### ACETYLENE GAS EXPLOSION KILLS EIGHT, WRECKS BUILDING — STREET GRADING DISCUSSED

#### TAYLOR STREET PLANK ROAD MEETS WITH AN OBJECTION

PROPOSE TO CONNECT FIFTH AVE. AND FULTON BY TEMPORARY ROADWAY—WILL MAKE A WATER DEAL WITH DOMINION

The council meeting last night commenced with the consideration of objections made, in connection with the proposed roadway on Taylor street. He maintained that the cost of such temporary work was justified by the resulting convenience. The council decided to leave the matter over for next week to obtain further information.

In connection with this discussion, the city engineer reported that if the proposed grading of Fulton street be carried out it will leave Fifth avenue ten feet higher than Fulton. In order to give the residents of this district access to town he recommended the construction of a plank road roadway round the side of the present tool house.

Ald. Montgomery enquired the cost of regading Borden street to connect with Biggar place. The city engineer had no figures and considered the proposition feasible. Letters were received from the hospital board, acknowledging receipt of \$10,000; from Messrs. M. M. Stephens & Co. regarding an offer for debentures, and from Harry Hanson with a suggestion for the new ambulance bylaw.

**Sold Debentures**  
In connection with the letter regarding debentures, the mayor announced that negotiations had been concluded with Messrs. Harry, Briggs & Sladen for the sale of \$50,000 of debentures at 100 per cent. Of this, \$20,000 is for school purposes and \$30,000 for recreation grounds.

**Health Report**  
The medical health officer's

report for February and March was read, showing a very healthy state of affairs in town. The birth rate for February was 24 per thousand and for March 18 per thousand, with 13 males out of a total of 21.

Special mention was made of the Prince Rupert dairy, which was declared to be in a very sanitary condition. The quality of milk has been materially improved and a considerable increase of butter fat is shown.

#### Local Improvements

Reports were received and adopted for the carrying out of various local improvements, including the following:

Two-inch water main to lot 23, block 28, section 5; cost \$175.  
Half-inch main Conrad street to lot 10, block 23, section 8; cost \$90.

Four-foot plank walk along Frederick street, connecting Eighth and Eleventh avenues, cost \$500.

Sidewalk on west side of Sixth street from Third avenue to Fraser.

Plank road and necessary grading on Summit avenue east to lot 4, block 29, section 5; cost \$6,300; cost per foot, \$3.75.  
Sidewalk on both sides of Seventh street from Third to Fraser; cost, \$500, \$1.25 per foot.

Six-inch pipe sewer from Biggar street to Eighth street along Third avenue; \$1.75 per foot.

#### Will Give Digby Is. Water

The finance committee was authorized to complete an agreement with the Dominion government for a water supply of 3,000 gallons per day for Digby island. The government is to undertake the financing of the laying down of necessary mains and terms are to be arranged at which the city may purchase such part of the mains as they may require later. If it is possible the city engineer will arrange for this main to connect with section two.

Thirteen bylaws as advertised last week were read and twelve were passed, the thirteenth being laid on the table in accordance with the request of Judge Carss.

#### Still Debating Budget

(Special to The Daily News)  
Ottawa, April 21.—The budget debate was continued yesterday, with three Liberals and three Conservatives speaking. There was no feature to the sitting. The opposition amendment will be moved by Sir Wilfrid Laurier in the middle of the week.

New Hazelton is arranging for a big holiday on Victoria day, May 24. There are to be excursions into the city from along the G. T. P. The program of attractions will include sports and contests, drives to the mines and bridges, a hay rack ride and other features which will interest the boys and girls who never grow old.

#### POLICE COURT DOCKET HAD FULL CLASS TODAY

Mostly Drunks but a Touch of Heart Interest to Break the Monotony

There was a full class of over nighters on the bench behind the railing when Magistrate Carss opened police court this morning. In addition to the male class, there were two girls. Janet Smith was charged with keeping a disorderly house. It was her second appearance. "I'll give you three days to get out," said the P. M. "Thank you!" replied Janet in a really grateful tone.

Rose Mate appeared for the first time on a similar charge. "Twenty-five dollars," said the magistrate and Rose started to dig it out of her purse, but the court suggested that she go downstairs to the police office.

An Irishman accused of fighting said he was not drunk, though he had had a few drinks. The other fellow had called him a dirty name—one he would not take from King George himself. "Well, if you take the law into your own hands you will have to take a \$5 fine."

Two Greeks had an interpreter to give the story of a fight they had. One was fined.

The rest of the bunch were drunks.

The Chelohsin came in from Granby Bay at 5 a. m. today and then left for the Skeena. She will return here and sail tonight at nine for Vancouver.

#### ASQUITH FACES FIRE POINTED QUESTIONS

Says No Need for Judicial Enquiry—Bonar Law Will Again Put the Question

(Special to The Daily News)

London, April 21.—Premier Asquith had to face a brisk fire of questions relating to an alleged plot over Ulster. A Unionist member asked for a judicial enquiry and the premier replied that he had not seen the necessity for a judicial enquiry. Mr. Bonar Law asked the premier to reconsider the reply and he would put the question again tomorrow.

#### POLICE COURT OFFICER WANTS TO HAVE BOUT

Suggests the Fighting Barbers Arrange a Mill Outside City Limits

The barbers' scrap concluded its police court chapter this morning, but if the interested parties take the advice of the city solicitor there will be more to follow.

Only one witness was called this morning, A. Nelson, who was present at the fracas. He practically reiterated the evidence given yesterday. The immediate cause of the fight between Roy Barnes and St. Louis was the introduction of the name of Ald. Morrissey as a patron of the St. Louis cut-rate barber shop, when Barnes expressed his opinion of an alderman who would run on the 45c an hour ticket and then patronize a cut-rate shop.

St. Louis called Barnes a foul name and Barnes slapped him. There was a scuffle and the other barbers who had been present at the meeting wanted them to make up and shake hands. St. Louis refused. He went outside and walked up and down the street using foul language. He said he could lick anybody in Prince Rupert. The audience laughed at this.

Prosecuting Attorney Peters suggested that St. Louis and Barnes each get a couple of friends and go out of the city and fight it out in the old fashioned way.

"I'll put \$200 on Barnes," said one excited spectator, and he began digging for the coin. St. Louis also reached for his pocket, and it looked as if the match would be arranged instantly. Then the court resumed its dignity.

Barnes was fined for slapping St. Louis and the court adjourned. The court room was crowded with spectators, and the man looking for a morning shave down town must have thought it was a holiday.

#### TERRIBLE EXPLOSION CAUSES MANY DEATHS

Gas Plant Explodes and Wrecks Whole Building, Which Then Took Fire

(Special to The Daily News)

Macoun, Sask., April 21.—Eight were killed or cremated, one fatally injured and eight seriously injured by the explosion of the acetylene gas plant of the Macoun hotel.

The explosion lifted the main portion of the building in the air like a balloon. The wreckage then dropped back in a confused mass, burying scores of people in the debris.

A second explosion set fire to the wreckage, cutting off the rescuers.

#### CONGRESS WANTS ACTION SENATE DEBATING DETAILS

SENATE HAS DEBATE OVER INDIVIDUALIZING HUERTA IN CALL TO ARMS—PRESIDENT WILSON WAITS FOR APPROVAL OF THE SENATE

(Special to The Daily News)

Washington, April 21.—The house has passed the resolution asked for by President Wilson by a vote of 337 to 37, but action is delayed by the senate through opposition which has arisen to individualizing Huerta in the resolution. A spectacular debate ensued until the house adjourned to resume the debate in the afternoon. The president claims the constitutional right to use the army and navy against Mexico, but prefers to wait for the senate's approval. No orders for the army and navy were issued last night.

Mexico City, April 21.—Huerta has given assurances that all the foreign residents, including Americans, will have full guarantees of safety.

#### SIBERIAN WOLVES WIN ALASKA DOG RACE

Malamute Team Finishes Second and Foxhounds Get Third in Big Event

Nome, Alaska, April 20.—John Johnson, holder of the record for the 412-mile All-Alaska sweepstake dog team race, became the winner in the 1914 classic when he drove his 18 Siberian wolves into Nome at three minutes after six o'clock, having covered the 412 miles over the snow trail from Nome to Candle and return in 81 hours and 3 minutes. A. A. (Scotty) Allan, driver of the Allan-Darling team of 18 malamutes, was second, and Fred Ayer, with his team of 14 foxhounds, third.

When Johnson left Solomon, 32 miles from the goal, shortly after noon, notice was posted on the bulletin board of the Board of Trade saloon that he would arrive about six o'clock, and every man, woman and child in the camp gathered to welcome the winner. When Johnson's team appeared over the snow, every dog in harness and showing little effect of the long drive through the blizzard and below-zero weather, the crowd went wild.

Johnson's time was seven hours slower than the record set by himself in 1910, when he drove the Siberians over the course in 74 hours 14 minutes and 20 seconds. The racers were handicapped this year by stormy weather, blizzards and below-zero weather, making the going slow most of the way.

The Siberian wolves, driven by Johnson, are considered by experts the greatest racing dogs in the world. They are a cross between the "husky," the Alaska working dog, and the Siberian wolf. They have the agility and endurance of the wolf, and the faithful intelligence of the Alaskan dog. They are light in color, either white or grey, with a shaggy coat. Johnson's dogs are carefully selected, the driver himself making annual trips to the east coast of Siberia to obtain material for his team. He trains his team by constant work on the trail, making long trips to camps in the country surrounding Nome, and watches the work of the animals even more closely than a jockey watches his mount.

The remarkable endurance of Johnson's wolves was demonstrated by his driving from the distance of 107 miles, without Boston roadhouse to Nome, a feeding.

#### Runaway Spills Milk

The delivery horse of the Prince Rupert dairy ran away down Second avenue this morning. In trying to make a turn at Second street the wagon tipped over the sidewalk and made a bad smash of the wagon and a spill of the milk. The harness, too, was damaged, but the horse escaped. There was no driver in the wagon at the time. The loss will be considerable.

#### BLAST IN P. O. CUT DID MUCH DAMAGE

Blow Out Windows and Injured New Automobile—Hole in a Seam

A blast in the rock excavation at the post office site did considerable damage about 2:30 yesterday afternoon. The foreman was blowing out a 12-foot hole, and fearing that it was in a seam the hole was fortunately only half loaded.

Dr. Tremayne's family were warned to get out of their home. The shot lifted a shower of small missiles which peppered the doctor's house and even flew over and hit the registry office.

The doctor's new automobile, which stood in front of his place, was badly wrecked and will require a new body and new hood. The windows of the house were shattered, but no damage was done inside.

DAILY EDITION

Conditions in Mexico seem to be nearing a crisis. Huerta has practically thrown defiance into the face of the Americans, and it is difficult to see how they can accept the insult without a resort to arms. Apparently this is the very thing that Huerta wants. No other explanation is sufficient to explain his mad conduct. No doubt he finds conditions at home hopeless, and perhaps he would sooner see the country conquered by the Americans than in the power of his opponents. Either that or he vainly hopes to unite Mexico under himself in common defence against the United States.

Will Uncle Sam accept the challenge? It is very doubtful if he will. Were Teddy Roosevelt of the big stick in power there is no question of what would happen. President Wilson, however, is too full of humanity to rush into so terrible an ordeal. It is likely that he will blockade their ports and attempt to reduce them to terms without loss of blood. That at least will be his first attempt. The American people, however, cannot be contained too long. They will demand revenge, and if that extreme is reached it is likely to be a long and bloody war.

The rumors are persistent that Sir Richard McBride is

bent on securing the Canadian high commissionership. Where there is so much smoke there must be some fire. Both his friends and opponents will wish him success. While by no means a man of ability, his good fortune has made him rather a stunning figure in Canada. It would be rather a pity to rashly remove the halo which has gathered on his brow. An appointment to London would prevent the discovery that the people of British Columbia have been worshipping a false god.

"After me the deluge." This is what urges Sir Richard McBride on. But his departure will hasten the deluge. Without the smooth ways of the premier the government would not last long. Bowser could never win the country. He is hated as is no other public man. He is known to be a tyrant roughshod. At his door can be laid most of the crimes of the government. He is the man who has killed the independence of every public official. His end will come quickly and his reward shall follow him.

The large army who are always intent on supporting the party in power had better keep their eyes open. The Liberals are going to be in power one of these days, and it might be a good thing to be on the winning side.

CELL OF MME. CAILLAUX IN ST. LAZARRE PRISON

A good picture of the cell in which Mme. Caillaux, the murderer of M. Calmette, the editor of Figaro, is imprisoned. The shooting was on account of the appearance in Figaro of certain statements regarding her husband's political affairs. M. Caillaux, her husband, resigned his portfolio as finance minister. Preliminary trials are now proceeding.

## OPINIONS OF EASTERN PRESS ON NEW TARIFF PROVISIONS

Ottawa, March 18.—In regard to the tariff the Citizen says: "The changes are on the whole satisfactory, but it must remain a matter of regret that free wheat was not accorded the western farmer."

Montreal, April 18.—The Montreal Star says editorially: "The budget statement shows that the Borden government is still pursuing its prudent policy of meddling at little as possible with the existing tariff conditions until the proper time comes for a thorough and comprehensive reconsideration of the whole situation."

London, Ont., April 18.—The London Free Press says: "Canada cannot afford to have manufacturing done in foreign shops."

Owen Sound, Ont., April 18.—Anxiety among the local manufacturers was relieved on receiving word of the new tariff changes. The increase on rolled shapes and angle iron does not affect local concerns.

Hamilton, Ont., April 18.—The Hamilton Spectator says editorially: "After all, Mr. White has bent before the storm. For sufficient reasons—reasons which we have ourselves heretofore advanced—he has refused the western demand for free wheat. But something had to be thrown to the wolves."

Brantford, Ont., April 18.—Local manufacturers are practically untouched by the tariff changes announced, save the Massey-Harris plant, which has had the tax on binders, mowers, and reapers reduced.

Toronto Mail and Empire: "The National policy is the secret of Canada's greatness. The changes announced by the finance minister in his budget speech yesterday are not numer-

ous, but they are important. The minister's treatment of the iron industry as a whole has been wise and considerate."

Toronto Globe: "The minister of finance has made the great surrender. The duties he announces upon the iron, steel and brass that furnish the raw material for many industries will inevitably be followed by demands for greater duties upon the more highly finished articles into which iron, steel and brass enter. Within the charmed circle there is no place for the farmer. It is a distinctly reactionary revision that the minister of finance has become responsible for."

REV. WILLIAM CRAEY GOES TO MASSETT

Rev. W. Craey, who was for some eighteen months rector of St. Mark's Episcopal Church here, has been given charge at Massett on Queen Charlotte Islands. He goes to fill the vacancy made by the death of "Father" Hogan some weeks ago. During the past winter he has been in charge of the mission at Lake Kalzap, an Indian village on the Naas River between Kincolith and Ayansh. It had been hoped that Mr. Craey was to return to Stewart for the summer, but the bishop deemed the needs of Massett more pressing. The reverend gentleman has been here saying goodbye to his many friends. During his stay here he gained the respect of the community, and he will take with him their best wishes.—Portland Canal Miner.

### New Foreman Appointed

Jack Anderson, who was assistant to Road Superintendent C. J. Gillingham last season, has returned from Prince Rupert and will have immediate charge of the local work by reason of his exceptional knowledge of the requirements of the whole camp. It is quite probable that the new road superintendent will be here next Saturday evening for a preliminary survey of the whole situation as to the needs for trail, road and bridge work this year. No announcement has been made by William Manson, M. P. P., as to the allotment Stewart will receive from the district appropriation for 1914.—Portland Canal Miner.

#### MASTERPIECE IN PICTURES "JUDITH OF BETHULIA"

At the Westholme Tomorrow and Thursday

It is indeed pleasing to contemplate the immense advance made in the last few years in the production and choice of subjects of moving pictures. From the old fashioned "drama" and "Indian" or "Western" story to a grand historical production like "Judith of Bethulia," which will be shown at the Westholme opera house tomorrow and Thursday evenings, is an immense and highly gratifying progression, and proves that the demand for better things has induced a liberal response on the part of the manufacturers of moving pictures. "Judith of Bethulia" is a fascinating and exciting story telling of the heroic defence of Judea by the Jews of Bethulia and their final triumph over the vast army of Nebuchadnezzar after Judith had outwitted and slain his general, Holofernes. These special pictures will no doubt receive the large patronage which they so richly deserve.

### COLOR DISCRIMINATION PROTESTED BY NEGROES

New York, April 21.—Booker T. Washington has issued a call to the negroes of the United States, asking them to set aside Sunday, June 7, and Monday, June 8, as special days on which to protest to railroads against discrimination on account of color in the matter of providing passenger accommodations.

### Canadian Fraternity Organized

The organization of a local Canadian Fraternity was completed last night in the court room of the provincial building. Rev. Canon Rix presided and Mr. Leo Waugh filled the position of secretary-treasurer. A resolution embodying the constitution and rules of the new society, as constructed by the executive committee appointed for the purpose, was put before the meeting by Judge Young. After a very interesting discussion, in which a large number took part, an amendment to the resolution was put. The original resolution, with a few changes, however, was carried by a large majority. "God Save the King" was then sung with a vigor that left no doubt as to the intense patriotism of those present. The meeting was a very successful one indeed and three exceptionally hearty cheers and a tiger were given for the new club.
