#### OF E. EASTER DAFFODIL BALL REOPENING OF DANCING SEASON

BRILLIANT SOCIAL EVENT IN ST. ANDREW'S HALL LAST EVENING--MANY PRESENT WITH NEW AND NATTY GOWNS--CRAB SALAD A FEATURE

The Daffodil ball in St. Andrew's hall last evening reopened gaieties after the Lenten season. It was quite the swagger air of the year and many were handsome couples and fashionable gowns in attendance. The hall was very prettily decorated, the ladies having spent considerable time on the decorations. Greens were shown prominently and these were relieved by daffodils. The windows were draped with daffodil colored curtains with a delicate tracery screen, giving a very striking effect to the pretty scene. The convener of the ball was Mrs. Roberson. The other officers present were: Miss Du Vernet, treasurer, and Miss Martin, secretary. Before the arrival of the orchestra Mrs. Storey gave very much appreciated selections on the piano. Very dainty refreshments were served, the feature being crab salad, which was popularly described as delicious. It was prepared by Mrs. Hugh Dunn. Among those present were: Miss Kathleen Jenns, Miss Storey, Miss Hansen, Miss Hinder, Mrs. Sweet, Mrs. Henderson, Miss Taylor, Mrs. Carss, Mrs. Carss, Miss Enoch, Miss Du Vernet, Mrs. Roberson, Miss Beckwith, Miss Morley, Miss Astori, Miss Irwin, Mrs. Williams, Mrs. Frizzell, Mrs. Tremayne, Miss Phelan, Miss Drummond, Miss Ellett, Mrs. Saunders, Mrs. Morris, Miss Henson, Miss Thompson, Miss Hinder, Mr. and Mrs. McPhail, Mr. and Mrs. Bryant, Mr. and Mrs. Hugh Dunn, Mr. and Mrs. Phillips, Mr. and Mrs. Evans, Mr. and Mrs. Broadhurst, Mr. and Mrs. Cambie, Mr. and Mrs. Allan, Mr. and Mrs. Tite, Mr. and Mrs. Clancy, Mr. and Mrs.

#### FROM CHICAGO TO PRINCE RUPERT

G. T. P. Will Have Direct Route From Windy City to Pacific Over Burlington Lines

With the completion of the Grand Trunk Pacific branch now under construction from Regina to Northgate, a port of entry on the international boundary, it will be possible for passengers to board a train at Chicago and proceed without interruption to Prince Rupert. And according to statements made by Mr. T. B. Marston, a railway contractor, in a chat which he had with a representative of the press in Vancouver, both freight and passengers will be shipped by this new route to the Pacific.

"By the completion of the branch to Northgate," Mr. Marston says, "the Grand Trunk railway will be given entrance into St. Paul over the Great Northern tracks and will proceed to Chicago over the Chicago, Burlington and Quincy lines. By the aid of the Burlington, the G. T. P. will have a direct route from the Pacific to Chicago.

"I understand that no considerable portion of the Canadian line's traffic will be drawn from the middle states through Chicago and St. Paul over the Burlington and G. N. R. tracks.

"American railway men are very much interested in this latest move of the Grand Trunk Pacific. It is contended that the branch which will be built from the main line in British Columbia and into Dawson will figure as a link in the railway from Chicago to Alaska and the Burlington lines will most certainly form a part of this route.

"The Grand Trunk Pacific has already completed its line from Calgary to Toftield and this is now open for service. The line passes through some splendid agricultural and coal country."

Mr. Marston, whose headquarters are in Spokane, has built a number of short sections for the Canadian Northern on the prairies.

#### A THRILLING CAPTURE

A local contemporary in its apology for the provincial police auctions at New Hazelton gives a vivid description of how the local officer in that town went into a tent and brought out one of the bandits single handed. An eye witness of the affair, who is a reputable citizen of Prince Rupert, says the tent was surrounded with citizens when the officer went in and the bandit was lying unconscious from a gaping wound in his hip.

#### PARSON IS CHARGED WITH KISSING HABIT

New York, April 13.—Jane Est, heretofore identified with movement of the I. W. W., created consternation at the Metropolitan temple today by trying to force her way into the trial of Dr. Jacob E. Price, pastor of the Washington Heights Methodist Episcopal church, who is charged with misconduct by nine women members of his congregation. At the door she was confronted by Dr. Frank J. Belcher, pastor of the Five Points mission, acting as attorney for the defendant.

"I want to see Dr. Price, I'd like to see him try to kiss me," she shouted. It has been charged that Dr. Price tried to kiss a woman member of his congregation.

"Let me in," she shouted in tones which immediately drew a large crowd. "This is not a private trial. Ecclesiasticism itself is on trial. Ecclesiasticism has always whitewashed the church whenever charges are made against pastors. These trials ought to be held out in the open where people can hear them. There is a great deal of talk about shielding the pastor."

Followed by the crowd the woman succeeded in pushing her way into the temple, but could get no further than the witness room. Here she described herself as a "church cleaner."

During the I. W. W. raids on New York churches recently, Jane Est was a prominent speaker. She compared the movement to the French revolution.

#### VISITOR TO THIS CITY BELIEVES IN FUTURE

Thinks Great Prosperity Will Come With Opening of New Railway

Mr. C. M. Knowles of Winnipeg, who has just completed a tour over the Grand Trunk Pacific main line from Winnipeg to Prince Rupert, says: "To see what has been done and to understand the difficulties and obstacles encountered and overcome in the building of this road, is to marvel at the faith and the dauntless energy of its builders. This can only be adequately comprehended by seeing the conditions exactly as they are on the ground. Suffice it to say, the effect of the completion of this wonderful piece of work will be that a whole new and fabulously rich empire is suddenly laid open to development, and through every part of British Columbia and throughout Western Canada there will be a new tone of business and sudden uplift in all lines concerned in the possibilities of this great new country.

"Prince George is the busiest, the roughest, and apparently the most prosperous place on the map at present. Lumber and other supplies by trainloads are being rushed in. Every hotel is overcrowded, because of the people coming in. A great number of these are waiting the drying up of the roads to get into the country of the interior to improve land or look up locations. Pre-emptors are flocking in by the score and more are coming by every train."

#### DAGO FRANK CONFESSES BECKER NOT GUILTY

(Special to The Daily News)  
Albany, N. Y., April 14.—Dago Frank, before going to the death chair, told the warden that Gyp the Blood, Lefty Louie and Harry Vallon fired the shots which killed Rosenthal. So far as he knew Becker had nothing to do with the case.

#### INTERESTING SERVICE HELD BY BISHOP DU VERNET

CONFIRMATION SERVICES HELD AMONG THE NAAS INDIANS--LARGE NUMBER PRESENT

It is not often that one hears of a large village of houses and a good-sized church which are only used for two months in the year and the other ten months stand idle, but such is the case with an Indian village twenty miles up the Naas, called Fishery Bay. Here regularly as the spring comes round the celebrated candle fish, or oolican, collect in myriads to spawn about the middle of March. At the same time the Indians gather from far and wide. The first business is to catch with nets these little fish and place them in large bins on the shore. Some are strung by the women on cedar bark strings, one head lapping over the other, and these strings of fish are stretched between upright poles to dry in the sun, forming strange looking fish towers from twenty to twenty-five feet high, but the vast majority of the fish are allowed to stay in the large bins until they become putrid. They are then put into vats to which water is added and boiled after which the mass is placed in hand presses and all the oil is squeezed out. The oil is collected in empty coal oil tins and when it cools looks like fine lard and is greatly relished by the Indians in their cooking, but white men find the rancid flavor objectionable. Some consider this oolican grease almost equal to cod liver oil but it does not contain so much iodine which is so beneficial for consumptives. It may readily be imagined that towards the end of the oolican

season which lasts about six weeks the breezes become very strong. Archdeacon Collison has for many years gone up from Kincolth at the mouth of the Naas River to Fishery Bay and lived among the Indians during the oolican season. Last Sunday being Easter Day, he presented to Bishop Du Vernet for confirmation no less than sixty-four candidates, thirty-five being men and boys and twenty-nine being women and girls, whom he had carefully prepared for this solemn rite. Thirty-four were from Kincolth, twenty from Lakkalzap, nine from Alyansh, and one from Gwinoha. The Bishop, assisted by the Archdeacon, administered the Easter Communion to one hundred and six communicants, all but four of these being Nishgas, belonging to one or other of the five Anglican Missions on the Naas River. The reverent demeanor and hearty singing of the native people was most striking. At the evening service the church, called St. Peter's, after the apostolic fisherman, was too small to seat the large congregation. In two or three weeks' time this picturesque village on the curving shore of the Naas river will be deserted, and the church bell which has been ringing so frequently of late will be silent until the oolicans arrive once more with their rich cargo of oil. "The oil of gladness" for the native if not for the whiteman.

#### LIBERAL MANUFACTURERS OPPOSE MORE REDUCTIONS

INTERESTS OF COMMON PEOPLE AND WEALTHY MANUFACTURERS CLASH--LIBERALS WANT GREATER BRITISH PREFERENCE

(Special to The Daily News)  
Ottawa, April 14.—The defection of Melvin Jones and A. C. from the party have frightened the Liberals and it is expected that as far as they will go with an amendment to the budget will be to ask for free food and free agricultural implements. The original intention was to ask for an increased Brit-

ish preference from 33 1/2 to 50 per cent. The protectionist wing objected strenuously that it would mean the alienation of all manufacturers.

### EMPRESS THEATRE ...TO-NIGHT...

COMEDY! COMEDY!

"ON THE LAZY TRAIN"—For real fun from start to finish it would be hard to beat "The Lazy Train." Never before was such a marvelous, wheezing, clanking bunch of scrap iron called a railroad train. The antics of the engineer and conductor are full of genuine comedy.

"ONLY ONE SHIRT"—Another one with lots of fun in it. Probably many of us have only one shirt, but in this case the chap loaned his to a friend to call on his (the owner of the shirt) best girl. A most strenuous demand for the return of the property and all in the best girl's home gives plenty of excuse for gales of laughter.

WESTERN DRAMA—A fine two-part feature production from Lubin's "THE SON OF HIS FATHER"—Full of life and action.

MELODRAMA—"THE SMUGGLER'S SISTER"—A recent release from Selig's. It's a good picture.

TONIGHT—We are showing a new GAZETTE from Kalem's—TONIGHT. Our show tonight is essentially a Comedy Show and is sure to please those who like to laugh.

#### GIRLS PLAYED CARDS IN BARBER SHOP

Paid Twenty-five Dollars in Police Court for Their Fun

Ruth Rotzler, a big blonde, and Leon Lepsie, a dusky colored girl, lined up before Magistrate McMullen in the police court this morning. They are residents of Comox avenue.

Ruth was charged with keeping a joint down there and Leon was charged with being an inmate.

The crown prosecutor explained to the bench that these girls had come up town during prohibited hours and were playing cards in a barber shop.

The magistrate warned them about breaking the rules and said the consequences would be serious if they offended again. He then imposed a fine of \$25 and the girls went out and got the money.

DAILY EDITION

Tuesday, April 14, 1914

Some method of co-operative marketing of the produce of the lands along the Skeena river and elsewhere tributary to this city will have to be found. At the present time tons of potatoes and turnips are lying rotting in the interior country, while Prince Rupert receives the bulk of her vegetable supply from the state of Washington. In other instances the ranchers still hold last year's crops unmarketed. The whole situation requires careful study, and it is the duty of this city to co-operate in every possible way with the people of the interior to a profitable solution of the difficulties of the present state of affairs.

cal machine known as the Bowser-McBride crusher is felt quite as keenly in the interior country as in Prince Rupert. With mines not yet on a paying basis and with products of the farm unmarketed, the people of the interior are not overly flush with money, and they are looking eagerly for the government to spend some of the large amounts which the government has collected from the interior country. The boldest has hitherto held his breath for fear of government disfavor.

Such tension of feeling cannot last long, however, and the people are determined to force from an unwilling government some of the remedies

The grinding of the politi-

to which the district is entitled.

Today only a small portion of the money collected is being spent in the interior districts, and such as has been spent has been wasted or used to build trails to the properties of the favored few. And still there isn't a decent road in the district. The road bosses who spend so large a portion of their time in Prince Rupert have seen to that.

There is no doubt whatever but that many of the recent bank robberies must be laid at the door of the department of justice of this province.

In the Hazelton district murderers go unpunished, thieves remain uncaught, while others who have been caught escape, and the people look with disdain and contempt upon the administration, or rather lack of administration, of law and order in these parts.

Recently at New Hazelton the people were forced to take the maintenance of law in their hands, and two killed and four wounded was the price that had to be paid for the laxity of the department presided over by the attorney-general of this province.

Quite properly the people of New Hazelton held an indignation meeting to voice their protests.

From past experience it seems quite certain that the only remedy for the whole situation is to drive out of office an administration which has become so corrupt as to bring shame and disgust to right-thinking people of every political shade.

Everybody in this city knows that politics is at the bottom of the disbanding of the Earl Grey's Rifles. It is perfectly useless for the local politicians responsible to protest that such is not the case as nobody believes them.

The one man who could do more for this district than any

other has done it more harm than any other dozen men. With him the public welfare has been made subservient to imagined political advantage. Instead of standing up for and fighting for the rights of this district, he has succumbed to the dictatorial arrogance of his masters at Victoria. Instead of being the stalwart champion of the rights of the people, he is the champion apologist of the subversion of those rights. But the day of reckoning is at hand, and the man who is responsible for the unhealthy antagonisms which exist in Skeena district will reap as he has sown.

It seems a great pity that a district rich in natural resources should be hampered and kept back by a few unscrupulous politicians who would not hesitate to ruin their neighbor either to satisfy their vindictive animosity or to further their own personal or political prestige.

**Farewell Dance**

Under the auspices of the local Miners' Union a farewell dance was given to Mrs. Harry Thomey on Thursday evening, and a very pleasant time was spent. A smoking concert was held the same evening in the union hall, at which most of the local talent was displayed. With the departure of Mr. and Mrs. Thomey Stewart loses one of its most popular couples. Mr. Thomey was for some years foreman of the Stewart Mining Co., and as such won the respect and friendship of all who knew him in that capacity. He has also been a moving spirit in the local union, in which he will be sorely missed. Little "Billy" has been the pride of the district and wherever he goes he will be an advertisement of what Stewart can produce in the baby line. Tomorrow "Billy" will be christened at Prince Rupert, where Mr. T. J. Vaughan-Ryhs will act as godfather and Mrs. Henning godmother.—Port land Canal Miner.

IT SAYS HERE THAT THE FAMOUS BERTILLION—HAD A HEAVY BRAIN—WEIGHED 1525 GRAMS—WHILE THE AVERAGE MAN'S BRAIN ONLY WEIGHS 1360 GRAMS.

WELL—THAT'S RIGHT—WE THINKING MEN, SHOULD HAVE HEAVIER BRAINS THAN THE ORDINARY STUPID HAS.

BOSS—WHEN I PUT MY HEAD ON THE SCALE—WILL YOU WEIGH MY BRAIN?

BETCHA IT'S HEAVIER THAN BERT TILLIONS.

IT CAN'T BE DONE—THAT SCALE WON'T WEIGH ANYTHING LESS THAN ONE GRAM!

BRITISH COLUMBIA FISHERIES INVESTIGATION WAS FARFICAL

TORONTO SATURDAY NIGHT ON THE REPORT OF ENQUIRY INTO SIR GEORGE DOUGHTY'S ADVENTURE IN BRITISH COLUMBIA FISHING

As the outcome of the appointment of a committee of enquiry, the shareholders of the British Columbia Fisheries, Ltd., are being asked to put more money into that ill-starred concern, which in a little more than eighteen months after its promotion by Sir George Doughty, M. P., and his son, Mr. Wilfred V. Doughty, passed into the hands of a receiver for the debenture holders, in whose possession it still remains.

licity was successfully avoided until the Financial Times brought the facts to light on Monday. The committee's enquiry was transparently farfical, inasmuch as it was restricted entirely to what could be ascertained from the directors and the secretary in London.

# Royal Standard Pancakes

No. 3—Cut Out and Paste in Recipe Book

2 EGGS, 1/2 pint milk, 2 cups Royal Standard, a little salt. Whisk the eggs well; add Royal Standard, salt and a few drops milk; beat whole to perfectly smooth batter of thick, creamy consistency. Cook to size of frying pan; toss over and then roll. Sprinkle with sugar and squeezed lemon.

BETTY BROWN.

## JOHN BULL Gave me this Recipe!

They first started to eat pancakes in Merrie England on Shrove Tuesday. It is safe to say that had the flour been ROYAL STANDARD, pancakes would have appeared every day in the week! I say use ROYAL STANDARD and not just "flour" because the best is the cheapest in the long run. I mean by that there will be second helpings aplenty because ROYAL STANDARD GOES FARTHER. And the quality!—well, just bake pancakes WITH and then WITHOUT Royal Standard and see!

## THE LORD MAYOR'S SHOW

Great Spectacular Event Shown in Pictures at Westholme

Rounds of applause greeted the lord mayor's show as shown in the moving pictures at the Westholme opera house last night. The brilliant parade, the magnificent state coach drawn by gaily caparisoned horses, and followed by soldiers and officers of state, is a sight that is not easily forgotten by those having the good fortune to witness it. But this was by no means the only feature of last night's excellent program. "The Trail of the Lost Chord" proved to be a feature of exceptional merit. The beautiful poem illustrated by a series of splendid pictures telling a story of unusual interest and accompanied by Sir Arthur Sullivan's sublime music, forms an attraction of the highest order, which will live long in the memory of those having the good fortune to be present. The addition of an organ to the always excellent orchestra at the Westholme brought out the beautiful music of the "Lost Chord" in all its beauty and grandeur, and this feature alone was well worth the price of admission. This program will be repeated tonight.

Only the parents and a few friends of the pupils were present. Miss Martin and Miss Johnston assisted Dr. and Mrs. Tremayne in serving refreshments at the conclusion of the program.
