth avenue and Borden street to empty into the permanent sewer on Fraser street. The estimated cost will be \$2,010, or \$132 per front foot on the lots affected. The sewer is to be paid for by the property owners in one year and the contractor will have to take city bonds for payment. The city clerk was instructed to go on with the advertising to have this work rushed.

Several property owners have received notification from the Grand Trunk Pacific Town and Development Co. that no further extension will be granted on deferred payments on property purchased at the original sale of Prince Rupert lots. There are still many lots which have not been fully paid up and there promises to be considerable rustling to clear up the payments this year.

The Royal Cafe gives the best meals and the best service in the city. Visitors to the city are advised to make this restaurant their selection. 521f

A wise man uses The News Want ads for his needs. Are you a wise man?

LACROSSE THE RING FOOTBALL

SPORT

BASEBALL LAWN TENNIS HOCKEY

In a basketball game played last evening between teams representing the Aberdonians and Midlothians, which was conspicuous more for rough play than any exhibition of basketball, the latter were victorious by a score of 22 to 14. When players resort to tactics such as were exhibited last night, it is the duty of the referees, and those in charge of the game, to banish such players from the game until such time as they can control themselves.

The return basketball game between a team of the Callies intermediates and the High school boys was played last night in the St. Andrew's society hall and proved a victory for the Scottish laddies by a score of 15-8. At half time the score was 8-6 in favor of the High school. It was a fast game and the checking on both sides was a great improvement on the last game. The next game, which is now being arranged, will decide the series. The teams lined up as follows: High school; Manson, Anderson, Rowell, Mitchell and Hunter. Callies; Lamb, J. Kelly, C. Brown, C. Dennis, and Campbell. J. Campbell of the Callies was easily the best man on the floor and played a sterling game.

Negotiations have been opened by Aberdeen, Wash., citizens looking to the purchase of the Victoria Northwestern league baseball franchise and the placing of an Aberdeen team in the league. About \$4,000 has been subscribed toward a proposed \$10,000 stock company to finance the deal in case negotiations succeed.

A rule barring any man over 40 years of age from engaging in a public boxing match in this state has been issued by the New York boxing commission. The rule supplements the previous rule that contestants must not be less than 18 years old. Secretary Dave Glicerist of the British Columbia Lacrosse association has called the annual

meeting for Thursday next, Mar. 26, in New Westminster. Delegates from Vancouver, Victoria and New Westminster will be in attendance.

Despite the claims of the Toronto lacrosse club that it had secured a number of Westminster stars, the Victoria club has stolen a march on the eastern teams and has signed four members of the royal city twelve. Doughty Spring, the sensational home fielder has wired accepting terms offered and he will be brought here at once. Hughie Gifford, Len Turnbull and Johnny Howard have also accepted terms, all but Howard signing contracts to play with the Victoria club this summer.

It is expected that Sir Thomas Lipton's Shamrock IV, challenger for the America's cup, will be launched at the end of April. She will draw thirteen feet nine inches. The centre board will drop ten feet, giving a total draught of nearly twenty-four feet.

Freddie Welsh may meet Ad. Wolgast over the ten round route at Milwaukee early next

month. He has received an attractive offer from the Milwaukee promoters.

Charlie Querrie, the well known Toronto lacrosse player, will again manage the Tecumseh and announces that he will take another whirl at the game. Querrie is one of the few veterans left in the game down east.

The total receipts for the world's series of hockey games in Toronto for the Stanley Cup were smaller than anticipated. The receipts amounted to only about \$13,000. This sum was split up as follows: Arena 30 per cent., \$3,900. Victoria's expenses, \$2,500. League's ten per cent., \$660. Toronto players, 60 per cent. of the net, \$3,564. Victoria players, 40 per cent. of the net, \$2,370. Total \$13,000.

Thirty thousand dollars a year is the salary received by John J. McGraw as manager of the New York Giants, according to an affidavit signed by McGraw here in accordance with the income tax law. His contract signed last winter has four more years to run.

Georges Carpentier, who was 20 years old on January 12, earned 50 centimes (10 cents) a day as a pit boy six years ago. Since then he has won in stakes a total of 431,220 francs (\$86,244). In 1909 he won 920 francs (\$184); in 1910, 2,300 francs (\$460); in 1911, 33,000 francs (\$6,600); in 1912 175,000 francs (\$35,000), and in 1913, 220,000 francs (\$44,000). It is not likely that Carpentier will be able to postpone his military service for more than another year. Then he will have to spend three years in the army, after which he will probably be unfit for boxing, hence he intends to make the most of the time he has left.

Port Edward is only a few minutes, by rail, from Prince Rupert.

ANDREW BRODER, M. P.

Member in the Dominion house of commons for Dundas, who has introduced a bill for the prevention of manufacture and sale of cigarettes in Canada. He is a well known farmer, frequently mentioned in connection with the position of minister of agriculture, but will probably succeed Dr. Mills as the agricultural expert on the Dominion railway commission.

The Best Grade

Sir William Mackenzie claims that the C. N. R. as a transcontinental system will have the best grades on the continent. The claim could have been honestly made for the Grand Trunk Pacific when Laurier went out of office. It cannot now since Major Leonard degraded the National Transcontinental.

Investigate Port Edward. There's a reason. 641f

PLATINUM MINING TO BE DEMONSTRATED

(Special to The Daily News)

Nelson, B. C., March 24.—Convinced as the result of two years' experiment during which scores of assays have been made and other work carried on at an expense of \$5,000, a local syndicate has arranged to build a plant with a capacity of one ton per day to demonstrate the possibilities of platinum existing here. A London metallurgist has been working on the experiments and supervising the erection of the plant.

A royal commission is like a blank cartridge. It issues a report and that is the end of the business.

Local and Personal

Try Smith & Killas' ice cream skating tonight at the rink, 7th Avenue.

Mrs. J. Fred Ritchie returned from Victoria today.

The launch Robbie S. brought in a fine catch of salmon yesterday.

The Celtic of the Coast steamship line unloaded coal at the G. T. P. wharf today.

Mr. Starrett, who has been south for some weeks, returned this morning.

Mr. and Mrs. S. P. McMordie have returned from a two weeks' trip to the south.

Mr. John Manson, district road superintendent, left for Terrace this morning.

One of the largest foundry companies in the west is seeking a location in this city.

When you buy a meat get it at the Royal Cafe and you will get the best in the city.

A veterinary surgeon is applying to the publicity commissioner for an opening to locate.

Wm. Manson, M. P., left for New Hazelton this morning. He will hold a political meeting there.

The Ladies' Own basketball club contemplate giving an exhibition game in the St. Andrew's hall in the near future.

A brush fire over Hays creek called out the brigade this afternoon. Their services were not needed.

A small fire in the home of Mr. L. W. Patmore caused some damage last evening. It was put out without having to call the fire department.

Messrs. Morgan & McCreedy have the contract for the supplying of 500 poles for the city electric light and telephone department. The price is 10c per foot for all sizes.

The board of trade is in receipt of an enquiry from a syndicate of Kalamazoo, Mich., capitalists, who want to open a wholesale hardware business in Prince Rupert.

It appears that William Manson is not satisfied with the scorching he got at Terrace. He is going into the Bulkley valley, where they are liable to eat the head off him.

Mr. C. H. Leathley of the Okanagan arrived on today's boat en route to Fort Fraser, where he will establish the Fort Fraser News. Mr. Leathley is an old newspaper man and will have a fine field for his endeavors.

J. Y. Rochester arrived here this morning. This is the first time J. Y. has been in the city since last December.

Mr. Charles Barrett, who has been on a trip to California, returned on the Prince George this morning. While away he purchased some pedigree stock for his Bulkley valley ranch.

The Fredelia II, a cannery tender of the Wallace Fisheries fleet, arrived in port yesterday. She will operate in connection with Claxton cannery. Captain Clark is in charge.

The Atlin Fisheries boat Boralis came in yesterday morning with about 5,000 lbs. of halibut. The trip was not very successful on account of the bad weather.

The Western Plumbing & Supply Co. have been awarded the contract for the asbestos roofing for the dry dock power house. The material amounts to a carload and will be ordered from Montreal.

Mr. Geo. B. Hull, Dominion resident engineer, and his assistant, Mr. Gangras, returned this morning on the Prince George. Mr. Hull has been in Ottawa on official business and Mr. Gangras has been off on a couple of months' holidays.

A number of census enumerators have been distributing blank forms to every house in the city. These will be filled up tomorrow night. The work is in charge of the police department.

Mr. A. E. Rand, brother of the late C. D. Rand, is in the city today. This is his first visit to Prince Rupert and he is surprised at the development which has taken place. Mr. Rand is merely making a sight-seeing visit to the city.

Supt. Duncan of the light department left last evening on the Chelohsin for Seattle to consult Engineer Ross on the kind of machinery to buy for the Prince Rupert hydro-electric plant.

Architect Cox, who has been in charge of the plans of the provincial buildings here, will be in the city on the 15th of April and will investigate local material for use in the building.

W. J. Elmendorf, general manager of the Portland Canal Tunnels, Limited, is in the city today and called on Mr. P. F. Godenrath, the publicity commissioner. Mr. Elmendorf goes on to Granby Bay, and from there to Stewart.

INFORMATION BUREAU GETTING RESULTS

Mr. R. B. Entwistle of the Queen Charlotte Information Bureau is receiving a large number of enquiries about the island. Indeed it looks as if there would be a rush of people over there. There is no doubt but that the resources of the islands are unsurpassed and all that is needed is to call the attention of outsiders to the splendid opportunities. Mr. Entwistle is doing an excellent work for that part of the country and should receive every encouragement.

Kayex to Have New Engine

The Kayex, which is one of the best known launches in this district, is being fixed up for the season's work. The Kayex was originally a G. T. P. boat but was sold to Jeremiah H. Kugler and used by him as a pleasure craft here and in Vancouver, and has now been transferred to the Dominion government and does duty as a fisheries patrol boat. She has been thoroughly overhauled and is waiting at Inverness for her new engine, which will be brought from Victoria on the Capilano. This engine, which will be installed by the Akerberg-Thomson company, is a 30-horsepower, three-cylinder Western Standard. The Apleo system of electric light is to be installed immediately and the boat will be in commission by the first of next month.

Mining Men Arrive

J. E. Oppenheimer of Butte, Mont., head of the Continental Development company, who are operating the Rocher de Boule copper mine at New Hazelton, came in on the Prince George this morning and went up the line. He was accompanied by his brother, Mr. Oppenheimer expects to start the machinery of the big mining plant this week.

Opportunity in Land

We offer 44.2 acres first class land, well watered, 60 miles east of Prince Rupert and right on the G. T. P., together with a store building (frame) 24x32, furniture, etc., chicken houses, tools, etc. This is the gateway to one of the best valleys in B. C. An ideal place for the raising of poultry and hogs or for a dairy. Price \$1100 cash.

In the Letter Box

Editor, Daily News: In your issue of Monday last, a sympathetic report was given of the sermon in St. Andrew's church the previous Sunday evening. For the report I desire to thank you, but would you permit me to point out that a few errors crept into your report. First, it was stated that I took up the matter of Sunday open cigar stores. Whatever my personal opinions may be on the matter, yet I made no mention of it in my sermon, and second it was stated that I affirmed that drinking and gambling was carried on in the clubs and that these places were a stumbling block to many on the outside of them. What I did say in this second matter was that it was commonly reported that excessive drinking and gambling took place in the clubs and if it were so it was wrong and was a stumbling block in the way of others. This is quite a different statement to the published report, as I do not profess to have any personal and accurate information on the subject. I trust you will excuse my calling your attention to this, for my wonder is, not that there are inaccuracies in the press, but that it manages to have so few. I am, yours truly, G. A. RIX.
