THE POLITICAL OUTLOOK IN BRITAIN VERY GRAVE

GEN. VILLA BELIEVED DEFEATED--BRITISH RAILWAYS RECOGNIZE UNIONS--CENSUS RETURNS

CRISIS STILL AT WHITE HEAT MAY BE GENERAL ELECTION

PORT PLAYED BY THE KING IS BEING WIDELY DISCUSSED--
DISPLAYING SOVEREIGN POWER

(Special to The Daily News)
London, March 30.—The crisis is not ended and the outlook darker than at any time during the past week. General French informs the Mail that he has not yet drawn his resignation nor to a final decision. The official announcement on decision will be made by Mr. Asquith this afternoon at the meeting of the cabinet following the cabinet meeting in the morning to receive Gen. French's resignation and consider the future of the government. The Unionist journals are of the opinion that General French will persist in his resignation. The Chronicle, on the other hand, suggests that General Sir Ian Hamilton is likely to succeed. It is believed that General French's resignation will create a serious situation in the government and that Colonel Seely will have to leave the war office. The court has planned to move Windsor, but it is believed the king may decide to remain in London until the crisis is ended. The government had expected to move in office as long as possible, but many observers are of the opinion that the storm will break into a general election. They continue to predict that the ministry will fall over the army affair and a general election will ensue. The ministers face an anxious situation in both houses of parliament. In both houses the opposition will present a series of searching questions, designed to prove that the government has not yet published the facts of the recent amazing

incidents. Meanwhile the party will organize with a view to a possible general election and are battling furiously respecting the Curragh resignations. The Liberals continue to describe the affair as a Tory plot to overthrow a democratic government. The Financial News bases a long editorial on an article published in the Toronto Globe last week under the title "Britain's Pretorian Guards," and regrets that an organ of the Liberals, which is understood largely to reflect the personal views of Sir Wilfrid Laurier, should present to the public one of the greatest dominions profound misconceptions of the position of the modern British king. The unintentional but inevitable suggestion that the King buys the army's devotion by money is more regrettable still. The News adds: "The King is wielding the prerogative of the sovereign in behalf of the electorate alone and now stands between the nation and perpetual dictatorship. It is now a case of who is greater, King or parliament. The supremacy dwells in the power in which the King stands. It has been unnecessary for the King to discharge the duty which in a last resort would be cast upon him, but that time may come and when it arrives we shall be able to congratulate ourselves that even if we have an automatic commons we have not a clockwork king. Then it will be clearer that if democracy would survive the parliamentary attacks and usurpations, we will have to thank the kingly office for constitutional salvation."

PREMIER ASQUITH

The above sketch by Harry Moyer gives an excellent idea of how the British Premier looks today. Few British Premiers have been weighed with as many cares of administration and sometimes his most intimate friends say he grows weary when his motives and actions are misunderstood.

CHIEF WALTER OWEN GETS GOOD PROMOTION

Has Been Made Assistant Inspector of Provincial Police—
Will Move to Vancouver

Chief Walter Owen of the provincial police force has received word that he is to be promoted to the position of assistant inspector of provincial police. He will be located at Vancouver and will probably move there with his family in a couple of weeks. At the present time the chief is up the river on departmental duties. Chief Owen is deserving the promotion. He is not only an excellent officer but uses splendid judgment in the many affairs requiring police surveillance in this district. He has been particularly successful in bringing criminals to justice and in keeping his district exceptionally clean. He will doubtless do just as good work in the large field of responsibility. Mr. and Mrs. Owens have many friends in the city and will be greatly missed by them.

BRITISH GENERALS REMAIN UNMOVED

By-elections Will Not Be Triangular—
Ramsay MacDonald to Be Labor Minister

(Special to The Daily News)
London, March 30.—The Conservative newspapers assert that Generals French and Ewart are decided not to withdraw their resignations. General Gough has left Curragh for some place unknown for a week's holiday to avoid interviewers. It is understood that Ramsay MacDonald has officially made a successful compact with Lloyd George to prevent triangular elections and as a result will get the portfolio of minister of labor in the next Liberal government. There are evidences, however, that the rebels of the party are planning a campaign to embarrass the government considerably.

VILLA BELIEVED TO BE DEFEATED BY FEDERALS

Desperate Battle Fought Where
Rebels Had the First Advantage

(Special to The Daily News)
Juarez, March 30.—The rebels are holding all the main positions near Torreon except the main barracks and two smaller barracks. The rebel loss in six days is 900 and the federals have lost 2000. It is declared that privates are being taken from the rebel ranks by officers and executed unless they swear allegiance to the rebels. Despite the above telegram, it is believed that Villa's attack was repulsed since he telegraphed. The taking of the city involves hours whereas he telegraphed in minutes. No newspaper despatches which preceded the recent battles when Villa was victorious were suppressed, but when he was defeated or repulsed they were stopped.

(Special to The Daily News)
London, March 30.—A committee of seven managers of the different British railways was appointed to meet a committee of the trades unions to discuss a conciliation scheme. This is the first time the railways have recognized the unions or agreed to negotiate direct. The employees regard this as a great victory for the organization. NOW IS THE TIME TO PILE UP BIG VOTE RESERVE

POPULAR CANDIDATES ARE HUSTLING FOR PRIZES--
NOMINATIONS ARE STILL IN ORDER AND IT IS ANYBODY'S
RACE RIGHT NOW--ENTER YOUR NAME TODAY

Nominations are still coming in for the Daily News' big voting contest, and if there are any more who may still be undecided, we wish to assure them that it is by no means too late to enter nor would they be in the least handicapped. The contest has really only started and a good day's work now would easily put them on top. You will find the nomination blank elsewhere in this issue, and you might just as well "obey that impulse" by filling it out. You will then be qualified to compete for the most attractive list of prizes that have ever been offered in this section, and on your own efforts will depend whether or not you will be the one to take that glorious trip to San Francisco with all its attendant pleasures. You will have lots of assistance, not only from your friends but also from the contest manager, and you will be surprised how very easy the work is once you get started. Here are the beautiful prizes which the judges will award on Saturday, May 2, just five weeks hence:

- LIST OF PRIZES**
First: Two first class round trip tickets to the Panama-Pacific International Exposition at San Francisco, with all expenses paid.
Second: Diamond Ring (perfect stone), value \$150.
Third: Ladies' Tailored Suit, value \$75.
Fourth: Ladies' Gold Watch, value \$25.
Fifth: Ladies' Gold Watch, value \$20.
Sixth: Gold Locket and Chain, value \$15.
Seventh: Pair Ladies' Boots or Shoes, value \$6.00.
Eighth: Gold Bracelet, value \$5.
The above prizes are open to each and every contestant who may enter, no matter what part of the Skeena district she may reside in, but in addition to this list, we are also going to give away a splendid list of district prizes to those who qualify, which will be open to all contestants residing outside of Prince Rupert. We therefore want candidates from Smithers, Hazelton, Terrace, Porcher Island, Granby Bay, Stewart, Queen Charlotte Island, and so on, to compete for these attractive prizes which are put up for the exclusive competition of outside candidates. As previously stated, ALL candidates may solicit subscriptions anywhere; but the two lists of prizes will in no way conflict since no candidate can win more than one prize. Following is the list of prizes for contestants living outside of Prince Rupert:
First: Ladies Tailored Suit, value \$60.
Second: Ladies' Gold Watch, value \$25.
Third: Ladies or Misses' guaranteed Raincoat, value \$15.
Fourth: Pair Boots or Shoes, value \$6.00.
Fifth: Beautifully Engraved Brooch, value \$3.50.

OLD COUNTRY FOOTBALL

Results of English and Scottish
Cup Semi-final Ties

The sensation of the English semi-final ties was the defeat of Aston Villa by two goals to nil by Liverpool. The other tie between Sheffield United and Burnaby resulted in a draw, no goals being scored. In the Scottish ties Celtic beat Third Lanark by two goals to one, and Hibernians defeated St. Mirren, three goals to one. The Scottish final takes place on Saturday, April 11.

The Acme Open

A crowd of customers visited the New Acme Clothing store on Saturday, the opening day. The new store is by far the handsomest in the city. From the handsome display windows in the front to the wardrobe cabinets of the balcony, the store is equipped with the newest type of clothing store appointments. The new place is large, roomy and attractive, with the various departments conveniently arranged to best display and sell goods. Visitors are welcomed by courteous clerks who understand their business.

Died in San Diego

Mr. Hugh Dunn is in receipt of a telegram bearing the sad news of the death of Mrs. Nelson Dunn in that city. She died suddenly, the cause being pneumonia contracted within the past few days. In January last her infant son died of the same trouble. Mr. and Mrs. Nelson Dunn were residents of Rupert for a couple of years and had many friends here. Her maiden name was Tillie Chandler and her old home was in San Francisco. Just recently they had settled in a new home in San Diego. Besides the husband, a son five years old is left to mourn a mother's loss.

Port Edward is only a few minutes, by rail, from Prince Rupert. 641f

ALL READY FOR THE BIG WORK

Tunnel at Rocher de Boule Mine
Starts This Week—Machinery
Is Installed

(Omineca Herald)
Frank Brown paid a visit to the Rocher de Boule mountain last week and returned Saturday night. He stated that the electrical equipment is operating, the machinery is all installed and everything is ready for operation but the ground tram from the camp to the workings. This will be ready before the end of the week. The delay on this work was due to part of their stuff having been shipped to Granby Bay instead of Carnaby. Mr. Williams was in Rupert a couple of weeks ago and hunted this up and got it shipped to the property. By the first of the week the mining operations will be under way and from then on the company will have about 50 men working until the tunnel is completed and the company begins taking out ore. The force will then be increased and if considered advisable at least a hundred men will be employed. To drive the tunnel will take about two months, and by that time it is expected the tram line over the hill will be ready and the ore bunkers along the railway will be ready to receive the ore.

DAILY EDITION

HEAD OFFICE

Daily News Building, Third Ave., Prince Rupert, B. C. Telephone 98

The financial papers contain reports of many Canadian cities, particularly of the northwest, having made flotation of their permanent issues in London since the first of the year.

Prince Rupert is allowing the market to absorb the issues of other places and sits idly by while the many pressing works, such as sewers, remain unprovided for.

Why does Prince Rupert play second fiddle to all these other cities? Prince Rupert should get busy and insist that the bank when placing the long term issues of other cities must also place Prince Rupert's issues.

When is the mayor, who preaches but fails to practise publicity in the conduct of the public business, going to advise the people as to how many offers for our issues have been turned down this year?

While he is about it, the mayor might also itemize his itemized account of expenses upon his recent visit to Victoria, where he accomplished nothing and had to be requested by the council to come home.

Sir Richard McBride is reported to have addressed a committee of the house of commons at Ottawa, when he told them of the magnificent manner in which his government, has handled the water powers of the province and how many millions it would mean to the country.

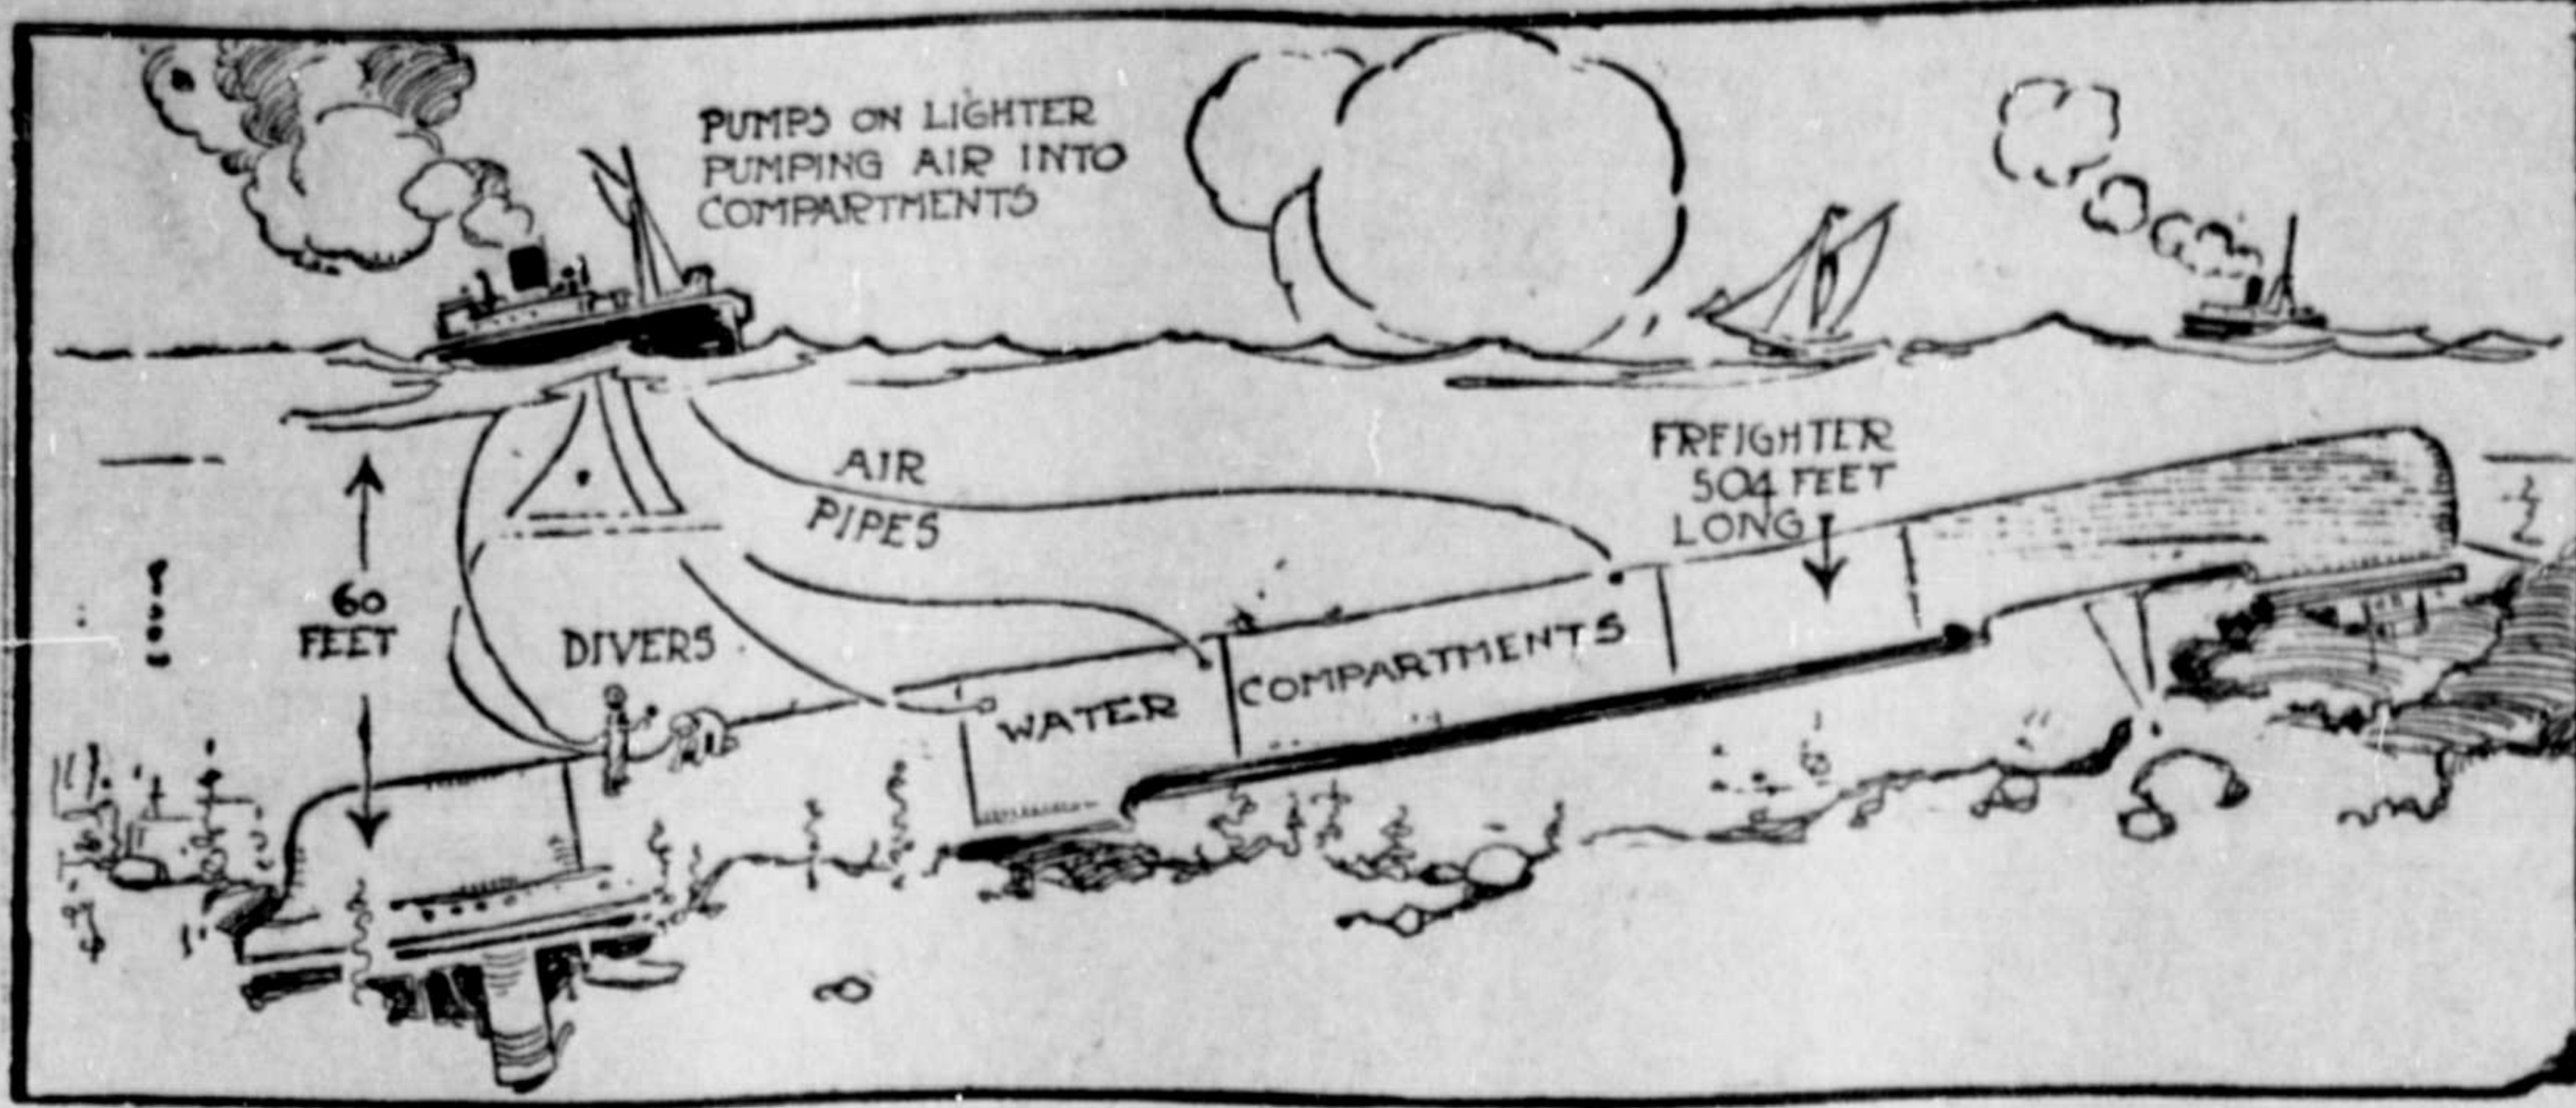

He failed to tell them apparently that he had given away the water rights of cities to Conservative henchmen, whereby these cities might be mulcted and bled of large sums of money for the benefit of political hangers-on.

McBride is advocating a railroad connecting with Alaska. Wouldn't it be a good idea to develop the land contiguous to the railroads not yet finished in British Columbia before going so far afield.

It is said that the premier's hair turned white in anticipation of the railroad legislation which he subsequently put through.

The Bowser-McBride administration assuredly means millions to the country. How many millions it means to the politicians and railroad sharks is not a matter of public knowledge.

Has anybody here seen—not Kelly, but that thirty thousand dollars which was misappropriated in connection with the purchase of the post office site?

HOW STEAMBOAT MEN HOPE TO RAISE THE CHAS. S. PRICE

The intend to pump hot air into the steamer until she floats. The big American freighter Chas. S. Price, which turned turtle in the Lake Huron hurricane of November 9 last, and which floated upside down for some days, becoming known as the "Mystery Ship," is to be raised.

Backless Gown Not Popular

Philadelphia, March 24.—The fashionable women of Philadelphia, in an effort to follow the Parisian vogue, adopted the green wig in a twinkling and accepted the skillet hat without a murmur, but when the "backless" evening gown was exhibited by models, under the direction of Mrs. Joire, there were evidences of a fashionable revolution.

The gown was of bright green crepe de chine, veiled with a lighter shade of tulle. There was hardly anything to the front of the waist and the back was entirely absent. As a result, as the handsome model walked across the room, the effect was frank in the extreme, and exclamations of the women present indicated that the model will not become popular at once in Philadelphia.

Rights of a British Subject

In the discussion in the house of commons on the subject of Asiatic immigration, Mr. Frank Oliver, whose name suggests English descent, resented the action of the courts in issuing writs of habeas corpus which prevented the deportation of the Hindu newcomers.

TRIANGLE'S FLASHES SEEN LONG WAY OFF

Leebro Saw 450,000 Candlepower Light Blinking Fifty Miles Away

Triangle island lighthouse, which is said to be the highest in the world, is among the most powerful in operation on the Pacific coast of the continents of North America and South America. The 450,000 candlepower light is guaranteed to throw a beam of light 34 miles in good weather, but A. W. R. Wilby, resident engineer of the marine department at Victoria, says that he saw the light blinking when 50 miles away from the island.

The station maintained at Triangle is an important one. The light was placed in operation on November 1, 1910, and has served a useful period on the coast, having proved a great benefit to ocean-going shipping. The lighthouse is 700 feet above high water, and the tower, supporting the huge lantern, is 46 feet in height.

Municipal Jack of All Trades

(Engineering and Contracting)

It is wonderful what election to public office will do for a man. The plumber as alderman becomes an authority on water-works and sewerage, the grocer as councilman becomes a learned student on roads and streets, and the lawyer as mayor turns into an encyclopedia of all municipal knowledge. If you don't believe the latter read the following extract from a letter:

"This city does not need an engineer. They had a mayor for four years—a lawyer—who could run lines and grades by the eye, and build reinforced concrete with scrap iron that would stand up without props after the earth filling was made around it."

Many other cities are similarly afflicted with municipal jacks of

SPORT

LACROSSE THE RING FOOTBALL BASEBALL LAWN TENNIS HOCKEY

The Federal Baseball league will start their season on April 13.

Freddie Welsh will now proceed to hand out a boxing lesson to Leach Cross, the New York dentist-fighter.

An eastern exchange says that the clubs in the "Big Four" will not pay players over \$25 per week this season. It is doubtful whether Lalonde and Fitzgerald will play for this figure.

Joe Lally, cup trustee, states that all clubs desiring to play for the Minto cup should have their challenges in by September 1 and they will be allotted dates.

For the Third time Third Lanark and Steveston United have met to decide their game in the fourth round of the Scottish cup but were again unsuccessful in reaching a decision, the game ending with no score for either side.

Two important decisions to footballers have been handed out by the president of the Dominion Football association. He has ruled that the corner kick is a free kick and all players other than the kicker must stand ten yards from the ball. It has also been decided that no old country professionals can play as amateurs here unless he was in Canada previous to October 1, 1913, or should he have arrived here subsequent to that date he must show his reinstatement as an amateur, by the national association with whom he was last registered.

Matt Barr, a past president of the B. C. L. A., will devote his time to the amateur game this season. He is in the new school league.

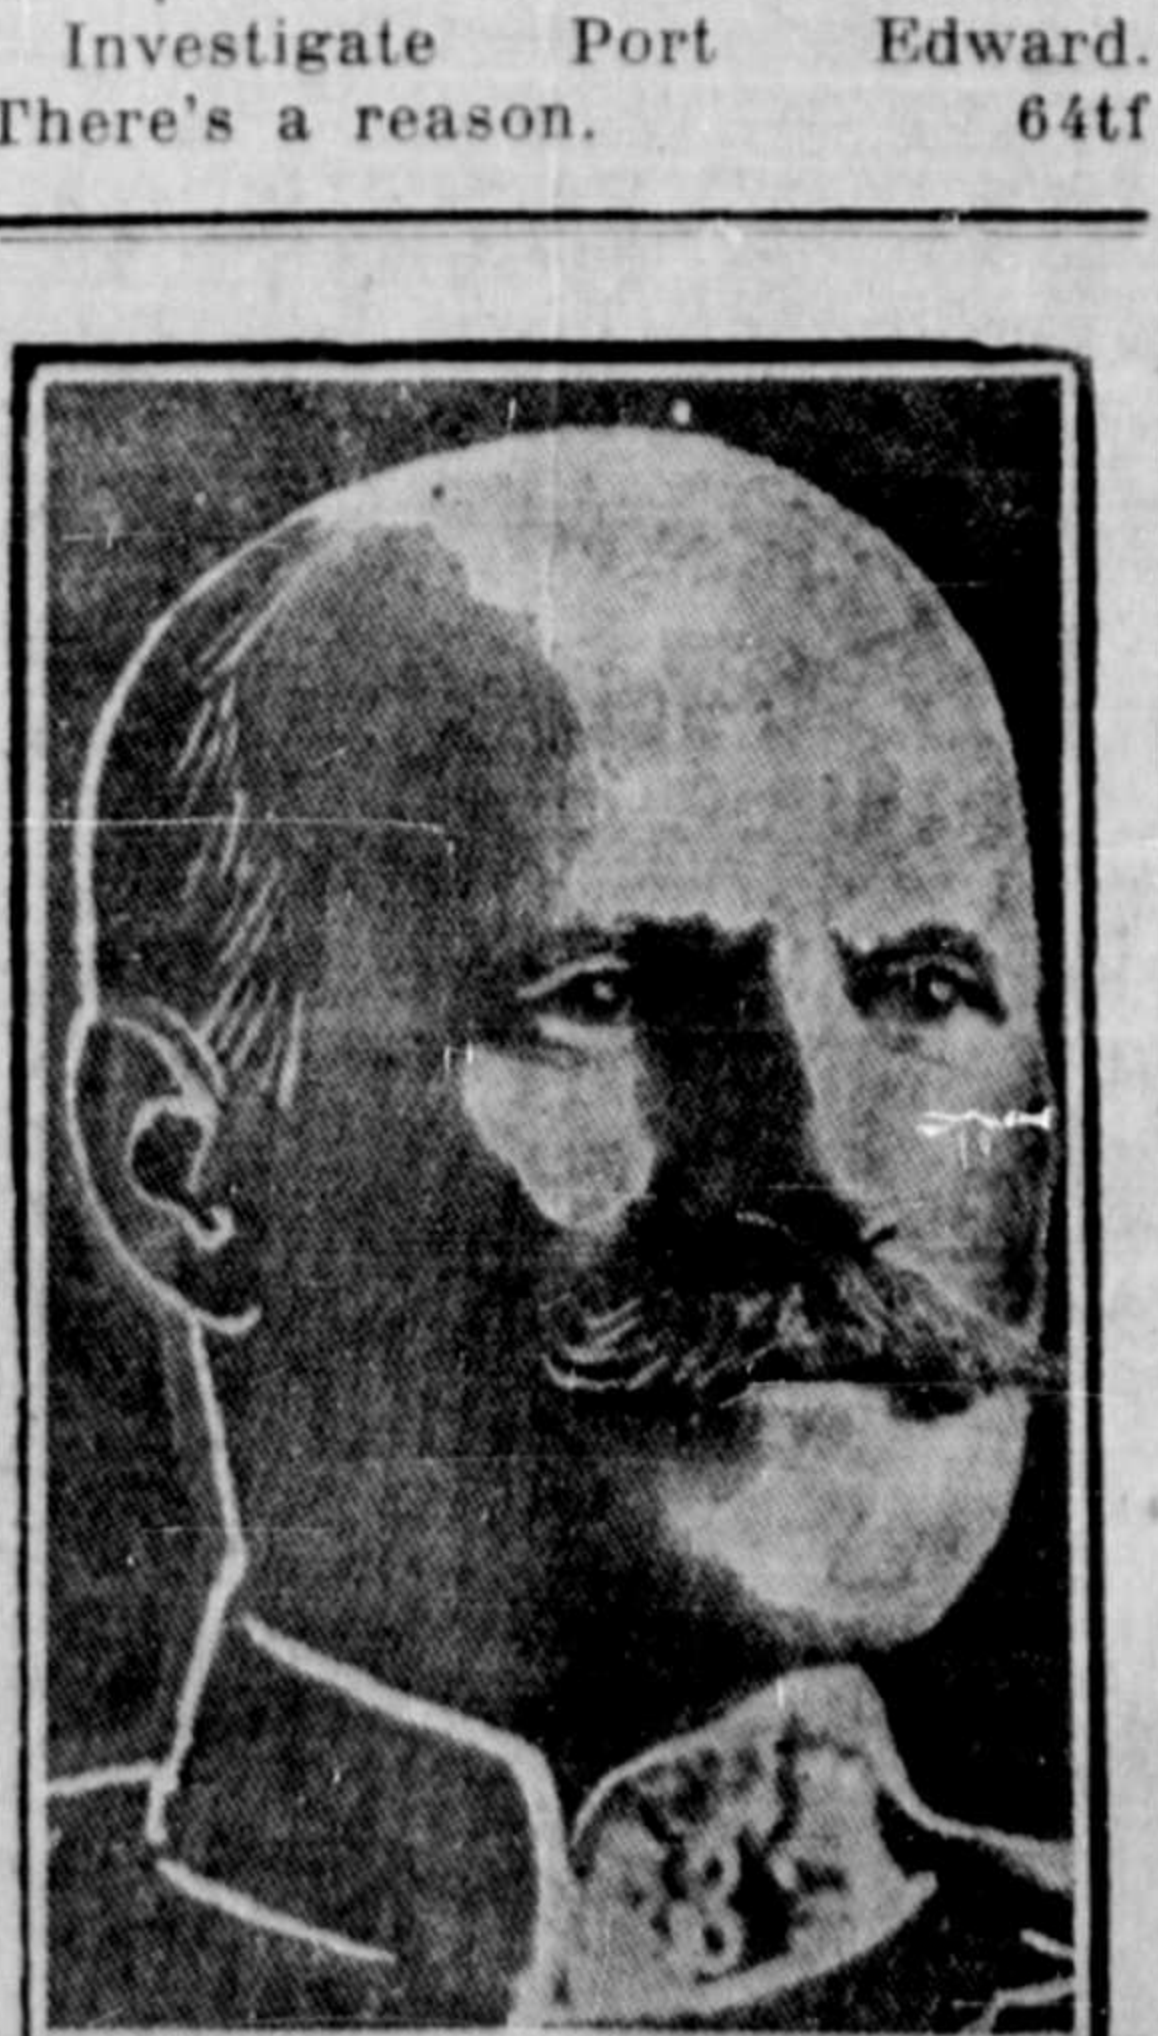

Toronto not only won the world's title, but dug up a regular "white hope" in McGiffen, says an eastern report.

Toronto is so strong for professional hockey that the attendance receipts at the recent world's series fell thousands short of the amateur games.

Cup calibre is not necessarily first class. In a Northern Rugby union cap tie lately Haundersfield beat Swinton Park by 119 points to 2.

Writing in the Los Angeles Times, Harry Williams, one of best known sport writers on the Pacific coast, has the following to say of the recent Rivers-Welsh twenty round encounter: "Freddie Welsh, with a revival of the form displayed in the same ring five years ago, when he humbled the then masterful Attell, shoved the Mexican back into the second rank with a twenty-round lacing so decisively administered that the raising of the victor's arm by the referee was purely perfunctory. The Mexican, once termed a 'marvel,' was whipped, whipped by a man who thinks faster, who acts faster, and whipped until neither he nor his supporters had an alibi or an excuse that would fit the situation. Rivers must have dreamed of boxing gloves last night. Never before did Joe see so many in one ring. Outboxed at long range, helplessly pinioned in the clinches, Rivers was baffled, outgeneraled, hopelessly mastered from gong to gong. I have seen Rivers beaten before, but never had I seen him look like a novice. Silhouetted against the scintillating speed and cleverness of the beginner."

LT.-COL. JAMES GEORGE ROSS

Commanding the Fifth Royal Scots of Montreal, nominated by the Dominion Rifle association to command Canada's Bisley team this year.

According to Peter Muldoon, who is on his way home from a holiday trip through California, there is no chance for New Westminster retaining a franchise in the Pacific Coast Hockey league next winter. Muldoon is the Vancouver club's trainer and is prominent in all forms of athletics, besides having been a boxer of considerable note.

According to Harry Pollok, manager for Freddie Welsh, the British champion will again visit Vancouver in May, and will be ready to tackle any lightweight in the Brighthouse Arena. Pollok says he is still trying hard to get a match there with Willie Ritchie, but so far his efforts have been unsuccessful.

The will of W. W. Naughton, late sporting editor of the San Francisco Examiner, has been filed for probate and names the widow, Mrs. Annie Naughton, sole beneficiary. The petition for probate gave Naughton's estate as \$17,156, but this amount is exclusive of his wife's community share. He left a home in San Francisco, and a country home at McLane Heights, near Guerneville, Cal.

DOES your loaf often sulk in the bread pan?

or is it high and light? If the former, the trouble lies with one or three things (1) your baking, (2) your yeast, or (3) your flour.

Canadian housewives are about the finest cooks in the world, so we won't discuss baking; it is fairly easy to buy good yeast, so we'll pass that by—but FLOUR! Flour can make or mar any batch. A flour that performs one way Monday and then balks on Friday is useless. It's UNIFORM GOODNESS you're after. UNIFORMITY first drew me to ROYAL STANDARD.

Say "ROYAL STANDARD" to your grocer when you next need flour.

Mr. E. H. McKeen, building contractor of Terrace, and formerly of this city, is here on business for a few days.

Should Ireland get Home Rule? This question will be discussed by C. R. Murray on Wednesday at the Presbyterian club. 73-74

Officer Sam Calkins, who has been Indian policeman at Hazelton, is retiring from the service. He has recently been ill at the hospital here and has tendered his resignation.

Messrs. H. E. Oppenheimer and J. E. Oppenheimer of Butte, Mont., who are at the head of the development company operating the Rocher de Boule mines at New Hazelton, are in the city for a couple of days on business. The company is installing an aerial tramway two and a half miles long which will dump the ore into bins at Carnaby station on the G. T. P. Their plant is nearly ready for operation.

The Prince Rupert will leave Vancouver for this city tonight.

It is expected a delegation of the whole hospital board will appear before the city council this evening to protest against the \$7,000 grant and ask for \$10,000.

The Chelohsin arrived last night at 11 o'clock with general freight and mail from Vancouver. She left at six o'clock this morning for Granby Bay and will go south again tomorrow.

Messrs. Stewart Bros. and Duncan Ross are now the only contractors working on the grade at this end of the road. They will not be through for a few weeks yet.

Wark's jewelry store held the piano drawing Saturday night. The lucky number was 155, and was held by Mr. Ernest James of New Hazelton. The piano is of the Heinzman & Co. make and is an excellent gift.

The pictures of the tub races and aquatic tilting matches taken at the Labor day sports here last year have proved very popular in the east. Pathe's Weekly has been showing them on the movies and they have furnished amusement for thousands, in addition to being a good advertisement for Prince Rupert.

Steel Boat Arrives

The tramp steamer Arna of the Maple Leaf fleet arrived at 10 a. m. today and berthed at the new dry dock. She has aboard 2,000 tons of structural steel for the dry dock buildings, the last of a big steel cargo which she brought to the Pacific coast from New York. The Arna coaled at Union Bay on her way up the coast. The Arna is 420 feet long with a 52-foot beam. She is in command of Captain Jentuff.

"THE SOUL OF THE SOUTH"

Pleasing War Drama and Funny Keystone at Westholme

"The Soul of the South" is a story of true southern hospitality and impetuosity, centering to some extent around the heroic figure of Jeff Davis. It is both interesting and exciting and is sure to please everybody. "The Under Sheriff" is a Keystone comedy with "Fatty" in the title role, and a hearty laugh from beginning to end. "Slim Hogan's Getaway" is a rather sensational film dealing with the pastimes and passions of the underworld. There is also a new and interesting British Gazette, making altogether a very strong program.

Wednesday and Thursday "The Lion and the Mouse" in six great reels will be shown, and will no doubt attract bumper houses.

Don't Miss This

A picture that will make you cling to your chair and hold your breathless with emotion, during which you will be straining your imagination as to what will happen next; such is the extraordinary feature to be seen at the Majestic tonight. The action of this two-part feature entitled "The Chinese Death Thorn" is swift and varied, beginning with the Chinese den; then you see a victim of the opium, who is rescued by a banker's daughter, the bank robbery, the excited public on learning of the robbery, causing a run on the bank, again a rescue, and the leader's penalty—the death thorn.

One of the finest features ever seen at the Majestic, and alone worth the price of admission. There are also four other specially good reels, which makes tonight's show the best you have seen for a long time.

Southbound Passengers

The following passengers went south on the Prince John last evening: Mr. and Mrs. J. W. Sherman, D. L. Clouse, W. V. Everett, Bert Giffon, F. W. McNaught and wife, Mr. Norman, Mr. Jameson and J. Erickson.
