GRUNTY GRUNDY SAYS:

The hills around New Hazelton ought to be promising ground for a prospector looking for a lead mine.

PRINCE RUPERT, B.C., WEDNESDAY, APRIL 8, 1914

PRICE FIVE CENTS

## THE FIRST TRAIN FROM WINNIPEG COMES IN TODAY

### CONSERVATIVES OPPOSE FREE WHEAT TARIFF—DESCRIPTION OF BATTLE AT NEW HAZELTON

#### ST RAIL LAID YESTERDAY KELLIHER DROVE LAST SPIKE

SPECIAL TRAIN FROM WINNIPEG WENT OVER TRACK AT 4 O'CLOCK—JACK DEMPSEY'S CREW BEATEN IN RACE—OFFICIALS HERE TONIGHT

At 4 p. m. April 7.—A new era in the history of advanced rail-transportation was chron-icled today when the last spike driven, linking up the main of the Grand Trunk Pacific and the Great Lakes and Win-nipeg with Prince Rupert.

The final mile was made in time by steel gangs. At 4 p. m. the last rail and spike in place, but it was not until four o'clock that the engine, driven by Geo. W. Robb, super-intendent of motive power, and the connecting link, B. Kelliher, chief engineer, drove the last spike amid cheers of a number of officials from Prince Rupert and Morley Donaldson, president and general man-ager of the company.

About 1500 people witnessed the act in the great rail-road. The golden spike, it is ex-pected, will not be driven until tomorrow.

Donaldson and party ex-pected to reach Prince Rupert on

Wednesday evening or Thurs-day morning.

#### Dempsey's Crew Beaten

From another source it is learned that in the race between the two track laying crews for the last mile, Jack Dempsey's crew on the west was beaten by the gang on the eastern section. Dempsey has held the track laying championship of America, and there was a lot of money put up on yesterday's race. It is said the equipment on the eastern end was in better condition than the old pioneer which Dempsey had to use.

#### Train in Today

Later—A wire has been received in the city that the official train, which is the first in from Winnipeg, will reach Prince Rupert about five o'clock this afternoon. The train is decorated in gala attire. Aboard are the officials who were present at the linking up yesterday. A number of representative citi-zens will be down to meet the train.

#### BIG BREWSTER MEETING AT NEW HAZELTON

New Hazelton, April 7.—The Brewster-Oliver meeting here last night was a great success. This district is a seething mass of discontent with the McBride government, and the meeting showed it. Owing to a mud slide on the line the speakers were late in arriving and the meeting was late starting.

#### Cy Warman Dead

A telegram was received by the G. T. P. officials here today an- nouncing the death of Cy Warman in Chicago yesterday. Cy Warman was the chief publicity man of the G. T. P. He was an ex-newspaper man, a poet and a philosopher. As a descriptive writer he had few equals, and many of his beautiful contribu- tions to literature will live long after his genial personality is forgotten. The deceased had many acquaintances all over America, and he will be missed by a host of friends.

#### OUR CIRCULATION CONTEST

Our contest has been changed from a competi- tive one to a contest where all are equally re- warded. The following prizes will be given for the corresponding num- ber of new subscriptions: 100 subscriptions, First Class Round Trip Ticket to Panama-Pacific Expo- sition, with all expenses paid. 75 subscriptions, \$150 Diamond Ring. 50 subscriptions, \$75 Ladies' Tailored Suit. 25 subscriptions, La- dies' Gold Watch.

Messrs. J. H. Rogers and Peter Black have referred the settle- ment of their coal business part- nership to Judge Young as referee.

#### WANTS INJUNCTION TO STOP CITY CUTTING OFF SEWER

This morning J. Fred Ritchie filed at the county court house an application for an injunction to restrain the city council from cutting off the private sewer on Fourth avenue. The application will probably be heard immedi- ately. Judge Young has power to issue an interim injunction which has to be confirmed later. This is the outcome of a quarrel among private citizens, in which the city council decided to take a hand.

#### Will Exhibit Farm Products

A. F. Priestley, treasurer of Naas River Agricultural asso- ciation, was a visitor at the board of trade office and was so favorably entertained with the idea of having permanent exhibi- tion quarters where can be dis- played the resources of the north that he has promised to send down a good selection of early farm products from his district.

#### SIR THOMAS SHAUGHNESSY OPPOSES LOWERING RATES

BELIEVES OLD RATES SHOWED NO DISCRIMINATION AND UNDER PRESENT CONDITIONS OF THE COUNTRY WERE VERY FAIR

(Special to The Daily News)

Ottawa, April 8.—Sir Thomas Shaughnessy, commenting on the freight rates decision, said the evidence proved conclusively that the board of railway com- missioners found no discrimina- tion in the reasonableness of the

present rates in existing circum- stances. He was not seriously disturbed over the attacks of complainants, and apparently the board was actuated by the best interests of the country, but had put into effect rates which can- not be regarded under present conditions as reasonable.

#### TORIES OPPOSE FREE WHEAT BELIEVE IT YANKEE BAIT

A. K. McLEAN CRITICIZED THE GOVERNMENT ON LARGE EX- PENDITURE IN FACE OF DECREASE IN REVENUE OF THE COUNTRY

(Special to The Daily News)

Ottawa, April 8.—The budget debate was continued in the commons yesterday. Mr. A. K. McLean criticized the govern- ment in not curtailing the ex- penditure, which in view of the decreasing revenues should have been done to avoid excessive

borrowing. He described the tariff reductions as inadequate. Mr. Ames contrasted the methods of the present govern- ment with those of the opposi- tion to the advantage of the Con- servatives. The offer of free wheat was a bait held out by the United States, which Canada was very wise to ignore.

## DESPERATE BATTLE WITH BANDITS NEW HAZELTON HAS BLOODY CONFLICT

Revised Report Shows Two Dead and Three Badly Wounded--- Men Picked Off as They Came Out of Bank---Citizens Shelter Behind Pile of Silver Ore

(Special to The Daily News)

New Hazelton, April 8.—The town is still teeming with excite- ment over the battle with the bandits yesterday. The awful slaughter of the affray is just beginning to be realized and prayers of thankfulness are ut- tered that no citizens or innocent victims fell to the rain of bullets that flew during the two hours of battle.

There is still doubt as to the actual number of men engaged in the holdup. Two are dead, three seriously wounded, one suspect in jail and one at large with a wound in his foot. The stolen money, amounting to over \$1000, mostly in small bills, has not yet been recovered. It is thought the man still at large will be captured before night. He is a Russian and has red hair.

#### A Desperate Battle

The battle was a desperate one. The bandits were vicious, half - civilized foreigners who shot to kill, but were evidently not good gunmen. The citizens were. For thrills and sensations the frontier stories of the dime novel class were tame in com- parison to the actual battle with lives at stake.

#### Tatchel Organized Posse

The citizens were first warned of the holdup by Manager Tat- chel, who was in the bank when the holdup men entered. He slipped out the back way and gave the alarm to the citizens on the business street. They col- lected quickly with their rifles. Many of them are good shots and were armed with excellent weapons. Several of the citizens collected behind the big mineral display of the Silver Standard mines. This ore is on the Main street and afforded splendid breastworks.

They opened fire on the bank. The robbers returned the fire from the bank building, but they were only armed with revolvers and their fire was fortunately ineffective.

#### Robbers Caught in Trap

The bandits realized that they were caught in a trap. They grabbed what little money was in the cash drawer and made a dash towards the woods along the railroad tracks. Three of them were dropped on Pugsley street as they issued from the front door of the bank. Two were

killed instantly. The third is seriously wounded. The others ran for shelter, firing at the di- rection of the hidden citizens as they ran.

The citizens then gave chase. The remaining robbers kept up a constant fire as they dodged from one shelter to another, keeping the citizens at bay. The townspeople, however, followed doggedly and kept the criminals within range until shortly after noon when the sixth man was brought down.

In the meantime two who had evidently been wounded during the battle at the bank, made for the first hill, where they dropped and were captured.

#### Police Last on Scene

Only one man got across the railroad track, which was due to the interference of the police, who were the last on the scene. He is still at large.

The citizens did excellent work in getting six out of the seven within three hours of the hold up. An investigation into the cas- ualties last night showed two dead, one shot through the back and heart, and the other shot through the back and right lung; one of the wounded shot in the stomach, one with his hip and leg badly torn by a soft-nosed bullet, and one is shot through both arms and may lose both. The sixth man was picked up with a sprained ankle. He is well known by sight and has been working on the line for the past three years.

Two of the robbers are in the morgue, three are in the hospital.

#### TENDERS WANTED

Tenders for the purchase of the stock and fixtures of the J. S. Grey & Son Jewelry Store will be received up to 10 o'clock a. m., March 10th, 1914. The highest or any tender not necessarily accepted. Inspection of the stock can be made at any time by applying to the Continental Trust Company, Limited.

Continental Trust Co., LIMITED, 225 Ganges, Second Avenue.

#### Fenton Not Badly Hurt

Fenton, the ledger keeper at the bank, received a scalp wound during the fusillade at the bank. His wound is not serious.

In the previous holdup Fenton was knocked down and thrown on the bed.

#### Bank Full of Bullets

The bank building is full of bullet holes, most of the shoot- ing having been done before the robbers left the bank.

The town is demanding more and better police protection.

#### CHIEF OWEN FOR SCENE OF HAZELTON BATTLE

Took Russian Interpreter With Him to Question the Captives

Chief Walter Owen of the provincial police department left this morning for New Hazelton. He was called up for assistance by the Hazelton officers. Chief Owen took with him a Russian interpreter to assist in identify- ing the prisoners and dead men. The chief is also throwing out a cordon along the line to prevent the escape of the one man who got away.

#### SCOTLAND WINS LAST INTERNATIONAL GAME

Glasgow, April 6.—One hun- dred and thirty thousand people paid admission here Saturday to watch the International associa- tion football match between Eng- land and Scotland, the latter winning by 3 goals to 1. The tremendous number of specta- tors around the field of battle was a magnificent sight. Thousands of spectators were turned away. At half time the score was 1-1. In the second half Scotland got two more goals, both being taken by McMenemy. Thomson scored Scotland's first goal.

#### For Sale

Panorium Pioneer Cleaners, Phone 4.

#### TO OPEN ASSAY OFFICE IN PRINCE RUPERT

Board of Trade Commissioner Has Had Many Enquiries Lately for Assays

Mining men who have made this city their headquarters, as well as visiting prospectors, have pointed out the need of an assay office being located here. The board of trade commissioner has taken up the question and today is in receipt of a telegram from Mr. George Clothier that he would be here on the next boat to open an assay and analytical office.

"During the past two weeks I have had over a score of pros- pectors and mining men in the office with samples of ore for assay and rock for determina- tion as to mineral contents, and from my knowledge of the possi- bilities of the different mineral- ized areas that are now being opened, I have been very favor- ably impressed with the oppor- tunities that an assayer would have if located in Prince Rup- ert," said Mr. Godenrath this morning.

"Mr. Clothier is one of the best known assayers in the province and has a wide experience in his profession, and should he decide to open here would undoubtedly do well as development proceeds. Then, too, sampling works will need to be established here to handle consignments coming in

#### BACK FROM HONEYMOON TRIP TO ENGLAND

J. C. K. Seeley and Bride Brought Number of People to Reside on Their Ranch

Mr. J. C. K. Seeley and bride, who have been touring Europe, came in on the Prince Rupert this morning and left on the train for Hazelton. Mr. and Mrs. Seeley were married last Decem- ber, the bride being a Vancou- ver girl. They have since en- joyed an extended honeymoon. Mr. Seeley visited his home, which he left thirty years ago.

Mr. Seeley is one of the big men of the interior. He has a magnificent ranch near Smith- ers. He is a hotel owner at Ha- zelton, and is also a director in the new Premier hotel in this city. Mr. Seeley brought out with him several old country farmers to assist him in working his big ranch.

#### Announcement

Mrs. C. E. Warner, Fraser street, will not receive on Fri- day of this week, nor again this season.

by rail for shipment to the smelters, and this could be added as the business grows," he con- cluded.

## PUBLIC MEETING

All citizens interested in Militia affairs in Prince Rupert are requested to attend a public meeting in the St. Andrew's Hall, Second Avenue,

Thursday Ev'g., April 9th

at 8 p. m., to discuss the recent disbandment of the Earl Grey's Own Rifles. Seats will be reserved for ladies.

W. S. FISHER.

L. W. PATMORE.

GEORGE LEEK.

"Most Extraordinary Moving Pictures in the World"

CAPT. E. F. KLEINSCHMIDT & LANE'S WONDERFUL

## ARCTIC - HUNT

New Series of 1913 in Seven Great Reels

THRILLING HUNTING SCENES  
AWE-INSPIRING CONVULSIONS OF NATURE

"The actors are thousands of denizens of the forest, the sea, the tundra and the air. Scene after scene of excite- ment and education. Every act breathes pathos, comedy and drama on Nature's own stage. Audience holds its breath during the exciting sea fight and the danger that besets the Captain when taking these pictures at the risk of his life."

Wednesday, April 8, 1914

The recent tragedy in Vancouver whereby a Chinese servant boy killed his mistress brings up again the whole Oriental question. It will be remembered that not so very long ago a similar crime was committed by a Chinaman upon his Sunday school teacher in New York. Events like these give the impression the Oriental is more of a brute than a man and justifies to some extent the stern attitude assumed toward them by a large number of the people. There is no denying the fact that gentle spirits do exist among them, but generally speaking they come to us with a point of view that hardly justified the reception they received.

It looks as if even desperadoes had developed a contempt for the McBride government. At any rate they do not seem to have very much fear for the enforcement of law in this province. The recent series of bank holdups that have taken place give the impression that the enforcement of law is very lax. It is reported that crooks of all kinds have been tolerated and even encouraged by the up-river police force, all of course for a liberal consideration. After

an education of that kind the natural thing is to try something more desperate, and the recent holdups seem to be a development of that system.

The failure of the holdup at New Hazelton seems to be due largely to the co-operation of the citizens. While it is difficult to rejoice at the spilling of blood, yet that is the only cure for criminals of this kind. There seems to be every reason to believe that this is a relic of the same gang that were guilty of the former holdup. Their easy escape on the former occasion encouraged them sufficiently to make the attempt in broad daylight and in business hours. It is to be hoped that the treatment they received will be a warning to all others who might be induced to join their ranks.

When it became known that the provincial government had practically turned down the city's request for a money grant for Morse creek bridge, the local member got busy. He wired to Victoria to have the grant renewed and asked for a reply before the council's meeting on Monday. Stern silence still stares him in the face, for his govern-

FIELD MARSHAL SIR JOHN FRENCH

Chief of general staff—practically commander-in-chief of the British army—who resigned as a result of the Vurragh camp officers' episode.

ment would not take the trouble of answering him. What a loving government we must have when they even snatch back the money that was placed in the estimates for us. It was bad enough to cut down our appropriations by one-half, but they are adding insult to injury when they go back on their estimates.

The weather that Prince Rupert has been enjoying during the whole of this year is surely the envy of the whole world. There is no denying the fact that the Pacific coast has its rainy season and that we have had an abnormal share of this in the past year. This year, however, seems to be duplicating 1911 and 1912, and better weather no man would ever desire. In a new country like this it takes a time to ascertain the average state of the climate, but so far the average climate seems to equal if not surpass anything on the coast, which means anything on the continent of America.

## VENERABLE MINISTER DIES VERY SUDDENLY

Vancouver, April 7.—Rev. Dr. Peter Wright, a pioneer Presbyterian minister, died suddenly here of heart disease. He was founder of the Kitsilano church, and had been pastor at Toronto, Ingersoll, Quebec and Portage la Prairie. Wherever Dr. Wright went he was a veritable father among his people and his demise will be much regretted. While advanced in years, his spirit was full of youth, and he was a favorite with old and young.

Have you a lot of your own? Secure one in Port Edward now.

## AUTHORIZED MANY LOCAL IMPROVEMENTS

City Council Has \$50,000 to Spend on Some Much-needed Works

The mayor announced at the Monday session of the city council that the finance committee had sold about \$50,000 worth of four-year 5% debentures at 95 for local improvement, and the council had a bunch of the improvements presented at the meeting for preliminary sanction.

Several bylaws already under way had to be cancelled and brought in anew to comply with the provisions of the new local improvement clauses of the new municipal act.

The works proposed include: a temporary sewer on Borden street costing \$2,200; 16-foot plank road on Borden and Fifth avenue costing \$3,500; sidewalk on Fraser street costing \$1,450; plank road on Taylor street around to Fulton, costing \$6,000; a 16-foot plank road from Seal Cove along Eleventh avenue to the Boulevard to McBride street, costing \$24,500; redecking Sixth avenue and Bowser, \$4,400; redecking Fifth avenue, McBride to Hays Cove, \$3,000; redecking Tallow, \$800; redecking Seventh avenue, \$6,400; a 12-foot sidewalk on two sides of Third avenue from Eighth street to Lynch Bros., \$2,700; sidewalk on Second ave from Lynch's to Eleventh street, \$2,000.

## COUNCIL TAKES ACTION RE THAT SLIDING WALL

Committee Appointed to See That City Property is Safeguarded

The Dominion government retaining wall on the Pioneer club lots in the rear of the city hall was the subject of the closing discussion at the city council meeting Monday night. Ald. Montgomery brought the topic into court and asked that the board of works and city engineer inspect the wall and report to the council. Ald. Morrissey said that it was a menace to the city hall and persons in the city building. Some attempt had been made to fix it, but he noticed a new crack that afternoon.

Ald. Maitland, who is also a member of the Conservative executive, evidently felt it was due to somebody to apologize for the job and blushing remarked that the government is fixing it. He thought it would be all right, but only a prophet could tell whether it would fall or not.

Ald. Montgomery wanted the committee empowered to safeguard the city's property, but Ald. Morrissey thought this was going too far. He did not want any one to think that there was any politics in his stand on the question. He suggested a consultation of engineers on the wall.

The city solicitor suggested wiring to the public works department at Ottawa that it was in a dangerous condition and the city would hold them responsible.

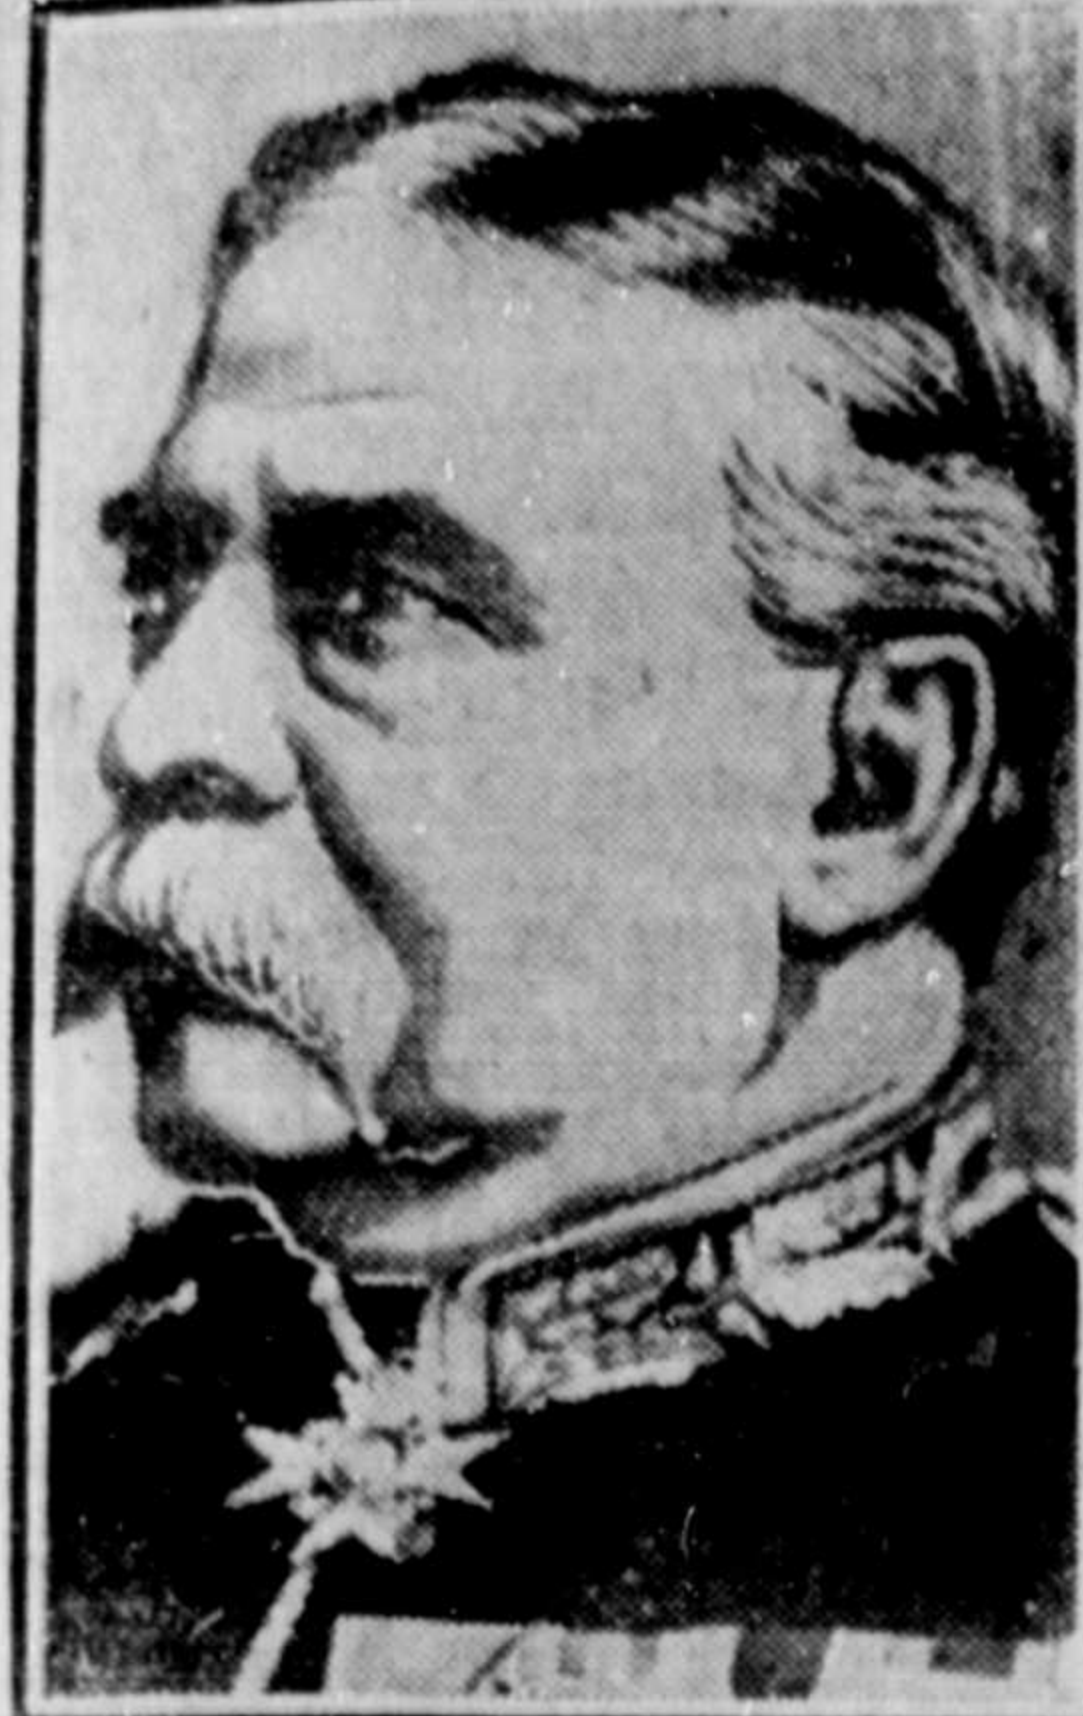

The city solicitor was added to the committee and the motion passed.

In the meantime the Liberal members of the city council appeared to be suppressing smiles.

## Montreal Elects Mayor

Montreal, April 7.—With thirteen polls to hear from, Mederic Martin has a majority of 5000 over G. W. Stephens for mayor.

Even if an up-to-date woman did look like the pictures in a fashion magazine, she probably wouldn't be satisfied.

BRIGADIER-GENERAL GOUGH

Commander of the Third Cavalry brigade, who exacted a pledge from the war office that he need not proceed against Ulster and which led to his resignation being accepted.

## BELLA COOLA IS DISGUSTED WITH M'BRIDE ADMINISTRATION

CORRESPONDENT OF COURIER SHOWS UP THE MANNER IN WHICH NORTH IS NEGLECTED TO GIVE EXTRA-VAGANCES TO THE SOUTH

Editor Bella Coola Courier.  
Sir: As a resident of Bella Coola, and one who has always taken a live interest in everything connected with the welfare of the valley, I would like to draw the attention of my fellow residents to what is without a doubt a very poor outlook for the coming season.

Repairing Quickly Done  
COW BAY PHONE RED 156

The rumor is that the government intends to spend only \$12,500 in this part of the Skeena district this year.  
The bridge at present under construction across the Bella Coola river will take up about \$8,000, leaving a balance of only \$4,500 for repairs to the roads, bridges and wharf, the protection of the town from the ravages of the Necleetsconny river, the continuation of the road in the upper valley and many other things.  
Times are bad. The government is forced to curtail expenses in regard to public works, particularly in the north. This is the reason given, and we, the poor brainless people who pay the salaries of the men who are supposed to represent us, are not even supposed to ask any questions.

What has the government been doing with the vast revenues of the province for the past few years. Have they been developing the country? Let us consider the northern part of the province.

Last year the government spent, roughly speaking, half a million dollars. This year that amount is reduced by half. Now, with this greatly reduced amount let us see what these men, who would have us believe that they have a corner on the supply of intelligence, will do to develop the country and encourage settlement. They will tell you that they are going to build roads and bridges. Where are these roads and bridges? We have one in this valley, which has cost over two hundred thousand dollars, and is not half completed. It was the declared intention of the government to connect it with the Cariboo road, but at the present rate of progress, we of this generation will never witness its completion.

The government says it is not their policy to undertake any temporary work. Their standard is work that will withstand the wear and tear of many years. We of Bella Coola know how true this is. Look around you as you travel over our road. You have lots of time for so doing. It would be cruelty to horses to drive faster than a walk. Is this the best work these brainy government men can do? Is this their high standard? I think it must be the beautiful scenery that dazzles the person who

passes such work and calls it good. See three roads side by side. Each of them cost good money. Three attempts to make a road straight. This is one of the reasons why the road has taken so long to reach where it does today.

Don't blame your local representative altogether. He is simply a cog on one of the small wheels of the government's political machine. A machine which is fast battering itself to pieces. The sooner it is smashed the better.

From all over the province comes the same complaint, that money appropriated for public works is being squandered to curry favor with men who use politics simply to make an easy living.

If members of the government would only use their brains they would perhaps realize that they must have efficient men to carry out their public works, and not just give employment to cripples and men who are incapable of undertaking the work for which they are well paid.

"By their works shall ye know them." Personally, I would hate to be held responsible for the government's work in this part of northern British Columbia.

Wake up all you people who, like me, are responsible for the present government.

It has been said that the people of Bella Coola are always kicking. That part of it is all right. Kick harder still. The members of the government have betrayed the trust you honored them with.

The government have dazzled us all with talk of the huge sums derived from the sale of our natural resources, and we like fools have allowed them to spend it with wanton recklessness and extravagance to little or no lasting benefit to the province, and today we are reaping the benefit, particularly in the north.

Imagine the government of this province having the nerve to tell the people that they cannot afford the paltry sums that they have been spending on public works for the past few years, but must necessarily cut them down to half. Shame!

Yours, etc.,  
**DISGUSTED.**  
Changing the Name  
The Mack Realty Company, one of the oldest business concerns in the city and the first to make a specialty of insurance, is undergoing a change in name. It is now to be known as J. Lorne MacLaren, taking the name of the man who has been the only person financially interested in the business and whose personal efforts have succeeded in building it up to its present large proportions.

# - FACT HUNGER -

As children, our first demand is for nourishment; our second for facts.

All through life we go about searching for information.

We make a new acquaintance; but before we will accept him as a friend or invite him to our home we ask for facts about him.

We visit a foreign land; and from the moment we step across its border we are asking questions—searching for facts.

We are asked to try a new food product; isn't it instinctive with us to ask at once:

"Who makes this new article?"

"How is it made? what goes into it?"

"Is it worth the price charged for it?"

Facts—we are simply hungry for them.

Strange, isn't it, that we should so often have to search for them? Odd, that some manufacturers still withhold the facts about their product. Not always because they are facts to be ashamed of—for there are many worthy articles yet unadvertised.

But it will not be so much longer. The fact-hunger of the human race is becoming keener and keener. The more facts we get, the keener our relish for more of them.

Soon it will be impossible to sell a man or a woman anything until everything has been told about the goods that can be told through Advertising.

The public has discovered that Advertising tells much-needed facts—that, in fact, Advertising satisfies fact-hunger.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.  
If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 303, Lumsden Building, Toronto.

Many a girl's matrimonial chances would bump the bumps if a young man could see her as her mother sees her.  
Your opportunity is in Port Edward; investigate prices.

**A NEWSPAPER**  
for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

today from a business trip to  
Vancouver.

Mr. and Mrs. Casley and Mr.  
and Mrs. Ben Self left this morn-  
ing for Pacific on a fishing trip.

Mrs. and Miss Hogan of Mas-  
sett are guests of Mrs. R. L. Mc-  
Intosh for a few days.

Mr. C. D. Newton, an old time  
real estate man now residing in  
San Diego come in on today's  
boat.

Social dance in the K. of P.  
hall, Sixth street, Thursday eve-  
ning, April 9. Extra good  
music. 80-82

Mr. H. L. Dickson, an old pio-  
neer of this city, who has been  
away for a couple of years, re-  
turned by today's boat.

Mr. Charles Cullen came in on  
the Rupert today. Mr. Cullen is  
sergeant-at-arms in the legisla-  
ture and officiates as a road su-  
perintendent during the summer.  
He was stationed at Telegraph  
Creek last year.

## PRINCE RUPERT'S GROWING IMPORTANCE

Time was when the film ex-  
changes of Vancouver considered  
any old thing good enough for  
Prince Rupert. The town was  
small and far away and the lead-  
ing features were sidetracked  
long before they could be sent up  
here. But things have changed.  
The very best is now none too  
good for this city, as witness the  
long list of high class metro-  
politan attractions shown this  
winter at the Westholme opera  
house. Carmen, Thanhouser,  
Mothers, the Lion and the Mouse  
and many others of the very first  
rank are to be followed tonight  
by Capt. F. E. Kleinschmidt's  
great Arctic Hunt pictures, series  
of 1913. This is perhaps the  
greatest of all features so far  
shown. It is highly educational,  
and at the same time intensely  
interesting and exciting. That  
this creditable enterprise on the  
part of the Westholme manage-  
ment is appreciated is shown  
nightly by the crowded houses  
continually in evidence at this  
theatre. The Arctic Hunt pictures  
will be repeated tomorrow night.

Second Avenue.

## THE BIG THREE OF CENTRAL B.C.

### NEW HAZELTON

Centre of the richest mining  
district in Canada.  
Gateway to the Groundhog An-  
thraxite coal fields.  
At the junction of waterways  
where the lines of trade meet.  
Future absolutely assured.

When you seek opportunities for business or investment, you must be sure of the location of the  
MAIN BUSINESS CENTRES. INVESTIGATION will prove to you that Fort George, Hubert and  
New Hazelton are so strategically located that they will overshadow all other towns in Central,  
Northern British Columbia and the PEACE RIVER DISTRICT.

### HUBERT

Trade centre of the Bulkley  
Valley. So strategically situated  
that all branch railway lines will  
be built from that point. Has no  
possible competitor for trade of  
that rich territory lying between  
Fort George and New Hazelton.

### FORT GEORGE

is in a class by itself. No city in  
Western Canada with the pos-  
sible exception of Winnipeg or  
Vancouver will outstrip Fort  
George's growth in population  
and development. No city on the  
continent has more natural ad-  
vantages than Fort George.
